

# Metropolitan State Faculty Federation

*A Union of Professionals*

**Welcome to MSU Denver!**

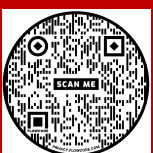

**Now it's time to consider joining your colleagues in our faculty union, MSFF. We are a union of faculty affiliated with AFT. From representing our members at all levels of shared governance through providing formal and informal grievance resolution and up to providing legal resources for members, when necessary, MSFF brings an independent faculty voice to MSU Denver.**

**We have been organized at MSU Denver for over 20 years. In that time we've developed productive relationships with MSU Denver's administration while also working to ensure that our members' interests, privileges, and rights are respected. Our success depends on the voluntary association of faculty and the passion of our members.**

**Our members also have access to the wide array of financial, legal, and commercial benefits available from AFT.**

**We welcome you to the faculty and invite you to visit our web page to learn more. If you would like to speak with a member to discuss the benefits of membership and the history of MSFF at MSU Denver, please contact me. I would enjoy the opportunity to help your transition to the MSFF family.**

**Sincerely,  
Sheila Rucki, Ph.D.  
President, Metropolitan State Faculty Federation
