The Transfer Services team includes transfer admissions counselors who work with prospective and incoming students through the transfer admissions process. They mainly recruit Colorado students, but have worked with students from over 2900 colleges and universities. They complete unofficial transcript reviews for students who are determining their school choice based on their transfer credit applicability.

The transcript evaluation team evaluates official transcripts upon a student's acceptance into the University. In collaboration with academic departments, they create and maintain the course equivalency database as well as process transfer course approval forms. They also assist students with understanding the results of their official credit evaluation and provide other resources for pursuing additional credit options when appropriate.

Transfer Success provides support to transfer students as they transition in to MSU Denver. This office coordinates both the online and in-person transfer student orientation as well as the transfer peer mentor program. They help students navigate the transfer process and connect students to appropriate departments and resources.
