

**Agency Eligibility Verification Form
HRSA General Integrative Care Stipend Program
2020-2021**

Student Name: _____ Date: _____

Students: Please have your agency supervisor complete this form to verify the eligibility of the placement and the intern role for the HRSA General Integrative Care Stipend Program.

Supervisors: The aforementioned student has identified you as their Field Instructor or Task Supervisor at their 2020-21 academic year Field Placement. This form is used to verify field placement eligibility for the HRSA General Stipend Program. Please complete the form to indicate the nature of the agency and placement.

The student is applying to the federal Health Resources and Services Administration (HRSA) Behavioral Health Workforce Education and Training (BHWET) General Integrative Care Stipend Program offered through Metropolitan State University of Denver and Colorado State University. To qualify for the program, students must complete their field placement in a HRSA-eligible agency.

The HRSA BHWET Program is designed to build, strengthen and innovate the behavioral healthcare workforce, with emphasis in rural and medically underserved communities. Accepted MSW students will receive additional training focused on integrated behavioral health care models, culturally and linguistically appropriate services for diverse populations in rural and medically underserved communities, as well as a stipend to support their education. In return, students commit to 12-months of full-time employment in a HRSA-eligible agency following graduation.

AGENCY INFORMATION	
Supervisor Name:	
Position/Title:
