

MSW Prerequisite Requirements and Completion Options

2021 Admissions Cycle Prerequisite Overview

Prerequisite Requirements:

- At least 3 credits of course work in **social and behavioral science** (sociology, psychology, economics, political science, cultural anthropology, etc.) centrally organized around **contemporary multicultural or diversity issues**
- At least 3 credits of course work in **social and behavioral science** centrally organized around **American Government** (not U.S. History). This will typically be a political science course.
- At least 3 credits of course work in **human biology** **OR**
At least 6 credits of course work in **natural and physical science** (chemistry, physics, geology, etc.)
- At least 3 credits of course work in basic **statistics** (not research methods)

Prerequisites will be individually evaluated for each applicant based on the transcripts submitted to the Office of Social Work Student Services.

If an applicant wishes to petition for a course to count for a prerequisite after the evaluation is completed, the Office of Social Work Student Services will review course descriptions, syllabi, and/or learning objectives to determine if the course can fulfill the prerequisite requirement.
