Major Requirement	3	PSY 102 General Psychology II
Major Requirement	3	SWK 100 Introduction to Social Work
	43 - 54	Sub Total

## **Elective Courses**

Suggested Elective Course	Credit Hours	Red Rocks Community College Course Number and Title
Elective Courses	6 - 17	Recommended: SWK120 Intervention Techniques
	60	TOTAL

**Note:** The Social Work major requires an application to the program in addition to the application for admission to the University. Classes for the major start every fall semester. Please contact the department directly for more information about the application process, for academic advising and to attend an information session.

## **Guarantees and Limitations**

This Institutional Transfer Guide can be used in two ways:

- 1. If the student completes an Associate of Arts degree or an Associate of Science degree at a Colorado public community/junior college, this Institutional Transfer Guide identifies the courses a student needs to complete (with a C- or higher) at the community/junior college in order to be able to finish the designated baccalaureate degree in no more than 60 credits beyond the 60 credits required to complete the Associate degree after transfer to the baccalaureate institution. Under <u>Colorado Commission on Higher Education (CCHE) Policy I, L</u>, students who complete an Associate of Arts or an Associate of Science degree at a Colorado community/junior college and who are admitted to a Colorado public baccalaureate institution are guaranteed: the full transfer and application of a minimum of 60 credits toward the baccalaureate degree requirements at a Colorado institution of higher education, completion of the lower-division component of the receiving institution's general education core curriculum, and junior standing. If more than 60 college-level credits are taken at the community/junior college, some loss of transfer credit may occur, and students may not be able to complete this baccalaureate degree in 120 credits.
- 2. If the student intends to transfer prior to completing an Associate of Arts or an Associate of Science degree, this transfer guide should still be used to identify the courses that can most effectively prepare them for efficiently completing the designated major at the baccalaureate institution to which they are transferring. While not completing the required Associate degree eliminates the guarantees described above, all the individual general education courses identified in Section I are guaranteed to transfer and to count toward fulfilling the receiving institution's lower division general education requirements. Students are strongly encouraged to finish course sequences (such as English Comp I & II or Calculus I, II & III) before transferring.

Completion of an associate degree does not guarantee admission to 4-year institution or the baccalaureate degree program. For additional information on CCHE transfer policies and gtPathways guaranteed transfer of general education credit, visit <u>http://highered.colorado.gov/Academics/Transfers/Students.html</u>. To file a transfer-related complaint with the Colorado Department of Higher Education, visit <u>http://highered.colorado.gov/Academics/Complaints/default.html</u>.

This agreement will remain in place for the lesser of five years or until such time as the curriculums of the degree program changes or a participating institution requests reconsiderations of the terms of the agreement.
