Notes: 1. See the community college course catalog degree plan to see which general education courses meet these requirements for the AA degree. 2. All MSU Denver students are required to take or transfer in a Multicultural elective (can be within major) AND a Global Diversity elective (cannot be within major). ECO 3600 meets the Multicultural requirement. 3. Students need 6 credits in Social and Behavioral Science outside their major. PSC 1010 is recommended. Choose the other in consultation with a faculty advisor. 4. To meet this plan, two AA elective courses must be 4-credit classes. See an advisor to discuss other options. 5. Choose major electives in consultation with a faculty advisor. 6. This major requires that students also choose a minor, which will require a minimum of 18 credits, depending on the program. Choose a minor, and choose courses within that minor, in consultation with faculty advisors in each department. 7. Recommended use of electives during AA program.
