Vaccination/Booster Required by Feb. 15

- **Students:**
  - **No action required** unless contacted via email: Vaccination status automatically verified through Colorado Immunization Information System, or students contacted directly via MSU Denver email.
  - **Compliance process** (including info on exemptions) available at: [healthcenter1.com/immunization-requirement](http://healthcenter1.com/immunization-requirement).
  - After Feb. 15, students not compliant will have a hold placed on future registration (Spring enrollment unaffected)

- **MSU Denver Employees:**
  - **Verify vaccination status** automatically by completing [CO Immunization Information System (CIIS) Consent/Authorization Form](http://msudenver.edu) on the MSUDenver.edu/Safe-Return-to-Campus webpage.
  - **Compliance process** details, including information on exemptions, coming soon.

### Masks

- **Masks are required indoors**, covering nose and mouth, unless actively eating or drinking.
- More protective surgical, KN95 or N95 masks are highly recommended. Limited quantities are available at the JSSB Welcome Desk or by contacting facilities@msudenver.edu.

### Testing

- With the Omicron variant highly transmissible regardless of vaccination status, mandatory screening testing is currently suspended.

### Other info

- Roadrunners must conduct a daily health assessment. **Do not come to campus if you have any symptoms.**
- Students who test positive should connect with faculty on how to best stay up to date with course requirements. The Student CARE Team is also available to assist students at MSUDenver.edu/care.
