THE YEAR IN REVIEW

The MSU Denver community is thrilled to celebrate all the 2022-2023 undergraduate and graduate students completing and receiving their degrees this year! These accomplished individuals will be joining companies like yours as they enter the workforce with their newly minted credentials, many of whom participated in programs led or supported by the Classroom to Career Hub.

Reports show that graduation and retention rates across the university are notably higher when students leverage career resources and participate in programs like ours. Across this academic year alone, the C2 Hub saw over 6,000 students connect with our resources. Not only is your partnership and participation on campus supporting their budding careers, but it's also keeping students engaged in their academic journey. It is through your work with us that we see more students walking across the stage to receive their degrees and contributing to a stronger business community in Denver.

Our collective work is transforming lives across the region. Thank you so much for all that we did together this year. We are so excited for what we will accomplish in the next!

Maluwa Behringer
*Executive Director, Industry Partnerships Team
Classroom to Career Hub, MSU Denver*

UPCOMING EVENTS

We are thrilled to announce several of our upcoming events and programs that will take us well into the Fall Semester and beyond. Check them out!

- [Nursing & Interprofessional Health Career Connections Event](#)
August 24, 2023 | The 2nd annual Health Career Connection event welcomes clinical partner agencies to recruit current and graduating students in the health care fields of Nursing, Nutrition, Public Health & Health Care Management, Social Work, Behavioral Health Counseling, Exercise Science, and Speech, Language and Hearing Sciences/Pathologies.
- [Construction Industry Career Fair](#)
September 21, 2023 | Find your next stellar employee or internship applicant from our diverse talented pool of MSU Denver Roadrunners studying Construction Project Management, Civil Engineering Technology, Engineering, Advanced Manufacturing, Leadership, Business, and more.
- [STEM Career Fair](#)
September 27, 2023 | Historically held in the Spring, the STEM Career Fair will now be hosted in the Fall to better align with recruiting cycles based on feedback we've heard from you, our partners! Promote professional jobs and internships in the STEM fields including Computer Science, Technology, Science, Chemistry, Mathematics, Bioscience, Environmental Science, Aviation & Aerospace, Engineering, Design, Healthcare, Manufacturing and more.
- [Fall Job & Internship Fair](#)
November 8, 2023 | Modeled off of MSU Denver's largest Springtime recruiting event, the Fall Job & Internship Fair is open to all Auraria Campus students/alumni from all majors who are looking for post-graduate opportunities or internships in a wide variety of industries.

UPCOMING EVENTS, cont'd

And keep an eye out for dates and more information on:

- Spring Job & Internship Fair 2024
- Hospitality Career Fair
- Federal Agency Career Fair
- and more!

TEAM MEMBER SPOTLIGHT

[Jada Szympruch, Industry Navigator for Bioscience](#) | Jada joins us as a long-time member of the Roadrunner family having recently graduated from MSU Denver with a BS in Biology and a minor in Anthropology. She is very passionate about life sciences and blending our understanding of them with our culture which is what drove her to study in these areas. In her spare time, she is an accomplished botanical artist, gardener, and budding science fiction author. She is excited to be a part of the C2 Hub team so she can help students in the bio and chem fields pave paths to fulfill their passions and career goals through connections with innovative industry partners.

[Jadee Sen, Industry Navigator for Aerospace and Aviation](#) | Jadee joined our team nearly a year ago, coming from a STEM background and over five years of engineering experience with The Boeing Company. She has since also completed her Masters in Curriculum and Instruction. Having first-hand experience in the industry has given her a unique perspective to address the workforce talent pipeline in a way that makes sense for both students and employers. She looks forward to continuing C2 Hub's work with industry partners to increase our students' awareness of opportunities within Colorado. Outside of work, you can find Jadee immersed in a great book and spending time with her dog, Apollo who is bound to be close by.

Check out our [Team Member page](#) for a full list of our colleagues!

RECRUITMENT AND HIRING OUTCOMES

Start dates for many jobs and internships tend to culminate in the Summer when the academic year wraps up. Did you hire a Roadrunner for a job, internship or apprenticeship recently? Student career successes are also our successes, so let us know so we can track and celebrate our win, their win, and your win!

Simply log into your [CareerLink](#) account and navigate to the "Hiring Outcomes" item on the left menu to provide some basic but important information that will inform and inspire our service to you and students alike, and help us track and report on those great recruiting outcomes!

STAY CONNECTED

Be sure to follow us on [LinkedIn](#) to get up to date information on events, celebrations, and other work we are doing to drive community development and economic mobility in Denver and across the state of Colorado.
