**Metropolitan State University of Denver
Psychology Minor**

Below are the requirements to complete a minor in Psychology. Please regularly consult with a Psychology advisor to ensure that you are making good progress toward completion of your minor requirements and for assistance selecting appropriate elective courses that are consistent with your career goals.

Psychology Core:

Students must complete the following required course.

_____	PSY1001—Introductory Psychology
-------	---------------------------------

Note:

1. Transfer students must have completed both semesters of a two-semester introductory psychology course to get credit for PSY1001. Students completing both courses will earn credit for PSY8888, as will students completing only one semester of a two-semester sequence. PSY8888 will count toward general electives, but may not be used toward the PSY major requirements.
