

INDUSTRY PARTNERSHIPS

Investing in a sustainable future for the state's students, communities, and workforce

The Classroom to Career (C2) Hub focuses on the Colorado economy and anticipated growth industries to develop relationships between the University and organizations in those fields.

As part of the C2 Hub, the Industry Partnerships team connects our diverse student population to prospective employers in a variety of industries that are aligned to students' career ambitions.

While each partnership varies, the priority is expanding career opportunities for MSU Denver students through relevant career development programs and experiential learning while supporting the talent pipeline of organizations.

Help MSU Denver scale its impact!

We are looking for partners from any industry who are willing to share ideas, explore opportunities or invest in this revolutionary new approach to higher education.

Why it matters

Grow Your Own

MSU Denver is the University best positioned to answer workforce demand: 96% of our students are from Colorado and 80% of our graduates stay in Colorado after graduation. Upskilling local talent results in less cost for companies and better long-term outcomes for students and local communities.

Diversifying the Workforce

The C2 Hub provides companies a direct line to a workforce and talent pipeline that reflects Colorado and provides all students equitable career opportunities. At MSU Denver, 57% of undergraduates are first-generation students and 48% are students of color. We have a thriving LGBTQ community and more than 1,000 military veteran students.

MSU Denver's Industry Partnerships team engages industry, campus and community stakeholders in mutually beneficial experiences to provide students with robust, career-focused opportunities.

Connect with MSU Denver

Talent Pipeline

Participate in recruiting events and post opportunities for jobs, internships, service learning and volunteering.

Diversity, Equity and Inclusion

Build a more diverse and inclusive work environment by investing in top talent and accessing equity resources that support diversity recruitment.

Branding and Partnerships

Advertise and engage students through mentoring, guest lecturing, scholarships and student services. Collaborate with faculty experts on research and assessment projects.

Professional Learning & Development

Develop your employees with certificates, undergraduate degrees, master's programs, and continuing education.

Industry Partnerships

LAW & PUBLIC SERVICE

MSU Denver strives to promote public service careers to our diverse student population, 95% of whom are from Colorado. Our students know their communities and are well equipped to pursue careers that work to address Colorado's needs and challenges in a variety of ways.

Recruitment Opportunities

Consider recruiting at our annual Public Service/Careers of Social Impact Job and Internship Fair. Registration for this career fair is exclusively open to city, county, state, and federal agencies, and non-profit organizations. As a lead-in to the event, we host multiple campus events promoting interest in public service careers among our students. This is a great opportunity to talk to students across all majors about careers with your organization.

Campus Engagement Opportunities

We host a variety of group discussion opportunities throughout the year that feature our public service partners including panel discussions and/or class visits. These opportunities allow employees from your organization to share real-world experiences about the impact of their careers on their own lives and on the communities where they work.

Dedication to Public Service

We work closely with MSU Denver's Institute for Public Service, which prepares students to enter the public service sphere. This work includes academic courses, guest speakers and instructors, and the organization of public events. The Institute aims to secure student representation at the local, state, and national levels.
