Notes

1. SAT scores used: pre-March 2016 is SAT Verbal; post March 2016 is Evidence-Based Reading and Writing.
2. Students who take the FYW Placement cannot register themselves. Please do not put in overrides for these students.
3. We discourage students from taking the Accuplacer Writing multiple choice test as it is a poor measure of which class will be most effective for them. It is a multiple choice test which does not measure writing skills.
4. CCR 092 may be used as a prerequisite for ENG 1008 OR students with this credit may take the FYW placement. In either case, these students will need to see the English department for registration.
5. Students with 100 as their score have differing needs: some need ENG 1010 but already have credit for a developmental course; others have 1010 transfer credit and need ENG 1020; some have ENG 1010 and 1020 transfer credit; some have 1020 transfer credit and need ENG 3525. Please refer these students to us.
6. We strongly suggest students who transfer in ENG 1020 take a CO-3 (ENG 3525, ENG 3526, ENG 3527 or HIS 3000) not ENG 1010.
7. We only register (or re-register) students after they have signed an FRA.
