### About the Program

The Bachelor of Arts in Art is a liberal arts degree that provides students with an opportunity to gain a broad background in visual art and to select a minor that complements their studies in art. The creative problem-solving and critical thinking skills learned in this degree program are useful in a variety of career applications and personal aspirations toward lifelong learning. The Department of Art and MSU Denver are accredited by the National Association of Schools of Art and Design (N.A.S.A.D.).

### Student Outcomes

- Select, evaluate and apply appropriate research resources to develop and support their ideas.
- Apply creative processes to the design and completion of works of art that communicate compelling ideas.
- Clearly synthesize ideas about visual art in verbal form.
