

## **Marlene Price**

*(she / her / elle)*

**Chief Consulting Officer, Trajectory Consulting**  
**Adjunct Faculty, MSU Denver**  
**Community Advisor**

Marlene Price is a creative strategic leader, with a disciplined focus on collaboration, execution, and team motivation, enabled by her energetic moderator capabilities that excel in stakeholder and customer engagement and communications.

Throughout her career, Marlene has strengthened and leveraged her science and engineering expertise and inclusive leadership skills in developing and transforming strategic intentions into successful execution, including for space platforms & systems, direct energy systems, fighter jets, surveillance air platforms, uncrewed and autonomous systems & trainers, rotorcraft platforms, and commercial aircraft. These and other aerospace products and services benefited from her strong technical competencies in innovative material processing, advanced manufacturing engineering and technology development, and environmental compliance. Marlene's technical competencies are strengthened by her team-based engagement, inclusive organizational management, collaborative business development leadership, small business mentorship, enabled by as well as synergistic academia and government relations, and passionate community advocacy.

After retiring from a 38-year career with the Boeing Company, Marlene is continuing to develop and successfully apply her expertise and capabilities as the founder and Chief Consulting Officer of Trajectory Consulting, Adjunct Professor for the Aviation and Aerospace Science Department of Metropolitan State University of Denver, and a community advisor.
