Join an ACUE National Information Session

ACUE courses contain evidence-based, instructional resources for both face-to-face and online environments. Each of the topics below is a stand-alone microcredential course (8 weeks), and all four are included in the full 25-week course.

- **Creating an Inclusive and Supportive [Online] Learning Environment**
- **Promoting Active Learning [Online]**
- **Inspiring Inquiry and Preparing Lifelong Learners [In Your Online Course]**
- **Designing Student-Centered Courses**

The information session will provide an overview of the coursetaker experience and include time for Q&A. To learn more, please register for one of the following sessions:
