

CASE/CO-WY AMP MONTHLY NEWSLETTER

December 2018

INFORMATION YOU NEED

www.msudenver.edu/case

ltaylor50@msudenver.edu

Mission: SACNAS is an inclusive organization dedicated to fostering the success of college students to professionals, in attaining advanced degrees, careers, and positions of leadership in STEM.

Our key messages:

- SACNAS is a leader in the national movement to build a critical mass of STEM leaders from underrepresented communities.
- SACNAS helps diverse scientists merge and integrate their diverse identities, creating space to include the unique contributions and perspectives of all.

Organizational Culture:

- Inclusive of ethnicities, cultures, and scientific disciplines
- Committed to standards of excellence in science and education
- Devoted to full engagement of its members in the organization's work

NEXT STEPS WE NEED OFFICERS. CONTACT LORI TAYLOR IF YOU ARE INTERESTED IN BECOMING AN OFFICER.

Forming a
MSU Denver
SACNAS Chapter

Summer Research

CO-WY AMP
Summer Research Initiative (SRI)

Application Deadline
January 15, 2019

Here is the link to the application and

<http://www.coamp.colostate.edu/sri.shtml>

Submit your application to Dr. Liu at
hliu1@msudenver.edu

See Dr. Liu or Lori Taylor for questions

Waived Application Fee

Applying for Graduate School?

Some schools waive the application fees if
you are a LSAMP member.

Also included in waived fees are:

GEMS
TRIO
SACNAS

Other programs are included, check the list
for each school for qualifying programs.

Thanks Stephanie Jensen for the heads up!

International Research

Are you interest in an international research
project?

Apply for the CO-WY AMP IRE program.
Transportation and housing are funded.

The program must be:

- ✓ STEM research or field experience
- ✓ Must involve a faculty mentor
- ✓ The project must be 2 weeks or longer

Application Deadline
April 2019

Here is the link to the IRE application
<http://www.coamp.colostate.edu/ire.shtml>

Submit your application to Dr. Liu at
hliu1@msudenver.edu

Thank you to our Student Panel!

Daniella Hernandez, Brandon Garcia, Thanh Nguyen,
Kevin McQuirk, Andy Ramos, Violet Eagle

Our November 1st Recognition
Dinner was a success thanks to our
MSU Denver CO-WY AMP student
panel. It was an audience pleaser.

The students presented their
summer research projects. They
shared their successes, experiences,
met/unmet expectations and advice
for those thinking about becoming
involved in research.

REMINDER

December 10th and 11th
9:00 a.m. to 11:00 a.m.
Hallway Science 1051

Waffle Days

Come get a fresh off the
griddle waffle.
