WORKPLACE EQUITY SUMMIT

This past month, the Classroom to Career Hub hosted the 10th annual tri-institutional "Workplace Equity Summit: The Power of Connections". For one afternoon, 100+ Auraria campus students, staff, faculty and employer partners gathered for conversations on imposter syndrome, radical transformation in the workplace, advocating for equity, and authenticity in the workplace. You can catch up on our 2023 keynote and panel [here](#).

Thank you to the amazing DEI leadership on our team for putting this tremendous event together: [Eboni Nash](#) and [Eunice Reyes](#)! And many thanks to our 2023 sponsors for helping to make this event happen: [JD Finish Line](#), [Trimble Inc.](#), [Turner Construction Company](#), [Charles Schwab](#), [FedEx Ground](#), [Dynatrace](#), [Empower](#), [Adams County Probation Dept](#), and [City and County of Denver](#).

Interested in joining or sponsoring the 2024 Workplace Equity Summit? Complete our interest form [here](#) and a representative will reach out with more details. If you have any questions, please direct them to Eunice Reyes (she/her), Equity and Career Success Coordinator, at ereyes17@msudenver.edu.

THE MONTH IN REVIEW

[The Navigate Your Health Career Event](#)

In late February, the [MSU Denver Health Institute](#) and the Classroom to Career Hub hosted the annual [Navigate Your Health Career Event](#) which welcomed over 100 students of diverse academic interests who want to explore health related careers. With the support of [Colorado Access](#), [Kaiser Permanente](#), and other partners in the health space, this year's event covered topics such as "Finding Your Space in Black Health and Wellness", "Working on the Front Lines of Health Equity", "Men's Health", and more. If you are interested in supporting or joining this event in the future, please reach out to Yona Estrada at yestra10@msudenver.edu.

[The STEM Career Fair](#)

The Classroom to Career Hub also just hosted the STEM Career Fair yesterday which saw nearly 300 very engaged students come through looking for new and exciting ways to apply their academic and professional interests. They are learning that nearly every company will have a STEM related job, which means they can do more than they realize. The 40 featured industry partners including [Agilent Technologies](#), [FBI, Hazen and Sawyer](#), [Hyde Renewables](#), [Lockheed Martin](#), [Mesa Associates](#), [Ready Foods](#), [RSM US LLP](#), [Starz Entertainment](#), [Swanson Rink](#) helped broaden the reach and scope of these students' careers in the conversations, networking, and prospective interviews that came from yesterday's event. If you are interested in future iterations of this event, please reach out to your Industry Navigator, or c2hub@msudenver.edu.

UPCOMING EVENTS & PROGRAMS

- [Spring Job & Internship Fair](#) | April 5, 2023 | The Spring Job & Internship Fair is open to all Auraria Campus students/alumni from all majors who are looking for post-graduate opportunities or internships in a wide variety of industries. There are just a few spots left, so if you'd like to join us, register soon!
- Keep an eye out for information on upcoming programming for the Fall 2023 semester! We are boosting engagement, and students are itching for more in-person experiences.

INFORMATION SESSIONS

Have you considered holding an Information Session on campus? It's a great opportunity to meet candidates and get to know them in a more relaxed setting. In addition to having more time to answer student questions and getting to know potential applicants, you can use that time to delve into the culture of your organization, and get your brand noticed on campus.

Simply sign into your [CareerLink](#) account, and navigate to the Events tab on the left menu to find and request Information Sessions for the last month of this semester and beyond.

STAY CONNECTED

Have you checked us out on [LinkedIn](#)? Be sure to follow us to get up to date information on events, celebrations, and other work we are doing to drive community development and economic mobility in Denver and across the state of Colorado.
