RM-AMP Members
Receive \$15.00 towards their
semester stipend

BUILD Scholars
This is a required event

Keynote Speaker

Dr. Vignon Oussa

Professor of Mathematics
Bridgewater State University

Dr. Oussa is an accomplished researcher, mentor and artist. His research is in “Representation Theory of Lie Groups and Wavelets Analysis on noncommutative groups”. He is actively engaged with students through his department’s Math Club and regularly involves students in his own artistic outlets as a means of bridging seemingly disparate worlds of creativity.

Award # 2150045
