

Engagement opportunities for **AVIATION AND AEROSPACE**

Today, Colorado's aviation and aerospace industry has one of the largest, advanced and affordable collegiate aviation programs in the country. Top aerospace contractors position metro Denver as the second highest in industry employment. MSU Denver's state-of-the-art facilities let you tap our talent pipeline and engage in diversity, equity and inclusion work.

Talent Pipeline

Partner with us to build a sustainable diverse talent pipeline through recruiting events & job/internship postings. Contact C2Hub@msudenver.edu to connect with your industry navigator and visit our website msudenver.edu/employer/ for more information.

Career Link

Post your jobs and internships on the MSU Denver job board.

Co-Op and Internship Programs

Companies can hire students to work full-time in the summer and flexible hours in the fall and spring in targeted business areas/academic disciplines.

EVENTS

Internship Marketplace

Opportunity to promote your organization and internship program.

Business & IT Career Fair

Recruit for all functions across your business.

STEM Career Fair

Fair designed for employers hiring for jobs or internships in STEM fields.

Spring Job & Internship Fair

One of our largest recruiting events of the year, this fair is perfect to recruit spring graduates or students for summer internships.

Now Hiring Series

Employer-sponsored information sessions are available to present information about your organization and employment opportunities.

Diversity, Equity & Inclusion (DEI)

MSU Denver provides companies a direct line to a workforce and talent pipeline that reflects Colorado and provides all students equitable career opportunities.

Professional Mentoring Program

Participate in our professional mentoring program, C.O.M.P.A.S.S. Community of Mentoring Professionals and Student Scholars. This program is mentee-driven and features a combination of virtual and in-person opportunities.

DEI Programming and Events

Engage in rich dialogue and advance professional learning for students through our DEI focused events and programming. Become more connected and build stronger relationships with our diverse Roadrunner community.

Diversity in the Workplace Series

Join community and industry partners during these informative workshops to learn about DEI recruiting strategies and best practices.

Professional Learning & Development

Develop your employees with certificates, undergraduate degrees, master's programs and continuing education.

Employee Training

Upskill employees by taking advantage of our certificate programs such as Space Certification and Unmanned Aerial Systems (aviationandaerospace@msudenver.edu/<https://www.msudenver.edu/aviation-aerospace/>).

Career Launchpad

Provide affordable pathways to high-demand careers and multiple academic credentials. Take a noncredit course in a high-demand field that can lead to a job or convert the course to credit and get an MSU Denver certificate or degree.

Cybersecurity Certificate Clubs (C3)

The C3 will improve the employability of learners by equipping them with IT industry relevant certifications. MSU Denver is a CompTIA Authorized Partner.

Branding & Partnerships

Engage students through mentoring, guest lecturing, scholarships and student services. Collaborate with faculty experts on research and assessment projects.

Guest Speaking

Share your knowledge and expertise with students in the classroom. Join our Roadrunner Roster directory and get connected with faculty. Signup to be a guest speaker at msudenver.edu/roadrunnersroster.edu.

Campus Consulting

Connect with departments to consult on new and emerging technologies or business opportunities in your field or industry. (Jeff Forrest, AVS Department Chair, forrestj@msudenver.edu)

Branding Packages

Increase your visibility on campus with promotional and branding options through the C2 Hub and Athletics (C2Hub@msudenver.edu).

Career Readiness

Assist our students in honing their professional image by helping with mock interviews, resume reviews, and networking skill development.
