

TO: Employees of MSU Denver
FROM: Human Resources
SUBJECT: **Work-Related Injury or Illness**

Attached are the procedures you must follow for a work-related injury or illness. We hope that you will not find it necessary to utilize this benefit, however, if the need arises, you must follow the attached procedures very carefully.

Failure to do so may cause a financial burden on you. Your medical insurance might not cover work-related injuries.

Please sign and return the last page (EMPLOYEE NOTIFICATION OF WORKERS' COMPENSATION PROCEDURES) and return the last page to the Human Resources Office at Campus Box 47 indicating your knowledge of and agreement to adhere to MSU Denver Work-Related Injury or Illness procedures.

Thank you.

Workers' Compensation Procedures (Work Related Injury or Illness)

I. General Guidelines

These guidelines may be used to treat most emergencies

- A. Immediate attention is to be given to the immediate medical needs of an injured person.
- B. In the case of major trauma or "life or limb threatening" accidents, call an ambulance for transportation to the nearest emergency room.
- C. If there is any doubt about safety, it is strongly advised that a non-medical person refrain from moving an injured person.

II. General Procedures

- A. Except in the case of a serious or life-threatening emergency, an injured employee must be treated by one of the three MSU Denver designated providers: (locations & phone numbers are attached).
 - Concentra Medical Center - the location nearest to Auraria Campus is 1730 Blake Street, Suite 100, 303-296-2273. (See Page 4 for more locations.)
 - HealthONE - the location nearest to Auraria Campus is 9195 Grant Street Suite 100 Thornton, CO 80229 Phone: (303) 292-0034. (See Page 5 for more locations.)
 - Midtown Occupational Health Services (located at Diamond Hill Office Complex Building D, Suite 200, 2420 West 26th Avenue, 303-831-9393.)

Failure to comply may cause you to risk liability for all medical expenses. It is recommended that the employee's supervisor or the Human Resources office call the facility chosen to authorize treatment before sending the patient. The hours of operation of the above facilities are generally 8:00 a.m. - 5:00 p.m., Monday through Friday. Medical evaluation, testing or consultation will be conducted. It is possible that the designated provider will refer the patient for additional medical services. Parking is available at each facility

- B. Workers injured on the jobs, within the course and scope of their job duties, must report the injuries or illness within four days of occurrence, in writing, to their supervisor. For an illness, such as a repetitive motion injury, the date of decision (the day you decide you need to see a doctor) or the date of diagnosis is the date of injury regardless of the length of time passed. The First Report of Injury is then filled out by your immediate supervisor, using your written statement. Because the State is self-insured for workers' compensation, the First Report and your written statement are sent to the Workers' Compensation provider and State Risk Management.

- C. Following examination by the physician, the patient will be given copies of the Worker's Compensation Physician's Initial Report or attending physician's report. The original should be kept in the supervisor's files. A copy will be retained by the employee for medical instruction and return appointments as applicable. The Human Resources Office will receive a copy from the physician's office.
- D. The attending physician's report will indicate when the employee is able to return to work. The employee must show this form to the supervisor, and return to work on the date the physician indicates on this form.
- E. Supervisors should be notified immediately if the employee continues to experience problems or concerns as a result of the injury. All concerns are significant and should be referred to the employee's supervisor, the designated medical provider, and to the Human Resources Office.
- F. The Worker's Compensation provider is responsible for payment of medical expenses if an injury or illness is determined to be work related and the proper procedures have been followed. If an employee's claim is denied, the employee must seek reimbursement from their own insurance carrier and face responsibility of payment if the claim is denied at that point.

III. After Hours Procedures

- A. The employee is responsible for informing the supervisor and the Human Resources office when treatment has been received after hours.
- B. Leave time taken during work hours by administrators and classified employees must be reported as IOJ (Injury on Job) leave. The first 24 hours of any lost time injury will be paid using the injured employee's available sick leave. Please contact Human Resources to discuss documentation of any injury leave so that time off can be coordinated with Pinnacol for appropriate benefits management.

Clinics open Monday through Friday (Note: hours of operation vary)
Preference Hours are due to paper work

EMPLOYEE NOTIFICATION OF WORKER'S COMPENSATION PROCEDURES*

I, _____ (print your name), have been notified by my employer/supervisor of the Worker's Compensation Procedures. In the event I am involved in a work related injury or illness, I understand that MSU Denver has designated Concentra Medical Center, Midtown Occupational Health Services, HealthONE and the Student Health Center as the approved medical providers for all work related injuries or illnesses. I understand that if I do not receive medical care for work related injuries or illnesses from the designated clinic or an approved 24-hour after care facility, or any specialists to which they refer me, EXCEPT IN THE CASE OF A SERIOUS EMERGENCY; I could be financially responsible for payment of that care. I have received the above referenced procedures and have been informed that authorization is required from my employer before I seek medical care for non-emergency, work related injuries or illnesses.
