

Classroom to Career Hub

INDUSTRY PARTNERSHIPS

Investing in a sustainable future for the state's students, communities, and workforce

The Classroom to Career (C2) Hub focuses on the Colorado economy and anticipated growth industries to develop relationships between the University and organizations in those fields.

As part of the C2 Hub, the Industry Partnerships team connects our diverse student population to prospective employers in a variety of industries that are aligned to students' career ambitions.

While each partnership varies, the priority is expanding career opportunities for MSU Denver students through relevant career development programs and experiential learning while supporting the talent pipeline of organizations.

Help MSU Denver scale its impact!

We are looking for partners from any industry who are willing to share ideas, explore opportunities or invest in this revolutionary new approach to higher education.

Why it matters

Grow Your Own

MSU Denver is the University best positioned to answer workforce demand: 96% of our students are from Colorado and 80% of our graduates stay in Colorado after graduation. Upskilling local talent results in less cost for companies and better long-term outcomes for students and local communities.

Diversifying the Workforce

The C2 Hub provides companies a direct line to a workforce and talent pipeline that reflects Colorado and provides all students equitable career opportunities. At MSU Denver, 57% of undergraduates are first-generation students and 48% are students of color. We have a thriving LGBTQ community and more than 1,000 military veteran students.

MSU Denver's Industry Partnerships team engages industry, campus and community stakeholders in mutually beneficial experiences to provide students with robust, career-focused opportunities.

Connect with MSU Denver

Talent Pipeline

Participate in recruiting events and post opportunities for jobs, internships, service learning and volunteering.

Diversity, Equity and Inclusion

Build a more diverse and inclusive work environment by investing in top talent and accessing equity resources that support diversity recruitment.

Branding and Partnerships

Advertise and engage students through mentoring, guest lecturing, scholarships and student services. Collaborate with faculty experts on research and assessment projects.

Professional Learning & Development

Develop your employees with certificates, undergraduate degrees, master's programs, and continuing education.

Industry Partnerships

INFRASTRUCTURE ENGINEERING

Colorado's construction industry faces 31% anticipated growth by 2027. MSU Denver offers Civil Engineering Technology and Construction Project Management degrees to help meet this demand with state-of-the-art facilities and faculty with industry experience.

Build and Upskill

- We provide companies with access to a workforce and talent pipeline that reflects Colorado to provide all students equitable career opportunities.
- Join us in the fall for the Infrastructure Engineering Career Fair and the STEM Career Fair. Or, upskill your existing workforce through programs such as Finish What You Started and classes through our Innovation and Lifelong Learning.
- In addition, there are a variety of ways to participate, including the Women in STEM Conference, class lectures, mentoring, and more.

Civil Engineering Technology

Our students focus on either construction or structural engineering. They learn to apply engineering principles in the planning, design and construction of everything from highways and buildings to reservoirs and airports. Our program merges the analytic skills of the engineer with the practical skills of the technician.

Construction Project Management

A multidisciplinary major created to address the high demand in the construction industry. Students are required to complete a total of 11 credits of experiential learning. This provides our students with applied industry knowledge. Tap into our talent early by providing internship opportunities.
