Use this document to learn about specific requirements for your major and accompanying teacher licensure courses, and to work with your academic advisors to plan your course of study and track your progress. Please keep an updated copy of this form and leave the original on file in the School of Education Student Services Office.

For general requirements pertaining to Elementary Education licensure, visit the School of Education website (www.msudenver.edu/education) or stop by the School of Education Student Services Office, WC 162, and **be sure to talk with your advisors.**

Visit your advisors. If you major in Speech, Language, Hearing Sciences and seek teacher licensure in Elementary Education, you will have two advisors:

- One in Speech, Language, Hearing Sciences
- One in the Elementary Education program

Before you can register for most education courses:

- Apply to the School of Education.
- Obtain provisional and/or formal admission to the program. Some courses require provisional admission, while most advanced courses require formal admission.

There are three parts to this program (described in detail below):

1. GENERAL STUDIES AND ADDITIONAL CONTENT COURSES

The following courses meet Colorado content standards for teachers and are the first courses to focus on completing.
