

INDUSTRY PARTNERSHIPS

Investing in a sustainable future for the state's students, communities, and workforce

The Classroom to Career (C2) Hub focuses on the Colorado economy and anticipated growth industries to develop relationships between the University and organizations in those fields.

As part of the C2 Hub, the Industry Partnerships team connects our diverse student population to prospective employers in a variety of industries that are aligned to students' career ambitions.

While each partnership varies, the priority is expanding career opportunities for MSU Denver students through relevant career development programs and experiential learning while supporting the talent pipeline of organizations.

Help MSU Denver scale its impact!

We are looking for partners from any industry who are willing to share ideas, explore opportunities or invest in this revolutionary new approach to higher education.

Why it matters

Grow Your Own

MSU Denver is the University best positioned to answer workforce demand: 96% of our students are from Colorado and 80% of our graduates stay in Colorado after graduation. Upskilling local talent results in less cost for companies and better long-term outcomes for students and local communities.

Diversifying the Workforce

The C2 Hub provides companies a direct line to a workforce and talent pipeline that reflects Colorado and provides all students equitable career opportunities. At MSU Denver, 57% of undergraduates are first-generation students and 48% are students of color. We have a thriving LGBTQ community and more than 1,000 military veteran students.

MSU Denver's Industry Partnerships team engages industry, campus and community stakeholders in mutually beneficial experiences to provide students with robust, career-focused opportunities.

Connect with MSU Denver

Talent Pipeline

Participate in recruiting events and post opportunities for jobs, internships, service learning and volunteering.

Diversity, Equity and Inclusion

Build a more diverse and inclusive work environment by investing in top talent and accessing equity resources that support diversity recruitment.

Branding and Partnerships

Advertise and engage students through mentoring, guest lecturing, scholarships and student services. Collaborate with faculty experts on research and assessment projects.

Professional Learning & Development

Develop your employees with certificates, undergraduate degrees, master's programs, and continuing education.

Industry Partnerships

AVIATION & AEROSPACE

As the industry continues to grow, MSU Denver's Aviation and Aerospace Science Department has reimagined possibilities by evolving into one of the largest and most sophisticated programs in the country - all the while remaining the most affordable program of its kind.

Aviation & Aerospace in Colorado's Economy

Colorado has the nation's 2nd largest space economy, with over 240K jobs supported by local aerospace companies and DEN. MSU Denver supports workforce demand by partnering with some of the largest employers in the state, including DEN and Lockheed Martin. Our unique degree pathways, such as the Aviation and Aerospace Sciences major and the Aerospace Physics IDP, prepare our diverse student body to enter the workforce through an industry-aligned curriculum and industry-specific certifications.

Collegiate Aviation Program

MSU Denver has one of the largest and most advanced collegiate aviation programs in the country. The department's Aeronautics and Aerospace Systems Laboratories feature ultra-modern FAA-approved single and multi-engine flight training devices, full-featured advanced flight labs, and Air Traffic Control training simulations.

SpaceTech Scholars

A scholarship program for underrepresented students pursuing a degree in aerospace and/or engineering with the goal of becoming an aerospace industry professional. It is a program dedicated to undergraduate student success and is committed to developing a diverse talent pipeline into the aerospace industry.
