Subject: Mileage Reimbursement Rate, Effective January 1, 2020

The changes in the Internal Revenue Service mileage reimbursement rates, effective January 1, 2020, were too small to result in any change for Metropolitan State University of Denver's rate. Therefore, the existing rate of \$0.52 a mile will continue to be the effective mileage rate for 2020. Please contact Terri McLaggan if you have any questions related to mileage reimbursements. Thank you.
