	Elective	3
Total Credits		12

*Clinical certification (after graduate school) by the American Speech-Language-Hearing Association requires several courses at the undergraduate level: a) social/behavioral sciences, b) biology, c) statistics, & d) physics OR chemistry. Please see your faculty advisor for questions regarding these requirements

**This course requires a GPA requirement and application process, required for students pursuing a career in SLPA in the state of Colorado

>Summer courses are not required, but highly suggested between these semesters to keep up with SLHS curriculum in the Fall/Spring semester. Select SLHS undergraduate courses are held in the summer.
