

Faculty/Staff Guide to Student Resources

MSU Denver has a diverse array of student service offerings and programmatic opportunities in which students may engage. Faculty and staff serve a critical role by helping refer students to relevant services.

This guide is designed to be an ‘at-a-glance’ resource for colleagues about most – but not all – of the available student supports.

For more information please visit program websites or **contact the Dean of Students (deanofstudents@msudenver.edu)** for additional guidance about student service referrals or for questions about available student supports.
