Per Federal regulations, our office must prorate the loan amounts of graduating seniors who are attending only one semester of an academic year. Proration limits the amount of subsidized and/or unsubsidized loans a graduating senior can borrow.

**\*Please see the back of this form to view maximum prorated amounts based on your current credit hours and dependency status.**

Teacher Licensure students who are student teaching in their final semester are not subject to proration of Federal Direct Loans; however, your budget will be changed to a **single** term. The total of all awarded aid cannot exceed your assigned budget.

\*\*\*If you are not graduating, you will need to rescind your graduation application and contact our office to have your financial aid file adjusted accordingly.

By signing and submitting this form you acknowledge that you understand the guidelines for proration. Our office will confirm with the Office of the Registrar all pending graduations.

**Please be aware that if already disbursed, any aid that you are not eligible for will be billed back and you will be responsible for any resulting balance.**

Once proration has been completed on your file, you will be sent an email notifying you of the adjustment.

### **Requested Action**

\_\_\_\_\_ **Check here if you are student teaching.** You may be eligible for additional loan amounts after proration occurs.
