# The University, Its Mission, and The Campus

Metropolitan State University of Denver is a comprehensive university offering bachelor's and master's degrees on the Auraria Campus in downtown Denver. Founded in 1965, MSU Denver serves about 20,000 students and educates more undergraduate Coloradans than anyone else in the state.

## Role and Mission

MSU Denver is a comprehensive, baccalaureate- and master's-degree granting urban university that offers arts and sciences, professional and business courses and programs to a diverse student population in an atmosphere of mutual respect. Excellence in teaching and learning is MSU Denver's primary objective.

MSU Denver's mission is to provide a high-quality, accessible, enriching education that prepares students for successful careers, post-graduate education, and lifelong learning in a multicultural, global, and technological society. To fulfill its mission, MSU Denver's diverse university community engages the community at large in scholarly inquiry, creative activity and the application of knowledge.

## Undergraduate Degrees and Programs

With its modified, open admissions policy, the university welcomes students from all walks of life and circumstances, including all levels of academic preparation consistent with statutory guidelines, all conditions of economic and income status, all ages, and all ethnic and cultural backgrounds. In addition to degree-seeking students, non-degree students seeking opportunities for continuing education are welcomed.

- MSU Denver is required to serve adult students. Students who are 20 years of age or older and hold a GED or high school diploma are automatically admitted to MSU Denver, irrespective of their academic record.
- MSU Denver is required to serve traditional-age students of all levels of achievement and potential. As a result, the university enrolls a rich mix of recent high school graduates and transfer students, many with excellent grades and test scores and others with more modest achievements.
- MSU Denver is required to be accessible to all. That is why, with its tuition remaining among the lowest in the state, MSU Denver is Colorado's best value in education.
- Degrees and programs are offered in in-person, online, and hybrid formats, and available formats are listed on each major program page. MSU Denver students have complete flexibility to choose the course formats they prefer and can

mix and match formats regardless of the program they are pursuing.

The university is primarily a teaching institution in which excellence in teaching and learning is accorded the highest priority. Student success, supported in a collegial atmosphere of academic freedom, is of paramount importance, and all members of the college community seek to inspire students to strive for the highest level of achievement. The university endeavors to provide students with an education that enhances the quality of their lives and enables them to be well-educated, critically thinking citizens who contribute and participate in meaningful ways in community and civic life.

At the undergraduate level, MSU Denver awards bachelor of science, bachelor of arts, bachelor of fine arts, bachelor of music and bachelor of music education degrees. Students may choose from more than 95 majors, more than 95 minors, and more than 30 certificate programs offered through four colleges: Aerospace, Computing, Engineering, and Design; Business; Health and Human Sciences; and Letters, Arts and Sciences; as well as the School of Education and the School of Hospitality. Programs range from the traditional disciplines, such as history and biology, to contemporary fields of study, such as biochemistry, athletic training, and communication design. MSU Denver offers several bachelor's degree programs unique in Colorado, including aviation management, health care management, meteorology, and integrative healthcare. Students may also design their own degree through the Individualized Degree Program.

## Graduate Degrees

MSU Denver offers advanced degrees in several graduate programs. The master's programs are professionally-oriented degrees that will help to prepare students for success and accommodate graduates' increased engagement with community needs. Students interested in the master's programs should refer to the Graduate Catalog for details.

## Students

As an urban university committed to serving the local community, MSU Denver serves students from a diverse mixture of age groups, socioeconomic classes, ethnic backgrounds, and lifestyles. The university's curriculum and philosophy reflect that diversity and enrich the urban experience.

Current undergraduate enrollment as of Fall 2024 is 16,600. The average student age is 24. MSU Denver enrolls the highest number of undergraduate students of color of all four-year colleges in the state.

About 58% of undergraduate students are enrolled full time, with 58% of students being first-generation to college. Ninety percent of undergraduate students reside in the seven-county area of the Denver metropolitan area.

## Faculty

About 575 full-time faculty teach for MSU Denver. Professors are recruited and evaluated for their ability to teach and engage students. All classes are taught by academic instructors. As a culturally diverse team of academicians, 51.6% of full-time faculty are women, and 26% represent faculty of color.

The university also brings real-world education into the classroom by hiring affiliate faculty who work in the Denver metropolitan community and use their expertise and experience in the arts, business, communication, law, politics, the sciences and technology in their teaching. For a complete list of faculty and their credentials, please visit the [Faculty page](#).

# The Campus

Metropolitan State University of Denver is located at the Auraria Higher Education Center, a 127-acre campus in downtown Denver at Auraria Parkway and Speer Boulevard. The Community College of Denver and the University of Colorado Denver share the facilities with MSU Denver. The campus includes more than one million square feet of space for classrooms, laboratories, and offices.

## Jordan Student Success Building

The Jordan Student Success Building, the first of two new MSU Denver Neighborhood buildings, opened in March 2012. The \$62-million building, funded entirely by student-approved fees, houses classrooms, administrative offices, and student services, including admissions, advising, registrar, financial aid, and the bursar's office, all in one convenient location.

## Hotel and Hospitality Learning Center

MSU Denver's Hotel and Hospitality Learning Center is one of only 11 teaching hotels on a university campus in the country. The hotel, a SpringHill Suites ® by Marriott, includes 150 hotel rooms and conference facilities. It also provides hands-on training opportunities for students in the university's School of Hospitality. The adjacent

Hospitality Learning Center boasts more than 28,000 square feet of academic space, including classrooms, specialty learning labs and faculty offices.

## Historic Ninth Street Park and Tivoli Brewery

Other administrative offices are located in restored Victorian homes in Denver's historic Ninth Street Park located on the Auraria site. The campus also features a child care center; the comprehensive, 184,000 square-foot Auraria Library designed by Helmut Jahn of CF Murphy, which won an award from the American Institute of Architects; and one of the most unusual student union facilities in the country located in the historic, Bavarian-style Tivoli Brewery Building. Excellent physical fitness facilities include a block-long physical education/events center with a weight room, game courts, dance studios, a climbing wall, and event seating for 3,000.

## Center for Visual Art on Santa Fe

The university's proximity to downtown Denver enables students and faculty to use the community as a learning laboratory and to connect classroom theory to the cultural, economic, social, and political practices of the city. The Center for Visual Art (CVA), located in the Santa Fe Art District, is the university's off-campus art gallery. In addition to showing significant contemporary art, the award-winning CVA serves as an interactive art laboratory for MSU Denver students and the larger community.

## University Recognition and Awards

- MSU Denver is a designated Hispanic-Serving Institution. A Hispanic-Serving Institution (HSI) is a federal designation by the U.S. Department of Education that acknowledges colleges and universities with 25% or more total undergraduate Hispanic/Latina/o/x full-time equivalent (FTE) student enrollment.
- MSU Denver accepted the 2024 Alianza Award from the non-profit Colorado Latino Leadership, Advocacy & Research Organization. The Alianza Award, CLLARO's only institutional honor, recognized the University for its enduring positive impact on Colorado's diverse communities
- The Colorado Association of Black Journalists named MSU Denver the Top Large University in 2024.
- MSU Denver was one of only six institutions in the nation to receive the inaugural SUCCESS Award from TheDream.US, the Presidents' Alliance on Higher Education and Immigration, and Immigrants Rising in 2024. The award recognizes institutions that are supporting undocumented students' access and success on their campuses and beyond.
- MSU Denver has been named the Hispanic Association of Colleges and Universities' Outstanding HACU-Member Institution for 2021. The national award recognizes and honors extraordinary support of HACU's mission and MSU Denver's important contributions to the educational success of underserved populations, particularly Latinx students. For 34 years, MSU Denver has been a supportive member of HACU, and accessibility, diversity and inclusion have been core tenets of the university's mission since its inception. The university has hosted the HACU Emerging Leaders Summit, university staff have attended the annual Capitol Forum, and MSU Denver students have participated in HACU scholarship and internship programs.
- Metropolitan State University of Denver earned another prestigious honor for its commitment to diversity, equity and inclusion when University leaders accepted a 2024 Leaders in Diversity Award from the Denver Business Journal. MSU Denver was one of 11 organizations honored at the June 20 awards ceremony, which also recognized 10 individual DEI leaders.
- MSU Denver earned a Gold Seal from the All In Campus Democracy Challenge for nonpartisan student-voter participation in the 2020 Presidential Election. Total student-voter participation at MSU Denver rose from 65.9% in 2016 (compared with a 50.4% voting rate among all higher-education institutions) to 75.4% in 2020 (compared with 66% across all institutions). This earned the University recognition in All In's gold category, which honors institutions that achieve a student-voter participation rate of 70% to 80%. The award was announced during the organization's third biennial awards ceremony Monday November 9, 2021.
- MSU Denver made the honor roll of *Washington Monthly's* 2021 America's Best Colleges for Student Voting. With the rise of youth voters, Washington Monthly sought to recognize universities whose administrations actively support student-voting organizers. To land a spot on this year's Washington Monthly honor roll, institutions had to show repeated commitment to increasing student voting. Among several qualification requirements, MSU Denver made the University's 2016 and 2018 National Study of Learning, Voting and Engagement data publicly available.
- In 2020, **Campus Compact** recognized MSU Denver with the *Richard Guarasci Award for Institutional Transformation* for its demonstrated "efforts to address issues of public concern by aligning teaching, research, practice, and values in service of the common good." More specifically, the university was granted the award "for its comprehensive, institution-wide approach to planning for institutional change, which has included a Civic Action Plan, emerging assessment, connected efforts across departments, and clarity around institutional goals. As an urban land-grant institution, MSU Denver has committed to being an institution of the city, an integral, visible part of the communities within which it exists. MSU Denver demonstrates a clear and active commitment to strengthening its

understanding of urban issues and to partnering with and serving its neighbor organizations in order to better meet the needs of the metropolitan area."

- In 2017, MSU Denver received the award for the **Highest Undergraduate Voting Rate** from All In Campus Democracy Challenge with a total of 65.3% of *undergraduate* students who voted.

# 2025-2026 Academic Calendar

- [Fall 2025 Semester](#)
- [Spring 2026 Semester](#)
- [Summer 2026 Semester](#)

*Please note: Deadlines differ proportionally for courses offered during part of a semester, including late-start and weekend courses. Students should refer to the Student Detail Schedule in the Student Hub to review drop and withdrawal deadlines for individual courses.*

## Fall 2025 Semester

Priority Registration Begins	Monday, March 31, 2025
Academic Suspension Appeal Deadline	Monday, August 11, 2025
Tuition Payment Deadline	Friday, August 15, 2025
Classes Begin (Full-Semester Classes)	Monday, August 18, 2025
Last Day to Self-Register for Full-Semester Classes	Monday, August 25, 2025
Last Day to Drop Full-Semester Classes with 100% Refund. For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Monday, August 25, 2025
Labor Day (Campus Closed)	Monday, September 1, 2025
Last Day to Drop Classes with 50% Refund (Full- Semester Classes Only) For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Wednesday, September 3, 2025
Last Day to Withdraw (Full-Semester Classes) For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Thursday, November 20, 2025
Fall Break (Campus Open, No Classes)	Monday, November 24 - Wednesday, November 26, 2025
Thanksgiving Holiday (Campus Closed)	Thursday, November 27, 2025
Thanksgiving Holiday (MSU Denver Closed)	Friday, November 28, 2025
Classes End (Full-Semester Classes)	Saturday, December 6, 2025
Final Exam Week	Monday, December 8 - Saturday, December 13, 2025
Commencement	Friday, December 12, 2025
Grades Due From Faculty at Noon	Thursday, December 18, 2025
Grades Available Online at the Student Hub	Friday, December 19, 2025
Winter Break (Campus Closed)	Thursday, December 25, 2025 - Thursday, January 1, 2026

## Spring 2026 Semester

Priority Registration Begins	Monday, October 27, 2025
Winterim Period	Monday, January 5 - Saturday January 17, 2026
Academic Suspension Appeal Deadline	Monday, January 12, 2026
Tuition Payment Deadline	Friday, January 16, 2026
Martin Luther King Jr. Day (MSU Denver Closed)	Monday, January 19, 2026
Classes Begin (Full-Semester Classes)	Tuesday, January 20, 2026
Last Day to Self-Register for Full-Semester Classes	Monday, January 26, 2026
Last Day to Drop Full-Semester Classes with 100% Refund. For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Monday, January 26, 2026
Last Day to Drop Classes with 50% Refund (Full- Semester Classes Only) For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Thursday, February 5, 2026
Spring Break (Campus Open, No Classes)	Monday, March 23 - Sunday, March 29, 2026
Last Day to Withdraw (Full-Semester Classes) For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Friday, April 24, 2026
Classes End (Full-Semester Classes)	Sunday, May 10, 2026
Final Exam Week	Monday, May 11 - Sunday, May 17, 2026
Commencement	Friday, May 15, 2026
Grades Due from Faculty at Noon	Thursday, May 21, 2026
Grades Available Online at the Student Hub	Friday, May 22, 2026

## Summer 2026 Semester

Priority Registration Begins	Monday, February 23, 2026
Memorial Day (Campus Closed)	Monday, May 25, 2026
Maymester Period	Tuesday, May 26 - Saturday, June 6, 2026

Academic Suspension Appeal Deadline	Monday, June 1, 2026
Tuition Payment Deadline	Friday, June 5, 2026
Classes Begin (Full-Semester, 8-week Classes Only)	Monday, June 8, 2026
Last Day to Self-Register for Full-Semester Classes	Friday, June 12, 2026
Last Day to Drop Full-Semester Classes with 100% Refund. For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Friday, June 12, 2026
Last Day to Drop Classes with 50% Refund (Full- Semester Classes Only) For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Tuesday, June 16, 2026
Juneteenth Holiday Observed (Campus Closed)	Friday, June 19, 2026
Independence Day Holiday Observed (Campus Closed)	Friday, July 3, 2026
Last Day to Withdraw (Full-Semester Classes) For specific refund and withdrawal deadlines for non-full semester classes, look at your student detail schedule in the Student Hub.	Monday, July 27, 2026
Classes End (Full-Semester, 8-week Classes Only)	Sunday, August 2, 2026
Grades Due from Faculty at Noon (Full- semester, 8-week Classes Only)	Thursday, August 6, 2026
Grades Available Online at the Student Hub (Full- semester, 8-week Classes Only)	Friday, August 7, 2026

# Academic Policies and Procedures

Students are responsible for full knowledge of the provisions and regulations pertaining to their program contained in this catalog and elsewhere. Students have final responsibility for completing the requirements for a degree and are urged to seek advising. Students should never assume that they have approval to deviate from a stated requirement without a properly signed statement to that effect.

For information regarding MSU Denver's academic policies, click on a link to be taken to the entry below.

## Academic Standing Policy

### *Good Academic Standing*

A student is deemed to be in Good Academic Standing if they maintain a cumulative GPA of 2.0 or higher. Other academic standards may apply to specific programs. A student must satisfy those other academic standards to remain in Good Academic Standing with their program. See specific programs' policies to determine whether alternative or additional standards apply.

### *Academic Notice/Recovery/Suspension Standing*

#### Academic Notice Standing

A student in Good Academic standing whose cumulative GPA falls below 2.0 will be on Academic Notice standing with the university

during their next semester. A student will be removed from Academic Notice standing and updated to Good Academic standing if they achieve a cumulative GPA of a 2.0 or higher at the end of their semester on Academic Notice standing. More restrictive standards may apply to certain programs, colleges, or schools. See information on program of interest.

#### Academic Recovery Standing

A student whose cumulative GPA drops below a 2.0 by the end of their semester on Academic Notice standing will be placed on Academic Recovery standing with the university during their next semester at MSU Denver. A student will be placed on Academic Recovery standing as long as they have a cumulative GPA below 2.0, but are making academic progress toward Good Academic standing, as explained in the guidelines below. Other conditions may apply to given programs, colleges, or schools. See information on the program of interest.

A student is removed from Academic Recovery standing and is updated to Good Academic standing the semester after achieving a cumulative GPA of at least 2.0. During any semester that a student is on Academic Recovery standing, the student must make academic progress toward returning to Good Academic standing with the university by meeting the following guidelines:

- Achieve a required semester GPA of 2.2 or higher during each semester while under Academic Recovery standing.
- Are allowed to register for up to 13-credit hours in the Fall and Spring semesters and up to 7-credit hours for Summer semester while on Academic Recovery standing.
- Complete recommended actions as discussed with Student Intervention Services and the student's academic advisor (action items may include taking or repeating certain classes, using academic policies, utilizing the Tutoring Center, Writing Center, and/or other university resources).
- Demonstrate understanding the University's Academic Standing policy.

While on Academic Recovery standing, a student must meet with an academic advisor to discuss an academic success plan before they can register for the subsequent semester).

If a 2.2 semester GPA is not obtained, while on Academic Recovery standing, the student will be placed on Academic Suspension standing.

Only semesters in which the student received a grade will be counted towards the number of semesters below a cumulative 2.0 GPA.

#### Academic Suspension Standing

A student on Academic Recovery standing who is not making academic progress toward Good Academic standing will be prohibited from registering for classes at MSU Denver for three-consecutive semesters from the date of suspension (end of term).

Students on Academic Suspension standing who intend to continue taking classes during the next semester must first submit an appeal of

their academic standing to the Associate Director, Advising Systems & Intervention Services by the prescribed semester deadline. Students who do not submit an appeal by the deadline who have registered for the anticipated semester will be dropped from their courses.

The Associate Director will deliver the appeal materials to the Student Academic Review Committee, which will review the appeals and notify the student of its decision. The Student Academic Review Committee's appeal review decision is final.

Any student returning to the university after three consecutive semesters of academic suspension must reapply and will be readmitted on Academic Recovery standing with the university. For these students, all Academic Recovery standing guidelines outlined above will apply.

Contact [Student Intervention Services](#) by email at [sis@msudenver.edu](mailto:sis@msudenver.edu) or by calling 303-605-5644 for further information about the Academic Standing policy at MSU Denver.

## Best Grade Stands

A student's grades for repeated courses will be removed from GPA calculations, regardless of the original grade earned. Only the best grade and its associated credit will be calculated in the GPA and earned hours totals. Other attempts for the course will appear on the official academic record but will be annotated to indicate they do not count for academic credit or GPA calculation. This policy applies only to courses taken at MSU Denver, and it does not apply to courses designated as repeatable toward degree requirements.

To qualify for this policy, a repeated course must carry the same title, course number, and semester hours as the original course. Officially recognized course equivalencies will apply, excluding transfer course equivalencies. The determination of course equivalency will be made by the Office of the Registrar in consultation with the Office of Academic Affairs and the academic department offering the course.

A grade will not be removed from GPA calculations once a degree has been conferred if the course was required for the degree conferred. Students who have earned a degree at MSU Denver and subsequently take additional courses or work toward a second degree may use this policy for courses in which they are enrolled after the first degree is awarded.

A permanent "F" assigned as a result of academic dishonesty will not be removed from GPA calculations.

A student may be awarded financial aid funds for one retake of a passed course. All repeated courses will count towards Satisfactory Academic Progress calculations and could impact financial aid eligibility. Please see the [Office of Financial Aid and Scholarships](#) for additional information on how repeating courses may impact your financial aid eligibility. All credit hours earned for initial and repeated courses will be deducted from a student's remaining COF (College Opportunity Fund) stipend eligible hours. For details on

how repeated courses might impact Veteran Education benefits, please visit with the [Veteran and Military Benefits office](#).

## Catalog Selection for Degree and Certificate Requirements

In determining degree and certificate requirements, students are governed by the catalog in effect for the semester of acceptance to MSU Denver. Students may elect to follow any later qualifying catalog edition that is put into effect while they are continuously enrolled at MSU Denver. A qualifying catalog must contain the student's complete program of study, including, but not limited to, major, minor, concentration, and other graduation requirements. If the student's complete program of study is no longer offered, the student cannot elect to follow that catalog. All degree and certificate requirements must adhere to current policies at MSU Denver. Students who do not enroll in classes for three or more consecutive semesters (Fall, Spring, and Summer, in any order) must be readmitted to the university and are governed by the catalog in effect upon their re-acceptance. Students who are readmitted to the university may at any point elect to follow degree requirements under an earlier MSU Denver catalog, subject to the following conditions:

- The student must select a degree catalog that does not predate the current catalog by more than 10 academic years at the time of request.
- To complete a degree program under an earlier, qualifying catalog, the student must obtain authorization from the academic department offering the degree program.
- To complete a degree or certificate program under an earlier, qualifying catalog, the student must obtain authorization per the degree exception process.
- In order for the selected qualifying catalog edition to remain in effect, the student must maintain continuous enrollment at the university.

Students transferring to MSU Denver from a regionally accredited, Colorado community college may complete degree requirements under an MSU Denver catalog in effect while they were enrolled at the community college, subject to the following conditions:

- The student must select a degree catalog that does not predate the current catalog by more than three academic years.
- To complete a degree program under an earlier, qualifying catalog, the student must obtain authorization from the academic department offering the degree program.
- In order for the selected catalog edition to remain in effect, the student must maintain continuous enrollment at the community college and subsequent continuous enrollment at the university until the student completes the degree program at MSU Denver.

## Classification of Student Status

Students are classified according to the number of semester hours of credit earned: freshman status equals fewer than 30; sophomore status equals 30 or more, but fewer than 60; junior status equals 60 or more, but fewer than 90; senior status equals 90 or more.

## Computing Grade Point Average/Quality Points

The number of quality points awarded for a course is determined by multiplying the number of semester hours for that course by the quality point value of the grade received. The cumulative GPA is calculated by dividing the total number of quality points by the number of semester hours attempted.

To be eligible for a degree, a candidate must have a minimum number of quality points equal to twice the number of semester hours attempted in addition to meeting other prescribed requirements. The following notations have no effect on the GPA: AP, AU, AW, CL, EX, I, NR, P, PL, PP, S, S#, SA, SE, SN, U#, W.

## Course Count and Limits

Courses are allowed to count as meeting requirements in multiple areas. This means a course may count multiple times in a student's degree plan. The credit hours for the course fulfill the credit hours in each area that the course is listed (major, minor, General Studies, etc.), but still only count once in the 120-credit hour minimum requirement for the awarding of a degree.

To ensure a well-rounded higher education grounded in the liberal arts and sciences, student course selections cannot be confined solely to their major. Within each degree a student must take at least 33 credit hours outside of their major's most recurrent prefix in order to graduate. For the purpose of this rule courses taken in a minor, a second or double major, ancillary course work or other academic program that does not carry the student's most recurrent major prefix would count toward the 33 -credit hour total necessary to graduate.

In an interdisciplinary major, the academic prefix that comprises a majority of the credit hours in the major would be considered the most recurrent prefix. If there is not an academic prefix with a majority of credit hours, then the prefix that has the largest fraction of credit hours would be considered the most recurrent prefix for the purpose of this rule. In programs where there is a tie in the number of credit hours required per prefix, the department that owns the major for the purposes of the curriculum manual will be treated as the owner of the most recurrent prefix.

This rule means students may fulfill many degree requirements but still not have the necessary total 120 credit hours to complete a bachelor's degree. Students are encouraged to meet with professors or academic advisors to consider coursework outside of General Studies and a major such as a minor, a double major, or coursework in other interest areas, to ensure degree completion in a timely manner.

## Course Credit (Semester Hours)

Course credit is based on units designated as semester hours. One semester hour or one base contact hour equals a minimum of 750 minutes; this equation translates to a minimum of 15, 50-minute class hours per semester. Time required for class preparation is not a consideration in the calculation of course credit. A three-semester-hour course will require approximately six to nine hours of work each week outside of class. Omnibus courses involving laboratory work give one semester hour of credit for each two, three or four hours of scheduled work in the laboratory during a week, depending on the course. Internships require a minimum of 2,700 minutes for each hour of credit.

## Course Load

The average course load for a 16-week semester is 15 or 16 semester hours; 18 semester hours is the maximum load for fall and spring semesters, with a maximum of 12 semester hours for summer semester. The maximum load for a two-week Winterim or Maymester term is 3 semester hours, excluding short-term study abroad courses. During fall and spring semesters, students with cumulative MSU Denver grade point averages (GPAs) of 3.25 or higher may take 19 or 20 semester hours for the fall and spring semesters or 13 or 14 semester hours for the summer semester, and those students with GPAs of 3.50 or higher may take 21 or more semester hours for the fall and spring semesters or 15 or more semester hours for the summer semester. Students must have completed at least 15 semester hours at MSU Denver to qualify. All students should complete the Undergraduate Petition for Overload Exception form which is available from the Office of the Registrar. Note that signatures by the student's major department chair and the appropriate dean are required for students petitioning for 21 or more credit hours, or those not meeting the minimum qualifications.

## Declaring or Changing a Major or Certificate

New students indicate their intended major on the MSU Denver Application for Admission. While students may select "Exploratory" as a major at the time of admission, all degree-seeking students must declare a major before completion of 45 credits. Degree-seeking students who transfer in more than 45 credits must declare a major before registering for a second semester. Students who wish to change a major and students pursuing a certificate program must complete a Declaration/Change of Major form, which is available from the [Office of the Registrar](#).

## Degrees for Students with Terminal Illness

A student in good standing who is diagnosed with a terminal illness while attending Metropolitan State University of Denver may be awarded a degree without fulfilling all degree requirements.

The criteria for the award of a degree under these circumstances are:

- The student is in good academic standing
- The student is otherwise eligible for continued enrollment
- Documentation from the treating physician is received by the university

Any party interested in seeking a degree for a student with a terminal illness will contact the Dean of the College or School in which the student's program resides or the Dean of Students. Upon final approval of the President and/or the Board of Trustees, a diploma will be given to the student, or a person designated by the family. The name of the student may be announced at the commencement directly following the conferring of the degree.

If it is determined that the student was enrolled in their final courses sufficient to meet the university's graduation requirements, and therefore would have earned their degree had they successfully completed the remaining program requirements in their last semester of enrollment, the degree will be counted as an earned degree within university completion counts. If it is determined that the student recovers from the terminal illness, the Office of the Registrar will expunge the degree.

If it is determined that the student was not enrolled in their final courses sufficient to meet the university's graduation requirements, and therefore would not have been granted a degree if they successfully completed the last semester of enrollment, the degree will not be counted as an earned degree within university completion counts and will not be listed on the student's transcript.

In instances in which the criteria for the award of a degree have not been met, college or department faculty may present collegiate or departmental awards of recognition at ceremonies other than commencement.

## Fresh Start

Students returning from a period of absence seeking to re-enroll at MSU Denver may request that credit and grades from designated semesters previously attempted at MSU Denver not be calculated in GPA or total earned hours.

If such a "Fresh Start" is approved, all courses from designated semesters will appear on the official academic record but will be annotated to indicate they do not count for academic credit or GPA calculation.

This Fresh Start will be granted once, for a period of at least one semester, with a maximum of 54 credit hours, under the following conditions:

- The student must have not been enrolled at MSU Denver for at least one year (three consecutive semesters, including summer). This policy shall only apply to designated

semesters in which the student earned a GPA of 2.0 or below, which have not been applied to the completion of an MSU Denver degree or certificate, and which were attempted prior to the one year absence.

- The student must be in good financial standing with MSU Denver at the time of application.
- The Fresh Start policy may only be used once in a student's entire MSU Denver career and is only applicable to undergraduate students pursuing a degree at MSU Denver.
- An approved Fresh Start shall not be reversed.
- A notation will be recorded on the student's official transcript that a Fresh Start was applied.
- Students who are declared as non-degree seeking are not eligible (can be seeking a certificate, be undeclared, etc.).
- The student must re-enroll at MSU Denver and complete a minimum of 6 credit hours with a C+ or higher before the fresh start will be applied to the student's academic record.
- Fresh start students who re-enter under academic probation status are required to meet with an advisor and discuss pathways to success, including available university resources.
- If a student becomes inactive due to non-enrollment, their timeline for eligibility will start over.

## Grade Appeal

If students have reason to question the validity of a grade received in a course, they must make their request for a change before the end of the fourth week of the semester following the completion of the course (the following fall semester if the course was completed in the spring semester). It is the responsibility of the student to initiate a grade appeal within the time limit, and to follow the procedures for grade appeals specified below. All decisions of the Grade Review Committee are final.

### Student Grade Appeals

The university supports open communication as the best means to resolve concerns about grades. If a student believes that the grade they received for a course does not reflect the quality of their work, the first step is to meet with the instructor for the course on an informal basis. The following will be the only acceptable grounds for formal grade appeals:

1. The course grade was assigned on a basis other than performance in the course.
2. The instructor used standards that were different from those allowed for other students in the same class, or different from those allowed in departmental/college/school policies if specific departmental/college/school grading policies exist.

3. A substantial and unannounced departure from the instructor's previously articulated standards was used in assigning the grade.
4. A permanent "F" has been assigned and the student wishes to appeal.

Only grade appeals based on one or more of the above criteria will be considered. Outside the regular grade change procedure, only the chair of the Grade Review Committee, with proper written authorization from that committee, may initiate the grade exception process.

## Exceptions to the Grade Appeal Policy and Procedure

The Grade Appeal Procedure shall constitute the sole internal administrative remedy for a change in grade, except when a grade dispute involves an Office of Equal Opportunity discrimination complaint. If a grade dispute arises from an issue that is covered under the university's Equal Opportunity policies, which address discrimination on the basis of race, color, disability, religion, national origin, sex, sexual orientation, age or status, such as Vietnam-era disabled veteran, the student should contact the Office of Equal Opportunity. The Office of Equal Opportunity process for resolution takes precedence over the university's grade appeal process.

## Grade Appeal Procedure

The Grade Appeal Procedure shall have both an informal and a formal resolution process. The student must attempt informal resolution prior to filing a formal grade appeal.

## Informal Resolution Process

### *Step 1*

The informal resolution process must take place before the last day of the fourth week of the semester following the assignment of the grade. The student must meet with the instructor prior to meeting with the chair or proceeding to the formal appeal process.

### *Step 2*

If the instructor is not available to meet with the student or does not respond to the student's request to meet and/or the student is not satisfied with the result of the informal meeting with the instructor, the student must meet with the chair of the department to attempt to resolve the grade concern prior to filing a formal grade appeal.

During the informal resolution process, the student may meet with the dean or the dean's designee to clarify the grade appeal policy and process. The student may also access Student Conflict Resolution Services for assistance in the process. Students are encouraged to use the informal resolution process to clarify any miscommunications with the instructor or confusion about course expectations.

## Formal Resolution Process

### *Step 1: File Petition with the Dean*

After meeting with the instructor and the chair and failing to resolve the grade concerns, the student may initiate a formal resolution process. The student must file a [Petition for Grade Appeal](#) with the dean of the instructor's school by the last day of the fifth week of the semester following the course for which the grade was assigned. Deans may designate an associate or assistant dean to act in their places for the purposes of the Grade Appeal Procedure.

**Timeline:** A Petition for Grade Appeal for a grade assigned in fall term shall be filed in the spring term. A Petition for Grade Appeal for a grade assigned in spring or summer term shall be filed in the following fall term. If the dean determines that it is academically necessary for the grade appeal to be processed during a summer term, they will facilitate the process by developing an appropriate timeline and submitting a copy of the timeline to the chair and the Executive Vice President for Academic Affairs or their designee. With the exception of the deadline set for filing the Petition for Grade Appeal, the timelines for the process may be extended by written agreement of the student and dean or by the Office of Academic Affairs if good cause is shown.

**Process:** It is the student's responsibility to obtain and file the Petition for Grade Appeal form and to follow the procedural rules for the appeal process. The student is advised to keep a copy of all documents submitted. The Petition for Grade Appeal form is available through each academic dean's office and the Office of the Registrar. A separate Petition for Grade Appeal must be filed for each course in which a grade is disputed. Access to all documents submitted is restricted to those involved in the grade appeal process or otherwise having a need to know.

The student must provide the dean with a completed Petition for Grade Appeal and all material that relates to the disputed grade at the time that the formal Petition for Grade Appeal is submitted. The petition must include:

1. A statement addressing how the appeal meets one or more of the four criteria necessary for a formal grade appeal.
2. A description of what occurred during the informal resolution process.
3. Copies of all graded materials from the course that are in the student's possession.
4. Any relevant documents the student would like to be reviewed as part of the appeal process.
5. A copy of the course syllabus/class policies (if the student has a copy).

The dean will forward a copy of the Petition for Grade Appeal to the chair of the department to notify the chair that a formal procedure has been initiated. The chair will be responsible for passing materials regarding the grade appeal on to the instructor. Within 15 working days of receiving the

formal appeal, the dean will assess whether one or more of the criteria have been met in the Petition for Grade Appeal. The dean may contact the student, instructor or chair to ask questions and/or request further information or documents in the process of assessing whether the appeal meets the criteria. The dean may request that the instructor provide a written response to the student's Petition for Grade Appeal and may request any additional documentation necessary to assess the Petition for Grade Appeal at this point in the process. Additional documentation may include graded materials in the instructor's possession. If any of the material provided by the instructor is confidential, e.g., examinations that may be used in subsequent terms, such materials shall be made available for review but shall not be made part of the Petition for Grade Appeal. The instructor has five working days to provide the response and materials requested by the dean to the dean and chair. A copy of the written response will be provided for the student. In their decision, the dean may:

1. Deny the appeal and send a letter or email to inform the student, the instructor and the chair of the instructor's department within five working days.
2. Decide that one or more of the criteria may have been met, and continue the formal appeal process. If the dean has not already requested a written response to the Petition for Grade Appeal from the instructor, the dean will make that request. The instructor has five working days to provide the written response and any additional materials requested to the student, chair, and dean. The dean will contact the student, instructor and chair within 15 working days of receiving the Petition for Grade Appeal to convene a meeting of all parties. The purpose of the meeting is to seek resolution of the appeal. Minutes shall be taken at the meeting.

If the appeal is resolved through the process of the meeting, the formal appeal process will end. The dean will write a report summarizing the resolution.

If the appeal is not resolved at the meeting, the dean shall send a copy of the minutes from the meeting, with a written recommendation, to the student, the instructor and the chair within five working days after the conclusion of the meeting.

The dean will send a copy of all materials relating to the Petition for Grade Appeal to the Executive Vice President for Academic Affairs or their designee for record-keeping purposes within five working days after the conclusion of the meeting or after sending a letter stating the appeal does not meet the criteria.

## ***Step 2: File the Petition with the Grade Review Committee***

If the appeal is not resolved to the student's satisfaction at the dean's level and the student wants the formal process to continue, the

student must send a written request to the Executive Vice President for Academic Affairs or their designee within five working days of receiving either a letter stating that the appeal does not meet the criteria or the recommendation based on the meeting from the dean. The Executive Vice President for Academic Affairs or designee will inform the dean, chair and instructor that the Grade Review Committee (GRC) will review the appeal.

The members of the GRC shall review all documents submitted by the dean and meet to discuss whether to hear the appeal or not within 20 working days. The GRC will not conduct a re-evaluation of the student's work and will not change the grade of an individual assignment. The GRC will hold a hearing for the Petition for Grade Appeal only if the appeal meets one of the four criteria necessary for a formal appeal.

The GRC may decide that they will not hear the appeal because no criterion has been met, or the petition is substantially incomplete. The GRC shall send written notification of their decision not to hear the appeal within five working days to the student, instructor, chair and dean, and the formal appeal process is over.

If the appeal is heard, the GRC shall notify the student, instructor, chair and dean, and will request their presence at the hearing meeting. The purpose of the meeting is to have all parties to the grade dispute provide answers and clarifications that members of the GRC may need in order to make a sound decision on the case.

The decision of the GRC shall be in the form of a motion, duly made and seconded, and adopted by a majority of the GRC members present and voting, assuming a quorum is met. In its decision, the GRC may:

1. Deny the appeal on its merits, with the effect that the disputed grade will remain on the student's academic record.
2. Grant the appeal and change the final grade to a grade or grade equivalent that is determined appropriate by the GRC.

The GRC will inform the student, instructor, chair and dean of its decision in writing within five working days of the hearing.

The decision of the GRC is final and cannot be appealed.

If the GRC finds in favor of the student's appeal, then the chair of the GRC acquires the authority to initiate the grade exception process. The chair of the GRC has five working days to notify the instructor of the decision and to initiate the grade exception process.

The Petition for Grade Appeal and all attachments will be kept in the Office of the Vice President for Academic Affairs for a minimum period of three years.

## **Grade Review Committee Membership and Policies**

1. The GRC shall consist of eleven members as follows:

- Two members shall be elected by and from the faculty from the College of Letters, Arts and Sciences.
  - One member shall be elected by and from the faculty from the College of Health and Human Sciences.
  - One member shall be elected by and from the faculty from the College of Aerospace, Computing, Engineering, and Design.
  - One member shall be elected by and from the faculty from the College of Business.
  - One member shall be elected by and from the faculty from the School of Education.
  - One member shall be elected by and from the faculty from the School of Hospitality.
  - Two student members shall be appointed by the Student Government: The Student Advocacy Council.
  - One non-voting ex-officio member from MSU Denver Graduate Studies
  - One non-voting ex-officio member from the Office of Academic Affairs shall be appointed by the Executive Vice President for Academic Affairs. Responsibilities of this member shall include staff assistance and record keeping.
2. The term of membership on the GRC shall be two years, with terms staggered, except that the term of the student members shall be one year. Terms shall begin on the first day of classes of the fall semester.
  3. Members may serve successive terms.
  4. Elections of faculty from each school or college shall occur in the spring, and members shall take office on the first day of classes of the fall semester.
    - The representative from the Office of Academic Affairs shall convene the first meeting of the GRC in the fall, at which time the members shall elect a chair.
  5. A meeting of the GRC to consider and vote on a Petition for Grade Appeal must have a quorum of voting members.
  6. The GRC shall prepare a written summary of the committee's decisions, the rationale for its decisions and the vote tally on the appeal. The summary shall be added to all existing documentation of the appeal.
  7. All documentation in a grade appeal shall be maintained in the Office of the Executive Vice President for Academic Affairs for a three-year period.
  8. The Chair of the GRC shall provide a yearly report of appeal activities, including recommendations for amending the Student Grade Appeal Policy, to the Office of Academic Affairs by the last day in June. Copies will be sent to all academic deans.

## Definitions

1. Informal Resolution means informal discussions that lead to the resolution of a grade dispute the student may have with the instructor, the chair of a department and/or the dean of a school.

2. Grade appeal procedure means the formal resolution procedure.
3. The time limits refer to weeks, not days of weeks.
4. The end of day means 5 p.m. on the designated day (i.e., end of a working day).
5. The last day of the week means the Friday of a calendar week.
6. Week ordinarily means Monday-Friday. If, for example, classes are not in session on a Monday, the designated week still ends on Friday.
7. Working day means any day classes or examinations are scheduled, excluding Saturdays, Sundays and holidays.
8. Assigned grade means a letter grade (e.g., A, B, C, D or F), grade equivalent (e.g. S/U), or the temporary grade of I (Incomplete).

## Grade Change

Grade changes must be submitted within the first seven weeks of the semester following the completion of the class. Spring semester grades can be changed through the seventh week of the following fall semester. Faculty may submit a grade change online to the Office of the Registrar via the Faculty and Staff portal.

- a. Incomplete (I)  
The incomplete notation is composed of an "I" (noted on the student's transcript) as well as the student's default grade (A, A-, B+, B, etc.), the grade the student has earned when they leave the class out of the total points of the class (the grade the student will earn if no additional work is submitted). Incomplete work must be completed within the subsequent long semester (fall or spring) or earlier, at the discretion of the faculty member. In the event of extended extenuating circumstances, the completion date for incomplete work may be extended for an additional long semester, at the discretion of faculty member.
- b. Other grade changes  
Grades may only be changed on the basis of an error in evaluation, computation, or transcription.

Grades may NOT be changed on the basis of revised standards of evaluation, new examinations, or additional work undertaken or completed after grades are submitted to the [Office of the Registrar](#).

## Grades and Notations

Faculty must assign a grade or notation for each student enrolled in a particular course. Faculty may, at their discretion, use the plus/minus system but are not required to do so. Faculty are required to notify students of the grading system used for an individual course via the course syllabus.

Certain grades and notations may impact a student's financial aid or other benefits. Students who request a grade or notation that impacts their financial aid or benefits are encouraged to speak with a

counselor in the [Office of Financial Aid and Scholarships](#) or the benefits provider prior to submitting the request.

## Grades

Letter grades and status symbols are as follows:

A+	4.00 quality points per semester hour attempted
A	4.00 quality points per semester hour attempted
A-	3.67 quality points per semester hour attempted
B+	3.33 quality points per semester hour attempted
B	3.00 quality points per semester hour attempted
B-	2.67 quality points per semester hour attempted
C+	2.33 quality points per semester hour attempted
C	2.00 quality points per semester hour attempted
C-	1.67 quality points per semester hour attempted
D+	1.33 quality points per semester hour attempted
D	1.00 quality point per semester hour attempted
D-	0.67 quality point per semester hour attempted
F	0 quality points per semester hour attempted
(Grade with #) - Preparatory	0 quality points per semester hour attempted

## Notations

For an explanation of each notation, click on a link to be taken to the entry below.

AP - [Advanced Placement](#)

AU - [Audited Course](#)

AW - [Administrative Withdrawal](#)

CL - [College Level Examination Program](#)

EX - [Credit by Examination](#)

I - [Incomplete](#)

NR - [Not Reported](#)

P - [Pass](#)

PL - [Portfolio Assessment](#)

S - [Satisfactory](#)

SA - [Study Abroad](#)

SE - [Satisfactory - Education or Music Recital Attendance](#)

SN - [Study Abroad - No Credit](#)

U - [Unsatisfactory](#)

UE - [Unsatisfactory - Education or Music Recital Attendance](#)

W - [Withdrawal](#)

## AP - Advanced Placement

The Advanced Placement (AP) notation is assigned when a student transfers credit for an Advanced Placement Examination conducted by the College Entrance Examination Board. The examination appears on the academic record with an "AP" notation. Credit for the examination does not count toward the student's attempted hours, counts toward earned hours, and is not calculated in the GPA or quality points.

## AU - Audited Course

The Audited Course (AU) notation is assigned when a student audits a course for informational purposes only. If space is available, students who meet MSU Denver admission requirements and are formally admitted to the university may audit a class with the permission of the instructor. Academic credit is not awarded for an audited course. The cost for auditing a course is based on applicable tuition and fees. The course appears on the academic record with an "AU" notation and does not count toward the student's attempted hours. The course is not calculated in the GPA or quality points. Audit approval forms are available from the [Office of the Registrar](#).

## AW - Administrative Withdrawal

The Administrative Withdrawal (AW) notation is assigned when a student, or representative, requests to be withdrawn from a course

due to unforeseen or extenuating circumstances beyond the student's control. When the "AW" notation is assigned, no academic credit is awarded. The course remains on the student's academic record with an "AW" notation and counts toward the student's attempted hours. The course is not calculated in the student's GPA.

Students may request an administrative withdrawal from the [Office of the Registrar](#) after the withdrawal deadline posted in the [Academic Calendar](#). Deadlines differ proportionally for courses offered during part of a semester, including late-start and weekend courses. Students should refer to the [Part-of-term dates](#) published by the Office of the Registrar to review withdrawal deadlines for individual courses.

Although requests are evaluated on a case-by-case basis, examples include the death of an immediate family member, serious illness or medical emergency, or other life-altering event. The student must provide supporting documentation to substantiate the request.

Students who request an administrative withdrawal may also request a tuition refund by filing an [Undergraduate Tuition and Fees Appeal](#) through the [Office of the Bursar](#).

## CL - College Level Examination Program (CLEP)

The College Level Examination Program (CL) notation is assigned when a student transfers credit for an examination completed through [CLEP](#). Credit for the examination does not count toward the student's attempted hours, counts toward earned hours, and is not calculated in the GPA or quality points.

## EX - Departmental Credit by Examination

The Credit by Examination (EX) notation is assigned when an academic department grants a student credit for an existing MSU Denver course for which the student requests and passes an appropriate examination. Credit for the examination does not count toward the student's attempted hours, counts toward earned hours, and is not calculated in the GPA or quality points.

## I - Incomplete

The Incomplete notation indicates that a student is achieving satisfactory progress in a course but is unable to complete all class assignments due to extenuating circumstances, such as documented illness, military leave, disability, internships that fall outside traditional semester timeframes, or circumstances beyond their control. The Incomplete notation is composed of an "I" (noted on the student's transcript) and the student's default grade (A, A-, B+, B, etc.), which is the grade the student has earned at the time course grades are first entered for the course.

An Incomplete notation may be assigned only if the student meets all these minimum requirements:

- The student has participated in an academically-related activity after the 60% mark of the course's part of term.

Academically-related activity involves active participation by a student in an instructional activity related to the student's course of study as defined by the last date of attendance.

- The student has completed more than 50% coursework and/or course contact hours, as determined by the faculty member or department chair if the faculty member is not available.

Incomplete grade notations are offered at the faculty member's discretion, or at the discretion of the department chair if the faculty member is not available. Satisfying the minimum university requirements for an Incomplete notation does not guarantee that one will be awarded. Departments and programs may establish higher minimum standards for awarding Incomplete notations. Incomplete notations based upon accommodations related to a student's documented disability should be determined in consultation with the Director of the Access Center or their designee.

When an Incomplete notation is awarded, the following process applies:

- When entering final course grades, the faculty member registers the Incomplete notation, the student's default grade, and the student's last date of attendance.
- The faculty member and student submit the Incomplete Agreement Form to the Office of the Registrar. This form establishes the outstanding work that the student may/should submit within a designated timeframe.
- The faculty member and student finalize additional Incomplete notation requirements established by their department or program, if any exist.
- The maximum timeframe for a student to submit remaining coursework is the end of the subsequent full term (i.e., the end of the next Fall or Spring semester). However, faculty members may require a shorter timeframe for submission of incomplete coursework, which will be documented on the Incomplete Agreement Form.
- When all remaining course work has been submitted and evaluated, when the student indicates that they have submitted all work they will be able to within the timeframe the faculty member will enter a change of grade form.
- If the work designated on the Incomplete Agreement Form is not completed within the established timeframe, the "I" notation will convert to the default grade submitted by the faculty member.

Deadlines vary according to course's formal schedule, also known as "part of term." Students should refer to the [Part of Term](#) dates published by the Office of the Registrar to review part of term date ranges, withdrawal deadlines, and such.

Students may not graduate with an "I" on their MSU Denver academic record if:

- The course in which the "I" was assigned is required for graduation, or
- The default grade assigned for that course would result in an overall GPA less than 2.00.

The Incomplete notation may not be given for self-paced courses. If a student does not complete a self-paced course within the semester that they enrolled in the course, they must re-enroll in the course in order to complete it. Students pay tuition and fees for each semester they are enrolled in self-paced courses.

## **NR - Not Reported**

The Not Reported (NR) notation indicates that no grade was reported by the faculty by the deadline to submit grades. Student must see faculty for an explanation or assignment of grade. Courses taken through interinstitutional registration are normally assigned the "NR" notation until grades are received and posted to the academic record. Students who receive an "NR" notation on their final grade report may be severely impacted. Financial aid, enrollment status, veterans' status and probation/suspension depend on students receiving all of their grades. The course counts toward the student's attempted hours, does not count toward earned hours, and is not calculated in the GPA or quality points.

## **P - Pass**

The Pass (P) notation is assigned when a student successfully completes a course for which the [Pass/Fail Option](#) has been requested. Course credit counts toward the student's attempted and earned hours but is not calculated in the GPA or quality points.

## **PL - Portfolio Assessment**

The Portfolio Assessment (PL) notation is assigned when an academic department grants a student credit for an existing MSU Denver course for which the student submits a [prior learning portfolio](#). Course credit does not count toward the student's attempted hours, counts toward earned hours, and is not calculated in the GPA or quality points.

## **S/U - Satisfactory/Unsatisfactory**

The Satisfactory (S) notation is equivalent to a grade of "C" or higher. Course credit counts toward the student's attempted and earned hours but is not calculated in the GPA or quality points.

The Unsatisfactory (U) notation is equivalent to a grade of "F." Course credit counts toward the student's attempted hours, does not count toward earned hours, and is calculated in the GPA or quality points.

These notations are limited to internships, practica, field experience courses, and workshops.

## **SA/SN - Study Abroad/Study Abroad - No Credit**

For the Study Abroad (SA) notation, course credit counts toward the student's attempted and earned hours but is not calculated in the GPA or quality points.

For the Study Abroad - No Credit (SN) notation, course credit counts toward the student's attempted hours, does not count toward earned hours, and is not calculated in the GPA or quality points.

## **SE/UE - Satisfactory/Unsatisfactory - Education or Music Recital**

The Satisfactory Education (SE) notation is equivalent to a grade of "B" or higher. Course credit counts toward the student's attempted and earned hours but is not calculated in the GPA or quality points.

The Unsatisfactory Education (UE) notation is equivalent to a grade of "F." Course credit counts toward the student's attempted hours, does not count toward earned hours, and is calculated in the GPA and quality points.

These notations are limited to the following courses: ECE 4390, EDS 4290, EDU 4190, EDU 4590, SED 4190 and SED 4500.

## **W - Withdrawal**

The Withdrawal (W) notation is assigned when a student officially withdraws from a course via the Student Hub after the drop deadline (census date) and before the withdrawal deadline posted in the [Academic Calendar](#). Deadlines differ proportionally for courses offered during part of a semester, including late-start and weekend courses. Students should refer to the Student Detail Schedule via the Student Hub to review drop and withdrawal deadlines for individual courses. When a student withdraws from a course, no academic credit is awarded. The course remains on the student's academic record with a "W" notation and counts toward the student's attempted hours. The course is not calculated in the student's GPA or quality points. Please see the [Office of Financial Aid and Scholarships](#) for additional information on how withdrawals may impact your financial aid eligibility. Students who withdraw from a course are responsible for the full tuition and fees for that course. After the withdrawal deadline, students may not withdraw from a course and will be assigned the grade earned based on the course syllabus. A student-initiated withdrawal will appear as an "F" on the student's academic record in any case of academic misconduct resulting in a permanent "F".

## **Honors and Awards**

MSU Denver annually recognizes students who show outstanding leadership and service to the University and community, excellence in scholastic achievement, and outstanding personal character and integrity. Due to wide variation in definition and interpretation of class rank, the university does not (by policy) rank its students or graduates. Recognition of students includes: The President's Award (one senior); The Provost's Award (one senior); Special Service-Student Affairs Award (one senior); Outstanding Fall Graduate

Award (one senior); Outstanding Student Awards (one senior from each College/School).

In addition to annual awards, students with outstanding academic achievements are recognized by being named on the university's Honor Lists. The President's Honor List contains the names of students who, at the time of computation, have achieved a cumulative GPA of 3.85 or higher. The Provost's Honor List contains the names of students who, at the time of computation, have achieved a cumulative GPA of between 3.50 and 3.84, inclusively. Computation will occur initially when the student has completed between 30 and 60 credits at MSU Denver, then again between 60 and 90 credits, and finally after more than 90 credits. Honors will only be computed three times in a student's academic life at the university. Questions should be directed to the [Office of Academic Affairs](#) at 303-615-1900.

Graduation honors are awarded to students who have demonstrated superior academic ability in their baccalaureate degree while attending MSU Denver. Honors designations are determined according to the following criteria:

- **Summa Cum Laude:**
  - College of Aerospace, Computing, Engineering, and Design graduates with a cumulative GPA of no less than 3.90
  - College of Business graduates with a cumulative GPA of no less than 3.89
  - School of Education graduates with a cumulative GPA of no less than 3.93
  - College of Health and Human Sciences with a cumulative GPA of no less than 3.90
  - School of Hospitality graduates with a cumulative GPA of no less than 3.89
  - College of Letters, Arts and Sciences with a cumulative GPA of no less than 3.93.
- **Magna Cum Laude**
  - College of Aerospace, Computing, Engineering, and Design graduates with a cumulative GPA of no less than 3.80
  - College of Business graduates with a cumulative GPA of no less than 3.75
  - School of Education graduates with a cumulative GPA of no less than 3.83
  - College of Health and Human Sciences with a cumulative GPA of no less than 3.80
  - School of Hospitality graduates with a cumulative GPA of no less than 3.75
  - College of Letters, Arts and Sciences with a cumulative GPA of no less than 3.87.
- **Cum Laude**
  - All MSU graduates with a cumulative GPA of no less than 3.65.

The honors designation is calculated twice: once for the commencement ceremony; and again at the end of the final semester for the official designation. Students pursuing dual majors will have honors designation calculated for the primary major.

The required GPA for honors designation will be reviewed at least every five years.

## Commencement Ceremony

To qualify for graduation honor recognition at the commencement ceremony, a student must have the specified GPA. UCD Pooled classes and other transfer credits are not considered when determining honors. Recognition at the commencement ceremony does not guarantee final honors designation on the official record. Honors announced at the commencement ceremony will be based upon a preliminary calculation not including grades from the term of graduation.

Students who qualify for recognition at the ceremony will be sent a letter from the dean's office of the college or school in which their major is located. This letter authorizes students to purchase honor cords at the time they rent their caps and gowns.

Graduates with an Individualized Degree Program major will be identified for honors purposes within the college of school most prominent in their major.

## Official Honors Designation

Grades earned for the graduating term will affect honors. GPAs are not rounded up (for example: a GPA of 3.149 is not rounded to 3.15). The Official Honors designation will be calculated following the processing of final grades. This recalculation will take into consideration any grade changes submitted to the Registrar's Office during a student's graduating term. Only the official honors designation is added to the final transcript and diploma. A student must maintain the specified GPA by the term of graduation. UCD Pooled classes and other transfer credits are not considered when determining honors.

Honors designations are added to the student's official academic record; no other notification will be sent. For additional information regarding graduation honors, contact the [Office of Academic Affairs](#) at 303-615-1900.

## Last Date of Attendance

Faculty who report a "U," "UE," or "F" grade to a student for any reason will report the student's last date of attendance when entering grades online.

For reporting purposes, the last date of active participation in the class will be considered the last date of attendance, which must be one of the following:

1. Attending a synchronous class, lecture, recitation, or field or laboratory activity, physically or online, where there is an opportunity for interaction between the instructor and students;
2. Submitting an academic assignment;
3. Taking an assessment or an exam;

4. Participating in an interactive tutorial, webinar, or other interactive computer-assisted instruction;
5. Participating in a study group, group project, or an online discussion that is assigned by the institution;
6. Interacting with an instructor about academic matters.

Active participation does not include:

1. Living in institutional housing;
2. Participating in the school's meal plan;
3. Logging into an online course or tutorial without any further participation
4. Participating in academic counseling or advising; or
5. Participating in a student-organized study group.

If a student never participated in class, the date of the first day of class will be reported as the last date of attendance/participation. Students may be dropped due to non-participation under the [Mandatory Participation Policy](#).

## Pass/Fail Option

The pass/fail option encourages students to venture out of their major and minor fields and thereby broaden their educational experience. A student must declare interest in the pass/fail option no later than census date. For specific deadlines, see the [Academic Calendar](#). Deadlines differ proportionally for courses offered during part of semester, including late-start and weekend courses. Students should refer to the [Part-of-Term](#) dates published by the [Office of the Registrar](#) to review drop deadlines for individual courses. Students must declare interest in the pass/fail option by contacting the [Office of the Registrar](#) and completing the Request for Pass/Fail Option. Once approved, the request for the pass/fail option is irrevocable. A student who requests the option and later is declared ineligible will receive written notification from the [Office of the Registrar](#).

Students who have completed at least one MSU Denver course with at least a 2.0 cumulative GPA may choose to be evaluated for a certain course on a pass/fail basis rather than by a letter grade. Major, minor, General Studies and other courses required for a degree and courses for teacher licensure may NOT be taken on a pass/fail basis. Self-paced courses may NOT be taken under the pass/fail option. Maximum graduation credit for courses taken using the pass/fail option is 18 credit hours earned in no more than six courses and limited to one course per semester or part-of-term. Course work must be graded to determine if it is pass or fail.

The "pass" grade (P) is not computed in and will have no effect on the GPA; the "fail" grade is equivalent to the grade of "F" and is computed in and will have an effect on the student's GPA. The "pass" grade (P) is equivalent to the grade of "D-" or better. Pass/fail courses fall under the same withdrawal guidelines and deadlines as other courses in the institution, whether those guidelines and deadlines are established university-wide or by individual schools or departments.

The instructor will assign and record the pass/fail grade on the final grade list that identifies students electing and eligible for pass/fail grading. Some institutions do not accept credit in transfer for courses in which a "pass" grade is given. Therefore, students who plan to transfer or take graduate work should determine whether the institution of their choice would accept the credit before registering for courses under the pass/fail option. Additionally, the student is responsible for ensuring that the course is not a major, minor or General Studies requirement.

## Posthumously Awarded Degrees

Metropolitan State University of Denver will award a posthumous degree to a deceased student who had maintained good academic and financial standing without a significant disciplinary incident. Any party interested in seeking a posthumous degree will contact the Dean of the College or School in which the deceased student's program resided. Upon final approval of the Provost, the name of the deceased student will be announced at commencement as a Posthumous Degree and a plaque will be given to a person designated by the family.

If it is determined that the student was enrolled in their final courses sufficient to meet the university's graduation requirements, and therefore would have earned their degree had they successfully completed the last semester of enrollment, the degree will be counted as an earned degree within university completion counts.

If it is determined that the student was not enrolled in their final courses sufficient to meet the university's graduation requirements, and therefore would not have been granted a degree had they successfully completed the last semester of enrollment, the Office of the Registrar will expunge the academic record during the semester of the student's death.

## Repeated Courses

Students may enroll in an individual, MSU Denver course a maximum of two times, unless the course is designated as repeatable. The department offering the course may approve additional attempts. A course for which a student has received an administrative withdrawal (AW) does NOT count as an enrollment attempt. All other grades and notations count toward the maximum number of enrollment attempts.

A repeatable course is defined as a course taken for additional credit toward graduation requirements. Examples include field experiences, internships, music ensembles, and theater presentations. Some departments place limits on the total number of credits that students may earn in a repeatable course. If a limit applies, the maximum number of credits permitted is identified in the course notes in the catalog and class schedule.

# Admission Requirements

Metropolitan State University of Denver uses two categories to classify applicants: those who are 19 years old and younger and those who are 20 years old and over. This includes U.S. citizens, permanent residents, asylees/refugees and non-citizens. Based on the university's modified, open admission policy, each category, including International Students, follows its own admissions requirements and procedures.

MSU Denver students who have not attended the university for three consecutive semesters must submit an application for readmission. For more information, see "[Admission of Previously Enrolled Students](#)" in this catalog.

For information regarding admission to MSU Denver, click on a link to be taken to the entry below.

- [Application Deadline](#)
- [Applicants 19 Years Old or Younger](#)
- [Applicants 20 Years of Age or Older](#)
- [Application Instructions](#)
- [Admission of Previously Enrolled \(Readmit\) Students](#)
- [Admission of Non-degree-seeking Students](#)
- [Admission of International Students](#)
- [Admission Notification](#)
- [College Credit in High School](#)
- [Rescinding Admission to MSU Denver](#)
- [Transfer Services](#)
- [Tuition Classification](#)
- [Western Undergraduate Exchange \(WUE\)](#)

## Application Deadline

The application deadline is at least one to two months before the start of the semester. To find out the exact application deadline date for your intended term of enrollment, please visit [msudenver.edu/admissions](http://msudenver.edu/admissions). For the best possible selection of courses, students are advised to apply early. Refer to the [Academic Calendar](#) for important dates.

## Applicants 19 Years Old or Younger

Applicants who are 19 years old or younger on September 15 for either summer semester or fall semester, or on February 15 for spring semester, will be classified as traditional applicants. They will be considered for admission using the requirements described below. Note: to be eligible for admission, students must be at least 16 years old on the first day of the semester and must have either graduated from high school or received a General Education Development (GED) certificate.

## First-Time College Students

- Applicants will be guaranteed admission with an unweighted cumulative high school GPA of 2.0 or higher.
- Please review the university's average admitted student profile:

Mid-50% GPA Range of Students Admitted (4.0 scale - includes weighted GPA)	Mid-50% ACT Range of Students Admitted (composite score)	Mid-50% SAT Range of Students Admitted (Evidence Based Reading and Writing and Math)
2.61-3.41	18-23	1010-1200

- Applicants who have an unweighted, cumulative high school GPA below a 2.0 are strongly encouraged to submit letters of recommendation, an unofficial high school transcript, and a personal statement and must complete their application files by the stated Admissions Review Deadline.
- Applicants must request that the following credentials be sent directly to the Office of Admissions from the high school or testing agency:
  - ACT or SAT test results (optional)
  - Official high school transcript with GPA and graduation date
- This information may be submitted at the end of the sixth, seventh, or eighth semester of high school, but an official, final transcript with date of graduation is required before the start of the initial semester of enrollment. Students should request the transcript and verify that the high school record with date of graduation has been received by the Office of Admissions. Degree-seeking students will not be permitted to register for a second semester.
- Applicants who have not graduated from high school but have passed and received the Colorado General Educational Development (GED) certificate with a score of 145 or higher on all four sections, or its equivalent will be accepted. ACT or SAT test results are not required with a GED, but if taken in the last five years of the semester start date, are highly recommended for advising and course placement purposes. Official GED certificates must be received from the testing agency.

## College Transfers

- Applicants with 24 or more *transferable* semester hours completed will be offered admission. Students with fewer than 24 hours will be considered on an individual basis, based on high school GPA, ACT or SAT scores (optional) and college work completed.
- Applicants must request that the following credentials be sent directly to the Office of Admissions from the high school, testing agency and/or college or university:
  - ACT or SAT test results (optional)

- Official high school transcript with GPA or Official GED scores
- Official transcript from each college or university attended or currently attending

## Applicants 20 Years of Age or Older

Applicants who are 20 or older on September 15 for either summer semester or fall semester, or on February 15 for spring semester, will be considered for admission using the requirements described below.

### Freshmen (first-time college students)

- Applicants will be admitted to MSU Denver by indicating on the application for admission they have graduated from high school or have earned an official GED (General Educational Development) certificate or the equivalent. GEDs issued through the military will be considered on an individual basis.
- The ACT or SAT is not required for admission but, if taken within five years of the semester start date, is highly recommended for advising and course placement purposes.

### College Transfers

- Applicants 20 years of age and older will be admitted to MSU Denver, regardless of their cumulative college GPA, by indicating on the application for admission they have graduated high school or earned an official GED (General Educational Development) certificate or its equivalent.
- In place of these credentials, official college transcripts from each institution of higher education attended showing completion of 24 or more transferable semester credit hours with grades of "C-" or better will be accepted. College transfer students should request to have college transcripts sent directly to the Office of the Registrar for transfer credit evaluation. Degree-seeking applicants are required to have all college and university transcripts on file to receive a complete evaluation.
- The ACT or SAT is not required for admission but, if taken within five years of the semester start date, is highly recommended for advising and course placement purposes.

## Application Instructions

Applications for Admission are considered in the order in which they are received each semester. All credentials received by the university become the property of MSU Denver and will not be returned to the student. It is the responsibility of the applicant to notify the Office of Admissions of any changes to the application prior to the first day of classes. If changes are not reported to the Office of Admissions, the registration process could be delayed for subsequent semesters. Failure to report academic changes may result in rejection, dismissal and/or loss of credit. International applicants seeking to study on F-1

student visa should refer to the Admission of International Students section.

To apply for admission:

- Applications can be submitted online at [msudenver.edu/admissions](https://msudenver.edu/admissions) or are available from the Office of Admissions located in the Jordan Student Success Building, Room 180 at 890 Auraria Parkway, Denver, CO 80204. You may call the Office of Admissions at 303-556-3058 with any questions.
- It is the student's responsibility to request that all required official credentials be sent directly from the issuing institution or agency to the Office of Admissions. Hand-carried documents delivered in a sealed envelope will also be accepted.
- Although an applicant's college record may be summarized on one transcript, an official transcript from each institution attended is required.
- For information on obtaining records and receiving credit for Advanced Placement (AP), International Baccalaureate (IB), the College-Level Examination Program (CLEP) and military training or other training, see the [Alternative Credit Options](#) section.
- The Admissions application and all credentials received by the university will be valid for two semesters beyond the term of application. Applicants wishing to attend MSU Denver after this period must submit a new application and application credentials that were not submitted and are outstanding.
- Applicants will be notified of their application status within two to three weeks.

## Admission of Previously Enrolled (Readmit) Students

Readmit students are defined as individuals who have previously enrolled and have received a grade or grade notation at the university but have not been in attendance at MSU Denver for three consecutive semesters, including summer. Readmit students should:

- Submit a completed Application for Admission.
- Submit transcripts from institutions attended since last attending MSU Denver (if degree-seeking).  
If the student was not previously degree-seeking, then the student must submit transcripts from all institutions attended.

Readmit students who originally attended MSU Denver prior to 1998 are required to resubmit all credentials. In addition, all students who have not submitted final, official high school transcripts or an official GED report must also submit these credentials.

## Admission of Non-degree-Seeking Students

The non-degree-seeking student classification meets the needs of students who wish to take college courses, but who do not currently intend to work toward a baccalaureate degree at MSU Denver. With the exception of high school students who have completed the concurrent enrollment approval process, non-degree students must have graduated from high school or received a GED to qualify for admission. Non-degree students are not eligible for financial aid, nor will any college transcripts submitted be evaluated for transfer credit.

## Admission of International Students

Applicants who are international students (as determined by the Office of Admissions) seeking admission or to transfer need to submit the online Application for Admission. In addition, they are required to submit:

1. A minimum of an official high school transcript/diploma that is comparable to a U.S. high school transcript/diploma. Any high school credential issued in a language other than English must be accompanied by a word-for-word certified English translation. This requirement is waived if the student can transfer 24 or more college credits to MSU Denver. Students must submit official college transcripts to qualify. For non-U.S. college/university transcripts, a professional course by course translation and evaluation completed by a professional transcript evaluation service, in addition to the official transcript(s), will be required. The service agency must be a member of the National Association of Credential Evaluation Services (NACES.)
2. English language proficiency as determined by the [Office of Admissions](#).

Applicants who are current F-1 visa holders seeking to transfer or who are seeking initial F-1 student status in addition to the above, are required to submit:

1. Documents demonstrating sufficient financial support to cover the costs of attending the university for one academic year as determined by the [Office of Admissions](#).
2. Travel documents and proof of nonimmigrant status as requested by the [Office of Admissions](#).

Application deadlines for F-1 international students are typically earlier than those for other applicants. Please refer to the [Office of International Admissions](#) website for more information.

## Admission Notification

Once admitted, students will be mailed and emailed instructions regarding their admissions, course registration and other relevant information. All incoming degree seeking students new to MSU Denver are required to attend a New Student Orientation session. After orientation, first-time college students are also required to meet with an academic advisor. Depending upon a student's submission of

and performance on the ACT or SAT, placement tests may also be required and should be completed prior to attending orientation. Students denied admission may appeal the decision by submitting a letter of appeal to the Office of Admissions, along with new and compelling academic information, letters of recommendation and other supportive documentation.

## College Credit in High School

Information regarding college credit in high school can be found at <https://www.msudenver.edu/innovative-lifelong-learning/collegecreditinhighschool/>

## Rescinding Admission to MSU Denver

If MSU Denver discovers that a student knowingly omitted information, provided false information on the application for admission, or submitted fraudulent documents, the Office of Admissions may rescind the student's acceptance to the university.

### Appeal Process

The student may appeal to the Chief Enrollment Officer within five working days of the date of the decision. Such appeals shall be in writing and the student will be notified in writing of the outcome of the appeal within 15 working days. The decision of the Chief Enrollment Officer will be final.

## Transfer Services

The Office of Transfer Services offers assistance to students transferring from other institutions to MSU Denver. Specific services provided include the following:

- Assistance with admission requirements and the application process;
- Weekly visits to local community colleges in the Denver metro area;
- Visits to other Colorado community colleges once or twice annually;
- Guidance on selecting appropriate transferable courses;
- Preliminary transcript evaluation;
- Transfer student scholarship information;
- Referral assistance to academic departments;
- Resolution of transfer course issues.

Transfer counselors are available for walk-in counseling. Counselors work closely with transcript evaluators to provide students with information about transfer credits and how those credits may be applied to their degree programs. General questions regarding a transfer evaluation or preliminary evaluation should be referred to the Office of Admissions/Transfer Services, Jordan Student Success Building, Room 180, or [transferquestions@msudenver.edu](mailto:transferquestions@msudenver.edu). For

questions about Transfer Credit Evaluation, please see the [Registration and Records](#) section of the catalog.

## Tuition Classification

A student is classified as an in-state or out-of-state student for tuition purposes at the time of admission. This classification is based on information supplied by the student on the application for admission and is made in accordance with the Colorado Tuition Classification Law (Title 23, Article 7, of the Colorado revised Statutes). Once determined, a student's tuition classification status remains unchanged unless clear and convincing evidence that a change should be made is presented. If a student believes that they are entitled to in-state status, the student must submit their request, along with evidence of in-state status to the Office of Admissions by the published deadline dates. Details on university policies and procedures as they pertain to the Colorado Tuition Law, the forms and deadlines can be found at [msudenver.edu/admissions/residency](https://msudenver.edu/admissions/residency).

The tuition classification statute requires that, in order to qualify for in-state status, a student (or the parents or legal guardian of the student in the case of students under 23 years of age who are not emancipated) must have been domiciled in Colorado for one year or more immediately preceding the first day of the semester for which such classification is sought.

Domicile for tuition purposes requires two inseparable elements: (1) a permanent place of habitation in Colorado and (2) intent to remain in Colorado with no intent to be domiciled elsewhere. Some examples of connections with the state that provide objective evidence of intent are: payment of Colorado state income tax as a Colorado resident, permanent employment in Colorado, ownership of residential real estate property in Colorado, compliance with laws imposing a mandatory duty on any domiciliary of the state, such as the drivers' license law and the vehicle registration law and

registration to vote. Other factors unique to the individual can also be used to demonstrate the requisite intent.

Any questions regarding the tuition classification law should be directed to the Tuition Classification Officer with the Office of the Admissions. In order to qualify for in-state status for a particular semester, the student must prove that domicile began no later than one year prior to the first day of classes for that semester. Refer to the Academic Calendar for deadlines to submit the proper request.

## Western Undergraduate Exchange (WUE)

Through WUE, students in western states/territories (AK, AZ, CA, HI, ID, MT, NV, NM, ND, OR, SD, UT, WA, WY, American Samoa, Commonwealth of the Northern Mariana Islands, Federal States of Micronesia, Guam, Republic of the Marshall Islands, and Republic of Palau) may enroll in many two-year and four-year college programs at a reduced tuition level. At MSU Denver, WUE students pay 150 percent of the student's share of Colorado resident tuition plus mandatory fees.

WUE is open to new students who meet both MSU Denver admission and WUE program requirements. New students applying for the WUE program must submit an application for admission by the admissions application deadline and a WUE application by the published census date of the student's first semester. The student may be required to provide evidence of residency in one of the qualifying states. If the student is under 23 years of age, evidence of residency for both parent/guardian and student may be required. Students who are accepted in the program are ineligible to petition for in-state tuition during their time of attendance at MSU Denver. The WUE program is not available to current MSU Denver students.

# Alternative Credit Options/Prior Learning Assessment

The university may grant credit for prior learning, depending on the academic program, as verified by the following assessment methods:

1. National standardized tests, including:
  - o [Advanced Placement Examinations \(AP\)](#)
  - o [College-Level Examination Program \(CLEP\)](#)
  - o [DSST/DANTES](#)
  - o [International Baccalaureate \(IB\)](#)
2. [Departmental Credit by Examination](#)
3. [Portfolio Assessment](#)
4. [Credit for Military Training, Military Occupational Specialties, and Other Training Programs Evaluated by the American Council on Education \(ACE\)](#)
5. [Credit for Industry Licenses/Certificates](#)

MSU Denver accepts transfer courses awarded through Prior Learning Assessment (PLA) from other accredited Colorado institutions. All PLA assessments exceeding the requirements of the Colorado GT Pathways policy are accepted without further assessment at MSU Denver.

Transfer credit awarded for PLA remains subject to MSU Denver's official transfer credit evaluation guidelines. PLA awards are subject to the same transferability guidelines as if the full course were taken at the sending institution. Courses that MSU Denver has determined are not transferrable to MSU Denver are also not transferrable as PLA credit.

PLA credit awarded for transcribed standardized exams (AP/IB/CLEP) will require official transcripts to be sent to MSU Denver for credit evaluation.

Prior learning credit does not count toward semester hour residency requirements. Regardless of credit granted for prior learning, all students must complete the minimum semester hour residency requirements. Therefore, the maximum number of prior learning credit hours is limited by these residency requirements. Please review the semester hour residency requirements before planning to use any of these options. See [Degree and Certificate Requirements](#).

Each academic department determines the applicability of prior learning assessment to courses in the academic discipline and for the academic major and minor. Students must meet with an academic advisor in their program as well as with the Assistant Registrar, Prior Learning Assessment to determine how much, if any, credit for prior learning may apply to a particular degree program. The academic department in which the course in question resides will make the final determination on any credit granted for prior learning.

Once prior learning is assessed and credit is awarded, the total number of those credits applicable to a degree will not be reduced unless the student repeats already-awarded credit at MSU Denver or interrupts MSU Denver enrollment for three or more consecutive semesters and readmits to the university under more restrictive Prior Learning Assessment evaluation policies.

For advising assistance with CLEP examinations, departmental credit by examination, and portfolio assessment, students may contact the Assistant Registrar, Prior Learning Assessment, Registrar's Office, Student Success Building Counter 3 (890 Auraria Parkway Suite 160), 303-605-5574

## Advanced Placement Examinations

Students who have performed satisfactorily in special, college-level courses while in high school, and who have passed appropriate Advanced Placement (AP) examinations conducted by the College Entrance Examination Board may have official scores submitted directly to the [Office of the Registrar](#). This office, in consultation with the appropriate department chair, determines the amount and nature of the credit and/or advanced placement granted. Students should contact [collegeboard.com](http://collegeboard.com) or 888-225-5427 to request official AP scores; MSU Denver's AP code is 4505.

AP scores that are equivalent to a course with the Oral Communication General Studies designation will receive Oral Communication General Studies credit.

The following is the current chart for the course credit awards for Advanced Placement Exam:

### Course Credit Awards for Advanced Placement Exams

Subject Area	Exam Title	Score Required	Equivalent Course(s)	Credits Awarded	General Studies Requirement Satisfied	GT Pathways Category

## College-Level Examination Program (CLEP)

The College Level Examination Program (CLEP) consists of a series of national standardized examinations. They are designed to assess non-accredited, college-level knowledge in several subject areas. Students are advised to check with their major departments for information on specific General Studies requirements that may not be met through the use of CLEP examinations.

- Credit earned through the English composition with essay, humanities, natural sciences, social sciences/history, and college mathematics examinations may be applied only to General Studies requirements. Credit earned through the other approved examinations may be applied toward any requirements for completing the degree, unless otherwise stated.
- CLEP examinations are recorded without reference to a letter grade and are not figured into the student's GPA. Credit earned through CLEP examinations does not count toward semester hour residency requirements. See Degree and Certificate Requirements.
- In order to have CLEP examination results evaluated, the student should send a copy of the official score report to: Metropolitan State University of Denver, Office of the Registrar, Campus Box 84, P.O. Box 173362, Denver, CO 80217-3362. To request an official CLEP score report, contact collegeboard.com/clep or 800-257-9558. MSU Denver's CLEP code is 4505.
- All CLEP examinations will be subject to the statement of policy in place at the time the scores are submitted, not the policy in place at the time the examination was taken.
- Credit awarded through CLEP examinations at other colleges or universities will be re-evaluated at MSU Denver according to the MSU Denver policy in place at the time the test scores are submitted. Students are advised to have an official copy of their score(s) sent to the university in order to have that credit evaluated.
- Any exception to these policies must be approved through the Petition for Degree Exception. Information about filing an appeal through the Petition for Degree Exception is available from the Dean's Office of the College or School corresponding to the student's major.
- Failure to achieve the required score(s) listed will not be entered on the permanent record. However, a copy of the CLEP score report will be retained in the student's file.

Additional information about the content and format of CLEP examinations is available through the College Board website. Examinations may be taken through MSU Denver's Office of Assessment and Testing located in the Tivoli Student Union, Room 347, 303 615-1700. Other official testing centers can be found through the College Board website listed above.

## DANTES Tests (DSST)

MSU Denver awards credit for Defense Activity for Nontraditional Educational Support (DANTES) Subject Standardized Tests (DSST). Credit may be awarded if the DANTES score is at the ACE (American Council on Education) minimum and the MSU Denver Academic Department approves the credit. To have a DANTES exam evaluated, a DANTES transcript or ACE transcript showing the exams taken and scores received must be submitted to the Office of the Registrar. To request a copy of your DANTES scores, please go to the following website.

For information on test credit, please visit the Colorado Department of Higher Education.

## International Baccalaureate

Students who complete the IB Diploma Program and the IB examinations are guaranteed admission to the university and are eligible to receive credit and advanced placement standing. To receive credit, a student must receive at least a score of four (4) on each IB examination and call 301-202-3025 or visit this site to request that official scores be mailed directly to the Office of Admissions from the IB organization. For specific equivalencies, see the table below. Please contact the Office of the Registrar at 303-556-3991 for more information. Students should consult with the appropriate department for further advising and with their major departments about acceptance of credits toward their majors.

IB scores that are equivalent to a course with the Oral Communication General Studies designation will receive Oral Communication General Studies credit.

# Departmental Credit by Examination

A department may grant a student credit for college courses for which the student requests and passes appropriate examinations. The non-refundable processing fee reflects actual administration costs and must be paid prior to taking the examination. Credit through departmental examination is based on knowledge equivalent to a regular course offered by the university. Omnibus-numbered courses are excluded. No record of failures on such examinations will be entered on the student's permanent record.

The following policies apply to all courses:

- Examinations cannot be taken to raise grades, to remove failures, or to remove notations that have no effect on the GPA.
- Credit by examination is not applicable toward the semester hour residency requirements. See [Degree and Certificate Requirements](#).
- Credit by examination will not be granted for courses attended as an auditor.
- Examinations for credit will be taken at a time specified by the department. The department may limit the number of times students can attempt to challenge a course in one semester or in total. See department for details.
- The hours granted for credit by exam are not included as a part of the student's semester enrollment. The credit will appear on the transcript for the semester in which the examination was taken, but the hours do not count as part of the student's total enrollment for the purposes of financial aid or any other purpose predicated on total hours of enrollment for a given semester.
- Any exception to these policies must be approved through the Petition for Degree Exception. Information about filing an appeal through the Petition for Degree Exception is available from the Dean's Office of the College or School corresponding to the student's major.

The following policies only apply to courses with a gtPathways designation:

- MSU Denver will not grant credit for a departmental examination if, prior to the semester the exam is taken, a student has completed, was enrolled in, or is enrolled in, college courses equivalent to the subject material of the exam.
- A grade equivalent to "C-" or higher must be attained on the examination in order to receive credit, but credit earned for the course will be recorded without a grade on the student's permanent record and are not considered in computing university grade point averages.

The following policies only apply to courses that do not have a gtPathways designation:

- Permission for departmental credit by examination must be obtained in advance from the instructor giving the

examination, the department chair, and the appropriate dean.

- Credit by examination cannot be obtained for a course in which a student has been enrolled at MSU Denver or at another regionally accredited college or university.
- MSU Denver will not grant credit for a departmental examination if, prior to the semester the exam is taken, a student has completed, is enrolled in, or was enrolled in, college courses equivalent to or more advanced than the subject material of the exam. This restriction includes courses designated at a higher level (i.e., 1000, 2000, 3000, 4000) within the same subject prefix (e.g., HIS, ENG).
- A grade equivalent to "B" or higher must be attained on the examination in order to receive credit, but credits earned for the course will be recorded without a grade on the student's permanent record and are not considered in computing university grade point averages.

Applications for [departmental credit by examination](#) are available at the [Office of the Registrar](#) (Student Success Building, Suite 160, #3).

## Portfolio Assessment

Students may apply for credit for college-level learning gained through experience by preparing and submitting a prior learning portfolio. Credit is awarded on the basis of a careful assessment of the prior learning portfolio by faculty in the department from which credit is sought. Portfolio assessment is available in many, but not all, academic departments. To earn credit, a student must be degree- or certificate-seeking.

The portfolio is developed with the assistance of the Assistant Registrar, Prior Learning Assessment. Portfolio assessment may be used to apply for credit for specific courses listed in the *Catalog*. Students may also apply for credit for omnibus courses through portfolio assessment with the permission of the appropriate academic department.

Students seeking Prior Learning Credit through Portfolio creation are required to take the 1-credit, EDS 2680 - Portfolio Development Workshop. Students may submit multiple portfolios (approved by major departments) thereafter.

The cost for Portfolio Submission is listed on the [Prior Learning Assessment website](#).

Advising sessions about portfolio assessment and other credit for prior learning options are held on a regular basis. For assistance and further information, contact the Prior Learning Specialist at 303-605-5574 or the [Office of the Registrar](#).

## Credit for Military Training, Military Occupational Specialties, and Other Training Programs

## Evaluated by the American Council on Education (ACE)

VA students' records must be kept for 3 years following the ending date of the last period certified to VA. Referenced law: Title 38 CFR 21.4209(f))

Military training, Military Occupational Specialties, and other educational programs that have been assessed for college credit by the [American Council on Education](#) (ACE) will be evaluated for transfer credit at MSU Denver for Veteran, Reserve, and Active Duty students.

In addition, MSU Denver offers the following package of transfer credit and waivers:

- Either 6 semester hours of lower division elective credit (MILR 8000) for all students who have served four years active duty in the U.S. military OR 3 semester hours of lower division elective credit (MILR 8000) for all students who have served two years active duty in the U.S. military.
- 6 additional semester hours of upper division elective credit (MILR 9000) for students who have either served two terms of service of four years each or attained the rank of E5 or above in the U.S. military.
- 3 credits of COMM 1010 - Presentational Speaking for all students who served at least one enlistment and achieved the rank of E5 or above in the U.S. military.
- Waiver of the Global Diversity requirement for all students who accumulate at least 112 days of foreign service in the U.S. military.

Applicable credit and waivers will be granted upon presentation of evidence of either continued active service; transfer to the Reserve component; or discharge and eligibility for applicable VA educational benefits. Students who have been discharged from active service should submit their form DD214 to the [Office of the Registrar](#) for evaluation.

To request an official military transcript, visit [jst.doded.mil](http://jst.doded.mil) and have it sent to MSU Denver. Community College of the Air Force transcripts can be requested [here](#).

Contact Assistant Registrar, Prior Learning Assessment in the Office of the Registrar at 303-605-7626 for the following:

- Guidance in optimizing the use of prior learning assessment credit to accelerate the student's path to degree or certification completion.
- Questions regarding credit awarded for military experience or other prior learning assessment options.

The evaluation of previous postsecondary education and training is mandatory and required for VA beneficiaries. For students utilizing Veterans benefits who are approved for transfer credit as a result of this evaluation, the institution will grant appropriate credit, reduce the program length proportionately, notify the student and Veterans Affairs in writing of this decision, and adjust invoicing of the VA accordingly.

## **Credit for Industry Licenses/Certificates**

Non-collegiate training such as corporate and educational programs, certifications, apprenticeships, and professional licenses may be considered for transfer credit with the approval of the academic department.

## Campus Policies

MSU Denver is located on the Auraria Campus, which is also home to the University of Colorado Denver and the Community College of Denver. The Auraria Higher Education Center (AHEC) oversees the shared services of the Auraria Campus. For information on campus policies, visit the AHEC policy website, <http://www.ahec.edu/policies>.

## Continuing Education and Noncredit Opportunities

Metropolitan State University of Denver offers several types of continuing education and non-credit opportunities. Please visit the Continuing Education and Non-Credit Offerings Catalog.

### Innovative and Lifelong Learning

- [Innovative and Lifelong Learning \(I&LL\)](#) programs offer top-quality and flexible MSU Denver credits and continuing education opportunities.

# Degree and Certificate Requirements

Students are responsible for full knowledge of the provisions and regulations pertaining to their program contained in this catalog and elsewhere. Students have final responsibility for completing the requirements for a degree and are urged to seek advising. Students should never assume that they have approval to deviate from a stated requirement without a properly signed statement to that effect. Please refer to the Academic Policies and Procedures in this catalog.

For degree requirements, click on a link to be taken to the entry below.

- [Requirements for All Bachelor Degrees](#)
- [Requirements for Extended Majors](#)
- [Requirements for a Second Degree](#)
- [Requirements for Concurrent Degrees](#)
- [Requirements for Dual Majors](#)
- [Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice \(ESSJ\) Graduation Requirement](#)
- [Senior Experience Graduation Requirement](#)

## Requirements for All Bachelor Degrees

To earn a Bachelor of Science, Bachelor of Arts, Bachelor of Music Education, Bachelor of Music, or Bachelor of Fine Arts degree, a student must satisfy the following minimum requirements, plus any others stipulated for the degree for which a student is a candidate. Please refer to the [Academic Policies and Procedures](#) in this catalog.

- Complete a minimum of 120 semester hours with a cumulative GPA of 2.0 or higher for all coursework.
- Complete at least 39 semester hours in upper-division courses (3000- and 4000-level courses).
- Complete all General Studies requirements listed for the degree and major.
- Complete a three-credit hour Ethnic Studies & Social Justice course requirement.
- Complete a three-credit hour Senior Experience course requirement. This course must be taken at MSU Denver.
- Complete one subject major consisting of not less than 30 semester hours.
- Students may not major and minor in the same discipline and are encouraged to obtain verification from an advisor if uncertainty exists.
- Complete all requirements of the student's department, school, or college.

- Achieve a cumulative GPA of 2.0 or higher in all MSU Denver courses that satisfy the requirements for the major and for all MSU Denver courses that satisfy requirements for a minor. Students should check with an advisor for special GPA program requirements.
- File an application for graduation through the [Student Hub](#) with the [Office of the Registrar](#) according to published dates in the [Academic Calendar](#).
- Academic residency (classroom credit) requirements:
  - Complete a minimum of 30 semester hours of academic credit applicable to the degree at MSU Denver.
  - Complete at least 8 upper-division (3000- and 4000-level courses) semester hours of the major.

## Requirements for Extended Majors

These majors require course work that is so extensive and in-depth that it may take more than 120 credits to complete the major.

### Credit Limitations

- No more than 30 semester hours of omnibus-numbered courses may be applied toward graduation requirements, except for music.
- No more than 30 semester hours taken by correspondence may be applied toward a bachelor's degree.
- No more than 15 semester hours of internship credit may be applied toward a bachelor's degree.
- No more than 16 semester hours in human performance and leisure activity (ESSA) courses will be counted towards a bachelor's degree for students who are not majoring in Human Performance and Sport.
- No more than 4 semester hours in varsity sports (ATH) courses will be counted towards a bachelor's degree for students who are not majoring in Human Performance and Sport.
- No more than 7 semester hours in music ensemble courses will be counted toward a bachelor's degree for students who are not majoring in music.
- No more than 12 semester hours of independent study credit may be applied toward a bachelor's degree.

## Student Bill of Rights

The General Assembly implemented the Student Bill of Rights (C.R.S. 23-1-125) to assure that students enrolled in public institutions of higher education have the following rights:

1. Students should be able to complete their associate of arts and associate of science degree programs in no more than sixty credit hours or their baccalaureate programs in no more than one hundred twenty credit hours unless there are additional degree requirements recognized by the commission;

2. a student can sign a two-year or four-year graduation agreement that formalizes a plan for that student to obtain a degree in two or four years, unless there are additional degree requirements recognized by the commission;
3. students have a right to clear and concise information concerning which courses must be completed successfully to complete their degrees;
4. students have a right to know which courses are transferable among the state public two-year and four-year institutions of higher education;
5. students, upon completion of core general education courses, regardless of the delivery method, should have those courses satisfy the core course requirements of all Colorado public institutions of higher education;
6. students have a right to know if courses from one or more public higher education institutions satisfy the students' degree requirements;
7. a student's credit for the completion of the core requirements and core courses shall not expire for ten years from the date of initial enrollment and shall be transferrable.

- Students must satisfy the Ethnic Studies & Social Justice and Senior Experience course requirements for the second degree even if these requirements were met as part of the first degree.
- Students must have a cumulative GPA of 2.0 or higher for all coursework taken after the awarding of the previous degree. Students should check with an advisor for special GPA program requirements.
- An application for graduation must be filed through the [Student Hub](#) with the [Office of the Registrar](#) according to published dates in the [Academic Calendar](#).

## Requirements for a Second Bachelor's Degree

To earn a second bachelor's degree, a student must satisfy the following minimum requirements, plus any others stipulated for the degree for which a student is a candidate.

Students should be aware that depending on the amount of curricular overlap between the first-degree program and the second-degree program, it might be difficult or impossible to fulfill the degree requirement. Students should consult with an advisor in the department of the prospective program to determine the feasibility of a second-degree.

Please refer to the [Academic Policies and Procedures](#) in this catalog; requirements for a dual major can be found under Requirements for [Dual Majors](#).

Students must comply with the following to be awarded an additional bachelor's degree:

- The first bachelor's degree must be recognized by Metropolitan State University of Denver.
- Declaration of a second bachelor's degree major must be approved by the major department. Failure to do so may result in unawareness of issues with the completion of the degree requirements.
- Students must complete all degree requirements for the major.
- Students do not need to complete a minor unless specifically required by the major.
- General Studies will be considered complete unless deficiencies exist according to the major program requirements.

## *Academic Residency Requirements*

- Students previously awarded a bachelor's degree by another accredited institution must complete a minimum of 30 credit hours at MSU Denver, with a minimum of eight semester hours in upper division courses (3000- and 4000-level courses) in the major, after the awarding of the previous degree.
- Students previously awarded a bachelor's degree by MSU Denver do not need to meet the academic residency requirements but must complete a minimum of eight semester hours in upper division courses (3000- and 4000-level courses) in the major and complete required coursework for their second degree.

## Requirements for Concurrent Degrees

Students must comply with the following to be awarded two diplomas for two concurrent baccalaureate degrees of different types (e.g., B.S. and B.M.E.):

- Declaration of concurrent degrees requires department approval(s) and must be made prior to completion of 90 hours. Both degrees must utilize the same catalog year.
- Students who declare two degrees do not need to complete a minor unless the minor is specifically required for either of the majors.
- Students must satisfy all requirements for both majors.
- Students must complete a minimum requirement of eight unique MSU Denver upper-division semester hours for each major.
- Students must complete a minimum requirement of 30 MSU Denver semester hours.
- Students must complete a minimum upper division requirement of 39 hours total.
- Students must complete university requirements for General Studies, including General Studies courses specific to each major.
- Students must satisfy only one Ethnic Studies & Social Justice Course requirement.

- Students must complete two unique Senior Experience courses.

## Requirements for Dual Majors

Students must comply with the following to be awarded one diploma for a single baccalaureate degree with dual majors (B.A., B.F.A., B.M., B.M.E., or B.S.). See advisors in each of the majors for specific degree requirements.

- Students who declare dual majors must select a primary major. A primary major is the major for which General Studies requirements will be satisfied (students who declare dual majors need not satisfy General Studies requirements for their second major).
- Students who declare dual majors do not need to complete a minor unless the minor is specifically required for either of the majors.
- Students who complete two concentrations under one major have not completed two majors.

## Certificate Requirements

Students are responsible for full knowledge of the provisions and regulations pertaining to their program contained in this catalog and elsewhere. Students have final responsibility for completing the requirements for a certificate and are urged to seek advising. Students should never assume that they have approval to deviate from a stated requirement without a properly signed statement to that effect. Please refer to the [Academic Policies and Procedures](#) in this catalog.

To earn a certificate, a student must satisfy the following minimum requirements, plus any others stipulated for the certificate. For students in a standalone certificate program to receive financial aid, the certificate must be 24 credits or more and must be approved by the U.S. Department of Education prior to students enrolling.

- Complete a minimum of 15 semester hours (or 18 hours for post-baccalaureate certificates) as recommended by the certificate program. Credit hours may not be waived from certificate programs.
- Complete all special requirements of a department, school, or college.
- Achieve at least a "C" or higher in each of the certificate courses. The courses may not be taken Pass/Fail.
- A maximum of one course substitution is permitted per certificate. Lower division courses may not replace upper division courses.
- File an application for graduation through the [Student Hub](#) with the [Office of the Registrar](#) according to published dates in the Academic Calendar.
- To meet academic residency requirements, students must complete a minimum of 60% of semester hours applicable to the certificate at MSU Denver.

## General Studies Requirements

A baccalaureate degree includes a broad-based education that prepares students for the more focused study of the academic major. The general education component of the degree equips each student with crucial intellectual skills in analysis, research, and communication, in addition to foundational skills. General education coursework offers an introduction to a broad range of studies in the natural sciences, the human condition, aesthetic experience, and global and cultural diversity.

Click [here](#) to view the complete General Studies curriculum.

## Ethnic Studies & Social Justice and Senior Experience Course Requirements

In addition to completing the General Studies requirements, a student must complete a 3-credit ESSJ course and a 3-credit Senior Experience course, or selection of courses, to be awarded a bachelor's degree from MSU Denver. The ESSJ course does not require three credits as a separate category and can be taken in the major, minor, or as an elective. The rules pertaining to those requirements and the courses that will satisfy those requirements are described below.

## Ethnic Studies & Social Justice Graduation Requirements

The Ethnic Studies & Social Justice (ESSJ) curriculum requirement is designed to equip students with the tools to challenge, understand, and contextualize the treatment of racially and ethnically marginalized groups in the United States. As a fluid and contested space, the United States has been a historically, geographically, and politically contingent region. These courses center the experiences of marginalized groups and examine the ways in which the existences and experiences of these groups have been historically shaped by oppression and systems of white supremacy. ESSJ coursework interrogates relationships between power, privilege, and oppression.

Click [here](#) to view the Ethnic Studies & Social Justice requirements and course offerings.

## Senior Year Assessment Examinations and Other Activities

In their senior year, students may be required to participate in an assessment of their education. The faculty has determined educational goals or outcomes that it wants graduates to achieve. A copy of those goals and the methods by which their achievements are measured can be obtained from the department offices.

The Senior Experience course provides a culmination of the undergraduate experience, allowing students to synthesize their learning, using critical analysis and logical thinking. Students may use the course to satisfy major or minor requirements if the course is approved for that use. Students should consult with their advisor and check prerequisites. Students must complete a Senior Experience

course at the end of the undergraduate program and must take the course or courses at MSU Denver. Senior Experience courses include "senior standing" as a prerequisite in addition to other prerequisites designated by the department. In some cases, students may need to take two courses to satisfy the requirement. See an advisor in the major for specific degree requirements.

# General Studies Requirements

A baccalaureate degree includes a broad-based education that prepares students for the more focused study of the academic major. The general education component of the degree equips each student with crucial intellectual skills in analysis, research, and communication, in addition to foundational skills. General education coursework offers an introduction to a broad range of studies in the natural sciences, the human condition, aesthetic experience, and global and cultural diversity.

For additional information regarding General Studies, click on a link to be taken to the entry below.

- [Structure of General Studies](#)
- [Distribution and Credit Requirements](#)
- [Timing of Completion](#)
- [Rules for the General Studies Program](#)
- [Additional Rules for Specific Majors](#)
- [Transfer Credit Rules](#)
- [State-Guaranteed General Education Courses](#)

## General Studies Mission

The General Studies program provides the foundation for the Bachelor's degree. Students develop thinking, reasoning, and communication skills while discovering new ideas and expanding their views. The coursework is designed to create the opportunity for learning across different disciplines and builds experiences for students as they grow into lifelong learners.

## Structure of General Studies

The General Studies Program is structured around the following three goals:

- Develop intellectual and practical skills
- Explore essential knowledge, perspectives, and methods in Arts and Humanities, History, Social and Behavioral Sciences, and Natural and Physical Sciences
- Understand the global interconnectedness of diverse individuals, communities and societies

Each goal is supported by a set of student learning outcomes (SLOs) that are addressed by the courses in eight different categories.

## Distribution and Credit Requirements

To complete the General Studies Program, students must take approved courses that fulfill the following distribution and credit requirements:

CATEGORY	SEMESTER HOURS
Written Communication	6
Oral Communication	3
Quantitative Literacy	3
Arts and Humanities	6
Historical	3
Natural and Physical Sciences	6
Social and Behavioral Sciences	6
Global Diversity	0 or 3*
TOTAL	33 minimum

*\*Students may fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## General Policy Related to Timing of Completion

The following course categories must be completed within the first 30, college-level credits (including credits completed at MSU Denver and those transferred from other institutions):

- Written Communication (first 3 semester hours of coursework)
- Oral Communication (3 semester hours of coursework)
- Quantitative Literacy (3 semester hours of coursework)

The following course category must be completed within the first 45 or 90, college-level credits (including credits completed at MSU Denver and those transferred from other institutions):

- Written Communication remaining 3 semester hours of coursework)
- A 45-credit rule applies to students completing a CO-1 (beginning writing course) and CO-2 (intermediate writing course) requirement.
- A 90-credit rule applies to students completing a CO-2 (intermediate writing course) and CO-3 (advanced writing course) requirement.
- Lists of courses for each category can be found in the course lists section.

The following course categories must be completed within the first 90, college-level credits (including credits completed at MSU Denver and those transferred from other institutions):

- Arts and Humanities (6 semester hours of coursework)
- Historical (3 semester hours of coursework)
- Natural and Physical Sciences (6 semester hours of coursework)
- Social and Behavioral Sciences (6 semester hours of coursework)
- Global Diversity (one course designated "global" from any category will fulfill both the global diversity requirement and the appropriate credits in that category)

Students who have not completed the quantitative literacy, oral communication, and the first three credits of the written communication requirements within the first 30 semester hours will be required, through an advising hold, to complete an advising process and register for the required course(s). Students who have completed 45 semester hours and have not completed the written communication, oral communication, and quantitative literacy requirements must enroll in and successfully complete courses that fulfill these requirements. This advising and registration process will continue until the requirements have been fulfilled. Students pursuing CO-2 and CO-3 requirements will have 90 credit hours, instead of 45 credit hours, to fulfill the second 3-hours portion of their Written Communication requirements.

**Transfer Students:** New transfer students must complete the written communication, oral communication, and quantitative literacy requirements within their first two semesters at MSU Denver or by 45 total semester hours, whichever is later. Students pursuing CO-2 and CO-3 requirements will have 90 credit hours, instead of 45, to fulfill the second 3-hour portion of their Written Communication requirements. All other provisions of the policy are the same.

## Rules for the General Studies Program

To satisfy a particular general studies requirement, a course must appear on the list of approved general studies courses at the time of enrollment in the course.

- General studies courses need not be counted toward general studies requirements. They may be taken as electives or to satisfy requirements in the major or degree program.
- Students with partial credits (for example, resulting from credit transferred from institutions utilizing quarters or trimesters) may receive deviations of less than one hour in the general studies course categories requirements (written communication, oral communication, quantitative literacy, arts and humanities, historical, natural and physical sciences, social and behavioral sciences, and global diversity), provided the student completes at least 33 semester hours of general studies coursework.
- Courses taken for a pass/fail grade cannot be counted toward general studies.

- Students may use the Ethnic Studies & Social Justice (ESSJ) course to satisfy more than one requirement.
- Students seeking a second baccalaureate degree will be considered to have fulfilled MSU Denver's general studies requirements. However, departments may require that these students take additional coursework outside of the major.
- To fulfill General Studies requirements for courses taken at MSU Denver, students must achieve a grade of D- or higher in all categories, with the exception of written communication, which demands a grade of C- or higher. While these grades denote the baseline for General Studies credit, certain prerequisites or specific requirements within a student's major, minor, or certificate may necessitate higher grades.

## Additional Rules for General Studies for Specific Majors

- Nursing Majors:** Credit for biology courses of anatomy and physiology, in which the student earned a grade of "C" or better, may be substituted for the natural and physical sciences requirement for all students with a nursing major.
- Teacher Education Licensure Programs:** Students in programs currently requiring MUS 3060/ARTH 3060 may receive general studies credit in the arts and humanities category for the 2016-2017 academic year.

## General Studies Designation for Transfer Courses

The following rules apply to transfer students from two-year colleges in Colorado.

Metropolitan State University of Denver will:

- Accept courses that are part of the state's guaranteed transfer curriculum (*gtPathways*) as fulfilling MSU Denver's general studies requirements. Additional specific lower-division courses may be required for certain degree programs. Please check with a departmental advisor and/or the Office of the Registrar for more information.
- MSU Denver will accept all credit hours of acceptable course work for automatic transfer from an associate of arts or associate of science degree with designation.
- Review and accept on a course-by-course basis for general studies credit courses that do not appear on the *gtPathways* list. General studies equivalency will be determined by prefix, course title, category, and catalog description.
- If no transfer course satisfies the global diversity requirement, the student must take an approved global diversity course.

Transfer courses to meet General Studies requirements will be accepted from all other institutions under the following guidelines:

- Transferable courses equivalent to an existing General Studies course will satisfy the corresponding General Studies requirement. Equivalency will be determined by the department offering the course. Once a course has been approved by a department, it will be given the status of an approved transferable General Studies course.
- Transferable courses that are not equivalent to an existing MSU Denver course will be evaluated for General Studies designation by the department where the majority of the course content resides.
- If a transferable course is interdisciplinary, MSU Denver transfer evaluators will consult with the department(s) where the majority of the course content resides. The course will be evaluated for General Studies designation by those departments.
- If a transferable course does not clearly correspond to an MSU Denver department, the course will be evaluated for General Studies designation by the Faculty Senate General Studies Review Committee.
- For all situations not addressed above, the course will be evaluated for General Studies designation by the Faculty Senate General Studies Review Committee.
- An appeal can be made to the Associate Vice President of Curriculum, Academic Effectiveness, and Policy Development.

- Demonstrate proficiency with conventions, including spellings, grammar, mechanics, and word choice appropriate to the writing task.

## Rules

1. Students must complete a placement to assess their writing skills. Placement may be in ENG 1008 and ENG 1009, ENG 1010 with ENG 1001, or ENG 1010.
2. Students shall satisfy the Written Communication course requirement and credit will be granted if they:
  - a. pass 6 hours of approved Written Communication courses with a combination of a CO1 and CO2 or a CO2 and a CO3,
  - b. pass a CLEP or AP test approved by a Department offering an approved Written Communication course and the remaining Written Communication course, or
  - c. transfer equivalent courses.
3. To receive credit for Written Communication, the student must receive a grade of "C-" or better in each course.
4. To receive transfer credit for ENG 1020, the course must have been taken within the past 10 years.

## Courses

### CO1:

- ENG 1009 - Stretch Composing Arguments B **Credits:** 3
- ENG 1010 - Composing Arguments **Credits:** 3

### CO2:

- ENG 1020 - Research and Argument Writing **Credits:** 3
- ENG 1021 - Honors Research and Argument Writing **Credits:** 3

### CO3:

- ARTH 2600 - Reading and Writing Visual Culture **Credits:** 3
- ENG 2025 - Reading and Writing Popular Culture **Credits:** 3
- ENG 3525 - Scholarly Writing **Credits:** 3
- ENG 3526 - Writing in the Sciences **Credits:** 3
- ENG 3527 - Professional Writing **Credits:** 3
- HIS 3000 - Historical Writing and Thinking **Credits:** 3

## Oral Communication Requirement

**Description:** Students learn to perform effective and ethical oral communication that is appropriate to diverse audiences, settings, media, and goals.

Students must complete a minimum of 3 semester hours to satisfy the oral communication requirement.

## Written Communication Requirement

**Description:** Written communication is the development and expression of ideas in writing across many genres and styles. It includes understanding how writers may shape texts for their specific rhetorical situation. It includes multimodal composing and the creation of texts that combine words, images, and/or data. Written communication abilities develop through interactive and iterative experiences across the curriculum.

Students must complete a minimum of 6 semester hours to satisfy the written communication requirement.

### Student Learning Outcomes

- Exhibit a thorough understanding of audience, purpose, genre, and context that is responsive to the situation.
- Create and develop ideas within the context of the situation and the assigned task(s).
- Apply formal and informal conventions of writing, including organization, content, presentation, formatting, and stylistic choices, in particular forms and/or fields.
- Critically read, evaluate, apply, and synthesize evidence and/or sources in support of a claim.
- Use an appropriate documentation system.

## Student Learning Outcomes

- Develop a clear, purposeful message with coherent and effective content.
- Incorporate various and credible supporting material (e.g. examples, statistics, analogies, illustrations, and quotations).
- Practice effective listening strategies that enhance understanding, evaluation and engagement.
- Adapt to varied audiences, their beliefs, values, and attitudes, as well as to features of contexts, situations, and interactions.
- Perform skillful non-verbal communication (e.g. vocal variety, pace and physical behavior) appropriate to audience and context.
- Perform skillful verbal communication (e.g. clear, vivid, and/or compelling language) appropriate to audience and context.

## Courses

### Select one:

- ASL 1020 - American Sign Language II **Credits: 3**
- CHI 1010 - Elementary Chinese I **Credits: 3**
- COMM 1010 - Presentational Speaking **Credits: 3**
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- FRE 1010 - Elementary French I **Credits: 5**
- GER 1010 - Elementary German I **Credits: 5**
- HON 1013 - Presentational Speaking **Credits: 3**
- ITA 1010 - Elementary Italian I **Credits: 5**
- JPS 1010 - Elementary Japanese I **Credits: 3**
- PHI 1110 - Language, Logic & Persuasion **Credits: 3**
- SLHS 1620 - American Sign Language II **Credits: 3**
- SPA 1010 - Elementary Spanish I **Credits: 5**
- THE 2226 - Acting for Non-Majors: Communication in Performance **Credits: 3**

Approved equivalent transfer courses and credits awarded through AP or IB will receive the Oral Communication designation. Credits earned through CLEP scores for these courses will not be used to satisfy the oral communication requirement.

## Quantitative Literacy Requirement

**Description:** Competency in quantitative literacy represents a student's ability to use quantifiable information and mathematical analysis to make connections and draw conclusions. The main focus of each Quantitative Literacy course is the use of mathematical techniques and analysis, with problems from a broad spectrum of real-life and abstract settings requiring translation to and from mathematical forms.

Students must complete a minimum of 3 semester hours to satisfy the quantitative literacy requirement.

## Student Learning Outcomes

- Apply mathematical techniques to the analysis of quantitative problems.
- Communicate the mathematical process and results in text, graphics, and symbols.

## Rules

1. Students must complete a placement test to determine their quantitative abilities. Those students whose scores fall below the minimum benchmark must complete developmental coursework in mathematics before enrolling in any Quantitative Literacy course.
2. Students satisfy the Quantitative Literacy course requirement and credit will be granted if they:
  - a. pass a course that has been approved for General Studies Quantitative Literacy credit,
  - b. pass a CLEP, AP, or IB test approved by a department offering an approved Quantitative Literacy course,
  - c. successfully complete a math course for which a Quantitative Literacy course is a prerequisite, or
  - d. transfer an equivalent course.

## Courses

### Select one:

- MTH 1080 - Mathematics for Liberal Arts **Credits: 3**
- MTH 1081 - Mathematics for Liberal Arts with Laboratory **Credits: 3**
- MTH 1109 - College Algebra Stretch, Part II **Credits: 4**
- MTH 1110 - College Algebra for Calculus **Credits: 4**
- MTH 1111 - College Algebra for Calculus with Laboratory **Credits: 4**
- MTH 1112 - College Algebra Through Modeling **Credits: 4**
- MTH 1115 - College Algebra through Modeling with Laboratory **Credits: 4**
- MTH 1210 - Introduction to Statistics **Credits: 4**
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**
- MTH 1311 - Finite Mathematics for the Management and Social Sciences with Laboratory **Credits: 4**
- MTH 1610 - Integrated Mathematics I **Credits: 3**

## Arts and Humanities Requirement

**Description:** In Arts and Humanities courses students interpret, analyze, and create texts and other artistic works to deepen their

understanding of the various contexts that shape the human experience and explore fundamental questions of identity, value, diversity, and meaning.

Students must complete a minimum of 6 semester hours to satisfy the arts and humanities requirement.

## Student Learning Outcomes

- Describe how the context (historical, racial, ethnic, material, technological, religious, intellectual, cultural, gender, etc.) influences the creation, content, or interpretation of a text, performance, work of art, etc.
- Critically engage with a text, performance, work of art, etc. by applying social/political, epistemic, aesthetic, pragmatic, moral/ethical, or other discipline-appropriate standards.
- Implement course content or skills through the creation of an original project (essay, argument, narrative, reflection, oral presentation, performance, work of art, etc.).

## Historical Requirement

**Description:** Historical thinking contextualizes the present by using a wide range of sources and methods to understand how people experienced the past.

Students must complete a minimum of 3 semester hours to satisfy the historical requirement.

## Student Learning Outcomes

- Demonstrate the ability to locate sources when information is needed, and to evaluate the authenticity, validity, and reliability of resources applied to a specific purpose.
- Communicate in writing with an awareness of audience, by using language conventions appropriate to the occasion and task.
- Demonstrate historical knowledge of the United States, the world, or one of the major regions of the world.
- Demonstrate, using historical sources, how context and contingency influence change over time.
- Develop an effective historical interpretation and marshal primary and/or secondary source evidence to support it.

## Courses

### Select one:

- AAS 1130 - Survey of African History **Credits:** 3 (Global Diversity)
- AAS 1150 - Race and Social Justice in U.S. History **Credits:** 3 (ESSJ)
- ANT 1650 - Ancient Civilizations **Credits:** 3 (Global Diversity)
- CHS 1150 - Race and Social Justice in U.S. History **Credits:** 3 (ESSJ)
- ECO 1776 - Global Economic History: The Origins of Growth **Credits:** 3 (Global Diversity)
- GWS 1600 - Women in World History **Credits:** 3 (Global Diversity)

- HIS 1270 - India and South Asia **Credits:** 3 (Global Diversity)
- HIS 1300 - Introduction to Latin American History **Credits:** 3 (Global Diversity)
- HIS 1600 - Women in World History **Credits:** 3 (Global Diversity)

- HIS 1700 - Nature and Society **Credits: 3** (Global Diversity)
- HIS 1940 - Survey of African History **Credits: 3** (Global Diversity)
- HON 1040 - World History since 1500 **Credits: 3** (Global Diversity)

## Natural and Physical Sciences Requirement

**Description:** The Natural and Physical Sciences involve discovering knowledge in natural or physical sciences, applying scientific thinking and reasoning, and critically thinking about the use of scientific information.

Students must complete a minimum of 6 semester hours to satisfy the natural and physical science requirement.

### Student Learning Outcomes

- Explain the foundational knowledge of a particular field of natural or physical science
- Apply principles and techniques of scientific thinking.
- Evaluate the credibility of scientific information and interpret the impact of its use or misuse in society.

### Courses

- AES 1050 - Introduction to Space **Credits: 3**
- ANT 1010 - Introduction to Biological Anthropology **Credits: 3** (Global Diversity)
- AST 1040 - Introduction to Astronomy - Solar System **Credits: 4**
- AST 1050 - Introduction to Astronomy - Stars and Galaxies **Credits: 4**
- AST 3040 - Modern Cosmology **Credits: 3**
- BIO 1000 - Human Biology for Non-Majors **Credits: 3**
- BIO 1030 - General Biology for Non-Majors **Credits: 4**

## Social and Behavioral Sciences Requirement

**Description:** Courses in Social and Behavioral Science study the behavior and actions of individuals, groups, and/or institutions using scientific methods and approaches. Social and Behavioral Science also develops a student's ability to examine and influence those behaviors and actions between and among larger social, economic, political, and/or geographic contexts.

Students must complete a minimum of 6 semester hours to satisfy the social and behavioral sciences requirement.

## Student Learning Outcomes

- Describe fundamental concepts in the social and behavioral sciences.
- Examine how individuals, groups, communities, and social institutions relate or interact with each other and/or the natural world using theories and methods in the social and behavioral sciences.
- Engage with social and behavioral science tools, approaches, and skills to explore complex human, social, political, cultural, and/or global interactions and issues.

## Courses

## Global Diversity Requirement

**Description:** Global Diversity refers to a student's ability to critically analyze and engage complex, interconnected global systems (such as natural, physical, social, cultural, economic, or political) and their implications for individuals, groups, communities, or cultures. These courses will introduce students to various concepts toward valuing

diversity and the importance of inclusivity. Students should seek to understand how their actions affect both local and global communities. Courses in this category must contain a majority of material from one or more regions or countries outside the U.S.

Students may fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences. If a course is used to fulfill both the global diversity requirement and another general studies category, only 3 semester hours will apply to the student's degree requirements.

## Student Learning Outcomes

Students must select one course from an approved category that also meets the following student learning outcomes. This course will count in both categories.

- Describe the implications of global interconnections, including their impact on culture, societies, the environment, or the individual.
- Analyze connections between worldviews, experiences, and/or power structures of differing cultures in historical or contemporary contexts.

## Courses

### Select one:

- AAS 1030 - Introduction to Social Justice and Decoloniality **Credits:** 3 (Social and Behavioral Sciences)
- AAS 1130 - Survey of African History **Credits:** 3 (History)
- AAS 3310 - Arts of Africa **Credits:** 3 (Arts and Humanities)

# State-Guaranteed General Education Courses

The Colorado Commission on Higher Education has approved the following courses for inclusion in the Guaranteed Transfer (GT) Pathways program in the listed categories. For transferring students, successful completion with a minimum C- grade guarantees transfer and application of credit in this GT Pathways category. For more information on the GT Pathways program, and the most updated list of courses, go to

<http://higher.ed.colorado.gov/academics/transfers/gtpathways/curriculum.html>.

## Courses

- AAS 1010 - Introduction to Africana Studies **Credits: 3**
- AAS 1130 - Survey of African History **Credits: 3**
- AAS 1150 - Race and Social Justice in U.S. History **Credits: 3**
- AAS 2100 - Women of Color **Credits: 3**
- ANT 1010 - Introduction to Biological Anthropology **Credits: 3**
- ANT 1310 - Introduction to Cultural Anthropology **Credits: 3**
- ANT 1400 - Introduction to Folklore **Credits: 3**
- ANT 1650 - Ancient Civilizations **Credits: 3**
- ANT 2330 - Cross-Cultural Communication **Credits: 3**
- ANT 2700 - Museum Studies **Credits: 3**
- ARTH 1500 - Art and Visual Literacy **Credits: 3**
- ARTH 2600 - Reading and Writing Visual Culture **Credits: 3**
- ARTH 2700 - Museum Studies **Credits: 3**
- AST 1040 - Introduction to Astronomy - Solar System **Credits: 4**

# Ethnic Studies & Social Justice Requirement

Ethnic Studies & Social Justice courses can satisfy both the Ethnic Studies & Social Justice requirement and any other program requirements satisfied by that course.

Ethnic Studies is rooted in a social justice approach to studying historically marginalized communities of color. The Ethnic Studies & Social Justice (ESSJ) curriculum requirement is designed to equip students with the tools to challenge, understand, and contextualize the treatment of racially and ethnically marginalized groups in the United States. As a fluid and contested space, the United States has been a historically, geographically, and politically contingent region. These courses center the experiences of marginalized groups and examine the ways in which the existences and experiences of these groups have been historically shaped by oppression and systems of white supremacy. ESSJ coursework interrogates relationships between power, privilege, and oppression. Students explore how power and privilege in the past and present maintain oppression. Additionally, course content examines the resilience, activism, and advocacy of racially and ethnically marginalized groups to counter oppression and systems of white supremacy. Students learn to recognize key moments of liberation and those movements that advance social justice for racially and ethnically marginalized groups. Course content and materials may also examine and interrogate the oppression of other groups whose marginalized identities have been racialized and who have been thus oppressed as racial or ethnic minorities.

At the conclusion of an ESSJ course, students will be able to:

1. Define and understand key critical theories and concepts that inform discussions of racism and colonialism as they overlap with other systems of power as historically situated in the U.S.
2. Define and apply concepts of social justice within specific curriculum and course content to demonstrate the impact of racial and ethnic inequality in the U.S.
3. Identify and evaluate unequal power relationships between and/or among, one or more marginalized groups in the U.S.
4. Recognize and describe ways in which power and privilege are held and upheld by dominant groups in relation to marginalized groups and/or individuals.
5. Analyze the effects of institutional oppression on marginalized groups in the U.S.

In 2023 MSU Denver replaced the multicultural graduation requirement with the ESSJ graduation requirement. Courses that carry ESSJ designation can be used to fulfill the multicultural requirement for students on an earlier catalog. To satisfy the ESSJ requirement, a course must appear on the list of approved ESSJ courses at the time of the enrollment in the course.

## Ethnic Studies & Social Justice Courses (3 Semester Hours)

Select from the following courses:

- AAS 1010 - Introduction to Africana Studies **Credits: 3** (Social and Behavioral Sciences)
- AAS 1150 - Race and Social Justice in U.S. History **Credits: 3** (Historical)
- AAS 2100 - Women of Color **Credits: 3** (Social and Behavioral Sciences)
- AAS 2200 - Politics and Black People **Credits: 3**
- AAS 3220 - Prejudice and Discrimination **Credits: 3**
- AAS 3240 - African American Literature **Credits: 4**
- AAS 3300 - The Black Community **Credits: 3**
- AAS 3440 - American Slavery **Credits: 3**
- AAS 3570 - African American History I **Credits: 3**
- AAS 3580 - African American History II **Credits: 3**
- AAS 3700 - Psychology of Group Prejudice **Credits: 3**
- ANT 2330 - Cross-Cultural Communication **Credits: 3** (Social and Behavioral Sciences)
- ANT 3335 - Asian American Experiences **Credits: 3**
- CHS 1000 - Introduction to Chicana/o Studies **Credits: 3** (Social and Behavioral Sciences)
- CHS 1150 - Race and Social Justice in U.S. History **Credits: 3** (Historical)
- CHS 2010 - Survey of Chicana/o Literature **Credits: 3** (Arts and Humanities)
- CHS 2100 - Women of Color **Credits: 3** (Social and Behavioral Sciences)
- CHS 3020 - Chicana/o History, 1836 to the Present **Credits: 3**
- CHS 3100 - Social Justice and Activism in the Chicana/o Community **Credits: 3** (Social and Behavioral Sciences)
- CHS 3200 - Chicanos and the Law **Credits: 3**
- CJC 3720 - Chicanos and the Law **Credits: 3**
- COMM 3000 - Diversity and Communication in the U.S. **Credits: 3** (Social and Behavioral Sciences)
- ECE 3860 - Cultural Socialization of Children **Credits: 3**
- ECO 3600 - Economics of Social Justice **Credits: 3**
- EDS 1001 - Advancing Social Justice and Educational Equity: Challenges and Strategies **Credits: 3** (Social and Behavioral Sciences)
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3** (Social and Behavioral Sciences)
- EDU 1111 - Education within Diverse Communities **Credits: 3**
- ENG 2410 - Survey of Chicana/o Literature **Credits: 3** (Arts and Humanities)
- ENG 3240 - African American Literature **Credits: 4**
- ENG 3465 - Anti-Racist Children's Literature **Credits: 3** (Arts and Humanities)
- ENG 3513 - Race Talk **Credits: 3** (Arts and Humanities)
- ENG 3770 - Multicultural Cinema **Credits: 3**
- GEG 2700 - Geographies of Environmental Justice **Credits: 3** (Social and Behavioral Sciences)

- GEG 3300 - Indigenous Geographies of North America **Credits: 3**
- GWS 1200 - Sexuality, Race, and Power **Credits: 3** (Social and Behavioral Sciences)
- GWS 2100 - Women of Color **Credits: 3** (Social and Behavioral Sciences)
- GWS 3170 - Social Justice, Self, and Citizenship: A Service Learning Course **Credits: 3**
- GWS 3650 - Economics of Social Justice **Credits: 3**
- GWS 3700 - Psychology of Group Prejudice **Credits: 3**
- HIS 1150 - Race and Social Justice in U.S. History **Credits: 3** (Historical)
- HIS 3420 - American West **Credits: 3**
- HIS 3426 - Colorado Water and the American West **Credits: 3**
- HIS 3440 - American Slavery **Credits: 3**
- HIS 3463 - Getting Schooled: A History of American Education **Credits: 3**
- HIS 3490 - Native American History **Credits: 3**
- HIS 3560 - Chicana/o History, 1836 to the Present **Credits: 3**
- HIS 3570 - African American History I **Credits: 3**
- HIS 3580 - African American History II **Credits: 3**
- HIS 3660 - American Protest: The History of Social Movements from the Cold War to the Twenty-First Century **Credits: 3**
- HON 1003 - Introduction to Chicana/o Studies **Credits: 3** (Social and Behavioral Sciences)
- HON 3101 - Social Justice and Activism in the Chicana/o Community **Credits: 3** (Social and Behavioral Sciences)
- ITP 3810 - Men Across Cultures **Credits: 3**
- MKT 3750 - Ethnic Representations in Marketing **Credits: 3**
- MUS 1040 - Music, Race, and Power **Credits: 3** (Arts and Humanities)
- MUS 3000 - Musics of America **Credits: 3** (Arts and Humanities)
- MUS 3020 - History of Jazz **Credits: 3** (Arts and Humanities)
- MUS 4010 - From Blues to Hip Hop: African American Musical Heritage **Credits: 3**
- NAS 1000 - Introduction to Native American Studies **Credits: 3**
- NAS 2700 - Geographies of Environmental Justice **Credits: 3** (Social and Behavioral Sciences)
- NAS 3200 - Native American Politics **Credits: 3**
- NAS 3300 - Indigenous Geographies of North America **Credits: 3**

- PHI 3340 - Philosophy of Race **Credits: 3**
- PSC 1030 - Multicultural Politics for Non-Majors **Credits: 3** (Social and Behavioral Sciences)
- PSC 2200 - Politics and Black People **Credits: 3**
- PSC 3200 - Native American Politics **Credits: 3**
- PSC 3300 - Indigenous Geographies of North America **Credits: 3**
- PSY 3030 - Multicultural Psychology **Credits: 3**
- PSY 3170 - Social Justice: Self and Citizenship: A Service Learning Course **Credits: 3**
- PSY 3700 - Psychology of Group Prejudice **Credits: 3**
- RLG 1090 - Religion, Justice, and Liberation Movements **Credits: 3**
- SED 2200 - Social Justice and Disability Issues for Educators **Credits: 3**
- SOC 1040 - Introduction to Social Gerontology **Credits: 3**
- SOC 3140 - The Black Community **Credits: 3**
- SOC 3200 - Asian American Experiences **Credits: 3**
- SOC 3220 - Prejudice and Discrimination **Credits: 3**
- SWK 3110 - Social Justice and Activism in the Chicana/o Community **Credits: 3** (Social and Behavioral Sciences)
- SWK 3140 - The Black Community **Credits: 3**

## Transferability of Ethnic Studies & Social Justice Credits

Transfer credits to meet the ESSJ requirement will be accepted under the following guidelines:

- Transferable courses equivalent to an existing ESSJ course will satisfy the MSU Denver ESSJ requirement. Equivalency will be determined by the department offering the course. Once a course has been approved by a department, it will be given the status of an approved transferable ESSJ course.
- The Ethnic Studies & Social Justice Curriculum Review Committee (previously the Multicultural Review Committee) will evaluate courses that do not have a university equivalent course to determine if the course meets MSU Denver criteria for the ESSJ course requirement.
- Students with partial credits (for example, resulting from credit transferred from institutions utilizing quarters or trimesters) may receive deviations of less than one hour in the ESSJ Requirement.
- An appeal can be made to the Associate Vice President of Curriculum, Academic Effectiveness, and Policy Development.

# Senior Experience Graduation Requirements

The Senior Experience course provides a culmination of the undergraduate experience, allowing students to synthesize their learning, using critical analysis and logical thinking. Students may use the course to satisfy major or minor requirements if the course is approved for that use. Students should consult with their advisor and check prerequisites. Students must complete a Senior Experience course at the end of the undergraduate program and must take the course or courses at MSU Denver. Senior Experience courses include “senior standing” as a prerequisite in addition to other prerequisites designated by the department. In some cases, students may need to take two courses to satisfy the requirement. See an advisor in the major for specific degree requirements.

## Senior Experience Courses

The following courses are approved to satisfy the Senior Experience requirement. Students should review the requirements of their specific degree program to see which Senior Experience course is required for that program. If uncertainty exists as to which Senior Experience course is appropriate, the student should consult the department offering the student's degree program.

- AAS 4850 - Research Seminar in Africana Studies **Credits: 3**
- AES 4210 - Airport Planning and Management II **Credits: 3**
- AES 4910 - Aviation and Aerospace Strategic Planning **Credits: 3**
- AES 4930 - Professional Flight Standards Seminar **Credits: 3**
- AMS 4700 - Team Project Experience **Credits: 3**
- AMS 4940 - Capstone: Advanced Manufacturing Project Planning and Process Development **Credits: 3**
- AMS 4950 - Professional Internship **Credits: 1-15**
- ANT 4100 - Biological Anthropology Research Design **Credits: 3**
- ANT 4251 - Advanced Ethnographic Field Experience **Credits: 3**
- ANT 4710 - Advanced Archaeological Research **Credits: 3**
- ART 4701 - Studio Art Senior Experience: Exhibition and Thesis **Credits: 3**
- ART 4703 - Student Teaching and Seminar: Elementary K-6 **Credits: 6**
- ART 4710 - Art Senior Experience **Credits: 3**
- BIO 4230 - Issues in Conservation Biology **Credits: 3**
- BIO 4271 - Parasitology **Credits: 4**
- BIO 4300 - Neurobiology **Credits: 3**
- BIO 4510 - Microbial Ecology **Credits: 4**
- BIO 4540 - Plant Ecology **Credits: 4**
- BIO 4550 - Animal Ecology **Credits: 4**
- BIO 4820 - Developmental Biology **Credits: 4**
- BIO 4850 - Evolution **Credits: 3**
- BVG 4850 - Applied Brewing Operations **Credits: 3**
- CDES 4600 - Communication Design Portfolio Development **Credits: 3**
- CDES 4721 - Communication Design Senior Experience: Exhibition and Thesis **Credits: 3**
- CET 4100 - Capstone: Design Project I **Credits: 1**
- CET 4110 - Capstone: Design Project II **Credits: 2**
- CHE 4300 - Advanced Inorganic Chemistry **Credits: 4**
- CHE 4390 - Advanced Biochemistry Laboratory **Credits: 3**
- CHE 4950 - Senior Experience in Chemistry **Credits: 3**
- CHE 4960 - Senior Experience in Biochemistry **Credits: 3**
- CHS 4850 - Research Experience in Chicana/o Studies **Credits: 3**
- CIS 4050 - Systems Analysis and Design **Credits: 3**
- CIS 4920 - Health Care Information Systems Internship **Credits: 3**
- CJC 4700 - Capstone Seminar in Criminal Justice and Criminology **Credits: 3**
- CLD 4225 - CLD Residency II **Credits: 3-9**
- COMM 4420 - Freedom of Speech **Credits: 3**
- COMM 4910 - Applied Communication Research Project **Credits: 3**
- COMM 4920 - Senior Seminar **Credits: 3**
- COMM 4930 - Senior Communication Internship **Credits: 3-6**
- CEE 4700 - Senior Design I **Credits: 1**
- CEE 4800 - Senior Design II **Credits: 2**
- CPM 4950 - Professional Internship **Credits: 1-15**
- CS 4360 - Senior Experience in Computer Science **Credits: 4**
- CYB 4990 - Capstone Seminar in Cybersecurity **Credits: 3**
- DANC 4990 - Dance Senior Experience **Credits: 3**
- DSML 4360 - Senior Experience in Data Science and Machine Learning **Credits: 4**
- ECO 3459 - Policy Debates in the History of Economic Thought **Credits: 3**
- ECO 4800 - Economic Policy Analysis **Credits: 3**
- ECE 4350 - Senior Experience in Early Childhood Education **Credits: 6**
- ECE 4390 - Student Teaching and Seminar: Early Childhood (Preschool through Third Grade) **Credits: 6,12**
- ECE 4395 - Student Teaching and Seminar: Early Childhood Special Education (Preschool through Third Grade) **Credits: 6 or 12**
- ECE 4425 - Early Childhood Residency II **Credits: 9**
- EDS 4010 - Action Research within Communities of Practice **Credits: 3**
- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits: 6,12**
- EDU 4115 - Residency I **Credits: 3-7**
- EDU 4116 - CLD Residency I **Credits: 3-7**

- EDU 4190 - Elementary Student Teaching and Seminar: K-6 **Credits: 6,12**
- EDU 4225 - Residency II **Credits: 9**
- EDU 4226 - CLD Residency II **Credits: 9**
- EET 4100 - Senior Project I **Credits: 1**
- EET 4110 - Senior Project II **Credits: 2**
- ENG 4500 - Senior Project **Credits: 4**
- ENG 4520 - Creative Writing Capstone **Credits: 4**
- ENG 4540 - Professional Writing and Rhetoric Capstone **Credits: 4**
- ENG 4640 - Teaching English, 7-12 **Credits: 3**
- ENG 4660 - Teaching Literature and Language K-6 **Credits: 3**
- ENV 4960 - Global Environmental Challenges **Credits: 3**
- ENV 4970 - Environmental Field Studies **Credits: 3**
- ESS 4950 - Community Coaching for Health **Credits: 3**
- EVE 4611 - Senior Design Project I **Credits: 1**
- EVE 4612 - Senior Design Project II **Credits: 2**
- EXS 4880 - Internship in Exercise Science **Credits: 10**
- FER 4610 - Disaster Planning and Control **Credits: 3**
- FRE 4520 - Modern French Theater **Credits: 3**
- FRE 4530 - The French Novel **Credits: 3**
- GEG 4975 - Geography Capstone **Credits: 3**
- GEL 4970 - Undergraduate Research in Geology **Credits: 3**
- GIS 4890 - Advanced GIS Project **Credits: 3**
- GIS 4910 - Satellite Image Processing and Analysis **Credits: 3**
- GIS 4920 - Advanced Directed Study in Geospatial Sciences **Credits: 3**
- GWS 4750 - Feminist Research and Activism **Credits: 3**
- HCM 4161 - Disaster Planning and Control **Credits: 3**
- HCM 4510 - Health Care Management Practicum **Credits: 6**
- HCM 4610 - Health Professions Internship **Credits: 3**
- HCM 4920 - Health Care Information Systems Internship **Credits: 3**
- HIS 4010 - Methods of Teaching Social Science: Secondary School **Credits: 3**
- HIS 4820 - Senior Seminar **Credits: 3**
- HLDR 4500 - Applied Leadership in Hospitality **Credits: 3**
- HLDR 4800 - Applied Hospitality and Tourism Concept Development **Credits: 3**
- HSP 4025 - Peer Health Education- Field Experience **Credits: 3**
- HSP 4780 - Human Services Internship II **Credits: 8**
- HSP 4840 - Human Services Internship **Credits: 5-20**
- HSP 4880 - Addiction Studies Internship **Credits: 5 or 15**
- HTE 4000 - Hospitality Field Experience **Credits: 3**
- HTL 4500 - Applied Hotel Management **Credits: 3**
- IND 4960 - Professional Internship **Credits: 3**
- ITP 4900 - Theories and Application of Knowledge for Integrative Health **Credits: 3**
- ITP 4950 - Community Coaching for Health **Credits: 3**
- ITP 4999 - Applied Learning with Lifestyle Medicine **Credits: 3**
- JMP 4500 - Ethical and Legal Issues in Journalism **Credits: 3**
- JMP 4790 - Senior Seminar **Credits: 3**
- LING 4060 - Modern Language Theory **Credits: 4**
- MET 4100 - Senior Project I **Credits: 1**
- MET 4110 - Senior Project II **Credits: 2**
- MGT 4420 - Entrepreneurial Business Planning **Credits: 3**
- MGT 4430 - Operationalizing a Small Business **Credits: 3**
- MGT 4700 - Global Management **Credits: 3**
- MGT 4830 - Workforce Social Justice **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3**
- MKT 4250 - Advanced Selling **Credits: 3**
- MTH 4210 - Probability Theory **Credits: 4**

# Enrollment

- [Testing Services](#)
- [New Student Orientation](#)
- [Academic Advising](#)

## Testing Services

The Office of Testing Services provides testing services that help students determine placement in General Studies courses for their first year at MSU Denver. All first-time students and transfer students who need to take General Studies courses in Written Communication and Quantitative Literacy are required to complete the writing and mathematics Accuplacer placement examinations prior to enrollment, unless they meet at least one of the following exemptions for each examination:

- If the student has ACT or SAT scores within the past five years, some assessment tests may be waived if the following scores are met or exceeded: an ACT subscore at or above 18 in English (SAT Evidence-Based Reading and Writing of 470) and 19 or 20 in Math (SAT math of 460 or 480).
- Students with Advanced Placement, International Baccalaureate, or College Level Examination Program test results may be exempt from certain placement tests. Students should contact the Transfer Services office at 303-556-3774 for more information.
- Transfer students who have completed the equivalent of the General Studies requirements in Written Communication and Quantitative Literacy are exempt from the placement examinations. Students should contact the Transfer Services office at 303-556-3774 for more information.

For additional information, see the Testing Services website, [msudenver.edu/testing](https://msudenver.edu/testing), or call 303-615-1700.

Degree-seeking students whose records indicate that they require remedial coursework have at their disposal Supplemental Academic

Instruction (SAI) options offered through MSU Denver or basic skills courses offered through the Community College of Denver and other community colleges in the region. Students are responsible for completing remedial coursework within the first 30 semester hours at MSU Denver. The Office of Testing Services is located in the Tivoli Student Union, Room 347.

## New Student Orientation

Orientation is a required step for incoming degree-seeking students at MSU Denver. There are various options to complete orientation requirements including virtual and in-person sessions.

During orientation, incoming students have the opportunity to interact with current MSU Denver students and staff while they receive valuable information about academic advising, campus resources, and financial aid. Our virtual and in-person orientation programs include advising and registration support for the first semester of courses. Orientation Leaders also share some of their own tips for college survival, including how to utilize campus resources and how to get involved in campus activities.

For further information about orientation, visit the website, [msudenver.edu/orientation](https://msudenver.edu/orientation), call 303-615-0770, or email [orientation@msudenver.edu](mailto:orientation@msudenver.edu). The Orientation office is located in the Jordan Student Success Building, Suite 217.

## Academic Advising

At MSU Denver, students are provided multiple sources of academic advising support from faculty and professional advisors. Services available to students include assistance with course selection, schedule planning, and registration techniques; help with long-term degree planning; and ongoing developmental advising, including assistance with the major/minor selection process, adjustment to college, and more. For additional information on advising, visit [msudenver.edu/advising](https://msudenver.edu/advising).

# Financial Aid and Scholarships

The Metropolitan State University of Denver financial aid program provides assistance and advice to students who would be unable to pursue their education at the university without such help. Scholarships, grants, loans, and part-time employment are available singly or in various combinations to meet the difference between what the student and the student's family could reasonably be expected to provide and the expected cost of attending MSU Denver.

For information on financial aid and scholarships, click on a link to be taken to the entry below.

- [Eligibility and Need](#)
- [Application Procedures](#)
- [Financial Aid Programs](#)
- [Grants](#)
- [Scholarships](#)
- [Loans](#)
- [Work-Study](#)
- [Financial Aid Package](#)
- [Award Notification](#)
- [Repayment Policy](#)

## Eligibility and Need

To qualify for financial aid, a student must submit a FAFSA; be a U.S. citizen or eligible noncitizen (students who do not meet the citizenship eligibility requirements but are designated as an ASSET student may submit a CASFA); be degree seeking in an eligible program and be enrolled at least half-time for most type of financial aid; be making satisfactory academic progress; and cannot be in default or in an overpayment on a federal education loan or owe a repayment on a federal grant.

## Application Procedures

Students must complete the Free Application for Federal Student Aid (FAFSA) at [studentaid.gov](http://studentaid.gov) or if designated as a Colorado Asset Student, the Colorado Application for State Financial Aid (CASFA) at [cdhe.colorado.gov](http://cdhe.colorado.gov). MSU Denver's Title IV School Code is: 001360.

Students should complete and submit the FAFSA or Renewal FAFSA to the federal processor as early as possible (after October 1st of each year) and submit all requested documents to the MSU Denver Office of Financial Aid by March 1st.

Detailed information concerning application procedures is provided on our website, [msudenver.edu/financial-aid](http://msudenver.edu/financial-aid).

## Financial Aid Programs

The amount of funds made available to students depends on the maximum award allowed by regulation of each program, the student's established financial need, duration of the student's enrollment, and funds allocated to the university by the state and federal government.

## Grants

Grants are gift money from the federal or state government or the institution and do not have to be repaid.

**Federal Pell Grants** are federal grant funds awarded to undergraduate students who have high financial need determined by the submission of a FAFSA and who have not yet received a bachelor's degree. The amount of the award varies and is based upon the Department of Education's need analysis formula and the number of hours for which the student is enrolled.

**Federal Supplemental Educational Opportunity Grants (FSEOG)** are federal grant funds awarded to undergraduate students who have exceptional financial need as determined by the submission of a FAFSA and have not yet received a bachelor's degree. The amount of FSEOG awards varies from year to year depending on the funding amounts and number of students who meet eligibility requirements.

**Colorado State Grant (CSG)** is a state grant fund awarded to Colorado residents with demonstrated financial need who are pursuing an undergraduate degree. Eligible students cannot have a prior bachelor's degree, must establish eligibility by completing a FAFSA or CASFA, are enrolled at least half-time (at least six credit hours) at MSU Denver and must meet all other financial aid eligibility requirements.

## Scholarships

**Most scholarships require a student to be enrolled at least half-time, be degree-seeking, be making satisfactory academic progress, and not be in default on a federal education loan or owe a repayment on a federal or state grant to receive a scholarship.**

Students should refer to the MSU Denver scholarship website, [msudenver.edu/financial-aid/scholarships](http://msudenver.edu/financial-aid/scholarships), for information regarding a comprehensive list of scholarships including access to free online scholarship searches.

**Presidential Scholarships:** MSU Denver's Office of Financial Aid and Scholarships offers Presidential Academic Achievement Scholarship awards to both incoming, continuing and transfer students. These scholarships are awarded on a first-come, first-served basis until funds are exhausted. Due to limited funding, it is recommended that students complete a FAFSA or CASFA as soon as the application becomes available and complete any remaining financial aid documents requested as soon as possible. Students who have a completed financial aid file and a most recent GPA of 3.25 or better will be considered, there is no additional application required.

**Foundation Scholarships:** The MSU Denver Foundation offers numerous scholarship opportunities for both incoming and continuing students. By submitting the Metropolitan State University of Denver Scholarship Application by March 1st "Priority Consideration Deadline" each year, you will automatically be considered for all MSU Denver Foundation scholarships for which you are eligible for the next academic year. While a FAFSA or a CASFA is not required, it is highly recommended that students complete one of these applications to maximize scholarship opportunities. The MSU Denver Scholarship Application is available for online submission at [msudenver.academicworks.com](https://msudenver.academicworks.com).

**Athletic Scholarships:** MSU Denver has a limited number of athletic scholarships. For additional information, contact the MSU Denver Intercollegiate Athletics Office (303-615-0888).

Receipt of a scholarship may affect a student's financial aid award because students receiving federal and/or state aid are limited in the maximum amount and type of aid that can be received. A student whose full need has been met by other types of financial aid prior to receipt of a scholarship will have that aid reduced by the amount of the scholarship. If the student's full eligibility has not been met, the scholarship will be allowed to satisfy the unmet need. Each student's situation is treated individually. All scholarships are based on the student's continued eligibility and available funding. Scholarships are awarded based upon Fall and Spring enrollment, if a student does not return for Spring semester that funding may be reallocated to another student.

## Loans

**Federal Direct Subsidized Student Loans:** Offered to undergraduate students who are enrolled at least half-time (six or more credit hours) and demonstrate financial need as determined by the FAFSA submission. Offered amounts are determined by a student's financial need, dependency status, and year in school. Interest does not begin to accrue until six months after the student graduates or ceases to be enrolled in school at least half-time (six credit hours per semester). Interest rates vary from year to year but are fixed for the lifetime of the loan.

**Federal Direct Unsubsidized Student Loans:** Offered to graduate and undergraduate students who have submitted and meet eligibility requirements as determined by the FAFSA and are enrolled at least half-time (six credit hours for undergraduates or three hours for a graduate student). Offered amounts depend on academic career level (graduate or undergraduate). For undergraduate unsubsidized loans, amounts offered also depend on dependency status and year in school. Interest accrues while students are in school and during the six-month grace period after a student graduates or ceases to be enrolled at least half-time.

Federal Perkins Loans are long-term federal loans that are awarded based on the student's need and MSU Denver's available funds. Federal Perkins Loans can range from \$100 to \$1,500 per semester. Repayment of the loan begins nine months after the student graduates or ceases to be enrolled in at least six credit hours each semester. The interest rate is 5 percent and interest begins to accrue at repayment.

All first-time borrowers at MSU Denver are required to perform a Perkins Loan Entrance Interview over the Web before loan funds can be released to them.

**Subsidized Federal Stafford Loans:** are based on the student's need as determined by the MSU Denver Office of Financial Aid. Interest does not begin to accrue until six months after the student graduates or ceases to be enrolled in school at least half time (six credit hours per semester).

**Unsubsidized Federal Stafford Loans:** These loans have many of the same terms and conditions as the Federal Stafford Loan. The main difference is that the students are responsible for the interest that accrues while they are in school and during the six-month grace period after they graduate or cease to be enrolled in at least six credit hours.

**Federal PLUS Loans:** PLUS loans are available to parents of dependent students and graduate students who have a completed FAFSA on file. Applicants apply for PLUS loans on [studentaid.gov](https://studentaid.gov) and will need to meet credit requirements for these loans. These loans are not guaranteed and can be denied through the application process.

Please refer to the MSU Denver Financial Aid website, [msudenver.edu/financial-aid](https://msudenver.edu/financial-aid), for more detailed information regarding loans.

## Work-Study

Work Study provides employment opportunities for students to assist with educational costs. Award amounts may vary from year to year depending on available funding. Work-study funds are paid to students for hours worked at an MSU Denver approved work-study position. Students must be offered work study as part of their financial aid package and be enrolled at least half-time per semester. The maximum hours a student may work is 30 hours per week while classes are in session and 40 hours per week between semesters. The majority of all work-study awards are need-based, however, there are a limited number of funds made available to students who do not demonstrate need as determined by the FAFSA. Students must submit a FAFSA to be considered for work study. Funding is limited for the work-study program and not all eligible students may receive a work-study award.

## The Financial Aid Package

Once student eligibility is determined, an aid package is developed based on the availability of funds, the demonstrated need, and the eligibility of the applicant. To facilitate financial aid packaging requirements, applicants must obtain all requested information and forms from designated sources and submit them to the MSU Denver Office of Financial Aid before the established deadline.

## Award Notification

After the Office of Financial Aid has determined the type and amount of aid for which a student qualifies (aid package), the student is emailed an Award Notification.

## Disbursement Procedures:

- Awards are based on full-time enrollment. If a student is enrolled for less than 12 credit hours each semester, the award may be reduced/prorated. The final award adjustment occurs on census date (about the 12th day of school each fall and spring semester and the 8th day of the summer semester).
- Grants, Scholarships and Student Loans: All financial aid awards (with the exception of out-of-state loan checks, consortium checks and some scholarship funds) are disbursed into the student's account. The Bursar's Office deducts any outstanding balance owed, including current tuition and fees, and issues a check for the remaining funds. This check is either mailed to the student or the student can pick it up at the Cashier's Office. This check can be used to purchase books and pay other educationally related expenses.

- Parent Loans: Any excess of Federal Parent PLUS funds is either sent to the parent borrower or to the student, whoever the parent indicated on the PLUS application.
- Work Study: Work-study earnings are paid biweekly and are treated as wages earned. Outstanding balances owed to MSU Denver are not deducted from these earnings; however, students are strongly advised to pay any outstanding balance as soon as a work-study check is received.

Please refer to the MSU Denver website, [msudenver.edu](https://msudenver.edu), for information regarding proration of aid disbursements.

## Repayment Policy

Students who receive financial aid and withdraw officially or unofficially from MSU Denver prior to completion of a term may be required to repay a portion or all of their financial aid and scholarship funds. Required financial aid repayments must be made to MSU Denver's Bursar's Office. Please go to MSU Denver's website, [msudenver.edu/financial-aid](https://msudenver.edu/financial-aid), and click on the undergraduate student financial aid section or the graduate student financial aid section as applicable for more specific information.

# General University Policies

## Contents

- [Academic Considerations for Students who Nurse after Childbirth](#)
- [Children in Classrooms and Workplaces Policy](#)
- [Health Insurance Requirement](#)
- [Immunizations](#)

Additional university policies pertaining to Amorous Relationships, Discrimination, Equal Opportunity, Harassment, Sexual Harassment, and Violence, along with other university Policies, can be found in the Metropolitan State University of Denver Policy Library (<https://www.msudenver.edu/policy/policy-library/>).

Additional university policies pertaining to Email, Computing, Security, and Electronic Communications, along with other university policies, can be found in the Metropolitan State University of Denver Policy Library (<https://www.msudenver.edu/policy/policy-library/>).

## Academic Considerations for Students who Nurse after Childbirth

It is recognized that some women will choose to nurse after childbirth, and Metropolitan State University of Denver is committed to creating a supportive environment for nursing mothers that includes lactation facilities on campus. A summary of the on-campus lactation facilities listed by building and an explanation of how to access these spaces is provided at the end of this policy. The locations can also be found at this URL: [https://www.ahcc.edu/files/general/Lactation\\_Room\\_Map.pdf](https://www.ahcc.edu/files/general/Lactation_Room_Map.pdf). Note that refrigeration services are generally not available and that students should plan accordingly.

Students who choose to nurse after childbirth are responsible for considering the following recommendations when selecting classes during the semester(s) in which expressing (pumping) milk will occur.

- Schedule classes that meet for no more than two hours at a time.
- Schedule classes that are not back-to-back to ensure ample time between classes for pumping to occur.
- Allow enough time between your work schedule and classes to ensure ample time for pumping prior to the beginning of class.
- Consider on-line courses if this mode of instruction fits better with your pumping needs.
- Be aware that there is a higher percentage of summer semester courses (compared with fall and spring semester

courses) that are longer in length, and that certain summer semester courses may not be suitable choices.

The university supports a mother's choice to nurse; however, the requirements associated with each mother's circumstance can vary significantly. It is the student's responsibility to make the right course selection using the above guidelines in order to avoid missing class time and interrupting the learning process.

In general, the university and its faculty expect that students choosing to nurse will plan ahead as is outlined in this document so that the ongoing academic mission of the institution is not interrupted. A critical component for successful learning is class attendance, and in some classes, active course participation is also an important factor. For this reason, students who are expecting to nurse after childbirth are responsible for designing their class schedule in a manner that does not interfere with the allotted instruction time for any of their registered courses.

For any anticipated unique exceptions in which class instruction time may be impacted by a need to pump, a student is required (before registering for such a course) to schedule a meeting with the course instructor and the appropriate associate/assistant dean. At this meeting it will be determined if it is advisable for the student to register for the course in question. This will be determined by an assessment of the anticipated time away from class to pump and the implications to the educational requirements of the course. Any such exceptions agreed upon must be put in writing by the faculty member teaching the course and provided to the student and the Dean's Office within one week following such a meeting. There are no course penalties associated with agreed upon times for lactation between faculty and student. However, in all cases the faculty member will maintain the same course standards required of all students registered for the course and as outlined in the course syllabus.

### MSU Denver PRIMARY Lactation Room Locations and Access Instructions

Building	Room Number/Address	How to Access Lactation Space
Student Success Building (SSB)	Room 321	Access to the lactation room in the Student Success Bldg requires women to obtain a key from <b>Human Resources in room 309</b> . Women may check out a key for one semester and renew as needed.
Science (SI)	Room 2088	Access to the lactation room in the Science Building requires that women check out a key from the <b>Institute for Women's Studies and Services at 1059 Ninth Street Park</b> . Women may check out a key for one semester and renew as needed.

		*Location has a refrigerator, sink and power outlets.
<b>Gender Institute for Teaching and Advocacy</b>	<b>Boulder Creek Room 132</b>	Access to the lactation room in the <b>Gender Institute for Teaching and Advocacy</b> is on a walk-in basis 9 a.m. to 4 p.m. Monday-Friday. Individuals need only to check in with a staff member in the reception area.  *Location has sinks, microwave and refrigerators. Minimal, temporary storage for breast milk and/or pumps.

		Arrangements must be made in advance before first use of room.
<b>King Center (KC)</b>	<b>Political Science Department, Room 498</b>	Access to the lactation space room in the <b>King Center</b> can be gained by meeting with the Political Science Department office manager (room 498) to arrange for such use. Arrangements must be made in advance before first use of room.

MSU Denver SECONDARY Lactation Room Locations and Access Instructions

<b>Building</b>	<b>Inquire at this Location</b>  <b>Within the Building</b>	<b>How to Access Lactation Space</b>
<b>Plaza Building (PL)</b>	<b>Health Center at Auraria, Room 150</b>	Access to the lactation space room in the <b>Plaza Building</b> can be gained by meeting with Health Center personnel (room 150) to arrange for such use. Arrangements must be made in advance before first use of room.
<b>Central Classroom (CN)</b>	<b>Social Work Department, Room 201</b>	Access to the lactation space room in <b>Central Classroom</b> can be gained by meeting with the Social Work Department (SWK) personnel (room 201) to arrange for such use. Arrangements must be made in advance before first use of room.
<b>Administration Building (AD)</b>	<b>West Campus, School of Business Dean's Office Room 540</b>	Access to the lactation space room in the <b>Administration Building</b> can be gained by meeting with the School of Business personnel in the Dean's Office (room 540) to arrange for such use. Arrangements must be made in advance before first use of room.
<b>Arts Building (AR)</b>	<b>Art Department, Room 187C</b>	Access to the lactation space room in the <b>Arts Building</b> can be gained by meeting with the Art Department office manager (room 187C) to arrange for such use.

## Children in Classrooms and Workplaces Policy

Metropolitan State University of Denver has an obligation to its students, faculty, staff, and visitors to conduct its operations and maintain its facilities in a manner consistent with its mission as an institution of higher education. For reasons that include safety of children, and assuring professional and efficient performance of academic pursuits and campus operations, the university cannot routinely accommodate children in campus workplaces or classrooms.

Presence in classrooms is restricted to enrolled students or visitors with a legitimate purpose, who may be adults or minors. Instructors of record are responsible for ensuring that individuals who attend their classes are properly enrolled or have been invited for the purpose of making special announcements, guest lecturing, or other authorized reasons. Instructors have the responsibility to ensure that the classroom is conducive to student learning and may address disruptive or distracting situations as appropriate.

Instructors have the discretion to make infrequent exceptions due to temporary, unforeseen emergencies. In these cases, children must remain in the classroom and are not allowed to sit in the hallway or be unsupervised in any location on campus. Regular repeated visits by children or others without a legitimate purpose are not permitted. Unless properly supervised, and with pre-approval, children are not permitted in labs, shops, construction/repair sites, or other areas where potential hazards exist. Children brought on campus must be directly supervised at all times by their parent or guardian. Leaving children unattended is a violation of the MSU Denver Student Code of Conduct.

### Definitions

1. Children: Minors under the age of 18.
2. Minors Enrolled as Students: Enrolled students under the age of 18 have the rights and privileges of any other student in the classroom and on campus grounds.

## Health Insurance Requirement

MSU Denver students taking nine (9) or more credit hours in the Fall or Spring are **required to have health insurance** that complies with the university requirement. To learn about the health insurance requirement, please view a brief video at:

<https://healthcenter1.com/domestic-health-insurance-requirement/>

#### **Students can meet the requirement by fulfilling option A or B:**

**Option One:** Students can accept automatic enrollment in the university sponsored Student Health Insurance Plan (SHIP). Enrollment is automatic when a student registers for nine or more credit hours in the Fall or Spring semester.

**Option Two:** Students insured by an outside federally compliant health plan can submit an online health insurance waiver form by the published semester deadline to opt-out of the university sponsored SHIP.

Additional details regarding both options can be found by going to:

<https://healthcenter1.com/opt-out-waiver-instructions/>

The Student Health Insurance Plan (SHIP) is designed specifically for MSU Denver students (regardless of immigration status) **taking nine (9) or more credit hours in the Fall or Spring semesters**. This comprehensive plan is designed to comply with any federal requirement, save students money and time, and provide convenient access to quality medical care on and off campus. SHIP provides twelve (12) months of insurance coverage for students taking nine (9) or more credit hours in both the Fall and Spring semesters.

#### **SHIP OFFERS STUDENTS EXCLUSIVE BENEFITS & SAVINGS AT THE HEALTH CENTER AT AURARIA:**

100% coverage for all medical services;

- \$0 office visits, procedures and supplies
- \$20 maximum cost per prescription
- NO deductible, NO co-insurance, NO co-payments

For students with outside health insurance, who are taking nine or more credit hours, an electronic waiver form is required each Fall and Spring semester. Students who initially register for nine or more credit hours, but subsequently drop below nine credit hours before the waiver compliance deadline, will automatically have the insurance charge removed from their tuition bill and will not be covered by the University-offered health insurance for the current semester. Student taking less than nine (9) credit hours are not permitted to voluntarily participate in the University-offered student health insurance plan.

If a semester premium is not paid in full, any submitted claims during that semester will be denied. For additional insurance information go to: <https://msudenver.edu/healthcenter/msudenverplans/>

## **Immunizations**

Colorado State law requires any student enrolled for one or more credit hours in higher education to comply with the State's immunization policy. This policy also applies to active military students, graduate students, students taking on-line only classes and those studying abroad.

The immunization requirement is in place to ensure the health and safety of all constituents on the Auraria campus and the university is required by state law to enforce this requirement in the interest of public health.

Students must comply with the State of Colorado's Immunization Policy requirements for higher education by submitting documentation of their previous immunizations, specifically providing proof of 2 doses of combined MMR vaccine (measles/mumps/rubella.) or proof of having received two doses of measles vaccine, two doses of mumps vaccine and two doses of rubella vaccine. This documentation must be submitted during the first semester of attendance by the immunization deadline to the Auraria Immunizations Office. The summer/fall deadline is October 1 and the spring deadline is March 1.

Students living in on-campus housing must provide proof of Meningococcal Meningitis Immunization within the most recent 5 years. Those who have not received this immunization have two options:

1. Complete the [Auraria Immunization Compliance Form](#) and indicate in the Meningococcal Waiver section that you have reviewed and understand the risks of contracting meningococcal meningitis and do not intend to receive the vaccine.
2. Schedule a vaccination. Vaccination is available at The Health Center at Auraria or with your healthcare provider. Health insurance covers 100% of routine vaccines. Call 303-615-9997 to schedule and/or verify insurance eligibility."

**Students who do not comply with this requirement will not be able to eligible to register for future semesters. Non-compliant students will have an immunization "hold" put on their account if they have not submitted their immunization documentation by the published deadline during their first semester of attendance.**

For additional information go to:

<https://healthcenter1.com/immunization-requirement/>.

# Graduation

The [Office of the Registrar](#) is located in the Student Success Building, suite 160 (#3). They are responsible for making approved degree exceptions to students' degree progress reports, performing final degree checks, preparing for the fall and spring commencement ceremonies, conferring degrees and certificates, and distributing diplomas.

For more information on graduation, click on a link to be taken to the entry below.

- [Degree Progress Report](#)
- [Graduation Procedures](#)
- [Graduation Checklist](#)
- [Diplomas and Transcripts](#)
- [Commencement Ceremony](#)

## Degree Progress Report

The Degree Progress Report is an advising tool that should be used by students and their advisors throughout the student's academic career at MSU Denver. Degree Progress Reports can be viewed by logging on to the Student Hub, or printed/viewed in the student's Major department.

## Graduation Procedures

Students who anticipate completing all degree requirements within the next two semesters should review the following sections of this catalog: Requirements for All Bachelor Degrees, Academic Policies and Procedures, Graduation, Diplomas and Commencement, Honors and Awards.

Students should review their Degree Progress Report throughout their attendance by logging on to the Student Hub. Students should review their Degree Progress report with a faculty advisor. If any degree exceptions are needed, the department will submit a degree exception. Once degree exceptions are made, students will be notified through their MSU Denver email account.

All students formally declare their degree/certificate candidacy by submitting an Application for Graduation via the Student Hub prior to their anticipated semester of graduation, but no later than the deadline stipulated in the [Academic Calendar](#). Students who miss the deadline to apply for graduation must apply for a subsequent semester.

After submitting the Application for Graduation, students will have their academic records reviewed for completion of all degree requirements. All degree applicants will be notified of their graduation status and any discrepancies that exist via their student email. Students will be given a deadline by which to explain these discrepancies to the Office of the Registrar. Students will not be eligible to remain a graduation candidate if they do not comply with

this deadline. As graduation candidates, students will receive information about the final steps in the graduation process and the commencement ceremony. Students should ensure that their current address is on file. If students need to make a change or update to a recently submitted Graduation Application, they must submit a Graduation Application Addendum form, which can be obtained from the Office of the Registrar.

## Graduation Checklist

- Review the Requirements for your degree/certificate program.
- Review the Academic Policies and Procedures (pertaining to your Degree Progress Report, graduation, diplomas and commencement, and honors and awards).
- Review your Degree Progress Report. It is recommended to review this with your major department.
- If necessary, correct any discrepancies with your Degree Progress Report in consultation with your major department advisor.
- File an online Application for Graduation by the deadline listed in the [Academic Calendar](#).
- Ensure correct address is on file with the Office of the Registrar.

For a complete graduation checklist and details refer to the [Office of the Registrar Graduation website](#).

## Diplomas and Transcripts

Diplomas are mailed approximately six weeks after the semester ends. Students must update their mailing address if there has been a change.

Official transcripts with the posted degree will be available approximately four weeks after the semester ends. Students may request transcripts as early as the middle of their last semester and indicate that it is to be held until the degree is posted. Transcripts may be requested in person at the Office of the Registrar, SSB 160, by fax at 303-556-3999, or via the [Office of the Registrar's](#) website under transcripts.

## Commencement Ceremony

Commencement ceremonies are held at the end of the fall and spring semesters. Candidates are encouraged to attend one of the two ceremonies. The commencement program lists candidates, degrees, and degree honors, if any. Although no commencement ceremony is held in the summer, students may still graduate at this time. Summer graduates are asked to attend the fall commencement ceremony. Their names, degrees and honors, if any, will appear only in the fall commencement program. Check [MSU Denver's website](#) for complete, up-to-date information about the commencement ceremony.

To qualify for graduation honor recognition at the commencement ceremony, a student must have the specified GPA and must have completed a minimum of 50 semester hours of academic credit at MSU Denver by the end of the term of graduation. Transfer credits and courses not registered at MSU Denver are not considered when determining honors. Recognition at the commencement ceremony does not guarantee final honors designation on the official record. Honors announced at the commencement ceremony will be based upon a preliminary calculation not including grades from the term of graduation.

Students who qualify for recognition at the ceremony will be sent a letter from the Dean's Office of the College or School in which their major is located. This letter authorizes students to receive honor cords at the time they rent their caps and gowns.

Candidates with an Individualized Degree Program major will be identified for honors purposes within the College or School most prominent in their major.

# Online Learning

At MSU Denver, we adapt to your educational needs based on your ever-changing life. Online learning is a cornerstone of our mission to serve you where you are, how you want to learn, and when you are available. Join our learning community of resourceful, committed, and passionate students who are actively engaged with the university, faculty, and each other.

## Delivery Formats Include In-Person, Hybrid, and Online

Degrees and programs are offered in in-person, online, and hybrid formats, and available formats are listed on each major program page. MSU Denver students have complete flexibility to choose the course formats they prefer, and can mix and match formats regardless of the program they are pursuing.

- **In-person:** all required courses are available on-campus.
- **Hybrid:** 50% or more of the required courses are available online.
- **Online:** all required courses are available online.

## Comprehensive Support for Online Students

MSU Denver Online has dedicated support staff for online students. Our Online Student Services Manager connects online students with virtual student services (so you don't have to come to campus), and resources for your distance learning success, health and well-being.

## Course Delivery Formats

### *Delivery Methods with In-Person Option or Requirement*

**In-Person:** Instructional activities are facilitated in-person at scheduled times, either on-campus or at other physical locations.

**Hybrid In-Person:** Instructional activities are facilitated through scheduled in-person sessions and either A) asynchronous online instruction, or B) scheduled meetings using live virtual meeting technology.

**Dual Mode: In-Person:** Instructional activities are facilitated in-person. The section is combined with an online section, creating a learning environment with in-person and online learners. Students are not able to switch between learning experiences during the semester.

**Hyflex:** Instructional activities are facilitated through: A) In-person class meetings; B) asynchronous online instruction; and C) online instruction using live virtual meeting technology. Students have the flexibility to choose between in-person, asynchronous, and live virtual instruction throughout the course.

**SyncFlex:** Instructional activities are facilitated in-person and online using live virtual meeting technology. Students have the flexibility to choose between in-person and live virtual instruction each class session.

**Field Experience, Practicum, Internship, etc.:** Experiential, hands-on learning that takes place in a location pertinent to the learning outcomes of the course.

### *Delivery Methods with Online Requirements*

**Asynchronous Online:** Instructional activities are facilitated online with no required scheduled meeting times. Assignments and assessments take place on a specific schedule. There are no location-specific requirements.

**Synchronous Online:** Instructional activities are facilitated online at scheduled times through live virtual meeting technology. There are no location-specific requirements.

**Dual Mode: Online:** Instructional activities are facilitated online. The section is combined with an in-person section, creating a learning environment with online and in-person learners. Students are not able to switch between learning experiences during the semester.

**Hybrid Online:** Instructional activities are facilitated online through both asynchronous online instruction and at scheduled times through live virtual meeting technology. There are no location-specific requirements.

**Self-Paced Asynchronous Online:** Instructional activities are facilitated online with no scheduled meeting time and no location-specific requirements. Students choose the pace of their progress within the course with few or no established due dates.

**Study Abroad:** Instructional activities are facilitated in another country and guided by faculty.

## Online Learning Expectations

Whether fully online or hybrid, online learning requires students to effectively manage their time, plan ahead, communicate openly and timely, present themselves professionally, and to fully understand the expectations of the course. Online and hybrid course delivery options require students to be active in Canvas multiple times a week (e.g., discussion boards, presentations, assignments, peer interactions, course material, etc.), to read all emails and announcements (as they are not reinforced in face to face class), and complete all required material in the weekly modules.

Though students don't have a physical class, students still need to schedule time to complete course assignments and learning objectives. Online does not mean less time or less rigorous. Students should schedule the equivalent time of a face-to-face class (approx. 3 hours) each week in order to learn the course material through participation in discussion and completion of the learning modules in addition to reading, homework, and assignment time required.

# Open Educational Resources (OER)

Open Educational Resources (OER) are teaching and learning materials in the public domain or licensed to give everyone free and ongoing permission to retain, reuse, revise, remix, and redistribute the materials. Open textbooks are a type of OER, and a large selection of open textbooks can be found at <https://open.umn.edu/opentextbooks>. Many MSU Denver faculty utilize open textbooks and other OER in courses to enhance the student experience and decrease course material costs. Courses with no materials cost (for textbooks, online homework systems, etc.) may be marked with a no-cost for materials designation in the course schedule, and courses with a total materials cost of \$40 or less may be marked as low-cost for materials.

# Registration and Records

All continuing students in good standing and all applicants accepted to MSU Denver are eligible to register each semester.

Students are responsible for ensuring that their address and phone number on file with the university are correct and up-to-date. Address changes may be made through the [Student Hub](#).

Information on the registration procedure, registration dates, and student responsibilities and obligations related to registration is available at the [Student Hub](#).

For additional information regarding registration and records, click on a link to be taken to the entry below.

- [Changes in Registration](#)
- [College Opportunity Fund \(COF\)](#)
- [Emergency Withdrawal](#)
- [Falsified Transcripts and Diplomas](#)
- [Full-time and Half-time Status](#)
- [Legitimate Academic Interest to Attend a Course](#)
- [Mandatory Participation Verification](#)
- [Military Leave for Students Active or Inactive Duty](#)
- [Official Transcripts \(Official Academic Record\)](#)
- [Preferred Name](#)
- [Priority Registration](#)
- [Selective Service Registration Certification](#)
- [Special Registration \(CU Denver Pooled and CCD Interinstitutional\)](#)
- [Transfer Credit Evaluation](#)
- [Waitlist](#)

## Changes in Registration

Enrolled students may adjust their schedules by dropping and/or adding classes. Students must drop classes before the drop deadline (census date). It is the student's responsibility to follow proper drop or withdrawal procedures in the event that they do not attend a class. Students who do not officially drop their classes will be assessed tuition and fees.

Drop, refund and withdrawal deadlines are located on the Student Detail Schedule via the [Student Hub](#).

Students who reduce their course load after the drop deadline and before the withdrawal deadline will receive a "W" notation for each course from which they have withdrawn. Refer to the withdrawal notation policy in the university catalog under [Academic Policies and Procedures](#).

**ALL STUDENTS ARE RESPONSIBLE FOR ALL REGISTRATION TRANSACTIONS.** Students are also responsible for following all drop and withdrawal deadlines.

# College Opportunity Fund (COF)

Every eligible Colorado resident who will be a student must apply for the College Opportunity Fund (COF) in order to authorize payment of the state's contribution toward tuition at any public college or university in the State of Colorado, including Metropolitan State University of Denver.

These funds, called "stipends," will be applied to a student's college account each semester and are available for up to 145 credit hours of eligible college-level, undergraduate study. The actual value of the stipend will be determined by the Colorado Legislature each year. Students must apply online for the stipend [here](#). Students must authorize the use of the stipend each semester during registration in the [Student Hub](#).

The COF application requires students to submit their legal name, date of birth, Social Security Number, and Driver's License Number only once in a student's lifetime. The application must be completed before the stipend can be credited to a student's tuition and fee bill.

Students who do not apply for and/or authorize COF will not be eligible for the stipend and will be responsible for paying the total in-state tuition - both the student's share and the state's share.

Eligibility: In-state, undergraduate students will be eligible for the stipend, up to 145 credit hours of eligible college-level, undergraduate study, regardless of age, income or financial aid status. If a student goes over the 145-lifetime-credit hour cap, the student may apply for an institutional one-time, waiver for (3) consecutive terms.

For more information, visit the [university's Q&A section on COF](#).

## Emergency Withdrawal

Students who must withdraw during a semester due to unforeseen or extenuating circumstances, including state or national emergency, should see the Office of the Registrar. The Office of the Registrar will make the final determination for administrative withdrawal on a case-by-case basis according to the administrative withdrawal policy. Students who request an administrative withdrawal may also request a tuition refund by filing a Tuition and Fees Appeal through the Office of the Bursar.

Office of the Registrar, Student Success Building, Suite 160 (#3), 303-556-3991, [Regquery@msudenver.edu](mailto:Regquery@msudenver.edu).

Office of the Bursar, Student Success Building, Suite 150, 303-615-0070, [bursar@msudenver.edu](mailto:bursar@msudenver.edu).

## Falsified Transcripts and Diplomas

Altering, modifying, tampering with, or in any way falsifying an official Metropolitan State University of Denver transcript or diploma is a crime. The university has implemented multiple measures to

detect such conduct. To protect the integrity and value of an MSU Denver degree, the Attorney General will vigorously prosecute, through the criminal justice system, those who commit these crimes.

In addition, students found responsible for falsifying an official MSU Denver transcript or diploma will face a university judicial hearing and appropriate sanctions may be imposed, including suspension, dismissal, and loss of credit, which could affect the student's permanent record.

## Definition of Full-time and Half-time Status

The following number of semester hours required for undergraduate students to meet full-time and half-time status for fall, spring, and summer semesters:

FALL, SPRING, and SUMMER		
Full-time	12 or more semester hours	appear on the class roster.
Three-quarter-time	9-11 semester hours	Students who demonstrate that they did participate in an academically related activity and were inadvertently dropped, have the option to request reinstatement into the course(s) with instructor(s) permission.
Half-time	6-8 semester hours	
Less than Half-time	5 hours or less	

To complete a degree in four years or eight semesters, students may need to take at least 15 semester hours per semester. For financial aid purposes, 12 semester hours is the full-time standard for the summer semester. To be eligible for health insurance coverage, students must be enrolled in nine or more credit hours in the fall or spring semester.

## Legitimate Academic Interest to Attend a Course

To attend a class, students must have a legitimate academic interest (e.g., be officially registered, waitlisted, auditing a course, enrolled through CU Denver pooled program, etc.). Individuals may not attend a class if they do not have a legitimate academic interest. Officially registered means that students have been accepted for admission by the university, and that the Course Reference Number (CRN) for the class is entered on the student's registration record. The deadline to register for a full-semester class is the census date, specified on the [Academic Calendar](#). There are pro-rated deadlines for all other courses outside of the full-term courses. Undergraduate students who qualify for the College Opportunity Fund (COF) and register after the census date will not be eligible to receive the COF stipend.

## Mandatory Participation Verification

To comply with Title IV regulations for federal financial aid, MSU Denver must determine if a student earned and maintained eligibility for their financial aid funds. Financial aid eligibility is determined based on a student's participation in an academically related activity during the first two weeks of full-term courses. For shorter-term courses like Winterim, Maymester, and Parts of Term, participation will be collected on the published Census Date for that term or course.

### Beginning of Term Verification

On the Census Date for all terms and parts of term, Faculty will be required to indicate if a student failed to begin participation in the course. Participation means that a student engages in an academically related activity (see below).

When Faculty submits information that the student has not participated, the student will be administratively dropped by the Registrar's office from the course. Financial aid will be prorated or canceled. This may require the student to repay all or a portion of the financial aid already released to them. The student will no longer appear on the class roster.

Students who demonstrate that they did participate in an academically related activity and were inadvertently dropped, have the option to request reinstatement into the course(s) with instructor(s) permission.

Note: an administrative drop from a course or courses may also impact eligibility for other programs such as Veterans Education Benefits, students attending MSU Denver on F-1 Visa, etc.

**Participation** will be defined by the faculty, and will be listed in the syllabus for each course.

Per federal guidelines, faculty and students are encouraged to consult the latest federal definitions for [Last Date of Attendance](#) to establish a clear understanding of participation requirements.

### Grades and Last Date of Participation

When submitting final grades, for any students receiving a failing grade (F grade), Faculty will be required to indicate if the student completed the class, did not attend at all, or has not participated in an academically related activity since a specific date. For students who have not participated in an academically related activity since a specific date, entry of a last date of participation will be required.

## Military Leave for Students Active or Inactive Duty

Members of the State or National Guard, Reserve, or active United States Military, who are called to active or inactive duty (e.g. drill, annual training) will not be academically penalized for that service. When a military student is notified of being called to duty, the student must notify all instructors and Veteran and Military Student Services.

Students activated may have different options, depending on the time of semester the student is called to duty and length of duty. In consultation with the student's faculty member, options may include:

- Completion of any missed work without penalty to their grade provided that satisfactory academic progress is being made,
- Drop
- Withdrawal
- Administrative Withdrawal
- Incomplete

The student is required to present proof of training schedule, official orders or letter from the service member's unit to Veteran and Military Student Services. Veteran and Military Student Services will then contact each instructor and obtain the requirements for course completion. The requirements will be sent to the student and kept on file.

Veteran and Military Student Services, Tivoli 215, 303-615-0440,  
[veterans@msudenver.edu](mailto:veterans@msudenver.edu).

## Official Transcripts (Official Academic Record)

The official transcript is a certified copy of the student's permanent academic record. It contains the official signature of the Registrar and the official seal of the university. Students may order transcripts by creating an account with our transcript vendor, Parchment. More information can be found on the [Office of the Registrar webpage](#). Requests may be delayed, depending on end-of-term grading and the posting of degrees. Transcripts must be requested by the student. The following information will be needed to create an account/request:

- Student's full, legal name as recorded while attending MSU Denver
- Student's identification number, if known
- Birth date
- Last four (4) digits of student's Social Security Number (if student does not have a social security number, enter 0000)
- Last term of attendance, if known

## Preferred Name

MSU Denver is aware that many of its students use a first name other than their legal name. As part of being a welcoming and inclusive campus, MSU Denver will implement changes to increase the use of the preferred first name. However, a student's legal first name will continue to be necessary in certain records and communications; therefore, both the legal first name and preferred name (if desired) will be stored within primary information systems. A student can add/update a preferred first name in their [Student Hub](#).

## Priority Registration

Priority registration is designed to enhance the university's ability to help students achieve graduation status. The priority registration system allows students who have earned a certain amount of credits to register prior to other students who are further from graduation. Only passing grades and transfer credit are included in this calculation.

Priority registration also accommodates students with special circumstances that impact their ability to access the classes they need to maintain satisfactory progress toward the completion of their degree.

Priority registration is structured as follows:

1. Graduate students, NCAA, students with disabilities requiring accommodations approved with the Access Center, honors students, Veteran students who received VA benefits, and tuition assistance or scholarship programs stipulating priority registration.
2. Seniors
3. Juniors
4. Sophomores
5. Freshmen
6. Non-degree-seeking students
7. Newly admitted students

## Selective Service Registration Certification

The proof of Selective Service Registration is still required for men born after December 31, 1959 for certain federal employment (such as roles in the executive branch of the federal government and the U.S. Postal Service), state employment, certain security clearance levels for contractors, job training under the Workforce Innovation and Opportunity Act (WIOA), and immigrant men residing in the U.S. who failed to register when they were at least 18 but not yet 26 years old (unless they entered the U.S. after the age 26). Full information for each state can be reviewed here:  
<https://www.sss.gov/register/state-commonwealth-legislation/>.

## Special Registration

### Interinstitutional Registration

Interinstitutional registration applies to MSU Denver students taking courses at the Community College of Denver (CCD) and to CCD students taking courses at MSU Denver. Interinstitutional application deadlines are published in the [Academic Calendar](#). During any semester, a student may not be registered interinstitutionally for more than 50% of the total number of hours carried for that term.

#### For MSU Denver students:

MSU Denver students may register interinstitutionally for a maximum of 9 credits (6 credits in Summer) and may not register for more interinstitutional credits than they are taking at MSU Denver.

MSU Denver students wishing to enroll at CCD must complete the [Interinstitutional Application](#).

MSU Denver students are restricted from registering for:

- Certain Colorado Community College (CCC) Online classes at CCD
- Remedial classes through the interinstitutional registration process

Interinstitutional courses will not satisfy academic residence requirements for a degree from MSU Denver. Only courses transferable to MSU Denver will apply toward a degree.

#### **For CCD students:**

CCD students must be degree-seeking. Courses taken at MSU Denver must be transferrable to CCD and apply toward their degree.

CCD students may not place their names on waitlists for closed classes at MSU Denver.

CCD students are restricted from registering for CU Denver Pooled Courses.

Interinstitutional students enrolled at MSU Denver will be charged all extra fees such as additional class fees, etc.

#### **Community College of Denver (CCD) - Basic Skills Courses**

The Community College of Denver offers college Basic Skills Classes available to MSU Denver students needing additional preparation in the area of mathematics.

CCD basic skills courses will not apply toward MSU Denver degree requirements or GPA.

MSU Denver students registering, withdrawing or dropping CCD basic skills courses are expected to comply with all MSU Denver policies and deadlines.

- Prior to registering for any preparatory CCD classes, students must consult with their MSU Denver academic advisor to determine appropriateness of the class(es).
- Students taking CCD courses are required to take the Accuplacer test and to place into the appropriate courses based on their test results.
- Classes will be posted on your MSU Denver academic record and will include semester hours and the grade/notation earned. CCD will also post the course, semester hours and grade earned on the CCD academic record.
- Tuition and fees for these classes will be paid to MSU Denver.

## **Transfer Credit Evaluation**

Transfer credits are accepted under the following guidelines:

- Credit must have been earned at an institution of higher education holding full regional accreditation unless there is a current Articulation Agreement or Memorandum of Understanding (MOU) between that institution and MSU Denver on file with the Office of Academic Affairs.
- Grades earned must be a "C-" or better. Courses with "D," "F" or similar grades are not transferable. Also, courses graded with C.E.U.s (Continuing Education Units) will not be accepted. A summary of transfer credit from each institution is indicated on the MSU Denver academic record. Neither transfer course grades nor previous grade point averages are indicated or affect the MSU Denver grade point average.
- Course content must be similar to that of MSU Denver courses.
- No preparatory, remedial, or developmental courses are applicable toward an MSU Denver degree.
- MSU Denver will accept all applicable credits earned within ten years of transfer. Credits earned more than ten years earlier will be evaluated on a course-by-course basis.
- Once transfer credits are evaluated, the total number of these credits applicable to a degree will not be reduced unless the student repeats already-awarded transfer credit at MSU Denver or interrupts MSU Denver enrollment for three or more consecutive semesters and readmits to the university under more restrictive transfer credit evaluation policies.
- If a student repeats a course, including transferred courses, the credit for only one of the course attempts counts towards degree requirements, with the exception of repeatable courses.
- In accordance with policies established by the Colorado Commission on Higher Education regarding students transferring between Colorado public institutions, MSU Denver has instituted procedures for resolving transfer credit disputes. Questions regarding these procedures may be directed to the Transfer Services at 303-556-3774.
- Students who have previously earned a baccalaureate degree from an accredited college or university have the following:
  - A transfer credit block of 90 credit hours and senior standing.
  - Satisfaction of MSU Denver's minimum General Studies requirements.\*
- Students who have earned a Degree with Designation accompanying an Associate of Arts or Associate of Science degree from a College public college of university have the following:
  - Guaranteed admission to MSU Denver.
  - Junior standing at MSU Denver, provided all courses included in the degree carry a grade of "C-" or better and, based on the course-by-course evaluation, otherwise meet minimum MSU Denver transfer credit standards.

- Satisfaction of MSU Denver's minimum General Studies requirements.\*
- No more than 60 remaining credits to meet the graduation requirements in the corresponding baccalaureate degree program outlined in the DWD agreement.
- Students may need to complete MSU Denver lower-division requirements.
- Students may need to complete courses labeled as general studies courses for their specific major, minor, certificate, or university requirement.
- Students who have earned an Associate of Arts or Associate of Science degree from a Colorado public college or university have the following:
  - Guaranteed admission to MSU Denver.
  - Junior standing at MSU Denver, provided all courses included in the degree carry a grade of "C-" or better and, based on the course-by-course evaluation, otherwise meet minimum MSU Denver transfer credit standards.
  - Satisfaction of MSU Denver's minimum General Studies requirements.\*
  - The Bachelor's degree completed in 60 hours unless additional courses are required for specialized accreditation or licensure as outlined in the Statewide Transfer articulation agreement
  - Students may need to complete MSU Denver lower-division requirements.
  - Students may need to complete courses labeled at general studies courses for their specific major, minor, certificate, or university requirement.
- Students who have completed the Colorado gtPathways core curriculum from a Colorado public college or university have the following:
  - Satisfaction of MSU Denver's minimum General Studies requirements.\*
  - Students may need to complete MSU Denver lower-division requirements.
  - Students may need to complete courses labeled as general studies courses for their specific major, minor, certificate, or university requirement.
- Students may need to meet additional university requirements, such as an Ethnic Studies & Social Justice (ESSJ) course, Senior Experience, etc.
- \*Metropolitan State University of Denver's General Studies include the following degree requirements:
  - Written Communication
  - Quantitative Literacy
  - Arts and Humanities
  - Oral Communication
  - Historical
  - Natural and Physical Sciences
  - Social and Behavioral Sciences
  - Global Diversity

## Waitlist

When a course is full, a waitlist is created to facilitate registration for open spaces that may occur. Course waitlists are available from the start of registration through the first week of class but vary by department. The waitlist will record the time and date that the student placed his/her name on the waitlist and students will be notified of an opening via their college-issued email account. Please refer to the Registrar's Office Waitlist Procedures for waitlisting procedures. The student will receive an email notification once an opening is available that is time-sensitive. This means that:

1. The student must check their msudenver.edu email account daily while on a waitlist.
2. The student needs to check with the department regarding specific waitlist policies.
3. Once the student has been enrolled, if they decide they do not want to remain in the course, they will be responsible for dropping themselves by the prescribed deadlines from the course.
4. Students will be responsible for tuition and fee charges associated with courses enrolled from a waitlist if they do not drop themselves by the [prescribed deadlines](#).

# Student Code of Conduct

- View the Policy for the [Student Code of Conduct](#)

## Student Rights and Responsibilities

- [Policies and Procedures](#)
- [Definition of a Student](#)
- [Academic Integrity](#)
- [Academic Rights](#)
- [Academic Responsibilities](#)
- [Crime Awareness and Campus Safety](#)
- [Equal Opportunity and American Disabilities Act](#)
- [FERPA](#)
- [Freedom of Speech](#)
- [Petitions for Degree Exception](#)
- [Respect for Rights of Others](#)
- [Student Code of Conduct](#)
- [Student Complaint Policy](#)
- [University-Wide Student Attendance Policy](#)

## Policies and Procedures

Generally, the policies and procedures contained in this university catalog must be followed by students currently enrolled for the fall 2025 and the spring and summer 2026 semesters. The procedures and policies contained in this section are subject to change as the university deems necessary. If you have a concern, please check with the appropriate office.

## Definition of a Student

The term *student* includes persons admitted to or enrolled at the university, and those who may not be currently enrolled but who have a continuing relationship with the university. All students will adhere to the Student Code of Conduct as included in the Student Rights and Responsibilities section of the *Catalog*.

Student academic records are protected under the [Family Education Rights and Privacy Act \(FERPA\)](#). Academic record protection begins no later than the time a student has begun attending class at the University. Attendance includes, but is not limited to:

- a. Physical attendance or attendance utilizing any electronic technologies in order to facilitate participation.
- b. The period during which a person is working under a work-study program.

More information regarding educational records can be found below and on the [Office of the Registrar's website](#).

# Petitions for Degree Exception

Students requesting Degree Exceptions should contact their academic department. Valid reasons for variances must accompany all petitions, and the petitions must be reviewed by the department chair and appropriate dean.

The following shall not be waived for any student for any reason:

- A minimum requirement of 120 semester hours for graduation with a Bachelor's degree.
- A minimum requirement of 40 semester hours of upper-division courses (3000- and 4000-level courses) for graduation with a Bachelor's degree.
- A minimum requirement of 30 semester hours for the major.
- A minimum requirement of 18 semester hours for the minor.
- A minimum requirement of 30 semester hours at MSU Denver prior to the term of graduation.
- A minimum required cumulative GPA of 2.00 in the major, the minor, or the program (as applicable and denoted in the Catalog).
- The following components of a degree: the major, the minor, General Studies, ESSJ graduation requirement, Senior Experience requirement, or emphasis (as applicable and denoted in the Catalog).
- Lower-division credit earned at another institution shall not be granted upper-division credit.
- The specified minimum credit hours required for a certificate program.

For all other situations not listed above, students should consult with academic departments regarding exception options.

## Academic Integrity

As students, faculty, staff, and administrators of Metropolitan State University of Denver, it is our responsibility to uphold and maintain an academic environment that furthers scholarly inquiry, creative activity, and the application of knowledge. We will not tolerate academic dishonesty. We will demonstrate honesty and integrity in all activities related to our learning and scholarship. We will not plagiarize, fabricate information or data, cheat on tests or exams, steal academic material, or submit work to more than one class without full disclosure.

## Academic Rights

Students have the right to:

- Be informed of course expectations and requirements.
- Be evaluated fairly on the basis of academic performance.
- Participate in free and open discussion, inquiry, and expression, both in the classroom and in conference.

- Receive competent instruction and advisement.
- Expect protection against professors' improper disclosure of students' personal information, views, beliefs, and political associations when such information has become known as a result of professors' instructions, advisement, or counsel.
- Expect protection, through established procedures, against prejudicial or capricious evaluation.
- Assess the value of a course to make suggestions as to its direction and to evaluate both the instructor and the instruction they have received.
- Have input in university policy-making, which may include, but shall not be limited to, course scheduling distribution of night and day classes, calendar arrangements, library policy and development, grading systems, course development, and curriculum.
- Expect instructors to conduct themselves professionally in the classroom in accordance with university policies and directives.
- Expect instructors to maintain office hours as required by university policy.
- Expect reasonable academic assistance from the appropriate department.
- Be informed of academic standards expected of them in the classroom through a syllabus and/ or course outline. Academic standards shall include, but not be limited to, classroom civility, class attendance requirements, objectives to be achieved, and the grading criteria that will be applied to a particular course of study.

## Academic Responsibilities

Students have the responsibility to:

1. Inquire about course or degree requirements if they do not understand them or are in doubt about them.
2. Maintain the standards of academic performance established for individual courses and for programs of study.
3. Learn the content of any course of study.
4. Act in accordance with commonly accepted standards of academic conduct. If disruptive behavior occurs in a classroom, an instructor has authority to ask the student to leave the classroom for one class session and then report it to the Dean of Students Office. Should such disorderly or disruptive conduct persist, the instructor should report the matter to Auraria Campus Police, the Dean of Students Office, and the appropriate Department Chair and Dean's office.
5. Maintain academic ethics and academic honesty.
6. Pay the tuition and fees and be officially registered in order to attend a class.
7. Initiate an investigation by contacting the department chair if they believe their academic rights have been violated.

## Crime Awareness and Campus Security

In 1990, Congress enacted the Crime Awareness and Campus Security Act, which requires all post-secondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. This information is available [on the website](#).

## Equal Opportunity and Americans with Disabilities Act

Metropolitan State University of Denver is an equal opportunity employer; applications from minorities and women are particularly invited. Metropolitan State University of Denver does not discriminate on the basis of race, color, creed, national origin, sex, age, sexual orientation or disability in admissions or access to, or treatment or employment in, its educational programs or activities. Inquiries concerning the University grievance procedures may be directed to the designated MSU Denver officials. Inquiries concerning Title VI and Title IX may be referred to the MSU Denver Office of Equal Opportunity, Campus Box 63, P.O. Box 173362, Denver, CO 80217-3362, 303-615-0036. Inquiries concerning the Americans with Disabilities Act (ADA) or 504 may be referred to the Director of Total Rewards in the Human Resources Department, MSU Denver, Campus Box 67, P.O. Box 173362, Denver, CO 80217-3362, 303-605-5321; the Executive Director, Office of Equal Opportunity, Title IX Coordinator, & ADA Coordinator, 303-615-0036; the Director, Access Center, MSU Denver, Campus Box 56, P.O. Box 173361, Denver, CO 80217-3361, 303-615-1204. Otherwise, all inquiries may be referred to the Office for Civil Rights, U.S. Department of Education, 1244 Speer Boulevard, Denver, CO 80204, 303-844-3723.

## Family Educational Rights and Privacy Act

### Student Rights

Metropolitan State University of Denver maintains educational records for each student who has enrolled at the university. A copy of the university's policy on student educational records may be obtained from the Office of the Registrar, Student Success Building, Suite 160. Under the Family Educational Rights and Privacy Act of 1974 (FERPA), 20 USC 1232g, and the implementing regulations published at 34 CFR part 99, each eligible student has the right to:

1. Inspect and review his/her educational records;
2. Request the amendment of the student's education records to ensure that they are not inaccurate, misleading or otherwise in violation of the student's privacy or other rights;

3. Consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent (see Nondisclosure and Exceptions); and
4. File a complaint under 34 CFR 99.64, concerning alleged failures by the university to comply with the requirements of FERPA, with the Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

## Procedure for Inspecting and Reviewing Educational Records

Students may inspect and review their education records upon a written request submitted to the Registrar, Student Success Building, Suite 160 (#3), or by mail to Campus Box 84, P.O. Box 173362, Denver, Colorado 80217-3362.

1. The request shall identify as precisely as possible the record or records the student wishes to inspect.
2. The record custodian or an appropriate staff person shall make the arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given within 45 days from the receipt of the request.
3. When a record contains information about more than one student, the student may inspect and review only the records that relate to that student.

## Procedure for Amending Educational Records

A student may make a written request to amend a record.

1. In the request, the student should identify the part of the record to be changed and specify why the student believes it is inaccurate, misleading, or in violation of the student's privacy or other rights.
2. Metropolitan State University of Denver shall comply with the request or notify the student that the university will not comply with the request and advise the student of the student's right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's rights.
3. Upon written request, Metropolitan State University of Denver will arrange for a hearing, and notify the student, reasonably in advance, of the date, place, and time of the hearing.
4. The hearing will be conducted by a hearing officer who is a disinterested party, but who may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney.
5. Metropolitan State University of Denver will prepare a written decision based solely on the evidence presented at

the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.

6. If Metropolitan State University of Denver decides that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy or other right, it will notify the student that the student has a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.
7. The statement will be maintained as part of the student's education records as long as the contested portion is maintained. If Metropolitan State University of Denver decides that the information is inaccurate, misleading, or in violation of the student's rights, it will amend the record and notify the student, in writing, that the record has been amended.

## Nondisclosure and Exceptions

Pursuant to FERPA, the university will not disclose a student's education records without the written consent of the student except to university officials with legitimate educational interests, to officials at other institutions in which the student seeks to enroll; in connection with providing financial aid to the student; to accrediting agencies in carrying out their functions; to authorized representatives in connection with an audit or evaluation of Federal- or State-supported education programs, or the enforcement of or compliance with Federal legal requirements that relate to those programs; in compliance with a judicial order or subpoena; to other outside providers who may be subject to a contractual obligation to maintain confidentiality of student information (e.g. Auraria Higher Education, National Student Clearinghouse, or legal and debt collection services); may release educational records to parents of dependent children in accordance with IRS code of 1986; and in connection with a health or safety emergency involving the student. However, the university may release directory information without the prior written consent of the student unless an enrolled student has notified the university's Office of the Registrar in writing that any or all types of directory information shall not be disclosed without the consent of the student. A request for nondisclosure will remain in effect until the student is no longer enrolled or cancels the request for nondisclosure.

A school official is a person employed by the university in an administrative, supervisory, academic, research, or support staff position, including Auraria law enforcement personnel; or a person elected to the Board of Trustees; or a person employed by or under contract to the university to perform a special task, such as attorney, auditor or consultant; or a student or other person serving on an official university committee or assisting a school official in performing the official's professional duties and responsibilities. A legitimate educational interest is the need of a school official to review educational records to fulfill that official's professional duties and responsibilities.

Other than Directory Information, which may be released to the general public, the university will not release educational records without a student's written consent, signed, and dated by the student.

## Directory Information

Metropolitan State University of Denver has designated the following categories of personally identifiable information on students as directory information under section 438(a)(5)(B) of FERPA:

- Dates of attendance at the university
- Date of birth
- Degrees and awards received
- Enrollment status
- Last educational institution attended
- Major and minor fields of study
- Participation in officially recognized activities and sports
- Physical and email addresses
- Student classification
- Student Identification Number (only provided in certain circumstances with special approval)
- Student name
- Telephone number
- Weight and height of members of athletic teams

## Freedom of Speech

Students shall have the right to assemble, to select speakers and guests, and to discuss issues of their choice. An invitation to a speaker shall not imply endorsement of the speaker's views by either the student organization or the university.

Information about student views, beliefs, and political associations shall not be used to the detriment of students and their institutional standing.

The right of peaceful protest is granted within the university community. The university retains the right to assure the safety of individuals, the protection of property, and the continuity of the educational process.

The student press shall be free of censorship and shall provide editorial freedom. The editors and managers shall not be arbitrarily suspended because of student, faculty, administration, alumni, or community disapproval of editorial policy or content.

All student communications shall explicitly state on the editorial page or in broadcast that the opinions expressed are not necessarily those of the university and/or members of the university.

## Respect for Rights of Others

The student assumes certain obligations of performance and behavior while attending MSU Denver. Based on this premise, reasonable policies, procedures and regulations have been developed to guarantee each student's opportunity to learn and to protect the fundamental rights of others. MSU Denver students neither gain nor lose any of the rights and responsibilities of other citizens by virtue of their student status.

As members of an academic community, students are expected to conduct themselves in a mature and responsible manner. Students should try at all times to promote a sense of cooperation and civility within the university and work to build an atmosphere that will be most conducive to the goals of higher education within the institution.

Students, while within university facilities or while participating in university sponsored activities (on-campus and/or off-campus), are expected to comply with university rules and regulations and with the regulations of off-campus sites.

## Student Code of Conduct

Students are required to follow the [Code of Conduct](#) available in this Catalog.

## Student Complaint Policy

Students are encouraged to first address concerns and conflicts directly with the relevant faculty or department/program staff. If resolution at this level is not possible, see [MSU Denver's Student Complaint Policy](#).

## University-Wide Student Attendance Policy

Regular attendance at class sessions affords students maximum educational benefit through engagement with their instructors, peers, and course material. While instructors may or may not include attendance in grade-related assessments in their courses, students are expected to attend all sessions of the courses in which they are registered that require real-time attendance, such as courses delivered through in-person, synchronous online, and hybrid modalities.

Instructors and/or departments are responsible for establishing course- and/or section-specific attendance policies related to the evaluation of students' academic performance. Only the primary instructor(s) assigned to a course, in accordance with any departmental policies, can grant an excuse for student absence. Whenever an attendance policy or evaluation criteria applies, it must be presented in the course syllabus or the section's learning management system materials.

Students are responsible for knowing the attendance policies for all course sections in which they are enrolled, as well as university-level policies related to attendance and participation. Students should contact instructors as soon as possible ahead of anticipated absences and after unanticipated absences.

Except where prohibited by policies related to established degree requirements, program accreditation or licensure, or government regulations, course attendance policies must accommodate or excuse student absences related to:

1. The cancellation of class sessions in accordance with the University Closure Policy.
2. Disabilities or conditions documented in accommodation notifications by the Access Center.
3. Required military service for students on active status, as documented by armed services authorities.
4. Required appearance for jury selection/duty or other court service, as documented by legal authorities or government entities.
5. Religious or spiritual holidays and observances; it is the responsibility of the student to communicate anticipated absences resulting from sincerely held religious or spiritual traditions as far in advance as possible.
6. Participation in intercollegiate athletic events, as documented by MSU Denver Athletics; it is the responsibility of the student and representatives of MSU Denver Athletics to communicate anticipated absences as far in advance as possible.
7. Competitions, conferences, or workshops organized or recognized by MSU Denver in which student participation is expected or required; it is the responsibility of the student and representatives of the sponsoring or supervising MSU Denver entity to communicate anticipated absences as far in advance as possible.

# Student Resources

MSU Denver offers a variety of resources to help students as they pursue their academic goals. Commonly accessed resources are included below as links to the services. Most services are available at no additional cost to the student. Students are encouraged to visit each resource listed to understand the benefits associated with each, and for details on how to access applicable services.

- [Academic Advising](#)
- [Access Center](#) - Student disability accommodation and support services
- [Alternative Credit](#) - Turn work and significant experience into college credit
- [Auraria Immunizations](#) - Coordination of the State mandated immunization requirement and additional immunization services.
- [Auraria Recovery Community](#) - A peer-led community of students who are currently in or seeking recovery from substance use and/or other process addictions. All pathways to recovery are welcome!
- [Brother 2 Brother](#) - A mentoring program focused on academic success and social support for African-American men.
- [C2Hub Scholarship Support](#) - Fosters a community of scholars through leadership activities, proactive coaching, scholar events, and professional development.
- [Campus Recreation](#) - A place to build community through healthy living outlets such as working out, group fitness classes, personal training, sports leagues, open recreation, outdoor pursuits and leadership programs.
- [CARE Team](#) - Provides assessment and case management support for students who are struggling or who may be displaying behaviors of concern.
- [Center for Advanced STEM Education](#) - Assists STEM majors through academic, financial, and peer mentor supports.
- [Center for Equity and Student Achievement \(CESA\)](#)
- [Civic Engagement Program](#) - Offering educationally meaningful service opportunities that positively impact the community and provide opportunities for students to develop as engaged citizens.
- [Classroom to Career Hub](#) - Provides relevant and impactful career development for the full student body.
- [College Assistance Migrant Program \(CAMP\)](#) - Designed to meet the academic, financial, and social needs of migrant/seasonal farmworkers and their children in pursuing higher education.
- [Counseling Center](#) - Individual and group therapy, crisis intervention and outreach to students.
- [Dean of Students Office](#) - The hub for student support and referrals. Manages/addresses student conduct matters, offers student conflict resolution services, and supports students and the community with other needs.
- [EPIC Scholars Program](#) - Supports independent students transitioning from foster care, kinship care, adoption, or group homes.
- [Exploratory Advising](#)
- [Fraternities and Sororities](#)
- [Gender Institute for Teaching and Advocacy \(GITA\)](#) - Holistically supports students affected by sexism and other intersecting oppressions through academics, advocacy, and services, which include academic advising, scholarship assistance, advocacy and problem solving, wellness and lactation rooms, a snack stop, and space for community organizing.
- [Health Center at Auraria](#) - Medical and Mental Health services for students
- [Healthy Pursuits](#) - Free Group Fit and Mind Body Fitness Classes
- [Honors Program](#)
- [Immigrant Services](#) - Refugee, immigrant students, ASSET, DACA, and English Language Learner support.
- [Immunization Program](#)
- [Individualized Degree Program](#) - Create your own major and minor
- [International Studies](#) - Study abroad opportunities, Exchange Programs, Fulbright Student Award, Erasmus Scholarships.
- [Internships](#) - Support for students in finding paid or unpaid internship opportunities and gaining academic credit for the experience.
- [LGBTQ Student Resource Center](#)
- [Meritus Scholars](#) - Lifelong learning for older adults
- [Met Media](#) - Student newspaper, radio, arts/literary magazine, and news broadcasts
- [MSU Denver Student Insurance](#) - Manages the Student Health Insurance Plan
- [Orientation](#) - Provides in-person and online programming to support students in successfully starting and engaging in their college experience.
- [Pathways to Possible](#)
- [Peer Mentoring](#) - Provides peer-to-peer support to help students navigate their career path and connect to campus resources.
- [Phoenix Center at Auraria](#) - Interpersonal violence prevention, awareness, and support
- [Registrar's Office](#)
- [Rowdy's Corner](#) (formerly Roadrunner Food Pantry) - Provides food resources and community referrals for current MSU Denver students.
- [Roadrunners Give Back Volunteer Program](#)
- [Service Learning Program](#) - Classroom learning combined with community-based service. This is a great way to gain real world experience through classwork.

- [Student Care Center](#) - The hub for student support and referrals. Services include non-clinical case management, student emergency fund, DREAMer emergency fund, roadrunner food pantry, Epic Scholars program, public benefit assistance and Single Stop.
- [Student Conflict Resolution Services](#) - Provides mediation, conflict coaching, group dynamics services, and the Dialogues Program.
- [Student Emergency Fund](#) - An application process for students experiencing a financial crisis/emergency.
- [Student Advocacy Council](#)
- [Student Health Insurance](#)
- [Student Organizations](#)
- [Student Travel and Professional Development Funding](#) - Grant funding available for students to travel to professional conferences and meetings.
- [Supplemental Instruction](#) - A voluntary program that offers free, regularly scheduled study sessions for traditionally difficult course.
- [TRiO Student Support Services](#) - Support for first-generation, low-income students, and students with disabilities
- [Tutoring](#) - Provides individualized support to students in overcoming academic obstacles or barriers.
- [Testing Services](#) - Offers placement testing for the student body to assist advisers in determining the selection of appropriate courses.
- [Transfer and Adult Student Success](#) - We support transfer, adult, and re-engaged students by: connecting students to programs and resources based on student needs and interests; building community with other students, staff and faculty; and fostering an environment for academic, professional, and personal success.
- [Undergraduate Research and Creative Scholarship Program](#) - Resource for students wanting to engage in research activities, presenting and grant opportunities
- [Veterans Education Benefits](#)
- [Veteran/Military Student Center](#)
- [Writing Center](#) - One on one writing tutoring and support for all students

# Tuition and Fees

## Registration Contract

Each time you Add/Drop classes you are electronically agreeing to the terms of the Metropolitan State University of Denver [Financial Responsibility and Promissory Note Agreement](#). By doing so you acknowledge that you understand Metropolitan State University of Denver is advancing value to you in the form of educational services; that your right to Add/Drop classes is expressly conditioned upon your agreement to pay the university pursuant to the Agreement; that you have read, understand, and agree to pay the university pursuant to the Agreement.

As a student, you will pay all tuition, fees, fines, and other costs imposed by the university. If any of those charges remain unpaid, you agree to reimburse us the fees of any collection agency, which may be based on a percentage at a maximum of 40% of the debt, and all costs and expenses, including, but not limited to, reasonable attorneys' fees, collection agency fees, and court costs we incur in such collection efforts.

When you register for classes, space in those classes is reserved for you. Decisions about how many class sections to offer and other commitments of instructional resources are made based on the enrollment data provided after the registration process is complete. Other students may be closed out of a preferred section if the last available space is reserved for you.

In exchange for the university's commitment of resources on your behalf, you assume a responsibility to:

- Pay the fees assessed for those classes.
- Drop your courses via the online [Student Hub](#) portal prior to the start of the term if you are unable to attend, so that the class spaces may be released and made available to other students.

The university will not automatically cancel your registration for nonpayment. Therefore, if you decide not to attend Metropolitan State University of Denver, it is imperative that you drop any courses you are registered in.

If you do not drop your courses through the [Student Hub](#), your name will appear on the class rosters, and you will remain responsible for full tuition and fees until such time as you drop your courses. If you are still on the final rosters for the term, you will receive grades of "F" for the courses in which you were registered.

Please keep your part of the registration contract. If your plans change and you cannot attend, you must drop your courses prior to the refund deadline for the term in order to allow other students access to your class spaces. Drop dates and deadlines can be found on the [Student Hub](#) on your Student Detail Schedule.

## Students' Financial Responsibility

## Student Account and Billing Statement

MSU Denver communicates all student account information via electronic services using online secured portals via the **Student Hub** and may send important notices via the student's MSU Denver e-mail account. Students are expected to review their account history available on the Student Hub prior to and after registering for classes and before the tuition payment deadlines each semester. A Student's failure to review their student account or receive any billing statement is not valid grounds for waiving service charges or removing registration, diploma or transcript holds. *You will not receive a paper billing statement.*

The IRS Tax Form 1098-T, which reports tuition and related expenses, will also be available electronically. Notification for the 1098-T tax document will be sent to Students' MSU Denver-issued email address on record. It is the student's responsibility to review their Student Hub account status and their student e-mail account at least weekly.

**It is important for you to understand your financial responsibilities when registering for classes at MSU Denver.**

- Full payment of tuition and fees is due by that semester's payment deadline. Any unpaid balance as of payment deadline will incur a 4% service charge. Please see the [Current Term Policies](#) for specific Semester information.
- You are responsible for verifying the balance of tuition and fees. You may access your account using the [Student Hub](#). Log into the [Student Hub](#) portal and select My Services/Registration. E-mail is the official means of communication at MSU Denver. **DO NOT WAIT FOR A BILL!**
- Financial aid students that have not received an award by payment deadline, must pay in full or their unpaid balance will incur a 4% service charge.
- Changes in registration that result in additional tuition and fees not paid by payment deadline, may incur a 4% service charge.
- **IT IS THE STUDENT'S RESPONSIBILITY TO DROP THEIR CLASSES BY THE PUBLISHED DROP DEADLINES IF THEY DO NOT PLAN TO ATTEND.** Failure to do so will result in charges incurred on the student's account.
- Your courses will not be dropped for non-payment.
- Specific refund dates for classes, can be found on your Student Detail Schedule on the [Student Hub](#).

**If you do not fulfill your financial obligations by published deadlines:**

- A 4% service charge will be assessed on any unpaid balance as of payment deadline.
- A 1.5% service charge will be assessed to any unpaid balance on the **7th working day of each month thereafter.**

- Accounts not paid in full by the last day to drop classes are considered past due. A balance due hold will be placed on accounts with balances greater than \$200.00.
- Balance due holds prevent registration for classes in both the current and future semesters.
- Accounts with past due balances at the conclusion of the semester are considered delinquent.
- Delinquent accounts will be turned over to a collections agency in accordance with Colorado law; collection costs will be added to your account balance. The collection agency may report delinquent accounts to the national credit bureau.
- Students whose accounts have been sent to a collection agency must pay balance in full before registration for any subsequent semester classes will be allowed.
- Students with balance due holds may be prevented from applying for graduation.
- A pre-payment hold will be placed on all accounts with bankruptcy discharged adjustments. Students are required to pre-pay their first semester's registration after having a balance discharged through bankruptcy.
- Students unable to meet their financial obligations should immediately contact the Office of Cashiering to discuss payment options.

## Third-party Sponsorships

MSU Denver plays a major role in educating Denver's workforce. As a business-friendly university, MSU Denver offers a convenient way for businesses and public sector organizations to subsidize the cost of attendance.

To participate in this program:

1. Print the [Employer Sponsor Authorization](#)
2. Have a human resource officer or other authorized representative from your company complete the form.
3. Mail form to:

Metropolitan State University of Denver  
Office of the Bursar

Campus Box 92  
P.O. Box 173362  
Denver, CO 80217-3362

Third-party Sponsor Authorization Forms must be turned into the Office of the Bursar by **Payment Deadline**. Sponsored students are responsible for all service charges incurred due to late submission of required documents. Sponsored students are also responsible for all charges not covered by their sponsorship as well as any payments refused, or deemed non-collectable, by their sponsor. Third-party sponsors will not be billed for tuition and fees until after the last date to add/drop classes. If you have financial aid, your award will be applied to your tuition and fees first and refunds from third-party sponsors will not be issued until after payment has been received.

## Tuition and Fee Appeal Process

The [Tuition and Fee Appeal](#) process is available to students who may warrant an exception to institutional Drop/Refund policies due to extenuating circumstances such as severe medical illness, an employment situation beyond their control or the death of an immediate family member during the Semester. The University will not accept appeals for charges incurred more than 1 year prior to the application for appeal. Additional information can be obtained at the Office of the Bursar (SSB 150, 303-615-0070) or by visiting the Bursar's website.

Tuition and Fees Appeal Forms can be hand-delivered or mailed to:

Metropolitan State University of Denver  
Office of the Bursar  
Campus Box 92  
P.O. Box 173362  
Denver, CO 80217-3362

Tuition and Fees Appeal Forms can also be faxed to: (720) 778-5809

Or emailed to: [Bursar@msudenver.edu](mailto:Bursar@msudenver.edu)

**Note: All policies are subject to change. Exceptions may be made solely at the discretion of the Office of the Bursar.**

# Associate of General Studies Degree

Under certain circumstances, students who have stopped out of Metropolitan State University of Denver for at least one year in the past decade and not completed a bachelor's degree, may be eligible to receive an Associate of General Studies Degree from the university.

The Colorado Re-Engaged (CORE) Initiative contained within HB 21-1330 allowed universities in the state to award an associate degree, a 2-year credential, to certain students who started a higher education but left without completing a bachelor's degree. To be eligible, the student must have stopped attending MSU Denver for at least one calendar year (three semesters including summer), not continued at another university to complete a bachelor's degree, and meet the following criteria:

- Must have completed at least 70 credit hours
- Must have completed at least 18 credit hours at MSU Denver
- Cannot have completed 15 or more credit hours total from the Colorado Community College System (Concurrent enrollment credits earned through a community college while in high school do not

count toward the 15 community college credits. Credits earned at an out-of-state community college do not count towards direct transfer.)

- Must have stopped out in the past 10 years

Working with the state, MSU Denver will review students who stopped out during the 10-year period prior to the publication of this fall catalog and meet the above criteria. If those former students meet the following standards, they will be eligible to receive an Associate of General Studies degree. To wit:

- At least 18 of the former student's earned credits should have been earned by completing state-recognized General Education courses with a grade of C- or higher.
- These 18 credits may have been earned at MSU Denver or at other institutions in the state that offer courses meeting the state's guaranteed transfer (gtPathways) requirements.
- Have a cumulative GPA for all course work of at least 2.0.
- Courses completed must include at least 18 credit hours in the university's General Studies program.

MSU Denver will review these students twice each year, once in the fall and once in the spring, to determine eligibility. Eligible students will be contacted by the university to arrange delivery of the Associate of General Studies degree.

Questions about this process? Contact the [Office of the Registrar](#)

# Undergraduate Studies

Undergraduate Studies brings together academic offices, centers, and programs that lie outside of the colleges at MSU Denver. Each of the offices, centers, and programs bring important enhancements to students' undergraduate experiences. Students can pursue experiential learning through the C2 Hub, the Office of International Studies, the Center for Urban Education, and the Center for Innovation, develop their own programs of study in the Center for Individualized Learning, and rise to meet the challenges of the Honors Program. All of these programs create authentic learning environments that prepare students for careers or post-graduate studies.

Undergraduate Studies also advances MSU Denver's community engagement mission. This work includes spearheading initiatives under the American Democracy Project and fostering partnerships for service learning and community-based research that prepare our students to become informed and engaged citizens of our globally connected society.

## Centers

- [Air Force ROTC](#)
- [C2 Hub](#)
- [Center for Individualized Learning](#)
- [Center for Urban Education](#)
- [Honors Program Office](#)

## Air Force ROTC

Air Force ROTC (UC-B) Folsom Stadium, 218  
University of Colorado at Boulder  
Boulder, Colorado 80309  
303-492-8351

U.S. Air Force ROTC offers several programs leading to a commission in the US Air Force upon receipt of at least a baccalaureate degree.

### Standard Four-Year Program

- **Air Force ROTC Standard Four-Year Program**

This program is in three parts: the General Military Course (GMC) for lower-division students; the Professional Officer Course (POC) for upper-division students; and the Leadership Laboratory (LLAB), attended by all cadets. Completion of the GMC is a prerequisite for entry into the POC. Completion of a

four-week summer training course is required prior to commissioning.

### Modified Two-Year Program

- **Air Force ROTC Modified Two-Year Program**

This program is offered to full-time, regularly enrolled degree students. It requires at least two years of full-time college (undergraduate or graduate level, or a combination). Those selected for this program must complete a six-week field-training program during the summer months as a prerequisite for entry into the POC the following fall semester.

### Leadership Lab

All AFROTC cadets must attend LLAB (one and one-half hours per week). The laboratory involves a study of Air Force customs and courtesies, drills and ceremonies, career opportunities, and the life and work of an Air Force junior officer.

### Other AFROTC Programs

Other programs are frequently available based on current Air Force needs. Any AFROTC staff member in Boulder at 303-492-8351 can discuss the best alternatives. Interested students should make initial contact as early as possible because selection is on a competitive basis. There is no obligation until a formal contract is entered.

### Air Force College Scholarship Program

Students participating in Air Force ROTC may be eligible to compete for Air Force ROTC college scholarships. Students selected for this program are placed on scholarships that pay tuition, book allowances, nonrefundable educational fees, and a subsistence of \$250-\$400 per month, tax-free. All cadets enrolled in the POC receive a month subsistence during the regular academic year. Two- and three-year scholarships are available to both men and women in all academic disciplines.

### Flight Opportunities

Prior to entering the fourth year of the AFROTC program, qualified AFROTC students can compete for pilot allocations. Cadets are eligible to fly with the Civil Air Patrol as ROTC members.

### USAF Medical Programs

Qualified pre-med or nursing students can compete for premed or nursing scholarships and programs. These scholarships and programs can lead to a rewarding career as an Air Force officer, serving as a doctor or nurse.

### AFROTC Course Credit

AFROTC courses may be worth up to 16 credit hours toward graduation depending on degree.

## Registration

Students who wish to register for AFROTC classes sign up for them through the normal course registration process.

AFROTC classes begin with the AFR prefix.

## C2 Hub

### *Internship Program*

The Classroom to Career (C2) Hub hosts a myriad of resources to support students' career aspirations. Within the C2 Hub, students can seek and land experiential learning opportunities including internships to integrate academic training with hands-on experience. Students will hone and develop practical skills as they build a professional network and understanding of an organization or industry.

- An internship will provide a variety of benefits including:
- Interns gain valuable job experience related to their major
- Students with internships enhance their marketability with employers
- Students with internships can better relate their coursework to a professional setting
- Internships help students make informed career decisions
- Internship supervisors can provide students with recommendations for graduate school or future jobs
- Paid internships help student earn money to help defray college expenses
- Interns can sometimes receive academic credit toward their degree

The Internship Program offers services to students seeking an internship placement. The Classroom to Career Hub staff will support students as they seek internship experiences, refine and tailor their resumes and cover letters, and will support interviewing strategies and techniques. Career Link serves as a comprehensive database of local internship positions for most majors on campus. Internship positions can be in large corporations, small businesses, government offices, and nonprofit agencies.

While internships can be paid or unpaid and can typically be done for academic credit, policies and eligibility for credit vary by department.

For more information, call or visit the Classroom to Career Hub at 303-615-1333, Administration Building Ste. 270, or email [C2Hub@msudenver.edu](mailto:C2Hub@msudenver.edu).

### *Service Learning Program*

Service learning is a form of experiential learning in which students combine classroom experience with community-based service. Service activities provide a forum for students to meet an identified community need while also gaining understanding and experience related to the course content. This method allows students to "learn by doing." The Service Learning Program at MSU Denver also

provides mentoring and funds to support faculty who want to integrate this methodology into their courses.

For more information on the Service Learning Program, visit <https://www.msudenver.edu/service-learning/>

### *Service Learning Courses*

While many classes at MSU Denver incorporate service learning activities, specific sections in some fields have been designated as service learning classes. To see a list of current sections for each term, go to the class schedule for the term and look for chart that allows to you search by specific class type or location (<https://www.msudenver.edu/catalog/#d.en.24724>) Service Learning has a link in this section. Service Learning sections also have the initials "SL" at the end of the class name.

Some sections of the below courses may be taught as Service Learning.

- ACC 3110 - Volunteer Income Tax Assistance (VITA) **Credits: 3**
- CDES 3101 - Community-Based Design **Credits: 3**
- CDES 4650 - Studio M **Credits: 3**
- COMM 4450 - Social Movement Rhetoric **Credits: 3**
- CPD 1300 - Transformations: Student Success **Credits: 3**
- DANC 3410 - Skills and Methods of Teaching Dance Technique **Credits: 3**
- DANC 3920 - Dance Entrepreneurship **Credits: 3**
- DANC 4920 - Community-Based Dance and Social Change **Credits: 3**
- EDS 1001 - Advancing Social Justice and Educational Equity: Challenges and Strategies **Credits: 3**
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1**
- FER 3000 - Applications of Fire Research **Credits: 3**
- FER 3110 - Community Risk Reduction for Fire and Emergency Services **Credits: 3**
- FER 3140 - Fire and Emergency Services Administration **Credits: 3**
- FER 3200 - Fire Prevention, Organization, and Management **Credits: 3**
- FER 3300 - Understanding International Terrorism **Credits: 3**
- FER 3330 - Introduction to Homeland Security **Credits: 3**
- FER 3430 - Personnel Development for Fire and Emergency Services **Credits: 3**
- FER 3460 - Political and Legal Foundations for Fire Protection **Credits: 3**

## Center for Individualized Learning

The **Center for Individualized Learning** contributes to pre-eminence at MSU Denver by offering students and faculty the opportunity to engage in individualized, interdisciplinary and innovative educational initiatives.

Students use the **Individualized Degree Program** to craft their own majors and minors to address specific community needs and to meet their own unique educational goals.

Faculty reach across disciplines and Schools, collaborating with the Center, to develop, "incubate" and test new academic programs that meet emerging community needs such as Fire and Emergency Services Administration, Game Development and Design, and Aerospace Systems Engineering Technology. The IDP concentration provides a curricular vehicle for new interdisciplinary majors and minors that cannot be accommodated in existing academic departments.

**Merit Scholars** invites the growing number of older adults in the community to engage in lifelong learning, creating an intergenerational learning environment for all students.

## Programs

- [Individualized Degree Program](#)

### *Individualized Degree Program*

As a large, urban institution of higher education, Metropolitan State University of Denver is committed to responding to the specific educational goals of a diverse student population. The Individualized Degree Program enables MSU Denver to meet that commitment in three ways:

- It offers students the opportunity to collaborate with faculty to design an individualized major or minor to meet their own specific educational goals when other majors or minors listed in the catalog do not.
- The IDP serves as an incubator for faculty to develop new academic programs to meet emerging needs in the community and workplace. The IDP-as-incubator provides faculty with the opportunity to track demand and to experiment with the relevant curriculum prior to submitting the new program for review through the established curriculum approval process.
- A specific IDP concentration may be offered when a need exists for an interdisciplinary major or minor that does not fall within the purview of existing academic departments. An interdisciplinary core (not to exceed 50% of the minimum credit hours required) provides the foundation upon which the student and faculty mentor build an IDP program to meet the student's educational goals.

Each student works with an advisor in the Center for Individualized Learning and with a faculty mentor to develop a proposal for their degree program. A practicing professional in the student's field of study may also be invited to serve as a community consultant to assist the student and the faculty mentor in the development of the program of study. Because careful and thoughtful planning is essential to designing a coherent and congruent program of study, students are encouraged to begin their proposals early in their enrollment at MSU Denver. IDP proposals must be submitted no later than the semester prior to the semester the student intends to graduate.

Either a bachelor of arts or a bachelor of science degree in an Individualized Degree Program may be sought.

Interested students should contact the Center for Individualized Learning, by calling 303-615-0525 or visiting [our website](#) for assistance and for complete information regarding the policies and procedures for the development and approval of an Individualized Degree major or minor.

Each Individualized Degree major or minor is approved by the faculty mentor, department chair of the academic department from which the majority of credit is drawn, the appropriate dean, and the director of the Center for Individualized Learning.

## Basic Rules of the Individualized Degree Program

- All requirements that apply to any bachelor's degree apply to an Individualized Degree.
- A grade of "C-" or above must be earned in each course included in the student's major or minor, and students must have a GPA of 2.5 before an Individualized Degree program may be approved. In some circumstances on approval by the chair, waivers to this rule may be available.
- On the student's diploma, the title of the IDP will be "Individualized Degree in..." followed by the approved title. Titles of minors do not appear on a diploma, but both major and minor titles will appear on the final official transcript.
- Students with a large number of College of Business credits (over 25%) may need to take additional courses outside of the College of Business or receive special permission from the College of Business to use additional credits towards their IDP degree. For more information, talk to an IDP advisor.
- Each IDP student must submit their finalized IDP proposal (degree plan and essay) for approval by the deadlines posted on the [CIL website](#). Signed approval is required by the 1) faculty advisor, 2) chair of the department where the student is earning the most credit in the IDP, 3) the appropriate dean, and 4) the Center director. Students who submit a proposal after the IDP deadline require a waiver signed by the department chair and dean, which may result in delayed graduation. For all students, graduation is contingent on the proposal being submitted in a timely manner.

## Individualized Degree Program Options

Students may submit proposals for:

- An Individualized Degree standard MAJOR, which requires a minimum of 40 credit hours, including 21 hours of upper-division credit. It may benefit students to consider adding a minor to complement their IDP major. This option

can be discussed with the student's IDP Advisor and IDP Faculty Advisor.

- An Individualized Degree MINOR, which requires a minimum of 20 credit hours, including 6 hours of upper-division credit. A major chosen from the Catalog is required.

## *International Studies Concentration in IDP*

Students wishing to pursue a major in international studies may do so by choosing the Individualized Degree Program (IDP) International Studies Concentration. This concentration requires core courses in the field of international studies and provides the flexibility for each student to select courses from across the University to develop a coherent academic program that meets the student's own specific educational goals within the broader area of International Studies.

Through the International Studies Concentration students gain an understanding of international and intercultural relations and dynamics, and gain the skills and knowledge necessary for their specific chosen careers as those careers exist within an international context. The program also provides preparation for a graduate program in international studies, and students may include prerequisites for other graduate programs of their choice.

Students may choose to develop a proposal for an IDP major or an IDP extended major. Each is developed in consultation with a faculty mentor and the Center for Individualized Learning and must be approved by the faculty mentor, appropriate department chair, appropriate dean, Center advisor and the Center director. Students in this program follow the basic requirements and process for all IDP majors. The process for developing the IDP proposal and selecting the remaining courses is available at the [Center for Individualized Learning website](#).

A minimum of one year of study of a modern language other than English is required and students are strongly encouraged to complete at least two years of study in the same language. Students who are already proficient in a language other than English as demonstrated by successful completion of an approved proficiency examination will be exempt from the requirement. Students are advised to research the possible entry language requirements of any graduate programs in which they might be interested and plan their programs accordingly.

An appropriate study abroad or a local or regional experience with an international focus is required as a part of the individual student's proposal.

## Prerequisites

These courses can be used to satisfy General Studies requirements. See your advisor and the catalog for more information on any other General Studies restrictions for your catalog year.

- ECO 2010 - Principles of Macroeconomics **Credits: 3**

or

- ECO 1040 - A Citizen's Guide to Economics **Credits: 3**
- PSC 1020 - Comparative Politics **Credits: 3**

## International Studies Concentration Core

- ANT 1310 - Introduction to Cultural Anthropology **Credits: 3**
- ANT 2330 - Cross-Cultural Communication **Credits: 3**  
or
- ANT 3300 - Exploring World Cultures: Variable Topics **Credits: 3**
- GEG 1000 - World Regional Geography **Credits: 3**
- HIS 1040 - World History since 1500 **Credits: 3**
- PSC 2230 - Introduction to International Relations **Credits: 3**
- PSC 3340 - International Political Economy **Credits: 3**  
or
- ECO 3550 - Global Economics and International Trade **Credits: 3**

Total for Core: 18

## Additional Information

The senior experience may be selected from approved senior experiences listed in the *College Catalog* online. If no approved senior experience is appropriate for the student's program, a senior level course, internship or independent study that meets the criteria for senior experiences may be chosen with approval of the faculty mentor, chair, Center director and dean. Approval of a senior experience is not a separate process but is considered in the review and approval of the student's major proposal.

Some courses in the core may be applied to General Studies requirements. In that case, students will choose other courses in collaboration with their advisors so that the total number of credit hours in the major reflect the requirements for an IDP major or IDP extended major as listed below.

An IDP major requires a minimum of 40 credit hours (including the core), 21 of which must be upper division. A minor from the Catalog which will complement the student's proposed major is required.

An IDP extended major requires a minimum of 60 credit hours (including the core), 30 of which must be upper division. A minor is not required for the extended major, but students will choose other related coursework appropriate to their specific goals to meet the requirements for the IDP extended major.

The Center for Urban Education (CUE) supports and promotes the most effective teachers for high-need, urban schools. CUE partners with and provides **supplemental** services to MSU Denver students who are preparing to teach through the Teacher Education Departments and the School of Letters, Arts, and Sciences.

CUE facilitates pre-service teacher placements in urban schools, provides paid and volunteer tutoring and service opportunities in schools to help pre-service teachers and other university students build their professional resumes, develops and hosts urban education seminars and workshops for MSU Denver students, and convenes an annual, national, urban education summit aimed at building a national network of educators committed to addressing the educational needs of children in high-need, urban schools. CUE currently partners with Denver Public Schools.

For more information, visit the Center for Urban Education website at <https://msudenver.edu/centerforurbaneducation/>.

## Honors Program Office

Students in MSU Denver's Honors Program enjoy the benefits of a small community of engaged learners and exciting, dynamic instructors, while still having access to the substantial resources of MSU Denver and its vibrant, urban campus.

For more information on the Honors Program Office, visit [msudenver.edu/honors](https://msudenver.edu/honors).

## Honors Program

The Honors Program is rooted in the MSU Denver mission **to provide a high-quality, accessible, enriching education to a diverse student population in an atmosphere of mutual respect.** Students and faculty who participate in the Honors Program commit to pursue the University mission **to engage the community at large in scholarly inquiry, creative activity and the application of knowledge.**

The MSU Denver Honors Program offers a transformative intellectual challenge within the context of a supportive community. This program fosters interdisciplinary inquiry and experiential learning and provides guidance for in-depth research and creative projects. The Honors Program encourages students to become good stewards of their knowledge by inviting them to actively participate in academic leadership and service opportunities. Honors students also learn to integrate a variety of disciplines in their approach to a given project, demonstrate civic and intercultural knowledge and engagement, and reflect critically upon their values and the learning process. Students who enroll in Honors should expect a challenge that stimulates curiosity and research while broadening perspectives in unexpected ways.

## Curriculum Basics

## Center for Urban Education

The Honors Program curriculum requires **21 units of Honors Program approved courses and activities**. Each student is able to design his or her own path through the honors curriculum by completing the honors core courses and combining a selection of academic course options and co-curricular options. Students must earn a B-or better for courses to count for Honors credit.

## Honors Core Courses (11-13 credit hours):

Core courses taken by all honors students include two interdisciplinary Honors Colloquia as well as The Honors Thesis which is an independent research and/or creative project normally completed during the senior year. The Honors Thesis can also be completed in conjunction with degree program requirements. Honors Core Courses include:

- ENG 3525 - Scholarly Writing **Credits: 3**  
or
- COMM 3020 - Advanced Public Speaking **Credits: 3**
- HON 3910 - Honors Colloquium **Credits: 3** (two 3 hrs. courses)
- HON 4948 - Honors Thesis Seminar **Credits: 1**
- HON 4950 - Senior Honors Thesis **Credits: 3**  
or
- HON 4951 - Paired Senior Honors Thesis **Credits: 1** (must be paired with an upper division research, capstone or Senior Experience course)

## Honors General Studies Options

In addition to the core courses, honors students may select general studies and/or upper division course options to complete the academic course requirements. Many of these options can also fulfill degree program and university requirements. Service learning courses, internships and study abroad programs can also count as Honors Program credit.

- ENG 1021 - Honors Research and Argument Writing **Credits: 3** (Written Communication)
- HON 2750 - History of the Self **Credits: 3** (Arts and Humanities)
- HON 2770 - Dynamics of Change **Credits: 3** (Social and Behavioral Sciences II)
- HON 2800 - Scientific Revolutions **Credits: 3** (Natural and Physical Sciences)
- HON 2850 - Technology and Society **Credits: 3** (Social and Behavioral Sciences I)
- HON 2950 - Introduction to Critical Theory **Credits: 3** (Arts and Humanities)

## Honors Co-Curricular Options:

Students can also acquire hours towards the completion of the Honors Program by participating in a variety of exciting co-curricular options including:

- Serve as an officer in the Honors Student Council
- Present a project at an undergraduate research conference
- Participate in the annual Rocky Mountain Honors Conference
- Become a tutor, peer mentor, supplemental instruction leader, new student orientation leader, peer ambassador, or a research or teaching assistant to one of your professors. Work for Met Report or in the Writing Center (Most of these options are paid positions).

## Eligibility and Application Requirements

The Honors Program is open to new, continuing, and transfer students in all majors. The current GPA requirement is 3.3 and above, and students must maintain a 3.3 GPA to remain in good standing. Admission to the program is based on an application that includes high school or college GPA or GED, standardized test scores, a writing sample, and two references. Applications are evaluated by the Honors Director and Associate Directors.

## Military Science (Army ROTC)

Metropolitan State University of Denver (MSU Denver)  
Modular Building 1, 633 Curtis Street, Denver, CO 80217  
303-615-2050  
[msudenver.edu/arotc](http://msudenver.edu/arotc)

The Military Science Program at Metropolitan State University of Denver is offered in cooperation with the University of Colorado - Boulder (CU-Boulder). The Department of Military Science offers programs leading to an officer's commission in the active Army, Army Reserve, or National Guard in conjunction with an undergraduate or graduate degree. Military science courses are designed to supplement a regular degree program by offering practical leadership and management experience. Students attend classes at either MSU Denver, University of Colorado at Boulder, or Colorado School of Mines in Golden.

## Four-Year Program

- Military Science (Army ROTC) Standard Four-Year Program  
The four-year program consists of two phases: the basic course (freshman and sophomore years) and the advanced course (junior and senior years).

**Basic course.** The basic course offers a 2- or 3-credit course each semester, covering Army history and organization as well as military leadership and management. Laboratory sessions provide the opportunity to apply leadership skills while learning basic military skills. Enrollment in the basic course incurs no military obligation except for Army scholarship recipients.

**Advanced AROTC.** The advanced course covers leadership, tactics and unit operations, training techniques, military law, and professional ethics, and includes a leadership practicum each semester. A 35-day summer advanced camp at Fort Lewis, Washington, provides challenging leadership training,

and is a prerequisite for commissioning. Advanced course students must have completed the basic course and obtain permission from the Professor of Military Science (PMS).

## ***Two-Year Program***

- **Military Science (Army ROTC) Standard Two-Year Program**

The two-year program consists of the advanced course, preceded by a four-week summer ROTC basic course at Ft. Knox, Kentucky.

Veterans or students who have participated in three years of Junior ROTC or Civil Air Patrol may be eligible to enroll in the advanced course without attendance at basic camp or completion of the basic course. Inquiries on advanced placement should be directed to the Department of Military Science. Advanced course students must obtain permission from the Professor of Military Science (PMS).

## ***Scholarship Programs***

Four-year college scholarships are available to high school seniors, who should apply before December 1 of their senior year.

Competition for 2nd and 3rd year scholarships are open to all students, regardless of academic major and whether or not they are currently enrolled in ROTC. Scholarship students receive tuition and lab fees, a book allowance, and an allowance of \$300-\$500 per month during the academic year. For more information about scholarships, contact the Enrollment/Scholarship officer at 303-492-3549.

## ***Simultaneous Membership Program***

Students currently in the Army Reserves or Army National Guard and entering the second year of the basic course or the advanced course may participate in the Simultaneous Membership Program (SMP). Students participating in this program earn approximately \$240 in monthly drill pay in addition to the \$350-\$500 monthly stipend. Additionally, SMP participants may be eligible for Army National Guard or reserve education benefits that provide up to \$4,500 per year tuition assistance.

**Leadership Laboratories.** All students participate in a leadership laboratory one day per week. These three hour periods provide cadets with practical leadership experience and performance-oriented, hands-on instruction outside the classroom. Leadership labs are compulsory for enrolled cadets.

## ***AROTC Course Credit***

Army ROTC serves as elective credit in most departments. Exact course credit will be determined by the individual academic advisor.

## ***Registration***

Students who wish to register for Army ROTC classes (MILR prefix) sign up at MSU Denver through the normal course registration

process. For more information, contact the AROTC office at MSU Denver, 303-615-2050, or contact the AROTC Enrollment and Scholarship officer at 303-492-3459/303-492-6495 (main), email [arotc@colorado.edu](mailto:arotc@colorado.edu), or visit the website [msudenver.edu/arotc](http://msudenver.edu/arotc).

## ***Military Leadership Minor***

The minor in Military Leadership is available for students who are enrolled in the Reserve Officer Training Corps (ROTC) for the Army. The requirements for the minor mirror the required courses for the ROTC program and will meet the requirement in certain majors to complete a minor. Students interested in pursuing the Military Leadership minor but not currently enrolled in the ROTC program through the Army should consult with the ROTC program office about this possibility.

A grade of "C" or better is required for each course in this program.

## ***Required Courses***

- MILR 1011 - Adventures in Leadership I **Credits: 2**
- MILR 1021 - Adventures in Leadership II **Credits: 2**
- MILR 2031 - Methods of Leadership and Management I **Credits: 3**
- MILR 2041 - Methods of Leadership and Management II **Credits: 3**
- MILR 3052 - Military Operations and Training I **Credits: 3**
- MILR 3062 - Military Operations and Training II **Credits: 3**
- MILR 4072 - Adaptive Leadership **Credits: 3**
- MILR 4082 - Leadership in a Complex World **Credits: 3**

**Subtotal: 22 credits**

## ***Elective History Course***

Army ROTC also requires a military history course. Check with the program officer to verify that the course you select meets the requirement. The following 3-credit hour courses are pre-approved:

- HIS 1210 - American History to 1865 **Credits: 3**
- HIS 1220 - American History since 1865 **Credits: 3**
- HIS 3410 - American Colonial History **Credits: 3**
- HIS 3430 - American Revolution and Early National Period, 1763-1848 **Credits: 3**
- HIS 3520 - Civil War and Reconstruction **Credits: 3**
- HIS 3660 - American Protest: The History of Social Movements from the Cold War to the Twenty-First Century **Credits: 3**
- HIS 3690 - American Military History **Credits: 3**

## ***Military Science (Army ROTC) Standard Four-Year Program***

The Basic Course taken during the Freshman and Sophomore years is designed to introduce students to the Army. A variety of subjects

such as first aid, land navigation and military history are covered. Junior and Senior students participate in Advanced Course classes and focus on leadership, Army doctrine, and the transition from student/cadet to Lieutenant. All students participate in a leadership laboratory one day per week. Completion of a six-week summer camp, usually between the junior and senior years, is required.

For further information, visit the Military Science (Army ROTC) Department page.

## Required Courses

- MILR 1011 - Adventures in Leadership I **Credits:** 2
- MILR 1021 - Adventures in Leadership II **Credits:** 2
- MILR 2031 - Methods of Leadership and Management I **Credits:** 3
- MILR 2041 - Methods of Leadership and Management II **Credits:** 3
- MILR 3052 - Military Operations and Training I **Credits:** 3
- MILR 3062 - Military Operations and Training II **Credits:** 3
- MILR 4072 - Adaptive Leadership **Credits:** 3
- MILR 4082 - Leadership in a Complex World **Credits:** 3

## *Military Science (Army ROTC) Standard Two-Year Program*

Under this program students may enter the Advanced Course during their Junior year without participating in the Basic Course. They receive credit for the Basic Course by attending a five-week summer camp between their Sophomore and Junior years or receive credit for prior military experience.

For further information, visit the Military Science (Army ROTC) Department page.

## Required Courses

- MILR 3052 - Military Operations and Training I **Credits:** 3
- MILR 3062 - Military Operations and Training II **Credits:** 3
- MILR 4072 - Adaptive Leadership **Credits:** 3
- MILR 4082 - Leadership in a Complex World **Credits:** 3

## Office of International Studies

The Office of International Studies seeks to promote international and intercultural awareness by providing resources to students, faculty, and staff to engage in international issues and programs. As such, the office provides information about a variety of study abroad programs for students.

Many students cite their study abroad experience as one of the best experiences of their undergraduate career. Students who study abroad say that this experience is one of the most challenging and rewarding experiences of their lives. Lastly, many educators and employers recognize that an international experience is extremely valuable in an increasingly global marketplace.

For more information on the Office of International Studies, visit [msudenver.edu/internationalstudies](https://msudenver.edu/internationalstudies).

## One World One Water Center

### Mission Statement

The mission of the One World One Water Center for Urban Water Education and Stewardship at Metropolitan State University of Denver (MSU Denver) is to prepare an educated, empowered, solution-oriented Colorado citizenry to protect and preserve our precious water resources. MSU Denver fulfills the mission in three ways:

- Offer an interdisciplinary, hands-on Water Studies minor for students from diverse backgrounds and in any major;
- Provide co-curricular enrichment activities to the entire student population of the Auraria Campus, which includes MSU Denver, the University of Colorado - Denver, and the Community College of Denver;
- Enhance water stewardship on and beyond campus for the effective use of water resources.

Programs:

- [Water Studies Certificate](#)
- [Water Studies Minor](#)

For more information on the OWOW Center, visit [msudenver.edu/owow](https://msudenver.edu/owow).

## *Water Studies Certificate*

The Water Studies Certificate is a 15-credit, interdisciplinary program of study that provides a holistic, highly interactive experience. The curriculum is designed to facilitate water studies education to students from a wide range of disciplines by introducing them to the importance of water resources and stewardship via coursework and co-curricular programs.

## Water Admission and Graduation Requirements

This certificate program is open to all undergraduate, degree-seeking students and also to non-degree-seeking students. At least 9 credits of water studies courses in the certificate must be completed in residency at MSU Denver, as well as 6 credit hours of electives. A grade of "C" or better must be earned in each course required for the

certificate. Students should note that programs differ in the minimum grade required.

## Advising and Contact Information

Individuals interested in this certificate program should contact the One World One Water Center at 303-615-1199 to schedule an appointment for an advising session. For more information on the OWOW Center, visit [msudenver.edu/owow](http://msudenver.edu/owow).

## Required Courses

- HIS 3426 - Colorado Water and the American West **Credits: 3**  
OR
- JMP 3570 - Covering the Environment **Credits: 3**
- GEG 1910 - Global Water Concerns **Credits: 3**  
OR
- ENV 3400 - Water Resources **Credits: 3**
- MGT 3250 - Colorado Water Law and Water Rights Administration **Credits: 3** (Crosslisted: ENV 3250)  
OR
- ENV 4410 - Water Law **Credits: 3**  
OR
- ENV 4200 - Environmental Policy and Planning **Credits: 3**

**Subtotal: 9 credits**

## Elective Courses

Students must select 6 semester hours of elective courses in consultation with staff of the One World One Water Center or with an advisor in their major department.

**Subtotal: 6 credits**

**Total for Certificate: 15 credits**

## Water Studies Minor

The Water Studies Minor is an interdisciplinary field of study that provides a holistic, highly interactive program. The curriculum is designed to facilitate water studies education to students from a wide range of co-curricular programs. At least 9 credits of water studies courses in the minor must be completed in residency at MSU Denver, as well as 6 credit hours of electives and 3 credit hours of an

approved internship. A grade of "C" or better must be earned in each course required for the minor. Students should note that programs differ in the minimum grade required.

## Advising and Contact Information

Individuals interested in this certificate program should contact the One World One Water Center at 303-615-1199 to schedule an appointment for an advising session. For more information on the OWOW Center, visit [msudenver.edu/owow](http://msudenver.edu/owow).

## Required Courses

- GEG 1910 - Global Water Concerns **Credits: 3**  
OR
  - ENV 3400 - Water Resources **Credits: 3**

  - JMP 3570 - Covering the Environment **Credits: 3**  
OR
  - HIS 3426 - Colorado Water and the American West **Credits: 3**
  - Approved Internship\*
- Subtotal: 12 credits**

## Elective Courses

- A minimum of 6 additional semester hours of approved electives is required.\*

**Subtotal: 6 credits**

Total for the Water Studies Minor: 18 credits

*\*Internship course and elective courses will be selected in consultation with an advisor in the One World One Water Center.*

# College of Aerospace, Computing, Engineering, and Design

## Mission

Through state-of-the-art teaching and research, the College of Aerospace, Computing, Engineering, and Design prepares diverse students with advanced expertise and knowledge in their discipline, for the pursuit of post-graduate degrees and lifelong learning and to be leaders in innovation and problem-solving in their chosen professions. The college engages with industry partners to meet the technological needs of the state and region and to provide students with meaningful hands-on experience in the field.

[Advanced Manufacturing Sciences  
Institute](#)

[College of Aerospace, Computing,  
Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

The Advanced Manufacturing Sciences Institute is at the forefront of a revolution in America's manufacturing economy - the use of smarter, leaner factories to develop and produce innovative new products, materials, and techniques. This multi-disciplinary degree will prepare students for leading-edge careers in the Advanced Manufacturing sector.

The Advanced Manufacturing Sciences (AMS) baccalaureate degree is a multi-disciplinary major that emphasizes both theoretical and practical applications, providing students with a solid foundation in core skills, knowledge and dispositions to facilitate expertise in advanced manufacturing professional positions.

The major requires a core set of courses and selection of a concentration so that each concentration becomes an extended major. The AMS bachelor's degree is accredited through the Higher Learning Commission.

## Core Courses

The core of the AMS program is comprised of a set of courses that are integral to the goal of preparing students as manufacturing professionals in a variety of industry sectors. The required core courses are designed to provide students with a targeted skill set based on the following core competencies: subtractive manufacturing skills (CNC machining & inspection), additive manufacturing skills (including an opportunity to receive a Stratasys Certification), computer-aided design skills, quality assurance skills, soft skills including critical thinking, problem solving, teamwork, leadership and communication, math skills, computer skills including manufacturing data protection, technical writing skills, and basic electronics skills.

## Concentration Courses

The student will choose a concentration in which to specialize:

- Aerospace Concentration
- Industrial Design Concentration
- Mechanical Engineering Technology Concentration
- Operations Management Concentration

## Student Outcomes

### Technical Skills

- Design - Apply scientific, mathematical, and technological knowledge and skills to effectively solve manufacturing problems.
- Processes - Analyze and interpret results of standard tests and measurements to improve manufacturing processes.
- Materials - Analyze and interpret results of standard tests and measurements to select manufacturing materials.
- Equipment & Tools - Implement proper and safe use of manufacturing equipment and tools.

## Soft Skills

- Communication - Demonstrate effective written, oral, and graphical communication in both technical and non-technical environments.
- Critical Thinking - Analyze and evaluate information gathered by observation, experience, and reasoning and integrate and apply to inform decisions and actions.
- Teamwork - Demonstrate the ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for Core and Concentration courses that are not MET courses; all MET courses require a C or better. Students should note that programs differ in the minimum grade required.
- Students must achieve a minimum GPA of 2.5 within the major.
- Each student is required to complete an appropriate internship related to the degree program.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
  - **Recommended:** ENG 1010 - Composing Arguments and ENG 1020 - Research and Argument Writing
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1109 - College Algebra Stretch, Part II or MTH 1110 - College Algebra for Calculus or higher
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- **Recommended:** MET 1040 - Introduction to Engineering, PHY 1000 - Physics of Nature, PHY 2010 - College Physics I, PHY 2030 - College Physics I Laboratory
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** CET 3120 - Engineering Economy
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## AMS Core Courses: 44 credits

- AMS 1010 - Survey of Advanced Manufacturing and Workplace Preparation **Credits: 3**
- AMS 3010 - Additive Manufacturing Stratasys Certification Preparation **Credits: 3**
- CS 1030 - Computer Science Principles **Credits: 4**
- CSS 2751 - Principles of Cybersecurity **Credits: 3**
- CSS 3753 - Computing and Security for Manufacturing **Credits: 3**
- ELE 1001 - Introduction to Electrical Engineering **Credits: 3**
- IND 1450 - Technical Drawing and CAD **Credits: 3** or
- CET 1215 - Civil Engineering Graphics **Credits: 3** or
- MET 1200 - Technical Drawing I **Credits: 3**
- JMP 2610 - Introduction to Technical Writing **Credits: 3**
- MET 1010 - Manufacturing Processes **Credits: 3** or
- IND 2830 - Manufacturing Materials and Processes **Credits: 3**
- MET 1310 - Principles of Quality Assurance **Credits: 3**
- MET 2010 - CNC Machining and Inspection **Credits: 3**
- MET 3000 - Manufacturing Analysis **Credits: 4**

- MET 3630 - Lean Manufacturing Systems Engineering **Credits: 3**
- MTH 1120 - College Trigonometry **Credits: 3**

## Aerospace Concentration: 27 credits

Introduces students to aerospace operations and prepares them to contribute to the assembly, integration and test of air and spacecraft that make our lives on earth better.

- AES 1050 - Introduction to Space **Credits: 3**
- AES 2607 - Introduction to Aerospace Systems Simulation **Credits: 3**
- AES 3530 - Aerodynamics **Credits: 3**
- AES 3600 - Space Flight Operations I **Credits: 3**
- AES 3610 - Elements of Spacecraft Design I **Credits: 3**
- AES 3850 - Human Factors and Physiology of Flight **Credits: 3**
- AES 4601 - Space Flight Operations II **Credits: 3**
- AES 4603 - Aerospace Operations Systems Analysis and Design **Credits: 3**
- AES 4620 - Elements of Spacecraft Design II **Credits: 3**

## Industrial Design Concentration: 29 credits

Focuses on exposing students to 3D modeling, CNC machines and advanced materials from an industrial design perspective.

- IND 1000 - Introduction to Industrial Design **Credits: 1**
- IND 1100 - Materials I: Materials and Fabrication **Credits: 3**
- IND 1300 - Materials II: Design and Application **Credits: 3**
- IND 1470 - Design Drawing Techniques **Credits: 3**
- IND 2830 - Manufacturing Materials and Processes **Credits: 3**
- IND 3000 - Design Thinking **Credits: 3**
- IND 3400 - Product Usability and Ergonomics **Credits: 3**
- IND 3660 - Computer Aided Modeling **Credits: 3**
- IND 3800 - Design for Marketability and Manufacturing **Credits: 4**
- MET 3260 - Direct Digital Manufacturing **Credits: 3**

## Mechanical Engineering Technology Concentration: 30 credits

Provides practice in the ability to improve integrated systems, optimize manufacturing processes, adopt state-of-the-art materials, and produce superior quality products at minimal cost. Coursework provides students an opportunity to understand the operation and function of more complex technologies used in manufacturing.

- CHE 1100 - Principles of Chemistry **Credits: 4**

- CHE 1150 - Principles of Chemistry Laboratory **Credits: 1**
- MET 1210 - 3D Modeling **Credits: 3**
- MET 2200 - Materials of Engineering **Credits: 3**
- MET 3215 - Composites Manufacturing **Credits: 3**
- MET 3260 - Direct Digital Manufacturing **Credits: 3**
- MET 3410 - Geometric Dimensioning and Tolerancing **Credits: 3**
- MET 4080 - Computer Aided Manufacturing **Credits: 3**
- MET 4370 - Advanced Composite Structures: Design, Damage, Repair and Testing **Credits: 3**
- MTH 1410 - Calculus I **Credits: 4**

## Operations Management Concentration: 24 credits

A holistic perspective on the managerial and organizational systems that are used to make key decisions related to the planning for and day-to-day control of manufacturing operations. Beyond developing competence in analytical and planning skills, particular emphasis is given to the philosophy and methods of lean manufacturing, continuous quality improvement, effective supply chain management and Enterprise Planning.

- BUS 1850 - Introduction to Business **Credits: 3**
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 3530 - Human Resources Management **Credits: 3**
- MGT 3550 - Operations Management **Credits: 3**
- MGT 4050 - Supply Chain Management **Credits: 3**
- MGT 4360 - Service Operations Management **Credits: 3**
- MGT 4550 - Project Management **Credits: 3**

## Unrestricted Electives: 7-19 credits

### Senior Experience: 3 credits

- AMS 4940 - Capstone: Advanced Manufacturing Project Planning and Process Development **Credits: 3**  
This course is for individuals with extraordinary circumstances. Must have AMSI Director approval to register for AMS 4940.  
or
- AMS 4950 - Professional Internship **Credits: 1-15**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits

AMS Core Courses	44 credits
Selected Concentration	24-30 credits
Senior Experience	3 credits
Unrestricted Electives	7-19 credits
<b>Total for the Advanced Manufacturing Sciences Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Department of Aviation and Aerospace Science

Location: 1250 7th Street - Seventh Street Classroom

### *Aerospace Systems and Mission Design Major, B.S.*

Students who attain a Bachelor of Science degree with a major in Aerospace Systems and Mission Design will be equipped with a solid foundation in technical and operational concepts along with associated technology to support a career working with aerospace systems. The curriculum is underpinned with a comprehensive foundation of scientific principles to support students interested in overall space mission conceptualization, design and integration of space systems, and spaceflight mission operations and support throughout the entirety of the life cycle.

1. Students will develop a comprehensive understanding of aerospace systems along with professional technical and scientific communication skills using current technologies to conduct systems analysis.
2. Students will possess the knowledge, ethical principles, and expertise necessary to make a positive impact, effectively communicating complex information and solving problems within the aerospace domain.
3. Students will develop critical thinking skills, planning, decision-making, and effective communication abilities, integrating technical and scientific knowledge to address challenges in a professional context.

4. Students will evaluate and integrate the significance of regulatory compliance, understanding its influence on global aerospace operations while addressing interconnected technical, environmental, and human factors.
5. Students will apply innovative approaches to ensure long-term sustainability, emphasizing the responsible use of resources in the aerospace domain.

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of D- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A grade of "C-" or better is required in all upper division courses listed as part of the major, whether or not they are AES prefixed courses, including electives. Students should note that programs differ in the minimum grade required. This requirement does not apply to General Studies classes.
- Students must maintain a minimum cumulative GPA of 2.0 or higher in the Bachelor of Science degree with a major in Aerospace Systems and Mission Design.
- A minor IS NOT required for this program.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** It is recommended that students fulfill this requirement with MTH 1110 - College Algebra for Calculus, which is required by the Aerospace Systems and Mission Design major.
- Arts and Humanities (6 credits)
  - **Recommended:** It is recommended that students partially fulfill this requirement with PHI 3370 - Computers, Ethics, and Society.
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** It is recommended that students fulfill this requirement with PHY 2311 - General Physics I, PHY 2321 General Physics I Laboratory, and AES 1050 - Introduction to Space, which are required by the Aerospace Systems and Mission Design major.
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** It is recommended that students partially fulfill this requirement with CET 3120 - Engineering Economy.

- Global Diversity (0 or 3 credits\*\*)

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Required Ancillary Courses: 40 credits

- CHE 1800 - General Chemistry I **Credits: 4**
- CS 1050 - Computer Science 1 **Credits: 4**
- CSS 2751 - Principles of Cybersecurity **Credits: 3**
- EET 2000 - Electric Circuits and Machines **Credits: 3**
- GIS 2250 - Geographic Information Systems **Credits: 4**
- GIS 4840 - Remote Sensing **Credits: 3**
- JMP 2610 - Introduction to Technical Writing **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**
- MTH 1120 - College Trigonometry **Credits: 3**
- MTH 1410 - Calculus I **Credits: 4**
- PHY 2311 - General Physics I **Credits: 4**
- PHY 2321 - General Physics I Laboratory **Credits: 1**

### Required Courses: 37 credits

- AES 1050 - Introduction to Space **Credits: 3**
- AES 2607 - Introduction to Aerospace Systems Simulation **Credits: 3**
- AES 2630 - Spacecraft Mission Operations I **Credits: 3**
- AES 3600 - Space Flight Operations I **Credits: 3**
- AES 3620 - Aerospace Systems Project and Mission Scheduling **Credits: 3**
- AES 4601 - Space Flight Operations II **Credits: 3**
- AES 4602 - Aerospace Commercialization Operations **Credits: 3**
- AES 1910 - Aerospace Industry Exploration and Analysis **Credits: 3**
- AES 3640 - Fundamentals of Aerospace Systems Analysis and Design **Credits: 4**
- AES 4603 - Aerospace Operations Systems Analysis and Design **Credits: 3**
- AES 4640 - Aerospace Model-Based Systems Analysis **Credits: 3**
- AES 4650 - Aerospace Software and Mission Visualization Tools **Credits: 3**

### Electives: 18 credits

Select 18 credit hours from the following.

- AES 1040 - Introduction to Unmanned Aircraft Systems **Credits: 3**
- AES 2050 - Aviation and Aerospace History and Development **Credits: 3**
- AES 3530 - Aerodynamics **Credits: 3**
- AES 3607 - Orbital Mechanics and Aerospace Systems Simulations **Credits: 3**
- AES 3610 - Elements of Spacecraft Design I **Credits: 3**
- AES 3630 - Spacecraft Mission Operations II **Credits: 3**
- AMS 3010 - Additive Manufacturing Stratasys Certification Preparation **Credits: 3**
- CET 3120 - Engineering Economy **Credits: 3**
- CS 2050 - Computer Science 2 **Credits: 4**
- IND 1450 - Technical Drawing and CAD **Credits: 3**
- IND 2810 - Technology and Design: Global Perspectives **Credits: 3**
- IND 3000 - Design Thinking **Credits: 3**
- MET 4000 - Project Engineering **Credits: 3**
- MTH 3210 - Probability and Statistics **Credits: 4**
- PHI 3370 - Computers, Ethics, and Society **Credits: 3**

### Senior Experience: 3 credits

### Summary of Requirements

General Studies Requirement	33 credits
Multicultural Requirement	0-3 credits
Additional Requirements (Ancillary Courses)	40 credits
Major Requirements	37 credits
Elective Courses	18 credits
Senior Experience Course	3 credits
Unrestricted Electives	0-4 credits
<b>Total for the Aerospace Systems and Mission Design Major, B.S.</b>	<b>120 credits</b>

### *Airport Management Certificate*

This certificate will prepare a student for the American Association of Airport Executives (AAAE) Certified Member examination, often required for airport management positions.

## Required Courses:

- AES 3220 - Aviation and Aerospace Law **Credits:** 3  
or
- AES 3230 - Airline Management **Credits:** 3  
or
- AES 3240 - Airline Planning **Credits:** 3
- AES 3880 - Aviation Security **Credits:** 3
- AES 4230 - General and Business Aviation Operations **Credits:** 3
- AES 4200 - Airport Planning and Management I **Credits:** 3
- AES 4210 - Airport Planning and Management II **Credits:** 3
- AES 4870 - Aviation Safety Program Management **Credits:** 3

Total: 18

## *Aviation and Aerospace Management (AAM) Major, B.S.*

[Department of Aviation and Aerospace Science](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): Online, [In-Person](#),  
[Hybrid](#)

### About the Program

The AAM program is designed for those seeking career opportunities in airport management, airline management, corporate aviation, or general aviation. This degree also supports careers that integrate the business venues of aerospace and space commercialization with many areas of management in aeronautics. This degree program integrates coursework from the aviation curriculum with a business minor to prepare the graduate for aviation and aerospace business-administration related professions.

All students must complete 33 semester hours of General Studies. Some General Studies courses are required by the major, so students would benefit from taking those courses for their General Studies courses. The Aviation and Aerospace Science curriculum guide, available in the AVS Department office, SS 102, lists recommended General Studies courses, each degree program with a recommended course sequence, and AVS policies and procedures. Students should schedule an advising session with an AVS faculty member early in their first semester in the department and each semester thereafter.

### Student Outcomes

- Demonstrate comprehension of the flight environment.

- Apply airport management and planning principles including regulatory and grant assurance compliance, and airport safety inspections; distinguish airport layout plans and airport master plans; apply airport and airfield planning processes related to the design aircraft, terminal expansion and overall airport development; construct an air service development strategy.
- Develop comprehensive safety programs utilizing the principles of Safety Management Systems and demonstrate how to implement incident command within the airport or airline environment.
- Demonstrate knowledge, skills and critical thinking abilities on current topics related to aviation and aerospace science, including analytical and interpretive abilities related to the airport management knowledge-base.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of D- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A grade of "C-" or better is required in all upper division courses listed as part of the major, whether or not they are AES prefixed courses, including electives. Students should note that programs differ in the minimum grade required. This requirement does not apply to General Studies classes.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Courses: 58 credits

- AES 1010 - Introduction to Aviation and Aerospace Operations **Credits: 4**
- AES 1040 - Introduction to Unmanned Aircraft Systems **Credits: 3**  
or
- AES 1050 - Introduction to Space **Credits: 3**
- AES 1400 - Aviation Weather **Credits: 3**
- AES 2050 - Aviation and Aerospace History and Development **Credits: 3**  
or
- AES 2607 - Introduction to Aerospace Systems Simulation **Credits: 3**
- AES 2220 - Flight Dispatch and Load Planning **Credits: 3**
- AES 3220 - Aviation and Aerospace Law **Credits: 3**
- AES 3230 - Airline Management **Credits: 3**
- AES 3240 - Airline Planning **Credits: 3**
- AES 3600 - Space Flight Operations I **Credits: 3**
- AES 3850 - Human Factors and Physiology of Flight **Credits: 3**
- AES 3880 - Aviation Security **Credits: 3**
- AES 4200 - Airport Planning and Management I **Credits: 3**
- AES 4210 - Airport Planning and Management II **Credits: 3**
- AES 4230 - General and Business Aviation Operations **Credits: 3**
- AES 4240 - Air Cargo Industry **Credits: 3**
- AES 4601 - Space Flight Operations II **Credits: 3**
- AES 4602 - Aerospace Commercialization Operations **Credits: 3**

- AES 3620 - Aerospace Systems Project and Mission Scheduling **Credits: 3**  
or
- AES 4603 - Aerospace Operations Systems Analysis and Design **Credits: 3**
- AES 4870 - Aviation Safety Program Management **Credits: 3**

## Senior Experience: 3 credits

- AES 4910 - Aviation and Aerospace Strategic Planning **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	58 credits
Senior Experience	3 credits
Unrestricted Electives	23-26 credits
<b>Total for the Aviation and Aerospace Management Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Aviation and Aerospace Science (ASC) Major, B.S.

[Department of Aviation and Aerospace Science](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

All students must complete 33 semester hours of General Studies. Some General Studies courses are required by the major, so students would benefit from taking those courses for their General Studies courses. The Aviation and Aerospace Science curriculum guide, available in the AVS Department office, SS 102, lists recommended General Studies courses, each degree program with a recommended

course sequence, and AVS policies and procedures. Students should schedule an advising session with an AVS faculty member early in their first semester in the department and each semester thereafter.

The mission of Metropolitan State University of Denver's Department of Aviation and Aerospace Science, Aviation and Aerospace Science Major is to produce professional aerospace operators, air traffic controllers, and aviators possessing the leadership and skills necessary to sustain safety and profitability in the global aviation and aerospace industry.

The vision of Metropolitan State University of Denver's Department of Aviation and Aerospace Science, Aviation and Aerospace Science Major is to be a key leader in innovative collegiate aviation and aerospace programs, producing graduates who increase the safety and profitability of global aviation and aerospace.

## Program Goals

- Professional Competency: Graduates will possess the knowledge and expertise required to make a positive impact for their employer and act with the greatest standards of professionalism, as attested by their ethical principles and integrity.
- Regulatory Compliance: Graduates will possess the capability to evaluate the role and significance of regulatory compliance in shaping the operations of global aviation and aerospace commerce.
- Sustainable Aviation & Aerospace Practices: Graduates will be able to apply the understanding that long-term, sustained profitability in the global aviation and aerospace industry derives from the participation of innovative and committed individuals who maximize resource utilization.
- Critical Thinking: Graduates will exhibit the planning, decision-making, workload management, and communication abilities essential for critical thinking.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.

- A grade of "C-" or better is required in all upper division courses listed as part of the major, whether or not they are AES prefixed courses, including electives. Students should note that programs differ in the minimum grade required. This requirement does not apply to General Studies classes.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Aerospace Operations Concentration (ASC1): 62 credits

This concentration is designed for those seeking career opportunities in aviation or aerospace operations, systems integration, or logistical planning. This degree also supports careers that integrate commercial venues of aerospace with aviation.

## Required Courses: 59 credits

- AES 1010 - Introduction to Aviation and Aerospace Operations **Credits: 4**
- AES 1040 - Introduction to Unmanned Aircraft Systems **Credits: 3**  
or

- AES 1050 - Introduction to Space **Credits: 3**
- AES 1400 - Aviation Weather **Credits: 3**
- AES 1710 - Instrument Flight Simulation I **Credits: 3**
- AES 2050 - Aviation and Aerospace History and Development **Credits: 3**
- AES 2200 - Fundamentals of Air Traffic Control **Credits: 4**
- AES 2220 - Flight Dispatch and Load Planning **Credits: 3**
- AES 2607 - Introduction to Aerospace Systems Simulation **Credits: 3**
- AES 2630 - Spacecraft Mission Operations I **Credits: 3**
- AES 3600 - Space Flight Operations I **Credits: 3**
- AES 3850 - Human Factors and Physiology of Flight **Credits: 3**
- AES 3880 - Aviation Security **Credits: 3**
- AES 4200 - Airport Planning and Management I **Credits: 3**
- AES 4601 - Space Flight Operations II **Credits: 3**
- AES 4602 - Aerospace Commercialization Operations **Credits: 3**  
or
- AES 4210 - Airport Planning and Management II **Credits: 3**
- AES 3620 - Aerospace Systems Project and Mission Scheduling **Credits: 3**  
or
- AES 3630 - Spacecraft Mission Operations II **Credits: 3**  
or
- AES 4603 - Aerospace Operations Systems Analysis and Design **Credits: 3**
- AES 4860 - Aviation Safety **Credits: 3**  
or
- AES 4870 - Aviation Safety Program Management **Credits: 3**
- AES 4910 - Aviation and Aerospace Strategic Planning **Credits: 3**
- BUS 1950 - Business Communication **Credits: 3**  
or
- JMP 2610 - Introduction to Technical Writing **Credits: 3**

### ASC1 Senior Experience: 3 credits

- AES 4930 - Professional Flight Standards Seminar **Credits: 3**  
or
- JMP 4790 - Senior Seminar **Credits: 3**

## Professional Flight Officer Concentration (ASC2): 75 credits

Professional Flight Officer (ASC2): This concentration is designed for those planning a career as a professional pilot. A student choosing this concentration must earn an FAA Commercial Single-Engine Airplane Certificate with an Instrument Rating and either (1) a multi-engine land rating or (2) an FAA Certified Flight Instructor Certificate (CFI) before graduation. Before enrolling in this concentration, ensure you can obtain the appropriate FAA medical certificate. For a list of FAA medical examiners, see <http://www.faa.gov/pilots/amelocator/>.

### Required Courses: 72 credits

- AES 1040 - Introduction to Unmanned Aircraft Systems **Credits: 3**  
or
- AES 2050 - Aviation and Aerospace History and Development **Credits: 3**
- AES 1100 - Private Pilot Ground **Credits: 4**  
or FAA Private Pilot Certificate
- AES 1400 - Aviation Weather **Credits: 3**
- AES 1500 - Private Pilot Flight Lab **Credits: 2**  
or FAA Private Pilot Certificate  
or AES Elective
- AES 1710 - Instrument Flight Simulation I **Credits: 3**  
or FAA Private Pilot Certificate
- AES 2120 - Instrument Pilot Ground **Credits: 4**  
or FAA Instrument Rating
- AES 3130 - Commercial Pilot Ground **Credits: 3**  
or FAA Commercial Certificate
- AES 2200 - Fundamentals of Air Traffic Control **Credits: 4**
- AES 2220 - Flight Dispatch and Load Planning **Credits: 3**
- AES 2500 - Instrument Pilot Flight Lab **Credits: 2**  
or FAA Instrument Rating  
or AES Elective
- AES 2710 - Instrument Flight Simulation II **Credits: 3**  
or FAA Instrument Rating
- AES 3000 - Aircraft Systems and Propulsion **Credits: 3**
- AES 3520 - Commercial Single-Engine Flight Lab **Credits: 2**  
or FAA Commercial Certificate  
or AES Elective
- AES 3530 - Aerodynamics **Credits: 3**
- AES 3710 - Multi-Engine Flight Simulation I **Credits: 3**  
or FAA Multi-Engine Rating
- AES 3850 - Human Factors and Physiology of Flight **Credits: 3**
- AES 3880 - Aviation Security **Credits: 3**
- AES 4040 - Aircraft Performance **Credits: 3**
- AES 4370 - Advanced Navigation Systems **Credits: 3**

- AES 4500 - Commercial Multi-Engine Flight Lab **Credits:** 2  
or FAA Commercial Multi-Engine Rating  
or AES Elective
- or
- AES 4510 - Flight Instructor Flight Lab **Credits:** 2  
or FAA Flight Instructor Certificate  
or AES Elective
- AES 4540 - FAA Instructor Certification-Ground School **Credits:** 3  
or FAA Flight Instructor Certificate
- AES 4935 - Advanced Commercial Aircraft Systems **Credits:** 4  
or FAA Airline Transport Pilot Certificate
- AES 4860 - Aviation Safety **Credits:** 3
- AES 4910 - Aviation and Aerospace Strategic Planning **Credits:** 3

## ASC2 Senior Experience: 3 credits

- AES 4930 - Professional Flight Standards Seminar **Credits:** 3

## Air Traffic Collegiate Training Initiative (AT-CTI) Concentration (ASC3): 78 credits

Air Traffic Collegiate Training Initiative (FAA AT-CTI) (ASC3): The Air Traffic Collegiate Training Initiative concentration (ASC3), also known as the AT-CTI program, has been designed through a partnership with the Federal Aviation Administration (FAA) in order to provide a foundation for students interested in becoming FAA air traffic control specialists. MSU Denver is one of only 36 higher education institutions across the country designated by the FAA as part of its Collegiate Training Initiative and is an FAA-approved AT-CTI program. Weather, airspace, teamwork in aviation, navigation, and search and rescue are among the fundamentals covered in this course of study.

## Required Courses: 48 credits

- AES 1100 - Private Pilot Ground **Credits:** 4
- AES 1400 - Aviation Weather **Credits:** 3
- AES 1710 - Instrument Flight Simulation I **Credits:** 3
- AES 2120 - Instrument Pilot Ground **Credits:** 4
- AES 2200 - Fundamentals of Air Traffic Control **Credits:** 4
- AES 3220 - Aviation and Aerospace Law **Credits:** 3

- AES 3850 - Human Factors and Physiology of Flight **Credits:** 3
- AES 3880 - Aviation Security **Credits:** 3
- AES 4100 - Advanced Air Traffic Control **Credits:** 3
- AES 4200 - Airport Planning and Management I **Credits:** 3
- AES 4210 - Airport Planning and Management II **Credits:** 3
- AES 4230 - General and Business Aviation Operations **Credits:** 3
- AES 4860 - Aviation Safety **Credits:** 3
- AES 4870 - Aviation Safety Program Management **Credits:** 3
- AES 4910 - Aviation and Aerospace Strategic Planning **Credits:** 3

## AES Electives: 27 credits

Select 27 credits in AES electives.

## ASC3 Senior Experience: 3 credits

- AES 4930 - Professional Flight Standards Seminar **Credits:** 3

## Summary of Requirements

Aerospace Operations Concentration (ASC1)	
General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	59 credits
Senior Experience	3 credits
Unrestricted Electives	22-28 credits
Professional Flight Officer Concentration (ASC2)	
General Studies	33 credits
ESSJ Requirement	0-3 credits
Required Courses	72 credits
Senior Experience	3 credits
Unrestricted Electives	9-12 credits

<b>Air Traffic Collegiate Training Initiative (AT-CTI) Concentration (ASC3)</b>	
General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	48 credits
AES Electives	27 credits
Senior Experience	3 credits
Unrestricted Electives	6-9 credits
<b>Total for the Aviation and Aerospace Science Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

### *Aviation Management Minor*

The Aviation Management Minor is designed to afford majors in other disciplines the opportunity to develop an understanding of the aviation and aerospace industries. It supports careers that integrate the business venues of aerospace and space commercialization with many areas of management in aeronautics. A cumulative 2.0 GPA is required for this program.

#### Required Courses

- AES 1100 - Private Pilot Ground **Credits: 4**
- AES 3220 - Aviation and Aerospace Law **Credits: 3**

**Subtotal: 7**

Plus 12 semester hours selected from:

- AES 3230 - Airline Management **Credits: 3**
- AES 3240 - Airline Planning **Credits: 3**
- AES 3850 - Human Factors and Physiology of Flight **Credits: 3**
- AES 4200 - Airport Planning and Management I **Credits: 3**
- AES 4210 - Airport Planning and Management II **Credits: 3**
- AES 4230 - General and Business Aviation Operations **Credits: 3**
- AES 4240 - Air Cargo Industry **Credits: 3**

- AES 4870 - Aviation Safety Program Management **Credits: 3**
- AES 4910 - Aviation and Aerospace Strategic Planning **Credits: 3**

**Subtotal: 12**

**Total: 19**

### *Aviation Technology Minor*

A student must possess at least an FAA Private Pilot Certificate before graduation. Documentation of this certification must be provided by the student to the AVS Department. A cumulative 2.0 GPA is required for this program.

#### Required Courses

- AES 1100 - Private Pilot Ground **Credits: 4**
- AES 1400 - Aviation Weather **Credits: 3**
- AES 1710 - Instrument Flight Simulation I **Credits: 3**

**Subtotal: 10**

#### AES Approved Electives

Students must select 9 credits of AES Approved Electives (3 credits must be upper division)

**Subtotal: 9**

**Total for Minor: 19**

### *Space Commercialization Certificate*

This certificate will provide increased knowledge and understanding of skills as related to the commercial space industry as an important and expanding part of the Colorado and national economy. All courses within this certificate can be applied toward the completion of any major in the Department of Aviation and Aerospace Science.

#### Required Courses

- AES 2607 - Introduction to Aerospace Systems Simulation **Credits: 3**  
or
- AES 3620 - Aerospace Systems Project and Mission Scheduling **Credits: 3**
- AES 3600 - Space Flight Operations I **Credits: 3**
- AES 4601 - Space Flight Operations II **Credits: 3**

- AES 4602 - Aerospace Commercialization Operations  
**Credits: 3**
- AES 4603 - Aerospace Operations Systems Analysis and Design **Credits: 3**

**Total: 15**

*Notes: Students must complete each course in the certificate program with a "C" or better. The courses cannot be taken pass/fail.*

## ***Spacecraft Flight Operations Certificate***

This certificate prepares the student with a strong foundation in specialized training for career development in the space and aerospace industry as a Spacecraft Mission and Flight Operations Specialist. It also expands opportunities for those currently employed in the industry seeking a stronger understanding of spacecraft operations command and control operations through an applied approach utilizing specialized laboratory and scenario training resources in ground segments, flight dynamics, satellite communication, mission planning and modeling, and space environment factors.

### **Required Courses**

- AES 2607 - Introduction to Aerospace Systems Simulation  
**Credits: 3**
- AES 2630 - Spacecraft Mission Operations I **Credits: 3**
- AES 3600 - Space Flight Operations I **Credits: 3**
- AES 3630 - Spacecraft Mission Operations II **Credits: 3**
- AES 4601 - Space Flight Operations II **Credits: 3**
- AES 3607 - Orbital Mechanics and Aerospace Systems Simulations **Credits: 3**  
or
- AES 3610 - Elements of Spacecraft Design I **Credits: 3**  
or
- AES 4603 - Aerospace Operations Systems Analysis and Design **Credits: 3**

**Total Credit Hours: 18**

## ***Unmanned Aircraft Systems Certificate***

This certificate prepares the student with a strong foundation for career development in the commercial unmanned aerial systems industry as a 14 CFR Part 107 Remote Pilot. It also expands opportunities for those currently employed in the industry seeking a better understanding of how to leverage and manage UAS-based resources for enhancing commerce and exploring new entrepreneurial opportunities. A student must possess the FAA Part 107 Remote Pilot Certificate before graduation with this certificate.

Students seeking the Unmanned Aircraft Systems Certificate must earn a grade of "C" or better for each class required in the program.

## **Certificate Requirements**

- AES 1040 - Introduction to Unmanned Aircraft Systems  
**Credits: 3**
- AES 2040 - Unmanned Aircraft Systems Flight and Control  
**Credits: 4**
- AES 3040 - Unmanned Aircraft Systems Data Collection and Analysis **Credits: 4**
- FAA Part 107 Remote Pilot Certificate
- AES Approved Elective **Credits: 6**

**Total Credit Hours: 17**

## **Department of Computer Sciences**

Location: Aerospace and Engineering Sciences (AES) - 200DD

Phone: 303-615-0399

E-Mail: [computersciences@msudenver.edu](mailto:computersciences@msudenver.edu)

Website: [Computer Sciences Department Website](#)

## ***Computer Science Major, B.S.***

[Department of Computer Sciences](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

### **About the Program**

The Department Computer Sciences offers coursework leading to the Bachelor of Science (B.S.) degree in Computer Science. The Computer Science major provides students with broad-based preparation in Computer Science with the appropriate supporting Mathematics background. Graduates in Computer Science are positioned for employment in a wide variety of jobs in the computing field. The CS major also prepares students for continued study of Computer Science at the graduate level. Students are encouraged to contact the department for further details (303-615-0399). The Computer Science BS degree program is accredited by the Computing Accreditation Commission of ABET, <http://abet.org>.

### **Student Outcomes**

1. Analyze a complex computing problem and apply principles of computing and other relevant disciplines to identify solutions.
2. Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. Communicate effectively in a variety of professional contexts.
4. Recognize professional responsibilities and make informed judgments in computing practices based on legal and ethical principles.
5. Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
6. Apply computer science theory and software development fundamentals to produce computing-based solutions.

*\*\*Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required in all CS courses included in the major, all ancillary courses, all required mathematics courses, and all science courses for the science requirement. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion. Some of the science, mathematics, and ancillary courses required for the CS major may partially or fully satisfy specific General Studies requirements.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

## Required Mathematics Courses: 12 credits

- MTH 1410 - Calculus I **Credits: 4**
- MTH 3130 - Applied Methods in Linear Algebra **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**

(MTH 3140 may be substituted for MTH 3130.)

## Science Requirement: 6 credits

A total of at least 6 credits of the following departmentally approved science courses.

Must include one of the following science sequences. Additional science course(s) may be chosen from the courses listed below, or ENV 1200.

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**  
or
- BIO 1081 - General Biology II **Credits: 3**
- BIO 1091 - General Biology Laboratory II **Credits: 1**  
or
- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**  
or
- CHE 1810 - General Chemistry II **Credits: 4**
- CHE 1811 - General Chemistry II Laboratory **Credits: 1**  
or
- GEL 1010 - Physical Geology **Credits: 4**  
or
- MTR 1400 - Weather and Climate **Credits: 3**
- MTR 2020 - Weather and Climate Lab for Scientists **Credits: 1**  
or
- PHY 2311 - General Physics I **Credits: 4**
- PHY 2321 - General Physics I Laboratory **Credits: 1**

or

- PHY 2331 - General Physics II **Credits: 4**
- PHY 2341 - General Physics II Laboratory **Credits: 1**

## Required Ancillary Courses: 9 credits

## Professional Presentation Requirement: 3 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**

## Technical Writing Requirement: 3 credits

- JMP 2610 - Introduction to Technical Writing **Credits: 3**

## Computer Science Ethics Requirement: 3 credits

- PHI 3370 - Computers, Ethics, and Society **Credits: 3**

## Required Computer Science Courses: 62 credits

## Major Core Courses: 46 credits

- CS 1030 - Computer Science Principles **Credits: 4**
- CS 1050 - Computer Science 1 **Credits: 4**
- CS 1400 - Computer Organization **Credits: 4**
- CS 2050 - Computer Science 2 **Credits: 4**
- CS 2240 - Discrete Structures for Computer Science **Credits: 4**
- CS 2400 - Assembly Language Programming and Introduction to High Performance Computing **Credits: 4**
- CS 3210 - Principles of Programming Languages **Credits: 4**
- CS 3240 - Introduction to the Theory of Computation **Credits: 2**
- CS 3250 - Software Development Methods and Tools **Credits: 4**
- CS 3600 - Operating Systems **Credits: 4**
- CS 3700 - Networking and Distributed Computing **Credits: 4**
- CS 4050 - Algorithms and Algorithm Analysis **Credits: 4**

## Upper Division Electives: 12 credits

A minimum of 12 additional semester hours selected from upper-division CS courses, DSML 3850, DSML 4220, and MTH 4480.

## Senior Experience: 4 credits

- CS 4360 - Senior Experience in Computer Science **Credits: 4**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Mathematics Courses	12 credits
Science Requirement	6 credits
Professional Presentation Requirement	3 credits
Technical Writing Requirement	3 credits
Computer Science Ethics Requirement	3 credits
Required Major Core Courses	46 credits
Major Upper Division Electives	12 credits
Senior Experience	4 credits
Unrestricted Electives	0-10 credits
<b>Total for the Computer Science Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Note

As an alternative to the B.S. degree program, the Department of Computer Sciences works with the Center for Individualized Learning to provide students with programs customized to their educational needs.

## *Computer Science Minor*

The Department of Computer Sciences offers coursework leading to the Minor in Computer Science. This program prepares students to add computer science knowledge to their major field of study. A grade of "C-" or better is required in each course included in the

minor. Students should note that programs differ in the minimum grade required.

## Required Core Courses:

- CS 1050 - Computer Science 1 **Credits:** 4
- CS 2050 - Computer Science 2 **Credits:** 4

## Electives:

A minimum of 12 semester hours chosen from CS 1030, CS 1400, CS 2400, CS 2240, and upper-division CS courses, a minimum of 4 semester hours of which must be upper division CS course(s).

**Total: 20 credits**

## Computer Security Minor

This program prepares students to add computer security knowledge to their major field of study. A grade of "C" or better is required in each course included in the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

- CSS 2751 - Principles of Cybersecurity **Credits:** 3
- CSS 2752 - Information Assurance **Credits:** 3
- CSS 2753 - Network Security **Credits:** 3
- CSS 2754 - Host Security **Credits:** 3
- CSS 3751 - Application Security **Credits:** 3
- CSS 3752 - Computer Forensics **Credits:** 3

**Total: 18 credit hours**

## Data Science and Machine Learning Major, B.S.

[Department of Computer Sciences](#)

Available Program  
Format(s): [In-Person](#)

[College of Aerospace, Computing,  
Engineering, and Design](#)

## About the Program

The Department of Computer Sciences offers coursework leading to a Bachelor of Science in Data Science and Machine Learning.

A degree in Data Science and Machine Learning will provide students with a strong foundation in computing and statistics to be able to pursue a career in any industry in which data is used. Students are invited to consult with department faculty concerning career options and further specialization within this field. The department recommends that students be aware of the similar, yet distinct, MSU degree offerings in Statistical Science and Computer Science.

All Majors in Data Science and Machine Learning are required to complete the required courses with a required minimum grade of "C-" and a minimum overall GPA of 2.00 in these courses. Students should note that programs differ in the minimum grade required.

Given the interdisciplinary nature of Data Science, and the broad range of domains/industries in which data-driven insights can yield innovation, students will be encouraged to concentrate their general undergraduate elective credits within another department outside of Math and Statistics/Computer Science.

## Student Outcomes

The student outcomes to be reached upon completion of this program are an extension of the CS degree requirements and aligned with the ABET criteria for "Data Science, Data Analytics, and Similarly Named Computing Programs." The student outcomes for this degree program are:

1. An ability to apply knowledge of computing, mathematics, and machine learning to the broad discipline of data science.
2. An ability to analyze complex datasets, and identify, define, and extract patterns and insights appropriate for problem-solving.
3. An ability to design, implement, and evaluate data-driven models, machine learning algorithms, and systems to meet desired needs.
4. An ability to communicate effectively with stakeholders to answer or solve a given problem through the use of data and modeling.
5. An understanding of professional, ethical, legal, security, and social issues and responsibilities, particularly those concerning data and machine learning models.
6. An ability to communicate effectively with a range of audiences, particularly in translating data insights to actionable recommendations.
7. An ability to analyze the local and global impact of data science solutions on individuals, organizations, and society.
8. Recognition of the need for, and an ability to engage in, continuing professional development, particularly in the rapidly evolving field of machine learning.
9. An ability to use current techniques, skills, and tools necessary for data manipulation, analysis, visualization, and machine learning practices.
10. An ability to apply statistical foundations, algorithmic principles, and machine learning theory in the modeling and design of data-driven systems, demonstrating comprehension of the trade-offs involved in design and model choices.

11. An ability to apply design and development principles in the construction of data pipelines, preprocessing systems, and machine learning models of varying complexity.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required in all CS, MTH, and DSML courses included in the major, all ancillary courses, and all science courses for the science requirement. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

Some of the science, mathematics, and ancillary courses required may partially or fully satisfy specific General Studies requirements.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\*Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Ancillary Courses: 9 credits

The courses JMP 2610 and PHI 3370 must be completed. One of either COMM 1010 or 1100 must also be completed.

- JMP 2610 - Introduction to Technical Writing **Credits: 3**  
AND
- PHI 3370 - Computers, Ethics, and Society **Credits: 3**  
AND  
(
- COMM 1010 - Presentational Speaking **Credits: 3**  
OR
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**  
)

## Required Science Courses: 6 credits

Must include one of the following groups of courses. Additional science course(s) may be chosen from the courses listed below, or ENV 1200.

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**  
OR
- BIO 1081 - General Biology II **Credits: 3**
- BIO 1091 - General Biology Laboratory II **Credits: 1**  
OR
- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**  
OR
- CHE 1810 - General Chemistry II **Credits: 4**
- CHE 1811 - General Chemistry II Laboratory **Credits: 1**  
OR
- GEL 1010 - Physical Geology **Credits: 4**  
OR
- MTR 1400 - Weather and Climate **Credits: 3**
- MTR 2020 - Weather and Climate Lab for Scientists **Credits: 1**  
OR
- PHY 2311 - General Physics I **Credits: 4**
- PHY 2321 - General Physics I Laboratory **Credits: 1**  
OR
- PHY 2331 - General Physics II **Credits: 4**
- PHY 2341 - General Physics II Laboratory **Credits: 1**

## Required Core Courses: 48 credits

- CS 1050 - Computer Science 1 **Credits: 4**
- CS 2050 - Computer Science 2 **Credits: 4**
- CS 3120 - Machine Learning **Credits: 4**
- CS 3250 - Software Development Methods and Tools **Credits: 4**
- CS 3810 - Principles of Database Systems **Credits: 4**
- DSML 3850 - Cloud Computing **Credits: 4**
- DSML 4220 - Deep Learning **Credits: 4**
- MTH 1410 - Calculus I **Credits: 4**
- MTH 3130 - Applied Methods in Linear Algebra **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3220 - Statistical Methods **Credits: 4**
- MTH 3270 - Data Science **Credits: 4**

## Electives: 8 credits

A minimum of two elective courses chosen from the following (for a total of 8 credits).

- CS 3150 - Digital Image Processing and Computer Vision **Credits: 4**
- CS 3700 - Networking and Distributed Computing **Credits: 4**
- CS 4050 - Algorithms and Algorithm Analysis **Credits: 4**
- MTH 2520 - R Programming **Credits: 4**
- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 4230 - Regression and Computational Statistics **Credits: 4**

## Senior Experience: 4 credits

- DSML 4360 - Senior Experience in Data Science and Machine Learning **Credits: 4**

## Summary of Credits

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	9 credits
Required Science Courses	6 credits
Required Core Courses	48 credits
Electives	8 credits

Senior Experience	4 credits
Unrestricted Electives	9-27 credits
<b>Total for the Data Science and Machine Learning Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## The Cybersecurity Center

The Cybersecurity Center at MSU Denver is a workforce development resource for higher education cybersecurity efforts in the region and beyond and a resource for all academic programs at MSU Denver. The Center provides program guidance and oversight, general cyber defense information, collaboration and outreach opportunities among students, faculty, other academic units/departments within the University.

## Department of Engineering and Engineering Technology

Location: Aerospace and Engineering Sciences Building, Suite 300

Phone: 303-615-0499

E-Mail: [eact@msudenver.edu](mailto:eact@msudenver.edu)

Website: [Engineering and Engineering Technology Department Website](#)

## Additive Manufacturing Engineering Certificate

The certificate in Additive Manufacturing Engineering is designed to prepare students with hands-on training and knowledge necessary to meet increasing demand in the design, scanning, and manufacture of components with additive manufacturing techniques. The program will provide students with theoretical and practical knowledge in material identification, 3D design and scanning, design for additive manufacturing, direct digital manufacturing techniques, inspection, and applications. All of the courses within this certificate can be applied toward the completion of a major in the Mechanical Engineering Technology (MET) program. The certificate in Additive Manufacturing Engineering is comprised of a minimum of 18 credit hours.

## Admission and Graduation Requirements

This certificate program is open to all undergraduate, degree-seeking students. To be awarded the program certificate, the student must meet the following requirements:

complete 18 credits of courses as recommended by the certificate program;  
achieve a cumulative GPA of 3.0 or higher in the certificate program;  
earn at least a "C" or better in each of the certificate courses; and  
earn a minimum of 60% of required courses at MSU Denver.

- a. complete 18 credits of courses as recommended by the certificate program;
- b. achieve a cumulative GPA of 3.0 or higher in the certificate program;
- c. earn at least a "C" or better in each of the certificate courses; and
- d. earn a minimum of 60% of required courses at MSU Denver.

### Advising and Contact Information

Individuals interested in this certificate program should contact the Department of Engineering and Engineering Technology at 303-615-0499 to schedule an appointment for an advising session either in person or by phone.

### Required Courses

- MET 1010 - Manufacturing Processes **Credits: 3**
- MET 1200 - Technical Drawing I **Credits: 3**
- MET 1210 - 3D Modeling **Credits: 3**
- MET 1310 - Principles of Quality Assurance **Credits: 3**
- MET 3260 - Direct Digital Manufacturing **Credits: 3**
- MET 3410 - Geometric Dimensioning and Tolerancing **Credits: 3**

**Total for Certificate: 18 credits**

## *Advanced Composite Materials and Manufacturing Certificate*

The certificate in Advanced Composite Materials and Manufacturing is designed to prepare students with hands-on training and knowledge necessary to meet increasing demand in the design, manufacture and repair of components constructed with advanced composite materials, such as carbon and aramid fibers. The program will provide students with theoretical and practical knowledge in material identification, design, composite safety, manufacturing techniques, inspection, and repairs. The certificate in Advanced Composite Materials and Manufacturing is comprised of a minimum of 15 credit hours.

### Admission and Graduation Requirements

This certificate program is open to all undergraduate, degree-seeking students. To be awarded the program certificate, the student must meet the following requirements:

- complete 15 credits of courses as recommended by the certificate program;
- achieve a GPA of 3.0 or higher in the certificate program courses;
- earn at least a "C" or better in each of the certificate courses; and
- earn a minimum of 60% of required courses at MSU Denver.

### Advising and Contact Information

Individuals interested in this certificate program should contact the Department of Engineering and Engineering Technology at 303-615-0499 to schedule an appointment for an advising session either in person or by phone.

### Prerequisite Courses

- CHE 1800 - General Chemistry I **Credits: 4**
- MTH 1110 - College Algebra for Calculus **Credits: 4**

**Total Prerequisites: 8 credits**

### Required Courses

- MET 1010 - Manufacturing Processes **Credits: 3**
- MET 1310 - Principles of Quality Assurance **Credits: 3**
- MET 2200 - Materials of Engineering **Credits: 3**
- MET 3215 - Composites Manufacturing **Credits: 3**
- MET 4370 - Advanced Composite Structures: Design, Damage, Repair and Testing **Credits: 3**

**Total for Certificate: 15 credits**

## *Architecture Minor*

### Required Courses

- ARCH 2001 - Introduction to Architecture **Credits: 3**
- ARCH 2002 - Architectural Design-Studio 1 **Credits: 3**
- ARCH 2003 - Building Structures **Credits: 3**
- ARCH 3001 - Architectural Interior Design **Credits: 3**
- ARCH 3002 - Architectural Design-Studio 2 **Credits: 3**
- ARCH 3003 - Digital Presentations in Architecture **Credits: 3**

**Total for Architecture Minor: 18 credits**

# Civil Engineering Technology Major, B.S.

[Department of Engineering and Engineering Technology](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

The Bachelor of Science degree is awarded upon completion of the required program. The program emphasizes theory and practice.

The Civil Engineering Technology curriculum provides a foundation of knowledge in applied engineering by merging the analytic skills of the engineer with the practical skills of the technician. The combination of theory and application prepares graduates for a transition to rewarding employment in a variety of industries.

Civil engineering technology graduates apply engineering principles in performing many of the tasks necessary for the planning and construction of highways, buildings, railroads, bridges, reservoirs, dams, irrigation works, water systems, airports, and other structures. Graduates may participate in estimating costs, preparing specifications for materials, and in surveying, drafting, and design work. In recent years, a major work area for civil and environmental engineering technology has involved environmental problems. This area includes design and construction of water supply facilities and the design of wastewater collection and treatment facilities.

Under the revised rules and regulations of the Colorado State Board for Registration for Professional Engineers and Professional Land Surveyors, students within 30 semester hours of graduation may take the Fundamentals of Engineering Examination.

This program is accredited by the Engineering Technology Accreditation Commission (ETAC) of ABET, III Market Place, Suite 1050, Baltimore, MD 21202-4012, Phone: 410-347-7700.

If considering graduate school studies in engineering or physical science, students are encouraged to elect the mathematics minor.

If considering graduate school studies in architectural engineering, students are encouraged to elect the architecture minor.

## Student Outcomes

The program must have documented student outcomes that support the program educational objectives. Attainment of these outcomes prepares graduates to enter the professional practice of engineering.

1. an ability to apply knowledge, techniques, skills and modern tools of mathematics, science, engineering, and technology to solve well-defined engineering problems appropriate to the discipline;

2. an ability to design solutions for well-defined technical problems and assist with the engineering design of systems, components, or processes appropriate to the discipline;
3. an ability to apply written, oral, and graphical communication in well-defined technical and non-technical environments; and an ability to identify and use appropriate technical literature;
4. an ability to conduct standard tests, measurements, and experiments and to analyze and interpret the results; and
5. an ability to function effectively as a member of a technical team.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- Any course identified in the CET major core, the concentrations, and the optional minors must be passed with a grade of "C" or better.
- All MTH, PHY, CHE courses must be passed with a grade of "C-" or better.
- CET majors must comply with all University General Studies requirements.
- A total minimum of 128 semester hours are required for graduation.
- Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended :**
    - CHE 1100 - Principles of Chemistry
    - CHE 1150 - Principles of Chemistry Laboratory

- CHE 1800 - General Chemistry I
- CHE 1801 - General Chemistry I Laboratory
- PHY 2311 - General Physics I
- PHY 2321 - General Physics I Laboratory
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** CET 3120 - Engineering Economy
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Required Prerequisites: 17 credits

The department recommends that this requirement be met along with the General Studies requirements.

- CET 3120 - Engineering Economy **Credits:** 3
- CHE 1100 - Principles of Chemistry **Credits:** 4  
or
- CHE 1800 - General Chemistry I **Credits:** 4
- CHE 1150 - Principles of Chemistry Laboratory **Credits:** 1  
or
- CHE 1801 - General Chemistry I Laboratory **Credits:** 1
- MTH 1410 - Calculus I **Credits:** 4
- PHY 2311 - General Physics I **Credits:** 4
- PHY 2321 - General Physics I Laboratory **Credits:** 1

### Required Courses: 70 credits

- CET 1040 - Introduction to Engineering **Credits:** 3  
or
- CET 1100 - Introduction to Civil Engineering Technology **Credits:** 3
- CET 1215 - Civil Engineering Graphics **Credits:** 3
- CET 2150 - Mechanics I-Statics **Credits:** 3

- CET 3135 - Mechanics of Materials with Laboratory **Credits:** 4
- CET 3170 - Introduction to Structural Analysis **Credits:** 3
- CET 3185 - Fluid Mechanics I for Civil Engineering Technology **Credits:** 3
- CET 3190 - Fluid Mechanics II for Civil Engineering Technology **Credits:** 3
- CET 3330 - Environmental Technology Processes **Credits:** 3
- CET 4120 - Concrete Design I **Credits:** 3
- CET 4130 - Soil Mechanics **Credits:** 4
- CET 4135 - Foundation Engineering **Credits:** 3
- CET 4140 - Concrete Design II **Credits:** 3
- CET 4150 - Highway Engineering and Surveying **Credits:** 3
- CET 4400 - Steel Design I **Credits:** 3
- CET 4410 - Steel Design II **Credits:** 3
- CET 4450 - Timber Design **Credits:** 3
- CET 4570 - Engineering Law **Credits:** 3
- JMP 2610 - Introduction to Technical Writing **Credits:** 3
- MET 3110 - Thermodynamics **Credits:** 3
- MET 3160 - Mechanics II-Dynamics **Credits:** 3
- PHY 2331 - General Physics II **Credits:** 4
- PHY 2341 - General Physics II Laboratory **Credits:** 1
- Approved Technical Electives **Credits:** 3 (consult with CET faculty advisor)

*Technical elective options are CET 3100, CET 3980, CET 4200, CET 4500 or as approved by CET faculty advisor.*

### Additional Required Courses: 14 credits

- CET 2003 - Building Structures **Credits:** 3
- EET 2340 - Technical Programming **Credits:** 3
- MTH 2410 - Calculus II **Credits:** 4
- MTH 2420 - Calculus III **Credits:** 4

### Senior Experience: 3 credits

- CET 4100 - Capstone: Design Project I **Credits:** 1
- CET 4110 - Capstone: Design Project II **Credits:** 2

### Recommended Optional Minors for CET Majors

#### Architecture Minor

[Architecture Minor](#)

#### Mathematics Minor

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Prerequisites	17 credits
Required Courses	70 credits
Additional Required Courses	14 credits
Senior Experience	3 credits
<b>Total for the Civil Engineering Major, B.S.</b>	<b>Minimum of 125 credits</b>

Required courses for the major may also count for General Studies and Multicultural requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Computer Engineering Major, B.S.

[Department of Engineering and Engineering Technology](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Computer Engineering (CPE) program offers the Bachelor of Science degree major.

The Bachelor of Science in Computer Engineering is a discipline with historical foundations in computer science and electrical engineering. It is concerned with the study of a variety of topics including circuit design, programmable logic, computer design, computer programming, data communication, machine intelligence, robotics, the algorithmic solutions of problems, and the various representations of information including numeric, alphabetic, visual, audio and sensory. In the modern society, the Computer Engineering discipline will also deal with secure computing in Web information, space and industry systems. This discipline deals with effective ways to represent and manipulate information, algorithms to process information, hardware systems and technologies to run software, design methodologies for hardware and software systems, and engineering techniques for ensuring the accuracy and cost effectiveness of these processes.

Students majoring in Computer Engineering must meet the following curriculum and are required to complete all General Studies courses, program pre-requisite courses, elective courses and core courses with a grade required for graduation. Technical elective courses must be approved by the program coordinator or department chair. Students who are considering a major in Computer Engineering are expected to consult with CPE faculty for advising.

Students are encouraged to enroll in an internship/cooperative education program through the University's C2 Hub to gain valuable work experience.

A full-time student may complete the program in four years (eight semesters).

### Student Outcomes

Student outcomes are used to evaluate the students and support the program educational objectives. The students in the Computer Engineering program are expected to attain the outcomes (1) through (7) as defined by ABET Criterion 3, Student Outcomes.

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A minimum of 126 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- For every computer engineering course, a minimum grade of "C" is required for all prerequisites before a student can progress
- CPE majors must comply with all University General Studies requirements.
- Students may refer to program flowchart or consult with an advisor for degree planning.
- Selecting any General Studies course approved for ESSJ credit will satisfy the ESSJ requirement of three credits. Selecting any General Studies course approved for Global Diversity credit will satisfy the Global Diversity requirement of three credits.
- Some courses require prerequisites from outside CPE courses. Check with the Department for more information.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I is recommended to fulfill this requirement.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** PHY 2200 - General Physics for Computer and Electrical Engineering, PHY 2341 - General Physics II Laboratory, CHE 1150 - Principles of Chemistry Laboratory are all recommended to fulfill this requirement.
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Program Prerequisites: 30 credits

All students must complete the following courses. The department recommends that this requirement be met along with the General Studies requirements.

- CHE 1100 - Principles of Chemistry **Credits: 4**
- CHE 1150 - Principles of Chemistry Laboratory **Credits: 1**
- CS 2240 - Discrete Structures for Computer Science **Credits: 4**
- MTH 1410 - Calculus I **Credits: 4** (also meets General Studies requirements)
- MTH 2410 - Calculus II **Credits: 4**
- MTH 3130 - Applied Methods in Linear Algebra **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**
- PHY 2200 - General Physics for Computer and Electrical Engineering **Credits: 4**
- PHY 2341 - General Physics II Laboratory **Credits: 1**

## Required CPE Courses: 60 credits

- CEE 1140 - Circuits I **Credits: 3**
- CEE 1145 - Circuits I Laboratory **Credits: 1**
- CEE 1150 - Circuits II **Credits: 3**
- CEE 1155 - Circuits II Laboratory **Credits: 1**
- CEE 2145 - Solid State Electronics **Credits: 3**
- CEE 2165 - Solid State Electronics Laboratory **Credits: 1**
- CEE 2310 - Digital Systems I **Credits: 3**
- CEE 2350 - Programming for Engineers **Credits: 3**
- CEE 3330 - Digital Systems II **Credits: 3**
- CEE 3620 - A&D Communications **Credits: 3**
- CEE 4370 - Embedded System Design I **Credits: 3**
- CEE 4390 - Embedded System Design II **Credits: 3**
- CPE 1040 - Introduction to Computer Engineering **Credits: 3**
- CPE 3400 - Signals and Systems **Credits: 3**
- CPE 3500 - Semiconductor Device Fundamentals **Credits: 3**
- CPE 4020 - Digital Circuits III - Hardware Description Language **Credits: 3**
- CPE 4320 - Digital Filter Design **Credits: 3**
- CPE 4600 - VLSI Circuits and Systems **Credits: 3**
- CS 1050 - Computer Science 1 **Credits: 4**
- CS 2050 - Computer Science 2 **Credits: 4**

- CS 2400 - Assembly Language Programming and Introduction to High Performance Computing **Credits:** 4

## Upper Division Major Electives: 9 credits

Students may select from the following approved electives:

- CEE 3980 - Internship in Computer and Electrical Engineering **Credits:** 3 (a maximum of 3 credits)
- ELE 3120 - Advanced Analog Electronics **Credits:** 4
- ELE 3410 - Electric Machines **Credits:** 3
- ELE 3420 - Electric Power Distribution **Credits:** 3
- ELE 3430 - Power Electronics **Credits:** 3
- ELE 3630 - Electromagnetic Fields **Credits:** 3
- ELE 4620 - RF and Microwave Design **Credits:** 3
- CS 3013 - Mobile App Development **Credits:** 4
- CS 3120 - Machine Learning **Credits:** 4
- CS 3250 - Software Development Methods and Tools **Credits:** 4

## Senior Experience: 3 credits

- CEE 4700 - Senior Design I **Credits:** 1
- CEE 4800 - Senior Design II **Credits:** 2

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Prerequisites	30 credits
Required Major Courses	60 credits
Upper Division Major Electives	9 credits
Senior Experience	3 credits
<b>Total for the Computer Engineering Major, B.S.</b>	<b>Minimum of 126 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 9 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## Construction Project Management Major, B.A.

[Department of Engineering and Engineering Technology](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

This is a multi-disciplinary major created to support a workforce initiative for the Construction Industries. A Minor is recommended. The suggested options are Architecture Minor, Business Minor, and Spanish Minor. Students with a completed U.S. Department of Labor (DOL) Office of Apprenticeship (OA) four-year Registered Construction Trades Apprenticeship and journeyman's credentials are awarded a block of 30 lower division semester credits that may be used in their CPM major or up-to 45 lower division semester credits in case of a transfer from Emily Griffith Technical College, based on the agreement between School District No. 1 in the City and County of Denver, State of Colorado, Emily Griffith Technical College, and Metropolitan State University of Denver.

Apprenticeship credits are only applicable for the CPM major and may not be utilized in any other way at MSU Denver.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A minor is recommended for this program. Recommended minors are:
  - Architecture Minor
  - Business Minor
  - Spanish Minor
- Students are required to take a minor or elective courses to complete their major and fulfill the graduation requirement of 120 credits. Students should consult with an advisor prior to selecting a minor or electives.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics
- Arts and Humanities (6 credits)
  - **Recommended:** PHI 3360 - Business Ethics or PHI 3370 - Computers, Ethics, and Society
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** CET 3120 - Engineering Economy and COMM 3000 - Diversity and Communication in the U.S.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## CPM Required Courses: 39 credits\*

*\*The industry internship is required for students who do not bring in the apprenticeship credits noted above. The internship must be an approved construction industry placement.*

Students are requested to take 9 credits of internship.

- CPM 1010 - Introduction to Construction Project Management **Credits:** 3
- CPM 1100 - Introduction to Facilities Management **Credits:** 3
- CPM 2010 - Building Technology and Software **Credits:** 3
- CPM 3000 - Workplace Safety **Credits:** 3
- CPM 3020 - Facilities Maintenance and Operations **Credits:** 3

- CET 3980 - Industry Internship **Credits:** 1-15 (9 credits required)
- CET 3100 - Construction Methods **Credits:** 3
- CET 3110 - Construction Estimating **Credits:** 3
- CET 4570 - Engineering Law **Credits:** 3
- CIS 2010 - Foundations of Information Systems **Credits:** 3
- MGT 3000 - Organizational Management **Credits:** 3

## Additional CPM Requirement: 6 credits

All students must complete the following courses:

- ARCH 2003 - Building Structures **Credits:** 3
- CET 3120 - Engineering Economy **Credits:** 3

## Select one of the following two concentrations:

### Computer Information Systems Concentration: 21 credits

- CIS 2110 - Structured Problem Solving in Information Systems **Credits:** 3
- CIS 3050 - Fundamentals of Systems Analysis and Design **Credits:** 3
- CIS 3060 - Database Management Systems **Credits:** 3
- CIS 3145 - Business Application Development **Credits:** 3
- CIS 3490 - Managing Business Information with Enterprise Systems **Credits:** 3
- CIS 4260 - Database Administration **Credits:** 3
- CIS 4410 - Management Information Systems **Credits:** 3

(Elective courses may not include those with the following prefixes: ACC, CIS, FIN, MKT, MGT)

### Management Concentration: 21 credits

- MGT 2210 - Legal Environment of Business I **Credits:** 3
- MGT 3220 - Legal Environment of Business II **Credits:** 3  
or
- MGT 3240 - Employment and Human Resource Law **Credits:** 3
- MGT 3530 - Human Resources Management **Credits:** 3
- MGT 3550 - Operations Management **Credits:** 3
- MGT 3260 - Managing Business Risk **Credits:** 3

- MGT 4050 - Supply Chain Management **Credits:** 3
- MGT 4550 - Project Management **Credits:** 3

(Elective courses may not include those with the following prefixes: ACC, CIS, FIN, MKT, MGT)

## Senior Experience: 3 credits

- CPM 4950 - Professional Internship **Credits:** 1-15 (3 credits required)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
CPM Required Courses	39 credits
Additional Requirements	6 credits
Concentration	21 credits
Senior Experience	3 credits
Recommended Minor and Unrestricted Electives	15-21 credits
<b>Total for the Construction Project Management Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Electrical Engineering Major, B.S.*

[Department of Engineering and Engineering Technology](#)

Available Program  
Format(s): [In-Person](#)

[College of Aerospace, Computing, Engineering, and Design](#)

### About the Program

The Electrical Engineering curriculum emphasizes both theoretical and practical applications, providing students with a solid foundation in electrical engineering fundamentals, as well as hands-on laboratory work. Electrical Engineers are employed in various industries ranging from large aerospace companies to small businesses applying engineering analysis to solve problems and design of electrical and

electronics systems and products. The Electrical Engineering program at MSU Denver is aimed to educate students in the theoretical and applied skillsets necessary to excel in a wide range of industrial positions from the design of power systems to microelectronic devices and communication systems. This degree is also excellent preparation for graduate studies in the field of Electrical Engineering.

### Student Outcomes

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A minimum of 131 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- For every electrical engineering course (CEE & ELE), a minimum grade of "C-" is required for all prerequisites before a student can progress

- EE majors must comply with all University General Studies requirements.
- Students may refer to program flowchart or consult with an advisor for degree planning.
- Selecting any General Studies course approved for ESSJ credit will satisfy the ESSJ requirement of three credits. Selecting any General Studies course approved for Global Diversity credit will satisfy the Global Diversity requirement of three credits.
- Some courses require prerequisites from outside EE courses. Check with the Department for more information.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I is recommended to fulfill this requirement.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** CHE 1150 - Principles of Chemistry Laboratory as well as PHY 2200 - General Physics for Computer and Electrical Engineering and PHY 2341 - General Physics II Laboratory are recommended.
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Program Prerequisites: 34 credits

All students must complete the following courses. The department recommends that this requirement be met along with the General Studies requirements.

- CHE 1100 - Principles of Chemistry **Credits:** 4

- CHE 1150 - Principles of Chemistry Laboratory **Credits:** 1
- MTH 1410 - Calculus I **Credits:** 4
- MTH 2410 - Calculus II **Credits:** 4
- MTH 2420 - Calculus III **Credits:** 4
- MTH 3130 - Applied Methods in Linear Algebra **Credits:** 4
- MTH 3210 - Probability and Statistics **Credits:** 4
- MTH 3420 - Differential Equations **Credits:** 4
- PHY 2200 - General Physics for Computer and Electrical Engineering **Credits:** 4 (also meets General Studies requirements)
- PHY 2341 - General Physics II Laboratory **Credits:** 1 (also meets General Studies requirements)

## Electrical Engineering Core: 70 credits

The core courses required to complete the Electrical Engineering degree.

- CEE 1140 - Circuits I **Credits:** 3
- CEE 1145 - Circuits I Laboratory **Credits:** 1
- CEE 1150 - Circuits II **Credits:** 3
- CEE 1155 - Circuits II Laboratory **Credits:** 1
- CEE 2145 - Solid State Electronics **Credits:** 3
- CEE 2165 - Solid State Electronics Laboratory **Credits:** 1
- CEE 2310 - Digital Systems I **Credits:** 3
- CEE 2350 - Programming for Engineers **Credits:** 3
- CEE 3330 - Digital Systems II **Credits:** 3
- CEE 3620 - A&D Communications **Credits:** 3
- CEE 4370 - Embedded System Design I **Credits:** 3
- CEE 4390 - Embedded System Design II **Credits:** 3
- ELE 1001 - Introduction to Electrical Engineering **Credits:** 3
- ELE 3110 - Signals and Systems **Credits:** 4
- ELE 3120 - Advanced Analog Electronics **Credits:** 4
- ELE 3410 - Electric Machines **Credits:** 3
- ELE 3630 - Electromagnetic Fields **Credits:** 3
- ELE 3715 - Control Systems Analysis **Credits:** 4
- ELE 3730 - Process Control Systems **Credits:** 2
- ELE 3740 - Programmable Logic Controllers **Credits:** 2

15 Credits of Technical Electives. Students must choose from the following courses:

- CEE 3980 - Internship in Computer and Electrical Engineering **Credits:** 3
- CPE 3500 - Semiconductor Device Fundamentals **Credits:** 3
- CPE 4600 - VLSI Circuits and Systems **Credits:** 3
- CPE 4710 - Digital Control System Design **Credits:** 4
- ELE 3420 - Electric Power Distribution **Credits:** 3
- ELE 3430 - Power Electronics **Credits:** 3
- ELE 4320 - Digital Filters **Credits:** 3
- ELE 4620 - RF and Microwave Design **Credits:** 3

## Senior Experience: 3 Credits

- CEE 4700 - Senior Design I **Credits: 1**
- CEE 4800 - Senior Design II **Credits: 2**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Prerequisite Courses	34 credits
Required Core	70 credits
Senior Experience	3 credits
<b>Total for the Electrical Engineering Major, B.S.</b>	<b>Minimum of 131 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Electrical Engineering Technology Certificate*

### Prerequisites:

- MTH 1400 - Precalculus Mathematics **Credits: 4**  
(The sequence MTH 1110 and MTH 1120; or MTH 1410 may be substituted.)
- PHY 2311 - General Physics I **Credits: 4**  
(Algebra-based PHY 2010 may be substituted.)
- PHY 2321 - General Physics I Laboratory **Credits: 1**  
(Algebra-based PHY 2030 may be substituted.)
- PHY 2331 - General Physics II **Credits: 4**  
(Algebra-based PHY 2020 may be substituted.)
- PHY 2341 - General Physics II Laboratory **Credits: 1**  
(Algebra-based PHY 2040 may be substituted.)

### Required Courses:

- EET 2000 - Electric Circuits and Machines **Credits: 3**  
(The sequence EET 1140 and EET 1150 may be substituted.)

- EET 2310 - Digital Circuits I **Credits: 3**
- EET 2350 - Advanced Technical Programming **Credits: 3**
- EET 2145 - Electronics **Credits: 3 \***  
or
- EET 3010 - Industrial Electronics **Credits: 4**
- EET 3330 - Digital Circuits II **Credits: 3**
- EET 4370 - Microcontrollers **Credits: 3**

Total: 19

### Note:

\*EET certificate students planning to continue on to the Electrical Engineering Technology Bachelor of Science degree are required to take EET 1140, EET 1150, and EET 2145.

## *Electrical Engineering Technology Minor*

A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

### Prerequisites:

- MTH 1400 - Precalculus Mathematics **Credits: 4**  
(The sequence MTH 1110 and MTH 1120; or MTH 1410 may be substituted.)
- PHY 2311 - General Physics I **Credits: 4**  
(Algebra-based PHY 2010 may be substituted.)
- PHY 2321 - General Physics I Laboratory **Credits: 1**  
(Algebra-based PHY 2030 may be substituted.)
- PHY 2331 - General Physics II **Credits: 4**  
(Algebra-based PHY 2020 may be substituted.)
- PHY 2341 - General Physics II Laboratory **Credits: 1**  
(Algebra-based PHY 2040 may be substituted.)

### Required Courses:

- EET 2000 - Electric Circuits and Machines **Credits: 3**  
(The sequence EET 1140 and EET 1150 may be substituted.)
- EET 2310 - Digital Circuits I **Credits: 3**

- EET 2350 - Advanced Technical Programming **Credits:** 3
- EET 3010 - Industrial Electronics **Credits:** 4 (preferred for minor)  
or
- EET 2145 - Electronics **Credits:** 3 \*
- EET 3330 - Digital Circuits II **Credits:** 3
- EET 4370 - Microcontrollers **Credits:** 3

**Total: 19**

## Note:

\*EET minor students planning to continue on to the Electrical Engineering Technology major for the Bachelor of Science degree are required to take EET 1140, EET 1150, and EET 2145.

## Engineering Manufacturing Certificate

The proposed certificate provides fundamental knowledge and practical skills for subtractive manufacturing and the quality assurance concept for general manufacturing industry. With the certificate, a student should be able to start his or her career in mechanical or industrial engineering technician positions with a chance to move into quality assurance expert jobs or become lean manufacturing specialists. Also, since all of required courses can be applied to the manufacturing concentration of mechanical engineering technology (MET), a student can come back to MSU Denver to pursue a BS degree in MET in the future.

### Non-Degree Seeking Students

Non-degree seeking students need to be aware of their application process: <https://msudenver.edu/admissions/student-types/non-degree/>

Financial aid is not available for non-degree seeking students.

### Advising

Students can contact the College of Aerospace, Computing, Engineering, and Design (CACED) for advising.

### Important Notice

Completion of this certificate does not guarantee admission into any Engineering and Engineering Technology undergraduate program.

### Academic Policies:

Academic policies and the Student Code of Conduct will be employed to all MSU Denver students, regardless of level. Access the Student Code of Conduct.

- **Total: 25 credits**
- **Students have 19 required credit hours and choose 6 credit hours of electives**
- **In addition, there are 6 credit hours of ancillary pre-requisites that are not counted in this certificate - check all required and elective courses for these ancillary pre-requisites**
- *Some courses might require additional prerequisite(s). Please refer to the University Catalog for additional information*

## Required Courses:

- AMS 1010 - Survey of Advanced Manufacturing and Workplace Preparation **Credits:** 3
- MET 1010 - Manufacturing Processes **Credits:** 3  
Or
- IND 2830 - Manufacturing Materials and Processes **Credits:** 3
- MET 1310 - Principles of Quality Assurance **Credits:** 3
- MET 3000 - Manufacturing Analysis **Credits:** 4
- MET 3630 - Lean Manufacturing Systems Engineering **Credits:** 3
- MET 3980 - Internship in Mechanical Engineering Technology **Credits:** 1-15  
Or
- AMS 4950 - Professional Internship **Credits:** 1-15

Students must complete all 19 required credit hours and 6 credit hours of electives

## Elective Courses:

- CET 1215 - Civil Engineering Graphics **Credits:** 3
- ELE 1001 - Introduction to Electrical Engineering **Credits:** 3
- IND 1450 - Technical Drawing and CAD **Credits:** 3
- IND 3660 - Computer Aided Modeling **Credits:** 3
- JMP 2610 - Introduction to Technical Writing **Credits:** 3
- MET 1200 - Technical Drawing I **Credits:** 3
- MET 1210 - 3D Modeling **Credits:** 3
- MET 3300 - Statistical Process Control **Credits:** 3

Students must complete 6 credit hours of electives

**Total credit hours for certificate = 25**

## Ancillary Pre-Requisite Courses

These credit hours are not counted in the credit hour total.

- ENG 1010 - Composing Arguments **Credits:** 3 or higher level course
- MTH 1110 - College Algebra for Calculus **Credits:** 4 or higher level course

**Total ancillary pre-requisite hours = 7**

## *Environmental Engineering Major, B.S.*

[Department of Engineering and Engineering Technology](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Environmental Engineering (EVE) program prepares students to plan and design sustainable environmental systems maximizing the quality of life by minimizing the impact of human activity on the environment. Environmental Engineering graduates will receive a crosscutting collaborative education between two distinct departments. By offering a multidisciplinary approach between engineering and earth and atmospheric sciences, students will receive more customized degree tailored to their interests and flexible to an ever-changing job market. The educational approach will incorporate theory and hands-on learning to reinforce theoretical concepts. The engineering core component will provide solid training on the majority subjects required by Fundamental Engineering (FE) exam.

### Student Outcomes

Student outcomes are used to evaluate the students and support the program educational objectives. The students in the Environmental Engineering program are expected to attain the outcomes (1) through (7) as defined by ABET Criterion 3, Student Outcomes.

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. an ability to communicate effectively with a range of audiences.

4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A minimum of 128 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A minimum grade of "C" is required for all prerequisites before a student can progress. A full-time student may complete the program in four years (total of eight semesters)
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:**
  - CHE 1800 - General Chemistry I

- CHE 1801 - General Chemistry I Laboratory
- PHY 2311 - General Physics I
- PHY 2321 - General Physics I Laboratory
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Required Prerequisite Courses: 14 credits

All students must complete the following courses. The department recommends that this requirement be met along with the General Studies requirements.

- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**
- MTH 1410 - Calculus I **Credits: 4**
- PHY 2311 - General Physics I **Credits: 4**
- PHY 2321 - General Physics I Laboratory **Credits: 1**

### Required Core Courses: 84 credits

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**
- CHE 1810 - General Chemistry II **Credits: 4**
- CHE 1811 - General Chemistry II Laboratory **Credits: 1**
- CEE 2350 - Programming for Engineers **Credits: 3**
- EVE 1040 - Introduction to Environmental Engineering **Credits: 3**
- EVE 1215 - Engineering Graphics: Solid Modeling **Credits: 3**
- EVE 2000 - Analytical Methods of Water and Wastewater **Credits: 4**
- EVE 2150 - Mechanics of Static Systems **Credits: 3**
- EVE 3000 - Concepts in Environmental Engineering **Credits: 3**
- EVE 3110 - Thermodynamics **Credits: 3**
- EVE 3135 - Strength of Materials **Credits: 3**

- EVE 3185 - Fundamental Fluid Mechanics with Laboratory **Credits: 4**
- EVE 3400 - Water and Wastewater Engineering **Credits: 3**
- EVE 3500 - Fate and Transport of Contaminants in the Environment **Credits: 3**
- EVE 3730 - Environmental Risk Assessment **Credits: 3**
- EVE 4000 - Environmental Nanotechnology **Credits: 3**
- EVE 4160 - Geotechnical Engineering with Laboratory **Credits: 4**
- EVE 4300 - Environmental Assessment of Plastic Particles **Credits: 3**
- EVE 4400 - Water Resources Engineering **Credits: 3**
- EVE 4500 - Solid and Hazardous Waste Engineering **Credits: 3**
- MTH 2410 - Calculus II **Credits: 4**
- MTH 2420 - Calculus III **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3420 - Differential Equations **Credits: 4**
- PHY 2331 - General Physics II **Credits: 4**
- PHY 2341 - General Physics II Laboratory **Credits: 1**

### Major Elective Courses: 3 credits

Students are required to take at least 3 credit hours of approved electives courses. Please see your faculty advisor for an approved list of electives.

### Senior Experience: 3 credits

- EVE 4611 - Senior Design Project I **Credits: 1**
- EVE 4612 - Senior Design Project II **Credits: 2**

### Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Prerequisite Courses	14 credits
Required Core Courses	84 credits
Major Elective Courses	3 credits
Senior Experience	3 credits
<b>Total for the Environmental Engineering Major, B.S.</b>	<b>Minimum of 128 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.**

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 9 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## *Mechanical Engineering Technology Major, B.S.*

[Department of Engineering and  
Engineering Technology](#)

[College of Aerospace, Computing,  
Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Mechanical Engineering Technology curriculum emphasizes both theoretical and practical applications, providing MSU Denver students with a solid foundation in mechanical engineering fundamentals, as well as hands-on laboratory work. This applied engineering emphasis allows students to experience the integration of engineering theory and practice. The MET program offers concentrations in mechanical and manufacturing engineering technology courses that keep students current with industry standards. Mechanical Engineering Technologists are employed in various industries ranging from large aerospace companies to small manufacturing and custom-design businesses applying engineering analysis to solve problems and design to enhance existing conditions. The Mechanical Engineering Technology program at MSU Denver is aimed to educate students in the theoretical and applied skillsets necessary to work in a wide range of technology industry positions.

Under the revised rules and regulations of the Colorado State Board for Professional Engineers and Professional Land Surveyors, MET students at MSU Denver pursuing their Professional Engineering license may take the Fundamentals of Engineering Examination within 30 semester hours of graduation.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202, and Telephone: (410) 347-7700 (abet.org). ABET, Inc. was formally known as Accreditation Board for Engineering and Technology, Inc.

### Student Outcomes

1. an ability to apply knowledge, techniques, skills and modern tools of mathematics, science, engineering, and technology to solve well-defined engineering problems appropriate to the discipline;
2. an ability to design solutions for well-defined technical problems and assist with the engineering design of systems, components, or processes appropriate to the discipline;
3. an ability to apply written, oral, and graphical communication in well-defined technical and non-technical

environments; and an ability to identify and use appropriate technical literature;

4. an ability to conduct standard tests, measurements, and experiments and to analyze and interpret the results; and
5. an ability to function effectively as a member of a technical team.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 128-129 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree.
- Any course used to satisfy a prerequisite for an MET course must be passed with a grade of C or better.
- All MTH, PHY, CHE courses must be passed with a grade of "C-" or better
- Students must achieve a cumulative GPA of 2.0 for all MET core and concentration courses.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1400 - Precalculus Mathematics (the sequence of MTH 1110 - College Algebra for Calculus and MTH 1120 - College Trigonometry may be substituted for MTH 1400)
- Arts and Humanities (6 credits)
  - **Recommended:** PHI 1030 - Thinking about Ethics: Morality and the Good Life or PHI 3360 - Business Ethics
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:**
    - PHY 2311 - General Physics I

- PHY 2321 - General Physics I Laboratory
- PHY 2331 - General Physics II
- PHY 2341 - General Physics II Laboratory
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2020 - Principles of Microeconomics and IND 2810 - Technology and Design: Global Perspectives
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Ancillary Courses: 14 credits

All students must complete the following courses. These courses can also count towards the General Studies Requirements.

- MTH 1400 - Precalculus Mathematics **Credits:** 4 or (the sequence of MTH 1110 - College Algebra for Calculus and MTH 1120 - College Trigonometry may be substituted for MTH 1400)
- PHY 2311 - General Physics I **Credits:** 4
- PHY 2321 - General Physics I Laboratory **Credits:** 1
- PHY 2331 - General Physics II **Credits:** 4
- PHY 2341 - General Physics II Laboratory **Credits:** 1

## Required MET Core Courses: 66 credits

- CET 2150 - Mechanics I-Statics **Credits:** 3
- CET 3135 - Mechanics of Materials with Laboratory **Credits:** 4
- CHE 1100 - Principles of Chemistry **Credits:** 4
- CHE 1150 - Principles of Chemistry Laboratory **Credits:** 1
- EET 2000 - Electric Circuits and Machines **Credits:** 3
- EET 2340 - Technical Programming **Credits:** 3
- EET 3010 - Industrial Electronics **Credits:** 4
- or

- ELE 3730 - Process Control Systems **Credits:** 2 and
- ELE 3740 - Programmable Logic Controllers **Credits:** 2
- JMP 2610 - Introduction to Technical Writing **Credits:** 3
- MET 1000 - Introduction to Mechanical Engineering Technology **Credits:** 3 or
- MET 1040 - Introduction to Engineering **Credits:** 3
- MET 1010 - Manufacturing Processes **Credits:** 3
- MET 1200 - Technical Drawing I **Credits:** 3
- MET 1210 - 3D Modeling **Credits:** 3
- MET 1310 - Principles of Quality Assurance **Credits:** 3
- MET 2200 - Materials of Engineering **Credits:** 3
- MET 3110 - Thermodynamics **Credits:** 3
- MET 3160 - Mechanics II-Dynamics **Credits:** 3
- MET 3185 - Fluid Mechanics **Credits:** 3
- MET 3410 - Geometric Dimensioning and Tolerancing **Credits:** 3
- MET 4000 - Project Engineering **Credits:** 3
- MTH 1410 - Calculus I **Credits:** 4
- MTH 2410 - Calculus II **Credits:** 4

Select one of the following two concentrations:

### Advanced Manufacturing Concentration: 22 credits

- MET 2010 - CNC Machining and Inspection **Credits:** 3
  - MET 3000 - Manufacturing Analysis **Credits:** 4
  - MET 3250 - Tool Design and Production Tooling **Credits:** 3
  - MET 3330 - Robotics for Manufacturing **Credits:** 3
  - MET 4080 - Computer Aided Manufacturing **Credits:** 3
  - MET 3XXX Upper Division Elective **Credits:** 6
- Students must complete 6 hours of upper division electives with the faculty advisor's approval. That includes upper division courses from the mechanical concentration or the certificate programs in the MET program.

### Mechanical Concentration: 21 credits

- MET 3070 - Machine Design **Credits:** 3
- MET 3125 - Heat Transfer with Laboratory **Credits:** 3
- MET 3320 - Instrumentation Laboratory **Credits:** 3
- MET 4070 - Computer Aided Design **Credits:** 3
- MET 4280 - Advanced Energy Technology **Credits:** 3
- MET 3XXX Upper Division Electives **Credits:** 6

Students must complete 6 hours of upper division electives with the faculty advisor's approval. That includes upper division courses from the advanced manufacturing concentration or the certificate programs in the MET program.

## Senior Experience: 3 credits

- MET 4100 - Senior Project I **Credits: 1**
- MET 4110 - Senior Project II **Credits: 2**

## Summary of Requirements

### Mechanical Engineering Major with Manufacturing Concentration

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	14 credits
Required MET Core Courses	66 credits
Manufacturing Concentration	22 credits
Senior Experience	3 credits
<b>Total for the Mechanical Engineering Major, B.S., Manufacturing Concentration</b>	<b>Minimum of 129 credits</b>

### Mechanical Engineering Major with Mechanical Concentration

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	14 credits
Required MET Core Courses	66 credits
Mechanical Concentration	21 credits
Senior Experience	3 credits
<b>Total for the Mechanical Engineering Major, B.S., Mechanical Concentration</b>	<b>Minimum of 128 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

**Up to 9 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## Mathematics Minor\*\* (Optional) recommended for MET Students

Required Technical Studies:

- MTH 1410 - Calculus I **Credits: 4**
- MTH 2410 - Calculus II **Credits: 4**
- MTH 2420 - Calculus III **Credits: 4**
- MTH 3130 - Applied Methods in Linear Algebra **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3420 - Differential Equations **Credits: 4**
- CS 1050 - Computer Science 1 **Credits: 4 \***  
or
- CSS 1247 - Introduction to Programming: Visual Basic **Credits: 4**

**Total for Minor: 28 credits**

*\* May be used to satisfy computer programming requirement with approval of MET advisor.*

*\*\* The minor may not be used to replace the concentration. Some of the classes are required for the MET major.*

## Mechanical Engineering Technology Minor

A grade of C or better must be earned in each course required for the minor. Students should note that programs differ in the minimum grade required.

### Required Courses:

- MET 1000 - Introduction to Mechanical Engineering Technology **Credits: 3**
- MET 1010 - Manufacturing Processes **Credits: 3**
- MET 1310 - Principles of Quality Assurance **Credits: 3**
- MET 2200 - Materials of Engineering **Credits: 3**  
Upper-division MET Electives

**Total: 18**

## Department of Industrial Design

Location: Aerospace and Engineering Sciences Building, Suite 200A

Phone: 303-615-0599

E-Mail: [ind@msudenver.edu](mailto:ind@msudenver.edu)

Website: [Industrial Design Department Website](#)

## *Industrial Design Major, B.S.*

[Department of Industrial Design](#)

[College of Aerospace, Computing,  
Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

Industrial Designers create and develop product ideas and then communicate those ideas to clients and production entities through technical drawings, concept and final renderings, mock-ups, models, and prototypes.

The curriculum at MSU Denver prepares students for professional design practice by teaching graphic and verbal presentation skills, as well as hands on technical skills, to enhance their innate creativity. Collaborative projects with other disciplines and industry partners are a vital part of the curriculum and typically occur in the design studio classes. Students also complete a professional internship as their senior experience to further enhance the real world learning the department strives for. Students are required to pass through a portfolio review process at the end of the sophomore year to allow registration for upper-division studio courses, thus maintaining the quality of the program's graduates. The details of this process are outlined on the department website ([msudenver.edu/industrial-design](http://msudenver.edu/industrial-design)) and available in hard copy at the department office, located in the Aerospace and Engineering Sciences building, suite 200. Graduates with an industrial design major earn a bachelor of science degree. A minor in industrial design is also available.

The program is accredited by the National Association of Schools of Art and Design (NASAD) and works with the Industrial Designers Society of America (IDSA) to enhance the profession. The department has an active student IDSA chapter and faculty involved in the national leadership of IDSA. Through this solid foundation of an accredited curriculum, as well as real world learning opportunities, the program's graduates are well equipped to meet the challenges of the competitive, industrial design industry.

### Student Outcomes

To the standard of an entry level professional designer, graduating students should be able to:

- Perform design research that contributes to the definition and solution of design problems.
- Formulate multiple creative design solutions for a given problem, assess those concepts and select the most appropriate final design.

- Demonstrate proficient skills in sketching and rendering with appropriate media, technical drawing, 3-D physical and computer modeling, and prototyping.
- Develop final design solutions to optimize appropriate use of materials, manufacturing processes, user safety and marketability.
- Prepare presentations that demonstrate quality visual organization, verbal skills, writing proficiency and professionalism.
- Produce designs that address human-centered design and demonstrate an understanding of diverse cultural and global contexts.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "D-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
  - **Recommended:** ARTH 1500 - Art and Visual Literacy, which is required for the major by IND's accreditation body
  - **Recommended:** ARTH 1700 - Art of the Medieval and Early Modern World, which is required for the major by IND's accreditation body
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** PHY 1000 - Physics of Nature
- Social and Behavioral Sciences (6 credits)

- **Recommended:** PSY 1001 - Introductory Psychology
- Global Diversity (0 or 3 credits\*)

*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Core Courses: 76 credits

- ART 1101 - Art Studio: 2D **Credits:** 3
- ART 1141 - Art Studio: Drawing **Credits:** 3
- ART 1501 - Art Studio: 3D **Credits:** 3
- ARTH 1500 - Art and Visual Literacy **Credits:** 3
- ARTH 1700 - Art of the Medieval and Early Modern World **Credits:** 3
- IND 1000 - Introduction to Industrial Design **Credits:** 1
- IND 1100 - Materials I: Materials and Fabrication **Credits:** 3
- IND 1300 - Materials II: Design and Application **Credits:** 3
- IND 1450 - Technical Drawing and CAD **Credits:** 3
- IND 1470 - Design Drawing Techniques **Credits:** 3
- IND 2100 - Digital Composition **Credits:** 3
- IND 2450 - Beginning Industrial Design Studio **Credits:** 4
- IND 2830 - Manufacturing Materials and Processes **Credits:** 3
- IND 3050 - Advanced Sketching **Credits:** 3
- IND 3400 - Product Usability and Ergonomics **Credits:** 3
- IND 3450 - Intermediate Industrial Design Studio **Credits:** 4
- IND 3480 - Industrial Design Model Making **Credits:** 3
- IND 3600 - Digital Visualization Techniques in ID **Credits:** 3
- IND 3660 - Computer Aided Modeling **Credits:** 3
- IND 3800 - Design for Marketability and Manufacturing **Credits:** 4
- IND 3950 - History of Industrial Design **Credits:** 3
- IND 4450 - Advanced Industrial Design Studio **Credits:** 4
- IND 4460 - Professional Industrial Design Studio **Credits:** 4

- IND 4540 - Concept and Portfolio Development **Credits:** 4

## Senior Experience: 3 credits

- IND 4960 - Professional Internship **Credits:** 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	76 credits
Senior Experience	3 credits
Unrestricted Electives	5-14 credits
<b>Total for the Industrial Design Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Industrial Design Minor

An Industrial Design Minor is offered by the Department of Industrial Design. There is an increasing trend in business to value individuals who have educational backgrounds in both business and a technical field such as industrial design. Therefore, this minor would be an excellent option for majors in the College of Business or Engineering. The minor may also be useful for students in areas that are linked to design, such as art or technical communication. A minimum grade of C- is required for this minor.

## Required Courses

- IND 1000 - Introduction to Industrial Design **Credits:** 1
- IND 1100 - Materials I: Materials and Fabrication **Credits:** 3
- IND 1300 - Materials II: Design and Application **Credits:** 3
- IND 1450 - Technical Drawing and CAD **Credits:** 3
- IND 1470 - Design Drawing Techniques **Credits:** 3
- IND 2830 - Manufacturing Materials and Processes **Credits:** 3
- IND 3000 - Design Thinking **Credits:** 3
- IND 3950 - History of Industrial Design **Credits:** 3

**Total: 22 credits**

# Department of Mathematics and Statistics

Location: Science Building, Suite 1022

Phone: 303-615-0299

E-Mail: [mathdepartment@msudenver.edu](mailto:mathdepartment@msudenver.edu)

Website: [Mathematics and Statistics Department Website](#)

All students who are considering a major or minor in mathematics or statistical science are expected to consult with faculty for advising. All test score prerequisites for 1000 level MTH courses must be five or fewer years old.

## Mathematics Major, B.S.

[Department of Mathematics and Statistics](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Department of Mathematics and Statistics offers coursework leading to the bachelor of science degree.

A degree in mathematics is useful in a variety of professional fields including, among many others, business, economics, computer science, government, education, technology, and science. Students are invited to consult with the department concerning career options.

### Student Outcomes

- Program Outcome 1: Graduates know the important mathematical facts related to their chosen concentration.
- Program Outcome 2: Graduates are able to think like mathematicians.
- Program Outcome 3: Graduates are able to write a good proof.
- Program Outcome 4: Graduates are able to explain mathematical ideas clearly.

### General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)

- [Senior Experience Graduation Requirements](#)

### Program Requirements

- A total of 120 semester hours are required for graduation.
- All majors in mathematics are required to complete the following basic core of courses (with a required minimum grade of "C-" in each of these courses).
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

### General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

### Ethnic Studies & Social Justice

#### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Basic Mathematics Core: 15 credits

- MTH 1410 - Calculus I **Credits:** 4
- MTH 2410 - Calculus II **Credits:** 4
- MTH 2420 - Calculus III **Credits:** 4
- MTH 3100 - Introduction to Mathematical Proofs **Credits:** 3

## Note:

Each major is required to take a Senior Experience course. The following mathematics courses have been approved as Senior Experience courses: MTH 4210, MTH 4410, MTH 4480, and MTL 4630. The course MTH 3240 does not count toward a mathematics major or a mathematics minor.

The student may choose to complete a mathematics major in one of the following concentrations:

- General
- Mathematics Education
- Probability and Statistics
- Theoretical Mathematics
- Applied Mathematics

## General Concentration: 41 credits

The general concentration in mathematics is designed to meet the needs of students with diverse mathematical interests or background, since it allows considerable flexibility among upper division course choices. A grade of "C-" or better is required in each course included in the major.

## Required Courses: 15 credits

- Basic Core: 15 credits

## One of the following three courses: 4 credits

- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 2520 - R Programming **Credits: 4**
- CS 1050 - Computer Science 1 **Credits: 4**

## A minimum of 22 credit hours chosen from:

MTH 2140\*, or any upper-division mathematics courses with the exception of MTH 3240. The 22 credit hours must include at least 20 upper-division hours, at least seven hours of 4000-level courses in mathematics, including at least one Senior Experience course in mathematics, and one of the following sequences:

- MTH 3110 - Abstract Algebra I **Credits: 4**  
and
- MTH 3140 - Linear Algebra **Credits: 4**  
or
- MTH 4110 - Abstract Algebra II **Credits: 3**  
  
or
- MTH 3210 - Probability and Statistics **Credits: 4**  
and
- MTH 3220 - Statistical Methods **Credits: 4**

or

- MTH 3420 - Differential Equations **Credits: 4**  
and
- MTH 4440 - Partial Differential Equations **Credits: 4**

or

- MTH 4210 - Probability Theory **Credits: 4**  
and
- MTH 4230 - Regression and Computational Statistics **Credits: 4**

or

- MTH 4410 - Real Analysis I **Credits: 4**  
and
- MTH 4420 - Real Analysis II **Credits: 3**

or

- MTH 4480 - Numerical Analysis I **Credits: 4**  
and
- MTH 4490 - Numerical Analysis II **Credits: 4**

*\*Only one of the three courses MTH 2140, MTH 3130, and MTH 3140 can be counted.*

## Senior Experience: 4 credits

Senior experience credit counted elsewhere in concentration.

- MTH 4210 - Probability Theory **Credits: 4**  
or
- MTH 4410 - Real Analysis I **Credits: 4**  
or
- MTH 4480 - Numerical Analysis I **Credits: 4**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Basic Core	15 credits
General Concentration Courses	26 credits
Senior Experience	counted elsewhere in concentration
Unrestricted Electives	43-49 credits
<b>Total for the Mathematics Major, B.S., General Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be**

greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Applied Mathematics Concentration: 43 credits

The concentration in applied mathematics is designed to meet the needs of the scientific, technical, and computer-based economy and to prepare the student for graduate study. The department has made every effort to have state-of-the-art technologies and practices available for student use. A grade of "C-" or better is required in each course included in the major.

### Required Courses: 15 credits

- Basic Core: 15

### One of the following three courses: 4 credits

- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 2520 - R Programming **Credits: 4**
- CS 1050 - Computer Science 1 **Credits: 4**

### All four of the following courses: 16-20 credits

- MTH 3140 - Linear Algebra **Credits: 4 \***
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3420 - Differential Equations **Credits: 4**
- MTH 4480 - Numerical Analysis I **Credits: 4**

### Two of the following courses: 8 credits

- MTH 3400 - Chaos and Nonlinear Dynamics **Credits: 4**
- MTH 3430 - Mathematical Modeling **Credits: 4**
- MTH 3450 - Complex Variables **Credits: 4**
- MTH 4410 - Real Analysis I **Credits: 4 \*\***
- MTH 4440 - Partial Differential Equations **Credits: 4**
- MTH 4490 - Numerical Analysis II **Credits: 4**

At least 26 of the total 43 hours must be at the level of 3000 or above and at least 7 of the total 43 hours must be at the level of 4000.

### Notes:

*\*MTH 3130 and one of the following (MTH 3110 or MTH 3650 or MTH 4110 or MTH 4150 or MTH 4410 or MTH 4660) may substitute for MTH 3140.*

*\*\*Students who are considering graduate school in mathematics are strongly encouraged to take MTH 4410.*

## Senior Experience: 4 credits

Senior experience credit counted elsewhere in concentration.

- MTH 4480 - Numerical Analysis I **Credits: 4**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Basic Core	15 credits
Applied Mathematics Concentration Courses	28-32 credits
Senior Experience	counted elsewhere in concentration
Unrestricted Electives	37-47 credits
<b>Total for the Mathematics Major, B.S., Applied Mathematics Concentration</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Probability and Statistics Concentration: 43 credits

The concentration in probability and statistics stresses the application of the principles and methods of statistics and probability to the biological, physical, social sciences, and engineering. This concentration also prepares the students for graduate study in the area of statistics. A grade of "C-" or better is required in all courses included in the major.

### Required Courses: 15 credits

Basic Core: 15

### All of the following courses: 16 credits

- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3220 - Statistical Methods **Credits: 4**
- MTH 4210 - Probability Theory **Credits: 4**
- MTH 4230 - Regression and Computational Statistics **Credits: 4**

One of the following two courses: 4 credits

- MTH 3130 - Applied Methods in Linear Algebra **Credits:** 4
- MTH 3140 - Linear Algebra **Credits:** 4

One of the following four courses: 4 credits

- MTH 2520 - R Programming **Credits:** 4
- MTH 2540 - Scientific Computing with Python **Credits:** 4
- MTH 3510 - SAS Programming **Credits:** 4
- CS 1050 - Computer Science 1 **Credits:** 4

One of the following five courses: 4 credits

- MTH 3230 - Stochastic Processes **Credits:** 4
- MTH 3270 - Data Science **Credits:** 4
- MTH 3430 - Mathematical Modeling **Credits:** 4
- MTH 4250 - Statistical Theory **Credits:** 4
- MTH 4410 - Real Analysis I **Credits:** 4

Senior Experience: 4 credits

Senior experience credit counted elsewhere in concentration.

- MTH 4210 - Probability Theory **Credits:** 4

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Basic Core	15 credits
Probability and Statistics Concentration Courses	28 credits
Senior Experience	counted elsewhere in concentration
Unrestricted Electives	41-47 credits
<b>Total for the Mathematics Major, B.S., Probability and Statistics Concentration</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Theoretical Mathematics Concentration: 40-41 credits

The concentration in theoretical mathematics prepares the student for further specialized study at the graduate level as well as being adaptable to positions in business, industry, and government. A grade of "C-" or better is required in all courses included in the major.

Required Courses: 15 credits

- Basic Core: 15

One of the following four courses: 4 credits

- MTH 2540 - Scientific Computing with Python **Credits:** 4
- MTH 2520 - R Programming **Credits:** 4
- MTH 3510 - SAS Programming **Credits:** 4
- CS 1050 - Computer Science 1 **Credits:** 4

All four of the following courses: 15-19 credits

- MTH 3110 - Abstract Algebra I **Credits:** 4
- MTH 3140 - Linear Algebra **Credits:** 4 \*
- MTH 4410 - Real Analysis I **Credits:** 4
- MTH 4420 - Real Analysis II **Credits:** 3
- Or
- MTH 4110 - Abstract Algebra II **Credits:** 3

Two of the following courses: 6-7 credits

- MTH 3450 - Complex Variables **Credits:** 4
- MTH 4110 - Abstract Algebra II **Credits:** 3
- MTH 4150 - Elementary Number Theory **Credits:** 3
- MTH 4660 - Introduction to Topology **Credits:** 3

Senior Experience: 4 credits

Senior experience credit counted elsewhere in concentration.

- MTH 4410 - Real Analysis I **Credits:** 4

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Basic Core	15 credits
Theoretical Concentration Requirements	25-26 credits

Senior Experience	counted elsewhere in concentration
Unrestricted Electives	39-50 credits
<b>Total for the Mathematics Major, B.S., Theoretical Mathematics Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

#### Note:

*\*MTH 3130 and one of the following (MTH 3640 or MTH 3650 or MTH 4150) may substitute for MTH 3140.*

## Mathematics Education Concentration:

The Department of Mathematics and Statistics offers a major in Mathematics with a concentration in Mathematics Education through two degree tracks:

### 1) Licensure in Secondary or Middle Mathematics

**Education:** This track fulfills the requirements for secondary or middle mathematics education Colorado state licensure. Degree completion requires the courses listed for Mathematics Core, Mathematics Education Concentration, and Educational Foundations and Methods.

**2) Non-Licensure:** For degree completion this track requires the Mathematics Core, Mathematics Education Concentration, and additional coursework to meet the 120 hour graduation requirement.

Candidates are required to meet with one or more of the faculty advisors in the mathematics education concentration area as well as a secondary education advisor as they plan their academic program. The Mathematics Major with Mathematics Education Concentration requires completion of the courses listed below and satisfaction of the minimum grade requirements. Any of the courses required for the major that were taken more than ten years ago will need to be repeated unless currency of knowledge in the concepts of the course can be demonstrated.

#### Student Outcomes

The goals of this program are to provide degree-seeking candidates with:

1. broad-based and coherent preparation in the various disciplines that constitute the mathematical sciences; and
  2. the pedagogical knowledge of mathematics needed to begin a career as a middle or high school mathematics teacher.
- Track 1 will also provide candidates the opportunity to

complete state requirements for obtaining Colorado licensure.

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Track 2 of this program does not meet the 120 hours of coursework required for graduation so additional coursework will be required. See your mathematics education advisor for recommended coursework.
- This program with licensure is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion. The recommended General Studies courses listed below can also satisfy additional degree program requirements beyond General Studies.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** EDS 3130 - Foundations of Educational Psychology and Philosophy; and EDS 3150 - Critical Sociocultural Lenses for Teachers
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

- **Recommended:** EDS 3150 - Critical Sociocultural Lenses for Teachers

## Required Courses: 15 credits

- Basic Core: 15

## Senior Experience: 4 credits

- MTL 4630 - Teaching Secondary Mathematics **Credits:** 4

## Concentration Courses: 29-47 credits

- MTH 3110 - Abstract Algebra I **Credits:** 4
- MTH 3140 - Linear Algebra **Credits:** 4 \*
- MTH 3210 - Probability and Statistics **Credits:** 4
- MTH 3470 - Introduction to Discrete Mathematics and Modeling **Credits:** 4
- MTL 3620 - Mathematics of the Secondary Curriculum **Credits:** 4
- MTH 3640 - History of Mathematics **Credits:** 4
- MTH 3650 - Foundations of Geometry **Credits:** 4
- Mathematics or Computer Science Elective (Choose ONE of the following):
  - Any 1000 level or higher course with a CS prefix
  - Any programming-specific MTH course such as MTH 2520 - R Programming or MTH 2540 - Scientific Computing with Python
  - Any 3000 or 4000 level MTH course except MTH 3240
  - Any MTL course except MTL 3600
  - Restrictions: MTH 3240 and MTL 3600 do not count as electives.

NOTE: For licensure students, MTL 4630 must be taken concurrently with MTL 3638 and EDS 3280 (courses listed in Educational Foundation and Methods section below).

\* **MTH 3130 and one of the following (MTH 4110 or MTH 4150 or MTH 4410 or MTH 4660) may substitute for MTH 3140.**

## Educational Foundations and Methods:

### Continuation for TRACK 1: Licensure Option

Students seeking teacher licensure at the secondary level with endorsement in mathematics must take the following sequence of courses and be admitted to the teacher education program (see notes below). Students should pay particular attention to corequisites and prerequisites.

*Note: This section not required for Track 2: Non-Licensure option. Students pursuing a Mathematics Major with a Mathematics Education Concentration but who are NOT seeking licensure are not required to complete the following courses but are instead required to complete the requirements listed under TRACK 2 below.*

## Required Courses: 38 credits

All candidates must obtain admission to the teacher preparation program before they can register for their first field experience course(s) - EDS 3140 - First Field Experience in Secondary Education. See the following page and consult with an education advisor for details: <https://www.msudenver.edu/education/apply/>

Students must also achieve satisfactory scores on the state licensure examination. See your advisor for more information.

- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits:** 4
- EDS 3140 - First Field Experience in Secondary Education **Credits:** 1
- NOTE: EDS 3130 and EDS 3140 must be taken concurrently.
- REQUIRES provisional admission to the teacher preparation program in the School of Education: More information [HERE](#)
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits:** 3
- EDT 3010 - Integrating Educational Technology into Teaching **Credits:** 3
- SED 3600 - Exceptional Learners in the Classroom **Credits:** 3
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits:** 3
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits:** 1
- NOTE: EDS 3210 and EDS 3240 must be taken concurrently.
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits:** 3
- MTL 3638 - Secondary Mathematics Field Experience **Credits:** 2
- NOTE: MTL 4630, MTL 3638, and EDS 3280 must be taken concurrently.
- MTL 4690 - Student Teaching and Seminar: Secondary 7-12 **Credits:** 12
- NOTE: This course requires formal admission to the teacher preparation program.

## Summary of Requirements

### Track 1: Mathematics Education Concentration with Licensure

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Basic Core	15 credits
Concentration Courses	29-47 credits
Track 1: Licensure Option	38 credits
Senior Experience	4 credits
Unrestricted Electives	0-10 credits
<b>Total for the Mathematics Major, B.S., Mathematics Education Concentration, Track 1</b>	<b>Minimum of 120 credits</b>

### Track 2: Mathematics Education Concentration, Non-Licensure

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Basic Core	15 credits
Concentration Courses	29-47 credits
Senior Experience	4 credits
Unrestricted Electives to complete the 120 hour graduation requirement	18-42 credits
<b>Total for the Mathematics Major, B.S., Mathematics Education Concentration, Track 2</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Mathematics Minor

Only one of three courses, MTH 2140, MTH 3130, or MTH 3140 can be counted. A major that requires a minor in mathematics can specify the courses for such a minor, and the total hours required may exceed

the 22 hour total listed below. Please consult the listings included with those majors.

Students must achieve a cumulative GPA of 2.0 or higher in all MSU Denver courses counted in this minor. Students should note that programs differ in the minimum grade required.

## Required Courses

- MTH 1410 - Calculus I **Credits: 4**
- MTH 2410 - Calculus II **Credits: 4**

## One of the following courses:

- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 2520 - R Programming **Credits: 4**
- MTH 3100 - Introduction to Mathematical Proofs **Credits: 3**
- CS 1050 - Computer Science 1 **Credits: 4**

## Electives:

A minimum of 10 additional hours chosen from CS 1050 and the set of all 2000, 3000, or 4000 level math classes, with the exception of MTH 3240.

- At most one of MTH 2520, MTH 2540, MTH 3510 and CS 1050 may be counted.
- At least 7 hours must be 3000 or 4000 level math classes, excluding MTH 3510.

## Electives: 10

## Total: 21-22

## Statistical Science Major, B.S.

[Department of Mathematics and Statistics](#)

[College of Aerospace, Computing, Engineering, and Design](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

The Department of Mathematics and Statistics offers coursework leading to a Bachelor of Science in Statistical Science.

A degree in Statistical Science is useful in a variety of professional fields including but not limited to biostatistics, health sciences, data science, business analytics, and econometrics. Students are invited to consult with department faculty concerning career options. The

department strongly recommends that students interested in data science pursue the Computer Science Minor.

## Student Outcomes

- Program Outcome 1: Graduates are able to use statistical methods to analyze data
- Program Outcome 2: Graduates are able to explain statistical ideas clearly
- Program Outcome 3: Graduates understand the foundations of probability and theoretical statistics
- Program Outcome 4: Graduates are able to write computer programs that perform statistical procedures

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree and a minimum overall GPA of 2.00 in these courses. Students should note that programs differ in the minimum grade required.
- Majors in Statistical Science are not allowed to minor in Mathematics. Students who wish to double major in Statistical Science and a major that requires a Mathematics Minor must consult a faculty advisor. A double major in Statistical Science and Mathematics is not allowed.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Required Courses: 45-46 credits

#### All of the following courses: 38 credits

- MTH 1410 - Calculus I **Credits: 4**
- MTH 2410 - Calculus II **Credits: 4**
- MTH 2420 - Calculus III **Credits: 4**
- MTH 2520 - R Programming **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3220 - Statistical Methods **Credits: 4**
- MTH 3270 - Data Science **Credits: 4**
- MTH 4230 - Regression and Computational Statistics **Credits: 4**
- MTH 4250 - Statistical Theory **Credits: 4**
- MTH 4290 - Senior Statistics Project **Credits: 2**

#### One of the following two courses: 4 credits

- MTH 3130 - Applied Methods in Linear Algebra **Credits: 4**
- MTH 3140 - Linear Algebra **Credits: 4**

#### One of the following four courses: 3-4 credits

- CS 3120 - Machine Learning **Credits: 4**
- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 3100 - Introduction to Mathematical Proofs **Credits: 3**
- MTH 3230 - Stochastic Processes **Credits: 4**
- MTH 3510 - SAS Programming **Credits: 4**

### Senior Experience: 4 credits

- MTH 4210 - Probability Theory **Credits: 4**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	45-46 credits
Senior Experience	4 credits
Unrestricted Electives	34-41 credits
<b>Total for the Statistical Science Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Statistics Minor

Statistics is widely used in science, industry and government. Statistical methods are used to collect, analyze, and interpret data in natural and social sciences, business, and engineering. The courses in the Statistics Minor focus on applied topics that are useful for students in a variety of disciplines.

A grade of "C-" or better is required for each course in this program to count toward the Statistics Minor. Calculus I (MTH 1410) is not listed in the requirements for the Statistics Minor, but this course is a prerequisite for required courses in the minor. A Statistics Minor cannot be combined with a Mathematics Major or Statistical Science Major.

## Prerequisites

- MTH 1410 - Calculus I **Credits: 4**

## Required Courses

- MTH 2140 - Computational Matrix Algebra **Credits: 2 \***
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTH 3220 - Statistical Methods **Credits: 4**
- MTH 4230 - Regression and Computational Statistics **Credits: 4**

**Subtotal: 14-16 credits**

## Elective

One elective course must be chosen from among:

- MTH 2520 - R Programming **Credits: 4**
- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 3230 - Stochastic Processes **Credits: 4**
- MTH 3510 - SAS Programming **Credits: 4**
- MTH 4210 - Probability Theory **Credits: 4**
- CS 1050 - Computer Science 1 **Credits: 4**

**Subtotal: 4 credits**

**Total for Statistics Minor: 18-20 credits**

*\* MTH 2140 may be replaced with MTH 3140 or MTH 3130 (4 credits).*

# College of Business

The College of Business offers students a variety of educational opportunities that either lead to a bachelor's degree or provide opportunities for non-degree-seeking students to gain additional undergraduate education through our extensive course offerings and certificate programs.

The College provides convenient access to instruction through traditional classroom sessions at the main Auraria campus and online, during the day, evenings, and weekends. The College consists of over 80 full-time faculty, over 40 affiliate faculty, and 21 full-time staff. Around 3000 students major in business and economics. Students can take advantage of on-the-job training through internship placements, internships, and independent study course work.

Students may declare a major in the College of Business during the admission process, or at any time thereafter by contacting a department faculty advisor and completing the "Major Declaration Form." Students are encouraged to declare as early as possible to ensure accurate advising on degree program requirements.

## Mission

The MSU Denver College of Business engages a diverse student population with an inclusive educational experience to become successful business professionals.

### Engage:

We engage students through teaching methods that are centered on individualized attention through small classes, interactive and shared instructional experiences that includes opportunities to connect with the business community while leveraging the use of relevant technology.

### Inclusive:

We provide an enriching student learning experience for students from all backgrounds in ways that are appropriate to meet their educational needs. Our students have access to an affordable education through multiple delivery options. Our educational experiences focus on providing a quality curriculum that prepares students for the rapidly changing global business environment. Students are instructed by a diverse faculty who stay current in their disciplines through scholarly activities and professional experiences.

### Business Professionals:

Through our undergraduate and graduate programs, students develop knowledge, skills and abilities to become successful professionals who provide business solutions utilizing technological, ethical and global frameworks.

The various educational opportunities available through the College of Business are listed below. Students interested in the MBA, MPAcc, Graduate Certificate in Business Analytics, or Graduate Certificate in Risk Assurance and Advisory programs should refer to

the Graduate Catalog for details. Course descriptions and prerequisites can be found by clicking here.

If you have any questions about the offerings, academic policies and practices, or admission requirements, contact the Dean of the College of Business or the chair of the appropriate department.

## Bachelor of Science Degree Programs

Students may earn a Bachelor of Science degree in Accounting, Business Administration, Business Intelligence, Computer Information Systems, Economics, Finance, Human Resource Management, International Business, Management, Marketing, Operations Management, or Real Estate. The degree requires completion of coursework in general studies, the core business disciplines and requirements, a major, and electives. A minor is not required.

- [Accounting](#)
- [Business Administration](#)
- [Business Intelligence](#)
- [Computer Information Systems](#)
- [Economics](#)
- [Finance \(General Finance, Financial Services\)](#)
- [Human Resource Management](#)

## Bachelor of Arts Degree Program

- [Economics](#)
- [Entrepreneurship](#)
- [Professional Selling](#)

## Business Minor

The Business Minor provides students a strong foundation in business fields including Accounting, Computer Information Systems, Economics, Finance, Management, and Marketing.

- [Business Minor](#)

## International Business Concentration and Minor

An International Business Concentration is available to students with Business Majors except International Business.

An International Business Minor is available to students with non-Business or Business Majors except International Business.

- International Business Concentration
- International Business Minor

## College of Business Prerequisite and Attendance Policy

All students are expected to know and fulfill all current prerequisite requirements. The College of Business reserves the right to disenroll students who do not meet current prerequisite requirements or who fail to meet expected course attendance policies. In addition to meeting specific course prerequisites, the following general requirements also apply:

Prior to attending an Upper-Division Business Core classes offered in the College of Business Bachelor of Science programs, all students must have:

- completed all General Studies requirements in Written Communication, Oral Communication, and Quantitative Literacy;
- completed at least 60 credit hours overall (junior standing);
- declared a major in any discipline or be of non-degree seeking status.

## Business Program Residency Requirements

To earn a Bachelor of Science degree in Business, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, CIS, ECO, FIN, MGT, MKT, and REL and a course number of at least 2000.

## Business Degree Program Planning

Some important things to remember as you plan your business studies:

- All degree-seeking students must meet the University's requirements for all bachelor degrees outlined in the general information section of this Catalog.
- During the first 60 credit hours, business majors should complete their General Studies courses and the 2000-level business core courses.
- The University requires at least 39 credit hours of upper-division courses (3000 or 4000 level). Consult with an advisor to ensure that your specific degree program meets this requirement.

The following sections describe the scope of the degree program, course requirements, career opportunities, and competencies for career success in each degree program.

## Minors in the College of Business

The College of Business offers minors in Accounting, Advertising and Promotion, Appraisal and Title, Banking, Business (non-business majors only), Business Sustainability, Computer Information Systems, Digital Marketing, Economics, Entrepreneurship, Financial Services, General Finance, Human Resource Management, International Business, Management, Marketing, Property Management, Real Estate, and Sales. Most minors require 18 credit hours plus prerequisites, if any. The acceptance of transfer credits will be governed by standards and policies of the College of Business and its departments.

Students should choose a minor that will help them in their chosen career. Minors should be declared with the help of a faculty advisor or department chair of the appropriate department.

## Certificates in the College of Business

The College of Business offers a [Nonprofit Studies Certificate](#). In addition, other certificates offered through departments include: [Affordable Housing Management Certificate](#) (Department of Finance), [Digital Marketing Certificate](#) (Department of Marketing), [Sales Certificate](#) (Department of Marketing), (Department of Management), [Risk Assurance and Advisory Certificate](#) (Department of Accounting), and [Personal Financial Planning Certificate](#) (Department of Finance). At the Graduate level, certificates in Business Analytics and Risk Assurance and Advisory are also available.

## Nonprofit Studies Certificate

This certificate of completion is intended to provide additional knowledge and skills in the area of Non-profit Studies. This certificate program is designed for working professionals and non-degree-seeking students who may or may not have a baccalaureate or master's degree or agency training in the administration and management of non-profit and public organizations. Non-degree students may select classes that specifically meet their professional goals. Students are required to achieve a minimum grade of C in all courses, to successfully complete the certificate program.

## Required Courses:

- HSP 2010 - Introduction to High-Impact Nonprofit Organizations **Credits: 3**
  - MKT 3190 - Marketing for Social Good **Credits: 3**
  - MKT 3820 - Fundraising Strategies for Nonprofit Organizations **Credits: 3**
  - MGT 3510 - The People of Nonprofits: Staff, Board, Volunteers, Clients and You **Credits: 3**
  - MGT 3860 - Social Entrepreneurship **Credits: 3**
  - FIN 4450 - Nonprofit Financial Management and Financing **Credits: 3**
- OR
- Any Internship (3980) of 3 hours approved by Chair.

## Total:

Total hours for certificate: 18

## Accounting Major, B.S.

[Department of  
Accounting](#)

Available Program Format(s): [Online, In-Person, Hybrid](#)

[College of Business](#)

### About the Program

The undergraduate accounting program offers a broad education in accounting and business that provides students the foundational global knowledge, skills and abilities to ethically engage in an accounting career, and be able to prepare and communicate accounting information for management and stakeholder decision-making.

In addition to the business core, students will also complete coursework in 5 areas within the accounting discipline to ensure that graduates are also prepared to pursue professional licensure and certification, as well as graduate education, within accounting or other business disciplines.

### Student Outcomes

Upon graduation, accounting students will demonstrate comprehension of and competence in the following:

#### Goal 1. Audit

- Accounting students will demonstrate comprehension of and competence in the area of auditing based on GAAS framework.

#### Goal 2: Accounting information and Technology

- Accounting students will demonstrate comprehension of and competence in the area of accounting information systems and technology

#### Goal 3: Financial Accounting and Reporting

- Accounting students will demonstrate comprehension of and competence in the areas of financial accounting and external reporting

#### Goal 4: Managerial Accounting

- Accounting students will demonstrate comprehension of and competence in the areas of cost accounting and managerial accounting.

#### Goal 5: Individual Taxation

- Accounting students will demonstrate comprehension of and competence in the area of individual taxation.

The College of Business B.S. programs, including Accounting, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Accounting, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least 12 upper-division semester hours in Accounting at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core** and also maintain a 2.0 inside **Accounting Major required courses, elective courses**, and the **senior experience**.
- A grade of **C or better** is required for each accounting course.
- Students should note that programs differ in the minimum grade required.

## Additional Program Information:

- Students interested in becoming Certified Public Accountants (CPAs) in Colorado should be aware that they must take two auditing courses and one ethics course to qualify for licensure. To fulfill CPA requirements, one of the two required auditing courses must be ACC 4200 - Auditing and Attestation. All states require 150 semester hours of education to become a licensed CPA. MSU Denver offers classes that satisfy the 150-hour requirement for licensure.
- ACC 1010 will not substitute as a requirement in the Bachelor of Science in Accounting.
- Students should consult an Accounting faculty advisor to develop an appropriate academic program. A wide variety of internship opportunities are available through the C2 Hub.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of

these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).

- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional

### Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Accounting Major Requirements: 21 credits

Accounting majors should have learning experiences that focus on the development, measurement, analysis, validation, and communication of financial and other information. The following courses are required for all majors in Accounting. A grade of "C-" or better is required for each course in this section to count toward the bachelor's degree.

- ACC 3090 - Income Tax I **Credits: 3**
- ACC 3300 - Accounting Information Systems **Credits: 3**
- ACC 3400 - Cost Accounting **Credits: 3**
- ACC 3510 - Intermediate Accounting I **Credits: 3**
- ACC 3520 - Intermediate Accounting II **Credits: 3**
- ACC 4200 - Auditing and Attestation **Credits: 3**
- ACC 4510 - Advanced Accounting **Credits: 3**

## Accounting Electives: 9 credits

A grade of "C-" or better is required for each course in this section to count toward the bachelor's degree. Students should complete 9 credits of upper division accounting courses. Below are suggested

courses, but any upper division ACC course (3000 or 4000 level) will count towards this requirement.

- ACC 3100 - Income Tax II **Credits: 3**
- ACC 3110 - Volunteer Income Tax Assistance (VITA) **Credits: 3**
- ACC 3200 - Governmental Accounting **Credits: 3**
- ACC 3750 - International Accounting **Credits: 3**
- ACC 3980 - Internship in Accounting **Credits: 1-15**
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**
- ACC 4520 - Mergers and Acquisitions **Credits: 3**
- ACC 3700 - Risk Assurance and Advisory I **Credits: 3**

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	21 credits
Major Electives	9 credits
Senior Experience	(counted in business core)
Unrestricted Electives	2-17 credits
<b>Total for the Accounting Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Accounting Minor

The accounting minor offers students a broad-based education in accounting, emphasizing a particular field within this discipline, such as financial accounting, managerial accounting, tax accounting, or governmental accounting.

The Accounting Department requires 60 credit hours (junior standing) before taking upper-division accounting courses. At least 12 hours of accounting courses in the minor must be completed in residency at MSU Denver. In order to meet the 18 credit hours requirement for a minor, a business major seeking a minor in accounting will have ACC 2010 - Accounting Principles I and ACC 2020 - Accounting Principles II waived from the Business Core requirements.

A grade of "C" or better is required for an accounting course to count towards a minor.

## Required Courses:

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- ACC 3090 - Income Tax I **Credits: 3**
- ACC 3510 - Intermediate Accounting I **Credits: 3**
- 6 credits of approved electives\*

## Total Credits Required for Accounting Minor: 18

*\*A student may select any course in the accounting program or curriculum provided that the course is approved by an Accounting Department advisor.*

## ***Risk Assurance and Advisory Certificate***

Risk Assurance and Advisory professionals add value to organizations by providing independent assurance and advisory services addressing governance, risk management and controls across all aspects of the business. These professionals may work directly for a specific organization in any industry or in professional services and consulting firms offering risk assurance and advisory services to a variety of clients. This certificate will enable students to gain practical knowledge and skills that are transferrable to a wide variety of governance, risk management and controls roles as well as prepare for other industry-relevant certifications. Since MSU Denver is recognized as an Internal Auditing Education Partner, the student will also earn a certificate endorsed by the Institute of Internal Auditors.

Students will take 12 credits of required courses, plus 3 credits of elective courses, for a total of 15 credits to earn the Risk Assurance and Advisory Certificate.

Students must complete each course in the certificate program with a grade of "C" or better. The courses cannot be taken pass/fail. Some courses in the certificate have prerequisites which must be satisfied. At least nine credit hours of the required courses for this certificate must be completed at MSU Denver.

## Required Courses

Students will take four required courses totaling 12 credits. These courses incorporate skills and knowledge necessary to be an effective Risk Assurance and Advisory professional including governance, enterprise risk management, internal controls, internal audit standards and ethics, business processes, information systems security to support effective business processes and data analysis.

- ACC 3300 - Accounting Information Systems **Credits: 3**
- ACC 3700 - Risk Assurance and Advisory I **Credits: 3**
- CIS 3350 - Knowledge Discovery and Data Mining **Credits: 3**  
And select between:
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
OR
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**

## Electives

In addition to the four required courses, an additional course must be taken from the electives listed here. There are electives from each College of Business major so students have a wide range of choices.

- ACC 3400 - Cost Accounting **Credits: 3**
- CIS 3460 - Data Warehousing and Mining **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MGT 4850 - Organizational and Management Consulting **Credits: 3**

## Total for Certificate: 15 credits

## ***Business Intelligence Major, B.S.***

[Department of Computer Information Systems and Business Analytics](#)

Available Program Format(s): [Online](#), [In-Person](#), [Hybrid](#)

## About the Program

The AACSB-Accredited Bachelor of Science in Business Intelligence degree provides a solid foundation in business data analytics as well as the ability to use state-of-the-art methods to stay ahead of the curve in decision-making processes. The program addresses Information Systems topics such as problem-solving, database management systems, systems analysis and design, and information systems security. In addition, the following subjects are part of the degree: business analytics (descriptive, predictive and prescriptive), knowledge discovery and data mining, data science and big data, and data warehousing. The degree contains coverage of classic and cutting-edge tools and techniques including optimization models, waiting line models, simulation and transportation models, as well as key statistical-based tools such as regression modeling, analysis of variance, and tests of independence. Other topics included are data structures and data visualization approaches, advanced methods for predictive analytics using the state-of-the-art software R, supervised learning methods such as neural nets, KNN, classification and regression trees, along with unsupervised learning methods such as association rules, cluster analysis, and principal component analysis. Given the importance of primary and secondary data to the processes of marketing planning and strategy, as well as of marketing insights and product innovation, the degree also includes content of marketing research methods and tools.

## Student Outcomes

**Goal 1 - Core Knowledge:** Students will demonstrate competence in required business intelligence topics.

- Objective 1.1: Database Management
- Objective 1.2: Data Mining/Machine Learning
- Objective 1.3: Big Data Analytics
- Objective 1.4: Marketing Research

The College of Business B.S. programs, including Business Intelligence, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Business Intelligence, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core** and also maintain a 2.0 inside **Business Intelligence Major required courses and elective courses**.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics

for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).

- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits:** 3  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits:** 3
- MTH 1110 - College Algebra for Calculus **Credits:** 4  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits:** 4

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are

required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits:** 3
- ACC 2020 - Principles of Accounting II **Credits:** 3
- BUS 1850 - Introduction to Business **Credits:** 3 \*
- BUS 1950 - Business Communication **Credits:** 3
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits:** 3  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits:** 3  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits:** 3
- CIS 2320 - Descriptive and Predictive Analytics **Credits:** 3
- CIS 3320 - Prescriptive Analytics **Credits:** 3
- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3
- FIN 3300 - Managerial Finance **Credits:** 3
- MKT 3000 - Principles of Marketing **Credits:** 3
- MGT 2210 - Legal Environment of Business I **Credits:** 3
- MGT 3000 - Organizational Management **Credits:** 3
- MGT 4950 - Strategic Management **Credits:** 3 \*\*

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Required Courses: 33 credits

In order to graduate, students must maintain a 2.0 average inside Business Intelligence Major required courses and elective courses.

- CIS 2110 - Structured Problem Solving in Information Systems **Credits:** 3
- CIS 2200 - Introduction to Business Intelligence **Credits:** 3
- CIS 2500 - Security Essentials **Credits:** 3
- CIS 3060 - Database Management Systems **Credits:** 3
- CIS 3145 - Business Application Development **Credits:** 3
- CIS 3350 - Knowledge Discovery and Data Mining **Credits:** 3
- CIS 3460 - Data Warehousing and Mining **Credits:** 3
- CIS 4060 - Advanced Database Management Systems **Credits:** 3
- CIS 4070 - Application of AI in Business **Credits:** 3
- CIS 4370 - Data Science and Big Data Analytics **Credits:** 3
- MKT 3010 - Marketing Research and Insights **Credits:** 3

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	33 credits
Senior Experience	(counted in business core)
Unrestricted Electives	0-14 credits
<b>Total for the Business Intelligence Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Computer Information Systems Major, B.S.

[Department of Computer Information Systems and Business Analytics](#)

[College of Business](#)

Available Program  
Format(s): [In-Person](#),  
[Hybrid](#)

## About the Program

The Computer Information Systems (CIS) bachelor's program offers a challenging education in both general business and modern technology that will allow the student to become part of the fast-paced digital world. This is the only CIS program in Colorado accredited by both **AACSB and ABET**, the world's top accrediting agencies for business and engineering/technology/computing programs.

The Computer Information Systems courses involve hands-on experience in the latest technologies applied in the context of business. Not only does the student have opportunities to take courses in HTML5 and CSS3, Java/Python, PHP and operating systems such as Windows, UNIX and Linux, but can also take advantage of

advanced studies in cybersecurity, business analytics, systems analysis and design, database design and administration, telecommunications, local and wide-area networking, data mining, ERP/SAP, Web administration and application development.

## Student Outcomes

- SO1: Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
- SO2: Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
- SO3: Communicate effectively in a variety of professional contexts.
- SO4: Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
- SO5: Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
- SO6: Support the delivery, use, and management of information systems within an information systems environment.

The College of Business B.S. programs, including Computer Information Systems, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Computer Information Systems, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least twelve (12) upper-division semester hours in Computer Information Systems at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core** and also maintain a 2.0 inside **Computer Information Systems Major required courses and elective courses**.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core

for Business students completing any Bachelor of Science major)

- **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)

- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional

### Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or

- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3** \*\*

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Computer Information Systems Major Requirements: 33 credits

In order to graduate, students must maintain a 2.0 average inside the Business Core and also maintain a 2.0 inside Computer Information Systems Major required courses, and elective courses.

(24 required credits plus 9 credits from Option 1 or 9 credits from Option 2):

### Required Courses: 24 credits

- CIS 2110 - Structured Problem Solving in Information Systems **Credits: 3**
- CIS 3050 - Fundamentals of Systems Analysis and Design **Credits: 3**
- CIS 3060 - Database Management Systems **Credits: 3**
- CIS 3230 - Telecommunication Systems and Networking **Credits: 3**
- CIS 3145 - Business Application Development **Credits: 3**
- CIS 3500 - Information Systems Security **Credits: 3**
- CIS 4050 - Systems Analysis and Design **Credits: 3**
- Any CIS prefix course at the 2000 level or above except CIS 2500.

### Option 1: CIS Degree (9 credits)

This option does not require students to declare an area of concentration and thus allows them maximum flexibility in choosing

their two upper-division CIS Electives and their CIS Capstone Group course.

- Computer Information Systems Capstone Group (any 4000-level CIS course excluding CIS 4050) (3 credits)
- Upper-division CIS Electives (6 credits)

### Option 2: CIS Degree with an Area of Concentration (9 credits)

This option requires students to declare one, and only one, area of concentration. The area of concentration chosen dictates the CIS electives the students take. In addition, students complete the same set of core CIS courses as in Option 1.

Select one of the following concentrations:

#### Application Development

- CIS 3030 - Business Web Page Development **Credits: 3**
- CIS 4060 - Advanced Database Management Systems **Credits: 3**

#### Business Analytics Concentration

- CIS 3350 - Knowledge Discovery and Data Mining **Credits: 3**
- CIS 3460 - Data Warehousing and Mining **Credits: 3**
- CIS 4370 - Data Science and Big Data Analytics **Credits: 3**

#### Database Development and Administration

- CIS 3460 - Data Warehousing and Mining **Credits: 3**
- CIS 4060 - Advanced Database Management Systems **Credits: 3**
- CIS 4260 - Database Administration **Credits: 3**

#### Information Systems Security

- CIS 4500 - Information Systems Security Tools and Techniques **Credits: 3**
- CIS 4550 - Information Systems Security Management and Information Assurance **Credits: 3**  
and
- CIS 4280 - Network Installation and Administration **Credits: 3**  
or
- CIS 4281 - Network Installation and Administration with UNIX/Linux **Credits: 3**

#### Network Systems and Administration

- CIS 3280 - LAN and WAN Systems for Business **Credits:** 3  
and two of the following courses:
- CIS 4280 - Network Installation and Administration **Credits:** 3
- CIS 4281 - Network Installation and Administration with UNIX/Linux **Credits:** 3
- CIS 4500 - Information Systems Security Tools and Techniques **Credits:** 3

### Web Development and Administration

- CIS 3030 - Business Web Page Development **Credits:** 3
- CIS 4030 - Web Site Administration **Credits:** 3
- CIS 4500 - Information Systems Security Tools and Techniques **Credits:** 3

### Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits:** 3 (this course is also required and counted in the Business Core)

### Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	33 credits
Senior Experience	(counted in business core)
Unrestricted Electives	0-14 credits
Total for the Computer Information Systems Major, B.S.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

### Computer Information Systems Minor

This minor will provide a basic understanding of the concepts, current methodology, and rapid changes in the design, development, and use of computer-oriented systems for businesses and

organizations. At least 9 credits of computer information systems courses in the minor must be completed in residency at MSU Denver. A grade of "D-" or better must be earned in each course required for the minor. Students should note that programs differ in the minimum grade required.

### Required Courses:

- CIS 2010 - Foundations of Information Systems **Credits:** 3
- CIS 2110 - Structured Problem Solving in Information Systems **Credits:** 3
- CIS 3060 - Database Management Systems **Credits:** 3  
CIS Upper Division Electives\*

### Total Hours Required for Computer Information Systems Minor: 18

### Note:

*\*Electives are selected in consultation with and approved by an advisor in the Department of Computer Information Systems and Business Analytics.*

## Department of Economics

Location: Administration Building, Suite 530

Phone: 303-615-0111

E-Mail: [economics@msudenver.edu](mailto:economics@msudenver.edu)

Website: [Economics Department Website](#)

### Economics Major, B.A.

[Department of Economics](#)

[College of Business](#)

Available Program Format(s): [In-Person](#),  
[Online](#), [Hybrid](#)

MSU Denver's Economics program is not a business program and Economics majors do not have the same requirements as other majors in the College of Business. For example, Economics majors do not need to take the business core. Graduates will receive a Bachelor of Arts degree instead of a Bachelor of Science degree.

### About the Program

The Department of Economics is a non-business degree program housed in the College of Business offering a traditional Bachelor of

Arts degree. Economics is the scientific study of the allocation of scarce or limited resources among competing uses. The study of economics provides specialized and general knowledge of the operation of economic systems and institutions. The bachelor of arts degree program gives students a fundamental knowledge of domestic and foreign economies and the quantitative tools necessary for independent analytical research and thought. Specialized courses develop the student's ability to apply the tools of economic theory and analysis to a broad range of social, political, and economic issues. Such training is essential for graduates who wish to qualify for positions as professional economists and provides an excellent background for students interested in law school or graduate programs in economics, finance, or business. Majors interested in graduate studies in economics are highly encouraged to minor in mathematics.

## Student Outcomes

### Mission

Our mission statement reflects our commitment.

*The Department of Economics at the Metropolitan State University of Denver delivers a high quality, accessible bachelor of arts program in economics while also providing significant service to the University, the College of Business, and the community by providing accessible and quality general studies courses in the principles of microeconomics and macroeconomics. We prepare students for lifelong learning in a complex free civil society; for graduate or professional education in economics, business and legal studies, or the law; and for careers in a broad range of private and public activities.*

*The Department of Economics pursues excellence in teaching and learning as its primary purpose. The faculty of the department engages in scholarly activity that contributes to the literature in applied and basic economic research and other professional activity that enhances quality instruction.*

While most positions as a professional economist require graduate training, for someone with a bachelor's degree employment opportunities are available in national and international business; federal, state and local government; and various nonprofit organizations.

Successful economics students will attain the following competencies:

- ability to examine, analyze, and interpret data;
- sound decision-making abilities;
- proficiency in oral and written communications;
- knowledge of economic theory, history, practices, and trends;
- knowledge of statistical procedures;
- ability to follow and interpret economic and political trends.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A 2.0 GPA average is required in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A student must complete at least twelve (12) upper-division semester hours in economics at MSU Denver.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1111 - College Algebra for Calculus with Laboratory or MTH 1210 - Introduction to Statistics or MTH 1310 - Finite Mathematics for the Management and Social Sciences or MTH 1311 - Finite Mathematics for the Management and Social Sciences with Laboratory or MTH 1400 - Precalculus Mathematics (these course options are also in the additional requirement section).
- Arts and Humanities (6 credits)
- Historical (3 credits)
  - **Recommended:** ECO 1776 - Global Economic History: The Origins of Growth
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics and ECO 2020 - Principles of Microeconomics (courses required in major)
- Global Diversity (0 or 3 credits\*\*)
  - **Recommended:** ECO 3800 - Development Economics or ECO 1776 - Global Economic History: The Origins of Growth

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

### Additional Requirements: 7-8 credits

- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
  - MTH 1111 - College Algebra for Calculus with Laboratory **Credits: 4**  
or
  - MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**  
or
  - MTH 1311 - Finite Mathematics for the Management and Social Sciences with Laboratory **Credits: 4**  
or
  - MTH 1400 - Precalculus Mathematics **Credits: 4**  
(Any of these courses serves as a pre-requisite for ECO 3010)
- and
- MTH 1210 - Introduction to Statistics **Credits: 4**  
or
  - CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**  
(Any of these courses serves as a pre-requisite for ECO 3150 or ECO 3160)

### Required Courses: 15 credits

- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- ECO 3010 - Intermediate Microeconomics **Credits: 3**
- ECO 3020 - Intermediate Macroeconomic Theory **Credits: 3**
- ECO 3150 - Econometrics **Credits: 3**  
or
- ECO 3160 - Business and Economic Forecasting **Credits: 3**

### Economics Electives: 18 credits

A minimum of 18 upper-division semester hours in economic courses selected from the list below (or upper-division omnibus courses).

If you take both ECO 3150 and ECO 3160 one will fulfill 3 credits of Required Courses and one will fulfill 3 credits for upper-division electives

- ECO 3100 - Money and Banking **Credits: 3**
- ECO 3150 - Econometrics **Credits: 3**
- ECO 3160 - Business and Economic Forecasting **Credits: 3**
- ECO 3200 - Economic History of the U S **Credits: 3**
- ECO 3250 - Labor Economics **Credits: 3**
- ECO 3384 - Urban Economics **Credits: 3**
- ECO 3397 - Culture and Economy **Credits: 3**
- ECO 3450 - Environmental Economics **Credits: 3**
- ECO 3459 - Policy Debates in the History of Economic Thought **Credits: 3**
- ECO 3500 - Managerial Economics **Credits: 3**
- ECO 3550 - Global Economics and International Trade **Credits: 3**
- ECO 3600 - Economics of Social Justice **Credits: 3**
- ECO 3700 - Political Economy of the Middle East and North Africa **Credits: 3**
- ECO 3790 - The Political Economy of Immigration **Credits: 3**
- ECO 3800 - Development Economics **Credits: 3**
- ECO 3850 - Geopolitics and Economics of World Oil Markets **Credits: 3**
- ECO 3980 - Internship in Economics **Credits: 1-15**
- ECO 4100 - Sports Economics **Credits: 3**
- ECO 4200 - Game Theory **Credits: 3**
- ECO 4300 - Public Finance **Credits: 3**
- ECO 4400 - Industrial Organization and Public Policy **Credits: 3**
- ECO 4450 - International Macroeconomics **Credits: 3**
- ECO 4650 - Advanced Macroeconomics **Credits: 3**
- ECO 4700 - Law and Economics **Credits: 3**
- ECO 4750 - The Economic Approach to Politics **Credits: 3**

### Senior Experience: 3 credits

- ECO 4800 - Economic Policy Analysis **Credits: 3**

### Economics with Secondary Social Studies Licensure:

Students interested in this concentration should visit the Economics Major, B.A. with Secondary Social Studies Teacher Licensure Concentration page in the catalog.

### Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Additional Requirements	7-8 credits
Major Requirements	15 credits
Major Electives	18 credits
Senior Experience	3 credits
Unrestricted Electives	40-56 credits
<b>Total for the Economics Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Economics Major, B.A. with Secondary Social Studies Teacher Licensure Concentration***

[Department of Economics](#)

[College of Business](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

The Economics Major with a Concentration in Secondary Social Studies Licensure is designed for those students who plan to teach Social Studies in Colorado. The program includes an Economics Major, a Social Studies focus, and Secondary Education courses required by the Colorado Department of Education for licensure.

Students interested in an Economics Major only should search the MSU Denver catalog separately for that degree option.

### **Student Outcomes**

#### Economics Student Learning Outcomes:

- Apply tools of microeconomic analysis to explain microeconomic relationships and phenomena.
- Apply tools of macroeconomic analysis to explain macroeconomic and monetary relationships and phenomena.
- Apply tools of statistical analysis to explain economic relationships and phenomena.
- Demonstrate mastery of pedagogical strategies in Social Studies for secondary school teaching.

- Connect Literacy and Math-Utilize literacy, including Culturally and Linguistically Diverse (CLD), strategies as well as mathematics when teaching Social Studies.
- Create Inclusive Teaching Environment-Create a safe, inclusive and respectful learning environment that facilitates Social Studies learning for diverse populations, including CLD students.
- Plan and deliver effective instruction in History, Civics, and Geography.
- Demonstrate professionalism as a teacher candidate through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

#### Secondary Social Studies Licensure Student Learning Outcomes:

- Demonstrate mastery of pedagogical strategies in Social Studies for secondary school teaching.
- Connect Literacy and Math-Utilize literacy, including Culturally and Linguistically Diverse (CLD), strategies as well as mathematics when teaching Social Studies.
- Create Inclusive Teaching Environment-Create a safe, inclusive and respectful learning environment that facilitates Social Studies learning for diverse populations, including CLD students.
- Plan and deliver effective instruction in History, Civics, and Geography.
- Demonstrate professionalism as a teacher candidate through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 123 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

Courses recommended below will satisfy both General Studies and additional degree requirements below.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics which also satisfies a major requirement.
- Arts and Humanities (6 credits)
- Historical (3 credits)
  - **Recommended:** HIS 1040 - World History since 1500
- Natural and Physical Sciences (6 credits)
  - **Recommended:** GEG 1100 - Introduction to Physical Geography
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Two of the following: PSC 1010 - American National Government; ANT 2330 - Cross-Cultural Communication; GEG 1000 - World Regional Geography
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
  - **Recommended:** EDS 3150 - Critical Sociocultural Lenses for Teachers

## Economics Major Core: 15 credits

- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3
- ECO 3010 - Intermediate Microeconomics **Credits:** 3
- ECO 3020 - Intermediate Macroeconomic Theory **Credits:** 3
- ECO 3150 - Econometrics **Credits:** 3

or

- ECO 3160 - Business and Economic Forecasting **Credits:** 3

## Economics Major Electives: 15 credits

- ECO 3200 - Economic History of the U S **Credits:** 3
- ECO xxxx Selected in consultation with an advisor **Credits:** 3
- ECO xxxx Selected in consultation with an advisor **Credits:** 3
- ECO xxxx Selected in consultation with an advisor **Credits:** 3
- ECO xxxx Selected in consultation with an advisor **Credits:** 3

## Required Math Courses: 8 credits

Take one of the following three courses:

- MTH 1110 - College Algebra for Calculus **Credits:** 4
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits:** 4
- MTH 1400 - Precalculus Mathematics **Credits:** 4
- MTH 1210 - Introduction to Statistics **Credits:** 4  
(This course is a pre-requisite for ECO 3150 and ECO 3160)

Note:

MTH 1210 will also fulfill General Studies Quantitative Literacy requirement.

## Additional Content Courses for Secondary Social Studies Licensure: 27 credits

All students must complete nine Social Science courses for this concentration. Note that twelve credits below can also satisfy General Studies requirements in these categories: Historical (3 credits); Natural and Physical Sciences (3 credits); Social and Behavioral Sciences (6 credits).

- HIS 1030 - World History to 1500 **Credits:** 3
- HIS 1040 - World History since 1500 **Credits:** 3
- HIS 1210 - American History to 1865 **Credits:** 3
- HIS 1220 - American History since 1865 **Credits:** 3
- GEG 1000 - World Regional Geography **Credits:** 3
- GEG 1100 - Introduction to Physical Geography **Credits:** 3
- ANT 2330 - Cross-Cultural Communication **Credits:** 3
- PSC 1010 - American National Government **Credits:** 3
- PSC 2230 - Introduction to International Relations **Credits:** 3

## Foundations and Strategies for Secondary Teaching: 28 credits

- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4 \***
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1 \***
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3 \***
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3 \*\***
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1 \*\***
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3 \*\***
- HIS 4010 - Methods of Teaching Social Science: Secondary School **Credits: 3 \*\***
- HIS 4020 - Field Experience in Teaching Social Studies in Secondary Schools **Credits: 1 (60-hour field experience)\*\***

Note:

\* Requires at least provisional admission to the School of Education

\*\*Requires formal admission to the School of Education

## Senior Experience: 12 credits

Student Teaching offers an essential conclusion to this degree program. Typically, students should complete 12 credits of EDS 4290 in their final semester.

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits: 6,12**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Economics Major Core	15 credits
Economics Major Electives	15 credits
Required Math Courses	8 credits

Additional Content Courses Secondary Social Studies Licensure	27 credits
Foundation and Strategies for Secondary Teaching Courses	28 credits
Senior Experience	12 credits
<b>Total for the Economics Major, B.A. with Secondary Social Studies Teacher Licensure Concentration</b>	<b>Minimum of 123 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## Economics Major, B.S.

[Department of Economics](#)

Available Program Format(s): [In-Person](#), [Online](#), [Hybrid](#)

[College of Business](#)

## About the Program

Economics extends beyond just the concepts of money, profits, and the stock market. It provides a unique lens-focusing on incentives, choices, and markets-to discern the root causes and uncover solutions for enduring societal challenges. Through this lens, we can illuminate pressing topics like production, education, crime, the environment, international trade, immigration, health care, economic growth, poverty, and beyond.

The Bachelor of Science in Economics is structured around essential economic theories and empirical methods. It equips students entering careers in the private, non-profit, and public sectors with the tools essential for their professional roles.

Beyond the foundational Business and Economics courses, the program boasts ten distinctive interdisciplinary concentrations. These concentrations empower students to mold the curriculum in alignment with their policy interests and post-graduate industry aspirations.

## Student Outcomes

Although many positions as a professional economist necessitate graduate training, the BS in Economics offers students a robust, interdisciplinary education. This equips them with foundational knowledge and sharp analytical and quantitative skills. Graduates are well-prepared for diverse careers in various sectors and industries.

Additionally, they are positioned favorably for admission into graduate programs in fields such as economics, entrepreneurship, finance, political science, sociology, or law.

Upon completing the B.S. in Economics, students will be able to:

1. **Apply** economic reasoning and interdisciplinary tools to **interpret** social phenomena, **pinpoint** the root causes of enduring societal challenges, and **propose** informed solutions.
2. **Locate, organize, and analyze** relevant data employing statistical analysis and causal inference methods to **uncover** and **predict** economic relationships and phenomena.
3. **Articulate** research findings effectively to diverse audiences, including academics, the business community, policymakers, and the general public.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Economics, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least twelve (12) upper-division semester hours in Economics at MSU Denver.
- A 2.0 GPA average is required in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students must select two concentrations and maintain a 2.0 GPA average inside each concentration. In lieu of two concentrations, students can take 6 **economics** elective courses that were **not** already taken; students must maintain a 2.0 GPA average across these 6 economics elective courses.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## General Studies Notes:

Please note the following courses are also recommended meet General Studies requirements:

Quantitative Literacy:

MTH 1111 - College Algebra for Calculus with Laboratory or MTH 1311 - Finite Mathematics for the Management and Social Sciences with Laboratory

#### Historical:

ECO 1776 - Global Economic History: The Origins of Growth

#### Global Diversity:

ECO 1776 - Global Economic History: The Origins of Growth

ECO 3800 - Development Economics

## College of Business Additional Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**

- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Economics Major Core: 9 credits

Students must maintain a 2.0 GPA average inside the Economics major core.

- ECO 3010 - Intermediate Microeconomics **Credits: 3**  
AND
- ECO 3020 - Intermediate Macroeconomic Theory **Credits: 3**  
AND
- ECO 3150 - Econometrics **Credits: 3**  
OR
- ECO 3160 - Business and Economic Forecasting **Credits: 3**

## Concentration Requirements: 18 or 19 credits

Students must select two concentrations and maintain a 2.0 GPA average inside each concentration. In lieu of two concentrations, students can take 6 **economics** elective courses that were **not** already taken; students must maintain a 2.0 GPA average across these 6 economics elective courses.

### Environmental Policy Concentration: 9 credits

Students can earn an Environmental Policy concentration by completing all three courses.\* Students must maintain a 2.0 GPA average inside the concentration.

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is connected to Environmental Policy.*

- ECO 3450 - Environmental Economics **Credits: 3**  
AND
- SOC 3770 - Society and the Environment **Credits: 3**  
AND
- PSC 3230 - Environmental Politics **Credits: 3**
- ECO 3980 - Internship in Economics **Credits: 1-15 \*\***

### Urban Policy Concentration: 9 credits

Students can earn an Urban Policy concentration by completing all three courses. Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is connected to Urban Policy.*

- ECO 3384 - Urban Economics **Credits:** 3  
AND
- SOC 3090 - Urban Sociology **Credits:** 3  
AND
- PSC 3010 - Urban Politics **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*\*

## Applied Economic Policy I Concentration: 9 credits

Students can earn a concentration in Applied Economic Policy I by taking three courses **not** taken in another concentration among the following Economic courses. Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of one of the courses listed in Applied Economic Policy I.*

- ECO 3384 - Urban Economics **Credits:** 3
- ECO 3250 - Labor Economics **Credits:** 3
- ECO 3450 - Environmental Economics **Credits:** 3
- ECO 3500 - Managerial Economics **Credits:** 3
- ECO 3600 - Economics of Social Justice **Credits:** 3
- ECO 3790 - The Political Economy of Immigration **Credits:** 3
- ECO 4400 - Industrial Organization and Public Policy **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Applied Economic Policy II Concentration: 9 credits

Students can earn a concentration in Applied Economic Policy II by taking three courses **not** taken in another concentration among the following Economic courses. Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of one of the courses listed in Applied Economic Policy II.*

- ECO 3459 - Policy Debates in the History of Economic Thought **Credits:** 3
- ECO 3800 - Development Economics **Credits:** 3
- ECO 4750 - The Economic Approach to Politics **Credits:** 3
- ECO 4800 - Economic Policy Analysis **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Applied Economic Policy III Concentration: 9 credits

Students can earn a concentration in Applied Economic Policy III by taking three courses **not** taken in another concentration among the following Economic courses. Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of one of the courses listed in Applied Economic Policy III.*

- ECO 3100 - Money and Banking **Credits:** 3
- ECO 3200 - Economic History of the U S **Credits:** 3
- ECO 3397 - Culture and Economy **Credits:** 3
- ECO 3550 - Global Economics and International Trade **Credits:** 3
- ECO 4300 - Public Finance **Credits:** 3
- ECO 4700 - Law and Economics **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Business and Economic Analytics Concentration: 10 credits

Students must maintain a 2.0 GPA inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship involved engaging in Business or Economic Analytics in the private or public sector.*

- MTH 2520 - R Programming **Credits:** 4 Recommended for ECO 3150 or ECO 3160  
OR
- MTH 2540 - Scientific Computing with Python **Credits:** 4 Recommended for CIS 3350  
AND
- ECO 3150 - Econometrics **Credits:** 3  
OR
- ECO 3160 - Business and Economic Forecasting **Credits:** 3  
AND
- CIS 3350 - Knowledge Discovery and Data Mining **Credits:** 3

- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Diversity, Equity, and Inclusion Policy

### Concentration: 9 credits

Students can earn a concentration in DEI policy by picking 1 course in each discipline. Students must maintain a 2.0 GPA average within the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of Diversity, Equity, and Inclusion policy.*

- ECO 3600 - Economics of Social Justice **Credits:** 3  
AND
- PSC 2200 - Politics and Black People **Credits:** 3  
OR
- PSC 3365 - Structural Violence, Poverty and Human Rights **Credits:** 3  
OR
- PSC 3530 - Gender and Global Politics **Credits:** 3  
AND
- SOC 3220 - Prejudice and Discrimination **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Money, Banking, and Finance Concentration: 9 credits

Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of Money, Banking, and Finance.*

- ECO 3100 - Money and Banking **Credits:** 3  
AND
- FIN 3010 - Financial Markets and Institutions **Credits:** 3  
AND
- ECO 3160 - Business and Economic Forecasting **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Law, Economics, and Society Concentration: 9 credits

Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of Legal studies, the Law, or Public Administration.*

- PSC 3150 - Law and Society **Credits:** 3  
OR
- ECO 4700 - Law and Economics **Credits:** 3  
AND
- ECO 3200 - Economic History of the U S **Credits:** 3  
AND
- ECO 4750 - The Economic Approach to Politics **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Government Public Finance Concentration: 9 credits

Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is in the area of Public Finance.*

- ECO 4300 - Public Finance **Credits:** 3  
AND
- ECO 4750 - The Economic Approach to Politics **Credits:** 3  
AND
- PSC 3000 - American State and Local Government **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Business and Globalization Concentration: 9 credits

Students must maintain a 2.0 GPA average inside the concentration.\*

*\*ECO 3980 - Internship in Economics can be used to replace one course if the internship is for a business with an international division or an international non-governmental organization.*

- ECO 3397 - Culture and Economy **Credits:** 3  
OR
- ECO 3550 - Global Economics and International Trade **Credits:** 3  
AND
- FIN 3100 - International Money and Finance **Credits:** 3  
AND
- MGT 3820 - International Business **Credits:** 3
- ECO 3980 - Internship in Economics **Credits:** 1-15 \*

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits:** 3 (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	9 credits
Concentration Option	18-19 credits
Senior Experience	(counted in business core)
Unrestricted Electives	4-23 credits
<b>Total for the Economics Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Economics Minor

The Economics Minor provides students with an opportunity to acquire a general knowledge of the operation of economic systems and institutions, as well as the quantitative tools necessary for analytical research and thought. At least 9 credits of economics courses in the minor must be completed in residency at MSU Denver. Business majors who choose the Economics Minor will have ECO 2010 and ECO 2020 waived from the College of Business and departmental requirements. *A 2.0 GPA is required in the minor courses.* Students should note that programs differ in the minimum grade required.

### Required Courses:

- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- ECO 3010 - Intermediate Microeconomics **Credits: 3**  
-or-
- ECO 3020 - Intermediate Macroeconomic Theory **Credits: 3**
- Upper-division electives: 9 credit hours

Total Hours Required for Economics Minor:  
18

## Affordable Housing Management Certificate

The Affordable Housing Management Certificate in the College of Business at Metropolitan State University of Denver delivers the knowledge and skills required to ensure students are prepared to work with and manage both social and real estate aspects of affordable housing units.

The social work component of this certificate introduces the student of social work and other aligned health, human, and social services to the required knowledge and skills in the property management field. For the student in the property management or real estate field, the social work component is designed to give the student the professional knowledge and skills to work more effectively with social workers to better serve residents in affordable housing programs.

The real estate portion of this certificate introduces the student of social work and other aligned health, human, and social services to the principles of real estate investment management and residential property management. In particular, students will apply these principles to the affordable housing industry. The courses in real estate provide students of social work the knowledge and skills to work more effectively with real estate investors and residential property managers in affordable housing programs.

### Admission and Graduation Requirements

This certificate program is open to all undergraduate, degree-seeking students and to non-degree seeking students. To be awarded the program certificate, the student must meet the following requirements:

- Review the certificate program plan with an advisor prior to or after enrollment.
- Earn at least a "C" or better in each of the certificate courses.

- No more than 40% of required courses can be fulfilled through transfer credits. At least 60% of required courses in the certificate must be completed at MSU Denver.

## Advising and Contact Information

Individuals interested in this certificate program should contact the Academic Advisor in the College of Business at 303-615-0197 or utilize EAB Navigate to schedule an appointment for an advising session (<https://msudenver.campus.eab.com/>).

## Required Courses

The Certificate requires the five listed courses below, plus one elective (see "Electives" section). Total for certificate is 18 hours. Students must earn at least a "C" or better in each of the certificate courses.

- CPM 1100 - Introduction to Facilities Management **Credits: 3**
- REL 2200 - Real Estate Principles **Credits: 3**
- REL 3000 - Residential Property Management **Credits: 3**
- SWK 1010 - Introduction to Social Work **Credits: 3**
- SWK 1600 - Community Engagement and Civic Responsibility **Credits: 3**
- Subtotal: 15 credits**

## Elective Courses

This certificate also requires any ONE three (3) hour Social Work (SWK) elective.

- SWK 3010 - Social Work Practice with Children and Youth **Credits: 3**
- SWK 3030 - Social Work with Older People **Credits: 3**
- SWK 3040 - Creative Approaches to Change **Credits: 3**
- SWK 3070 - Environmental Justice in Social Work **Credits: 3**
- SWK 4430 - Partnering with Families for Change **Credits: 3**
- SWK 3100 - Child Welfare and the Law **Credits: 3**
- SWK 3130 - Social Work and Criminal Justice Issues **Credits: 3**
- SWK 3150 - Social Work and Child Maltreatment **Credits: 3**
- SWK 3400 - Leadership and Program Administration in Social Work **Credits: 3**
- SWK 3500 - Social Work Practice with LGBTQ People **Credits: 3**
- SWK 3510 - Spirituality and Religion in Social Work **Credits: 3**
- SWK 3530 - Being Well in a Profession of Well-Being **Credits: 3**

- SWK 3550 - Social Work Practice with Grief and Loss **Credits: 3**
- SWK 3590 - Centering Black Experiences in Social Work Practice **Credits: 3**
- SWK 3600 - Gender in Social Work Practice **Credits: 3**
- Subtotal: 3 credits**

**Total for Affordable Housing Management Certificate: 18 credits**

## Appraisal and Title Minor

Students in the Appraisal and Title minor will learn to appropriately apply real estate appraisal methods and to apply due diligence in real estate evaluation and environmental assessments.

A minimum grade of "C-" is required in all minor courses. At least 9 credits of courses in the minor must be completed in residency at MSU Denver.

## Required Courses

- CET 3320 - Environmental Impact Statements **Credits: 3**
- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- REL 2200 - Real Estate Principles **Credits: 3**
- REL 4200 - Appraisal Principles, Procedures, and Ethics **Credits: 3**
- REL 4300 - Real Estate Finance and Investment **Credits: 3**
- REL 4400 - Principles and Issues in Real Estate Title and Title Insurance **Credits: 3**

**Total Credit Hours: 21**

## Banking Minor

This minor offers a focused education in Banking and gives students the tools to pursue a career in banking, lending, and other financial services.

A minimum grade of "C-" is required in all Banking minor courses. Students should note that programs differ in the minimum grade required. A business major seeking a minor in Banking may have ACC 2010 - Principles of Accounting I waived from the Business Core requirements. At least 9 credits of courses in the minor must be completed in residency at MSU Denver.

## Required Courses

- ACC 2010 - Principles of Accounting I **Credits: 3**
- FIN 2700 - Introduction to Banking **Credits: 3**

- FIN 3500 - Management of Banking Operations **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3010 - Financial Markets and Institutions **Credits: 3**

## One of the following

- ACC 3300 - Accounting Information Systems **Credits: 3**
- FIN 3550 - Culture and Practice of Compliance **Credits: 3**
- FIN 3910 - Regulatory Environment of Banking **Credits: 3**
- FIN 4620 - Risk Analysis for Financial Services Organizations **Credits: 3**

- FIN 3100 - International Money and Finance **Credits: 3**
- FIN 4200 - Financial Modeling with Spreadsheets **Credits: 3**
- FIN 4600 - Security Analysis and Portfolio Management **Credits: 3**
- MGT 3530 - Human Resources Management **Credits: 3**
- MKT 3250 - Professional Selling **Credits: 3**
- MKT 3300 - Marketing of Services **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**

Total Credits: 21

## *Finance Major, B.S.*

[Department of Finance](#)

[College of Business](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Finance Degree is a Bachelor of Science Program within the College of Business. Students will complete all Finance Core classes and choose a required concentration in General Finance, Financial Services, or Banking. Students may add an optional International Business Concentration to their degree.

## Student Outcomes

Students will receive a broad education in finance, the financial industry, and related regulatory institutions. Our curriculum is driven with purpose to make you a well-rounded, objective, and analytical financial authority with the managerial skills that can help you achieve a long and lucrative career.

1. Demonstrate proficiency in core knowledge required of finance students.
2. Demonstrate ability to organize, analyze and draw appropriate conclusions from financial information.

3. Apply foundation knowledge and skills necessary to identify problems and generate feasible alternatives.
4. Demonstrate ability to apply financial information to recommend and justify solutions to financial problems.

The College of Business B.S. programs, including Finance, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Finance, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL. A student must complete at least twelve (12) upper-division semester hours in Finance at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core**.

- **In order to graduate, students must earn a "C" or better in Finance Major required courses and elective courses.**
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may*

*take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Finance Major Required Courses: 15 credits

A grade of C or better is required for each course in this program (i.e., major courses required, concentration courses, and elective courses) to count toward the bachelor's degree.

Finance students will complete four Finance Core classes and a required concentration in either Financial Services or General Finance. The concentration includes two Upper Division (3000- or 4000-level) Finance electives, one 4000-level Finance elective, and a Finance Concentration capstone (FIN 4950, Financial Strategies and Policies, for General Finance and FIN 4600, Securities Analysis and Portfolio Management, for Financial Services).

- FIN 3010 - Financial Markets and Institutions **Credits: 3**
- FIN 3150 - Personal Financial Planning **Credits: 3**
- FIN 3600 - Investments **Credits: 3**
- FIN 3850 - Intermediate Finance **Credits: 3**
- FIN 4200 - Financial Modeling with Spreadsheets **Credits: 3**

## Concentration Options (select one): 12-15 credits

### Banking Concentration: 15 credits

The Banking Concentration provides courses with a broad education in banking and finance, the banking industry, and related regulatory institutions. Our curriculum is driven with purpose to make you a well-rounded, objective, and analytical banking authority with the managerial skills that can help you achieve a long and lucrative career.

### Required Courses: 15 credits

- FIN 2700 - Introduction to Banking **Credits: 3**
- FIN 3500 - Management of Banking Operations **Credits: 3**
- FIN 4500 - Analysis of Financial Statements **Credits: 3**
- FIN 4620 - Risk Analysis for Financial Services Organizations **Credits: 3**
- FIN 3910 - Regulatory Environment of Banking **Credits: 3**

### Financial Services Concentration: 12 credits

In consultation with the Finance Department, students will complete three upper division Finance electives and FIN 4600, Securities Analysis and Portfolio Management, or FIN 4750, Seminar in Personal Financial Planning, (when offered). At least one Finance

elective must be a 4000-level course. Upper Division Finance internships approved for academic credit will come in as FIN 3980. Students interested in pursuing a financial services career should consider taking FIN 3420, Principles of Insurance; FIN 3450, Retirement Planning and Employee Benefits; and FIN 4400, Estate Planning.

### Required Course: 3 credits

- FIN 4600 - Security Analysis and Portfolio Management **Credits: 3**  
or
- FIN 4750 - Seminar in Personal Financial Planning **Credits: 3**

### Approved Electives: 9 credits

Finance electives include:

- FIN 3100 - International Money and Finance **Credits: 3**
- FIN 3320 - Entrepreneurial Finance **Credits: 3**
- FIN 3420 - Principles of Insurance **Credits: 3**
- FIN 3450 - Retirement Planning and Employee Benefits **Credits: 3**
- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- FIN 3980 - Internship in Finance **Credits: 1-15**
- FIN 4200 - Financial Modeling with Spreadsheets **Credits: 3**
- FIN 4400 - Estate Planning **Credits: 3**
- FIN 4500 - Analysis of Financial Statements **Credits: 3**
- FIN 4660 - Advanced Investment Management **Credits: 3**
- FIN 4700 - Special Topics in Finance **Credits: 3**
- FIN 4950 - Financial Strategies and Policies **Credits: 3**

### General Finance Concentration: 12 credits

In consultation with the Finance Department, students will complete three upper division Finance electives and FIN 4950, Financial Strategies and Policies. At least one Finance elective must be a 4000-level course. Upper Division Finance internships approved for academic credit will come in as FIN 3980.

### Required Course: 3 credits

- FIN 4950 - Financial Strategies and Policies **Credits: 3**

### Approved Electives: 9 credits

- FIN 3100 - International Money and Finance **Credits: 3**
- FIN 3320 - Entrepreneurial Finance **Credits: 3**

- FIN 3420 - Principles of Insurance **Credits: 3**
- FIN 3450 - Retirement Planning and Employee Benefits **Credits: 3**
- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- FIN 3980 - Internship in Finance **Credits: 1-15**
- FIN 4200 - Financial Modeling with Spreadsheets **Credits: 3**
- FIN 4400 - Estate Planning **Credits: 3**
- FIN 4500 - Analysis of Financial Statements **Credits: 3**
- FIN 4600 - Security Analysis and Portfolio Management **Credits: 3**
- FIN 4660 - Advanced Investment Management **Credits: 3**
- FIN 4700 - Special Topics in Finance **Credits: 3**
- FIN 4750 - Seminar in Personal Financial Planning **Credits: 3**
- FIN 4950 - Financial Strategies and Policies **Credits: 3**

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	15 credits
Concentration Selection	12-15 credits
Senior Experience	(counted in business core)
Unrestricted Electives	2-20 credits
<b>Total for Finance Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Financial Services Minor

This minor offers a focused education in the financial services area emphasizing a particular field within this discipline, such as personal financial planning, investments, and financial institutions.

The Department of Finance requires 60 credits (junior standing) prior to taking upper-division finance courses. A minimum grade of "C-" is required in all finance minor courses. Students should note that programs differ in the minimum grade required. At least 9 credits of finance courses must be completed in residency at MSU Denver to satisfy the requirements of the minor.

## Required Courses:

- ACC 2010 - Principles of Accounting I **Credits: 3**
- BUS 2250 - Personal Money Management **Credits: 3**  
or
- FIN 3150 - Personal Financial Planning **Credits: 3**
- FIN 3450 - Retirement Planning and Employee Benefits **Credits: 3**
- Upper-division electives\* **Credits: 9**

**Total for Financial Services Minor: 18 credits**

## Suggested Electives for Financial Services Minor:

- FIN 3010 - Financial Markets and Institutions **Credits: 3**
- FIN 3320 - Entrepreneurial Finance **Credits: 3**
- FIN 3420 - Principles of Insurance **Credits: 3**
- FIN 3600 - Investments **Credits: 3 \*\***
- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- FIN 4400 - Estate Planning **Credits: 3**
- FIN 4600 - Security Analysis and Portfolio Management **Credits: 3 \*\***
- MKT 3000 - Principles of Marketing **Credits: 3 \*\*\***
- MKT 3250 - Professional Selling **Credits: 3 \*\*\***
- MKT 3750 - Ethnic Representations in Marketing **Credits: 3 \*\*\***

## Notes:

\*Students should select three (3) elective courses in consultation with their Finance Department advisor.

\*\*FIN 3600 has a prerequisite of FIN 3300; FIN 4600 has FIN 3600 as a prerequisite.

\*\*\*Students can count only one of the following for the minor: MKT 3000, MKT 3250, or MKT 3750.

## General Finance Minor

This minor offers a broad-based education in general finance. A particular field may be emphasized within this discipline, such as investments, managerial finance, financial institutions, or international finance. A student desiring a strong emphasis should also consider the financial services minor.

For the general finance minor, the student must have completed ACC 2010 (or the equivalent) ECO 2010, ECO 2020, and MTH 1320 which may be applied to the student's General Studies or elective requirements as applicable. The Finance Department requires 60 credit hours (junior standing) prior to taking upperdivision finance courses. A minimum grade of "C-" is required in all finance minor courses. In order to meet the 18 credit hours requirement for a minor, a business major seeking a minor in finance will have FIN 3300 waived from the Business Core requirements. Students should note that programs differ in the minimum grade required. At least 9 hours of finance courses must be completed in residency at MSU Denver to satisfy the requirements of the minor.

### Required Courses:

- FIN 3010 - Financial Markets and Institutions **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- FIN 3600 - Investments **Credits: 3**
- Upper Division Electives\* **Credits: 9**

**Total for General Finance Minor: 18 credits**

*\*A student may select any courses in the finance program or curriculum provided they are approved by a Finance Department advisor.*

## Personal Financial Planning Certificate

Students must complete each course in the certificate program with a grade of "C" or better. The courses cannot be taken pass/fail.

### Required Courses:

- ACC 3090 - Income Tax I **Credits: 3**
- FIN 3150 - Personal Financial Planning **Credits: 3**
- FIN 3420 - Principles of Insurance **Credits: 3**
- FIN 3450 - Retirement Planning and Employee Benefits **Credits: 3**
- FIN 3600 - Investments **Credits: 3** \*
- FIN 4400 - Estate Planning **Credits: 3**

### Notes:

*\* This course has prerequisites. See catalog course description.*

Successful completion of these courses also meets the Certified Financial Planner (CFP®) Board of Standards education requirement to take the national Certified Financial Planner examination. For prerequisites and more information call the Finance Department, 303-615-0707.

## Property Management Minor

Students in the minor in Property Management will learn best practices in the management of residential and commercial property while navigating regulatory requirements.

A minimum grade of "C-" is required in all minor courses. At least 9 credits of courses in the minor must be completed in residency at MSU Denver.

### Required Courses

- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- REL 2200 - Real Estate Principles **Credits: 3**
- REL 3000 - Residential Property Management **Credits: 3**
- REL 3200 - Real Estate Market Analysis **Credits: 3**
- REL 3300 - Commercial Property Management and Leases **Credits: 3**
- REL 3400 - Real Estate Financial Modeling **Credits: 3**

**Total Credit Hours: 21**

## Real Estate Major, B.S.

[Department of Finance](#)

Available Program Format(s):

[College of Business](#)

### About the Program

The Real Estate Degree is a Bachelor of Science Program within the College of Business. Real Estate majors may either pursue a concentration in Property Management, Appraisal and Title, Real Estate Investment and Asset Management, or complete the major without a concentration by choosing from a set of courses in consultation with an advisor. The Real Estate Major, B.S., will lead to various licensure and certification options for our students. Students may add an optional International Business Concentration.

### Student Outcomes

Students will receive a broad education in real estate law, the technologies used in real estate transactions, and the management of risk in the real estate industry. Our curriculum is driven with purpose

to make you a well-rounded, objective, and analytical real-estate authority with the managerial skills that can help you achieve a long and lucrative career.

1. Demonstrate proficiency in core knowledge required of real-estate practitioners.
2. Demonstrate ability to organize, analyze and draw appropriate conclusions based on information about real estate.
3. Apply foundation knowledge and skills necessary to identify problems and generate feasible alternatives.
4. Demonstrate ability to apply information to recommend and justify solutions to problems in real-estate.

The College of Business B.S. programs, including Real Estate, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Real Estate, a student must successfully complete 30 or more credit hours

of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL. A student must complete at least twelve (12) upper-division semester hours in Real Estate or Finance at MSU Denver.

- In order to graduate, students must maintain a 2.0 average inside the **Business Core**.
- A grade of "C" or better is required for each course in this program (i.e., major courses required or in concentration) to count toward the bachelor's degree.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

**\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and**

humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies and Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional

### Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**

- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Required Courses: 18 credits

A minimum grade of "C" is required for courses in the major.

- CPM 1010 - Introduction to Construction Project Management **Credits: 3**
- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- REL 2200 - Real Estate Principles **Credits: 3**
- REL 3200 - Real Estate Market Analysis **Credits: 3**
- REL 3400 - Real Estate Financial Modeling **Credits: 3**
- REL 4300 - Real Estate Finance and Investment **Credits: 3**

## Real Estate Approved Electives: 12 credits

A minimum grade of "C" is required for courses in the major.

- FIN 2700 - Introduction to Banking **Credits: 3**
- FIN 3010 - Financial Markets and Institutions **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- FIN 4810 - Affordable Housing Finance and Development **Credits: 3**
- MKT 3250 - Professional Selling **Credits: 3**
- REL 2400 - Introduction to Affordable Housing **Credits: 3**
- REL 3000 - Residential Property Management **Credits: 3**
- REL 3010 - Affordable Housing Property Management **Credits: 3**
- REL 3300 - Commercial Property Management and Leases **Credits: 3**
- REL 4200 - Appraisal Principles, Procedures, and Ethics **Credits: 3**
- REL 4400 - Principles and Issues in Real Estate Title and Title Insurance **Credits: 3**
- MGT 4550 - Project Management **Credits: 3**

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	18 credits
Real Estate Approved Electives	12 credits
Senior Experience	(counted in business core)
Unrestricted Electives	2-17 credits
<b>Total for the Real Estate Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

### *Real Estate Minor*

Students in the Real Estate minor will examine the business and legal environment of Real Estate.

A minimum grade of "C-" is required in all minor courses. At least 9 credits of courses in the minor must be completed in residency at MSU Denver.

- FIN 3010 - Financial Markets and Institutions **Credits: 3**
- FIN 3800 - Real Estate Practice and Law **Credits: 3**
- FIN 3810 - Advanced Real Estate Practice and Law **Credits: 3**
- REL 2200 - Real Estate Principles **Credits: 3**
- REL 3000 - Residential Property Management **Credits: 3**  
or
- REL 3300 - Commercial Property Management and Leases **Credits: 3**
- REL 3400 - Real Estate Financial Modeling **Credits: 3**
- REL 4200 - Appraisal Principles, Procedures, and Ethics **Credits: 3**

Total Credits: 21

## Department of Management

Location: Administration Building, Suite 525

Phone: 303-615-0222

E-Mail:

Website: [Management Department Website](#)

### *Business Minor*

At least nine credit hours of the required courses for the general minor must be completed in residency at MSU Denver. A grade of "C-" or better is required for each course in this program to count toward the Bachelor's degree. Students earning a B.S. in a degree awarded by the College of Business, a B.A. in Entrepreneurship, or a B.A. in Global Business Studies may not minor in Business.

### Required Courses:

ACC 1010 - Fundamentals of Accounting **Credits: 3**  
or

ACC 2010 - Principles of Accounting I **Credits: 3**

CIS 2010 - Foundations of Information Systems **Credits: 3**

ECO 2020 - Principles of Microeconomics **Credits: 3**

FIN 2220 - Small Business Financing **Credits: 3**

or

FIN 3010 - Financial Markets and Institutions **Credits: 3**

MGT 3000 - Organizational Management **Credits: 3**

MKT 3000 - Principles of Marketing **Credits: 3**

**Minimum Total Hours Required for General Business Minor: 18**

### *Business Sustainability Minor*

The Business Sustainability Minor provides a foundation in business and entrepreneurship for non-business majors to help operationalize sustainable solutions that they have identified in their Major field of study. This Minor requires a total of 18 credit hours.

## Business Sustainability Minor Required Courses

These four courses are required for the Business Sustainability Minor.

- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits:** 3
- MGT 2500 - Creativity, Innovation, and Business Venturing **Credits:** 3
- MGT 3720 - The Conscious Business: Sustainable Business Strategies for the 21st Century **Credits:** 3
- MGT 3860 - Social Entrepreneurship **Credits:** 3

## Business Sustainability Minor Electives

Choose any two courses (6 credits) out of the electives listed below.

- CET 3320 - Environmental Impact Statements **Credits:** 3
- ECO 3450 - Environmental Economics **Credits:** 3
- ENV 3720 - Waste Management **Credits:** 3
- ENV 3730 - Environmental Risk Assessment **Credits:** 3
- ENV 3740 - Environmental Health **Credits:** 3
- GEG 1700 - Global Sustainability **Credits:** 3
- GEG 1910 - Global Water Concerns **Credits:** 3
- MGT 3250 - Colorado Water Law and Water Rights Administration **Credits:** 3
- MGT 3850 - Global Entrepreneurship **Credits:** 3
- MKT 3190 - Marketing for Social Good **Credits:** 3
- MTR 3100 - Air Pollution **Credits:** 3
- PSC 3230 - Environmental Politics **Credits:** 3
- SOC 3770 - Society and the Environment **Credits:** 3
- SSE 1040 - Life Cycle and Systems Engineering - An Introduction **Credits:** 3
- SSE 3500 - Humanitarian Engineering **Credits:** 3
- SSE 4200 - Sustainable Development Strategy **Credits:** 3
- HLDR 3010 - Sustainable Hospitality and Tourism **Credits:** 3
- RST 3905 - Farm to Table Sustainability **Credits:** 3

**Total: 18 Credits**

Required Courses: 12 credits

Elective Courses: 6 credits

## *Entrepreneurship Major, B.A.*

[Department of Management](#)

[College of Business](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Entrepreneurship Major offers courses to learn concepts and tools that are required to start and manage own businesses in dynamic business environments.

## Student Outcomes

Students will be able to understand contexts and issues for managing own businesses and be ready to apply those understandings to businesses that they operate now or future.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Arts degree in Entrepreneurship, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least twelve (12) upper-division semester hours in business courses at MSU Denver.
- MSU Denver requires that students successfully complete thirty-nine (39) or more credit hours of upper division coursework.
- Students may take more than four entrepreneurship elective courses. Additional entrepreneurship courses will be counted as unrestricted general electives.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** Students may fulfill this requirement by taking a course listed in the College of Business Requirements such as

COMM 1010 - Presentational Speaking or  
COMM 1100 - Fundamentals of Oral  
Communication

- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement by taking courses listed in the College of Business Requirements such as ECO 2010 - Principles of Macroeconomics and ECO 2020 - Principles of Microeconomics
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Requirements: 12 credits

- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits:** 3
- COMM 1010 - Presentational Speaking **Credits:** 3  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits:** 3
- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3

## Entrepreneurship Major Requirements: 48 credits

The Entrepreneurship Major provides students with the marketable skills needed to be successful entrepreneurs and pursue both an avocation and an occupation in some combination. The Entrepreneurship Major requirements consist of twelve required

courses (36 credit hours) and four approved entrepreneurship elective courses (12 credit hours). A minimum grade of "C-" or better is required in all entrepreneurship major courses.

## Required Courses: 36 credits

- ACC 3130 - Accounting for Entrepreneurs **Credits:** 3
- CIS 2010 - Foundations of Information Systems **Credits:** 3
- FIN 2220 - Small Business Financing **Credits:** 3
- BUS 1850 - Introduction to Business **Credits:** 3
- BUS 1950 - Business Communication **Credits:** 3
- MGT 2210 - Legal Environment of Business I **Credits:** 3
- MGT 2500 - Creativity, Innovation, and Business Venturing **Credits:** 3
- MGT 3000 - Organizational Management **Credits:** 3
- MGT 3020 - Entrepreneurship Feasibility and Analysis **Credits:** 3
- MGT 3850 - Global Entrepreneurship **Credits:** 3
- MGT 4420 - Entrepreneurial Business Planning **Credits:** 3
- MKT 3000 - Principles of Marketing **Credits:** 3

## Approved Entrepreneurship Electives: 12 credits

Select four courses from below:

- BUS 2250 - Personal Money Management **Credits:** 3
- MGT 3860 - Social Entrepreneurship **Credits:** 3  
or
- MKT 3190 - Marketing for Social Good **Credits:** 3
- MGT 3220 - Legal Environment of Business II **Credits:** 3
- MGT 3240 - Employment and Human Resource Law **Credits:** 3
- MGT 3260 - Managing Business Risk **Credits:** 3
- MGT 3530 - Human Resources Management **Credits:** 3
- MGT 3550 - Operations Management **Credits:** 3  
or
- MGT 4360 - Service Operations Management **Credits:** 3
- MGT 3980 - Internship in Management **Credits:** 1-15
- MGT 4050 - Supply Chain Management **Credits:** 3  
or
- MKT 3410 - Marketing Channels **Credits:** 3
- MGT 4550 - Project Management **Credits:** 3
- MGT 4850 - Organizational and Management Consulting **Credits:** 3
- MGT 4910 - Strategic Leadership **Credits:** 3
- MKT 3100 - Retail Marketing **Credits:** 3

- MKT 3110 - Advertising and Promotion Management **Credits: 3**
- MKT 3250 - Professional Selling **Credits: 3**
- MKT 3300 - Marketing of Services **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**
- MKT 3910 - New Product Development **Credits: 3**
- MKT 4300 - Social Media Marketing **Credits: 3**

## Senior Experience: 3 credits

- MGT 4430 - Operationalizing a Small Business **Credits: 3**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
College of Business Requirements	12 credits
Major Required Courses	36 credits
Major Electives	12 credits
Senior Experience	3 credits
Unrestricted Electives	21-33 credits
<b>Total for the Entrepreneurship Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Entrepreneurship Minor

The Entrepreneurship Minor provides a foundation in business and entrepreneurship for non-business majors that prepares them to start a business venture related to the area/discipline of their major course of study.

## Required Courses

- MGT 2500 - Creativity, Innovation, and Business Venturing **Credits: 3**
- MGT 3020 - Entrepreneurship Feasibility and Analysis **Credits: 3**
- MGT 4420 - Entrepreneurial Business Planning **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**

CHOOSE ONE OF THE FOLLOWING:

- ACC 3130 - Accounting for Entrepreneurs **Credits: 3**  
OR
- FIN 2220 - Small Business Financing **Credits: 3**

**Subtotal: 15 credits**

## Elective Course

Plus 3 credit hours from approved entrepreneurship elective courses:

- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 3850 - Global Entrepreneurship **Credits: 3**
- MGT 3860 - Social Entrepreneurship **Credits: 3**
- MGT 3980 - Internship in Management **Credits: 1-15**

- MGT 4850 - Organizational and Management Consulting **Credits: 3**
- MKT 3100 - Retail Marketing **Credits: 3**
- MKT 3110 - Advertising and Promotion Management **Credits: 3**
- MKT 3190 - Marketing for Social Good **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**
- MKT 3910 - New Product Development **Credits: 3**
- MKT 4300 - Social Media Marketing **Credits: 3**

**Subtotal: 3 credits**

**Total for Entrepreneurship Minor: 18 credits**

## Human Resource Management Major, B.S.

[Department of Management](#)

Available Program Format(s): [In-Person](#)

[College of Business](#)

## About the Program

People are a company's most important asset. Human Resource personnel play an important role in the recruitment, selection, retention, and training of employees to ensure a company has the best people. The program consists of required courses that build a conceptual foundation for developing a comprehensive human resource department in a company that will aid the company in developing a competitive advantage in the industry. In addition to acquiring knowledge about business functional areas and management, students will develop skills/knowledge that are necessary to be an effective human resource manager. The Human Resource Management degree helps prepare students wishing to pursue a career in the field of human resource management.

## Student Outcomes

Human Resource Management Students will demonstrate competence in the following areas:

- a. Employment Law
- b. Human Resource Management
- c. Organizational Behavior
- d. Performance Management and Rewards
- e. Employee Training and Development
- f. Employee Selection
- g. Strategic Human Resource Management

The College of Business B.S. programs, including Human Resource Management, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Human Resource Management, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by

completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher.

- In order to graduate, students must maintain a 2.0 average inside the **Business Core**.
- In order to graduate, a grade of "C-" or better is required for each major course to count toward the bachelor's degree.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional

### Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**

- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Major Requirements: 18 credits

In order to graduate, a grade of "C-" or better is required for each major required course to count toward the bachelor's degree.

- MGT 3240 - Employment and Human Resource Law **Credits: 3**
- MGT 3530 - Human Resources Management **Credits: 3**
- MGT 4530 - Organizational Behavior **Credits: 3**
- MGT 4620 - Performance Management and Reward Systems **Credits: 3**
- MGT 4640 - Employee Training and Development **Credits: 3**
- MGT 4660 - Employee Selection **Credits: 3**

## Major Electives: 9 credits

In order to graduate, a grade of "C-" or better is required for each major elective course to count toward the bachelor's degree.

Select three of the following electives for 9 credit hours:

- MGT 3260 - Managing Business Risk **Credits: 3**
- MGT 3550 - Operations Management **Credits: 3**
- MGT 3980 - Internship in Management **Credits: 1-15**
- MGT 4550 - Project Management **Credits: 3**
- MGT 4830 - Workforce Social Justice **Credits: 3**
- MGT 4850 - Organizational and Management Consulting **Credits: 3**
- MGT 4910 - Strategic Leadership **Credits: 3**

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits

Business Core	45 credits
Major Requirements	18 credits
Major Electives	9 credits
Senior Experience	(counted in business core)
Unrestricted Electives	5-20 credits
<b>Total for the Human Resource Management Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Human Resource Management Minor***

The Human Resource Management Minor provides non-Business majors an understanding of how to effectively maintain and enhance the organization's human resources policies, programs, and practices. Students will have the opportunity to develop the knowledge and skills necessary to hire, develop, and maintain positive relationships with others in today's increasingly diverse and dynamic work environment. (21 credit hours)

## **Required Courses**

- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 3530 - Human Resources Management **Credits: 3**  
or
- HTE 3550 - Human Resources in Hospitality **Credits: 3**  
or
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- MGT 3240 - Employment and Human Resource Law **Credits: 3**

**Subtotal: 12 credits**

## **Plus 9 Credit Hours from Approved Human Resource Management Elective Courses**

- MGT 3980 - Internship in Management **Credits: 1-15**
- MGT 4620 - Performance Management and Reward Systems **Credits: 3**

- MGT 4640 - Employee Training and Development **Credits: 3**
- MGT 4660 - Employee Selection **Credits: 3**
- MGT 4830 - Workforce Social Justice **Credits: 3 \***
- MGT 4850 - Organizational and Management Consulting **Credits: 3**
- MGT 4910 - Strategic Leadership **Credits: 3**

**Subtotal: 9 credits**

*\* Also approved as ESSJ and Senior Experience course*

**Total for Human Resource Management Minor: 21 credits**

## ***International Business Major, B.S.***

[Department of Management](#)

Available Program Format(s): [In-Person](#)

[College of Business](#)

## **About the Program**

The International Business Major offers courses to learn concepts and analytical tools that are required for international business operations. The Bachelor of Science in International Business prepares students with an understanding of global business and knowledge in a functional area of business. Upon graduation, students will be prepared to apply for job positions in companies that are engaged in international trade.

## **Student Outcomes**

International Business majors will demonstrate knowledge and competence in the areas of:

1. Global/International Economics
2. International Finance
3. Global Management
4. International Marketing

The College of Business B.S. programs, including International Business, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in International Business, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least 12 upper-division semester hours in International Business at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core**.
- In order to graduate, a grade of "C-" or better is required for each major course to count toward the bachelor's degree.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)

- **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)

- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or

or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## International Business Required Courses: 15 credits

A grade of C- or better is required for each course in this program (i.e., major courses required, additional requirements, and business focus area requirement) to count toward the bachelor's degree.

- ECO 3550 - Global Economics and International Trade **Credits: 3**
- FIN 3100 - International Money and Finance **Credits: 3**
- MGT 3820 - International Business **Credits: 3**
- MGT 4700 - Global Management **Credits: 3**

- MKT 3710 - International Marketing **Credits: 3**

## Additional Requirements: 3-5 credits

*Maximum of 3 credits of an international-related Internship may apply to the degree and internships require pre-approval. Select one of the following:*

- ACC 3980 - Internship in Accounting **Credits: 1-15**  
or
- CIS 3980 - Internship in Computer Information Systems **Credits: 1-15**  
or
- FIN 3980 - Internship in Finance **Credits: 1-15**  
or
- MGT 3980 - Internship in Management **Credits: 1-15**  
or
- MKT 3980 - Internship in Marketing **Credits: 1-15**  
or
- Approved business study abroad course **Credits: 3**  
or
- Foreign language course **Credits: 3-5**

## Business Focus Area Requirements: 15 credits

International Business majors are required to take a minimum of 15 credit hours of upper-division coursework within one of the eight business disciplines. Four upper-division courses should be selected from one of the following prefixes: ACC, BNK, CIS, ECO, FIN, MGT, MKT or REL.

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Required Courses	15 credits
Additional Requirement	3-5 credits

Business Focus Area	15 credits
Senior Experience	(counted in business core)
Unrestricted Electives	0-14 credits
<b>Total for the International Business Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Management Major, B.S.

[Department of Management](#)

Available Program Format(s): [Online, In-Person, Hybrid](#)

[College of Business](#)

### About the Program

The Management Major offers a general degree in Management which will provide the graduate knowledge and skills to manage and successfully lead a department, division, or company in the context of globalization. This degree prepares you for the challenges facing large and small institutions and gives you the tools to meet these challenges.

### Student Outcomes

Students who earn the B.S. in Management will demonstrate comprehension and competence in the areas of:

1. Employment Law
2. Entrepreneurship
3. Human Resources and Organizational Behavior
4. Operations Management
5. International Business

The College of Business B.S. programs, including Management, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Management, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least 12 upper-division semester hours in Management at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core**.
- In order to graduate, a grade of "C-" or better is required for each major course (i.e., major required course) to count toward the bachelor's degree.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)

- **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional

### Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits:** 3  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits:** 3
- MTH 1110 - College Algebra for Calculus **Credits:** 4  
or

- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits:** 4

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits:** 3
- ACC 2020 - Principles of Accounting II **Credits:** 3
- BUS 1850 - Introduction to Business **Credits:** 3 \*
- BUS 1950 - Business Communication **Credits:** 3
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits:** 3  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits:** 3  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits:** 3
- CIS 2320 - Descriptive and Predictive Analytics **Credits:** 3
- CIS 3320 - Prescriptive Analytics **Credits:** 3
- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3
- FIN 3300 - Managerial Finance **Credits:** 3
- MKT 3000 - Principles of Marketing **Credits:** 3
- MGT 2210 - Legal Environment of Business I **Credits:** 3
- MGT 3000 - Organizational Management **Credits:** 3
- MGT 4950 - Strategic Management **Credits:** 3 \*\*

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Management Major Required Courses: 18 credits

A grade of "C-" or better is required for each course in this program (i. e., major courses required) to count toward the bachelor's degree.

- MGT 2500 - Creativity, Innovation, and Business Venturing **Credits:** 3
- MGT 3220 - Legal Environment of Business II **Credits:** 3
- MGT 3530 - Human Resources Management **Credits:** 3
- MGT 3550 - Operations Management **Credits:** 3
- MGT 3820 - International Business **Credits:** 3

- MGT 4530 - Organizational Behavior **Credits: 3**

## Major Electives: 9 credits

In addition to the six required courses (18 semester hours) for the Management Major, students must select three courses (or one nine credit course) from any MGT 3000- or 4000-level course, including, but not limited to:

- MGT 3230 - International Business Law **Credits: 3**
- MGT 3240 - Employment and Human Resource Law **Credits: 3**
- MGT 3250 - Colorado Water Law and Water Rights Administration **Credits: 3**
- MGT 3260 - Managing Business Risk **Credits: 3**
- MGT 3720 - The Conscious Business: Sustainable Business Strategies for the 21st Century **Credits: 3**
- MGT 3850 - Global Entrepreneurship **Credits: 3**
- MGT 3860 - Social Entrepreneurship **Credits: 3**
- MGT 3980 - Internship in Management **Credits: 1-15**
- MGT 4050 - Supply Chain Management **Credits: 3**
- MGT 4360 - Service Operations Management **Credits: 3**
- MGT 4420 - Entrepreneurial Business Planning **Credits: 3**
- MGT 4550 - Project Management **Credits: 3**
- MGT 4620 - Performance Management and Reward Systems **Credits: 3**
- MGT 4640 - Employee Training and Development **Credits: 3**
- MGT 4660 - Employee Selection **Credits: 3**

**Credits:** 3

MGT 4910 - Strategic Leadership **Credits:** 3

## Total Hours Required for Management Minor: 18

### Notes:

*\*This course has been approved as a Senior Experience course.*

## Operations Management Major, B.S.

[Department of  
Management](#)

Available Program Format(s): [In-Person](#),  
[Hybrid](#)

[College of Business](#)

### About the Program

This Operations Management Major offers courses to learn concepts and analytical tools that are required to manage production of physical goods and provision of intangible services, and their delivery to customers along their supply chains. This includes the business contexts of manufacturing, service operations, and logistics. A grade of C- or better is required for each major course in this program to count toward the bachelor's degree.

### Student Outcomes

Operations Management Students will demonstrate competence in the following areas:

- Operations Management
- Supply Chain Management
- Service Operations Management
- Human Resource Management
- Project Management

The College of Business B.S. programs, including Operations Management, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Operations Management, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher.
- In order to graduate, students must maintain a 2.0 average inside the Business Core.
- In order to graduate, a grade of "C-" or better is required for each major course to count toward the bachelor's degree.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional

### Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**

- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Major Requirements: 21 credits

In order to graduate, a grade of "C-" or better is required for each major required course to count toward the bachelor's degree.

- MGT 3530 - Human Resources Management **Credits: 3**
- MGT 3550 - Operations Management **Credits: 3**
- MGT 4050 - Supply Chain Management **Credits: 3**
- MGT 4360 - Service Operations Management **Credits: 3**
- MGT 4550 - Project Management **Credits: 3**

- MKT 3300 - Marketing of Services **Credits: 3**  
or
- MKT 3610 - Business-to-Business Marketing **Credits: 3**
- MET 1310 - Principles of Quality Assurance **Credits: 3**

## Major Electives: 6 credits

In order to graduate, a grade of "C-" or better is required for each major elective course to count toward the bachelor's degree.

Select three of the following electives for 6 credit hours:

- CIS 3490 - Managing Business Information with Enterprise Systems **Credits: 3**
- CIS 4410 - Management Information Systems **Credits: 3**
- COMM 3070 - Interpersonal Negotiation **Credits: 3**
- MGT 3230 - International Business Law **Credits: 3**  
or
- MGT 3820 - International Business **Credits: 3**  
or
- MKT 3710 - International Marketing **Credits: 3**
- MGT 3260 - Managing Business Risk **Credits: 3**
- MGT 3980 - Internship in Management **Credits: 1-15**
- MGT 4830 - Workforce Social Justice **Credits: 3**
- MGT 4910 - Strategic Leadership **Credits: 3**
- MKT 3910 - New Product Development **Credits: 3**
- May include an approved study (studies) abroad.

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Requirements	21 credits
Major Electives	6 credits

Senior Experience	(counted in business core)
Unrestricted Electives	5-20 credits
<b>Total for the Operations Management Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Department of Marketing

Location: Administration Building, Suite 560

Phone: 303-615-1212

E-Mail: [MarketingDept@msudenver.edu](mailto:MarketingDept@msudenver.edu)

Website: [Marketing Department Website](#)

## Advertising and Promotion Minor

This minor is intended for students who have a non-marketing major and who want to add some study of business from a marketing perspective to their degree program. This minor introduces students to the elements of integrated marketing communications, such as advertising, sales promotions, personal selling, direct selling, and public relations. This minor will give students the opportunity to develop practical skills in advertising and promotional strategies.

Students must have a minimum cumulative GPA in the minor of 2.0. The courses cannot be taken pass/fail. Some courses in the minor have prerequisites which must be satisfied. At least nine credit hours of the required courses for this minor must be completed in residency at MSU Denver.

## Required Courses

*\*Courses may have prerequisites that must be satisfied.*

- MKT 3000 - Principles of Marketing **Credits: 3**
- MKT 3110 - Advertising and Promotion Management **Credits: 3**
- MKT 4110 - Brand Management **Credits: 3**
- MKT 4300 - Social Media Marketing **Credits: 3**

**Subtotal: 12 credits**

## Elective Courses

*\*Courses may have prerequisites that must be satisfied.*

- MKT 3190 - Marketing for Social Good **Credits:** 3
- MKT 3250 - Professional Selling **Credits:** 3
- MKT 3300 - Marketing of Services **Credits:** 3
- MKT 3310 - Consumer Behavior **Credits:** 3
- MKT 3710 - International Marketing **Credits:** 3
- MKT 3750 - Ethnic Representations in Marketing **Credits:** 3
- MKT 3980 - Internship in Marketing **Credits:** 1-15
- MKT 4200 - Content Marketing **Credits:** 3
- MKT 4520 - Student Marketing Agency **Credits:** 1-6

#### **Alternate Courses**

Students may take one of the following courses (3 credits) to replace one elective course.

- ART 1531 - Art Studio: 4D **Credits:** 3
- CDES 2222 - Fundamentals of Communication Design **Credits:** 3
- CDES 2602 - Interface Design and Development **Credits:** 3
- CDES 3625 - Animation Practices **Credits:** 3
- JMP 1000 - Introduction to Journalism and Mass Media **Credits:** 3
- JMP 2430 - Introduction to Media Production **Credits:** 3
- JMP 2700 - Fundamentals of Public Relations **Credits:** 3
- MKT 3200 - Digital Marketing Fundamentals **Credits:** 3

**Subtotal: 6 credits**

**Total for Minor: 18 credits**

## ***Business Administration Major, B.S.***

[Department of Marketing](#)

[College of Business](#)

Available Program Format(s): [In-Person](#), [Online](#)

### **About the Program**

The B.S. in Business Administration is a general business degree that enables students to build cross-functional expertise and prepares students to progress their career into multi-function business and leadership roles. The B.S. in Business Administration degree program enables students who do not need or desire deep expertise in one functional area an opportunity to create several areas of business focus which match their needs. Students will complete business core and additional requirements that provide a solid foundation across business functions. Within the major, students will select 21 credits of business coursework with a maximum of 9 credits in any one area of business, enabling students to select from a broad array of courses that support students' professional interests. Finally, students

complete the degree with a course on Strategic Leadership (MGT 4910). As part of the College of Business, the B.S. in Business Administration is accredited by AACSB.

### **Student Outcomes**

The purpose of the B.S. in Business Administration is to prepare graduates to progress their career into multi-function business and leadership roles.

**Goal 1:** Students will apply outcomes from self-assessments and knowledge from major coursework to clearly communicate career pathways.

**Goal 2:** Students will be able to integrate knowledge across business functions.

- 2.1 - Students will be able to integrate data from multiple functional areas to inform decision making.
- 2.2 - Students will demonstrate knowledge of how to interact with and manage teams in a range of functional areas.

The College of Business B.S. programs, including Business Administration, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)

- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Business Administration, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least 12 upper-division semester hours in Business Administration at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core** and also maintain a 2.0 inside **Business Administration Major required courses and elective courses**.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)

- **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)

- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or

## Enrollment in the MPAcc 3+2 Program

- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3** \*\*

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Major Requirements: 24 credits

In order to graduate, students must maintain a 2.0 average inside Business Administration Major required courses.

Business Administration majors will select 21 upper-division credits (3000 or 4000 level) from College of Business prefix courses (ACC, BNK, BUS, CIS, ECO, FIN, MGT, MKT, REL); must be courses not already taken to fulfill other degree requirements. Students may take a maximum of 9 credits in any one prefix.

- MGT 4910 - Strategic Leadership **Credits: 3**

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	7 credits
Business Core	45 credits
Major Courses	24 credits

Senior Experience	(counted in business core)
Unrestricted Electives	8-23 credits
Total for the Business Administration Major, B.S.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Business Pathways Certificate

The Business Pathways Certificate is a career-focused introduction to the field of business. Introductory business classes provide students with a basic understanding of business functions and career paths, while introducing them to college-level coursework and a university environment. The program also incorporates internships, providing students with meaningful work experience. Students will earn this certificate by successfully completing three academic courses on business topics, a one-credit class on career management, and two semesters of internship.

Students must earn a "C" or better in each course for the certificate.

## Business Pathways Required Courses (10 credits)

Introductory business classes will provide students with a basic understanding of business functions and career paths, while introducing them to college-level coursework and a university environment.

- BUS 1850 - Introduction to Business **Credits: 3**
- CIS 1010 - Introduction to Computers **Credits: 3**
- BUS 1500 - Introduction to Career Management **Credits: 1**
- MKT 1260 - Customer Service **Credits: 3**  
or
- MGT 1260 - Foundations of Human Resources **Credits: 3**

## Area-specific Internship (6 credits)

Students must complete 3 credits of BUS 1980 Freshman Internship in Business, then choose one discipline-specific second semester internship, where the student can gain insights into possible career paths in their field of interest (select one: ACC, CIS, ECO, FIN, MGT, or MKT).

- BUS 1980 - Freshman Internship in Business **Credits: 1-6**
- ACC 1985 - Introduction to Business Careers Internship **Credits: 3**

- CIS 1985 - Introduction to Business Careers Internship **Credits: 3**
- ECO 1985 - Introduction to Business Careers Internship **Credits: 3**
- FIN 1985 - Introduction to Business Careers Internship **Credits: 3**
- MGT 1985 - Introduction to Business Careers Internship **Credits: 3**
- MKT 1985 - Introduction to Business Careers Internship **Credits: 3**

## ***Digital Marketing Certificate***

Digital marketing is a high-growth field focused on utilizing technology, systems, and creative content to develop relationships with current and potential customers. This certificate will enable students to create digital marketing strategies as well as gain practical skills and earn industry-relevant certifications.

Students will take 15 credits of required courses, plus 6 credits of elective courses, for a total of 21 credits for the certificate.

Students must have a minimum cumulative GPA in the certificate of 2.0. The courses cannot be taken pass/fail. Some courses in the certificate have prerequisites which must be satisfied. At least nine credit hours of the required courses for this certificate must be completed in residency at MSU Denver.

## **Required Courses**

Take each of the following (15 credits):

- MKT 3000 - Principles of Marketing **Credits: 3**
- MKT 3200 - Digital Marketing Fundamentals **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**
- MKT 4200 - Content Marketing **Credits: 3**
- MKT 4540 - Digital Marketing Science **Credits: 3**

## **Electives**

Take six credits from the following:

- CDES 2222 - Fundamentals of Communication Design **Credits: 3**
- CDES 2602 - Interface Design and Development **Credits: 3**
- CDES 3625 - Animation Practices **Credits: 3**
- CIS 2110 - Structured Problem Solving in Information Systems **Credits: 3**
- JMP 2450 - Basic Media Production and Leadership **Credits: 3**
- MKT 3330 - Marketing and Sales Metrics **Credits: 3**
- MKT 3350 - Social Selling **Credits: 3**
- MKT 3980 - Internship in Marketing **Credits: 1-15**

- MKT 4110 - Brand Management **Credits: 3**
- MKT 4300 - Social Media Marketing **Credits: 3**

## ***Digital Marketing Minor***

Digital marketing is a high-growth field focused on utilizing technology, systems, and creative content to develop relationships with current and potential customers. This minor will enable students to create digital marketing strategies as well as gain practical skills and earn industry-relevant certifications.

Students will take 15 credits of required courses, plus a 3-credit elective, for a total of 18 credits for the minor.

Students must have a minimum cumulative GPA in the minor of 2.0. The courses cannot be taken pass/fail. Some courses in the minor have prerequisites which must be satisfied. At least nine credit hours of the required courses for this minor must be completed in residency at MSU Denver.

## **Required Courses**

Take each of the following courses (15 credits):

- MKT 3000 - Principles of Marketing **Credits: 3**
- MKT 3200 - Digital Marketing Fundamentals **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**
- MKT 4200 - Content Marketing **Credits: 3**
- MKT 4540 - Digital Marketing Science **Credits: 3**

## **Electives**

Take three credits from the following:

- CDES 2222 - Fundamentals of Communication Design **Credits: 3**
- CDES 2602 - Interface Design and Development **Credits: 3**
- CDES 3625 - Animation Practices **Credits: 3**
- CIS 2110 - Structured Problem Solving in Information Systems **Credits: 3**
- JMP 2450 - Basic Media Production and Leadership **Credits: 3**
- MKT 3330 - Marketing and Sales Metrics **Credits: 3**
- MKT 3350 - Social Selling **Credits: 3**
- MKT 3980 - Internship in Marketing **Credits: 1-15**
- MKT 4110 - Brand Management **Credits: 3**
- MKT 4300 - Social Media Marketing **Credits: 3**

**Total Credit Hours: 18**

## ***Marketing Major, B.S.***

## About the Program

The B.S. in Marketing is a business degree that enables students to build a strong business background and marketing-specific expertise. The program prepares graduates for varied roles in marketing, spanning from brand building, digital marketing and social media, advertising and promotion, sales management, new product development, retailing and wholesaling, service management, and strategic planning, among many others, for organizations that include small local startups to major multinational corporations. Students will complete business core and additional requirements that provide a solid foundation across business functions. Within the major, students will complete required marketing coursework and choose 12 credits of upper-division marketing electives, enabling students to select from a broad array of courses that support students' professional interests. As part of the College of Business, the B.S. in Marketing is accredited by AACSB.

## Student Outcomes

Upon completion of the B.S. Marketing degree, students will be able to:

1. Identify and apply the stages of the consumer decision process.
2. Demonstrate an understanding of the elements of segmentation, targeting, and positioning as a means of making marketing decisions.
3. Identify and apply the principles of the marketing mix.
4. Demonstrate comprehension of marketing research design and processes.

The College of Business B.S. programs, including Marketing, share a common set of four cross-disciplinary core competencies, knowledge, and skills.

**Competency 1: Communication** - Business students will be able to:

- 1.1 - Communicate effectively through writing.
- 1.2 - Communicate effectively through speaking.

**Competency 2: Business Solutions** - Business students will be able to analyze a business situation and recommend effective solutions utilizing:

- 2.1 - appropriate technological frameworks.
- 2.2 - appropriate ethical frameworks.
- 2.3 - appropriate global frameworks.

**Competency 3: Technological Agility** - Business students will be able to:

- 3.1 - understand the impact of current technology on the business environment.

**Competency 4: Core Knowledge** - Business students will demonstrate competence in required business topics, including accounting, computer information systems, data analytics, economics, ethics, finance, marketing, management, and business law.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Science degree in Marketing, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL and a course number of 2000 or higher. A student must complete at least twelve (12) upper-division semester hours in Marketing at MSU Denver.
- In order to graduate, students must maintain a 2.0 average inside the **Business Core**.
- A grade of "C-" or better is required for each course in this program (i.e., major courses required) to count toward the bachelor's degree.
- In order to graduate, a grade of "C-" or better is required in MGT 4950.
- Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major.)

- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1310 - Finite Mathematics for the Management and Social Sciences (one of these courses is required in the College of Business Additional Requirements for Business students completing any Bachelor of Science major).
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
  - **Recommended:** ECO 2020 - Principles of Microeconomics (required in the Business Core for Business students completing any Bachelor of Science major)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies and Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## College of Business Additional Requirements: 7 credits

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits: 4**

## Business Core: 45 credits

All business majors require foundation course work in all significant areas of business theory and practice. The following courses are required for all students with a BS in a business discipline. Students must maintain a 2.0 average inside the **Business Core**.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ACC 2020 - Principles of Accounting II **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3 \***
- BUS 1950 - Business Communication **Credits: 3**
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits: 3**  
or
- ACC 4440 - Accounting Ethics and Professionalism **Credits: 3**  
or  
Enrollment in the MPAcc 3+2 Program
- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2320 - Descriptive and Predictive Analytics **Credits: 3**
- CIS 3320 - Prescriptive Analytics **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- FIN 3300 - Managerial Finance **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MGT 2210 - Legal Environment of Business I **Credits: 3**
- MGT 3000 - Organizational Management **Credits: 3**
- MGT 4950 - Strategic Management **Credits: 3 \*\***

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

*\*\* "C-" or better must be earned in MGT 4950.*

## Marketing Major Requirements: 27 credits

A grade of "C-" or better is required for each course in this program (i.e., major courses required) to count toward the bachelor's degree.

- MKT 2250 - Introduction to Sales **Credits: 3**  
or
- MKT 3250 - Professional Selling **Credits: 3**  
or
- MKT 3200 - Digital Marketing Fundamentals **Credits: 3**
- MKT 3010 - Marketing Research and Insights **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**
- MKT 3710 - International Marketing **Credits: 3**
- MKT 4560 - Marketing Analysis and Strategy **Credits: 3**
- Upper-division Marketing Electives: any 3000 or 4000 level MKT courses not listed in the Business Core or Major Requirements **Credits: 12**

## Senior Experience: 3 credits

- MGT 4950 - Strategic Management **Credits: 3** (this course is also required and counted in the Business Core)

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
College of Business Additional Requirements	6-7 credits
Business Core	45 credits
Major Requirements	24 credits
Senior Experience	(counted in business core)
Unrestricted Electives	5-20 credits
<b>Total for the Marketing Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Marketing Minor

A minor in Marketing gives students a broad set of skills and knowledge that can be applied in any marketing setting.

Students must have a minimum cumulative GPA in the minor of 2.0. The courses cannot be taken pass/fail. Some courses in the minor have prerequisites which must be satisfied. At least nine credit hours of the required courses for this minor must be completed in residency at MSU Denver.

## Required Courses

- BUS 1950 - Business Communication **Credits: 3**
- MKT 3000 - Principles of Marketing **Credits: 3**
- MKT 3310 - Consumer Behavior **Credits: 3**
- 3 elective credits of any course with the MKT prefix
- 3 elective credits of any upper division course (3000 or 4000 level) with the MKT prefix
- 3 elective credits of any 4000-level course with the MKT prefix

## Total Semester Hours Required for Marketing Minor: 18

## Professional Selling Major, B.A.

[Department of Marketing](#)

[College of Business](#)

Available Program Format(s): [Online, In-Person, Hybrid](#)

## About the Program

The B.A. in Professional Selling is a specialized curriculum designed to equip students with the necessary skills to launch careers in sales. The program emphasizes the professional selling process, the importance of trust and relationships, value creation and communication, sales enablement technology, and what to expect from a career. In addition to sales-specific coursework, students will complete business courses and additional requirements that provide a background across business functions. The major offers flexibility for students to apply elective credits to a certificate or minor to specialize in an area of sales. The Center for Professional Selling is recognized as a "Top University for Sales Education" by the Sales Education Foundation and is accredited as a full member by the University Sales Center Alliance.

## Student Outcomes

Upon completion of the Professional Selling Major, B.A., students will be able to:

- Assess a sales opportunity by asking questions
- Develop appropriate responses to buyer objections
- Propose next steps to advance the close

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- To earn a Bachelor of Arts degree in Professional Selling, a student must successfully complete 30 or more credit hours of business coursework at MSU Denver. This 30-hour residency requirement can be met by completing any

business courses with the prefix ACC, ACCM, BNK, BUS, CIS, ECO, FIN, MGT, MKT, and REL. A student must complete at least twelve (12) upper-division semester hours in Marketing at MSU Denver.

- A grade point average of 2.0 or better is required for each course in this program (i.e., Professional Selling major requirements and electives) to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Recommended:** COMM 1010 - Presentational Speaking or COMM 1100 - Fundamentals of Oral Communication (one of these courses required in the prerequisites section)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics\* or MTH 1310 - Finite Mathematics for the Management and Social Sciences\* (one of these courses required in the prerequisites section)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2010 - Principles of Macroeconomics and ECO 2020 - Principles of Microeconomics (these courses required in the prerequisites section)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Prerequisites: 13 credits

- COMM 1010 - Presentational Speaking **Credits:** 3  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits:** 3
- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3
- MTH 1210 - Introduction to Statistics **Credits:** 4  
or
- MTH 1310 - Finite Mathematics for the Management and Social Sciences **Credits:** 4

*\* MTH 1110 or MTH 1400 is acceptable for transfer students or students changing their major. Consult with the Department of Mathematics and Statistics on substitutions.*

## Professional Selling Major Requirements: 48 credits

A grade point average of 2.0 or better is required for all courses in the Professional Selling Major to count toward the bachelor's degree.

Students should note that programs differ in the minimum grade required.

- ACC 1010 - Fundamentals of Accounting **Credits:** 3  
or
- ACC 2010 - Principles of Accounting I **Credits:** 3
- BUS 1850 - Introduction to Business **Credits:** 3 \*
- BUS 1950 - Business Communication **Credits:** 3
- BUS 3040 - Global Corporate Social Responsibility and Sustainability **Credits:** 3
- CIS 2010 - Foundations of Information Systems **Credits:** 3
- FIN 3150 - Personal Financial Planning **Credits:** 3
- MGT 2210 - Legal Environment of Business I **Credits:** 3
- MGT 3000 - Organizational Management **Credits:** 3
- MKT 2250 - Introduction to Sales **Credits:** 3
- MKT 3000 - Principles of Marketing **Credits:** 3
- MKT 3160 - Sales Leadership **Credits:** 3
- MKT 3250 - Professional Selling **Credits:** 3
- MKT 3320 - Inside Sales **Credits:** 3
- MKT 3330 - Marketing and Sales Metrics **Credits:** 3
- MKT 3350 - Social Selling **Credits:** 3
- MKT 3750 - Ethnic Representations in Marketing **Credits:** 3

*\* Transfer students that transfer in 6 or more credits of business courses will not need to take BUS 1850 but may*

*take any other College of Business 3-credit hour course that does not appear in their Major or Business Core requirements.*

## Professional Selling Elective Requirements: 12 credits

A grade point average of 2.0 or better is required for all courses in the Professional Selling Electives to count toward the bachelor's degree.

Twelve credit hours of any upper division MKT prefix courses and/or courses from the approved list:

- MKT 3000-4999 Upper Division Marketing Courses
- MKT 1260 - Customer Service **Credits: 3**
- COMM 3010 - Business and Professional Speaking **Credits: 3**
- MGT 3530 - Human Resources Management **Credits: 3**
- MGT 4050 - Supply Chain Management **Credits: 3**
- MGT 4620 - Performance Management and Reward Systems **Credits: 3**
- MGT 4640 - Employee Training and Development **Credits: 3**

## Senior Experience: 3 credits

- MKT 4250 - Advanced Selling **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Prerequisite Courses	13 credits
Major Requirements	48 credits
Major Electives	12 credits
Senior Experience	3 credits
Unrestricted Electives	8-23 credits
<b>Total for the Professional Selling Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Sales Certificate

The Sales Certificate offers marketing majors, students of all other majors and returning students (seeking professional/continued education) an opportunity to add a sales component to their degree program.

An internship is recommended for students with limited sales experience. Twelve credits of upper-division, marketing courses are required; twelve credits must be completed at MSU Denver.

## Required Courses

- MKT 3000 - Principles of Marketing **Credits: 3**
- MKT 3160 - Sales Leadership **Credits: 3**
- MKT 3250 - Professional Selling **Credits: 3**
- MKT 4250 - Advanced Selling **Credits: 3**

## Elective Courses

- MKT 1260 - Customer Service **Credits: 3**
- MKT 2250 - Introduction to Sales **Credits: 3**
- MKT 3300 - Marketing of Services **Credits: 3**
- MKT 3320 - Inside Sales **Credits: 3**
- MKT 3330 - Marketing and Sales Metrics **Credits: 3**
- MKT 3350 - Social Selling **Credits: 3**
- MKT 3610 - Business-to-Business Marketing **Credits: 3**
- MKT 3750 - Ethnic Representations in Marketing **Credits: 3**
- MKT 3981 - Internship in Sales **Credits: 1-15**

**Subtotal: 6 credits**

**Total Credits for the Sales Certificate: 18**

## Sales Minor

The sales minor is a specialized curriculum designed to equip students with the necessary skills to launch careers in sales. The program emphasizes the professional selling process, the importance of trust and relationships, value creation and communication, sales enablement technology, and what to expect from a career. The minor is for both business and non-business majors (except Professional Selling and Marketing).

Students will take four 3-credit required courses, plus two 3-credit electives, for a total of 18 credits for the minor.

Students must have a minimum cumulative GPA in the minor of 2.0.

The courses cannot be taken pass/fail. Some courses in the minor have prerequisites which must be satisfied. At least nine credit hours of

the required courses for this minor must be completed in residency at MSU Denver.

An internship is recommended for students with limited sales experience. Twelve credits of upper-division, marketing courses are required; twelve credits must be completed at MSU Denver.

## Required Courses

- MKT 3000 - Principles of Marketing **Credits:** 3
- MKT 3160 - Sales Leadership **Credits:** 3
- MKT 3250 - Professional Selling **Credits:** 3
- MKT 4250 - Advanced Selling **Credits:** 3

**Subtotal: 12 credits**

## Elective Courses

- MKT 1260 - Customer Service **Credits:** 3
- MKT 2250 - Introduction to Sales **Credits:** 3
- MKT 3300 - Marketing of Services **Credits:** 3
- MKT 3320 - Inside Sales **Credits:** 3
- MKT 3330 - Marketing and Sales Metrics **Credits:** 3
- MKT 3350 - Social Selling **Credits:** 3
- MKT 3610 - Business-to-Business Marketing **Credits:** 3
- MKT 3750 - Ethnic Representations in Marketing **Credits:** 3
- MKT 3981 - Internship in Sales **Credits:** 1-15

**Subtotal: 6 credits**

**Total for Sales Minor: 18 credits**

# College of Health and Human Sciences

## Mission

The College of Health and Human Sciences embraces inclusivity and an orientation to lifelong learning to prepare diverse students for interculturally competent practice, research, and leadership in their disciplines. Through collaboration and engagement with the community and one another, faculty, staff, and students lead transformative and justice-oriented endeavors to secure the health and well-being of people and their communities.

## *Criminal Justice and Criminology Major, B.S.*

[Department of Criminal Justice and Criminology](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#), [Online](#), [Hybrid](#)

## About the Program

The Bachelor of Science in Criminal Justice and Criminology offers an academic degree with a foundation in the liberal arts and social sciences. The mission of the program is to engage students in the scientific study of crime, criminality, other forms of social deviance, and the official response to crime by law enforcement, the court systems, and correctional systems. To that end, the department seeks to prepare students for criminal justice careers or post graduate work as liberally educated, intellectually mature, ethically aware, and culturally sensitive people. Recognizing that many students have completed coursework at the community college and already work in the criminal justice field, the department structures its curriculum to assist transfer students and adult working students. The department engages in Statewide Transfer Articulation Agreements with a number community colleges through the Colorado Department of Higher Education.

## Student Outcomes

The learning outcomes for the program are as follows:

1. Demonstrate proficiency in law enforcement through exhibiting a fundamental understanding of history, theory, practice and legal environment, police organization, discretion, and subculture.
2. Demonstrate proficiency in corrections through exhibiting a fundamental understanding of the development of correctional philosophy, incarceration, diversions, community-based corrections, and treatment of offenders.
3. Demonstrate proficiency in law adjudication through exhibiting a fundamental understanding of criminal law, criminal procedures, prosecution, defense, as well as court procedures and decision-making.
4. Demonstrate proficiency in criminology theory through exhibiting a fundamental understanding of the nature and causes of crime, social control mechanisms, typologies, offenders, and victims.
5. Demonstrate proficiency in research and analytic methods through exhibiting a fundamental understanding of quantitative (including statistics) and qualitative methods for conducting and analyzing criminal justice research.
6. Demonstrate proficiency in written and oral communication to a variety of audiences.
7. Be able to employ ethical perspectives and critical thinking in applying their newly acquired knowledge base to related problems and changing fact situations.
8. Be able to identify the effects of the criminal justice system on the lives of individuals and communities, as well as how criminal justice practitioners face the challenges of diversity in a free society.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Ancillary Course: 3 credits

- CJC 1010 - Introduction to the Criminal Justice System **Credits: 3**

## Tier I: Core Courses: 18 credits

- CJC 1450 - Introduction to Corrections **Credits: 3**
- CJC 2020 - Research Methods and Basic Statistics for Criminal Justice Professionals **Credits: 3**
- CJC 2050 - American Judicial System **Credits: 3**
- CJC 2210 - American Policing **Credits: 3**
- CJC 3400 - Criminological Theories **Credits: 3**
- CJC 3410 - Criminal Justice and the Social Structure **Credits: 3**

## Tier II: Area Electives: 15 credits

### Police (Choose one):

- CJC 3800 - Federal Law Enforcement **Credits: 3**
- CJC 4250 - Community Policing **Credits: 3**

### Courts/Law (Choose one):

- CJC 2100 - Criminal Law **Credits: 3**
- CJC 3110 - Constitutional Issues in Criminal Procedure and Evidence **Credits: 3**

### Corrections (Choose one):

- CJC 3290 - Probation and Parole **Credits: 3**
- CJC 3470 - Punishment and Society **Credits: 3**

### Administration of Justice (Choose two):

- CJC 3130 - Victimology **Credits: 3**
- CJC 3350 - Juvenile Justice and Delinquency **Credits: 3**
- CJC 4430 - Comparative Criminal Justice **Credits: 3**
- CJC 4650 - Ethics for the Criminal Justice Professional **Credits: 3**

## Tier III: CJC General Electives: 9 credits

An additional nine hours of CJC general elective credits are required. Elective courses can include any CJC course, including Tier II electives that were not previously taken. Additionally, up to six internship credits may apply here. At least six of the nine CJC general elective credits must be upper division (3000/4000 level).

## Senior Experience: 3 credits

- CJC 4700 - Capstone Seminar in Criminal Justice and Criminology **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Ancillary Course	3 credits
Major Requirements	33 credits
Major Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	36-42 credits
<b>Total for Criminal Justice and Criminology Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Criminal Justice and Criminology Minor***

A grade of "C" or better is required for each course in this program to count toward a minor in Criminal Justice and Criminology. Students should note that programs differ in the minimum grade required.

Total required for minor: 21 credits

## **Required Courses**

- CJC 1010 - Introduction to the Criminal Justice System **Credits: 3**
- CJC 3400 - Criminological Theories **Credits: 3**

## **Required Courses**

Police (Choose One)

## ***Cybersecurity Major, B.S.***

[Department of Criminal Justice and Criminology](#)

[College of Health and Human Sciences](#)

Available Program  
Format(s): [In-Person](#)

## **About the Program**

The Bachelor of Sciences in Cybersecurity (CYB) is an interdisciplinary major jointly offered by the Departments of Criminal Justice and Criminology, Computer Information Systems and Business Analytics, and Computer Sciences. The B.S. in Cybersecurity is housed in and administered by the Department of Criminal Justice and Criminology. The B.S. in Cybersecurity prepares students with the knowledge and skills necessary to investigate computer crime, properly seize and recover computer evidence, and prevent cybercrimes as well as prosecute and punish cyber criminals.

## **Student Outcomes**

1. Analyze a complex computing problem and apply principles of computing and other relevant disciplines to identify solutions.
2. Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. Communicate effectively in a variety of professional contexts.
4. Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. Function effectively as a member, or leader, of a team engaged in activities appropriate to the program's discipline.
6. Apply security principles and practices to maintain operations in the presence of risks and threats.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)

- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1112 - College Algebra Through Modeling
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** CJC 1010 - Introduction to the Criminal Justice System
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Cybersecurity Major Coursework Requirements: 54 credits

## CYB Required Courses: 9 credits

- CYB 2001 - Cyber Laws and Regulations **Credits: 3**
- CYB 2500 - Criminal Investigation **Credits: 3**
- CYB Elective (Choose from any CYB Elective) **Credits: 3**

## CJC Required Courses: 9 credits

- CJC 3210 - White-Collar Crime **Credits: 3**
- CJC 3420 - Organized Crime **Credits: 3**
- CJC 3800 - Federal Law Enforcement **Credits: 3**

## CIS Required Courses: 18 credits

- CIS 2010 - Foundations of Information Systems **Credits: 3**
- CIS 2110 - Structured Problem Solving in Information Systems **Credits: 3**
- CIS 3230 - Telecommunication Systems and Networking **Credits: 3**
- CIS 3500 - Information Systems Security **Credits: 3**
- CIS 4500 - Information Systems Security Tools and Techniques **Credits: 3**
- CIS 4550 - Information Systems Security Management and Information Assurance **Credits: 3**

## CS Required Courses: 18 credits

- CSS 2751 - Principles of Cybersecurity **Credits: 3**
- CSS 2752 - Information Assurance **Credits: 3**
- CSS 2753 - Network Security **Credits: 3**
- CSS 2754 - Host Security **Credits: 3**
- CSS 3751 - Application Security **Credits: 3**
- CSS 3752 - Computer Forensics **Credits: 3**

## Cyber Math Courses: 7 credits

- MTH 1210 - Introduction to Statistics **Credits: 4** and
- Any discrete math course (3 credit hours) as approved by cybersecurity faculty.

## Senior Experience: 3 credits

- CYB 4990 - Capstone Seminar in Cybersecurity **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits

Major Requirements	54 credits
Cyber Math Requirements	7 credits
Senior Experience	3 credits
Unrestricted Electives	20-26 credits
<b>Total for the Cybersecurity Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Format(s): [In-Person](#)

### About the Program

This major is designed for students interested in the fitness and exercise science professions. Examples of professions in the fitness and exercise science field include: cardiac and pulmonary rehabilitation, physical medicine clinics, research, public and private industry wellness programs, worksite health promotion, recreation center wellness, strength and conditioning, and personal training for general and special populations.

Students who are interested in careers in exercise physiology, athletic training, physical therapy, occupational therapy, or as a physician's assistant will find that the exercise science curriculum provides a solid academic foundation and includes many required prerequisites for those programs.

Exercise Science students must satisfy the General Studies, Ethnic Studies & Social Justice, Global Diversity, and major requirements described below.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- Students who are pursuing a Bachelor of Science Degree in Exercise Science (ES) are encouraged to complete a professional certification prior to graduation. The certification must come from an NCCA Accredited certifying body and be complimentary to the students career goals. Two suggested certifications are: 1) American College of Sports Medicine - Certified Exercise Physiologist and 2) National Strength and Conditioning Associations - Certified Strength and Conditioning Specialist. The ES curriculum is designed to prepare students for those certifications.
- A total of 120 semester hours are required for graduation.
- A grade of "C" (73%) or better is required for all major courses and any associated prerequisite courses to count toward the Bachelors of Science degree in Exercise Science. Students should note that programs differ in the minimum grade required.
- Students must have at least a major GPA of 2.75 and completed all Exercise Science major courses to be eligible for an internship.
- Students may opt to declare a minor as part of their program.
- The department recommends that students take ESS 2060 - Emergency Rescue/First Responder & CPR or be able to verify an equivalent certification.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- **Recommended:** Students may fulfill this requirement by taking courses that required for the major such as: BIO 1080 - General Biology I/ BIO 1090 - General Biology Laboratory I, and NUT 2040 - Introduction to Nutrition.
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ITP 1500 - Dynamics of Health, NUT 3101 - Body Image: Concepts and Approaches, NUT 3350 - Global Nutrition and Health, SM 2730 - Sport in Society
- Global Diversity (0 or 3 credits)\*\*

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
  - **Recommended Courses:** HCM 3700 - Health Disparities in the U.S., NUT 3300 - Cultural Aspects of Nutrition, or ANT 3480 - Cultural Diversity in Health and Illness

## Exercise Science Major Required Courses:

### 59 credits

Students must take one of the following courses:

- EXS 4650 - Exercise Electrocardiography **Credits:** 3
- or
- EXS 4772 - Advanced Strength and Conditioning **Credits:** 3

Students must take each of the following:

- BIO 1080 - General Biology I **Credits:** 3
- BIO 1090 - General Biology Laboratory I **Credits:** 1
- BIO 2310 - Human Anatomy and Physiology I **Credits:** 4
- BIO 2320 - Human Anatomy and Physiology II **Credits:** 4
- ESS 1623 - Introductory Sports Medicine Concepts **Credits:** 3
- ESS 3110 - Medical Topics and Injury/Illness Pathophysiology for Exercise Science **Credits:** 3
- ESS 3300 - Anatomical Kinesiology **Credits:** 3
- ESS 3340 - Physiology of Exercise **Credits:** 4
- ESS 4660 - Legal Liability for Physical Educators, Coaches and Administrators **Credits:** 3

- EXS 1020 - Resistance Training Techniques **Credits:** 3
- EXS 1640 - Physical Fitness Techniques and Programs **Credits:** 3
- EXS 2680 - Group Exercise Leadership **Credits:** 3
- EXS 3841 - Comparative Fitness Programs **Credits:** 3
- EXS 4680 - Advanced Fitness Assessment and Exercise Prescription **Credits:** 4
- EXS 4780 - Community Fitness Testing and Program Planning **Credits:** 3
- EXS 4790 - Special Considerations for Exercise Assessment and Prescription **Credits:** 3
- NUT 2040 - Introduction to Nutrition **Credits:** 3
- NUT 3200 - Nutrition and Sports Performance **Credits:** 3

## Major Electives: 10 credits

Students must take 10 credit hours from the following list of courses.

- ESS 1440 - Stress Management Techniques **Credits:** 3
- ESS 2021 - Physical Literacy and Society **Credits:** 3
- ESS 2060 - Emergency Rescue/First Responder & CPR **Credits:** 3
- ESS 3220 - Behavioral Aspects of Physical Activity, Exercise, and Sport **Credits:** 3
- ESS 3250 - Fitness and Exercise Coaching **Credits:** 3
- ESS 4500 - Motor Learning and Development **Credits:** 3
- ITP 1500 - Dynamics of Health **Credits:** 3
- ITP 1700 - Medical Terminology **Credits:** 3
- ITP 3450 - Dynamics of Disease **Credits:** 3
- ITP 3700 - Physiology of Aging **Credits:** 3
- ITP 4600 - Clinical Pathophysiology **Credits:** 4
- NUT 3040 - Nutrition Concepts and Controversies **Credits:** 3
- NUT 3050 - Concepts of Lifecycle Nutrition **Credits:** 3
- NUT 3300 - Cultural Aspects of Nutrition **Credits:** 3
- NUT 3350 - Global Nutrition and Health **Credits:** 3
- PSY 1001 - Introductory Psychology **Credits:** 3
- PSY 2150 - Positive Psychology **Credits:** 3
- PSY 2210 - Psychology of Human Development **Credits:** 3
- PSY 2270 - Death, Dying, and Grieving **Credits:** 3
- PSY 2410 - Social Psychology **Credits:** 3
- PSY 3270 - Adulthood and Aging **Credits:** 3
- PSY 3410 - Health Psychology **Credits:** 3
- PSY 3620 - Psychological Disorders: Perspectives, Symptoms, and Treatment **Credits:** 3
- SM 2050 - Introduction to Sport Management **Credits:** 3
- SM 2730 - Sport in Society **Credits:** 3

## Senior Experience: 10 credits

- EXS 4880 - Internship in Exercise Science **Credits:** 10

## Unrestricted Electives: 5-20 credits

The unrestricted electives may come from any department prefix.

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	59 credits
Major Electives	10 credits
Senior Experience	10 credits
Unrestricted Electives	5-20 credits
<b>Total for the Exercise Science Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Fitness and Exercise Leadership Minor*

The Fitness and Exercise Leadership minor provides students with the foundational knowledge and entry-level competencies necessary to develop evidence-based exercise leadership skills and programming for the general population to improve fitness and health outcomes. Exercise leadership and physical wellness with an emphasis on a whole-person approach to a healthy lifestyle will be emphasized. Students graduating with this minor will be prepared to study for certifying exams from nationally accredited (NCCA) fitness and health-related agencies. A minimum 3.0 GPA is required.

## Required Core:

Students must take all courses listed in this section:

- ESS 1030 - Physical Well-being **Credits: 1-2**
- ESS 3220 - Behavioral Aspects of Physical Activity, Exercise, and Sport **Credits: 3**
- ESS 3250 - Fitness and Exercise Coaching **Credits: 3**
- ESS 3990 - Field Experience **Credits: 1-3**
- EXS 1020 - Resistance Training Techniques **Credits: 3**
- EXS 1640 - Physical Fitness Techniques and Programs **Credits: 3**

Sub-total = 17 credit hours

## Electives

Students must choose one of the following courses:

- ESS 1440 - Stress Management Techniques **Credits: 3**
- ESSA 1000 - Human Performance and Leisure Activities: Variable Topics **Credits: 2**
- EXS 2890 - Personal Training Concepts and Application **Credits: 3**
- EXS 3780 - Fitness Programs for Special Populations **Credits: 2**
- NUT 2040 - Introduction to Nutrition **Credits: 3**
- NUT 3400 - Nutrition and Weight Management **Credits: 3**

Total for Minor = 19 credit hours

## *Human Performance and Sport Minor*

The human performance and sport minor concentrations are for students interested in sport coaching or exercise science. The primary objective is to provide instructional studies in a liberal arts institution in human performance and sport, thereby enhancing one's knowledge, understanding, and skillful use of this area of study to pursue a better quality of life.

Additional requirement: A grade of "C" or better is required for all human performance and sport courses taken in any major/minor concentration. Students should note that programs differ in the minimum grade required.

## Sport Coaching Concentration

Students will take the required **Core I Courses** listed then select 2 additional classes from **Core II**. If additional credits are needed, choose from the approved Sport Coaching electives to meet the minimum of 18 credit hours.

## Required Core I Courses 11-13 credits

- ESS 2720 - Fundamentals of Coaching **Credits: 2**
- ESS 3700 - Psychology of Coaching **Credits: 2**
- ESS 3720 - Science and Art of Coaching and Athletic Administration **Credits: 3**
- ESS 3990 - Field Experience **Credits: 1-3**
- NUT 3200 - Nutrition and Sports Performance **Credits: 3**

Required II Core: choose two (2) courses 6 credits

*Sport Management Majors: take EXS 1020 and ATP 1623*

*Exercise Science Majors: take SM 2050 and HPS 2730*

- ESS 1623 - Introductory Sports Medicine Concepts **Credits: 3**
- EXS 1020 - Resistance Training Techniques **Credits: 3**
- SM 2050 - Introduction to Sport Management **Credits: 3**
- SM 2730 - Sport in Society **Credits: 3**

## Approved Electives

Choose from the courses below to fulfill the credit hour requirement

- ESSA 1750 - Weight Training Level I **Credits: 2**
- ESSA 1840 - Hatha Yoga I **Credits: 2**
- ESS 2700 - Wellness Coaching I **Credits: 3**
- ESS 4660 - Legal Liability for Physical Educators, Coaches and Administrators **Credits: 3**
- NUT 2040 - Introduction to Nutrition **Credits: 3**

Total: Minimum of 18 credits

## Exercise Science Concentration

- EXS 3780 - Fitness Programs for Special Populations **Credits: 2 \***
- EXS 3790 - Fitness Programming for Children, Adolescents, and Older Adults **Credits: 3 \***
- EXS 3841 - Comparative Fitness Programs **Credits: 3 \*\***
- EXS 4680 - Advanced Fitness Assessment and Exercise Prescription **Credits: 4 #**
- ESS 3990 - Field Experience **Credits: 1-3**
- NUT 2040 - Introduction to Nutrition **Credits: 3**
- HPS Electives (selection based on exercise science needs)

\* EXS 1640 is a prerequisite

\*\* EXS 1640 and BIO 2320 are prerequisites

# EXS 3340 is a prerequisite

Total: Minimum of 18 credit hours

## *Sport Management Major, B.A.*

[Department of Exercise and Sport Sciences](#)

[College of Health and Human Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

The MSU Denver Sport Management major prepares students to work in the growing and competitive field of sport management. Content within the major covers key areas, such as sport facility and

event management, sport and social media, governance and management of amateur and professional sport, high school and collegiate athletics administration, and sport promotion and sponsorship.

The MSU Denver Sport Management program is accredited by the Commission on Sport Management Accreditation (COSMA).

## Student Outcomes

- Provide students with a core curriculum that allows students to develop the fundamental skills and knowledge required for successful management within the sport industry.
- Provide real world, hands-on experiences applying management principles and concepts within the sport industry.
- Embrace diversity, ethics, and social responsibility through course offerings and applied experiences.
- Expose students to current technology utilized in the industry and contemporary courses to better prepare them for careers in sport and/or graduate school.
- Provide students with opportunities to network into and within the sport industry and to demonstrate their understanding of current issues and expected professionalism within the industry.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- SM 4610: Students who have not fulfilled all general education requirements through courses or transfer credit should strongly consider completing these requirements prior to registering for this course.
- Students must have a 2.80 GPA in the major to be eligible for an internship.
- SM 4890 and SM 4891 must be taken concurrently. Students must have completed a minimum of 36 credit hours within the major before they will be allowed to register for SM 4890 and SM 4891.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Courses: 48 credits

- ESS 3990 - Field Experience **Credits:** 1-3 (must enroll for 3 credits)
- ESS 4660 - Legal Liability for Physical Educators, Coaches and Administrators **Credits:** 3
- SM 2050 - Introduction to Sport Management **Credits:** 3
- SM 2070 - Sport Venue Management **Credits:** 3
- SM 2300 - Sport Event Management **Credits:** 3
- SM 2730 - Sport in Society **Credits:** 3
- SM 3100 - Sport Media Operations **Credits:** 3
- SM 3200 - Sport Governance and Policy **Credits:** 3
- SM 3600 - Sport Promotion **Credits:** 3
- SM 3650 - Technology and Social Media in Sport **Credits:** 3
- SM 4600 - Organization and Administration of Sports **Credits:** 3
- SM 4610 - The Sport Enterprise **Credits:** 3
- SM 4890 - Internship for Sport Management **Credits:** 9
- SM 4891 - Professional and Career Development in Sport Management **Credits:** 3

## Approved Electives: 9 credits

9 credits approved by major advisor

- SM 3300 - Leadership and Ethics in Sport **Credits:** 3
- SM 3350 - Sport Literature and Film **Credits:** 3
- SM 3400 - Global Sport **Credits:** 3
- SM 4350 - Sport Analytics **Credits:** 3

## Senior Experience: 3 credits

- SM 4860 - Seminar in Sport Management **Credits:** 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	48 credits
Major Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	24-30 credits
Total for the Sport Management Major, B.A.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Sport Management Minor*

The Sport Management minor prepares students for work in the growing and competitive field of sport management. Content within the minor covers key areas, such as sport facility and event management, sport social media, governance and policy, management of amateur and professional sport, high school and collegiate athletics administration, and sport promotion and sponsorship. Courses and professional experiences provided within the minor are designed to help students develop the intellectual and professional skills needed to meet the challenges of the 21st-century sport industry.

The minor requires 18 credit hours, 6 of which are elective.

## Required courses

Students are required to take SM-2050, SM-2070, SM-3600, and either SM-4600 OR SM-4610 OR SM-4860 (12 hrs)

- SM 2050 - Introduction to Sport Management **Credits: 3**
- SM 2070 - Sport Venue Management **Credits: 3**
- SM 3600 - Sport Promotion **Credits: 3**
  
- SM 4600 - Organization and Administration of Sports **Credits: 3**  
OR
- SM 4610 - The Sport Enterprise **Credits: 3**  
OR
- SM 4860 - Seminar in Sport Management **Credits: 3**

## Elective courses

Students must choose two of the following elective courses: SM-2300, SM-2730, SM-3100, SM-3200, SM-3650, HPS-3990, \*SM-4600, HPS-4660, \*SM-4610, or \*SM-4860 (6 hrs).

- SM 2300 - Sport Event Management **Credits: 3**
- SM 2730 - Sport in Society **Credits: 3**
- SM 3100 - Sport Media Operations **Credits: 3**
- SM 3200 - Sport Governance and Policy **Credits: 3**
- SM 3650 - Technology and Social Media in Sport **Credits: 3**
- ESS 3990 - Field Experience **Credits: 1-3**
- ESS 4660 - Legal Liability for Physical Educators, Coaches and Administrators **Credits: 3**

\*if not selected under required courses.

## Health Institute

### Mission

The MSU Denver Health Institute is a collaboration of ten departments that serve students entering health-related professions. Through educating Colorado's emerging health workforce, our mission is to revolutionize health in Colorado by breaking barriers, empowering communities, fostering collaboration and embracing diversity.

One of the ways we are accomplishing our mission is through breaking down silos. Interdisciplinary teamwork within the Institute provides the next generation of healthcare leaders the training required to tackle health care costs and improve outcomes. Through innovative and integrated curriculum that leverages emerging technology and real-life simulation, students gain the communication skills needed to problem-solve across disciplines, the separation of physical and mental health, and traverse the complexity of healthcare systems.

We are also blurring the lines between academia and industry. Critical community and industry partnerships in physical and behavioral health provide students with hands-on experiences in a wide range of health professions. The opportunity to co-construct best practices in building strong and vital communities and addressing the needs of underrepresented populations, produces graduates who are well prepared to enter the workforce. Students are provided with the support to successfully navigate not only their own educational experience, but to effectively move into a health career and lead the change necessary to solve difficult problems.

The Institute combines educational excellence with cutting-edge whole-person, transprofessional, and culturally inclusive skills that distinguish our Health Institute alumni as leaders in health-related fields. For example, through the study of the social determinants of health or groundbreaking coursework (such as our developing Lifestyle Medicine curriculum), students engage with evidence-based scholarship that strives to not only treat challenging health issues but to foster healthy communities and culturally inclusive well-being.

# Aging Services Leadership Certificate

Program Format: [Online](#)

## About the Program

The Aging Services Leadership (ASL) certificate assists individuals interested in gaining knowledge pertaining to aging, eldercare, and gerontology. The certificate will prepare individuals to understand the cultural, physical, and social aspects of aging along with the aspects of how aging affect populations. The certificate will prepare individuals to apply administrative principles required in the management of aging services such as nursing home, long term care settings, and home health services. Students will gain foundational knowledge pertaining to the wellspan and healthspan, physiological, and social aspects of aging, coupled with the skills required to implement patient-centered care, including understanding the rising needs of our aging population, demographic shifts, LTC business acumen, and the role society plays in the aging process. The certificate includes required core courses along with elective courses in which students can tailor the certificate to meet specifications of their career goals.

## Program Requirements

- A total of 24 semester hours are required for completion of the Aging Services Leadership Certificate.
- A grade of C or better is required for each course in this program to count toward the certificate. Students should note that programs differ in the minimum grade required.

## Additional University requirements for all certificate programs:

- All prerequisite courses must be listed clearly,
- Prerequisite courses may be part of the certificate itself or required as ancillary courses,
- At least one-third of the overall credit hours must be upper-division courses,
- No more than 40% of the certificate may be comprised of:
  - Transfer courses,
  - Workshop or advanced workshop courses (course numbers 2888 or 4888),
  - Cooperative education courses (course numbers 2980 or 3980),
  - Field experience or internship courses (course numbers 2990 or 4990), or Senior-level topics or seminar courses (course numbers 4900)
- Only one course substitution is permitted,
- Credit hours may not be waived from certificate programs and,
- A minimum grade of "C" is required in all courses in the certificate.

## Advising

- Students can contact the Department of Health Professions at 303-615-1200 for advising.

### Important Notice:

- Completion of this certificate does not guarantee admission into any nursing or health professions undergraduate or graduate program.
- Students are responsible for contacting the nursing or health profession program to which they are applying regarding specific prerequisite courses required by that program.
- Students should also explore the requirements for Licensure as a Nursing Home Administrator in their state.

## Academic Policies

Academic policies and the Student Code of Conduct will be employed to all MSU Denver students, regardless of level. Access the Student Code of Conduct.

## Student Outcomes

Upon completion of the Aging Services Leadership Certificate, students will:

1. Identify characteristics of older adults,
2. Describe shifts in population aging,
3. Recognize stereotypes and myths surrounding ageism,
4. Evaluate programs and services for our older population,
5. Explore workforce development and career exploration in the aging services field,
6. Recognize topical issues surrounding aging and caring for our older population,
7. Evaluate characteristics required to cultivate an age-friendly society.

### Total: 24 credits

- *Some courses might require additional prerequisite(s). Please refer to the University Catalog for additional information and/or contact an AGE academic advisor.*
- *Cross-listed course credit will be granted for only one prefix: ESS or ITP.*

## Required Core Courses

### 12 Credit Hours

- AGE 1010 - Introduction to Aging and Long-Term Care Services **Credits: 3 \***
- AGE 2020 - Ageism and Ableism in Society **Credits: 3 \***
- AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations **Credits: 3**
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**

### Subtotal: 12 credit hours

*\*Completion of AGE 1010 and AGE 2020 qualifies student for the Aging Services Digital Badge.*

## Elective Courses

12 Credit Hours Required

(3 Credit Hours Must Be Upper Division)

- ANT 3480 - Cultural Diversity in Health and Illness **Credits: 3**
- COMM 3220 - Communication and the Elderly **Credits: 3**
- EXS 3790 - Fitness Programming for Children, Adolescents, and Older Adults **Credits: 3**
- FIN 3450 - Retirement Planning and Employee Benefits **Credits: 3**
- HCM 2010 - Global Health Systems **Credits: 3**
- HCM 3030 - Health Care Jurisprudence **Credits: 3**
- HCM 3100 - Entrepreneurship in Health **Credits: 1**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3200 - Managing Quality in Health Care **Credits: 2**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3500 - Health Care Research Methods **Credits: 3**
- HCM 3550 - Leadership in Health Care **Credits: 1**
- HCM 3600 - Health Information Systems **Credits: 3**
- HCM 3700 - Health Disparities in the U.S. **Credits: 3**
- HCM 3750 - Professional Practice Management **Credits: 1**
- HCM 4030 - Financial Management in Health Care **Credits: 3**
- HCM 4040 - Health Care Economics **Credits: 3**
- HCM 4300 - Strategic Management in Health Care **Credits: 3**
- HCPS 4000 - Health Care Operations **Credits: 3**
- HCPS 4010 - Evidence Based Health Care Delivery **Credits: 3**
- HLDR 3800 - Servant Leadership in Hospitality **Credits: 3**
- HSP 2010 - Introduction to High-Impact Nonprofit Organizations **Credits: 3**
- HSP 3610 - Financial Accountability and Organizational Control in Nonprofit Organizations **Credits: 3**
- HSP 4520 - Grief Counseling **Credits: 3**
- ITP 1700 - Medical Terminology **Credits: 3**
- ITP 2700 - Holistic Dimensions of Wellness **Credits: 3**
- ITP 2820 - Anger In Men: A Whole Approach **Credits: 3**
- ITP 2950 - Wellness Coaching I **Credits: 3**
- or
- ESS 2700 - Wellness Coaching I **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**
- ITP 3100 - Health Education and Counseling **Credits: 3**
- ITP 3111 - Aging Warriors: Understanding the Health Issues of Aging Men **Credits: 3**

- ITP 3200 - Ethics in Health Care **Credits: 3**
- ITP 3700 - Physiology of Aging **Credits: 3**
- ITP 3810 - Men Across Cultures **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4100 - Women's Holistic Health **Credits: 3**
- ITP 4400 - Wellness Coaching II **Credits: 3**
- or
- ESS 4700 - Wellness Coaching II **Credits: 3**
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**
- ITP 4950 - Community Coaching for Health **Credits: 3**
- MGT 3510 - The People of Nonprofits: Staff, Board, Volunteers, Clients and You **Credits: 3**
- MKT 3190 - Marketing for Social Good **Credits: 3**
- NUT 3050 - Concepts of Lifecycle Nutrition **Credits: 3**
- PSY 1001 - Introductory Psychology **Credits: 3**
- PSY 2270 - Death, Dying, and Grieving **Credits: 3**
- PSY 3270 - Adulthood and Aging **Credits: 3**
- PUB 1000 - Principles of Public Health **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 3000 - Health Behavior Theory and Practice **Credits: 3**
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits: 3**
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits: 3**
- PUB 4000 - Health Policy - Practice and Development **Credits: 3**
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits: 3**
- PUB 4030 - Advanced Community Health Worker **Credits: 3**
- SOC 1010 - People, Power, and Progress **Credits: 3**
- SOC 1040 - Introduction to Social Gerontology **Credits: 3**
- SOC 3040 - Sociology of Aging **Credits: 3**
- SOC 3100 - Death and Dying **Credits: 3**
- SOC 3810 - Population Issues: Life, Death and Migration **Credits: 3**
- SWK 3030 - Social Work with Older People **Credits: 3**
- Subtotal: 12 Credit Hours**

*Note: Some courses might require additional prerequisite(s). Please refer to the University Catalog for additional information and/or an AGE faculty advisor.*

**Total credit hours: 24**

***Aging Services Leadership Major, B.S.***

## About the Program

A degree in Aging Services Leadership will provide students with a broad understanding of the field of aging services and long-term care. Aging services is the umbrella term for the field including but not limited to long-term care (LTC), senior living, eldercare, long-term services and supports (LTSS), and gerontology. By completing the Aging Services Leadership degree, students will have foundational knowledge pertaining to the wellspan and healthspan, physiological, and social aspects of aging, coupled with the skills required to implement patient-center care, including understanding the rising needs of our aging population, demographic shifts, LTC business acumen, and the role society plays in the aging process. Students will gain hands-on experiences in the aging services sector through immersive classroom experiences, expert course content, and the senior experience - all which prepare students to be advocates working towards improving the quality of life and aging experience for this growing population.

## Student Outcomes

Upon completion of the Aging Services Leadership Major, students will:

1. Identify characteristics of older adults,
2. Describe shifts in population aging,
3. Recognize stereotypes and myths surrounding ageism,
4. Investigate common health disparities in older adults,
5. Evaluate programs and services for our older population,
6. Explore workforce development and career exploration in the aging services field,
7. Recognize topical issues surrounding aging and caring for our older population,
8. Assess the knowledge and skills encompassed in the business side of providing aging and long-term care services,
9. Understand the role patient-centered care and innovation plays in the future of providing care for our older population, and
10. Evaluate characteristics required to cultivate an age-friendly society.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)

- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
  - Students in the Aging Services Leadership major are required to take HCM 3700 - Health Disparities in the U.S. as part of the program core.

## Required Ancillary Courses: 6 credits

All students must complete the following courses. These courses can also count towards the General Studies Requirements.

- SOC 1010 - People, Power, and Progress **Credits: 3**
- PSY 1001 - Introductory Psychology **Credits: 3**

## Required Courses: 45 credits

- AGE 1010 - Introduction to Aging and Long-Term Care Services **Credits: 3**
- AGE 2020 - Ageism and Ableism in Society **Credits: 3**
- AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations **Credits: 3**
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**
- COMM 3220 - Communication and the Elderly **Credits: 3**
- HCM 2500 - Health Care Foundations, Professionalism, and Applications **Credits: 3**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3700 - Health Disparities in the U.S. **Credits: 3**
- ITP 3111 - Aging Warriors: Understanding the Health Issues of Aging Men **Credits: 3**
- ITP 3200 - Ethics in Health Care **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 4000 - Health Policy - Practice and Development **Credits: 3**
- SOC 1040 - Introduction to Social Gerontology **Credits: 3**
- SOC 3040 - Sociology of Aging **Credits: 3**
- PSY 2270 - Death, Dying, and Grieving **Credits: 3**  
or
- SOC 3100 - Death and Dying **Credits: 3**

## Restricted Electives: 12 credits

A minimum of 6 credit hours must be upper division.

- HCM 3030 - Health Care Jurisprudence **Credits: 3**
- HCM 3100 - Entrepreneurship in Health **Credits: 1**
- HCM 3200 - Managing Quality in Health Care **Credits: 2**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3500 - Health Care Research Methods **Credits: 3**
- HCM 3550 - Leadership in Health Care **Credits: 1**
- HCM 3600 - Health Information Systems **Credits: 3**
- HCM 3750 - Professional Practice Management **Credits: 1**
- HCM 4030 - Financial Management in Health Care **Credits: 3**
- HCM 4040 - Health Care Economics **Credits: 3**
- HCM 4300 - Strategic Management in Health Care **Credits: 3**
- ITP 1700 - Medical Terminology **Credits: 3**
- ITP 2800 - Health, Society, and the Environment **Credits: 3**
- ITP 2950 - Wellness Coaching I **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**

- ITP 3100 - Health Education and Counseling **Credits: 3**
- ITP 3700 - Physiology of Aging **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4100 - Women's Holistic Health **Credits: 3**
- ITP 4400 - Wellness Coaching II **Credits: 3**
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits: 3**
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**
- ITP 4950 - Community Coaching for Health **Credits: 3**
- HCPS 4000 - Health Care Operations **Credits: 3**
- HCPS 4010 - Evidence Based Health Care Delivery **Credits: 3**
- PUB 1000 - Principles of Public Health **Credits: 3**
- PUB 3000 - Health Behavior Theory and Practice **Credits: 3**
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits: 3**
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits: 3**
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits: 3**
- PUB 4030 - Advanced Community Health Worker **Credits: 3**

## Senior Experience: 3 credits

- HCM 4610 - Health Professions Internship **Credits: 3**  
or
- ITP 4999 - Applied Learning with Lifestyle Medicine **Credits: 3**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Ancillary Courses	6 credits
Major Requirements	45 credits
Restricted Electives	12 credits
Senior Experience	3 credits

Unrestricted Electives	18-27 credits (Depends on if a minor is chosen or if a student has an associate's degree in a related health care field.)
------------------------	---

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Aging Services Leadership Minor

The Aging Services Leadership minor assists individuals interested in gaining knowledge pertaining to aging, eldercare, and gerontology. The minor readies individuals to understand the cultural, physical, and social aspects of aging, along with the aspects of how aging affects populations. The minor prepares individuals to apply administrative principles required in the management of aging services, such as nursing homes, long-term care settings, and home health services. Students will gain foundational knowledge pertaining to the wellspan and healthspan, physiological, and social aspects of aging, coupled with the skills required to implement patient-centered care, including understanding the rising needs of our aging population, demographic shifts, LTC business acumen, and the role society plays in the aging process. The minor provides required core courses, along with elective course in which students can tailor the minor to meet specifications of career goals.

### Advising

Students can contact the Department of Health Professions for advising at 303-615-1200.

### Important Notice

Completion of this minor does not guarantee admission into any nursing or health professions graduate program. Students are responsible for contacting the nursing or health professions graduate program to which they are applying regarding specific prerequisite courses required by that program.

### Program Requirements

- A total of 18 semester hours are required for completion of the Aging Services Leadership Minor.
- Students must select 18 credit hours from the following courses including at least 3 hours of upper-division credit.
- A grade of C- or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

### Academic Policies

Academic policies and the Student Code of Conduct will be employed to all MSU Denver students, regardless of level. Access

the Student Code of Conduct can be found in the MSU Denver catalog.

### Student Outcomes

Upon completion of the Aging Services Leadership Minor, students will:

1. Identify characteristics of older adults,
2. Describe shifts in population aging,
3. Recognize stereotypes and myths surrounding ageism,
4. Evaluate programs and services for our older population,
5. Explore workforce development and career exploration in the aging services field,
6. Recognize topical issues surrounding aging and caring for our older population,
7. Evaluate characteristics required to cultivate an age-friendly society.

### Total: 18 credits

- *Some courses might require additional prerequisite(s). Please refer to the University Catalog for additional information and/or an AGE faculty advisor.*
- *Cross-listed course credit will be granted for only one prefix: ESS or ITP.*

### Required Courses

- AGE 1010 - Introduction to Aging and Long-Term Care Services **Credits: 3**
- AGE 2020 - Ageism and Ableism in Society **Credits: 3 \***
- AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations **Credits: 3**
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**

#### Subtotal: 12 credits

\*Completion of AGE 1010 & AGE 2020 qualifies student for the Aging Services Digital Badge.

### Elective Courses

Choose at least 6 credits from the following (at least 3 hours must be upper division):

- ANT 3480 - Cultural Diversity in Health and Illness **Credits: 3**
- COMM 3220 - Communication and the Elderly **Credits: 3**
- FIN 3450 - Retirement Planning and Employee Benefits **Credits: 3**
- HCM 2010 - Global Health Systems **Credits: 3**
- HCM 3030 - Health Care Jurisprudence **Credits: 3**

- HCM 3100 - Entrepreneurship in Health **Credits: 1**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3200 - Managing Quality in Health Care **Credits: 2**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3550 - Leadership in Health Care **Credits: 1**
- HCM 3600 - Health Information Systems **Credits: 3**
- HCM 3700 - Health Disparities in the U.S. **Credits: 3**
- HCM 3750 - Professional Practice Management **Credits: 1**
- HCM 4030 - Financial Management in Health Care **Credits: 3**
- HCM 4300 - Strategic Management in Health Care **Credits: 3**
- HCPS 4000 - Health Care Operations **Credits: 3**
- HCPS 4010 - Evidence Based Health Care Delivery **Credits: 3**
- HLDR 3800 - Servant Leadership in Hospitality **Credits: 3**
- HSP 4520 - Grief Counseling **Credits: 3**
- ITP 1700 - Medical Terminology **Credits: 3**
- ITP 2820 - Anger In Men: A Whole Approach **Credits: 3**
- ITP 2950 - Wellness Coaching I **Credits: 3 \*\***  
OR
- ESS 2700 - Wellness Coaching I **Credits: 3 \*\***
- ITP 3000 - Men's Health **Credits: 3**
- ITP 3100 - Health Education and Counseling **Credits: 3**
- ITP 3111 - Aging Warriors: Understanding the Health Issues of Aging Men **Credits: 3**
- ITP 3200 - Ethics in Health Care **Credits: 3**
- ITP 3700 - Physiology of Aging **Credits: 3**
- ITP 3810 - Men Across Cultures **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4100 - Women's Holistic Health **Credits: 3**
- ITP 4400 - Wellness Coaching II **Credits: 3 \*\***  
OR
- ESS 4700 - Wellness Coaching II **Credits: 3 \*\***
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**
- ITP 4950 - Community Coaching for Health **Credits: 3**
- NUT 3050 - Concepts of Lifecycle Nutrition **Credits: 3**
- PSY 1001 - Introductory Psychology **Credits: 3**
- PSY 2270 - Death, Dying, and Grieving **Credits: 3**
- PSY 3270 - Adulthood and Aging **Credits: 3**
- PUB 1000 - Principles of Public Health **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 3000 - Health Behavior Theory and Practice **Credits: 3**

- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits: 3**
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits: 3**
- PUB 4000 - Health Policy - Practice and Development **Credits: 3**
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits: 3**
- PUB 4030 - Advanced Community Health Worker **Credits: 3**
- SOC 1010 - People, Power, and Progress **Credits: 3**
- SOC 1040 - Introduction to Social Gerontology **Credits: 3**
- SOC 3040 - Sociology of Aging **Credits: 3**
- SOC 3100 - Death and Dying **Credits: 3**
- SOC 3810 - Population Issues: Life, Death and Migration **Credits: 3**
- SWK 3030 - Social Work with Older People **Credits: 3**

**Subtotal: 6 credits**

**Total: 18 credits**

*Note: Courses might require additional prerequisite(s). Please consult with an AGE academic advisor and the University catalog.*

*\*\* Credit will be granted for only one prefix: ITP or ESS.*

## ***Community Health Educator Certificate***

The MSU Denver Community Health Educator (CHE) program is housed in the public health program at the Department of Health Professions. Earning the CHE certificate signifies a high level of education and expertise, and it allows students to sit for Community Health Education Specialist (CHES) exam conducted by the National Commission for Health Education Credentialing (NCHEC). The CHES exam is required or preferred qualification in the field of community and public health/health promotion, and certification allows work in a variety of healthcare settings, such as hospitals, clinics, insurance companies, government agencies, and educational institutions like schools and universities.

The certificate totals 27 credits, with 9 required courses, 3 credit hours each. These courses align with National Commission for Health Education Credentialing's (NCHEC) competency areas. There is an optional course that students can take if they are interested in learning about Peer Health Education in the area of Public Health. Students must complete the 9 courses with a grade of "C" or better in all courses, and minimum GPA of 2.0 to earn the certificate.

### **Advising:**

Students can contact the Department of Health Professions Public Health Program at 303-615-1200 for advising support specific to this certificate program, other undergraduate degree information. Here is

link to that website: <https://www.msudenver.edu/health-professions/hep-programs/public-health/>

## Academic Policies:

Academic policies and the Student Code of Conduct will be applied to all MSU Denver students, regardless of level. Students should review the MSU Denver Student Code of Conduct website.

## Coursework

This certificate program in Public Health program help students prepare for a nationwide exam, conducted by National Commission for Health Education Credentialing (NCHEC)- a national organization. This exam indicates that a public health professional has met the academic qualifications as well as also earned a designation of Community Health Education Specialist (CHES) - by passing the competency exam. Additionally, Community Health Educators collect and analyze data to identify health status and improve quality of life of people living in the community and work at local, regional and state levels.

The certificate totals 27 credit: 9 required courses, 3 credit hours each. Students must complete the 9 courses with a grade of "C" or better and a cumulative GPA of 2.0. There is an optional course that students can take if they are interested in learning about Peer Health Education in the area of Public Health.

- HCM 3700 - Health Disparities in the U.S. **Credits: 3**
- HCM 3500 - Health Care Research Methods **Credits: 3**
- ITP 3200 - Ethics in Health Care **Credits: 3**  
or
- PUB 4020 - Peer Health Education- Field Experience **Credits: 3**
- PUB 1000 - Principles of Public Health **Credits: 3**
- PUB 3000 - Health Behavior Theory and Practice **Credits: 3**
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits: 3**
- PUB 4000 - Health Policy - Practice and Development **Credits: 3**
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits: 3**

Total Credit Hours: 27

## Community Health Worker Certificate

The MSU Denver Community Health Worker Certificate will provide students with the knowledge and skills needed to fulfill established Colorado Community Health Worker Core/Professional Competencies in the field and practice of Community Health Workers. Community Health Workers (CHWs) are critical members of the public health workforce that link communities to health and social programs to promote access to services and improve the quality and cultural responsiveness of care delivery.

The certificate includes 5 required courses (see below section) that align with the Colorado CHW Core/Professional Competencies. Students who complete the 5 courses will have demonstrated the acquisition of knowledge and skill in these identified competency areas. Students must maintain a "C" or better in all courses, and minimum GPA of 2.0 to earn the certificate.

The MSU Denver Community Health Worker Certificate program will be part of the Statewide CHW training structure, which will include a credentialing process. Upon completion of a credentialing exam, students may be entered into a statewide Community Health Worker Registry. For more information on this Statewide Community Health Worker structure, please visit the Colorado Department of Health & Environment, Community Health Worker Workforce website: <https://cdphe.colorado.gov/community-health-worker-workforce-development>.

## Advising:

Students should visit the Department of Health Professions Public Health Program website for advising support specific to this certificate program, other undergraduate degree information.

## Academic Policies:

Academic policies and the Student Code of Conduct will be applied to all MSU Denver students, regardless of level. Students should review the MSU Denver Student Code of Conduct website.

## Required Coursework

The following courses are required for the Community Health Worker Certificate. Based on competency/training area requirements, course substitutions will not be permitted. Students must maintain a "C" or better in all courses to earn the certificate.

- PUB 1000 - Principles of Public Health **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- ITP 3450 - Dynamics of Disease **Credits: 3**
- PUB 4030 - Advanced Community Health Worker **Credits: 3**

Total Credit Hours: 15

# Health Care Information Systems, B.S.

[Department of Health Professions](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

Health Care Information Systems (HCIS) entails a wide array of skills needed to use and support computer systems used by hospitals, clinics, and health systems to provide care to the sick and injured. The field calls for professionals with knowledge of the health care industry, network administration, database administration, data querying and analysis, and support of clinical information systems, including the electronic medical record (EMR). Graduates will be qualified to take a leadership role in the information systems services of a health care organization, a health data analysis team, or an entrepreneurial venture in the health care industry.

## Student Outcomes

- Describe the various components of the health care system in the United States and the interrelationships between such components;
- Demonstrate the ability to assess, prioritize, and formulate a management response to issues in legal compliance, human resources, financial management, and formulate a strategic plan for a health care organization;
- Define the various components of the information systems used in a health care organization, the data they gather, their use in providing patient care and supporting administrative functions, the interrelationships between applications, and how combinations of data from various applications can be used to address management challenges in today's health care organization;
- Demonstrate basic skills in computer device networking, telecommunications, information systems security, database administration, clinical information application support, and business web site design; and
- Synthesize understanding of a business or clinical issue in a health care organization and formulate a plan of action to use information systems resources to address that issue.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students can contact the Department of Health Professions at 303-615-1200 or the Department of Computer Information Systems at 303-615-0660 for advising.
- New or transfer students interested in the Bachelor of Science in Health Care Information Systems can also seek advising through the College of Health and Human Sciences Advising Office at 303-615-1099.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Core Courses: 51 credits

- (24 semester hours from the computer information systems curriculum)
- CIS 2010 - Foundations of Information Systems **Credits: 3**

- CIS 2110 - Structured Problem Solving in Information Systems **Credits: 3**
- CIS 3030 - Business Web Page Development **Credits: 3**
- CIS 3060 - Database Management Systems **Credits: 3**
- CIS 3230 - Telecommunication Systems and Networking **Credits: 3**
- CIS 3460 - Data Warehousing and Mining **Credits: 3**
- CIS 3500 - Information Systems Security **Credits: 3**
- CIS 4030 - Web Site Administration **Credits: 3**  
and  
(27 semester hours from the health care management curriculum)
- HCM 3030 - Health Care Jurisprudence **Credits: 3**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3500 - Health Care Research Methods **Credits: 3**
- HCM 3600 - Health Information Systems **Credits: 3**
- HCM 4030 - Financial Management in Health Care **Credits: 3**
- HCM 4150 - Electronic Medical Record Applications and Support **Credits: 3**
- HCM 4300 - Strategic Management in Health Care **Credits: 3**
- HCM 4350 - Health Care Information Systems Applications **Credits: 3**

## Elective Courses: 9 credits

Students select nine (9) semester hours of electives from the following list:

- CIS 3050 - Fundamentals of Systems Analysis and Design **Credits: 3 \***
- CIS 3145 - Business Application Development **Credits: 3 \***
- CIS 4060 - Advanced Database Management Systems **Credits: 3 \***
- CIS 4260 - Database Administration **Credits: 3 \***
- CIS 4280 - Network Installation and Administration **Credits: 3 \***
- CIS 4370 - Data Science and Big Data Analytics **Credits: 3 \***
- HCM 2500 - Health Care Foundations, Professionalism, and Applications **Credits: 3 \***
- HCM 3200 - Managing Quality in Health Care **Credits: 2 \***
- HCM 3550 - Leadership in Health Care **Credits: 1 \***
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3 \***

## Senior Experience: 3 credits

Students select a minimum of 3 semester hours from:

- CIS 4920 - Health Care Information Systems Internship **Credits: 3**  
or
- HCM 4920 - Health Care Information Systems Internship **Credits: 3**

*\*Courses requiring additional prerequisite*

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Core Courses	51 credits
Required Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	21-24 credits
<b>Total for the Health Care Information Systems Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Health Care Management Major, B.S.

[Department of Health Professions](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [Online](#), [In-Person](#), [Hybrid](#)

## About the Program

The Health Care Management program has been an icon for excellence in health care management education for over four decades.

The program provides students with course and experiential learning. Coursework includes health care foundations, organization and management, jurisprudence, global health, aging services, and leadership. Combined with other disciplines, such as marketing, information technology, accounting, and economics, the program prepares students for direct entry into management within the health

care field, continuation to graduate school, and/or advancement within the health care field.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students may also choose to complete the optional concentration if they want.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** ECO 2020 - Principles of Microeconomics
- Global Diversity (0 or 3 credits\*\*)
  - **Recommended:** Students in the HCM major are required to take HCM 2010 - Global Health Systems as part of the major requirement and this course will satisfy this requirement.

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Prerequisites: 13 credits

These are prerequisites for the Health Care Management major courses.

- ACC 2010 - Principles of Accounting I **Credits: 3**
- ECO 2020 - Principles of Microeconomics **Credits: 3** \*\*
- MKT 3000 - Principles of Marketing **Credits: 3**
- MTH 1210 - Introduction to Statistics **Credits: 4** \*\*\*

*\*\* Meets General Studies Social and Behavioral Sciences Requirement*

*\*\*\* Meets General Studies Quantitative Literacy Requirement*

## Required Courses: 47 credits

- AGE 1010 - Introduction to Aging and Long-Term Care Services **Credits: 3**
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**
- HCM 2010 - Global Health Systems **Credits: 3**
- HCM 2500 - Health Care Foundations, Professionalism, and Applications **Credits: 3**
- HCM 3030 - Health Care Jurisprudence **Credits: 3**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3200 - Managing Quality in Health Care **Credits: 2**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3500 - Health Care Research Methods **Credits: 3**
- HCM 3600 - Health Information Systems **Credits: 3**
- HCM 3700 - Health Disparities in the U.S. **Credits: 3** \*

## Health Care Professional Services Major, B.S.

[Department of Health Professions](#)

Available Program Format(s): [Online](#),  
[In-Person](#), [Hybrid](#)

## About the Program

The Bachelor of Science in Health Care Professional Services is a degree program designed for professionals on the front lines of health care delivery wishing to have baccalaureate level training to maintain professional certification such as in the allied health professions. Allied health professionals are involved with the delivery of health or related services pertaining to the identification, evaluation, and prevention of diseases and disorders; dietary and nutrition services; rehabilitation; and health systems management. The Bachelor of Science in Health Care Professional Services degree program provides a broad-based foundation in: 1) global and national healthcare issues, disparities, and trends, 2) ethical and legal issues, 3) health promotion and disease prevention, 4) evidence-based practice, 5) health care research, 6) health care systems management, 7) health care quality, 8) holistic health, and 9) public health. The program is designed to articulate with Associate of Arts allied health related degree programs at community colleges or student's new to the health field.

## Student Outcomes

- Acquire the skills employers demand in critical areas such as: health disparities, health care systems, health care operations management, health care jurisprudence, health care quality, health care ethics, health care leadership and public health;
- Gain knowledge on current industry insights and the latest trends in health care professional services;
- Meet societal and health care delivery demands;
- Assume supervisory, management, and/or educational positions;
- Pursue graduate education in the health care field;
- Work in a variety of settings with diverse patients, families, and communities;
- Change careers within the industry to work for insurance companies, government agencies, or non-profit associations; and contribute to the field as diverse professionals assisting in diminishing health disparities and creating a healthier nation.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students can contact the Department of Health Professions at 303-615-1200 for advising.
- New or transfer students interested in the Bachelor of Science in Health Care Professional Services can also seek advising through the College of Health and Human Sciences Advising Office at 303-615-1099.

## Prior Learning Assessment Information

A Prior Learning Assessment (PLA) is available for HCM 3600 Health Care Information Systems and ITP 1700 Medical Terminology. The Center for Individualized Learning will work with students to understand and navigate the process. Once students have obtained permission to take the exam from the Assistant Registrar, Prior Learning Assessment, [PLA@msudenver.edu](mailto:PLA@msudenver.edu), the Application for Credit by Examination form will need to be completed. The student will take the form to the Bursar's Office to pay. After paying, the student will return with the receipt to the Center for Individualized Learning and then the student will need to set up an appointment with the MSU Denver Assessment and Testing Center. They will verify the student's identification, provide a secure, quiet space to take the exam and at a mutually acceptable time.

The test will be timed and you cannot use any materials (books, notes, Internet) while taking the exam. The test will be returned to the Department for grading. A faculty member in the Program or the Department will determine if you have passed the examination with a grade sufficient to obtain credit. Signatures are needed from the faculty member, Chair, and Dean, so that the form can be sent to the registrar to enter credit on the student's transcript. The student may take the examination a maximum of two times.

The cost of the credits is half the tuition for the course and must be paid whether or not the examination is passed. You will receive 3 credits on a pass/fail basis. These credits are treated as non-resident (transfer) credits and will not count towards the 30 minimum resident credits required for a Bachelor's degree at MSU Denver.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)

- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Pick One: 3 credits

- ITP 1600 - Herbal Medicine **Credits:** 3  
or
- ITP 2500 - Complementary Medicine **Credits:** 3  
or
- ITP 3810 - Men Across Cultures **Credits:** 3  
or
- ITP 2950 - Wellness Coaching I **Credits:** 3

## Health Care Professional Services Required Courses: 32 credits

- HCM 2010 - Global Health Systems **Credits:** 3
- HCM 2500 - Health Care Foundations, Professionalism, and Applications **Credits:** 3
- HCM 3150 - Health Care Organization and Management **Credits:** 3
- HCM 3700 - Health Disparities in the U.S. **Credits:** 3 (to meet the ESSJ requirement)
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits:** 3
- PUB 2000 - Community Health Worker Fundamentals **Credits:** 3
- HCPS 4000 - Health Care Operations **Credits:** 3
- HCPS 4010 - Evidence Based Health Care Delivery **Credits:** 3
- ITP 1700 - Medical Terminology **Credits:** 3 \*\*
- ITP 2700 - Holistic Dimensions of Wellness **Credits:** 3
- ITP 3200 - Ethics in Health Care **Credits:** 3 \* (Pre-reqs Completion of General Studies requirements in Written Communication, Oral Communication)

## Electives: 3 credits

Choose one of the following:

- ANT 3480 - Cultural Diversity in Health and Illness **Credits:** 3
- HCM 3030 - Health Care Jurisprudence **Credits:** 3
- HCM 3100 - Entrepreneurship in Health **Credits:** 1
- HCM 3200 - Managing Quality in Health Care **Credits:** 2
- HCM 3400 - Human Resources Management in Health Care **Credits:** 3
- HCM 3500 - Health Care Research Methods **Credits:** 3 \* (Pre-req MTH 1210 or PSY 2310)
- HCM 3550 - Leadership in Health Care **Credits:** 1
- HCM 3600 - Health Information Systems **Credits:** 3
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits:** 3
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits:** 3
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits:** 3
- HCM 3750 - Professional Practice Management **Credits:** 1
- HSP 3460 - Addiction, Immunity, and Infectious Diseases **Credits:** 2
- ITP 3700 - Physiology of Aging **Credits:** 3 \* (Pre-reqs BIO 2310 and BIO 2320)
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits:** 3 \* (Pre-reqs BIO 1080/1090, BIO 2310 and ITP 3200)
- ITP 4100 - Women's Holistic Health **Credits:** 3 \* (Pre-reqs BIO 2320 and ITP 3200)
- ITP 4400 - Wellness Coaching II **Credits:** 3 \* (Pre-req ITP 2950 or HPS 2700; ITP 3850)
- PSY 3270 - Adulthood and Aging **Credits:** 3 \* (Pre-req PSY 1001)
- SOC 3800 - Health and Healers **Credits:** 3 \* (Pre-req SOC 1010)

## Senior Experience: 3 credits

- HCM 4610 - Health Professions Internship **Credits:** 3

## Notes

- \* Indicates pre-requisite requirement. Check with academic advisor regarding pre-requisite requirement(s).
- \*\* Has a Prior Learning Assessment

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirements	0-3 credits
Selected Course	3 credits
Required Courses	33 credits
Required Elective Courses	3 credits
Senior Experience	3 credits
Unrestricted Electives	42-48 credits
<b>Total for the Health Care Professional Services Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Health Data Science Certificate*

Health Data Science is a field that focuses on applying information science methods to analyze and understand health care information, to progress from raw data to knowledge for improved decision-making and care delivery. Health Data Science uses interactive data analytic tools to explore large sets of health data to improve patient care and outcomes, improve effectiveness and efficiency of health operations, decrease costs and risk, and manage the health of populations.

Students with a background in Health Data Science may find opportunities in the following fields:

- Higher Education
- Research
- For-Profit Hospital systems
- Governmental Organizations
- Public Health

In addition, the below occupations illustrate some of the areas that this certificate will be useful:

- Nurses, Physicians, Allied Health Professionals, Computer programmers and technology professionals.

### Admission and Graduation Requirements

This certificate program is being offered to all MSU Denver students regardless of major. The certificate will offer the enrolled student the opportunity to complete a certificate as they work towards degree completion.

To be awarded the program certificate, the student must meet the following requirements:

1. Complete 18 credit hours of courses as recommended by the certificate program
2. Achieve a GPA of 3.0 or higher in the certificate program courses
3. Earn at least a "C" or better in each of the certificate courses; and
4. Enroll in and complete a minimum of 60% of the required courses at MSU Denver.

### Advising and Contact Information

Individuals interested in this certificate program should contact the Department of Health Professions at 303-615-1200 to schedule an appointment for an advising session either in person by phone or via virtual conferencing.

## Required Courses

- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3600 - Health Information Systems **Credits: 3**
- HCM 3830 - Analytical Methods in Health Data **Credits: 3**
- HCM 3840 - Statistical Methods in Health Data **Credits: 3**
- HCM 3850 - Database Systems in Health Care **Credits: 3**
- HCM 3860 - Health Care Business Intelligence **Credits: 3**

**Total for Certificate: 18 credits**

## *Integrative Health Care Major, B.S.*

### Department of Health

### Professions

### College of Health and Human Sciences

Available Program Format(s): In-Person

## About the Program

The Integrative Health Care program offers students courses that integrate the most recent scientific evidence with the oldest of healing traditions. The program draws from disciplines such as health education services, health care management, biology, chemistry, and nutrition. Students examine the diverse factors that impinge on an individual's health and well-being. Students receive a broad-based understanding of the principles of human health and disease, the theories underlying healing practices, and the scientific research methods needed to evaluate the latest techniques in this dynamic field. A minimum passing grade of C- is required for all courses.

The Integrative Health Care program offers a major, pathways, and a minor. The major is designed for students interested in working in the expanding complementary and alternative health care field. The minor/pathways are designed for students who recognize the increased emphasis on wellness in several professional fields and/or

for health-conscious individuals who wish to establish a self-enhancement program. The minor and/or pathways can complement a major that is relevant to the student's career goals, but is not required.

Minors that would complement this major include, but are not limited to, Health Care Management, Nutrition, Aging Services Leadership, Recreation Services, Journalism, Spanish, Marketing, Human Services, Anthropology, Biology, and Chemistry.

The Integrative Health Care program is housed in the Department of Health Professions. Students enrolling in the major or minor must confer with a department advisor as soon as possible. For more information, call 303-615-1200.

## Student Outcomes

The baccalaureate Integrative Health Care program has established the following outcomes for all graduates.

- Demonstrate an attitude of caring, flexibility, and self-confidence in a health care setting.
- Act in an ethical and legal manner in applying the leadership roles of collaborator, resource person, change agent, teacher, and advocate.
- Integrate a variety of communication skills, media techniques, and strategies effectively and appropriately to influence health.
- Assess health situations and recommend appropriate healing practices.
- Evaluate global health systems to identify social and health-care trends in order to anticipate the future of health care.
- Apply scientific method to health-care problems.
- Apply knowledge of natural science principles in a healing practice.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Courses with grades of less than "C-" will need to be repeated in order for the student to take any other courses for which the

first course is a prerequisite. Students should note that programs differ in the minimum grade required.

- A pathway is not required for this major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*)

*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Core Courses: 33-34

- HCM 3150 - Health Care Organization and Management **Credits: 3**  
or
- HCM 3500 - Health Care Research Methods **Credits: 3 \***
- ITP 1000 - Health Career Foundations **Credits: 3**
- ITP 1500 - Dynamics of Health **Credits: 3**
- ITP 1700 - Medical Terminology **Credits: 3**  
or
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 2500 - Complementary Medicine **Credits: 3**
- ITP 2700 - Holistic Dimensions of Wellness **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**

- ITP 3200 - Ethics in Health Care **Credits: 3**
- ITP 3450 - Dynamics of Disease **Credits: 3**  
or
- ITP 4600 - Clinical Pathophysiology **Credits: 4 \***
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 3700 - Physiology of Aging **Credits: 3 \***  
or
- ITP 4000 - Pediatric Holistic Health **Credits: 3**  
or
- ITP 4100 - Women's Holistic Health **Credits: 3**

*\*Courses with an asterisk (\*) have additional prerequisites*

## Program Electives: 12 credits

Choose at least 12 credits for any ITP prefix course or NUT 2040 - Introduction to Nutrition

## Pathways: 18 credits

In addition to their major coursework, students in the IHC major can complete a specialized pathway. Pathway options include Complementary Medicine, Lifestyle Medicine, Men's Health, and Wellness Coaching.

### Complementary Medicine Pathway: 18 credits

Students must take the 6 courses in the Complementary Medicine Pathway unless they have been taken in the major, in which case they may replace them with any ITP prefix course.

- ITP 1600 - Herbal Medicine **Credits: 3**
- ITP 2500 - Complementary Medicine **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 4300 - Botanical Pharmacology **Credits: 3**

Choose 2 of the Following Courses

- ITP 2720 - Cannabis as Medicine **Credits: 3**
- ITP 2800 - Health, Society, and the Environment **Credits: 3**
- ITP 3300 - Homeopathy **Credits: 3**
- ITP 3400 - Ayurveda **Credits: 3**
- ITP 3500 - Traditional Chinese Medicine **Credits: 3**
- ITP 3600 - Energy Medicine **Credits: 3**

### Lifestyle Medicine Pathway: 18 credits

Students must take the 6 courses in the Lifestyle Medicine Pathway unless they have been taken in the major, in which case they may replace them with any ITP prefix course.

- ITP 2950 - Wellness Coaching I **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits: 3**
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**
- ITP 4999 - Applied Learning with Lifestyle Medicine **Credits: 3**

### Men's Health Pathway: 18 credits

Students must take the 6 courses in the Men's Health Pathway unless they have been taken in the major, in which case they may replace them with any ITP prefix course.

- ITP 2820 - Anger In Men: A Whole Approach **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**  
or
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3111 - Aging Warriors: Understanding the Health Issues of Aging Men **Credits: 3**
- ITP 3810 - Men Across Cultures **Credits: 3**
- ITP 3911 - Fathers and Health: A Global Perspective **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**  
or
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**

### Wellness Coaching Pathway: 18 credits

Students must take the 6 courses in the Wellness Coaching Pathway unless they have been taken in the major, in which case they may replace them with any ITP prefix course.

- ITP 2950 - Wellness Coaching I **Credits: 3**
- ITP 4400 - Wellness Coaching II **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3** ( if ITP 3850 taken in major than can use other ITP prefix course)
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits: 3**
- ITP 4950 - Community Coaching for Health **Credits: 3**

Students who complete the Wellness Coaching Pathway will have satisfied the curriculum requirement to take the National Board of Health and Wellness Coaches

(NBHWC) exam after also completing a coaching log. Other requirements may apply. See the NBHWC website for more information.

## Senior Experience: 3 credits

The following Senior Experiences are options, work with an advisor to choose the proper one for your pathway.

- HCM 4610 - Health Professions Internship **Credits: 3**  
or
- ITP 4900 - Theories and Application of Knowledge for Integrative Health **Credits: 3**  
or
- ITP 4950 - Community Coaching for Health **Credits: 3**  
or
- ITP 4999 - Applied Learning with Lifestyle Medicine **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits

Total for Minor	Minimum of 21 credits

## *Lifestyle Medicine Major, B.S.*

[Department of Health Professions](#)

[College of Health and Human Sciences](#)

Available Program  
Format(s): [Online, Hybrid](#)

## About the Program

The Bachelor of Science Major in Lifestyle Medicine provides students with competencies in lifestyle medicine, health navigation, and wellness coaching. Lifestyle medicine is the use of evidence-based lifestyle approaches, including healthful eating, physical activity, sleep, stress management, tobacco cessation, fostering relationships, emotional wellness, and environmental health. These approaches prevent and treat many chronic diseases, improve outcomes and quality of life, tackle health disparities, and decrease health costs. Throughout the major, themes of cultural competence, service, self-care, interdisciplinary collaboration, and whole-person health will be emphasized. The major prepares students to incorporate the principles of evidence-based lifestyle medicine in health-related careers, prepares students to obtain related certifications, and positions them as leaders in addressing national health concerns. This major also applies to students wishing to enter graduate health professional schools; however, other prerequisites will likely be necessary for admission. A minor or pathway is not

required; however, the Complementary Medicine or Men's Health Pathways are available and encouraged.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A pathway is not required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Students may fulfill half of this requirement by taking NUT 2040 - Introduction to Nutrition which is required for the lifestyle medicine major
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement by taking ITP 1500 - Dynamics of Health and ITP 3850 - Lifestyle Medicine which are required for the lifestyle medicine major
- Global Diversity (0 or 3 credits\*)

*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Recommended: Students wishing to fulfill this requirement from a course that is an option for the major may wish to take HCM 3700 - Health Disparities in the U.S.

## Lifestyle Medicine Core: 42 credits

Core required for the Lifestyle Medicine Major

- COMM 2020 - Introduction to Health Communication **Credits: 3**  
or

- Any ESSA course may count for up to 4 credits of electives
- Or any ITP, HCM, HCPS, or PUB prefix course

## Optional Complementary Medicine Pathway: 18 credits

To complete the optional pathway (if desired), students can take the 3 required courses in the Complementary Medicine Pathway unless they have been taken in the major, in which case they may replace it with any ITP prefix course. They must also choose any 3 courses from the optional courses listed below.

### Required Courses

- ITP 1600 - Herbal Medicine **Credits: 3**

- ITP 2500 - Complementary Medicine **Credits: 3**
- ITP 4300 - Botanical Pharmacology **Credits: 3**

Optional Courses: Choose any 3 courses from the list below

- ITP 2720 - Cannabis as Medicine **Credits: 3**
- ITP 2800 - Health, Society, and the Environment **Credits: 3**
- ITP 3300 - Homeopathy **Credits: 3**
- ITP 3400 - Ayurveda **Credits: 3**
- ITP 3500 - Traditional Chinese Medicine **Credits: 3**
- ITP 3600 - Energy Medicine **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**

## Optional Men's Health Pathway: 18 credits

To complete the optional pathway (if desired), students can take any 6 of the courses below in the Men's Health Pathway unless they have been taken in the major, in which case they may replace it with any ITP prefix course.

- ITP 2820 - Anger In Men: A Whole Approach **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**
- ITP 3111 - Aging Warriors: Understanding the Health Issues of Aging Men **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3810 - Men Across Cultures **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 3911 - Fathers and Health: A Global Perspective **Credits: 3**

## Senior Experience: 3 credits

- ESS 4950 - Community Coaching for Health **Credits: 3**  
or
- ITP 4950 - Community Coaching for Health **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Courses	42 credits
Elective Course	3 credits
Senior Experience	3 credits

Unrestricted Electives and optional Pathway or Minor	36-48 credits
Total for the Lifestyle Medicine Major, B.S.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Lifestyle Medicine Minor

The Lifestyle Medicine minor assists students interested in learning how positive behavior changes to improve health and quality of life through nutritious eating, physical activity, stress reduction, sleep habits, tobacco cessation, social connection, and other health supporting behaviors. The minor will prepare students to incorporate the principals of evidence-based lifestyle medicine in health and wellness related careers. The Lifestyle Medicine minor contains required core courses along with numerous elective courses so that students can tailor the minor to meet specific career and personal goals. Potential majors to complement this minor include but are not limited to Integrative Health Care, Recreation Professions, Health Care Management, Nutrition, Health Care Professional Services, and Nursing. The minor is also applicable to individuals who plan to apply to graduate programs in healthcare.

### Advising:

Students can contact the Department of Health Professions for advising at 303-615-1200.

New or transfer students interested in the Lifestyle Medicine minor can also seek advising through the College of Health and Human Sciences Advising Office at 303-615-1099.

### Course Selection:

Students must take 18 credit hours from courses listed below: 9 required credit hours and 9 elective credit hours.

## Required Courses

- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits: 3**
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**

## Lifestyle Medicine Electives

Choose at least 9 credits from the following (at least 3 hours must be upper division). Note: for ITP 2950/HPS 2700 & ITP 4400/HPS 4700 credit will only be given for one prefix: ITP or HPS

- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**
- COMM 2020 - Introduction to Health Communication **Credits: 3**
- ESS 1030 - Physical Well-being **Credits: 1-2**
- ESS 1440 - Stress Management Techniques **Credits: 3**
- ESS 2700 - Wellness Coaching I **Credits: 3**
- ESS 3340 - Physiology of Exercise **Credits: 4**
- ESS 4700 - Wellness Coaching II **Credits: 3**
- ESSA 1870 - Stress Management **Credits: 2**

- RST 3905 - Farm to Table Sustainability **Credits: 3**
- ESSA Prefix Courses: up to 4 credits

Total Credits: 18

## *Men's Health Minor*

The Men's Health Minor provides a comprehensive understanding of the health and wellness of men through evidence-based curriculum content. Students examine the diverse factors that contribute to the totality of men's health and well-being, including discernment of existing paradigms that inform men's health behaviors. Students receive a broad-based understanding of the key determinants of men's health across culture, class, and race. Students learn the disease processes affecting men across the lifespan, the theories underlying masculinity and fathering practices, and the scientific research methods needed to evaluate the latest information in this expanding field of healthcare.

The passing grade for all classes in the minor program is a C-, and the minimum GPA within the minor is 2.0.

The Men's Health minor is designed for students interested in working in the health care field, as well as fields affected by men's health. The minor can complement a major that is relevant to the student's career goals.

Majors that complement the Men's Health minor include, but are not limited to: Integrative Health Care, Lifestyle Medicine, Health Care Management, Public Health, Healthcare Professional Services, Human Services and Counseling, Nutrition, Human Performance and Sport, Psychology, Gender/Women/Sexualities Studies, Sociology, Criminal Justice and Journalism.

## Core Classes

- ITP 2820 - Anger In Men: A Whole Approach **Credits: 3**
  - ITP 3000 - Men's Health **Credits: 3**
  - ITP 3111 - Aging Warriors: Understanding the Health Issues of Aging Men **Credits: 3**
  - ITP 3810 - Men Across Cultures **Credits: 3**
  - ITP 3911 - Fathers and Health: A Global Perspective **Credits: 3**
- Sub-total: 15 credits

## Elective Courses

Choose 6 credits from the list of electives.

- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4000 - Pediatric Holistic Health **Credits: 3**
- ITP 4100 - Women's Holistic Health **Credits: 3**
- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**
- ITP 4999 - Applied Learning with Lifestyle Medicine **Credits: 3**
- HCM 2010 - Global Health Systems **Credits: 3**

- HCM 3100 - Entrepreneurship in Health **Credits: 1**
  - HCM 3550 - Leadership in Health Care **Credits: 1**
  - PUB 1000 - Principles of Public Health **Credits: 3**
  - PUB 3000 - Health Behavior Theory and Practice **Credits: 3**
  - PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- Total Credits for the Minor: 21

## *Pre-Healthcare Minor*

The Pre-Healthcare Minor provides background knowledge for individuals interested in healthcare. This includes, but is not limited to, individuals who plan to apply to a clinical education program, a graduate program in healthcare management, or a pre-licensure nursing program, including, but not limited to, the MSU Denver Nursing Program.

Potential majors to complement this minor include, but are not limited to, Anthropology, Biology, Health Care Management, Health Care Professional Services, Integrative Healthcare, Lifestyle Medicine, Psychology, Public Health, and Sociology.

## Advising

- Students planning to transfer into an undergraduate nursing program should contact the Department of Nursing at 303-615-1600.
- Students planning to complete a bachelor's degree before applying to the MSU Denver Accelerated Nursing Program should contact the Department of Nursing at 303-615-1600.
- Students can also see their major advisor for assistance with this program.
- Students with majors in the health professions should contact the Department of Health Professions at 303-615-1200.
- Students with a major in Nutrition should contact the Department of Nutrition at 303-615-0990.

## Important Notice

- Completion of this minor does not guarantee admission into any nursing or health professions graduate program.
- Students are responsible for contacting the nursing or health professions graduate program to which they are applying regarding specific prerequisite courses required by that program.

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

Choose at least 3 courses from this list.

- BIO 2310 - Human Anatomy and Physiology I **Credits: 4 \***
- BIO 2320 - Human Anatomy and Physiology II **Credits: 4**
- ITP 2700 - Holistic Dimensions of Wellness **Credits: 3 \***
- ITP 3000 - Men's Health **Credits: 3**
- ITP 3200 - Ethics in Health Care **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**

## Elective Courses

Choose at least 10 credit hours from the following list and/or any other Health Professions courses (Prefix HCM, PUB, HCPS, AGE and ITP):

- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**
- ANT 3480 - Cultural Diversity in Health and Illness **Credits: 3**

- SPA 1010 - Elementary Spanish I **Credits: 5**
- May also include any course with an ITP, HCM, or PUB prefix

**Total for Minor: 19-21 credits**

*\* Courses requiring additional prerequisites.*

## ***Public Health Major, B.A.***

[Department of Health Professions](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

A degree in public health will give the student a broad understanding of the public health field, while allowing students to gain experience in focused specialties of public health practice. By completing the public health core, students will have skills to understand basic public health functions such as monitoring and assessing the health of communities, identifying health problems and priorities, and implementing evidence-based strategies to promote population health. The required curriculum was designed to build student knowledge and skill in 11 Public Health Competency Domains identified by the Counsel on Public Health Education (CEPH).

Students that graduate with a major in Public Health will be prepared for many entry-level public health positions, as well as providing the background knowledge required to pursue a broad range of graduate degree programs, including a master's degree of Public Health (MPH) or a master's degree in Health Administration (MHA).

### **Student Outcomes**

The requirements for the public health major (BA) provides instruction in the following domains. The curriculum addresses these domains through any combination of learning experiences throughout the requirements for the major or concentration coursework.

- The concepts and applications of basic statistics
- The foundations of biological and life sciences and the concepts of health and disease
- The history and philosophy of public health as well as its core values, concepts, and functions across the globe and in society
- The basic concepts, methods, and tools of public health data collection, use, and analysis and why evidence-based approaches are an essential part of public health practice
- The concepts of population health, and the basic processes, approaches, and interventions that identify and address the major health-related needs and concerns of populations
- The underlying science of human health and disease including opportunities for promoting and protecting health across the life course
- The socioeconomic, behavioral, biological, environmental, and other factors that impact human health and contribute to health disparities
- The fundamental concepts and features of project implementation, including planning, assessment, and evaluation
- The fundamental characteristics and organizational structures of the US health system as well as the differences in systems in other countries
- Basic concepts of legal, ethical, economic, and regulatory dimensions of health care and public health policy and the roles, influences, and responsibilities of the different agencies and branches of government
- Basic concepts of public health-specific communication, including technical and professional writing and the use of mass media and electronic technology

### **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics\*
- Arts and Humanities (6 credits)
  - **Recommended:** PHI 1030 - Thinking about Ethics: Morality and the Good Life\*
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** HCM 2010 - Global Health Systems\*\*
  - **Recommended:** ITP 1500 - Dynamics of Health\*
- Global Diversity (0 or 3 credits\*\*\*)
  - **Recommended:** HCM 2010 - Global Health Systems\*\*

\* The listed courses are suggested courses, but not required for the major.

\*\*HCM 2010 is required for the major and may also count in General Studies Social and Behavioral Science and Global Diversity.

\*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Public Health Major Core: 45 credits

These courses are required to complete the Public Health Major.

- HCM 2010 - Global Health Systems **Credits:** 3
- HCM 3700 - Health Disparities in the U.S. **Credits:** 3
- ITP 3200 - Ethics in Health Care **Credits:** 3
- ITP 3450 - Dynamics of Disease **Credits:** 3
- MTH 1210 - Introduction to Statistics **Credits:** 4  
or
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits:** 3
- PUB 1000 - Principles of Public Health **Credits:** 3
- PUB 3000 - Health Behavior Theory and Practice **Credits:** 3
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits:** 3
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits:** 3
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits:** 3
- PUB 4000 - Health Policy - Practice and Development **Credits:** 3
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits:** 3
- SLHS 2990 - Introduction to Health Communication **Credits:** 3

## Public Health Major Core Option

You must select from these options to complete the Public Health core coursework. This is a 5-6 credit course requirement within the core courses, and will complete the 45 credit hours for the Public Health Major core course requirements.

- AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations **Credits:** 3
- HCM 3150 - Health Care Organization and Management **Credits:** 3
- ITP 3000 - Men's Health **Credits:** 3
- ITP 3850 - Lifestyle Medicine **Credits:** 3
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits:** 3
- PUB 2000 - Community Health Worker Fundamentals **Credits:** 3
- PUB 4020 - Peer Health Education- Field Experience **Credits:** 3

## Public Health Major Electives: 3 credits

You must select one course from the following list to complete the elective course requirement. If a course was already taken in the Public Health Major Core Option, it can not be taken as a general Public Health Core elective.

- AGE 1010 - Introduction to Aging and Long-Term Care Services **Credits: 3**
- AGE 2020 - Ageism and Ableism in Society **Credits: 3**
- AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations **Credits: 3**
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**
- HCM 3100 - Entrepreneurship in Health **Credits: 1**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3200 - Managing Quality in Health Care **Credits: 2**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3550 - Leadership in Health Care **Credits: 1**
- HLDR 1100 - Colorado Tourism and Recreation **Credits: 3**
- HSP 1010 - Introduction to Human Services and Counseling **Credits: 3**
- HSP 1020 - Introduction to Trauma Informed Care **Credits: 3**
- HSP 2010 - Introduction to High-Impact Nonprofit Organizations **Credits: 3**
- HSP 3400 - Pharmacology of Drugs and Alcohol **Credits: 3**
- HSP 3460 - Addiction, Immunity, and Infectious Diseases **Credits: 2**
- MGT 3510 - The People of Nonprofits: Staff, Board, Volunteers, Clients and You **Credits: 3**
- HSP 3560 - Motivational Interviewing **Credits: 2**
- HSP 3575 - Motivational Interviewing for Health Professionals **Credits: 3**
- HSP 3860 - Social Entrepreneurship **Credits: 3**
- FIN 4450 - Nonprofit Financial Management and Financing **Credits: 3**
- ITP 1700 - Medical Terminology **Credits: 3**
- ITP 2800 - Health, Society, and the Environment **Credits: 3**
- ITP 2950 - Wellness Coaching I **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**
- ITP 3100 - Health Education and Counseling **Credits: 3**
- ITP 3700 - Physiology of Aging **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4100 - Women's Holistic Health **Credits: 3**
- ITP 4400 - Wellness Coaching II **Credits: 3**
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits: 3**

- ITP 4800 - Lifestyle Medicine Across Gender and Lifespan **Credits: 3**
- ITP 4950 - Community Coaching for Health **Credits: 3**
- NUT 2040 - Introduction to Nutrition **Credits: 3**
- NUT 3350 - Global Nutrition and Health **Credits: 3**
- NUT 3500 - Food Safety **Credits: 3**
- NUT 4210 - Community Nutrition **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 4020 - Peer Health Education- Field Experience **Credits: 3**
- PUB 4030 - Advanced Community Health Worker **Credits: 3**
- SLHS 3000 - Foundations of Disability Studies through Media **Credits: 3**
- SWK 1600 - Community Engagement and Civic Responsibility **Credits: 3**
- SWK 3030 - Social Work with Older People **Credits: 3**
- SWK 3120 - Unraveling Inequalities in Social Work Practice **Credits: 3**

## Senior Experience/Internship: 3 credits

The course HCM 4610 Health Professions Internship is the senior experience/internship course provided for the department, and will fulfill the public health senior experience/internship requirement.

- HCM 4610 - Health Professions Internship **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	45 credits
Major Elective	3 credits
Senior Experience	3 credits
Unrestricted Electives	33-48 credits
<b>Total for the Public Health Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Public Health Minor*

The undergraduate minor in Public Health will provide students with a basic understanding of the Public Health field by exploring social, cultural, and biological dimensions of health. By completing the public health minor curriculum, students will have skills that can be applied to a Public Health setting and functions such as monitoring and assessing the health of communities, identifying health problems and prioritizing them for better health outcomes, and implementing evidence-based strategies to promote population health that can be performed with a high level of expertise.

Students that graduate with a Public Health minor will be prepared for many entry-level public health positions, while also providing the background knowledge required to pursue a broad range of graduate degree programs, including a master's degree of Public Health (MPH). Providing this new minor in Public Health will build out student opportunities to connect broadly to the healthcare field, even when they are not public health majors. There are a variety of natural, social, and behavioral science fields that seek out individuals with knowledge and experience in the Public Health field as well as their specific area of training. Examples of such fields are behavioral health, social work, law and health policy, medicine, dentistry, pharmacy, nursing, health administration, and health services research.

It is highly recommended that General Studies and Support Courses be completed prior to enrolling in Public Health courses. Students must earn a grade of "C- or higher" in all courses required for the minor in order to progress through the program. Courses with grades of less than "C-" must be repeated prior to the student taking any other courses for which the first course is a prerequisite.

We recommend that you meet with a Department of Health Professions advisor once per semester, prior to registration, or, at least once a year.

Advisors can help plan your schedule or courses, review Degree Progress reports, discuss minors, assess your status regarding graduation requirements, and provide career counseling, etc.

## Required Courses

Public Health Foundation and Study in Epidemiology

- PUB 1000 - Principles of Public Health **Credits: 3**
- PUB 3020 - Introduction to Epidemiology in Public Health **Credits: 3**

## Study in Health Science

Pick one of the following course options:

- ITP 1500 - Dynamics of Health **Credits: 3**
- ITP 3450 - Dynamics of Disease **Credits: 3**

## Public Health Foci

Pick two of the following course options:

- HCM 3500 - Health Care Research Methods **Credits: 3**
- MTH 1210 - Introduction to Statistics **Credits: 4**
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 3000 - Health Behavior Theory and Practice **Credits: 3**
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits: 3**
- PUB 4000 - Health Policy - Practice and Development **Credits: 3**
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits: 3**

## Social and Applied Science Suggested Electives

Pick from the following course options to complete the minor with 18 credits:

- AGE 1010 - Introduction to Aging and Long-Term Care Services **Credits: 3**
- AGE 2020 - Ageism and Ableism in Society **Credits: 3**
- AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations **Credits: 3**
- AGE 3800 - Long-Term Care: Managing Across the Continuum **Credits: 3**
- ANT 1010 - Introduction to Biological Anthropology **Credits: 3**
- BIO 1000 - Human Biology for Non-Majors **Credits: 3**
- HCM 2010 - Global Health Systems **Credits: 3**
- HCM 3100 - Entrepreneurship in Health **Credits: 1**
- HCM 3150 - Health Care Organization and Management **Credits: 3**
- HCM 3200 - Managing Quality in Health Care **Credits: 2**
- HCM 3400 - Human Resources Management in Health Care **Credits: 3**
- HCM 3500 - Health Care Research Methods **Credits: 3**
- HCM 3550 - Leadership in Health Care **Credits: 1**
- HCM 3700 - Health Disparities in the U.S. **Credits: 3**
- HLDR 1100 - Colorado Tourism and Recreation **Credits: 3**
- HSP 1010 - Introduction to Human Services and Counseling **Credits: 3**
- HSP 1020 - Introduction to Trauma Informed Care **Credits: 3**
- HSP 2010 - Introduction to High-Impact Nonprofit Organizations **Credits: 3**
- HSP 3460 - Addiction, Immunity, and Infectious Diseases **Credits: 2**
- HSP 3860 - Social Entrepreneurship **Credits: 3**

- ITP 1500 - Dynamics of Health **Credits: 3**
- ITP 1700 - Medical Terminology **Credits: 3**
- ITP 2700 - Holistic Dimensions of Wellness **Credits: 3**
- ITP 2800 - Health, Society, and the Environment **Credits: 3**
- ITP 3000 - Men's Health **Credits: 3**
- ITP 3100 - Health Education and Counseling **Credits: 3**
- ITP 3200 - Ethics in Health Care **Credits: 3**
- ITP 3450 - Dynamics of Disease **Credits: 3**
- ITP 3700 - Physiology of Aging **Credits: 3**
- ITP 3800 - Stress and Sleep: Impact on Health and Disease **Credits: 3**
- ITP 3850 - Lifestyle Medicine **Credits: 3**
- ITP 4700 - Community Health Education and Lifestyle Medicine **Credits: 3**
- MTH 1210 - Introduction to Statistics **Credits: 4**
- NUT 2040 - Introduction to Nutrition **Credits: 3**
- NUT 3350 - Global Nutrition and Health **Credits: 3**
- NUT 3500 - Food Safety **Credits: 3**
- NUT 4210 - Community Nutrition **Credits: 3**
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits: 3**
- PUB 2000 - Community Health Worker Fundamentals **Credits: 3**
- PUB 3000 - Health Behavior Theory and Practice **Credits: 3**
- PUB 3010 - Community Health Survey, Assessment and Health Improvement Planning **Credits: 3**
- PUB 3030 - Essentials of Environmental Health in Public Health Practices **Credits: 3**
- PUB 4000 - Health Policy - Practice and Development **Credits: 3**
- PUB 4010 - Health Program Planning, Implementation, and Evaluation **Credits: 3**
- PUB 4030 - Advanced Community Health Worker **Credits: 3**
- SLHS 2990 - Introduction to Health Communication **Credits: 3**
- SLHS 3000 - Foundations of Disability Studies through Media **Credits: 3**
- SWK 1600 - Community Engagement and Civic Responsibility **Credits: 3**

Total: 18 credits

## Department of Human Services and Counseling

Location: West Classroom, #236

Phone: 303-615-0700

E-Mail: [human-services@msudenver.edu](mailto:human-services@msudenver.edu)

### *Fire and Emergency Response Administration Minor*

The minor requires a total of 18 credits. Students must take FER 3110 and FER 3140 and select an additional 12 credits of coursework with a FER prefix. Students must earn a "C" or higher in all classes in the minor.

### *Fire and Emergency Response Administration, B.S.*

[Department of Human Services and Counseling](#)

[College of Health and Human Sciences](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The mission of the MSU Denver Fire and Emergency Response Administration (FERA) degree program is to promote higher education and to enhance the value of the fire and emergency response professions in order to promote a safer community and to reduce the loss of life, property, and the number of physical and emotional casualties from fire and other life-threatening events.

MSU Denver is one of only a few college and university programs in the country to carry the "Certificate of Recognition" from the National Fire Academy-Fire and Emergency Services Higher Education for every FESHE course offered by the university.

Fire and Emergency Response courses at MSU are part of a nationally standardized curriculum based on the National Fire Academy-Fire and Emergency Services Higher Education (FESHE) Model Curriculum and are intended to meet higher education criteria set forth by the National Fire Protection Association (NFPA) and the International Association of Fire Chiefs (IAFC).

### Student Outcomes

- Improve language, writing, and communication skills
- Exercise analytical and critical thinking
- Develop awareness of current global management issues in emergency services
- Develop a broad knowledge base of emergency services
- Apply management models compatible with the National Incident Management System

- Understand community risk reduction and mitigation efforts
- Understand the science and data behind fire investigations and tactical operations
- Gain insight into human behavior during emergencies
- Acquire insight into modern political and legal limitations on emergency services
- Understand the need for ethical leadership

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1110 - College Algebra for Calculus
  - **Recommended:** MTH 1210 - Introduction to Statistics
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Courses: 21 credits

- FER 3000 - Applications of Fire Research **Credits: 3**
- FER 3110 - Community Risk Reduction for Fire and Emergency Services **Credits: 3**
- FER 3140 - Fire and Emergency Services Administration **Credits: 3**
- FER 3200 - Fire Prevention, Organization, and Management **Credits: 3**
- FER 3430 - Personnel Development for Fire and Emergency Services **Credits: 3**
- FER 3460 - Political and Legal Foundations for Fire Protection **Credits: 3**
- FER 3911 - Cultural Competence for First Responders **Credits: 3**

## Electives: 16 credits

Students select 16 credits from the following:

- Any FER Course
  - Any HSP Course
  - COMM 3010 - Business and Professional Speaking **Credits: 3**
  - MGT 3000 - Organizational Management **Credits: 3**
  - MGT 4530 - Organizational Behavior **Credits: 3**
  - PSC 3020 - Introduction to Public Administration **Credits: 3**
  - PSC 3170 - Leadership Studies **Credits: 3**
- Note: Students can transfer a maximum of 6 credits from other institutions towards their electives.

## Senior Experience: 3 credits

- FER 4610 - Disaster Planning and Control **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Required Courses	21 credits
Major Electives	16 credits
Senior Experience	3 credits
Unrestricted Electives	44-47 credits
<b>Total for the Fire and Emergency Response Administration, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## High Risk Youth Studies Certificate

The 16-hour Certificate of Completion in High Risk Youth Studies is a comprehensive learning opportunity for those persons who wish to learn about current practices for the prevention, intervention, and treatment of high risk youth in a wide variety of practice settings. In order to qualify for the Certificate of Completion in High Risk Youth Studies, the student must complete an application verifying 300 hours of clinical or volunteer experience working with youth at risk. Contact the Center for High Risk Youth Studies (CHRY) in the Human Services and Counseling Department at 303-615-0700 for more information. Students must complete each course in the certificate program with a grade of "C" or better.

### Required Courses:

- HSP 3230 - High Risk and Offender Youth **Credits: 3**
- HSP 3260 - Systems Serving Youth **Credits: 2**
- HSP 3490 - Multicultural Issues in Human Services **Credits: 4**
- HSP 3590 - Counseling the Resistive Adolescent Client **Credits: 2**
- HSP 4540 - Youth, Drugs, and Gangs **Credits: 2**

3 credit elective chosen from the following courses:

- CJC 3350 - Juvenile Justice and Delinquency **Credits: 3**
- SWK 3010 - Social Work Practice with Children and Youth **Credits: 3**
- SOC 3400 - Child and Adolescent Socialization **Credits: 3**
- PSY 3260 - Psychology of Adolescence **Credits: 3**
- HSP 1020 - Introduction to Trauma Informed Care **Credits: 3**
- HSP 3550 - Intimate Partner Violence **Credits: 3**
- HSP 4160 - Human Trafficking **Credits: 3**

Total hours for certificate: 16

### Notes:

*\*A three semester hour elective in a related subject area to be selected by the student in consultation with a High Risk Youth advisor. Note that CJC 3350, Juvenile Justice and Delinquency, is recommended, but other courses may be included as part of the certificate of completion as relevant to the individual student's needs, career goals and interests.*

## Human Services Major, B.S.

[Department of Human Services and Counseling](#)

[College of Health and Human Sciences](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

Human Services refers to the art and science of helping people. At MSU Denver, students get just the right mix of hands-on experience and challenging study to become consummate and compassionate professionals. The Department of Human Services and Counseling at Metropolitan State University of Denver prepares students to become competent, self-reflective practitioners in the delivery of human services. At the core of the curriculum is an emphasis on experiential learning in the classroom and through intensive field experience and study abroad opportunities. Students can focus on general human services topics, or specific areas such as trauma and high-risk youth. The program also offers a concentration in Addictions Studies which prepares students for Colorado addiction counseling certifications. The program also offers a pathway for degree completion for students who currently have paramedic certification. In addition, the department offers an "Early Entry to the Master of Science in Clinical Behavioral Health, Emphasis in Addictions Counseling Pathway" for students who wish to begin their masters program while completing their undergraduate requirements. The department is committed to supporting students to develop high ethical standards and cultural sensitivity while becoming agents for positive change in people's lives and in their communities.

### Student Outcomes

- Students will **evaluate** the scope of conditions that impact all levels of human systems: individual, family, group, community, and society.
- Students will **explore** the mission and services of local organizations and their role and community impact
- Students will **examine** their own culture and values as well as those of communities other than their own and the implications for working with diverse communities.

- Students will **acquire** skills necessary to facilitate change at an individual, family, group, and/or programmatic level.
- Students will **demonstrate** professional behavior and ethical decision-making skills in the context of the human services/nonprofit sector.
- Students will **develop** clear professional writing and effective verbal and interpersonal communication skills.
- Students will **apply** knowledge and skills related to effective direct service delivery and appropriate interventions in their concentration area.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- For students in the "Early Entry Master of Science Pathway" A grade of "B-" or better is required in any graduate Human Services and Counseling course to be applied towards their undergraduate and graduate degree requirements.
- Students participate in field experience as part of this major, contributing to professional experience, skill development, networking, and resume-building.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics, is recommended for students interested in pursuing a master's degree.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- **Recommended:** NUT 2040 - Introduction to Nutrition is recommended
- Social and Behavioral Sciences (6 credits)
  - Recommended: HSP 1010 - Introduction to Human Services and Counseling can count towards both the major and the General Studies requirements.
  - Recommended: HSP 1020 - Introduction to Trauma Informed Care, can count towards both the major and the General Studies requirements.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 Credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Major Required Courses: 46 credits

- HSP 1010 - Introduction to Human Services and Counseling **Credits: 3**
- HSP 1020 - Introduction to Trauma Informed Care **Credits: 3**
- HSP 2010 - Introduction to High-Impact Nonprofit Organizations **Credits: 3**
- HSP 2020 - Small Group Dynamics: Theory and Experience **Credits: 4**
- HSP 2030 - Theory and Practice of Counseling **Credits: 4**
- HSP 2040 - Family Systems **Credits: 4**
- HSP 2070 - Pre-Field Placement Seminar **Credits: 1**
- HSP 3220 - Conflict Resolution and Decision Making **Credits: 3**
- HSP 3330 - Ethical and Legal Issues in Human Services **Credits: 3**
- HSP 3490 - Multicultural Issues in Human Services **Credits: 4**
- HSP 3710 - Research Methods and Program Evaluation in Human Services **Credits: 4**
- HSP 3760 - Motivational Interviewing for Client Change **Credits: 3 3 credits**
- HSP 4040 - Cognitive Behavior Therapy **Credits: 3**
- HSP 4320 - Psychopathology and the Mental Health Clinician **Credits: 4**

## Electives: 9 credits

For electives, students can use any HSP course or select 9 credits from an area of focus:

Students in the Addictions Counseling and Early Entry concentrations do not complete this requirement.

Trauma Studies Area of Focus:

- HSP 2105 - Foundations of Trauma Counseling **Credits: 3**
- HSP 3105 - Exploring the Impact of Trauma Counseling **Credits: 3**
- HSP 4105 - Advanced Trauma Counseling Skills **Credits: 3**

High-Risk Youth Area of Focus:

- HSP 3230 - High Risk and Offender Youth **Credits: 3**
- HSP 3260 - Systems Serving Youth **Credits: 2**
- HSP 3590 - Counseling the Resistive Adolescent Client **Credits: 2**
- HSP 4540 - Youth, Drugs, and Gangs **Credits: 2**

## Senior Experience: 10 credits

All majors\* complete their senior experience requirement through 10 credits of the following course:

*\*Note that the Paramedic Pathways students need to complete only 5 credits of internship.*

- HSP 4840 - Human Services Internship **Credits: 5-20**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Required Courses	46 credits
HSP Electives	9 credits
Senior Experience	10 credits
Unrestricted Electives	19-28 credits
<b>Total for the Human Services Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Addiction Studies Concentration: 26 credits

This concentration will provide students with broad knowledge and skills that are in all behavioral health services. Upon completion of

the program, students are eligible to apply for certification in Colorado as a Certified Addiction Technician (CAT). The counseling skills, training and knowledge that students receive are on the cutting edge of evidence-based outcome studies and best practices. Graduates attain skills and attitudes necessary to function as professional addiction counselors and that may lead to national certification. These are the required courses to fulfill Colorado Behavioral Health Administration's (BHA) educational requirements for Certified Addiction Specialist (CAS).

- HSP 3425 - Pharmacology of Drugs and Related Infectious Diseases **Credits: 4**
- HSP 3470 - Counseling the Substance Abuser **Credits: 4**
- HSP 4660 - Clinical Supervision in Human Services **Credits: 3**
- HSP 4880 - Addiction Studies Internship **Credits: 5 or 15 credits**

Students need a total of 15 credits (600 hours) to meet state addictions certification requirements. These hours can be completed over 1 - 3 semesters.

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Required Courses	46 credits
Addiction Studies Concentration	26 credits
Senior Experience	10 credits
Unrestricted Electives	2-11 credits
<b>Total for the Human Services Major, B.S., Addiction Studies Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Pathway for Current Paramedics: 24 credits

The Pathway for Current Paramedics is designed for students interested in combining their previous paramedic training with additional academic course work. Students with a current and valid Colorado and/or national Paramedic Certification will receive 24 credits towards their degree requirements.

The following courses are required but are taken during the major required courses.

- HSP 2020 - Small Group Dynamics: Theory and Experience **Credits: 4**
- HSP 2030 - Theory and Practice of Counseling **Credits: 4**
- HSP 2040 - Family Systems **Credits: 4**
- HSP 4320 - Psychopathology and the Mental Health Clinician **Credits: 4**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Required Courses	46 credits
Major Electives	9 credits
Additional Required Human Services Courses	counted in major
Paramedic Certification	24 credits
Senior Experience	5 credits
Unrestricted Electives	0-9 credits
<b>Total for the Human Services Major, B.S., Paramedic Pathway</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Early Entry to Master in Clinical Behavioral Health, Emphasis in Addictions Counseling Pathway

This pathway allows students to begin their graduate work while completing their undergraduate requirements. Students may apply to the Early Entry Master of Health in Clinical Behavioral Health, Emphasis in Addictions Counseling program after completing 59-65 credit hours in their bachelor's program including all General Studies requirements (33 credits) and specified courses in the department (32 credits). Any graduate level course counting towards either the undergrad or graduate degree must be completed with a 'B-' or higher. Students may complete their bachelor's degree at 120 credits (through our department if all requirements have been met, or through the Individualized Degree Program, if applicable).

## Pre-Application to Master's Program: 32 credits

Students need to complete all of their general studies courses (33) plus 32 credits of department courses. HSP 1010 and 1020 can be used to fulfill 3-6 credits of General Studies (Social and Behavioral Sciences).

- HSP 1010 - Introduction to Human Services and Counseling **Credits: 3**
- HSP 1020 - Introduction to Trauma Informed Care **Credits: 3**
- HSP 2030 - Theory and Practice of Counseling **Credits: 4**
- HSP 2040 - Family Systems **Credits: 4**
- HSP 3220 - Conflict Resolution and Decision Making **Credits: 3**
- HSP 3330 - Ethical and Legal Issues in Human Services **Credits: 3**
- HSP 3470 - Counseling the Substance Abuser **Credits: 4**
- HSP 3490 - Multicultural Issues in Human Services **Credits: 4**
- HSP 4320 - Psychopathology and the Mental Health Clinician **Credits: 4**

## Application and Bridge Semester: 13 credits

After completing 65 credits and the required course work, students may apply for the Early Entry master's program. Students complete the regular master's application. Students should take the following courses during the semester in which their application is being reviewed.

- HSP 2010 - Introduction to High-Impact Nonprofit Organizations **Credits: 3**
- HSP 2070 - Pre-Field Placement Seminar **Credits: 1**
- HSP 4040 - Cognitive Behavior Therapy **Credits: 3**
- Elective Courses: 6 credits

## Undergraduate Status Taking Masters Courses: 19-31 credits

Students who are accepted into the program can start taking "dual use" master's classes which will count towards both an undergraduate and graduate degree. Students will remain classified as undergraduate but pay graduate tuition rates for any master's level course. Courses designated (dual purpose) will count towards undergraduate and graduate degree requirements. BHAM courses without this designation (dual purpose) will count only towards graduate degree requirements. Students need a B- or higher in all BHAM courses to count towards both undergraduate and graduate degree requirements.

Students should consult the graduate catalog for further information regarding course information and program requirements at the graduate level.

- BHAM 5001 Advanced Ethical Practice **Credits: 3**

- BHAM 5002 Social and Cultural Foundations **Credits: 3**
- BHAM 5003 Development Across the Lifespan (dual purpose) **Credits: 3**
- BHAM 5004 Career Counseling Theory and Techniques (dual purpose) **Credits: 3**
- BHAM 5005 Theory and Techniques in Helping Relationships **Credits: 3**
- BHAM 5006 Group Counseling Theory and Techniques (dual purpose) **Credits: 3**
- BHAM 5008 Research and Evaluation (dual purpose) **Credits: 3**
- BHAM 5009 Addiction Counseling, Intervention and Prevention I **Credits: 3**
- BHAM 5010 Addiction Counseling, Intervention and Prevention II (dual purpose) **Credits: 3**
- BHAM 5014 Psychopharmacology, Neurobiology, and Infectious Diseases (dual purpose) **Credits: 4**

## Senior Experience: 10 credits

Students complete their Senior Experience course through:

- HSP 4840 - Human Services Internship **Credits: 5-20**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Preapplication Courses	32 credits
Application and Bridge Courses	13 credits
Dual Purpose Courses	19 credits
Senior Experience	10 credits
Unrestricted Electives	10-19 credits
<b>Total for the Human Services Major, B.S. Early Entry Pathway</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Human Services Minor*

The minor in Human Services complements majors such as Psychology, Human Development, Criminal Justice, Sociology,

Chicano Studies, African American Studies and Women's Studies by providing the practical, applied knowledge and skills to work with a variety of client populations. The minor in Human Services is designed to allow you to choose courses that meet your educational and career goals.

18 credits are required for the minor and must include HSP 1010 - Introduction to Human Services and Counseling and HSP 2030 - Theory and Practice of Counseling. The remaining credits are any HSP elective, 6 credits need to be upper division (3000 or 4000). A grade of "C" or better is required for each course in this program to count towards the bachelor's degree.

Please see a department advisor to discuss your goals and select classes for your minor.

## Human Services Minor (18 credits)

- HSP 1010 - Introduction to Human Services and Counseling **Credits: 3**
- HSP 2030 - Theory and Practice of Counseling **Credits: 4**
- HSP Elective Credits: 11 (6 credits must be 3000 or 4000 level)

Total: 18 credits

## *Trauma Studies Minor*

The minor in Trauma Studies complements majors such as Psychology, Fire and Emergency Response, Human Development, Criminal Justice, and Sociology by providing practical knowledge and skills necessary for careers that serve a client population that has experienced trauma. Students will learn about trauma and complex trauma, the impact trauma has on overall functioning as well as treatment interventions and supportive activities for practitioners who work with this population. The minor in Trauma Studies is designed to allow the student to choose courses that meet their educational and career goals as well as prepare them well for graduate study. The student must meet the University's graduation requirements for a baccalaureate degree. A letter grade of "C" or better is required in each Human Services and Counseling course.

## Trauma Minor (18 - 20 credits)

Required courses of Minor in Trauma Studies (16 credits)

- HSP 1010 - Introduction to Human Services and Counseling **Credits: 3**
- HSP 1020 - Introduction to Trauma Informed Care **Credits: 3**
- HSP 2030 - Theory and Practice of Counseling **Credits: 4**
- HSP 2105 - Foundations of Trauma Counseling **Credits: 3**
- HSP 3105 - Exploring the Impact of Trauma Counseling **Credits: 3**

## Suggested Electives (choose 1 course)

- HSP 3450 - Crisis Intervention **Credits:** 3
- HSP 3490 - Multicultural Issues in Human Services **Credits:** 4
- HSP 3550 - Intimate Partner Violence **Credits:** 3
- HSP 3940 - Victim Advocacy for Survivors of Interpersonal Violence **Credits:** 3
- HSP 4105 - Advanced Trauma Counseling Skills **Credits:** 3
- HSP 4160 - Human Trafficking **Credits:** 3
- HSP 4200 - Child Abuse and Neglect **Credits:** 2
- HSP 4320 - Psychopathology and the Mental Health Clinician **Credits:** 4
- HSP 4540 - Youth, Drugs, and Gangs **Credits:** 2

## Totals

Required Credits	16
HSP Electives	2-4
Total Credits	18-20

## Department of Nursing

Location: West Classroom, #247

## *Nursing Major - Accelerated Nursing Option, B.S.N.*

[Department of Nursing](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The **Accelerated Nursing Option (ANO)** is a second-degree program for students with a previous non-nursing, baccalaureate degree. This program concludes with a Bachelor of Science Degree in Nursing (B.S.N) and provides the required supervised practice hours to fulfill the experiential requirements to be eligible to take the

National Council Licensure Examination (NCLEX) and earn the Registered Nurse (RN) license.

## Accreditation

The MSU Denver Nursing Program is accredited by the Commission on Collegiate Nursing Education and is approved by the Colorado State Board of Nursing.

## Mission

The mission of the department of Nursing is to provide a high-quality, accessible, enriching interprofessional baccalaureate nursing education. Our learning community cultivates graduates who are prepared with the knowledge, skill, and competencies to advance professional nursing practice in a diverse, global and technological society. The goal of the nursing program is to prepare a diverse and inclusive generalist professional nurse who provides equitable care for patients in current and future healthcare delivery systems.

## Application Deadline

Applications are accepted multiple times throughout the year. Information regarding the application process and deadlines is available through the Department of Nursing. Please refer to the MSU Denver nursing program website for information about program-specific policies and procedures at: [msudenver.edu/nursing](http://msudenver.edu/nursing).

## Student Outcomes

- Communicate effectively with patients and interprofessional health care teams to enhance patient outcomes
- Integrate evidence, clinical judgment, interprofessional perspectives and patient preference in providing patient care
- Evaluate patient care environments for use of appropriate quality safety indicators
- Apply leadership and management principles to manage resources and achieve optimal patient outcomes
- Exhibit the knowledge, skills and attributes of a professional nurse

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A minimum of 120 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Student must be accepted separately into the Nursing program. This is a very competitive process. Contact the Department of Nursing with questions on this process.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

General Studies requirements for this program are met through the student's previous Bachelor's degree.

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Prerequisite Courses: 31-32 credits

All students must complete the following courses.

- BIO 2310 - Human Anatomy and Physiology I **Credits: 4**
- BIO 2320 - Human Anatomy and Physiology II **Credits: 4**
- BIO 2000 - Introductory Microbiology for Nursing **Credits: 4**  
or
- BIO 2400 - General Microbiology **Credits: 5**
- CHE 1100 - Principles of Chemistry **Credits: 4**  
and
- CHE 1150 - Principles of Chemistry Laboratory **Credits: 1**  
or
- CHE 1800 - General Chemistry I **Credits: 4**  
and
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**
- ITP 4600 - Clinical Pathophysiology **Credits: 4**
- MTH 1210 - Introduction to Statistics **Credits: 4**
- NUT 2040 - Introduction to Nutrition **Credits: 3**
- PSY 2210 - Psychology of Human Development **Credits: 3**

## Required Courses: 58 credits

- NURA 3020 - Foundations of Professional Nursing Practice **Credits: 6**

- NURA 3160 - Ethics and Professional Nursing Practice **Credits: 3**
- NURA 3400 - Evidence Based Practice Through Nursing Research **Credits: 3**
- NURA 3410 - Clinical Pharmacology **Credits: 4**
- NURA 3500 - Mental Health Nursing **Credits: 5**
- NURA 3700 - Nursing Health Assessment **Credits: 3**
- NURA 3810 - Medical Surgical Nursing Care I **Credits: 6**
- NURA 4000 - Community Health Nursing **Credits: 6**
- NURA 4030 - Nursing Care of the Childbearing Family **Credits: 5**
- NURA 4040 - Quality Care and Patient Safety Using Nursing Informatics **Credits: 3**
- NURA 4110 - Medical Surgical Nursing Care II **Credits: 6**
- NURA 4200 - Child and Family Health Nursing **Credits: 5**
- NURA 4300 - Leadership and Management in Professional Nursing Practice **Credits: 3**

## Senior Experience: 5 credits

- NURA 4850 - Nursing Senior Experience **Credits: 5**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Prerequisite Courses	31-32 credits
Required Courses	58 credits
Senior Experience	5 credits
Unrestricted Electives	0-2 credits
<b>Total for the Accelerated Nursing Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Nursing Major - Baccalaureate Registered Nurse Completion Option, B.S.N.*

[Department of Nursing](#)

[College of Health and Human Sciences](#)

Available Program  
Format(s): [Online](#)

## About the Program

The **Baccalaureate Registered Nurse Completion (BRNCO)** program concludes with a Bachelor of Science Degree in Nursing (B.S.N). This fully online program serves 1) RNs who wish to go back to school to get a Bachelor of Science degree, and 2) students currently enrolled in an Associate Degree in Nursing program and want to get a head start in a B.S.N. program.

## Accreditation

The MSU Denver Nursing Program is accredited by the Commission on Collegiate Nursing Education and is approved by the Colorado State Board of Nursing.

## Mission

The mission of the department of Nursing is to provide a high quality, accessible, enriching interprofessional baccalaureate nursing education. Our learning community cultivates graduates who are prepared with the knowledge, skill, and competencies to advance professional nursing practice in a diverse, global and technological society. The goal of the nursing program is to prepare a diverse and inclusive generalist professional nurse who provides equitable care for patients in current and future healthcare delivery systems.

## Application Deadline

Information regarding the application process and deadlines is available through the Department of Nursing.

## Prior Learning Assessment

Twenty semester hours of lower-division credit will be given for prior nursing education and ten semester hours of upper-division credit will be awarded for having a valid RN license.

## Student Outcomes

- Communicate effectively with patients and interprofessional health care teams to enhance patient outcomes
- Integrate evidence, clinical judgment, interprofessional perspectives and patient preference in providing patient care
- Evaluate patient care environments for use of appropriate quality safety indicators
- Apply leadership and management principles to manage resources and achieve optimal patient outcomes
- Exhibit the knowledge, skills and attributes of a professional nurse

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students must be accepted separately into the Nursing program.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- It is recommended that students fulfill this requirement with NUR 3810 - Multicultural Care of Patients and Their Families, which is required by the Nursing, Baccalaureate Registered Nurse Completion Option, major.

## Required Courses: 57 credits

- Nursing Awarded Credit: 30 credit hours (see note in program information)
- NUR 3120 - Introduction to Exemplary Professional Practice **Credits: 3**
- NUR 3160 - Ethics and Professional Nursing Practice **Credits: 3**
- NUR 3400 - Evidence Based Practice Through Nursing Research **Credits: 3**
- NUR 3770 - Nursing Care Coordination of Acute and Chronic Disease Management **Credits: 3**
- NUR 3810 - Multicultural Care of Patients and Their Families **Credits: 3**
- NUR 4010 - Population Health Nursing I **Credits: 3**
- NUR 4020 - Population Health Nursing Practicum **Credits: 3**
- NUR 4040 - Quality Care and Patient Safety Using Nursing Informatics **Credits: 3**
- NUR 4310 - Transformational Nursing Leadership **Credits: 3**

## Required Support Course: 3-4 credits

- Introductory Statistics Course<sup>1</sup> (To be approved by the Nursing Department.)

## Senior Experience: 3 credits

- NUR 4860 - Nursing Capstone: Culmination of the Magnet Journey **Credits: 3**

## Note:

<sup>1</sup> The Introductory Statistics course satisfies the General Studies - Quantitative Literacy requirement.

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Support Course	3-4 credits
Major Requirements	57 credits
Senior Experience Course	3 credits
Unrestricted Electives	20-27 credits
<b>Total for the Nursing Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Nursing Major - Traditional Nursing Option, B.S.N.*

[Department of Nursing](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The **Traditional Nursing Option (TNO)** is a program for students without a previous baccalaureate degree. This program concludes with a Bachelor of Science Degree in Nursing (B.S.N.) and provides the required supervised practice hours to fulfill the experiential requirements to be eligible to take the National Council Licensure Examination (NCLEX) and earn the Registered Nurse (RN) license.

## Accreditation

The MSU Denver Nursing Program is accredited by the Commission on Collegiate Nursing Education and is approved by the Colorado State Board of Nursing.

## Mission

The mission of the department of Nursing is to provide a high-quality, accessible, enriching interprofessional baccalaureate nursing education. Our learning community cultivates graduates who are prepared with the knowledge, skill, and competencies to advance professional nursing practice in a diverse, global and technological society. The goal of the nursing program is to prepare a diverse and inclusive generalist professional nurse who provides equitable care for patients in current and future healthcare delivery systems.

## Application Deadline

Applications are accepted multiple times throughout the year. Information regarding the application process and deadlines is available through the Department of Nursing. Please refer to the MSU Denver nursing program website for information about program-specific policies and procedures at: [msudenver.edu/nursing](http://msudenver.edu/nursing).

## Student Outcomes

- Communicate effectively with patients and interprofessional health care teams to enhance patient outcomes

- Integrate evidence, clinical judgment, interprofessional perspectives and patient preference in providing patient care
- Evaluate patient care environments for use of appropriate quality safety indicators
- Apply leadership and management principles to manage resources and achieve optimal patient outcomes
- Exhibit the knowledge, skills and attributes of a professional nurse

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Student must be accepted separately into the Nursing program. This is very competitive process. Contact the Department of Nursing with questions on this process.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1210 - Introduction to Statistics \*
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** BIO 1080 - General Biology I/ BIO 1090 - General Biology Laboratory I, prerequisites for BIO 2310 and BIO 2400 or BIO 2000\* and CHE 1100/ CHE 1150, prerequisite for BIO 2400 or BIO 2000\* or CHE 1800/CHE 1801, prerequisite for BIO 2400 or BIO 2000\*
- Social and Behavioral Sciences (6 credits)

- **Recommended:** PSY 1001 - Introductory Psychology, prerequisite for PSY 2210

- Global Diversity (0 or 3 credits\*\*)

*\* The listed courses are prerequisites for required prerequisite courses for the major and can also fulfill general studies requirements*

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Prerequisite Courses: 31-32 credits

All students must complete the following courses. These courses can also count towards the General Studies Requirements.

- BIO 2310 - Human Anatomy and Physiology I **Credits: 4**
- BIO 2320 - Human Anatomy and Physiology II **Credits: 4**
- BIO 2000 - Introductory Microbiology for Nursing **Credits: 4**  
OR
- BIO 2400 - General Microbiology **Credits: 5**

Website: [Nutrition Department Website](#)

## Didactic Program in Dietetics Post-Baccalaureate Certificate

The Didactic Program in Dietetics (DPD) Certificate provides students with the knowledge and skills required to pursue a dietetic internship to ultimately become a registered dietitian nutritionist (RDN). Students with a bachelor's degree who have not already obtained a DPD verification statement are eligible to enroll in the Certificate Program. To obtain a DPD verification statement through this Certificate Program, a total of 73 credits are required. 23 credits of coursework must be taken at MSU Denver (see "core courses") and the remaining courses can be transferred from another institution. Students must maintain a cumulative GPA of 3.0 or above with a minimum grade of C in all required courses for successful completion of the certificate. This is an academic certificate only and not to be used for practice or for seeking employment. Successful completion of the certificate requirements will permit a student to earn a DPD Verification Statement to become eligible to pursue supervised practice toward becoming a registered dietitian nutritionist.

\*Note that as of January 1, 2024, a master's degree is also required to pursue the RDN credential. Please see the Department of Nutrition for guidance on the best program for you.

## Prerequisite Courses

These courses are required for the DPD certificate program but may be transferred from another institution.

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**
- BIO 2310 - Human Anatomy and Physiology I **Credits: 4**
- BIO 2320 - Human Anatomy and Physiology II **Credits: 4**
- CHE 1100 - Principles of Chemistry **Credits: 4**
- CHE 1150 - Principles of Chemistry Laboratory **Credits: 1**
- CHE 2100 - Introduction to Organic and Biological Chemistry **Credits: 4**
- CHE 2150 - Introduction to Organic and Biological Chemistry Laboratory **Credits: 1**
- MTH 1210 - Introduction to Statistics **Credits: 4**
- NUT 2040 - Introduction to Nutrition **Credits: 3**
- NUT 3300 - Cultural Aspects of Nutrition **Credits: 3**
- NUT 3400 - Nutrition and Weight Management **Credits: 3**
- NUT 3500 - Food Safety **Credits: 3**
- NUT 3700 - Nutrition Education and Counseling **Credits: 3**
- PSY 1001 - Introductory Psychology **Credits: 3**
- RST 1200 - Basic Cooking Skills **Credits: 3**
- HCM 3150 - Health Care Organization and Management **Credits: 3**

## Core Courses

These courses must be taken through MSU Denver to obtain the DPD verification statement.

- NUT 1800 - Careers in Nutrition and Dietetics **Credits:** 1
- NUT 3150 - Advanced Nutrition - Macronutrients **Credits:** 3
- NUT 3160 - Advanced Nutrition - Micronutrients **Credits:** 3
- NUT 4160 - Empowered Leadership in Nutrition **Credits:** 3
- NUT 4200 - Lifecycle Nutrition for Majors **Credits:** 3
- NUT 4210 - Community Nutrition **Credits:** 3
- NUT 4720 - Nutrition Capstone **Credits:** 3
- NUT 4800 - Medical Nutrition Therapy **Credits:** 4

Total for Program: 73 credits

## *Nutrition and Dietetics Major, B.S.*

[Department of Nutrition](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

Metropolitan State University of Denver (MSU Denver) offers a Bachelor of Science degree with a major in Nutrition and Dietetics (NUD). The major includes a didactic program in dietetics (DPD) that has been granted Accreditation by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, 312-899-0040 ext. 5400, [acend@eatright.org](mailto:acend@eatright.org).

Students may choose to be enrolled in both the Nutrition and Dietetics major **and** the DPD **or** they may choose to be only enrolled in the Nutrition and Dietetics major or the DPD certificate program alone (this requires a bachelor's degree).

To become a registered dietitian nutritionist (RDN), students must complete a bachelor's degree and a master's degree. The accelerated BS to MS concentration is for students who plan on pursuing a Master of Science in Nutrition at MSU Denver. This option allows for 9 credits of coursework to meet the requirements of both the bachelor's and master's degrees and expedites program completion.

The mission of the MSU Denver Department of Nutrition is to prepare diverse students from the Denver Metropolitan area for successful careers in food, nutrition and dietetics by providing quality education that is culturally sensitive and instills a desire for life-long learning.

### Student Outcomes

- Integrate scientific information and translate research into practice.
- Demonstrate attitudes, values and behaviors aligned with nutrition and dietetics practice.
- Develop and deliver information, products and services to individuals, groups and populations.
- Strategically apply principles of management and systems in the provision of services to individuals and organizations.
- Demonstrate skills and knowledge relevant to leadership potential and professional growth in the field of nutrition and dietetics.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** It is recommended that students fulfill this requirement with MTH 1210 - Introduction to Statistics, which is required by the Nutrition and Dietetics major.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** It is recommended that students fulfill this requirement by taking BIO 1080 - General Biology I, BIO 1090 - General Biology Laboratory I, CHE 1100 - Principles of Chemistry, and/or CHE 1150 - Principles of

Chemistry Laboratory, all of which are required by the Nutrition and Dietetics major.

- Social and Behavioral Sciences (6 credits)
  - **Recommended:** It is recommended that students take PSY 1001 - Introductory Psychology, which is required by the Nutrition and Dietetics major.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

### Required Courses: 70 credits

- BIO 1080 - General Biology I **Credits:** 3
- BIO 1090 - General Biology Laboratory I **Credits:** 1
- BIO 2310 - Human Anatomy and Physiology I **Credits:** 4
- BIO 2320 - Human Anatomy and Physiology II **Credits:** 4
- CHE 1100 - Principles of Chemistry **Credits:** 4
- CHE 1150 - Principles of Chemistry Laboratory **Credits:** 1
- CHE 2100 - Introduction to Organic and Biological Chemistry **Credits:** 4
- CHE 2150 - Introduction to Organic and Biological Chemistry Laboratory **Credits:** 1
- HCM 3150 - Health Care Organization and Management **Credits:** 3
- MTH 1210 - Introduction to Statistics **Credits:** 4
- NUT 1800 - Careers in Nutrition and Dietetics **Credits:** 1
- NUT 2040 - Introduction to Nutrition **Credits:** 3
- NUT 3150 - Advanced Nutrition - Macronutrients **Credits:** 3
- NUT 3160 - Advanced Nutrition - Micronutrients **Credits:** 3
- NUT 3200 - Nutrition and Sports Performance **Credits:** 3
- OR
- NUT 3400 - Nutrition and Weight Management **Credits:** 3
- NUT 3300 - Cultural Aspects of Nutrition **Credits:** 3
- NUT 3500 - Food Safety **Credits:** 3
- NUT 3700 - Nutrition Education and Counseling **Credits:** 3

- NUT 4160 - Empowered Leadership in Nutrition **Credits:** 3
- NUT 4200 - Lifecycle Nutrition for Majors **Credits:** 3
- NUT 4210 - Community Nutrition **Credits:** 3
- NUT 4800 - Medical Nutrition Therapy **Credits:** 4
- RST 1200 - Basic Cooking Skills **Credits:** 3
- PSY 1001 - Introductory Psychology **Credits:** 3

## Accelerated BS to MS Concentration: 9 credits

This concentration allows students in the Bachelor of Science in Nutrition and Dietetics program who are planning to pursue the Master of Science in Nutrition program to take 9 credits of graduate program credit to accelerate the graduate program. See Department of Nutrition for additional information regarding the Accelerated BS to MS Program.

- NUT 5100 Introduction to Nutrition Research **Credits:** 3
- NUT 5110 Macronutrients in Health and Disease **Credits:** 3
- NUT 5120 Vitamins, Minerals, and Bioactive Compounds in Health and Disease **Credits:** 3

## Senior Experience: 3 credits

- NUT 4720 - Nutrition Capstone **Credits:** 3

## Summary of Requirements

### Without Concentration

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	70 credits
Senior Experience	3 credits
Unrestricted Electives	11-26 credits
<b>Total for the Nutrition and Dietetics Major, B.S.</b>	<b>120 Credits</b>

### With Concentration

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	70 credits

Concentration Courses	9 credits
Senior Experience	3 credits
Unrestricted Electives	2-17 credits
<b>Total for the Nutrition and Dietetics Major, B.S.</b>	<b>120 Credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## ***Nutrition Minor***

The minor in nutrition is designed to complement a major chosen by a student and/or for individuals who wish to establish a basic understanding of nutrition. A minimum of 18 semester hours is required to complete the minor. A letter grade of at least "C-" must be attained in each of the courses in the Nutrition Minor. Students should note that programs differ in the minimum grade required.

The Nutrition Minor will not meet educational requirements for qualification as a Registered Dietitian Nutritionist (RDN). A major in nutrition from an accredited institution, an approved internship, and passing a national exam are all requirements to obtain the RDN credential.

### **Required Courses:**

- NUT 2040 - Introduction to Nutrition **Credits: 3**
- NUT 3040 - Nutrition Concepts and Controversies **Credits: 3**
- NUT 3050 - Concepts of Lifecycle Nutrition **Credits: 3**

### **Elective Courses**

Select 9 credits of courses with the NUT prefix.

**Total for minor: 18**

## ***Nutrition Science Major, B.S.***

[Department of Nutrition](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

Students who attain a Bachelor of Science degree with a major in Nutrition Science will be prepared for graduate level nutrition/food science study or professional health programs (e.g. physician assistant, medical doctor, physical therapy).

Students must earn a grade of "C-" or better in all courses required for the major in order to progress through the program. Courses with grades less than "C-" will need to be repeated in order for the student to take any other courses for which the first course is a prerequisite. All general requirements of the University for a Bachelor of Science degree must be met prior to graduation. In addition, students must maintain a minimum cumulative GPA of 2.0 or higher in the Bachelor of Science degree with a major in Nutrition Science.

### **Student Outcomes**

1. Demonstrate critical thinking skills and analytical abilities to identify and solve problems in the nutrition sciences.
2. Critique and effectively communicate nutrition information.
3. Demonstrate an understanding of the functions and interrelationships of nutrients and food in human health, disease prevention, and disease states.
4. Integrate the biological, behavioral, socioeconomic and environmental factors related to food and nutrient intakes and needs across the lifespan.
5. Demonstrate effective and professional technical and scientific communication skills using current technologies.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)

- Quantitative Literacy (3 credits)
- **Recommended:** It is recommended that students fulfill this requirement with MTH 1210 - Introduction to Statistics, which is required by the Nutrition Science major.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- **Recommended:** It is recommended that students fulfill this requirement by taking BIO 1080 - General Biology I, BIO 1090 - General Biology Laboratory I; CHE 1800 - General Chemistry I and/or CHE 1801 - General Chemistry I Laboratory, all of which are required by the Nutrition Science major.
- Social and Behavioral Sciences (6 credits)
- **Recommended:** It is recommended that students take PSY 1001 - Introductory Psychology, which is required by the Nutrition Science major.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Courses: 86 credits

- BIO 1080 - General Biology I Credits: 3
- BIO 1081 - General Biology II Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1
- BIO 1091 - General Biology Laboratory II Credits: 1
- BIO 2310 - Human Anatomy and Physiology I Credits: 4
- BIO 2320 - Human Anatomy and Physiology II Credits: 4
- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3100 - Organic Chemistry I Credits: 4

- PHY 2020 - College Physics II Credits: 4
- PHY 2040 - College Physics II Laboratory Credits: 1
- PSY 1001 - Introductory Psychology Credits: 3

### Select Two of the Following:

- NUT 3200 - Nutrition and Sports Performance Credits: 3
- NUT 3300 - Cultural Aspects of Nutrition Credits: 3
- NUT 3350 - Global Nutrition and Health Credits: 3
- NUT 3400 - Nutrition and Weight Management Credits: 3
- NUT 3500 - Food Safety Credits: 3
- NUT 3700 - Nutrition Education and Counseling Credits: 3

## Senior Experience: 3 credits

Select One of the Following:

- NUT 4720 - Nutrition Capstone Credits: 3
- CHE 4960 - Senior Experience in Biochemistry Credits: 3
- HON 4950 - Senior Honors Thesis Credits: 3

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirement	86 credits
Senior Experience	3 credits
Unrestricted Electives	0-10 credits
<b>Total for the Nutrition Science Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Nutrition Studies Major, B.S.*

## About the Program

The Nutrition Studies baccalaureate degree is a degree option for students wishing to study of the science of nutrition without pursuing the registered dietitian nutritionist (RDN) credentials.

This B.S. degree is intended for students who are interested in the scientific foundation of nutrition principles. The program is comprised of a 53 credit Nutrition core, which provides students with the nutrition knowledge necessary to be nutrition professionals, including nutrition biochemistry and metabolism, food safety, nutrition education and counseling and nutrition research and evaluation, among others. Students have the flexibility to choose electives and/or a minor program that align with their interests. This is a major for those who are not pursuing dietetic registration. A grade of C- or better is required in all major courses.

## Student Outcomes

- Integrate scientific information and translate research into practice.
- Demonstrate attitudes, values and behaviors aligned with nutrition practice.
- Critique and effectively communicate nutrition information to a wide range of audiences.
- Demonstrate an understanding of the functions and interrelationships of nutrients and food in human health, disease prevention, and disease states.
- Integrate the biological, behavioral, socioeconomic and environmental factors related to food and nutrient intakes and needs across populations and life stages.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** BIO 1080 - General Biology I, BIO 1090 - General Biology Laboratory I, CHE 1100 - Principles of Chemistry, CHE 1150 - Principles of Chemistry Laboratory which are all required in the major.
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Courses: 53 credits

- BIO 1080 - General Biology I Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1
- BIO 2310 - Human Anatomy and Physiology I Credits: 4
- BIO 2320 - Human Anatomy and Physiology II Credits: 4
- CHE 1100 - Principles of Chemistry Credits: 4
- CHE 1150 - Principles of Chemistry Laboratory Credits: 1
- CHE 2100 - Introduction to Organic and Biological Chemistry Credits: 4
- CHE 2150 - Introduction to Organic and Biological Chemistry Laboratory Credits: 1
- NUT 1800 - Careers in Nutrition and Dietetics Credits: 1
- NUT 2040 - Introduction to Nutrition Credits: 3
- NUT 3040 - Nutrition Concepts and Controversies Credits: 3

- NUT 3050 - Concepts of Lifecycle Nutrition Credits: 3
- NUT 3150 - Advanced Nutrition - Macronutrients Credits: 3
- NUT 3160 - Advanced Nutrition - Micronutrients Credits: 3
- NUT 3300 - Cultural Aspects of Nutrition Credits: 3
- NUT 3500 - Food Safety Credits: 3
- NUT 3700 - Nutrition Education and Counseling Credits: 3
- NUT 3850 - Nutrition and Chronic Disease Credits: 3
- NUT 4210 - Community Nutrition Credits: 3

## Major Electives: 6 credits

Select 6 credits from the following list

- HCM 3150 - Health Care Organization and Management Credits: 3
- NUT 3000 - Nutrition: Past and Present Credits: 3
- NUT 3101 - Body Image: Concepts and Approaches Credits: 3
- NUT 3200 - Nutrition and Sports Performance Credits: 3
- NUT 3350 - Global Nutrition and Health Credits: 3
- NUT 3400 - Nutrition and Weight Management Credits: 3
- NUT 3810 - Nutrition and Social Media Credits: 1
- NUT 3820 - Plant Based Nutrition Credits: 1
- NUT 4300 - Management in Dietetics Credits: 3
- NUT 4800 - Medical Nutrition Therapy Credits: 4
- RST 1200 - Basic Cooking Skills Credits: 3

## Senior Experience: 3 credits

- NUT 4720 - Nutrition Capstone Credits: 3

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirement	53 credits
Major Electives	6 credits
Senior Experience	3 credits
Unrestricted Electives	22-37 credits
<b>Total for the Nutrition Studies Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.

**Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Pathway 2 Lactation Consultant Training Certificate

The Pathway 2 Lactation Consultant Training Certificate Program is an undergraduate certificate for students who wish to receive the necessary education and skills to be an International Board Certified Lactation Consultant (IBCLC). Students need to complete the required pre-reqs prior to applying for the certificate program.

The minimum passing grade for all courses included in this certificate is an earned grade of "C".

## Pre-requisites

Courses required as pre-requisites for entry into the lactation consultant training program undergraduate certificate (alternate courses may be considered)

- BIO 1080 - General Biology I Credits: 3
- BIO 2310 - Human Anatomy and Physiology I Credits: 4
- BIO 2320 - Human Anatomy and Physiology II Credits: 4
- ITP 1700 - Medical Terminology Credits: 3
- NUT 2040 - Introduction to Nutrition Credits: 3
- NUT 3300 - Cultural Aspects of Nutrition Credits: 3
- NUT 3700 - Nutrition Education and Counseling Credits: 3
- NUT 4040 - Nutrition Research Design and Evaluation Credits: 3
- NUT 4200 - Lifecycle Nutrition for Majors Credits: 3
- NUT 4800 - Medical Nutrition Therapy Credits: 4

## Required Courses

- NUT 4950 - Lactation Management Credits: 3
- NUT 4970 - Clinical Skills for Breastfeeding Support Credits: 3
- NUT 4990 - Clinical Lactation Practicum Credits: 1-8 (must complete 12 credits)

**Total: 18 credits**

## Department of Social Work

Location: Central Classroom Building, Suite 201

Phone: 303-615-0555

E-Mail: [socialwork@msudenver.edu](mailto:socialwork@msudenver.edu)

# Social Work Major, B.S.

[Department of Social Work](#)

[College of Health and Human Sciences](#)

Available Program Format(s): [Online](#),  
[In-Person](#), [Hybrid](#)

## About the Program

The undergraduate social work program at MSU Denver is about empowering change and transforming lives. Our program is dedicated to preparing the next generation of professionals to tackle today's complex social challenges with innovation, resilience, and a solid foundation of social work skills. The BSSW program at MSU Denver believes that social work is more than a profession - it is a passion for justice and a commitment to change and wellness in our communities. Our program provides a comprehensive education, blending rigorous academics with experiential learning in community-based organizations. Program highlights include a curriculum rooted in a commitment to anti-racism, diversity, equity, and inclusion; experienced faculty who bring a wealth of knowledge and experience to student learning; and dedicated advisors, mentors, and peer networks here to help you succeed. Students may complete the BSSW degree fully online or in the mixed delivery program, which consists of a variety of options including on campus, hybrid and online. Online courses often require synchronous activity with a set meeting time each week.

Social work is a continually growing field, so the job market is good for social workers right now. The US Bureau of Labor Statistics expects social work jobs to grow by 7% by 2032, which is faster than the national average growth rate. Because social work is such a diverse field, there are many opportunities for individuals with a degree in social work. Social workers can find jobs in a variety of settings including non-profits, schools, governmental agencies, hospitals, and mental health centers.

## Accreditation

The Bachelor of Science in Social Work (BSSW) Program has been continuously accredited since 1997 by the Council on Social Work Education, the sole accrediting body for social work programs in the U.S. Accreditation assures that professional standards are met in curriculum content and delivery. Accredited programs periodically undergo rigorous review by CSWE in order to ensure compliance with educational standards.

## Student Outcomes

The goal of the BSSW Program is to prepare students for generalist social work practice in professional settings, as is congruent with our accreditation standards. More specifically, students who graduate from our program will be able to:

- Demonstrate ethical and professional behavior
- Advance human rights and social, racial, economic, and environmental justice
- Engage anti-racism, diversity, equity, and inclusion (ADEI) in practice
- Engage in practice-informed research and research-informed practice
- Engage in policy practice
- Engage with individuals, families, groups, organizations and communities
- Assess individuals, families, groups, organizations and communities
- Intervene with individuals, families, groups, organizations and communities
- Evaluate practice with individuals, families, groups, organizations and communities

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each SWK course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- All ancillary courses must be completed with a grade of "D-" or better.
- The major requires 6 credits of Social Work prerequisite courses to set the foundation for coursework in the major. Students must have all prerequisite courses completed prior to entry into the major.
- Upon approaching completion of the prerequisites, students may apply to the program (a formal application is required for acceptance into the major, see below).

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- **Recommended:** ENG 1010 - Composing Arguments and ENG 1020 - Research and Argument Writing are recommended for Social Work majors.
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)

- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- **Recommended:** BIO 1000 - Human Biology for Non-Majors, BIO 1030 - General Biology for Non-Majors, or BIO 1080 - General Biology I and BIO 1090 - General Biology Laboratory I are recommended for Social Work Majors.
- Social and Behavioral Sciences (6 credits)
- **Recommended:** PSC 1010 - American National Government and PSY 1001 - Introductory Psychology are recommended for Social Work majors. One of the following courses is also recommended: SOC 1010 - People, Power, and Progress, ANT 1310 - Introduction to Cultural Anthropology, or ANT 2330 - Cross-Cultural Communication.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Ancillary Prerequisite Courses: 18-19 credits

The following courses must be completed before students may apply to the BSSW Program. All ancillary courses must be completed with a grade of "D-" or better.

- ENG 1010 - Composing Arguments **Credits:** 3  
and
- ENG 1020 - Research and Argument Writing **Credits:** 3
- BIO 1000 - Human Biology for Non-Majors **Credits:** 3  
or
- BIO 1030 - General Biology for Non-Majors **Credits:** 4  
or
- BIO 1080 - General Biology I **Credits:** 3  
and
- BIO 1090 - General Biology Laboratory I **Credits:** 1
- PSC 1010 - American National Government **Credits:** 3
- PSY 1001 - Introductory Psychology **Credits:** 3
- SOC 1010 - People, Power, and Progress **Credits:** 3  
or
- ANT 1310 - Introduction to Cultural Anthropology **Credits:** 3  
or
- ANT 2330 - Cross-Cultural Communication **Credits:** 3

## Social Work Prerequisites: 6 credits

The following social work courses must be completed before students may apply to the BSSW Program. All social work courses must be completed with a grade of "C-" or better.

- SWK 1010 - Introduction to Social Work **Credits:** 3
- SWK 1600 - Community Engagement and Civic Responsibility **Credits:** 3

## Required Social Work Courses: 45 credits

Once a student has completed all General Studies requirements, ancillary course requirements, and social work prerequisite courses, they are eligible to apply to the BSSW program. Once admitted to the BSSW Program, students are eligible to enroll in the following required courses. Because the BSSW degree is professionally-oriented, students must pass through the curriculum in a sequential manner with lower-level courses preparing them for the work and expectations of upper-level courses. Students must adhere to the required coursework and pass all courses with a C- or better.

- SWK 3050 - Theories for Individual and Social Change **Credits:** 3
  - SWK 3090 - Critical Reflection: Exploring Social Work Thinking and Knowledge **Credits:** 3
  - SWK 3120 - Unraveling Inequalities in Social Work Practice **Credits:** 3
  - SWK 3350 - Social Work Experience, Practice and Communication **Credits:** 3
  - SWK 3780 - Social Work Policy Practice **Credits:** 3
  - SWK 3410 - Engaging for Change **Credits:** 3
  - SWK 3420 - The Power of Groups in Social Work **Credits:** 3
  - SWK 4400 - Macro Magic: Co-Creating Change in Communities and Organizations **Credits:** 3
  - SWK 4300 - Introduction to Social Work Research Methods **Credits:** 3
  - SWK 4310 - Research Applications and Data Analysis **Credits:** 3
  - SWK 4430 - Partnering with Families for Change **Credits:** 3
- BSSW students are required to take 4 upper division elective courses (12 credits). An up-to-date list of approved upper division Social Work electives can be found on our departmental website, as well as the semester the course is likely to be offered.

## Senior Experience: 6 credits

- SWK 4500 - Field Experience I **Credits:** 3
- SWK 4510 - Field Experience II **Credits:** 3

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Required Ancillary Prerequisites	18-19 credits
Social Work Prerequisites	6 credits
Required Social Work Courses	45 credits
Senior Experience	6 credits
Unrestricted Electives	8-28 credits
<b>Total for the Social Work Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Social Work Minor***

The Social Work Minor is designed for students interested in augmenting their major with social work courses. Graduates with a Minor in Social Work are not considered social workers. However, employers may value the minor, particularly if the student is pursuing a career in a helping field. Students must earn a "C-" or above to earn credit for the social work courses in the minor. Students must declare the minor using the Declaration of Major/Minor form on the Office of the Registrar's website.

## **Required Courses**

- SWK 1010 - Introduction to Social Work **Credits: 3**
- SWK 1600 - Community Engagement and Civic Responsibility **Credits: 3**
- SWK 3120 - Unraveling Inequalities in Social Work Practice **Credits: 3**
- SWK 3410 - Engaging for Change **Credits: 3**  
SWK Upper Division Elective (2 courses) **Credits: 6**

**Total for Social Work Minor: 18 credits**

## **Additional Information**

### ***Transferring to the Social Work Major from the Social Work Minor***

Current Social Work Minor students may apply as a major to the BSSW Program. Students must be formally accepted into the program in order to be considered a BSSW Major. Upon acceptance into the major, students are to meet with the BSSW Program Advisor

to receive a course of study plan. The application and admission requirements for the BSSW Major are defined above.

For further information, please visit the Department of Social Work at [www.msudenver.edu/social-work](http://www.msudenver.edu/social-work).

## **Department of Speech, Language, Hearing Sciences**

Location: Central Classroom Building, Suite 120

Phone: 303-615-0045

E-Mail: [slhs@msudenver.edu](mailto:slhs@msudenver.edu)

Website: [Speech, Language, Hearing Sciences Department Website](http://www.msudenver.edu/speech-language-hearing-sciences/)

## ***Speech, Language, Hearing Sciences - Leveling Certificate***

This certificate allows students with a bachelor's degree in a field other than speech, language, hearing sciences (SLHS) to demonstrate completion of a specific sequence of foundational courses required by most graduate programs in speech-language pathology and audiology.

MSU Denver prerequisites to SLHS 2100, SLHS 2530, and SLHS 3530 will be waived for certificate-seeking students. However, students who lack background in algebra, general biology, and/or English grammar should consider taking recommended prerequisites.

SLHS leveling courses must be taken in a prescribed sequence. Students should contact an SLHS program advisor to obtain a transcript evaluation and more information about registration procedures. Visit the department webpage to schedule an appointment with an SLHS advisor:  
<https://www.msudenver.edu/speech-language-hearing-sciences/>

Students must earn a C or better in all required courses to apply towards the SLHS Leveling Certificate.

## **Required Courses**

- SLHS 2100 - Language Acquisition and Development **Credits: 3**
- SLHS 2530 - Speech Science **Credits: 3**
- SLHS 3200 - Clinical Phonetics **Credits: 3**
- SLHS 3300 - Principles of Assessment and Intervention **Credits: 3**
- SLHS 3530 - Anatomy and Physiology of Speech and Hearing **Credits: 3**
- SLHS 3600 - Diagnostic Audiology **Credits: 3**
- SLHS 4100 - Language Disorders and Differences **Credits: 3**
- SLHS 4200 - Speech Disorders and Differences **Credits: 3**

- SLHS 4530 - Neural Bases of Communication and Its Disorders

**Credits:** 3

- SLHS 4610 - Aural Rehabilitation **Credits:** 3

Total Credits: 30

## ASHA Requirements

Students who plan to pursue graduate school in speech-language pathology or audiology should plan on taking additional courses during their undergraduate program. Students must have standalone coursework in a) statistics; b) physics or chemistry; c) biological sciences and d) social/behavioral sciences to meet clinical certification requirements of the American Speech-Language-Hearing Association.

## *Speech, Language, Hearing Sciences Major, B.A.*

[Department of Speech, Language,  
Hearing Sciences](#)

[College of Health and Human  
Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

This major provides a sound background for students pursuing careers in education, health care, and vocational rehabilitation. Graduates with the SLHS major will have the prerequisite coursework to pursue a graduate degree in speech-language pathology or audiology, which opens careers in schools, community clinics, hospitals, rehabilitation centers, and private practice. This major is also designed for students planning to work in the schools as a speech-language pathology assistant. For more information on the undergraduate program or careers within SLHS visit: <https://www.msudenver.edu/speech-language-hearing-sciences/>.

## Student Outcomes

The B.A. in SLHS is a comprehensive degree program in which knowledge of communication and its disorders is converged with everyday applications. Specific programmatic learning outcomes are:

- Explain the roles of acoustic, developmental, environmental, and neurobiopsychosocial factors in typical and atypical human communication.
- Describe how cultural and linguistic diversity, environmental, and social factors impact the assessment and intervention of human communication.
- Critically appraise peer-reviewed speech, language, hearing research.
- Demonstrate effective oral and written communication and collaborative skills required for professional pursuits.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A graduate degree is required for entry-level practice in audiology and speech-language pathology (SLP). However, certain coursework should be completed at the undergraduate level to be eligible for clinical certification by the American Speech-Language-Hearing Association (ASHA). ASHA requires a standalone course in statistics; a college-level chemistry or physics course; a college-level course in biological science and a college-level course in social/behavioral science. For more information about the graduate program in SLP at MSU Denver visit: <https://www.msudenver.edu/speech-language-hearing-sciences/graduate-program/>

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1110 - College Algebra for Calculus or MTH 1112 - College Algebra Through Modeling (one of which is required in the Ancillary Courses)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- **Recommended:** BIO 1080 - General Biology I and BIO 1090 - General Biology Laboratory I (both courses are required in the Ancillary Courses)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Required Ancillary Courses: 8 credits

Required ancillary courses may be used to fulfill General Studies requirements.

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**
- MTH 1110 - College Algebra for Calculus **Credits: 4**  
or
- MTH 1112 - College Algebra Through Modeling **Credits: 4**

### Required Courses: 30 credits

- SLHS 1500 - Introduction to Communication Sciences and Disorders **Credits: 3**
- SLHS 2100 - Language Acquisition and Development **Credits: 3**
- SLHS 2530 - Speech Science **Credits: 3**
- SLHS 3200 - Clinical Phonetics **Credits: 3**
- SLHS 3300 - Principles of Assessment and Intervention **Credits: 3**
- SLHS 3530 - Anatomy and Physiology of Speech and Hearing **Credits: 3**
- SLHS 3600 - Diagnostic Audiology **Credits: 3**
- SLHS 4100 - Language Disorders and Differences **Credits: 3**
- SLHS 4200 - Speech Disorders and Differences **Credits: 3**
- SLHS 4610 - Aural Rehabilitation **Credits: 3**

### Elective Courses: 5-9 credits

Select 5-9 credits from the following courses:

- COMM 3000 - Diversity and Communication in the U.S. **Credits: 3**
- LING 2010 - Introduction to Linguistics **Credits: 4**
- LING 3011 - Analyzing English **Credits: 4**
- SLHS 1610 - American Sign Language I **Credits: 3**
- SLHS 1620 - American Sign Language II **Credits: 3**
- SLHS 2990 - Introduction to Health Communication **Credits: 3**
- SLHS 3000 - Foundations of Disability Studies through Media **Credits: 3**
- SLHS 4350 - Speech-Language Pathology Assistant Methods **Credits: 7**
- SLHS 4530 - Neural Bases of Communication and Its Disorders **Credits: 3**

### Senior Experience: 3-7 credits

- SLHS 4300 - Senior Experience in Speech, Language, Hearing Sciences **Credits: 3**  
or
- SLHS 4350 - Speech-Language Pathology Assistant Methods **Credits: 7**

### Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Ancillary Courses	8 credits
Major Required Courses	30 credits
Major Electives	5-9 credits
Senior Experience	3-7 credits
Unrestricted Electives	34-56 credits
<b>Total for the Speech, Language, Hearing Sciences Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

### *Speech, Language, Hearing Sciences Minor*

Students seeking a Speech, Language, Hearing Sciences minor are required to take a minimum of 18 semester hours, nine of which must be upper division. A grade of C or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

Visit the department webpage to schedule an advising appointment.

### Required Courses: 6 credits

- SLHS 1500 - Introduction to Communication Sciences and Disorders **Credits: 3**
- SLHS 3000 - Foundations of Disability Studies through Media **Credits: 3**

### Additional Elective Courses: 12 credits

Select four courses from the following list. Three courses need to be upper division.

- COMM 3000 - Diversity and Communication in the U.S. **Credits:** 3
- SLHS 1610 - American Sign Language I **Credits:** 3
- SLHS 1620 - American Sign Language II **Credits:** 3
- SLHS 2100 - Language Acquisition and Development **Credits:** 3
- SLHS 2530 - Speech Science **Credits:** 3
- SLHS 2990 - Introduction to Health Communication **Credits:** 3
- SLHS 3200 - Clinical Phonetics **Credits:** 3
- SLHS 3300 - Principles of Assessment and Intervention **Credits:** 3
- SLHS 3530 - Anatomy and Physiology of Speech and Hearing **Credits:** 3
- SLHS 3600 - Diagnostic Audiology **Credits:** 3
- SLHS 4100 - Language Disorders and Differences **Credits:** 3
- SLHS 4200 - Speech Disorders and Differences **Credits:** 3
- SLHS 4300 - Senior Experience in Speech, Language, Hearing Sciences **Credits:** 3
- SLHS 4350 - Speech-Language Pathology Assistant Methods **Credits:** 7
- SLHS 4610 - Aural Rehabilitation **Credits:** 3

*Note: Some courses require prerequisites and may need to progress in a certain order. See suggested Elective Progressions, these are not mandatory and should not replace consultation with SLHS advisor. Visit the department webpage to schedule an advising appointment.*

## Speech Elective Progression

The following Elective Progression recommendations are not mandatory but are provided to show examples of how electives can cater to a particular interest in the field. Students should consult with an SLHS advisor. Visit the department webpage to schedule an advising appointment.

- SLHS 2530 - Speech Science **Credits:** 3
- SLHS 3200 - Clinical Phonetics **Credits:** 3
- SLHS 3300 - Principles of Assessment and Intervention **Credits:** 3
- SLHS 4200 - Speech Disorders and Differences **Credits:** 3

## Language Elective Progression

- SLHS 2100 - Language Acquisition and Development **Credits:** 3
- SLHS 3300 - Principles of Assessment and Intervention **Credits:** 3
- SLHS 4100 - Language Disorders and Differences **Credits:** 3  
and
- SLHS 4300 - Senior Experience in Speech, Language, Hearing Sciences **Credits:** 3  
or
- COMM 3000 - Diversity and Communication in the U.S. **Credits:** 3

## Audiology Elective Progression

- SLHS 2530 - Speech Science **Credits:** 3
- SLHS 3530 - Anatomy and Physiology of Speech and Hearing **Credits:** 3
- SLHS 3600 - Diagnostic Audiology **Credits:** 3
- SLHS 4610 - Aural Rehabilitation **Credits:** 3

## Science Elective Progression

- SLHS 2530 - Speech Science **Credits:** 3
- SLHS 3530 - Anatomy and Physiology of Speech and Hearing **Credits:** 3
- SLHS 4530 - Neural Bases of Communication and Its Disorders **Credits:** 3  
and
- SLHS 3200 - Clinical Phonetics **Credits:** 3  
or
- SLHS 3600 - Diagnostic Audiology **Credits:** 3  
or
- SLHS 4300 - Senior Experience in Speech, Language, Hearing Sciences **Credits:** 3

Total: 18 credits

## Speech-Language Pathology Assistant Certificate

This certificate prepares students who have a bachelor's degree in a field outside of SLHS to obtain the Colorado Department of Education Authorization for Speech-Language Pathology Assistants (SLP-A).

MSU Denver prerequisites to SLHS 2100, SLHS 2530, and SLHS 3530 will be waived for post-bachelors students seeking the SLP-A certificate. However, students who lack background in algebra, general biology, and/or English grammar should consider taking the recommended prerequisites.

Certificate courses must be taken in a prescribed sequence. Students should contact an SLHS advisor to obtain a transcript evaluation and more information about registration procedures.

Entrance to the certificate's capstone course (SLHS 4350) requires a cumulative GPA of 2.5 or better and at least a C in all SLHS prerequisite courses. Students must apply to be considered for SLHS 4350. Visit the department webpage for information on what the application includes: <https://www.msudenver.edu/speech-language-hearing-sciences/undergraduateprogram/>.

## Required Courses

- SLHS 2100 - Language Acquisition and Development **Credits:** 3
- SLHS 2530 - Speech Science **Credits:** 3
- SLHS 3200 - Clinical Phonetics **Credits:** 3

- SLHS 3530 - Anatomy and Physiology of Speech and Hearing  
**Credits:** 3
- SLHS 3600 - Diagnostic Audiology **Credits:** 3
- SLHS 4100 - Language Disorders and Differences **Credits:** 3
- SLHS 4200 - Speech Disorders and Differences **Credits:** 3

- SLHS 4350 - Speech-Language Pathology Assistant Methods  
**Credits:** 7
- SLHS 4610 - Aural Rehabilitation **Credits:** 3

**Total: 31 credits**

# College of Letters, Arts and Sciences

## Vision

To provide essential, fundamental educational experiences for all students, while acknowledging and supporting their differing identities, circumstances, passions, career aspirations, and life goals.

## Mission

Our College will attract, educate and champion students from every community who are motivated by learning, discovery, and a desire to make a difference. Through expertly crafted content and hands-on learning, CLAS students attain holistic knowledge, disciplinary expertise, and advanced critical thinking skills. They understand the intersectional qualities of humanity and thought, utilizing this knowledge to thrive and succeed in life's journey.

## Principles

### *Finding Connection Points*

Our educational experiences demonstrate the need of both disciplinary and interdisciplinary outlooks and approaches.

### *Encouraging Discovery and Curiosity*

Our students engage in a robust intellectual environment, leading them to new ways of thought, creativity and problem-solving.

### *Providing Pathways*

Our faculty demonstrate an essential connection between education and opportunity; a mechanism that leads to transformative work, engaged communities, and underlying humanity.

### *Establishing Equitable Practices*

Our college aligns our educational missions with the essential work and support structures necessary to dismantle racist and overlapping systems of inequity that often serve as a barrier to greater success.

### *Ethical, Sustainable, and Progressive Support*

We invest our resources fairly and responsibly, providing the necessary capital to launch new ideas, provide growth opportunities, and ensure the disciplines within the college are fully supported.

## Academic Departments

The College of Letters, Arts and Sciences (CLAS) offers 48 undergraduate majors, 46 undergraduate minors, 5 certificates, 11 teacher preparation programs, and multiple micro-credentials. CLAS houses 3 divisions, encompassing 19 departments and 6 interdisciplinary centers, institutes and stand-alone programs. In addition to individual degree requirements, CLAS faculty teach the majority of the General Studies Program curriculum. The College promotes an interdisciplinary viewpoint, with rigorous programs of study in the fine and performing arts; humanities; social sciences; and

natural sciences. These programs prepare students for meaningful careers and a life of substance.

## *Africana Studies Major, B.A.*

[Department of Africana Studies](#)

[College of Letters, Arts and Sciences](#)

Program Format(s): [In-Person](#)

## About the Program

The Department of Africana Studies offers a range of courses that capture the depth and breadth of global African experiences, both historically and contemporarily. Specifically, *Africana* is an inclusive term, one that encompasses Black communities in the Caribbean, Europe, Asia and the Americas, as well as those of Continental Africa and the United States. These courses provide a comprehensive understanding of the global African heritage. Furthermore, they

illuminate contributions of Black people to the development of United States and world history; Black cultures and communities; political activity and potential; religious development and importance; community service and resource assistance; and prognosis and potential for social change. Some courses may apply toward General Studies requirements and serve as electives for graduation.

The major in Africana Studies, which leads to a Bachelor of Arts degree, and the minor program must be planned in consultation with the chair of the department. Before declaring Africana Studies as a major, the student must consult with the department chair. Students seeking secondary education social studies licensure must consult with an advisor in Africana Studies and one in Secondary Education.

## Student Outcomes

Upon completion of this program students will be able to:

1. List and identify the major contributions of African Americans over the past 400 years and of the peoples of African descent from the earliest times (from Ancient Egypt) to the present in various areas such as history, politics, arts religion, economics, etc.
2. Examine the evolution of the multidisciplinary field of Africana Studies.
3. Explore the key social, economic, political, and cultural issues and challenges facing African Americans and peoples of African descent, including those on Continental Africa.
4. Compare and contrast the similarities and differences in the experiences of African Americans and other peoples of African descent.
5. Analyze current events and social movements in Africa and the African Diaspora.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- **Recommended:** It is recommended that students fulfill this requirement by taking one of the following courses which are part of the Africana Studies major.
  - AAS 1010 - Introduction to Africana Studies (required for major)
  - AAS 3570 - African American History I (required for major)
  - AAS 3300 - The Black Community (option for major)

## Required Courses: 21 credits

- AAS 1010 - Introduction to Africana Studies **Credits: 3**
- AAS 1130 - Survey of African History **Credits: 3**
- AAS 2000 - Social Movements and the Black Experience **Credits: 3**
- AAS 2010 - Interdisciplinary Research Methods in Social Issues **Credits: 3**
- AAS 3570 - African American History I **Credits: 3**
- AAS 3630 - The African Diaspora **Credits: 3**

## Select one from the following:

- AAS 3250 - Black Women Writers **Credits: 3**
- AAS 3300 - The Black Community **Credits: 3**
- AAS 3550 - The Black Family **Credits: 3**
- AAS 3930 - African Authors **Credits: 3**

## Elective Courses: 15 credits

Select 15 semester hours of Africana Studies electives in consultation with an advisor.

## Senior Experience: 3 credits

- AAS 4850 - Research Seminar in Africana Studies  
**Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	21 credits
Major Electives	15 credits
Senior Experience	3 credits
Unrestricted Electives	48-60 credits
<b>Total for the Africana Studies Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Africana Studies Major, B.A. with Secondary Social Studies Teacher Licensure Concentration*

[Department of Africana Studies](#)

[College of Letters, Arts and  
Sciences](#)

Available Program Format(s): [In-](#)  
[Person](#)

## About the Program

The African American Studies major will provide candidates with a comprehensive understanding of African heritage in this country through examination of African links; the contributions of African American people in the growth and development of the United States; African American community, culture, lifestyles, political activity, religious development, community service and resource assistance; as well as the prognosis and potential for social change.

Students interested in an Africana Studies Major only should search the catalog separately for that program.

## Student Outcomes

- List and identify the major contributions of African Americans over the past 400 years and of the peoples of African descent from the earliest times (from Ancient Egypt) to the present in various areas such as history, politics, arts religion, economics, etc.
- Define and examine the evolution of the multidisciplinary field of Africana Studies
- Explain the key social, economic, political, and cultural issues and challenges facing African Americans and peoples of African descent, including those on Continental Africa, such as slavery, racism, colonialism, political disfranchisement, economic underdevelopment, educational disparities, neo-colonialism and judicial inequalities, etc.
- Compare and contrast the similarities and differences in the experiences of African Americans and peoples of African descent, such as historical achievements, economic development, state formations, cultural achievements, slavery and freedom, colonialism, and struggles for independence and equality.
- Discuss and analyze the methodological approaches used to study Africana Studies.
- Demonstrate mastery of pedagogical strategies in Social Studies for secondary school teaching.
- Connect Literacy and Math-Utilize literacy, including Culturally and Linguistically Diverse (CLD), strategies as well as mathematics when teaching Social Studies.
- Create Inclusive Teaching Environment-Create a safe, inclusive and respectful learning environment that facilitates Social Studies learning for diverse populations, including CLD students.
- Plan and deliver effective instruction in History, Civics, and Geography.
- Demonstrate professionalism as a teacher candidate through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of at least 124 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. All courses required for teacher licensure must be passed with a grade of C- or higher. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

Courses recommended below will satisfy both General Studies and additional degree requirements below.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1610 - Integrated Mathematics I (required in the Foundations and Strategies section of the program)
- Arts and Humanities (6 credits)
- Historical (3 credits)
  - **Recommended:** HIS 1030 - World History to 1500
- Natural and Physical Sciences (6 credits)
  - **Recommended:** GEG 1100 - Introduction to Physical Geography
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Two of the following: ANT 2330 - Cross-Cultural Communication; ECO 2010 - Principles of Macroeconomics; GEG 1000 - World Regional Geography; PSC 1010 - American National Government
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Africana Studies Major Core: 24 credits

- AAS 1010 - Introduction to Africana Studies Credits: 3
- AAS 1130 - Survey of African History Credits: 3
- AAS 2000 - Social Movements and the Black Experience Credits: 3
- AAS 2010 - Interdisciplinary Research Methods in Social Issues Credits: 3
- AAS 3570 - African American History I Credits: 3
- AAS 3630 - The African Diaspora Credits: 3
- AAS 4850 - Research Seminar in Africana Studies Credits: 3

Select one from the following:

- AAS 3250 - Black Women Writers Credits: 3
- AAS 3300 - The Black Community Credits: 3
- AAS 3550 - The Black Family Credits: 3
- AAS 3930 - African Authors Credits: 3

## Africana Studies Major Electives: 12 credits

Select 12 semester hours of Africana Studies electives in consultation with an advisor.

## Additional Content Courses Secondary Social Studies Licensure: 27 credits

All students must complete nine (9) Social Science courses for this concentration. Note that six credits below can also satisfy General Studies Social and Behavioral Science requirement. Three credits can satisfy the General Studies Historical requirement. Additionally, GEG 1100 can satisfy three credits of the General Studies Natural and Physical Science requirement.

- ANT 2330 - Cross-Cultural Communication **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**  
or
- ECO 2020 - Principles of Microeconomics **Credits: 3**
- GEG 1000 - World Regional Geography **Credits: 3**
- GEG 1100 - Introduction to Physical Geography **Credits: 3**
- HIS 1030 - World History to 1500 **Credits: 3**
- HIS 1040 - World History since 1500 **Credits: 3**
- HIS 1220 - American History since 1865 **Credits: 3**
- PSC 1010 - American National Government **Credits: 3**
- PSC 2230 - Introduction to International Relations **Credits: 3**

## Foundation and Methods for Secondary Education: 31 credits

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4
- EDS 3140 - First Field Experience in Secondary Education Credits: 1
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- HIS 4010 - Methods of Teaching Social Science: Secondary School Credits: 3
- HIS 4020 - Field Experience in Teaching Social Studies in Secondary Schools Credits: 1
- MTH 1610 - Integrated Mathematics I Credits: 3

## Senior Experience: 12 credits

Student Teaching offers an essential conclusion to this degree program. Typically, students should register for 12 credits of EDS 4290 in their final semester. Students who register for only 6 credits of EDS 4290 should also register for 6 credits of CLD 4590 Culturally and Linguistically Diverse: ESL Student Teaching and Seminar

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Africana Studies Major Core	24 credits
Africana Studies Major Electives	12 credits
Additional Content Courses Secondary Social Studies Licensure	27 credits
Foundation and Methods for Secondary Education	31 credits
Senior Experience	12 credits

<b>Total for the Africana Studies Major, B.A. with Secondary Social Studies Licensure Total</b>	<b>Minimum of 124 credits</b>
---	-------------------------------

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## Africana Studies Minor

The Africana Studies Minor must be planned in consultation with the chair of the department. A grade of "C-" or better is required for each course in this program to count toward the Bachelor's degree. Students should note that programs differ in the minimum grade required.

## Required Courses

- AAS 1010 - Introduction to Africana Studies Credits: 3
- AAS 2000 - Social Movements and the Black Experience Credits: 3

**Subtotal: 6 credits**

## Electives

A minimum of 15 additional semester hours is required in African American courses, 3 hours of which must be an African course, selected in consultation with and approved by the African and African American Studies advisor assigned to the student. Total hours for the minor are 21.

## Department of Art

Location: Arts Building, Suite 187

Phone: 303-615-0300

E-Mail: [artdepartment@msudenver.edu](mailto:artdepartment@msudenver.edu)

Website: [Art Department Website](#)

All students entering the department will be admitted under either the B.A. in Art or the B.A. in Art History, Theory and Criticism. After completion of the foundation courses and one other course in ART, CDES or ARTH, those wishing to pursue the B.F.A. in Art, the B.F.A. in Art Education, or the B.F.A. in Communication Design will be required to pass a formal portfolio review for admittance into those programs. The department also offers the minor in Studio Art, minor in Art History, Theory and Criticism, and the interdisciplinary Digital Media minor. Coursework leading to licensure in art

education is available for those with an approved Bachelor of Fine Arts degree. The art department's programs are accredited by the National Association of Schools of Art and Design (NASAD).

Note: Art students will be expected to purchase tools and supplies appropriate to the media in which they are working. In addition, all art courses have a program fee for consumable materials and/or modeling fees.

Note: Art majors may not apply ART 1212 - Non-Majors Ceramics: Handbuilding, ART 1213 - Non-Majors Ceramics: Wheelthrowing, ART 1251 - Jewelry and Metals for Non-Art Majors, ART 1261 - Painting for Non-Art Majors, ART 1271 - Film Photography for Non-Majors, ART 1273 - Digital Photography for Non-Art Majors, or ARTH 1500 - Art and Visual Literacy to their program requirements, but they can be included as unrestricted electives.

## ***Animation and Illustration Minor***

The minor in Animation and Illustration focuses on creative exploration, critical thinking, and visual storytelling. Students apply research in experimental projects while gaining a solid foundation in 2D and 3D animation art and digital illustration. These skills are relevant across a wide range of fields, including digital art, graphic design, marketing, business, and the humanities. Additionally, this minor provides students with insights into the professional demands of careers in animation and illustration.

A grade of "C-" or better is required in each required course before progressing to subsequent courses.

### **Required Courses: 18 credits**

- ART 1141 - Art Studio: Drawing Credits: 3
- ART 1531 - Art Studio: 4D Credits: 3
- ART 3236 - Experimental Animation Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3
- CDES 3263 - Digital Illustration Credits: 3
- CDES 3625 - Animation Practices Credits: 3

### **Elective Course: 3 credits**

Select one of the following courses:

- ART 2631 - Beginning Digital and Emerging Art Practices Credits: 3
- ART 2643 - Figure Drawing: Wet and Dry Credits: 3
- ART 3980 - Internship in Art Credits: 1-15
- CDES 3980 - Communication Design Junior Internship Credits: 1-4
- JMP 2480 - Introduction to Animation Credits: 3
- JMP 3485 - Motion Graphics I Credits: 3

**Total Credits: 21**

## ***Art Education Major, B.F.A.***

[Department of Art](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

The Art Education program fuses a progressive 21st century approach in the discipline of Art Education with the student's development as an artist. As a future artist-teacher, the student puts into practice informed research while working in the K-12 classroom. Combining artistic practice, educational studies, and field experience as an educator, the degree prepares students to bring about creative change in the world through the lives of students. The B.F.A. in Art Education includes K-12 Art Education licensure in the State of Colorado and is accredited by both NCATE and NASAD.

### **Student Outcomes**

- Make artworks that show evidence of intellectual inquiry and curiosity
- Convey ideas that are consistently reinforced through the execution of cohesive work(s) that are the result of the process of making
- Use effective and eloquent oral, written, and visual communication of enduring ideas
- Successfully teach in an art classroom applying and testing principles and methods of diverse age-appropriate instructional approaches and curriculum development that illustrate respect for and professionalism in the field of teaching.
- Assess aptitudes, experiential backgrounds and interests of individual and diverse groups of students, and devise learning experiences to meet assessed needs.
- Develop and present a professional portfolio of work and an art education philosophy statement that demonstrates current best practices in the field.

### **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 121 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Art Education majors who elect to take a minor may not minor in Studio Art.
- Art History, Theory and Criticism is a distinct academic discipline from Art, Art Education, or Communication Design, although all reside within the Department of Art and share common foundational requirements.
- All students entering the department wishing to pursue the Bachelor of Fine Arts (B.F.A.) in Art Education will be admitted under the B.A. in Art. Entrance into the B.F.A. program is contingent on passing a formal portfolio review upon completing 21 credits in ART, CDES, or ARTH, inclusive of the 18 hours of foundations courses required for all students in the department. Students must earn a minimum of a 2.75 G.P.A. in this coursework in the major at the time of portfolio review and have completed the Written Communication, Oral Communication, and Quantitative Literacy General Studies requirements.
- Students who are not admitted to the B.F.A. degree may reapply up to three times. Should a student not be admitted and continue in the B.A. in Art.
- Students pursuing the B.F.A. in Art Education must also achieve satisfactory scores on the state licensure examination. See your advisor for more information. Students seeking teacher licensure should read the teacher licensure sections of this Catalog.
- Students must obtain provisional admission to the teacher preparation program before they may register for their first field experience course(s).
- All teacher candidates must apply to the School of Education teacher preparation program to obtain provisional admission before they can register for EDS 3130, EDS 3140 and EDS 3150. Please Note: \*EDS 3130 and EDS 3140 are corequisites and must be taken concurrently.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1610 - Integrated Mathematics I
- Arts and Humanities (6 credits)

- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Recommended: EDS 3130 - Foundations of Educational Psychology and Philosophy\***
  - **Recommended: EDS 3150 - Critical Sociocultural Lenses for Teachers**
- Global Diversity (0 or 3 credits\*\*)

*\*EDS 3130 and EDS 3140 are corequisites and must be taken concurrently.*

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion. Many programs include courses that meet this requirement.
  - EDS 3150 - Critical Sociocultural Lenses for Teachers is suggested, since it is a requirement in the major.

## Additional Requirements: 10 credits

If EDS 3130 and EDS 3150 are not taken as part of the general studies requirements for Social and Behavioral Sciences as recommended these courses must be taken as additional requirements for the major.

Please Note: \*EDS 3130 and EDS 3140 are corequisites and must be taken concurrently.

- ART 1141 - Art Studio: Drawing Credits: 3
- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3

## Art Foundation Requirements: 18 credits

- ART 1101 - Art Studio: 2D Credits: 3
- ART 1501 - Art Studio: 3D Credits: 3
- ART 1531 - Art Studio: 4D Credits: 3
- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3

- ARTH 1800 - Art of the Modern and Contemporary World  
Credits: 3

## Post-foundation Courses Required for all B.F.A. in Art Education Majors: 45 credits

- ARTH 2600 - Reading and Writing Visual Culture  
**Credits: 3**  
or
- ART 2221 - Doing Theory **Credits: 3**
- ART 4101 - Advanced Interdisciplinary Studio **Credits: 3**
- ARTE 3601 - Introduction to Art Education: History and Philosophy **Credits: 3**
- ARTE 3605 - Creating an Inclusive Art Classroom: Curriculum and Instruction **Credits: 3**
- ARTE 4130 - Elementary Art Education: Curriculum and Instruction **Credits: 3**
- ARTE 4140 - Field Experience: Art Education Elementary **Credits: 1**
- ARTE 4230 - Secondary Art Education: Curriculum and Instruction **Credits: 3**
- ARTE 4240 - Field Experience: Art Education Secondary **Credits: 1**
- ARTE 4701 - Student Teaching and Seminar: Art Education K-12 **Credits: 12**
- ARTH 4480 - Art Theory and Criticism **Credits: 3**
- ARTH XXXX - Upper Division Art History Elective **Credits: 3**
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1 \***
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3**

*\* EDS 3130 and EDS 3140 are corequisites and must be taken concurrently.*

## Studio Emphasis: 15 credits

Complete 9 credits in one of the studio areas listed below. Complete an additional 6 credits in a complementary studio area. Students must take at least two intermediate studio courses: one in their studio emphasis and one in their complementary studio area. Please see the sections below for courses in each emphasis.

### Digital and Emerging Art Practices

The following courses are required for the emphasis (9 credits total). ART 3632 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3632.

- ART 2631 - Beginning Digital and Emerging Art Practices  
Credits: 3
- ART 3632 - Intermediate Digital and Emerging Art Practices  
Credits: 3

### Sculpture Emphasis

The following courses are required for the emphasis (9 credits total). ART 3692 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3692.

- ART 2691 - Beginning Sculpture Credits: 3
- ART 3692 - Intermediate Sculpture Credits: 3

### Jewelry Emphasis

The following courses are required for the emphasis (9 credits total). ART 3652 or ART 3654 are both options for the 6 credit intermediate studio requirement. Both are repeatable and can be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3652 or ART 3654.

- ART 2651 - Beginning Jewelry and Metalsmithing  
**Credits: 3**  
Choose 2 of the following. Both are repeatable with new content.
- ART 3652 - Intermediate Jewelry and Metalsmithing  
**Credits: 3**
- ART 3654 - Variable Topics in Intermediate Jewelry  
**Credits: 3**

### Ceramics Emphasis

The following courses are required for the emphasis (9 credits total). ART 3612 or ART 3614 are both options for the 3 credit intermediate studio requirement.

- ART 2611 - Beginning Ceramics: Handbuilding **Credits: 3**
- ART 2613 - Beginning Ceramics: Wheelthrowing **Credits: 3**  
Take 1 of the following.
- ART 3612 - Intermediate Ceramics **Credits: 3**
- ART 3614 - Variable Topics in Intermediate Ceramics  
**Credits: 3**

### Printmaking Emphasis

ART 3682 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3682.

- ART 2682 - Beginning Printmaking Credits: 3
- ART 3682 - Intermediate Printmaking Credits: 3

## Painting Emphasis

The following courses are required for the emphasis (9 credits total). ART 3662 or ART 3664 are both options for the 6 credit intermediate studio requirement. Both are repeatable and can be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3662 or ART 3664.

- ART 2661 - Beginning Painting **Credits: 3**  
Choose 2 of the following. Both are repeatable with new content.
- ART 3662 - Intermediate Painting **Credits: 3**
- ART 3664 - Variable Topics in Intermediate Painting **Credits: 3**

## Photography Emphasis

ART 3672 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3672.

- ART 2671 - Beginning Photography Credits: 3
- ART 3672 - Intermediate Photography Credits: 3

## Drawing Emphasis

- ART 2641 - Color Drawing: Wet and Dry Credits: 3
- ART 2643 - Figure Drawing: Wet and Dry Credits: 3
- ART 3642 - Intermediate Drawing Credits: 3

## Integrated Media Requirement: 6 credits

Complete at least six additional credit hours in courses designated as Integrated Media. Choose from:

- ART 3235 - Video Art Credits: 3
- ART 3236 - Experimental Animation Credits: 3
- ART 3301 - The Artist's Book Credits: 3
- ART 3391 - Fiber Structures Credits: 3
- ART 3393 - Electronics and Experimental Systems Credits: 3
- ART 3591 - Digital Fabrication Credits: 3
- ART 3613 - Pattern Networks Credits: 3
- ART 3637 - Socially Engaged Art Credits: 3
- ART 3639 - Performance Art Credits: 3
- ART 3640 - Installation Art Credits: 3
- ART 3920 - Variable Topics in Integrated Media Credits: 3
- ARTH 3780 - Cinema as Visual Art Credits: 3
- CDES 2222 - Fundamentals of Communication Design Credits: 3
- CDES 2302 - Interactive Systems Credits: 3
- CDES 2602 - Interface Design and Development Credits: 3

- CDES 3300 - Data-Driven Design Credits: 3
- CDES 3602 - Interactive Design I Credits: 3
- CDES 3625 - Animation Practices Credits: 3
- CDES 4251 - Designing the Human Experience Credits: 3

## Technology Requirement

A technology based studio course is required for licensure. This requirement may be applied to either emphasis or, where appropriate, to the integrated media requirement.

## Senior Experience: 3 credits

- ART 4701 - Studio Art Senior Experience: Exhibition and Thesis Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Additional Requirement	10 credits
Art Foundation Requirement	18 credits
Post Foundation Courses	45 credits
Studio Emphasis	15 credits
Integrated Media Requirement	6 credits
Technology Requirement	(counted elsewhere)
Senior Experience	3 credits
Unrestricted Electives	0-2 credits
<b>Total for the Art Education Major, B.F.A.</b>	<b>Minimum of 120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 12 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

***Art History, Theory, and Criticism Major, B.A.***

## About the Program

Students examine art and visual culture from a broad variety of cultures and time periods while also learning critical and theoretical frameworks through which to study them. As a liberal arts degree, this major provides students with opportunities to gain research and critical thinking skills as well as learn to do close visual analysis, which are all useful in a variety of career applications, creative industries, and graduate studies. The Department of Art and MSU Denver are accredited by the National Association of Schools of Art and Design.

## Student Outcomes

- Locate and synthesize a range of scholarly sources of sufficient breadth and depth to thoroughly investigate an art historical problem.
- Apply appropriate art historical methods and theoretical frameworks to analyze an art historical problem.
- Develop and support a clear, logical thesis derived from an art historical study that is eloquently articulated in both oral and written formats.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Art History, Theory, and Criticism majors who elect to take a minor may not minor in Art History.
- Art History, Theory and Criticism is a distinct academic discipline from Art, Art Education, or Communication Design, although all reside within the Department of Art and share common foundational requirements.
- A minimum of 27 upper-division art history credits required.

- Title and course numbers for variable topics courses will be distinct for each offering, for example: ARTH 354E Art and Culture of the Spanish Golden Age. A student may take up to three distinct offerings under each variable topics designation, for example, ARTH 350A Art of China, ARTH 350B Islamic Art, and ARTH 350D Ancient Maya Art and Culture may all be applied to the requirements.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Ancillary Courses: 6-10 credits

Two semesters of the same foreign language are required and may fulfill General Studies requirements.

Students who entered college with fluency in a language other than English are encouraged to study a language with which they are unfamiliar. Students with a good high school background in a foreign language may take intermediate or advanced courses in that language or study a new language. Four semesters of French or German are often required for entrance into most graduate programs in Art History, Theory and Criticism. Both French and German are often required for entrance into Ph.D. programs in Art History, Theory and Criticism and doctoral research often requires research in at least one additional language.

## Art Foundation Requirements: 18 credits

Foundation courses are prerequisites for 2000-level and upper-division courses in the program.

- ART 1101 - Art Studio: 2D Credits: 3
- ART 1501 - Art Studio: 3D Credits: 3
- ART 1531 - Art Studio: 4D Credits: 3
- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3

## Required Post-foundation Course Work: 6 credits

- ARTH 2600 - Reading and Writing Visual Culture Credits: 3
- ARTH 4480 - Art Theory and Criticism Credits: 3

## Art History Electives: 24 credits

- ARTH 3210 - Variable Topics: Site Specific Studies in Art History Credits: 3
- ARTH 3310 - Arts of Africa Credits: 3
- ARTH 3330 - Egyptian Art Credits: 3
- ARTH 3340 - Asian Art Credits: 3
- ARTH 3360 - Contemporary Chicana/o Art Credits: 3
- ARTH 3385 - Feminist Art Since 1960 Credits: 3
- ARTH 3401 - Art of Mesoamerica: from Olmec to Aztec Credits: 3
- ARTH 3402 - Art of the Inca and their Ancestors Credits: 3
- ARTH 3405 - Native American Art Credits: 3
- ARTH 3412 - Art of Ancient Greece Credits: 3
- ARTH 3414 - Ancient Roman Art Credits: 3
- ARTH 3421 - Icons, Mosques, and Cathedrals: Art around the Medieval Mediterranean Credits: 3
- ARTH 3433 - Bosch, Dürer, and the Art of the Northern Renaissance Credits: 3
- ARTH 3434 - Michelangelo, Leonardo, and the Art of Renaissance Italy Credits: 3
- ARTH 3441 - Caravaggio, Bernini, Velázquez: Baroque Art in Italy and Spain Credits: 3
- ARTH 3443 - Rubens, Rembrandt, and Versailles: Baroque Art in Northern Europe Credits: 3
- ARTH 3445 - Colonial Latin American Art Credits: 3
- ARTH 3481 - Latin American Moderns: from Rivera to Botero Credits: 3
- ARTH 3500 - Variable Topics: Art of the Americas Credits: 3
- ARTH 3510 - Variable Topics in Ancient Art Credits: 3

- ARTH 3520 - Medieval Art: Variable Topics Credits: 3
- ARTH 3530 - Renaissance Art: Variable Topics Credits: 3
- ARTH 3540 - Baroque Art: Variable Topics Credits: 3
- ARTH 3560 - 19th Century Art: Variable Topics Credits: 3
- ARTH 3580 - 20th and 21st Century Art: Variable Topics Credits: 3
- ARTH 3670 - History of Art Between World Wars Credits: 3
- ARTH 3680 - Global Contemporary Art Since 1970 Credits: 3
- CDES 3690 - History of Communication Design Credits: 3
- ARTH 3780 - Cinema as Visual Art Credits: 3
- ARTH 3790 - Photography and Modernism Credits: 3
- ARTH 4410 - Art History and Its Methods Credits: 3
- ARTH 4500 - Variable Topics Seminar in Art History, Theory and Criticism Credits: 3
- ARTH 4510 - Exhibiting the Art Object Credits: 3

**Subtotal: 24 credits**

## Studio Art Electives: 6 credits

Choose two of the following studio art electives (6 credits). Prerequisites apply - see the catalog for more information.

- ART 2611 - Beginning Ceramics: Handbuilding Credits: 3
- ART 2613 - Beginning Ceramics: Wheelthrowing Credits: 3
- ART 2631 - Beginning Digital and Emerging Art Practices Credits: 3
- ART 2641 - Color Drawing: Wet and Dry Credits: 3
- ART 2643 - Figure Drawing: Wet and Dry Credits: 3
- ART 2651 - Beginning Jewelry and Metalsmithing Credits: 3
- ART 2661 - Beginning Painting Credits: 3
- ART 2671 - Beginning Photography Credits: 3
- ART 2682 - Beginning Printmaking Credits: 3
- CDES 2222 - Fundamentals of Communication Design Credits: 3

**Subtotal: 6 credits**

## Senior Experience: 3 credits

- ARTH 4710 - Art History, Theory and Criticism Senior Experience Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Required Ancillary Courses	6-10 credits
Art Foundation Requirements	18 credits
Required Post-Foundation Courses	6 credits
Major Electives	24 credits
Studio Art Electives	6 credits
Senior Experience	3 credits
Unrestricted Electives	17-33 credits
<b>Total for the Art History, Theory and Criticism Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Art History, Theory, and Criticism Minor

Students in the Art History, Theory, and Criticism minor study art and visual culture from a variety of cultures and time periods. Students gain research and critical thinking skills as well as learn to do close visual analysis, which are all useful in a variety of career applications and creative industries. The Department of Art and MSU Denver are accredited by the National Association of Schools of Art and Design.

A grade of "C-" or better is required in each required course before progressing to subsequent courses. Students should note that programs differ in the minimum grade required. A minimum of nine upper division art history hours is required.

Art History, Theory, and Criticism is a distinct academic discipline from Art or Communication Design, although all reside within the Department of Art and share common foundational requirements.

## Required Courses

- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3
- ARTH 2600 - Reading and Writing Visual Culture Credits: 3

**Subtotal: 12 credits**

## Art History Electives

Select 12 credits of art history (ARTH) electives.

**Total for Minor: 24 credits**

## Art Major, B.A.

[Department of Art](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Bachelor of Arts in Art is a liberal arts degree that provides students with an opportunity to gain a broad background in visual art. The creative problem-solving and critical thinking skills learned in this degree program are useful in a variety of career applications and personal aspirations toward lifelong learning. The Department of Art and MSU Denver are accredited by the National Association of Schools of Art and Design (N.A.S.A.D.).

## Student Outcomes

- Select, evaluate and apply appropriate research resources to develop and support their ideas.
- Apply creative processes to the design and completion of works of art that communicate compelling ideas.
- Clearly synthesize ideas about visual art in verbal form.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students who are in the B.A. in Art may not minor in Studio Art.

- Art History, Theory and Criticism is a distinct academic discipline from Art, Art Education, or Communication Design, although all reside within the Department of Art and share common foundational requirements.
- Foundation courses are prerequisites for courses within the Art, Communication Design, and Art History, Theory and Criticism majors. Check each course description for specific prerequisites or corequisites.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Art Foundation Requirements: 18 credits

- ART 1101 - Art Studio: 2D Credits: 3
- ART 1501 - Art Studio: 3D Credits: 3
- ART 1531 - Art Studio: 4D Credits: 3
- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3

## Required Course Work: 7 credits

- ART 3101 - Professional Practices I Credits: 1
- ART 4101 - Advanced Interdisciplinary Studio Credits: 3  
Take one of the following:
- ARTH 2600 - Reading and Writing Visual Culture Credits: 3
- ART 2221 - Doing Theory Credits: 3

## Electives in the Major: 21 credits

Select a minimum of 21 credits of electives in the major. At least 9 of these credits must be in upper-division courses that have an ART prefix.\* ART 3701 Professional Practices II may be taken as an elective in the major, but may not be applied to this 9 credit ART requirement. Students are encouraged to include at least one course designated as integrated media.

*\*Prerequisites apply. Students pursuing the B.A. in Art may not enroll in ART 4701, ARTH 4710, CDES 4450, CDES 4600, CDES 4625, CDES 4650, or CDES 4721, or in courses with an ARTE prefix. Certain other advanced ART and CDES courses may be available only to B.F.A. students.*

## 2XXX ART Elective: 3 credits

Students take 3 credit hours in a 2XXX ART elective to complete the major. Select from the following courses.

- ART 2611 - Beginning Ceramics: Handbuilding Credits: 3
- ART 2613 - Beginning Ceramics: Wheelthrowing Credits: 3
- ART 2631 - Beginning Digital and Emerging Art Practices Credits: 3
- ART 2641 - Color Drawing: Wet and Dry Credits: 3
- ART 2643 - Figure Drawing: Wet and Dry Credits: 3
- ART 2651 - Beginning Jewelry and Metalsmithing Credits: 3
- ART 2661 - Beginning Painting Credits: 3
- ART 2671 - Beginning Photography Credits: 3
- ART 2682 - Beginning Printmaking Credits: 3
- ART 2691 - Beginning Sculpture Credits: 3

## Upper-Division ART Elective: 9 credits

Students take 9 credit hours of 3XXX or 4XXX ART electives to complete the major. Select from the following courses.

- ART 3235 - Video Art Credits: 3
- ART 3236 - Experimental Animation Credits: 3
- ART 3237 - Art of the International Film Poster Credits: 3
- ART 3244 - Advanced Figure Drawing Credits: 3
- ART 3266 - Community Painting: The Mural Credits: 3
- ART 3301 - The Artist's Book Credits: 3
- ART 3391 - Fiber Structures Credits: 3

- ART 3393 - Electronics and Experimental Systems Credits: 3
- ART 3500 - Variable Topics: Site Specific Studies in Studio Art Credits: 3
- ART 3591 - Digital Fabrication Credits: 3
- ART 3612 - Intermediate Ceramics Credits: 3
- ART 3613 - Pattern Networks Credits: 3
- ART 3614 - Variable Topics in Intermediate Ceramics Credits: 3
- ART 3632 - Intermediate Digital and Emerging Art Practices Credits: 3

- ART 3920 - Variable Topics in Integrated Media Credits: 3
- ART 4101 - Advanced Interdisciplinary Studio Credits: 3

## ART, ARTH, or CDES Electives: 9 credits

Students take 9 credit hours in ART, ARTH, or CDES electives to complete the major.

## Senior Experience: 3 credits

- ART 4710 - Art Senior Experience Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Art Foundation Requirements	18 credits
Required Courses	7 credits
Major Electives	21 credits

Senior Experience	3 credits
Unrestricted Electives	35-44 credits
<b>Total for the Art Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Art Major, B.F.A.

[Department of Art](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Bachelor of Fine Arts in Art prepares students to be critical, creative thinkers and makers. Students often become practicing artists who exhibit their work in professional settings and might continue their research in graduate studies. The Department of Art and MSU Denver are accredited by the National Association of Schools of Art and Design (N.A.S.A.D.).

## Student Outcomes

- Make artworks that show evidence of intellectual inquiry and curiosity;
- Convey ideas that are consistently reinforced through the execution of cohesive work(s) that are the result of the process of making;
- Use effective and eloquent oral, written, and visual communication of enduring ideas.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.

- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Art majors who elect to take a minor may not minor in Studio Art.
- Art History, Theory and Criticism is a distinct academic discipline from Art, Art Education, or Communication Design, although all reside within the Department of Art and share common foundational requirements.
- All students entering the department wishing to pursue the Bachelor of Fine Arts (B.F.A.) in Art will be admitted under the B.A. in Art. Entrance into the B.F.A. program is contingent on passing a formal portfolio review upon completing 21 credits in ART, CDES, or ARTH, inclusive of the 18 hours of foundations courses required for all students in the department. Students must earn a minimum of a 2.75 G.P.A. in this coursework in the major at the time of portfolio review and have completed the Written Communication, Oral Communication, and Quantitative Literacy General Studies requirements.
- Students who are not admitted to the B.F.A. degree may reapply up to three times.
- At least 33 upper-division credits hours in the major are required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Art Foundation Requirements: 18 credits

- ART 1101 - Art Studio: 2D Credits: 3
- ART 1501 - Art Studio: 3D Credits: 3
- ART 1531 - Art Studio: 4D Credits: 3
- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3

## Post-foundation Courses Required for all B.F.A. in Art Majors: 12 credits

- ART 3101 - Professional Practices I Credits: 1
- ART 3701 - Professional Practices II Credits: 2
- ART 4101 - Advanced Interdisciplinary Studio Credits: 3
- ARTH 4480 - Art Theory and Criticism Credits: 3
- ARTH XXXX - Upper-division Art History Elective Credits: 3\*

## Studio Emphasis: 15 credits

Complete 9 credits in one of the studio areas listed below

Complete an additional 6 credits in a complementary studio area. If the emphasis is in a two-dimensional area, the complementary area would be one of the three-dimensional areas; if the emphasis is in a three-dimensional area, the complementary area would be one of the two-dimensional areas. Students may select Digital and Emerging Art Practices for either a 2D or 3D area, but not both.

Students must take at least two intermediate studio courses: one in the emphasis and one in the complementary studio area.

*Please note that all intermediate level studio specific area courses require you to have completed the following as prerequisites:*

- ART 1101: Studio Foundations: 2D
- ART 1501: Studio Foundations 3D
- ART 1531: Studio Foundations 4D
- A beginning level course in that specific studio area
- ARTH 1800: Art of the Modern and Contemporary World
- ARTH 1600 or 1700 (please note that both must be taken prior to enrolling in ART 4101: Advanced Interdisciplinary Studio)

## Two-dimensional Studio Areas

- Drawing
- Painting

- Photography
- Printmaking
- Digital and Emerging Arts Practices

### Three-dimensional Studio Areas

- Ceramics
- Jewelry
- Sculpture
- Digital and Emerging Arts Practices

## Studio Emphases: Two-Dimensional

### Digital and Emerging Art Practices

The following courses are required for the emphasis (9 credits total). ART 3632 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3632.

- ART 2631 - Beginning Digital and Emerging Art Practices Credits: 3
- ART 3632 - Intermediate Digital and Emerging Art Practices Credits: 3

### Drawing Emphasis

The following courses are required for the emphasis:

- ART 2641 - Color Drawing: Wet and Dry Credits: 3
- ART 2643 - Figure Drawing: Wet and Dry Credits: 3
- ART 3642 - Intermediate Drawing Credits: 3

### Painting Emphasis

The following courses are required for the emphasis (9 credits total). ART 3662 and ART 3664 are repeatable and can be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3662 and 3664.

- ART 2661 - Beginning Painting **Credits: 3**  
Take 2 of the following. Both are repeatable.
- ART 3662 - Intermediate Painting **Credits: 3**
- ART 3664 - Variable Topics in Intermediate Painting **Credits: 3**

### Photography Emphasis

The following courses are required for the emphasis (9 credits total). ART 3672 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3672.

- ART 2671 - Beginning Photography Credits: 3

- ART 3672 - Intermediate Photography Credits: 3

### Printmaking Emphasis

The following courses are required for the emphasis (9 credits total). ART 3682 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3682.

- ART 2682 - Beginning Printmaking Credits: 3
- ART 3682 - Intermediate Printmaking Credits: 3

## Studio Emphases: Three-Dimensional

### Ceramics Emphasis

The following courses are required for the emphasis:

- ART 2611 - Beginning Ceramics: Handbuilding Credits: 3
  - ART 2613 - Beginning Ceramics: Wheelthrowing Credits: 3
- One of the following:
- ART 3612 - Intermediate Ceramics Credits: 3
  - ART 3614 - Variable Topics in Intermediate Ceramics Credits: 3

### Digital and Emerging Art Practices

The following courses are required for the emphasis (9 credits total). ART 3632 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3632.

- ART 2631 - Beginning Digital and Emerging Art Practices Credits: 3
- ART 3632 - Intermediate Digital and Emerging Art Practices Credits: 3

### Jewelry Emphasis

The following courses are required for the emphasis (9 credits total). ART 3652 and ART 3654 are repeatable and can be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3652 and 3654.

- ART 2651 - Beginning Jewelry and Metalsmithing Credits: 3  
Take 2 of the following. Both are repeatable.
- ART 3652 - Intermediate Jewelry and Metalsmithing Credits: 3
- ART 3654 - Variable Topics in Intermediate Jewelry Credits: 3

## Sculpture Emphasis

The following courses are required for the emphasis (9 credits total). ART 3692 is repeatable and will be taken twice for a total of 6 credits. Students will learn new content each time they take ART 3692.

- ART 2691 - Beginning Sculpture Credits: 3
- ART 3692 - Intermediate Sculpture Credits: 3

## Integrated Media Courses: 12 credits

The Art Department offers a pool of interdisciplinary, thematic-based courses under the designation "integrated media." These courses explore new approaches and technologies, and cross the boundaries between media. The B.F.A. in Art requires 12 credits of integrated media courses, and all students are encouraged to take advantage of these innovative offerings.

The following courses are designated as integrated media:

- ART 3235 - Video Art Credits: 3
- ART 3236 - Experimental Animation Credits: 3
- ART 3301 - The Artist's Book Credits: 3
- ART 3391 - Fiber Structures Credits: 3
- ART 3393 - Electronics and Experimental Systems Credits: 3
- ART 3591 - Digital Fabrication Credits: 3
- ART 3613 - Pattern Networks Credits: 3
- ART 3637 - Socially Engaged Art Credits: 3
- ART 3639 - Performance Art Credits: 3
- ART 3640 - Installation Art Credits: 3
- ART 3678 - Environmental Art Credits: 3
- ART 3920 - Variable Topics in Integrated Media Credits: 3
- ARTH 3780 - Cinema as Visual Art Credits: 3
- CDES 2222 - Fundamentals of Communication Design Credits: 3
- CDES 2302 - Interactive Systems Credits: 3
- CDES 2602 - Interface Design and Development Credits: 3
- CDES 3101 - Community-Based Design Credits: 3
- CDES 3300 - Data-Driven Design Credits: 3
- CDES 3602 - Interactive Design I Credits: 3
- CDES 3625 - Animation Practices Credits: 3
- CDES 4251 - Designing the Human Experience Credits: 3

## Departmental Electives: 18 credits

18 additional hours in ART, ARTH, ARTE or CDES classes need to be completed as a component of this degree. At least 9 of these should have an ART prefix. 6 of the 18 must be upper division.

## Senior Experience: 3 credits

- ART 4701 - Studio Art Senior Experience: Exhibition and Thesis Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Art Foundation Requirements	18 credits
Post Foundation Requirements	12 credits
Studio Emphasis	15 credits
Integrated Media Courses	12 credits
ART Major Electives	18 credits
Senior Experience	3 credits
Unrestricted Electives	6-15 credits
<b>Total for the Art Major, B.F.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Art Minor

The Art Minor provides students the opportunity to develop their creative skills which will complement any major. Creativity and critical thinking skills learned in art classes are applicable to a wide range of careers and the minor allows students to explore, respond to, and communicate with their environment through a visual and material language. All students begin with foundational classes and build on their learning through progressively more advanced courses. Course work includes opportunities to work in a variety of media, including ceramics, drawing, digital and emerging arts practices, jewelry & metalsmithing, painting, printmaking, photography, sculpture, and a selection of communication design, and integrated media coursework.

A grade of "C-" or better is required in each required course before progressing to subsequent courses. Students should note that programs differ in the minimum grade required.

## Required Courses: 15 credits

- ART 1101 - Art Studio: 2D Credits: 3
- ART 1501 - Art Studio: 3D Credits: 3

- ART 1531 - Art Studio: 4D Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3  
Select 1 of the following courses:
- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3

**Total of 15 Credits**

## Studio Art Electives: 9 credits

### 2XXX Elective: 3 credits

Students take 3 credit hours in a 2XXX level ART elective or CDES 2222. Select from the following courses:

- ART 2611 - Beginning Ceramics: Handbuilding Credits: 3
- ART 2613 - Beginning Ceramics: Wheelthrowing Credits: 3
- ART 2631 - Beginning Digital and Emerging Art Practices Credits: 3
- ART 2641 - Color Drawing: Wet and Dry Credits: 3
- ART 2643 - Figure Drawing: Wet and Dry Credits: 3
- ART 2651 - Beginning Jewelry and Metalsmithing Credits: 3
- ART 2661 - Beginning Painting Credits: 3
- ART 2671 - Beginning Photography Credits: 3
- ART 2682 - Beginning Printmaking Credits: 3
- ART 2691 - Beginning Sculpture Credits: 3
- CDES 2222 - Fundamentals of Communication Design Credits: 3

## Upper Division Electives: 6 credits

Students choose 6 upper-division credit hours of an ART course or any Integrated Media CDES course.\* Additional prerequisites may be required for upper division coursework in certain media.

*\*ART 3101 and 3701 do not count towards the 6 upper-division credit hour requirement.*

- ART 3235 - Video Art Credits: 3
- ART 3236 - Experimental Animation Credits: 3
- ART 3237 - Art of the International Film Poster Credits: 3
- ART 3244 - Advanced Figure Drawing Credits: 3
- ART 3266 - Community Painting: The Mural Credits: 3
- ART 3301 - The Artist's Book Credits: 3
- ART 3391 - Fiber Structures Credits: 3
- ART 3393 - Electronics and Experimental Systems Credits: 3

- ART 3500 - Variable Topics: Site Specific Studies in Studio Art Credits: 3
- ART 3591 - Digital Fabrication Credits: 3
- ART 3612 - Intermediate Ceramics Credits: 3
- ART 3613 - Pattern Networks Credits: 3
- ART 3614 - Variable Topics in Intermediate Ceramics Credits: 3
- ART 3632 - Intermediate Digital and Emerging Art Practices Credits: 3
- ART 3637 - Socially Engaged Art Credits: 3
- ART 3639 - Performance Art Credits: 3
- ART 3640 - Installation Art Credits: 3
- ART 3642 - Intermediate Drawing Credits: 3
- ART 3652 - Intermediate Jewelry and Metalsmithing Credits: 3
- ART 3653 - Miniature Casting Methods Credits: 3
- ART 3654 - Variable Topics in Intermediate Jewelry Credits: 3
- ART 3662 - Intermediate Painting Credits: 3
- ART 3663 - Painting and New Contexts Credits: 3
- ART 3664 - Variable Topics in Intermediate Painting Credits: 3
- ART 3672 - Intermediate Photography Credits: 3
- ART 3677 - Experimental Photography Credits: 3
- ART 3682 - Intermediate Printmaking Credits: 3
- ART 3692 - Intermediate Sculpture Credits: 3
- ART 3920 - Variable Topics in Integrated Media Credits: 3
- CDES 3500 - Site Specific Studies in CDES: Variable Topics Credits: 3
- CDES 3625 - Animation Practices Credits: 3

**Total for the Minor: 24 credits**

## *Communication Design Major, B.F.A.*

[Department of Art](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

The B.F.A. in Communication Design is a professional degree that combines oral, written, and visual communication to address a diversity of design problems, from toothpaste tubes to cell phone screens, trademarks and logos, magazines and books to websites. This diversity of contemporary design practice is reflected in the degree which couples sound strategies in research, practice, and visual studies. The Department of Art's Communication Design program challenges students to become informed, thinking designers. The Department of Art and MSU Denver are accredited by the National Association of Schools of Art and Design (N.A.S.A.D.).

## Student Outcomes

- Show evidence of intellectual inquiry and curiosity in design research.
- Convey ideas that are consistently reinforced through cohesive works that are the result of the process of making.
- Effectively articulate oral, written and visual design processes and concepts.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

A total of 120 semester hours are required for graduation.

- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Art History, Theory and Criticism is a distinct academic discipline from Art or Communication Design, although all reside within the Department of Art and share common foundations.
- All students entering the department wishing to pursue the Bachelor of Fine Arts (B.F.A.) in Communication Design will be admitted under the B.A. in Art. Entrance into the B.F.A. Communication Design program is contingent on passing a formal portfolio review upon completing 21 credits in ART, CDES, or ARTH, inclusive of the 18 hours of foundations courses required for all students in the department. Students must earn a minimum of a 3.0 G.P.A. in this coursework in the major at the time of portfolio review and have completed the Written Communication, Oral Communication, and Quantitative Literacy General Studies requirements. The G.P.A. will be calculated in a degree progress report processed by the department as "what-if" for the Communication Design major) at the time of portfolio review.
- Students who are not admitted to the B.F.A. degree may reapply up to three times. Should a student not be admitted and continue in the B.A. in Art, that student must work toward all of the requirements of the B.A. in Art, which includes upper-division ART coursework.
- The course CDES 3225 Integrated Production Techniques is restricted to Communication Design students who have passed the B.F.A. in Communication Design portfolio review. Students are advised to work with an advisor to

plan their degree progress and anticipated portfolio application date well in advance of this course.

- Communication Design students must have a suitable laptop computer before proceeding with CDES 3225 and subsequent courses. See an advisor for specifications.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Art Foundation Requirements: 18 credits

- ART 1101 - Art Studio: 2D Credits: 3
- ART 1501 - Art Studio: 3D Credits: 3
- ART 1531 - Art Studio: 4D Credits: 3
- ARTH 1600 - Art of the Ancient World Credits: 3
- ARTH 1700 - Art of the Medieval and Early Modern World Credits: 3
- ARTH 1800 - Art of the Modern and Contemporary World Credits: 3

## Communication Design Requirements: 60 credits

- ART 1141 - Art Studio: Drawing Credits: 3
- CDES 3690 - History of Communication Design Credits: 3
- ARTH 4480 - Art Theory and Criticism Credits: 3
- CDES 2222 - Fundamentals of Communication Design Credits: 3
- CDES 2225 - Typographic Syntax Credits: 3
- CDES 2226 - Design Inquiry Credits: 3
- CDES 2302 - Interactive Systems Credits: 3
- CDES 2602 - Interface Design and Development Credits: 3
- CDES 3215 - Typographic Aesthetics Credits: 3
- CDES 3222 - Design Research Methods Credits: 3
- CDES 3602 - Interactive Design I Credits: 3
- CDES 3623 - Identity and Systems Design Credits: 3
- CDES 3625 - Animation Practices Credits: 3
- CDES 4400 - Thesis Preparation Credits: 3
- CDES 4450 - Professional Practices in Communication Design Credits: 3
- CDES 4600 - Communication Design Portfolio Development Credits: 3
- CDES 4625 - Communication Design Internship Credits: 3  
or
- CDES 4650 - Studio M Credits: 3

**Choose 9 credits from:**

- CDES 3001 - Zermile and 'Zines Credits: 3
- CDES 3101 - Community-Based Design Credits: 3
- CDES 3225 - Integrated Production Techniques Credits: 3
- CDES 3300 - Data-Driven Design Credits: 3
- CDES 3500 - Site Specific Studies in CDES: Variable Topics Credits: 3
- CDES 3980 - Communication Design Junior Internship Credits: 1-4
- CDES 4051 - Sight Sound Syntax Credits: 3
- CDES 4151 - Design in Public Space Credits: 3
- CDES 4152 - Citizen Designers: Social Poster Design Credits: 3
- CDES 4202 - Interactive Design II Credits: 3
- CDES 4251 - Designing the Human Experience Credits: 3
- CDES 4252 - Mobile Prototyping Credits: 3
- CDES 4300 - Variable Topics in Communication Design Credits: 3
- ARTH XXXX - Upper Division Art History Elective (maximum 3 credits)\*

*\*ARTH 3360 (CHS 3025) may be used as an Art History elective for the B.F.A. in Communication Design.*

- CDES 4721 - Communication Design Senior Experience: Exhibition and Thesis Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Art Foundation Requirements	18 credits
Communication Design Requirements	60 credits
Senior Experience	3 credits
Unrestricted Electives	3-12 credits
<b>Total for the Communication Design Major, B.F.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Department of Biology

Location: Science Building, Room 2042

Phone: 303-615-0777

E-Mail: [bio@msudenver.edu](mailto:bio@msudenver.edu)

Website: [Biology Department Website](#)

### Guidelines for Field Experience, Internship, Practicum, and Workshop Courses

No more than four semester hours with the following course numbers will be applied toward the 40 semester hours of biology courses required for graduation: BIO 2888, 2980, 2990, 3970, 3980, 4888, 4950, 4980, and 4990. However, additional credits with the above course numbers may be applied toward general elective hours.

## Biology Major, B.A.

[Department of Biology](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

Senior Experience: 3 credits

## About the Program

The Department of Biology degree program provides students with the conceptual framework to examine living organisms from the molecular level to entire ecosystems. Students in both the Biology Major, B.A. and Biology Major, B.S. gain comprehensive knowledge of biological principles as well as the analytical skills and laboratory and field-based scientific training necessary to pursue graduate studies, conduct contemporary biological research, or directly enter the workforce. These majors allow students the flexibility to tailor their coursework toward a particular discipline of interest. The difference between the majors is in the amount of chemistry and mathematics required. Students should consult with a faculty advisor for degree planning towards field-specific career or post-baccalaureate goals.

## Student Outcomes

- I.1. Biology graduates will demonstrate the ability to interpret and apply the principles of cell biology.
- I.2. Biology graduates will demonstrate the ability to interpret and apply the principles of Molecular Biology & Genetics.
- I.3. Biology graduates will demonstrate the ability to interpret and apply the principles of Organismal Biology.
- I.4. Biology graduates will demonstrate the ability to interpret and apply the principles of Population Biology, Evolution, and Ecology.
- II.1. Biology graduates will demonstrate proper use and understanding of a broad range of biological techniques.
- II.2. Biology graduates will use knowledge and observations to formulate hypotheses, identify relevant variables, and design experiments to test hypotheses.
- III.1. Biology graduates will demonstrate the ability to locate and critically analyze sources of biological information.
- III.2. Biology graduates will demonstrate the ability to communicate concepts in biology using the vocabulary of the discipline.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each BIO prefix course in this program to count toward the bachelor's

degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Non-Biology Courses: 11-12 credits

All students must complete the following courses. To use CHE 1100 or CHE 1800 for the General Studies Natural and Physical Sciences requirement, students must take the corresponding lab (CHE 1150 or CHE 1801, respectively).

The Math course may count toward the Quantitative Literacy General Studies requirements.

- CHE 1100 - Principles of Chemistry **Credits: 4**
- CHE 2100 - Introduction to Organic and Biological Chemistry **Credits: 4**
- or
- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1810 - General Chemistry II **Credits: 4**
- A minimum of one semester of mathematics starting with MTH 1109 or above. Note - MTH 1210 does not satisfy this requirement. Credits: 3-4

## Biology Major Required Courses: 19-23 credits

- BIO 1080 - General Biology I **Credits:** 3
- BIO 1081 - General Biology II **Credits:** 3
- BIO 1090 - General Biology Laboratory I **Credits:** 1
- BIO 1091 - General Biology Laboratory II **Credits:** 1
- BIO 3520 - General Ecology **Credits:** 3  
and
- BIO 3600 - General Genetics **Credits:** 4  
or
- BIO 3610 - Genetics: Principles and Analysis **Credits:** 4

## Select one of these options: 4-8 credits

### Option 1

- BIO 2100 - General Botany Credits: 5

### Option 2

- BIO 2400 - General Microbiology Credits: 5

### Option 3

Both courses

- BIO 2310 - Human Anatomy and Physiology I Credits: 4
- BIO 2320 - Human Anatomy and Physiology II Credits: 4

### Option 4

One of the following two courses

- BIO 3200 - Invertebrate Zoology Credits: 4  
or
- BIO 3260 - Vertebrate Zoology Credits: 4

## Biology Electives: 17-21

Biology courses selected from the 2000-, 3000-, and 4000-level series, and approved by faculty advisors in the Biology Department, must be completed to bring the total of biology courses approved for the major to 40 semester hours.

## Upper division course requirements

At least 21 semester hours of the major (including General Genetics and General Ecology) must be 3000- and 4000-level BIO courses approved by the Biology Department faculty.

## Senior Experience: 3 credits

- Senior Experience course

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Non-Biology Courses	12 credits
Biology Major Required Courses	19-23 credits
Biology Electives	17-21 credits
Senior Experience	3 credits
Unrestricted Electives	29-42 credits
Total for the Biology Major, B.A.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Biology Major, B.A. with Secondary Science Teacher Licensure Concentration*

[Department of Biology](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Biology Major with Secondary Licensure concentration is designed for those students who plan to teach Secondary Science. The program includes a Biology B.A. Major, and Secondary Education courses required by the Colorado Department of Education for licensure. The major provides students with a background in the Colorado Academic Standards for Science and prepares them to pass the required content exam for licensure.

## Student Outcomes

## Secondary Education

- Students in Secondary/K-12 Education teacher licensure programs will demonstrate awareness of multiculturalism, diversity, equity, and inclusion.
- Students in Secondary/K-12 Education teacher licensure program will gain readiness and eligibility for student teaching.
- Teacher candidates will successfully complete student teaching.

## Biology Major B.A.

- Interpret and apply the principles of 1. Cell Biology, 2. Molecular Biology & Genetics, 3. Organismal Biology, and 4. Population Biology, Evolution, and Ecology.
- Use and understand a broad range of biological techniques.
- Formulate hypotheses using knowledge and observations, identify relevant variables, and design experiments to test hypotheses.
- Locate and critically analyze sources of biological information.
- Communicate concepts in biology using the vocabulary of the discipline.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 126 semester hours are required for graduation in this program.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree.
- A minimum GPA of 2.75 in the Biology Major and Additional Courses for Secondary Science Licensure is needed to apply for student teaching.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion. Those recommended courses below can satisfy additional degree program requirements beyond General Studies.

- Written Communication (6 credits)
- Oral Communication (3 credits)

- Quantitative Literacy (3 credits)
  - **Recommended:** Student may fulfill this General Studies requirement with MTH 1112 - College Algebra Through Modeling under Mathematics Courses for Secondary Science Licensure. (Note: depending on the course selected, this may exceed 3 credits.)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Students may fulfill this General Studies requirement with Additional Content Courses for Secondary Science Licensure Concentration. (Note: depending on the courses selected, this total may exceed 6 credits.)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement with EDS 3130 - Foundations of Educational Psychology and Philosophy and EDS 3150 - Critical Sociocultural Lenses for Teachers, which also meet requirements under Foundation and Method Courses for Secondary Education. (Note: depending on the courses selected, this total may exceed 6 credits.)
- Global Diversity (0 or 3 credits\*)

*\*Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students can consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- Students can fulfill this requirement with EDS 3150 - Critical Sociocultural Lenses for Teachers.

## Biology Major Core Courses: 38 credits

- BIO 1080 - General Biology I Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1
- BIO 1081 - General Biology II Credits: 3
- BIO 1091 - General Biology Laboratory II Credits: 1
- BIO 2310 - Human Anatomy and Physiology I Credits: 4
- BIO 2400 - General Microbiology Credits: 5
- BIO 3520 - General Ecology Credits: 3
- BIO 4850 - Evolution Credits: 3
- SCI 3950 - Teaching Science in Secondary Schools Credits: 3

- SCI 3960 - Field Experience in Teaching Science in Secondary Schools Credits: 1

Please select one of the following:

- BIO 3600 - General Genetics Credits: 4  
or
- BIO 3610 - Genetics: Principles and Analysis Credits: 4

Please select upper division Biology courses totaling a minimum of 7 credits:

- BIO 3000-4999 Biology Upper Division Elective
- BIO 3000-4999 Biology Upper Division Elective

## Additional Courses for Secondary Science Licensure: 34 credits

All students must complete thirty four (34) credits in the following disciplines to prepare to teach Secondary Science. Nine or more credits in this category can also satisfy General Studies requirements for Quantitative Literacy and Natural and Physical Sciences.

### Chemistry (10 Credits):

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1

### Physics (10 Credits):

- PHY 2010 - College Physics I Credits: 4
- PHY 2020 - College Physics II Credits: 4
- PHY 2030 - College Physics I Laboratory Credits: 1
- PHY 2040 - College Physics II Laboratory Credits: 1

### Earth and Space Science (7 Credits):

- GEL 1010 - Physical Geology Credits: 4

Select one of the following courses:

- MTR 1400 - Weather and Climate Credits: 3  
or
- GEG 1100 - Introduction to Physical Geography Credits: 3

### Math (7 Credits):

- MTH 1112 - College Algebra Through Modeling Credits: 4
- MTH 1120 - College Trigonometry Credits: 3

## Foundation and Methods Courses for Secondary Education: 24 credits

All students must complete the following courses in Foundation and Methods Courses for Secondary Education. Before registering for these courses, students should obtain provisional admission to the School of Education. An application can be found [HERE](#). Six or

more credits in this category can also satisfy General Studies requirements for Social and Behavioral Sciences. Three credits in this category can also satisfy ESSJ requirement.

- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4
- EDS 3140 - First Field Experience in Secondary Education Credits: 1
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3

## Senior Experience: 12 credits

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Biology Major Core Courses	38 credits
Additional Content Courses for Secondary Science Licensure	34 credits
Foundation and Methods Courses for Secondary Education	24 credits
Senior Experience	12 credits
Total for the Biology Major, B.A. with Secondary Science Teacher Licensure Concentration	126 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.**

**Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## ***Biology Major, B.S.***

[Department of Biology](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

The Department of Biology degree program provides students with the conceptual framework to examine living organisms from the molecular level to entire ecosystems. Students in both the Biology Major, B.A. and Biology Major, B.S. gain comprehensive knowledge of biological principles as well as the analytical skills and laboratory and field-based scientific training necessary to pursue graduate studies, conduct contemporary biological research, or directly enter the workforce. These majors allow students the flexibility to tailor their coursework toward a particular discipline of interest. The difference between the majors is in the required number of upper division biology and non-biology STEM courses. Students should consult with a faculty advisor for degree planning towards field-specific career or post-baccalaureate goals.

### **Student Outcomes**

- I.1. Biology graduates will demonstrate the ability to interpret and apply the principles of cell biology.
- I.2. Biology graduates will demonstrate the ability to interpret and apply the principles of Molecular Biology & Genetics.
- I.3. Biology graduates will demonstrate the ability to interpret and apply the principles of Organismal Biology.
- I.4. Biology graduates will demonstrate the ability to interpret and apply the principles of Population Biology, Evolution, and Ecology.
- II.1. Biology graduates will demonstrate proper use and understanding of a broad range of biological techniques.
- II.2. Biology graduates will use knowledge and observations to formulate hypotheses, identify relevant variables and design experiments to test hypotheses.
- III.1. Biology graduates will demonstrate the ability to locate and critically analyze sources of biological information.
- III.2. Biology graduates will demonstrate the ability to communicate concepts in biology using the vocabulary of the discipline.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each BIO prefix course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## **Ethnic Studies & Social Justice Requirement: 0 or 3 credits**

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## **Biology Major Required Courses: 19-20 credits**

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**
- BIO 1081 - General Biology II **Credits: 3**
- BIO 1091 - General Biology Laboratory II **Credits: 1** and

- BIO 3520 - General Ecology **Credits: 3**  
and

Select one of the following:

- BIO 2100 - General Botany **Credits: 5**
  - BIO 2310 - Human Anatomy and Physiology I **Credits: 4**
  - BIO 2400 - General Microbiology **Credits: 5**
  - BIO 3200 - Invertebrate Zoology **Credits: 4**
  - BIO 3260 - Vertebrate Zoology **Credits: 4**  
and
- Select one of the following:
- BIO 3600 - General Genetics **Credits: 4**
  - BIO 3610 - Genetics: Principles and Analysis **Credits: 4**

## Biology Elective Requirement: 26-27 credits

- BIO courses selected from the 2000-, 3000-, and 4000-level series, and approved by faculty advisors in the Biology Department, must be completed to bring the total of biology courses approved for the major to 46 semester hours.

## Upper division course requirement

At least 27 semester hours of the major (including General Genetics and General Ecology) must be 3000- and 4000-level BIO courses approved by the Biology Department faculty.

## Required Non-Biology Courses: 26-27 credits

## Required Chemistry Courses: 10 credits

All students must complete one of the following course sequences. CHE 1100 and CHE 1150 or CHE 1800 and CHE 1801 courses may also count toward the Natural and Physical Science General Studies requirements.

- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**
- CHE 1810 - General Chemistry II **Credits: 4**
- CHE 1811 - General Chemistry II Laboratory **Credits: 1**  
or
- CHE 1100 - Principles of Chemistry **Credits: 4**
- CHE 1150 - Principles of Chemistry Laboratory **Credits: 1**
- CHE 2100 - Introduction to Organic and Biological Chemistry **Credits: 4**
- CHE 2150 - Introduction to Organic and Biological Chemistry Laboratory **Credits: 1**

## Required Mathematics Courses: 7-8 credits

All students must complete two semesters of Mathematics starting with MTH 1109, MTH 1110, or above. The Math courses may also count toward the Quantitative Literacy General Studies requirements.

## Required Non-Biology Science Electives: 9 credits

Choose 9 additional credits from the following list of courses. At least 6 credits must be upper division (3000- or 4000-level). Any mathematics course chosen from the list below is in addition to the two required mathematics courses.

### Anthropology

- ANT 1010 - Introduction to Biological Anthropology **Credits: 3**
- ANT 3100 - Human Evolution **Credits: 3**
- ANT 3170 - Primate Adaptation and Evolution **Credits: 3**
- ANT 3790 - Human Osteology **Credits: 3**
- ANT 3860 - Paleopathology **Credits: 3**
- ANT 4100 - Biological Anthropology Research Design **Credits: 3**

### Brewing Science

- BVG 4220 - Brewing Fermentation **Credits: 3**
- BVG 4350 - Brewing Science and Technology **Credits: 3**

### Civil Engineering Technology

- CET 3320 - Environmental Impact Statements **Credits: 3**

### Chemistry

- CHE 3100 - Organic Chemistry I **Credits: 4**
- CHE 3110 - Organic Chemistry II **Credits: 4**
- CHE 3120 - Organic Chemistry Laboratory I **Credits: 1**
- CHE 3130 - Organic Chemistry Laboratory II **Credits: 1**
- CHE 4310 - Biochemistry I **Credits: 4**
- CHE 4350 - Biochemistry Laboratory **Credits: 2**

### Computer Science

- CS 1050 - Computer Science 1 **Credits: 4**
- CS 2050 - Computer Science 2 **Credits: 4**
- CS 3120 - Machine Learning **Credits: 4**
- CS 3150 - Digital Image Processing and Computer Vision **Credits: 4**

### Environmental Science

- ENV 1200 - Introduction to Environmental Science Credits: 3
- ENV 2100 - Environmental Sampling and Analysis Credits: 3
- ENV 3400 - Water Resources Credits: 3
- ENV 3700 - Mountain Environments Credits: 3
- ENV 3740 - Environmental Health Credits: 3
- ENV 4400 - Landscape Ecology Credits: 3
- ENV 4420 - Wetlands Credits: 3
- ENV 4440 - Limnology Credits: 3
- ENV 4450 - Stream Ecology Credits: 3
- ENV 4460 - Advanced Water Quality Analysis Credits: 3
- ENV 4970 - Environmental Field Studies Credits: 3

## Exercise Science

- ESS 3300 - Anatomical Kinesiology Credits: 3
- ESS 3340 - Physiology of Exercise Credits: 4

## Geography

- GEG 1100 - Introduction to Physical Geography Credits: 3
- GEG 1700 - Global Sustainability Credits: 3
- GEG 3410 - Biogeography Credits: 3
- GEG 4700 - Sustainability in Resource Management Credits: 3

## Geology

- GEL 1010 - Physical Geology Credits: 4
- GEL 3420 - Soil Resources Credits: 3
- GEL 3422 - Methods of Soil Analysis and Sampling Credits: 1

## Geographic Information Systems

- GIS 2250 - Geographic Information Systems Credits: 4
- GIS 3250 - Cartography Credits: 3
- GIS 4840 - Remote Sensing Credits: 3
- GIS 4850 - Spatial Modeling in Raster Credits: 4
- GIS 4860 - GIS Applications Credits: 4

## Integrative Therapeutic Practices

- ITP 4300 - Botanical Pharmacology Credits: 3
- ITP 4600 - Clinical Pathophysiology Credits: 4

## Mathematics

- MTH 1120 - College Trigonometry Credits: 3

- MTH 1210 - Introduction to Statistics Credits: 4
- MTH 1410 - Calculus I Credits: 4
- MTH 2140 - Computational Matrix Algebra Credits: 2
- MTH 2410 - Calculus II Credits: 4
- MTH 2520 - R Programming Credits: 4
- MTH 3130 - Applied Methods in Linear Algebra Credits: 4
- MTH 3140 - Linear Algebra Credits: 4
- MTH 3210 - Probability and Statistics Credits: 4
- MTH 3220 - Statistical Methods Credits: 4
- MTH 3240 - Environmental Statistics Credits: 4
- MTH 3270 - Data Science Credits: 4
- MTH 3420 - Differential Equations Credits: 4
- MTH 3430 - Mathematical Modeling Credits: 4
- MTH 3470 - Introduction to Discrete Mathematics and Modeling Credits: 4

## Meteorology

- MTR 1400 - Weather and Climate Credits: 3
- MTR 3330 - Climatology Credits: 3

## Nutrition

- NUT 2040 - Introduction to Nutrition Credits: 3
- NUT 3150 - Advanced Nutrition - Macronutrients Credits: 3
- NUT 3160 - Advanced Nutrition - Micronutrients Credits: 3
- NUT 3500 - Food Safety Credits: 3

## Physics

- PHY 2010 - College Physics I Credits: 4
- PHY 2020 - College Physics II Credits: 4
- PHY 2030 - College Physics I Laboratory Credits: 1
- PHY 2040 - College Physics II Laboratory Credits: 1
- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1
- PHY 2331 - General Physics II Credits: 4
- PHY 2341 - General Physics II Laboratory Credits: 1
- PHY 3231 - Vibrations, Waves, and Mathematical Methods Credits: 4
- PHY 3311 - Analytical Mechanics Credits: 4

## Psychology

- PSY 3560 - Psychopharmacology Credits: 3
- PSY 4520 - Sensation and Perception Credits: 3
- PSY 4540 - Behavioral Neuroscience Credits: 3

## Senior Experience: 3 credits

- Senior Experience course

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Biology Major Required Courses	19-20 credits
Biology Major Electives	26-27 credits
Required Chemistry Courses	10 credits
Required Mathematics Courses	7-8 credits
Required Non-Biology Science Courses	9 credits
Senior Experience	3 credits
Unrestricted Electives	8-24 credits
<b>Total for the Biology Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Biology Minor

Students seeking a Biology Minor are required to take a minimum of 24 semester hours, 3 of which must be upper division (3000-4000 level). A grade of C- or better is required for each course in this program to count toward a minor. Students should note that programs differ in the minimum grade required.

Students seeking a Biology Minor are required to take BIO1080, BIO1090, BIO1081, and BIO1091, and must complete at least one organismal course in general botany, human anatomy and physiology, general microbiology, or zoology.

## Required Courses

- BIO 1080 - General Biology I Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1
- BIO 1081 - General Biology II Credits: 3
- BIO 1091 - General Biology Laboratory II Credits: 1

### Select one of these options:

- Option 1: BIO 2100 - General Botany Credits: 5
- Option 2: BIO 2310 - Human Anatomy and Physiology I Credits: 4
- Option 3: BIO 2400 - General Microbiology Credits: 5
- Option 4: BIO 3200 - Invertebrate Zoology Credits: 4
- Option 5: BIO 3260 - Vertebrate Zoology Credits: 4

## Electives

Biology courses from the 2000-, 3000-, and 4000-level series, approved by the Department of Biology, must be completed to bring the total of biology courses approved for the minor to 24 semester hours. At least 3 of those semester hours must be upper division (3000- or 4000-level) to complete the minor. Students should seek assistance from a Biology department advisor or faculty member in selecting elective courses.

Total (minimum): 24 credits

## American Chemical Society Post-Baccalaureate Bridge Program (ACS-BP)

### Background:

The American Chemical Society Post-Baccalaureate Bridge Program (ACS-BP) is a credentialed post-baccalaureate bridge experience modeled in accordance with the ACS Bridge Project, which integrates culturally responsive practices into the program curriculum to provide alternative pathways to graduate programs in the chemical and/or biochemical sciences for students from underrepresented/minoritized (URM) groups in STEM.<sup>1</sup> Accordingly, the ACS-BP is tuition-free and offers a competitive salary, housing stipend, and health insurance for the full two years of the program. The goal of this structure is to enable students the space to fully engage, relax into their STEM identity, focus, and thrive while getting high-quality, rigorous preparation for graduate programs in the Chemical and/or Biochemical Sciences.

### Advantages of this Program:

Graduate admissions decisions rely heavily on a student's upper-division electives, hands-on teaching experience, immersive research

experiences, and scientific literacy skills. The ACS-BP provides depth and breadth of opportunity for students in each of those critical areas while introducing students to the graduate school experience. The program curriculum is modeled after the first two years of a graduate program, but unlike grad school, we provide at least three tiers of mentorship for each student to ensure holistic, comprehensive support while they're discovering their graduate school path. Formal and informal networking and collaborative research interactions are also included to provide students with a wealth of opportunities to interact with the broader scientific and URM-centered STEM communities.

### Curriculum Specifics:

During the first year, each student completes advanced undergraduate coursework, an effective college teaching experience, graduate school and research support coursework, and research rotations. Students gain invaluable experience and insight while they prepare for the second phase of the program: an Immersive Research Internship. The Immersive Research Internship begins in the second half of their second semester when students transition to hands-on laboratory research with a principal investigator at MSU Denver or a partnering graduate institution for the remainder of the program. During this time, the students create and iteratively refine a poster and an oral presentation on their research project through scheduled presentations at MSU Denver and partnering institutions. The ACS-BP culminates in a capstone project wherein the students prepare a thesis or publication-quality document on their research and present their final poster and oral presentation to a panel of program mentors.

### Notes:

While this program is specifically designed for students from URM groups in STEM, we recognize that there are many ways that people can be systemically affected in today's society. Therefore, any student who has experienced overwhelming circumstantial disadvantage and associated resource needs is encouraged to apply.

Additionally, if students are admitted to and attend graduate school at one of our partner universities, a portion of the ACS-BP coursework is designed to directly transfer as credit toward their graduate program.

The minimum passing grade for the *undergraduate-level* curriculum in this program is a C, and the minimum passing grade is a B- for courses that will transfer into a subsequent graduate program (due to the requirements of our partnering graduate programs).

## ACS-BP Program Requirements (19.5 credits)

To complete the ACS-BP certificate program, each student must complete 19.5 credit hours of coursework as outlined in the categories below. The specifics of the program timeline and curriculum category specifics are described in more detail in the following sections.

Program Credit Categories	Credit Hours/Course	Required Credits/Category
---------------------------	---------------------	---------------------------

Internship I/II: T1 Mentor	0.5	3
Effective College Teaching in Chemistry: T2 Mentor	0.5	1
Graduate School and Research Support Coursework	0.5 - 1	3.5
Research Rotations	0.5	0.5
Immersive Research Internship: T3 Mentor	0.5 - 2	5
ACS-BP Research Capstone	0.5	0.5
Advanced Undergraduate Coursework*	2 - 4	6
<i>Total Credits for the Program</i>		<i>19.5</i>

\*For this certificate program, students must complete 6 credits of advanced undergraduate coursework in addition to/ or to replace the coursework completed during their bachelor's degree. For that reason, transfer credits will only be assessed on a case-by-case basis under outstanding circumstances.

## Program Timeline

### Year 1 - Semester 1 (1.5 - 8.5 credits)

During the first semester, students work closely with their Tier 1 and Tier 2 mentors to plan their course through the program, learn teaching practices, and begin to plan for graduate school admission processes. This is a good time to complete the specified electives in the *Advanced Undergraduate Coursework* and *Graduate School and Research Support Coursework* categories.

#### Required Core Courses: Credits / Units: 1.5

- CHE 0010 - Effective College Teaching in Chemistry I: T2 Mentor **Credits: 0**
  - CHE 4970 - Internship I: T1 Mentor **Credits: 0.5**
  - CHE 4971 - Effective College Teaching in Chemistry I **Credits: 0.5**
  - CHE 4972 - Navigating Graduate School **Credits: 0.5**
- AND**

#### Specified Electives:

Advanced Undergraduate Coursework (0-6 credits)

Graduate School and Research Support Coursework (0-1 credits)

### Year 1 - Semester 2 (3.5 - 10.5 credits)

During the second semester, the program begins to ramp up as students continue to work with their Tier 1 and Tier 2 mentors to define their graduate school trajectory. Students select their Tier 3 research mentors and become more involved in graduate preparation coursework, such as *Advanced Science Communication I*. All specified electives in the *Advanced Undergraduate Coursework* and *Graduate School and Research Support Coursework* categories must be completed by the end of Year 1 - Semester 2.

**Required Core Courses: Credits / Units: 3**

- CHE 0020 - Effective College Teaching in Chemistry II: T2 Mentor Credits: 0
- CHE 4970 - Internship I: T1 Mentor Credits: 0.5
- CHE 4972 - Navigating Graduate School Credits: 0.5
- CHE 4973 - Advanced Science Communication I Credits: 1
- CHE 4976 - Effective College Teaching in Chemistry II Credits: 0.5
- CHE 4977 - Research/Laboratory Rotation Credits: 0.5  
*This course is taken during the first 8 weeks of the second semester.*
- CHE 4979 - Research/Laboratory Internship I: T3 Mentor Credits: 0.5  
*This course is taken during the last 5 weeks of the second semester.*

**AND**

**Specified Electives:**

Advanced Undergraduate Coursework (0-6 credits)

Graduate School and Research Support Coursework (0-1 credits)

## Year 1 - Summer (1 credit)

The students start fully engaging in the *Immersive Research Internship* portion of the program with their Tier 3 mentor during the summer after their first year. The students continue to work with their Tier 1 mentor to ensure they are adequately supported at every stage of the program.

- CHE 4970 - Internship I: T1 Mentor Credits: 0.5
- CHE 4983 - Research/Laboratory Internship IA: T3 Mentor Credits: 0.5-1

**NOTE: At the end of Year 1 - Summer students will have completed 13 of the 19.5 required credits.**

## Year 2 - Semester 1 (2.5 credits)

The students continue the *Immersive Research Internship* portion of the program during the second academic year, working with their Tier 1 and Tier 3 mentors to hone their research and science communication skills while submitting their graduate application packages.

- CHE 4978 - Internship II: T1 Mentor Credits: 0.5

- CHE 4985 - Research/Laboratory Internship II: T3 Mentor Credits: 1-2

## Year 2 - Semester 2 (3 credits)

As students approach the end of the program, they take *Advanced Science Communication II* to prepare them to complete their capstone projects on the work they've completed during their *Immersive Research Internship*.

- CHE 4978 - Internship II: T1 Mentor Credits: 0.5
- CHE 4984 - Advanced Science Communication II Credits: 0.5
- CHE 4985 - Research/Laboratory Internship II: T3 Mentor Credits: 1-2

## Year 2 - Summer (1 credit)

Students work closely with their Tier 1 and Tier 3 mentors to complete their *Research Capstone* projects and present their research to a panel of mentors in an open forum discussion.

- CHE 4978 - Internship II: T1 Mentor Credits: 0.5
- CHE 4998 - ACS-BP Research Capstone Credits: 0.5

## Program Credit Categories

### Internship I/II: T1 Mentor (3 credits)

Students must complete **a total of 3 credits** of *Internship* coursework with their *Tier 1 Mentor* during the course of their program. Both of these courses are repeated three times.

- CHE 4970 - Internship I: T1 Mentor Credits: 0.5
- CHE 4978 - Internship II: T1 Mentor Credits: 0.5

### Effective College Teaching in Chemistry with a T2 Mentor (1 credit)

Students must complete **a total of 1 credit and associated non-credit coursework** in *Effective College Teaching in Chemistry* with *Tier 2 Mentorship* during their first two semesters.

- CHE 0010 - Effective College Teaching in Chemistry I: T2 Mentor Credits: 0
- CHE 0020 - Effective College Teaching in Chemistry II: T2 Mentor Credits: 0
- CHE 4971 - Effective College Teaching in Chemistry I Credits: 0.5
- CHE 4976 - Effective College Teaching in Chemistry II Credits: 0.5

## Graduate School and Research Support Coursework (3.5 credits)

Students must complete **a total of 3.5 credits** of *Graduate School and Research Support Coursework* during their first two semesters.

### **Core Required Courses: Credits / Units: 2.5**

- CHE 4972 - Navigating Graduate School Credits: 0.5  
*This course is taken two times; during the first and second semester of the first year in the program.*
- CHE 4973 - Advanced Science Communication I Credits: 1
- CHE 4984 - Advanced Science Communication II Credits: 0.5
- Specified Electives: Credits / Units: 1**
- CHE 3810 - Chemistry Literature and Research Credits: 1
- CHE 4974 - Ethical Practices in Scientific Work Credits: 0.5
- CHE 4975 - Data Handling in Scientific Work Credits: 0.5

## Research Rotations (0.5 credits)

Students must complete **a total of 0.5 credits** of *Research/Laboratory Rotations* in the first half of the second semester in the program.

- CHE 4977 - Research/Laboratory Rotation Credits: 0.5

## Immersive Research Internship with a Tier 3 Mentor (5 credits)

Students must complete **a total of 5 credits** of *Immersive Research Internship* coursework with their Tier 3 Mentor during the course of their program.

- CHE 4979 - Research/Laboratory Internship I: T3 Mentor Credits: 0.5
- CHE 4983 - Research/Laboratory Internship IA: T3 Mentor Credits: 0.5-1
- CHE 4985 - Research/Laboratory Internship II: T3 Mentor Credits: 1-2

## ACS-BP Research Capstone (0.5 credits)

Students must complete **a total of 0.5 credits** of *Research Capstone* coursework with their Tier 1 and Tier 3 Mentors during the course of their program.

- CHE 4998 - ACS-BP Research Capstone Credits: 0.5

## Advanced Undergraduate Coursework (6 credits)

Students must complete **a total of 6 credits** of *Advanced Undergraduate Coursework* during their first two semesters in the program. We expect that most students will take advanced electives in chemistry or biochemistry for this program. However, we have identified coursework within and outside the department in the *Research Interest* areas below that could benefit students who want to enter a graduate program in a specific area. Any courses listed below at the 3000 level or higher, including Omnibus courses at the 390 level or higher, will satisfy the *Advanced Undergraduate Coursework* requirement for this program.

*Note:* Most of these courses have prerequisites that are not listed below. Students are encouraged to discuss their potential coursework with their T1 mentor prior to registering for classes.

## Department of Chemistry and Biochemistry - Advanced Undergraduate Coursework

- CHE 3050 - Environmental Chemistry Credits: 3
- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3
- CHE 3300 - Inorganic Chemistry Credits: 3
- CHE 3600 - Crime Scene Investigation I Credits: 4
- CHE 3610 - Crime Scene Investigation II Credits: 4
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4
- CHE 4010 - Advanced Organic Chemistry Credits: 3
- CHE 4020 - Synthetic Organic Chemistry Credits: 3
- CHE 4800 - Special Topics in Chemistry Credits: 4
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4310 - Biochemistry I Credits: 4
- CHE 4320 - Biochemistry II Credits: 4
- CHE 4350 - Biochemistry Laboratory Credits: 2
- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3
- CHE 4450 - Physical Chemistry: Quantum Mechanics and Spectroscopy Credits: 4
- CHE 4460 - Physical Chemistry: Thermodynamics and Kinetics Credits: 4
- CHE 4480 - Physical Chemistry Laboratory: Quantum and Spectroscopy Credits: 2
- CHE 4490 - Physical Chemistry Laboratory: Thermodynamics and Kinetics Credits: 2

## Analytical/Instrumental Research Interest

If students take CHE 4100/CHE 4110 and CHE 4130/CHE 4160 as electives in this *Research Interest* area, they will simultaneously earn the Quality in the Chemical Industry Certificate.

- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- ENV 4460 - Advanced Water Quality Analysis Credits: 3
- MTH 3210 - Probability and Statistics Credits: 4

### Biochemical Research Interest

- BIO 2310 - Human Anatomy and Physiology I Credits: 4
  - BIO 2400 - General Microbiology Credits: 5
- Note: BIO 2310 and BIO 2400 don't count toward advanced electives but may be prerequisites of courses listed in this research interest area, or of general interest if you are considering this type of graduate program. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*
- BIO 3350 - Immunology Credits: 3
  - BIO 3351 - Immunology Laboratory Credits: 1
  - BIO 3600 - General Genetics Credits: 4
  - BIO 4050 - Advanced Cell and Molecular Biology Credits: 3
  - BIO 4060 - Cellular and Molecular Biology Laboratory Credits: 2
  - BIO 4070 - Biology of Cancer Credits: 3
  - BIO 4300 - Neurobiology Credits: 3
  - CHE 4310 - Biochemistry I Credits: 4
  - CHE 4320 - Biochemistry II Credits: 4
  - CHE 4350 - Biochemistry Laboratory Credits: 2
  - CHE 4390 - Advanced Biochemistry Laboratory Credits: 3

### Chemical Education Research Interests

- PSY 2310 - Statistics for the Social and Behavioral Sciences Credits: 3
- Note: PSY 2310 doesn't count toward advanced electives but may be a prerequisite of courses listed in this research interest area, or of general interest if you are considering this type of graduate program. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*
- PSY 3010 - Research Methods in Psychological Science Credits: 3
  - PSY 3340 - Cognitive Development and Learning Credits: 3
  - PSY 4320 - Advanced Psychological Research Methods Credits: 3
  - PSY 4450 - Advanced Psychological Data Science Credits: 3
  - PSY 4570 - Cognitive Psychology Credits: 3

### Computation Chemistry/Biochemistry Interest

- BIO 3350 - Immunology Credits: 3
  - BIO 3600 - General Genetics Credits: 4
  - BIO 4050 - Advanced Cell and Molecular Biology Credits: 3
  - BIO 4070 - Biology of Cancer Credits: 3
  - BIO 4300 - Neurobiology Credits: 3
  - BIO 4060 - Cellular and Molecular Biology Laboratory Credits: 2
  - CHE 4450 - Physical Chemistry: Quantum Mechanics and Spectroscopy Credits: 4
  - CHE 4460 - Physical Chemistry: Thermodynamics and Kinetics Credits: 4
  - CHE 4480 - Physical Chemistry Laboratory: Quantum and Spectroscopy Credits: 2
  - CHE 4490 - Physical Chemistry Laboratory: Thermodynamics and Kinetics Credits: 2
  - CS 2050 - Computer Science 2 Credits: 4
  - CS 3120 - Machine Learning Credits: 4
  - MTH 2520 - R Programming Credits: 4
  - MTH 2540 - Scientific Computing with Python Credits: 4
- Note: CS 2050, MTH 2510, MTH 2520, and MTH 2540 don't count toward advanced electives but may be prerequisites of courses listed in this research interest area, or of general interest if you are considering this type of graduate program. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*
- MTH 3210 - Probability and Statistics Credits: 4
  - MTH 3220 - Statistical Methods Credits: 4
  - MTH 3270 - Data Science Credits: 4
  - MTH 3430 - Mathematical Modeling Credits: 4

### Environmental Research Interest

- CHE 3050 - Environmental Chemistry Credits: 3
  - CHE 4100 - Instrumental Analysis Credits: 3
  - CHE 4110 - Instrumental Analysis Laboratory Credits: 2
  - ENV 1200 - Introduction to Environmental Science Credits: 3
  - ENV 2100 - Environmental Sampling and Analysis Credits: 3
- Note: ENV 1200 and ENV 2100 don't count toward advanced electives but may be prerequisites of courses listed in this research interest area, or of general interest if you are considering this type of graduate program. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*
- ENV 3422 - Methods of Soil Analysis and Sampling Credits: 1
  - ENV 3440 - Energy and Mineral Resources Credits: 4

- ENV 3710 - Environmental Remediation Credits: 3
- ENV 4460 - Advanced Water Quality Analysis Credits: 3
- MTH 3240 - Environmental Statistics Credits: 4

### Forensic Chemistry/Biochemistry Research Interest

- CHE 2710 - Introduction to Criminalistics Credits: 3
- CHE 2711 - Introduction to Criminalistics Laboratory Credits: 1
- CHE 2750 - Arson and Explosives Credits: 3
- CHE 2760 - Field Testing and Laboratory Analysis of Drugs Credits: 1

Note: CHE 2710, CHE 2711, CHE 2750, and CHE 2760 don't count toward advanced electives but may be prerequisites of courses listed in this research interest area, or of general interest if you are considering this type of graduate program. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.

- CHE 3600 - Crime Scene Investigation I Credits: 4
- CHE 3610 - Crime Scene Investigation II Credits: 4
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4
- CJC 4650 - Ethics for the Criminal Justice Professional Credits: 3

### Inorganic Research Interest

- CHE 3300 - Inorganic Chemistry Credits: 3
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4450 - Physical Chemistry: Quantum Mechanics and Spectroscopy Credits: 4
- CHE 4460 - Physical Chemistry: Thermodynamics and Kinetics Credits: 4
- CHE 4480 - Physical Chemistry Laboratory: Quantum and Spectroscopy Credits: 2
- CHE 4490 - Physical Chemistry Laboratory: Thermodynamics and Kinetics Credits: 2

### Organic Research Interest

- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3
- CHE 4010 - Advanced Organic Chemistry Credits: 3
- CHE 4020 - Synthetic Organic Chemistry Credits: 3

### Pharmaceutical Research Interest

- BIO 2310 - Human Anatomy and Physiology I Credits: 4
  - BIO 2400 - General Microbiology Credits: 5
- Note: BIO 2310 and BIO 2400 don't count toward advanced electives but may be prerequisites of courses listed in this

research interest area, or of general interest if you are considering this type of graduate program. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.

- BIO 3350 - Immunology Credits: 3
- BIO 3351 - Immunology Laboratory Credits: 1
- BIO 3600 - General Genetics Credits: 4
- BIO 4050 - Advanced Cell and Molecular Biology Credits: 3
- BIO 4060 - Cellular and Molecular Biology Laboratory Credits: 2
- BIO 4070 - Biology of Cancer Credits: 3
- BIO 4300 - Neurobiology Credits: 3
- CHE 4310 - Biochemistry I Credits: 4
- CHE 4320 - Biochemistry II Credits: 4
- CHE 4350 - Biochemistry Laboratory Credits: 2
- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3

### Physical/Spectroscopy Research Interest

- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4450 - Physical Chemistry: Quantum Mechanics and Spectroscopy Credits: 4
- CHE 4460 - Physical Chemistry: Thermodynamics and Kinetics Credits: 4
- CHE 4480 - Physical Chemistry Laboratory: Quantum and Spectroscopy Credits: 2
- CHE 4490 - Physical Chemistry Laboratory: Thermodynamics and Kinetics Credits: 2

## Biochemistry Major, B.S.

[Department of Chemistry and Biochemistry](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Biochemistry B.S. degree program offers students a focused, intensive education in the natural sciences and in the field of biochemistry. This degree prepares students for graduate work in biochemistry, for biochemical and biomedical careers in industry/government, and for post-graduate studies in the health sciences.

### Student Outcomes

- Apply the fundamental principles of chemistry and/or biochemistry, showing core competency in chemistry areas (general, analytical, organic, biochemistry, and physical chemistry)
- Design and conduct experiments using appropriate techniques and equipment
- Conduct scientific inquiry in an ethical manner
- Handle chemicals and chemical waste safely
- Search, critically evaluate, and properly cite scientific literature
- Use effective oral and written communication skills

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I\*
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** PHY 2010 - College Physics I\* or PHY 2311 - General Physics I\*
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

\* The listed courses are required courses for the major and can also fulfill general studies requirements

\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and

humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ requirement for degree completion.

## Required Major Courses: 40 credits

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3000 - Analytical Chemistry Credits: 3
- CHE 3010 - Analytical Chemistry Laboratory Credits: 2
- CHE 3100 - Organic Chemistry I Credits: 4
- CHE 3110 - Organic Chemistry II Credits: 4
- CHE 3120 - Organic Chemistry Laboratory I Credits: 1
- CHE 3130 - Organic Chemistry Laboratory II Credits: 1
- CHE 3190 - Survey of Physical Chemistry Credits: 4
- CHE 3200 - Survey of Physical Chemistry Laboratory Credits: 1
- CHE 4310 - Biochemistry I Credits: 4
- CHE 4320 - Biochemistry II Credits: 4
- CHE 4350 - Biochemistry Laboratory Credits: 2

## Required Biology, Physics, and Math Courses: 25 credits

Biochemistry is, by nature, an interdisciplinary area of study, and the required coursework reflects that reality, offering a complete education in the biochemical, biomedical, and technical fields. The student must satisfy the non-chemistry course requirements below.

*Note: MTH 1410 counts as a Quantitative Literacy General Studies course; the Biology and Physics courses count as Natural and Physical Science General Studies courses.*

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1081 - General Biology II **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**
- BIO 1091 - General Biology Laboratory II **Credits: 1**
- BIO 3050 - Cell Biology **Credits: 4**

Select one of the following Genetics courses:

- BIO 3600 - General Genetics **Credits: 4**  
or
- BIO 3610 - Genetics: Principles and Analysis **Credits: 4**
- MTH 1410 - Calculus I **Credits: 4**

Select one of these two options:

### Option 1

- PHY 2010 - College Physics I Credits: 4
- PHY 2030 - College Physics I Laboratory Credits: 1

### Option 2

- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1

## Additional Required STEM Elective Courses: 10 credits

Reflecting the broad, interdisciplinary nature of biochemistry, students must complete 10 credits of additional STEM electives from the following list.

\*Some of these courses may count to fulfill the Natural and Physical Sciences General Studies requirement. Students should work with their academic advisor.

- CHE 3050 - Environmental Chemistry Credits: 3
- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3
- CHE 3300 - Inorganic Chemistry Credits: 3
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4
- CHE 3810 - Chemistry Literature and Research Credits: 1
- CHE 3980 - Internship in Chemistry Credits: 1-15
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4360 - Computational Biochemistry Laboratory Credits: 2
- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3
- CHE 4800 - Special Topics in Chemistry Credits: 4
- BIO 2310 - Human Anatomy and Physiology I Credits: 4
- BIO 2320 - Human Anatomy and Physiology II Credits: 4
- BIO 2400 - General Microbiology Credits: 5
- BIO 3140 - Plant Physiology Credits: 5
- BIO 3160 - Plant Anatomy and Morphology Credits: 4
- BIO 3170 - Paleobotany Credits: 4
- BIO 3200 - Invertebrate Zoology Credits: 4
- BIO 3210 - Histology Credits: 4
- BIO 3220 - Comparative Vertebrate Anatomy Credits: 5
- BIO 3260 - Vertebrate Zoology Credits: 4

- BIO 3320 - Advanced Human Physiology Credits: 4
- BIO 3330 - Advanced Human Cadaver Anatomy Credits: 5
- BIO 3340 - Endocrinology Credits: 3
- BIO 3350 - Immunology Credits: 3
- BIO 3351 - Immunology Laboratory Credits: 1
- BIO 3360 - Animal Physiology Credits: 4
- BIO 3400 - Microbial Physiology Credits: 4
- BIO 3471 - Biology of Women Credits: 3
- BIO 4050 - Advanced Cell and Molecular Biology Credits: 3
- BIO 4060 - Cellular and Molecular Biology Laboratory Credits: 2
- BIO 4070 - Biology of Cancer Credits: 3
- BIO 4200 - General Mycology Credits: 3
- BIO 4271 - Parasitology Credits: 4
- BIO 4300 - Neurobiology Credits: 3
- BIO 4350 - Clinical Immunology Credits: 3
- BIO 4440 - Virology Credits: 3
- BIO 4450 - Pathogenic Microbiology Credits: 5
- BIO 4470 - Microbial Genetics Credits: 4
- BIO 4850 - Evolution Credits: 3
- ANT 3000 - Quantitative Methods in Anthropology Credits: 3
- ANT 3100 - Human Evolution Credits: 3
- ANT 3800 - Forensic Anthropology Credits: 3
- ANT 3820 - Forensic Archaeology Credits: 3
- ANT 3840 - Introduction to Bioarchaeology Credits: 3
- ANT 3860 - Paleopathology Credits: 3
- CS 1050 - Computer Science 1 Credits: 4
- CS 2050 - Computer Science 2 Credits: 4
- CS 3120 - Machine Learning Credits: 4
- ENV 2100 - Environmental Sampling and Analysis Credits: 3
- ENV 3422 - Methods of Soil Analysis and Sampling Credits: 1
- ENV 4500 - Environmental Biogeochemistry Credits: 3
- GEG 3410 - Biogeography Credits: 3
- GEG 3422 - Methods of Soil Analysis and Sampling Credits: 1
- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4
- MTH 2420 - Calculus III Credits: 4
- MTH 2520 - R Programming Credits: 4
- MTH 2540 - Scientific Computing with Python Credits: 4
- MTH 3210 - Probability and Statistics Credits: 4
- MTH 3270 - Data Science Credits: 4
- MTH 3430 - Mathematical Modeling Credits: 4
- PHY 2020 - College Physics II Credits: 4
- PHY 2040 - College Physics II Laboratory Credits: 1
- PHY 2331 - General Physics II Credits: 4
- PHY 2341 - General Physics II Laboratory Credits: 1
- PHY 2821 - Sophomore Physics Laboratory Credits: 1

- PHY 3111 - Modern Physics I Credits: 4
- PHY 3121 - Modern Physics II Credits: 3
- PHY 4810 - Quantum Physics II Credits: 3
- PSY 2120 - Brain and Behavior Credits: 3
- PSY 3380 - Clinical Neuropsychology Credits: 3
- PSY 3410 - Health Psychology Credits: 3
- PSY 3440 - Cravings and Addictions Credits: 3
- PSY 3560 - Psychopharmacology Credits: 3
- PSY 4540 - Behavioral Neuroscience Credits: 3

## Senior Experience: 3 credits

Students must complete a Senior Experience course offered by the Department of Chemistry & Biochemistry.

- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Major Courses	40 credits
Required Biology, Math, and Physics Courses	25 credits
Additional Required Science Elective Courses	10 credits
Senior Experience	3 credits
Unrestricted Electives	6-18 credits
<b>Total for the Biochemistry Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and Multicultural requirements, so the total credits listed may be greater than the number required to complete the degree.

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Chemical Industry, National, and Government Laboratory Post-Baccalaureate Bridge Program (ING-BP)*

### Background:

The Industry, National, and Government Laboratory Post-Baccalaureate Bridge Program (ING-BP) is a credentialed bridge experience that provides intensive training and advanced internship opportunities for students interested in employment performing laboratory-based work in the chemical industry or national or government laboratories. The ING-BP is modeled after the ACS

Bridge Project bridge experiences, which successfully integrate culturally responsive practices that provide alternative pathways for students from underrepresented/minoritized (URM) groups interested in graduate programs in the chemical and/or biochemical sciences. However, ~ 60% of all chemistry BA/BS graduates seek employment in government or industrial laboratories.<sup>1</sup> Thus, the ING-BP is a first-of-its-kind program that integrates culturally responsive practices to launch students from URM groups into their desired careers. (See **Notes**) Accordingly, the ING-BP is tuition-free and offers a competitive salary, housing stipend, and health insurance for the full two years of the program. The goal of this structure is to enable students the space to fully engage, relax into their STEM identity, focus, and thrive while getting high-quality, rigorous preparation for careers in the Chemical and/or Biochemical Sciences.

### Advantages of this Program:

Hiring decisions in industry, national, and government laboratories rely heavily on a student's upper-division electives, hands-on laboratory training on relevant instrumentation, and exposure and practice with specific technical writing tasks. Thus, the ING-BP focuses on providing depth and breadth of opportunity for students in each of these critical areas while providing students with real-world experience. The ING-BP curriculum provides unique training opportunities that are based on specific, ongoing feedback from hiring managers and professionals in local industry, government, and national laboratories. These training opportunities are accompanied by a three-tiered mentorship network for each student to ensure holistic, comprehensive support while they discover their desired employment path. Formal and informal networking and collaborative research interactions are also included to provide students with a wealth of opportunities to interact with the broader scientific and URM-centered STEM communities.

### Curriculum Specifics:

During the first year, each student completes undergraduate coursework relevant to their career trajectory, a technical writing course, employment support coursework, and laboratory rotations. Students gain invaluable experience and insight while they prepare for the second phase of the program: an Immersive Laboratory Internship. The Immersive Laboratory Internship begins during the second half of their second semester when students transition to hands-on work with one of our partners in the chemical industry or a government or national laboratory for the remainder of the program. During this time, the students create and iteratively refine a poster and an oral presentation on their research project through scheduled presentations at MSU Denver and partnering institutions. The ING-BP culminates in a capstone project wherein students produce a variety of tailored resumes, engage in mock interviews, and develop a broad set of nuanced professional skills. This supportive, yet highly-customizable structure enables students to gain the tools, credentials, and experience necessary to achieve gainful employment in a competitive entry-level position in the student's field of interest.

### Notes:

While this program is specifically designed for students from URM groups, we recognize that there are many ways that

people can be systemically affected in today's society. Therefore, any student who has experienced overwhelming circumstantial disadvantages and associated resource needs is encouraged to apply.

If desired, students can simultaneously earn the Quality in the Chemical Industry Certificate while completing the ING-BP.

The minimum passing grade for the curriculum in this program is a C.

## ING-BP Program Requirements (19.5 - 23.5 Credits)

To complete the ING-BP certificate program, each student must complete 19.5 - 23.5 credit hours of coursework, depending on their *Emphasis Track*, as outlined in the categories below. The specifics of the program timeline and curriculum category specifics are described in the following sections.

Program Credit Categories	Credit Hours/Course	Required Credits/Category
Internship I/II: T1 Mentor	0.5	3
Technical Employment Support Coursework	0.5	4.5
a. JMP 2610 - Intro to Technical Writing	3	-
b. Ethical Practices in the Employment Sector: T2 Mentor	0.5	-
c. Data Handling in the Employment Sector: T2 Mentor	0.5	-
d. ING-BP Capstone	0.5	-
Laboratory Rotations	0.5	0.5
Immersive Laboratory Internship: T3 Mentor	0.5 - 1	3.5
Advanced Undergraduate Coursework*	1- 4	8-12*
<i>Total Credits for the Program</i>		<i>19.5 - 23.5</i>

\*Advanced Undergraduate Coursework Requirements are determined based on the student's chosen *Emphasis Track*. Transfer credits will be assessed on a case-by-case basis.

## Program Timeline

### Year 1 - Semester 1 (7 - 12 credits)

During the first semester, students work closely with their Tier 1 and Tier 2 mentors to plan their course through the program, learn essential workforce skills, and take essential *Advanced Undergraduate Coursework* that will set students up to take the next step in their career.

#### Required Core Courses: Credits / Units: 4

- CHE 4970 - Internship I: T1 Mentor **Credits: 0.5**
- JMP 2610 - Introduction to Technical Writing **Credits: 3**
- Technical and Employment Support Specified Electives:**
- CHE 0015 - Ethical Practices in the Employment Sector: T2 Mentor **Credits: 0**
- CHE 4974 - Ethical Practices in Scientific Work **Credits: 0.5**

#### OR

- CHE 0025 - Data Handling in the Employment Sector: T2 Mentor **Credits: 0**
- CHE 4975 - Data Handling in Scientific Work **Credits: 0.5**

#### AND

#### Specified Emphasis Track Coursework:

Advanced Undergraduate Coursework (3 - 8 cr. hr.)

### Year 1 - Semester 2 (2 - 11 credits)

During the second semester, the program begins to ramp up as students continue to work with their Tier 1 and Tier 2 mentors to define their trajectory into their desired employment sector. Students select their Tier 3 laboratory mentors and complete their required *Advanced Undergraduate Coursework* and *Technical Employment Support Coursework*.

#### Required Core Courses:

- CHE 4970 - Internship I: T1 Mentor **Credits: 0.5**
- CHE 4977 - Research/Laboratory Rotation **Credits: 0.5**  
*This course is taken during the first 8 weeks of the second semester.*
- CHE 4979 - Research/Laboratory Internship I: T3 Mentor **Credits: 0.5**  
*This course is taken during the last 5 weeks of the second semester.*

#### Technical and Employment Support Specified Electives:

- CHE 0015 - Ethical Practices in the Employment Sector: T2 Mentor **Credits: 0**

- CHE 4974 - Ethical Practices in Scientific Work **Credits:** 0.5  
**OR**
- CHE 0025 - Data Handling in the Employment Sector: T2 Mentor **Credits:** 0  
**AND**

- CHE 4975 - Data Handling in Scientific Work **Credits:** 0.5

#### **Specified Emphasis Track Coursework:**

Advanced Undergraduate Coursework (0 - 9 cr. hr.)

### Year 1 - Summer (1 credit)

The students start fully engaging in the *Immersive Laboratory Internship* portion of the program with their Tier 3 mentor during the summer after their first year. The students continue to work with their Tier 1 mentor to ensure they are adequately supported at every stage of the program

- CHE 4970 - Internship I: T1 Mentor Credits: 0.5
- CHE 4983 - Research/Laboratory Internship IA: T3 Mentor Credits: 0.5-1  
**Note: At the end of Year 1 - Summer students will have completed at least 15 of their required credits.**

### Year 2 - Semester 1 (1.5 credits)

The students continue the *Immersive Laboratory Internship* portion of the program during the second academic year, working with their Tier 1 and Tier 3 mentors to hone their laboratory and science communication skills.

- CHE 4978 - Internship II: T1 Mentor Credits: 0.5
- CHE 4985 - Research/Laboratory Internship II: T3 Mentor Credits: 1-2

### Year 2 - Semester 2 (2 credits)

As students approach the end of the program, they take their *ING-BP Capstone* course to prepare them for entering the workforce. They do this the semester before their final summer in the program so they can apply the skills they've learned during their capstone course to job applications while still receiving support through the program.

- CHE 4978 - Internship II: T1 Mentor Credits: 0.5
- CHE 4985 - Research/Laboratory Internship II: T3 Mentor Credits: 1-2
- CHE 4997 - ING-BP Capstone: Resume, Interviews, and Professionalism Credits: 0.5

### Year 2 - Summer (1 credit)

Students work closely with their Tier 1 and Tier 3 mentors to get real-time feedback on job applications and interview skills while completing their final laboratory projects.

- CHE 4978 - Internship II: T1 Mentor Credits: 0.5
- CHE 4987 - Research/Laboratory Internship IIA: T3 Mentor Credits: 0.5

## Program Credit Categories

### Internship I/II: T1 Mentor (3 credits)

Students must complete **a total of 3 credits** of *Internship coursework* with their *Tier 1 Mentor* during the course of their program. Both of these courses are repeated three times.

- CHE 4970 - Internship I: T1 Mentor Credits: 0.5
- CHE 4978 - Internship II: T1 Mentor Credits: 0.5

### Technical Employment Support Coursework with a T2 Mentor (4.5 credits)

Students must complete **a total of 4 credits and associated non-credit coursework during their first two semesters** in *Technical Employment Support Coursework* with *Tier 2 Mentorship*. The ING-BP Capstone course, *CHE 4997 - ING-BP Capstone: Resume, Interviews, and Professionalism* is taken during the second semester of the student's second year.

- CHE 0015 - Ethical Practices in the Employment Sector: T2 Mentor Credits: 0
- CHE 0025 - Data Handling in the Employment Sector: T2 Mentor Credits: 0
- CHE 4974 - Ethical Practices in Scientific Work Credits: 0.5
- CHE 4975 - Data Handling in Scientific Work Credits: 0.5
- CHE 4997 - ING-BP Capstone: Resume, Interviews, and Professionalism Credits: 0.5
- JMP 2610 - Introduction to Technical Writing Credits: 3

### Laboratory Rotations (0.5 credits)

Students must complete **a total of 0.5 credits** of *Research/Laboratory Rotations* in the first half of the second semester in the program.

- CHE 4977 - Research/Laboratory Rotation Credits: 0.5

### Immersive Laboratory Internship with a Tier 3 Mentor (3.5 credits)

Students must complete a **total of 3.5 credits** of *Immersive Laboratory Internship* coursework with their Tier 3 Mentor during the course of their program.

- CHE 4979 - Research/Laboratory Internship I: T3 Mentor Credits: 0.5
- CHE 4983 - Research/Laboratory Internship IA: T3 Mentor Credits: 0.5-1
- CHE 4985 - Research/Laboratory Internship II: T3 Mentor Credits: 1-2
- CHE 4987 - Research/Laboratory Internship IIA: T3 Mentor Credits: 0.5

## Advanced Undergraduate Coursework (8-12 credits)

Students must complete a **total of 8-12 credits** of *Advanced Undergraduate Coursework* during their first two semesters in the program. The following *Emphasis Tracks* are geared toward relevant career trajectories. Any courses at the 3000 level or higher listed in these *Emphasis Tracks* will satisfy the *Advanced Undergraduate Coursework* requirement, including Omnibus courses at the 390 level or higher. If students have already completed some of the required courses within an *Emphasis Track*, those credits can be substituted for the specified elective courses. *Elective Course Sets* listed below within a specific emphasis are suggestions that could deepen the student's experience but are not required to complete that *Emphasis Track*.

*Note:* The credit totals do not include all pre-requisite courses. Students are encouraged to discuss their potential coursework with their T1 mentor prior to registering for classes.

## QA/QC Laboratory Emphasis (8 credits)

This *Emphasis Track* enables students to simultaneously earn the Quality in the Chemical Industry Certificate.

### Required Courses: Credits / Units: 9

- CHE 4100 - Instrumental Analysis Credits: 3
  - CHE 4110 - Instrumental Analysis Laboratory Credits: 2
  - CHE 4130 - Quality in the Chemical Industry Credits: 2
  - CHE 4160 - QA/QC Methods Laboratory Credits: 1
- Elective Course(s) (Not Required)**
- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3

## Pharmaceutical/Synthetic Laboratory Emphasis (11 credits)

If students take CHE 4130 and CHE 4160 as electives in this *Emphasis Track*, they will simultaneously earn the Quality in the Chemical Industry Certificate.

### Required Courses: Credits / Units: 11

- CHE 3140 - Spectrometric Identification of Organic Compounds Credits: 3
  - CHE 4100 - Instrumental Analysis Credits: 3
  - CHE 4110 - Instrumental Analysis Laboratory Credits: 2
  - CHE 4010 - Advanced Organic Chemistry Credits: 3
- Elective Course(s) (Not Required):**
- CHE 4020 - Synthetic Organic Chemistry Credits: 3
  - CHE 4130 - Quality in the Chemical Industry Credits: 2
  - CHE 4160 - QA/QC Methods Laboratory Credits: 1

## Biological/Biochemical Laboratory Emphasis (11 credits)

If students take CHE 4130 and CHE 4160 as electives in this *Emphasis Track*, they will simultaneously earn the Quality in the Chemical Industry Certificate.

### Required Courses: Credits / Units: 11

- CHE 4100 - Instrumental Analysis Credits: 3
  - CHE 4110 - Instrumental Analysis Laboratory Credits: 2
  - CHE 4310 - Biochemistry I Credits: 4
  - CHE 4350 - Biochemistry Laboratory Credits: 2
- Elective Course Set 1 (Not Required):**
- CHE 4130 - Quality in the Chemical Industry Credits: 2
  - CHE 4160 - QA/QC Methods Laboratory Credits: 1
  - CHE 4320 - Biochemistry II Credits: 4
  - CHE 4390 - Advanced Biochemistry Laboratory Credits: 3
- Elective Course Set 2 (Not Required):**
- BIO 2310 - Human Anatomy and Physiology I Credits: 4
  - BIO 2320 - Human Anatomy and Physiology II Credits: 4
  - BIO 2400 - General Microbiology Credits: 5
  - BIO 3350 - Immunology Credits: 3
  - BIO 3351 - Immunology Laboratory Credits: 1

*Note: BIO - 2310, BIO - 2320, and BIO- 2400 aren't Required Core Courses but could be prerequisites of courses listed in this laboratory Emphasis Track, or of general interest if you want to pursue a position in this employment sector. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*

## Environmental Laboratory Emphasis (11 credits)

This *Emphasis Track* enables students to simultaneously earn the Quality in the Chemical Industry Certificate.

### Required Courses: Credits / Units: 12

- CHE 3050 - Environmental Chemistry Credits: 3
  - CHE 4100 - Instrumental Analysis Credits: 3
  - CHE 4110 - Instrumental Analysis Laboratory Credits: 2
  - CHE 4130 - Quality in the Chemical Industry Credits: 2
  - CHE 4160 - QA/QC Methods Laboratory Credits: 1
- Elective Courses (Not Required):**

- ENV 2100 - Environmental Sampling and Analysis **Credits: 3**
- ENV 3422 - Methods of Soil Analysis and Sampling **Credits: 1**
- ENV 3710 - Environmental Remediation **Credits: 3**
- ENV 4460 - Advanced Water Quality Analysis **Credits: 3**  
*Note: ENV - 2100 isn't a Required Core Course but could be a prerequisite of courses listed in this laboratory Emphasis Track, or of general interest if you want to pursue a position in this employment sector. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*

MTH 3240 - Environmental Statistics **Credits: 4**

## Criminalistics Laboratory Emphasis (12 credits)

If students take CHE 4130 and CHE 4160 as electives in this Emphasis Track, they will simultaneously earn the Quality in the Chemical Industry Certificate.

### **Required Courses: Credits / Units: 12**

- CHE 2710 - Introduction to Criminalistics **Credits: 3**
- CHE 2711 - Introduction to Criminalistics Laboratory **Credits: 1**
- CHE 3600 - Crime Scene Investigation I **Credits: 4**
- CHE 3610 - Crime Scene Investigation II **Credits: 4**
- **Elective Courses (Not Required):**
- CHE 2750 - Arson and Explosives **Credits: 3**
- CHE 2760 - Field Testing and Laboratory Analysis of Drugs **Credits: 1**
- CHE 3700 - Forensic Chemistry **Credits: 4**
- CHE 3710 - Forensic Biochemistry **Credits: 4**
- CHE 4130 - Quality in the Chemical Industry **Credits: 2**
- CHE 4160 - QA/QC Methods Laboratory **Credits: 1**
- CJC 4650 - Ethics for the Criminal Justice Professional **Credits: 3**

*Note: CHE - 2750 and CHE - 2760 aren't Required Core Courses but could be prerequisites of courses listed in this laboratory Emphasis Track, or of general interest if you want to pursue a position in this employment sector. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*

## Data Science Laboratory Emphasis (12 credits)

### **Required Courses: Credits / Units: 12**

- MTH 2520 - R Programming **Credits: 4**
- CS 3120 - Machine Learning **Credits: 4**
- MTH 3270 - Data Science **Credits: 4**
- **Elective Courses (Not Required):**
- MTH 2540 - Scientific Computing with Python **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**

- MTH 3430 - Mathematical Modeling **Credits: 4**  
*Note: MTH - 2540 isn't a Required Core Course but could be a prerequisite of courses listed in this laboratory Emphasis Track, or of general interest if you want to pursue a position in this employment sector. We encourage you to discuss these courses with your Tier 1 mentor (or the Departmental Advisor) when registering for courses.*

## Chemistry Major for ACS Certified B.S.

[Department of Chemistry and Biochemistry](#)

[College of Letters, Arts and Sciences](#)

Available Program  
 Format(s): [In-Person](#)

## About the Program

The Bachelor of Science in Chemistry degree program provides students an in-depth study of the physical sciences, with an emphasis on chemistry. This program equips students with the chemical knowledge required for pursuing a career as a chemist in industry or government, attending graduate school in chemistry, or attending a professional school such as medicine, pharmacy, or dentistry. Students should consult with the department advisor for assistance with degree planning for specific careers after graduation.

The American Chemical Society certified degree program offers students exposure to each of the major sub-disciplines of chemistry: analytical, organic, inorganic, physical, and biochemical.

## Student Outcomes

- Apply the fundamental principles of chemistry and/or biochemistry, showing core competency in chemistry areas (general, analytical, organic, biochemistry, and physical chemistry).
- Design and conduct experiments using appropriate techniques and equipment.
- Conduct scientific inquiry in an ethical manner.
- Handle chemicals and chemical waste safely.
- Search, critically evaluate, and properly cite scientific literature.
- Use effective oral and written communication skills.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I\*
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** PHY 2010 - College Physics I\* or PHY 2311 - General Physics I\*
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

\* The listed courses are required ancillary courses for the major and can also fulfill general studies requirements

\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Ancillary Courses: 22 credits

- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4
- MTH 2420 - Calculus III Credits: 4

Select one of the following Physics Lecture/Lab sequences:

- PHY 2010 - College Physics I Credits: 4
- PHY 2030 - College Physics I Laboratory Credits: 1
- PHY 2020 - College Physics II Credits: 4

- PHY 2040 - College Physics II Laboratory Credits: 1

or

- PHY 2311 - General Physics I Credits: 4
  - PHY 2321 - General Physics I Laboratory Credits: 1
  - PHY 2331 - General Physics II Credits: 4
  - PHY 2341 - General Physics II Laboratory Credits: 1
- Note: MTH 1410 counts as a Quantitative Literacy General Studies course; the Physics courses count as Natural and Physical Science General Studies courses.*

## Required Courses: 25 credits

### Chemistry Core

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3000 - Analytical Chemistry Credits: 3
- CHE 3010 - Analytical Chemistry Laboratory Credits: 2
- CHE 3100 - Organic Chemistry I Credits: 4
- CHE 3110 - Organic Chemistry II Credits: 4
- CHE 3120 - Organic Chemistry Laboratory I Credits: 1
- CHE 3130 - Organic Chemistry Laboratory II Credits: 1

## Additional Required Chemistry Courses: 24 credits

Additional Courses Required by the American Chemical Society for a Certified B.S.

- CHE 3300 - Inorganic Chemistry Credits: 3
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4310 - Biochemistry I Credits: 4
- CHE 4450 - Physical Chemistry: Quantum Mechanics and Spectroscopy Credits: 4
- CHE 4460 - Physical Chemistry: Thermodynamics and Kinetics Credits: 4
- CHE 4480 - Physical Chemistry Laboratory: Quantum and Spectroscopy Credits: 2
- CHE 4490 - Physical Chemistry Laboratory: Thermodynamics and Kinetics Credits: 2

## Electives: 6 credits

A minimum of 6 upper-division semester hours in chemistry courses selected from the list below.

Restrictions: CHE 4950 and CHE 4960 do not count as electives; however, CHE 4300 can be completed as both an elective and Senior Experience course.

- CHE 3050 - Environmental Chemistry Credits: 3
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4
- CHE 3810 - Chemistry Literature and Research Credits: 1
- CHE 3980 - Internship in Chemistry Credits: 1-15
- CHE 4010 - Advanced Organic Chemistry Credits: 3
- CHE 4020 - Synthetic Organic Chemistry Credits: 3
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4320 - Biochemistry II Credits: 4
- CHE 4350 - Biochemistry Laboratory Credits: 2
- CHE 4360 - Computational Biochemistry Laboratory Credits: 2
- CHE 4370 - Undergraduate Research in Chemistry Credits: 1-2
- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3
- CHE 4800 - Special Topics in Chemistry Credits: 4

## Senior Experience: 3-4 credits

Students must complete a Senior Experience course offered by the Department of Chemistry and Biochemistry.

- CHE 4950 - Senior Experience in Chemistry **Credits: 3**  
or
- CHE 4960 - Senior Experience in Biochemistry **Credits: 3**  
or
- CHE 4300 - Advanced Inorganic Chemistry **Credits: 4**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	22 credits
Required Courses	25 credits
Additional Required Chemistry Courses	24 credits
Electives	6 credits
Senior Experience	3-4 credits
Unrestricted Electives	3-16 credits

Total for the Chemistry Major for ACS Certified, B.S.	120 credits
---	-------------

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Chemistry Major, B.A.

[Department of Chemistry and Biochemistry](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

The Bachelor of Arts in Chemistry degree program offers students exposure to the wide breadth of chemistry, with the ability to tailor their degree with upper-division electives. This program is designed for students who plan a career in a field related to chemistry and may be especially attractive to those desiring secondary education licensure or careers in technical writing, sales, or marketing in chemically related industries. Students should consult with the department advisor for assistance with degree planning for specific careers after graduation.

## Student Outcomes

- Apply the fundamental principles of chemistry and/or biochemistry, showing core competency in chemistry areas (general, analytical, organic, biochemistry, and physical chemistry).
- Design and conduct experiments using appropriate techniques and equipment
- Conduct scientific inquiry in an ethical manner
- Handle chemicals and chemical waste safely
- Search, critically evaluate, and properly cite scientific literature
- Use effective oral and written communication skills

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- Global Diversity (0 or 3 credits\*\*)

\* The listed courses are required ancillary courses for the major and can also fulfill general studies requirements

\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Ancillary Courses: 8 credits

- MTH 1410 - Calculus I **Credits: 4**

Select one of the following Physics lecture courses:

- PHY 2010 - College Physics I **Credits: 4**  
or
- PHY 2311 - General Physics I **Credits: 4**

*Note: MTH 1410 counts as a Quantitative Literacy General Studies course; the Physics courses count as Natural and Physical Science General Studies courses.*

## Required Courses: 30 credits

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3000 - Analytical Chemistry Credits: 3
- CHE 3010 - Analytical Chemistry Laboratory Credits: 2
- CHE 3100 - Organic Chemistry I Credits: 4
- CHE 3110 - Organic Chemistry II Credits: 4
- CHE 3120 - Organic Chemistry Laboratory 1 Credits: 1
- CHE 3130 - Organic Chemistry Laboratory II Credits: 1
- CHE 3190 - Survey of Physical Chemistry Credits: 4
- CHE 3200 - Survey of Physical Chemistry Laboratory Credits: 1

## Electives: 6 credits

A minimum of 6 upper-division semester hours in chemistry courses selected from the list below.

Restrictions: CHE 4950 and CHE 4960 do not count as electives; however, CHE 4300 can be completed as both an elective and Senior Experience course.

- CHE 3050 - Environmental Chemistry Credits: 3
- CHE 3300 - Inorganic Chemistry Credits: 3
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4
- CHE 3810 - Chemistry Literature and Research Credits: 1
- CHE 3980 - Internship in Chemistry Credits: 1-15
- CHE 4010 - Advanced Organic Chemistry Credits: 3
- CHE 4020 - Synthetic Organic Chemistry Credits: 3
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4310 - Biochemistry I Credits: 4
- CHE 4320 - Biochemistry II Credits: 4
- CHE 4350 - Biochemistry Laboratory Credits: 2
- CHE 4360 - Computational Biochemistry Laboratory Credits: 2
- CHE 4370 - Undergraduate Research in Chemistry Credits: 1-2
- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3
- CHE 4800 - Special Topics in Chemistry Credits: 4

## Senior Experience: 3-4 credits

Students must complete a Senior Experience course offered by the Department of Chemistry and Biochemistry.

- CHE 4300 - Advanced Inorganic Chemistry **Credits:** 4  
or
- CHE 4950 - Senior Experience in Chemistry **Credits:** 3  
or
- CHE 4960 - Senior Experience in Biochemistry **Credits:** 3

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	8 credits
Required Courses	30 credits
Major Electives	6 credits
Senior Experience	3-4 credits
Unrestricted Electives	36-49 credits
Total for the Chemistry Major, B.A.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.**

**Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Chemistry Major, B.A. with Secondary Science Teacher Licensure Concentration*

[Department of Chemistry and Biochemistry](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

Degree seeking candidates who wish to obtain Colorado licensure for Secondary Science Education with a major in Chemistry must earn a Bachelor of Arts (BA) degree. Included in the requirements for the Chemistry major with a concentration in Secondary Science teaching is a core curriculum designed to ensure that the Chemistry education program meets the Colorado Science Licensure Standards and addresses the objectives of the General Science content area examination. The core curriculum adds a firm foundation in Biology, Physics, Earth and Space Science, and Mathematics. The Colorado Academic Standards in Science are strongly emphasized within the curriculum. Science Licensure candidates must declare their major with the appropriate concentration in Secondary Science Licensure.

## Student Outcomes

### Secondary Education

- Students in Secondary/K-12 Education teacher licensure programs will demonstrate awareness of multiculturalism, diversity, equity, and inclusion.
- Students in Secondary/K-12 Education teacher licensure program will gain readiness and eligibility for student teaching.
- Teacher candidates will successfully complete student teaching.

### Chemistry Major, B.A.

- Apply the fundamental principles of chemistry and/or biochemistry, showing core competency in chemistry areas (general, analytical, organic, biochemistry and physical chemistry).
- Design and conduct experiments using appropriate techniques and equipment.
- Conduct scientific inquiry in an ethical manner.
- Handle chemicals and chemical waste safely.
- Search, critically evaluate, and properly cite scientific literature.
- Use effective oral and written communication skills.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 123 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)

- Quantitative Literacy (3 credits)
  - **Recommended:** Students may fulfill this General Studies requirement with MTH 1410 - Calculus I or its prerequisites.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Students may fulfill this General Studies requirement with Additional Content Courses for Secondary Science Licensure Concentration.
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement with EDS 3130 - Foundations of Educational Psychology and Philosophy and EDS 3150 - Critical Sociocultural Lenses for Teachers, which also meet requirements under Foundation and Method Courses for Secondary Education.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students can consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- Students can fulfill this requirement with EDS 3150 - Critical Sociocultural Lenses for Teachers.

## Chemistry Major Core Courses: 36 credits

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3000 - Analytical Chemistry Credits: 3
- CHE 3010 - Analytical Chemistry Laboratory Credits: 2
- CHE 3100 - Organic Chemistry I Credits: 4
- CHE 3110 - Organic Chemistry II Credits: 4
- CHE 3120 - Organic Chemistry Laboratory I Credits: 1
- CHE 3130 - Organic Chemistry Laboratory II Credits: 1
- CHE 3190 - Survey of Physical Chemistry Credits: 4
- CHE 3200 - Survey of Physical Chemistry Laboratory Credits: 1
- Upper Division Chemistry Electives: 6 credit hours

## Additional Content Courses Required for Secondary Science Licensure: 29 credits

Six or more credits in this category can also satisfy General Studies requirements for Natural and Physical Sciences.

### Biology (8 credits):

- BIO 1080 - General Biology I Credits: 3
- BIO 1081 - General Biology II Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1
- BIO 1091 - General Biology Laboratory II Credits: 1

### Physics (10 credits):

- PHY 2010 - College Physics I Credits: 4
- PHY 2020 - College Physics II Credits: 4
- PHY 2030 - College Physics I Laboratory Credits: 1
- PHY 2040 - College Physics II Laboratory Credits: 1

### Earth and Space Science (7 credits):

- GEL 1010 - Physical Geology Credits: 4
- MTR 1400 - Weather and Climate Credits: 3
- or
- GEG 1100 - Introduction to Physical Geography Credits: 3

### Mathematics:

- MTH 1410 - Calculus I Credits: 4

## Secondary Education Foundation and Methods Courses: 28 credits

All the courses in this area are required for Secondary Science Licensure. Some course pairs must be taken together; please see an advisor in the School of Education for more detail on recommended sequence. You should complete your General Studies and at least half of your major and additional content area courses before beginning Teacher Education courses.

- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4 \*
- EDS 3140 - First Field Experience in Secondary Education Credits: 1 \*
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3 \*
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3 \*\*

- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1 \*\*
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3 \*\*
- SCI 3950 - Teaching Science in Secondary Schools Credits: 3 \*\*
- SCI 3960 - Field Experience in Teaching Science in Secondary Schools Credits: 1 (60-hour field experience)\*\*

*\* Requires at least provisional admission to the School of Education*

*\*\*Requires formal admission to the School of Education*

## Senior Experience: 12 credits

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Chemistry Major Courses	36 credits
Additional Content Courses Required for Secondary Science Licensure	29 credits
Foundation and Methods Courses	28 credits
Senior Experience	12 credits
<b>Total for the Chemistry Major, B.A. with Secondary Science Teacher Licensure Concentration</b>	<b>Minimum 123 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## Chemistry Major, B.S.

[Department of Chemistry and Biochemistry](#)

Available Program Format(s): [In-Person](#)

[College of Letters, Arts and Sciences](#)

## About the Program

The Bachelor of Science in Chemistry degree program provides students an in-depth study of the physical sciences, with an emphasis on chemistry. This program equips students with the chemical knowledge required for pursuing a career as a chemist in industry or government, attending graduate school in chemistry, or attending a professional school such as medicine, pharmacy, or dentistry. Students should consult with the department advisor for assistance with degree planning for specific careers after graduation.

## Student Outcomes

- Apply the fundamental principles of chemistry and/or biochemistry, showing core competency in chemistry areas (general, analytical, organic, biochemistry, and physical chemistry).
- Design and conduct experiments using appropriate techniques and equipment
- Conduct scientific inquiry in an ethical manner
- Handle chemicals and chemical waste safely
- Search, critically evaluate, and properly cite scientific literature
- Use effective oral and written communication skills

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I\*
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** PHY 2010 - College Physics I\*  
OR PHY 2311 - General Physics I\*
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

\* The listed courses are required ancillary courses for the major and can also fulfill general studies requirements

\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Ancillary Courses: 22 credits

All students must complete the following courses. These courses can also count towards the General Studies Requirements.

- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4
- MTH 2420 - Calculus III Credits: 4

Select one of the following Physics Lecture/Lab sequences:

- PHY 2010 - College Physics I Credits: 4
- PHY 2030 - College Physics I Laboratory Credits: 1
- PHY 2020 - College Physics II Credits: 4
- PHY 2040 - College Physics II Laboratory Credits: 1

or

- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1
- PHY 2331 - General Physics II Credits: 4
- PHY 2341 - General Physics II Laboratory Credits: 1

## Required Major Courses: 40 credits

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3000 - Analytical Chemistry Credits: 3
- CHE 3010 - Analytical Chemistry Laboratory Credits: 2
- CHE 3100 - Organic Chemistry I Credits: 4
- CHE 3110 - Organic Chemistry II Credits: 4
- CHE 3120 - Organic Chemistry Laboratory I Credits: 1
- CHE 3130 - Organic Chemistry Laboratory II Credits: 1
- CHE 3300 - Inorganic Chemistry Credits: 3
- CHE 4450 - Physical Chemistry: Quantum Mechanics and Spectroscopy Credits: 4
- CHE 4460 - Physical Chemistry: Thermodynamics and Kinetics Credits: 4
- CHE 4480 - Physical Chemistry Laboratory: Quantum and Spectroscopy Credits: 2
- CHE 4490 - Physical Chemistry Laboratory: Thermodynamics and Kinetics Credits: 2

## Electives: 10 credits

A minimum of 10 semester hours in upper-division, chemistry courses from the list below. CHE 4950 and CHE 4960 do not count as electives; however, CHE 4300 can be completed as both an elective and Senior Experience course.

The following courses are appropriate electives:

- CHE 3050 - Environmental Chemistry Credits: 3
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4
- CHE 3810 - Chemistry Literature and Research Credits: 1
- CHE 3980 - Internship in Chemistry Credits: 1-15
- CHE 4010 - Advanced Organic Chemistry Credits: 3
- CHE 4020 - Synthetic Organic Chemistry Credits: 3
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- CHE 4300 - Advanced Inorganic Chemistry Credits: 4
- CHE 4310 - Biochemistry I Credits: 4
- CHE 4320 - Biochemistry II Credits: 4
- CHE 4350 - Biochemistry Laboratory Credits: 2
- CHE 4360 - Computational Biochemistry Laboratory Credits: 2
- CHE 4370 - Undergraduate Research in Chemistry Credits: 1-2
- CHE 4390 - Advanced Biochemistry Laboratory Credits: 3
- CHE 4800 - Special Topics in Chemistry Credits: 4

## Senior Experience: 3-4 credits

Students must complete a Senior Experience course offered by the Department of Chemistry and Biochemistry.

- CHE 4300 - Advanced Inorganic Chemistry **Credits: 4**  
or
- CHE 4950 - Senior Experience in Chemistry **Credits: 3**  
or
- CHE 4960 - Senior Experience in Biochemistry **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	22 credits
Required Major Courses	40 credits
Electives	10 credits
Senior Experience	3-4 credits
Unrestricted Electives	8-21 credits
<b>Total for the Chemistry Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Chemistry Minor

Students must complete 19 semester hours, plus associated prerequisites within the framework of specific courses, to qualify for a minor in chemistry.

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

- CHE 1810 - General Chemistry II **Credits: 4**
- CHE 1811 - General Chemistry II Laboratory **Credits: 1**

**Subtotal: 5 credits**

## Electives

14 semester credit hours of chemistry elective courses are required, such that, when added to the 5 semester credit hours from the "Required Courses" above, 19 total semester credit hours are completed. Information about allowable elective courses are outlined below.

- Any CHE 3000-level or 4000-level courses are acceptable with the following specifications:
  - Two of these courses must be laboratories
  - No more than 3 semester credit hours from any combination of CHE 3890, CHE 4650, and CHE 4370
  - Either of the following Physical Chemistry sequences are acceptable:
    - Survey of Physical Chemistry lecture and laboratory (CHE 3190 and CHE 3200)
    - Physical Chemistry: Quantum Mechanics and Spectroscopy lecture and laboratory (CHE 4450 and CHE 4480)
- Exceptions: The following courses are not acceptable for the chemistry minor:
  - Senior Experience Courses (CHE 4300, CHE 4950, and CHE 4960) since these are already University requirements
  - Crime Scene Investigation I and II Courses (CHE 3600 and CHE 3610)
    - Students interested in these courses should seek the criminalistics minor.

Recommended course sequences are available in the department office and on the department website. To ensure greater success in planning a minor, students should consult with a faculty or department advisor to ensure their desired course schedule will fulfill the requirements outlined above.

**Subtotal: 14 credits**

**Total for Minor: 19 credits**

## Criminalistics Minor

The Criminalistics Minor, offered by the Department of Chemistry & Biochemistry, is designed to complement Majors in Chemistry, Biochemistry, and Criminal Justice. Students who combine this minor with a Chemistry or Biochemistry major receive a rigorous foundation in the scientific principles used in forensic science laboratories as well as applied skills relevant to scientific analysis of criminal cases. These students are prepared for work in a variety of forensic laboratory positions or for graduate studies in the field. Students who combine this minor with a Criminal Justice major receive a broad law enforcement background with understanding of all phases of criminal investigation. The core courses for the minor cover the ethical and legal aspects of this field as well as the relevant scientific principles at a level understandable among students with a non-science background. The upper-level courses are flexible and include courses for both science and non-science majors.

## Core Courses

- CHE 1100 - Principles of Chemistry Credits: 4
- CHE 1150 - Principles of Chemistry Laboratory Credits: 1
- CHE 2710 - Introduction to Criminalistics Credits: 3
- CHE 2711 - Introduction to Criminalistics Laboratory Credits: 1
- CHE 3600 - Crime Scene Investigation I Credits: 4
- CJC 4650 - Ethics for the Criminal Justice Professional Credits: 3

## Elective Courses

- CHE 2750 - Arson and Explosives Credits: 3
- CHE 2760 - Field Testing and Laboratory Analysis of Drugs Credits: 1
- CHE 3610 - Crime Scene Investigation II Credits: 4
- CHE 3700 - Forensic Chemistry Credits: 4
- CHE 3710 - Forensic Biochemistry Credits: 4

**Subtotal:** 8 credits

**Total for Minor:** 24 credits

### Notes:

- CHE 1800 General Chemistry I may be substituted for CHE 1100 Principles of Chemistry.
- CHE 1801 General Chemistry Lab may be substituted for CHE 1150 Principles of Chemistry Laboratory.
- CJC 4650 requires CJC 1010 Introduction to Criminal Justice as a prerequisite

## Quality in the Chemical Industry Certificate

The Quality in the Chemical Industry certificate program provides students an in-depth study of the practical application of chemistry in the many industries that rely on chemical analysis. This program equips students with the knowledge of advanced instrumentation, industry standards and practices, and quality assurance / quality control (QA/QC) required for pursuing a successful career as a chemist in industry or government. Students should consult with the department advisor for assistance with degree planning for specific careers after graduation.

This is a certificate program, available to current students, post-baccalaureate students, or current members of the chemical industry seeking additional skills and training for career advancement. A grade of "C" or better is required for each course in this program to count toward the awarded certificate.

## Required Courses

- CHE 1810 - General Chemistry II Credits: 4

- CHE 1811 - General Chemistry II Laboratory Credits: 1
- CHE 3000 - Analytical Chemistry Credits: 3
- CHE 3010 - Analytical Chemistry Laboratory Credits: 2
- CHE 4100 - Instrumental Analysis Credits: 3
- CHE 4110 - Instrumental Analysis Laboratory Credits: 2
- CHE 4130 - Quality in the Chemical Industry Credits: 2
- CHE 4160 - QA/QC Methods Laboratory Credits: 1
- JMP 2610 - Introduction to Technical Writing Credits: 3
- Credits: 22

### Chicano Studies Major, B.A.

[Department of Chicana and Chicano Studies](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Chicana/o Studies Department (CHS) adheres to the core values of social justice, human rights, empowerment, cultural responsiveness and service to community. Our teaching, scholarship and mentoring are informed by Liberatory theories and pedagogical practices articulated in the work of scholars such as Paolo Freire who assumes that the teacher is not all-knowing or neutral; the teacher shares their knowledge within their philosophical framework and both teachers and students have a vested interest in the reciprocal process of learning. He states in Pedagogy of Freedom Ethics, Democracy, and Civic Courage, "To teach is not to transfer knowledge but to create the possibilities for the production or construction of knowledge...Whoever teaches learns in the act of teaching, and whoever learns teaches in the act of learning" (p.30-31). Moreover, as bell hooks notes, "The classroom, with all its limitations, remains a location of possibility. In that field of possibility, we have the opportunity to labor for freedom, to demand of ourselves and our comrades, an openness of mind and heart that allows us to face reality even as we collectively imagine ways to move beyond boundaries, to transgress. This is education as the practice of freedom" (Teaching to Transgress: Education as the Practice of Freedom, 1994, p. 207).

Our mission is to prepare and empower culturally responsive students to engage in critical thinking about the sociohistorical, multicultural, intersectional, and global contexts in which they live, learn and work; understand the changing demographics in US society; and to articulate and analyze public policy issues and implications grounded in the diverse experiences, expressions, social conditions of Chicano/a/x and Latino/a/x and Indigenous communities.

Students must choose one concentration within the major.

The Cultural Studies concentration is designed for students who are interested in topics that study aspects of Chicano/a-Latino/ a cultural production which range from Chicano/a art, film, popular culture; music; religion; literature.

The Social Practice concentration is designed for students interested in working within the diverse Chicano/a and Latina/o communities locally, regionally, nationally and internationally. Potential employment opportunities include, but are not limited to, human services, governmental services, the non-profit sector, legal professions, education, family literacy, community organizing, and labor. Adhering to the interdisciplinary nature of Chicana/o Studies, these courses will rely on the vast scholarship on the above mentioned fields, in addition to having opportunities to work with identified community partners in service learning, internships, and field study.

## Student Outcomes

- Analyze literary works including reference to genre, theme, and tone use of language.
- Identify and analyze cultural texts and artifacts as relevant sources of cultural production.
- Explain phenomena that shape gender roles and relations within Chicana/o & Latina/o communities; i.e. patriarchy, machismo, marianismo, virgin/whore dichotomy.
- Demonstrate intermediate competency in the principle domains of the Spanish language among Chicana/o & Latina/o populations in the U.S.
- Identify the sociolinguistic factors that reflect the evolution and utilization of the Spanish language among Chicana/o & Latina/o populations in the U.S.
- Demonstrate the ability to utilize praxis: theory + action + reflection, in multiple settings.
- Analyze public policy issues that impact Chicana/o & Latina/o communities: i.e. legal, health care, globalization, free trade, immigration, education and climate change.
- Outline/explain major historical moments and figures that have shaped Chicana/o Latina/o socio- cultural experiences.
- Compare and contrast diverse religious and spiritual experiences in Chicana/o Latina/o communities.
- Recognize the diverse indigenous peoples and communities throughout Meso-America and the contemporary Southwest, which have Chicana/o & Latina/o identities.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Core Required of All Concentrations: 25 credits

- CHS 1000 - Introduction to Chicana/o Studies Credits: 3
- CHS 2010 - Survey of Chicana/o Literature Credits: 3 (ENG 2410)
- CHS 3460 - Chicana Feminisms Credits: 3 (formerly "La Chicana")
- CHS 4850 - Research Experience in Chicana/o Studies Credits: 3
- SPA 1010 - Elementary Spanish I Credits: 5
- SPA 1020 - Elementary Spanish II Credits: 5
- SPA 2110 - Spanish Reading and Communication I Credits: 3
- or
- SPA 2120 - Spanish Reading and Communication II Credits: 3

## Social Practice Concentration: 15 credits

### Required Courses: 9 credits

- CHS 3100 - Social Justice and Activism in the Chicana/o Community **Credits: 3** (HON 3101, SWK 3110); (formerly The Chicano Community)
- CHS 3200 - Chicanos and the Law **Credits: 3** (CJC 3720)
- CHS 3300 - Education of Chicano Children **Credits: 3**

### Electives: Choose 6 credits

- CHS 3210 - The Chicano Family **Credits: 3**
- CHS 3660 - Poverty, Race and Gender **Credits: 3** (SOC 3660, SWK 3660, GWS 3660) (formerly Women and Gender)
- CHS 4010 - The Chicano Movement **Credits: 3**
- CHS 4050 - Chicana/o Mental Health Perspectives **Credits: 3**

## Cultural Studies Concentration: 15 credits

### Required Courses: 9 credits

- CHS 2200 - Survey of Chicano/a Cultural Studies **Credits: 3**
- CHS 3400 - The Chicano Novel **Credits: 3**
- CHS 3410 - Chicano Folklore of the Southwest **Credits: 3**

### Electives: Choose 6 credits

- CHS 2600 - Chicana/o and Latina/o Religious Cultures **Credits: 3**
- CHS 3000 - History of Meso-America: Pre-Columbian and Colonial Periods **Credits: 3**
- CHS 3020 - Chicana/o History, 1836 to the Present **Credits: 3**
- CHS 2000 - Living Culture and Language of the Mexican and Chicano **Credits: 3**

- CHS 3010 - The Mexican Revolution **Credits: 3**
- CHS 4210 - Chicanas and the Politics of Gender **Credits: 3**

## Elective Options

For either concentration students may choose from among the following elective courses:

- CHS 2020 - Chicano Poetry and Drama Credits: 3
- CHS 2100 - Women of Color Credits: 3
- CHS 2500 - Borderland Studies: Variable Topics Credits: 3
- CHS 3025 - Contemporary Chicana/o Art Credits: 3
- CHS 3210 - The Chicano Family Credits: 3
- CHS 3600 - Mexico and Chicana/o Politics Credits: 3
- CHS 3800 - Topics in Chicano Studies Credits: 3
- CHS 3980 - Internship in Chicana and Chicano Studies Credits: 1-15

## Senior Experience: 3 credits

Students must complete any 3-credit hour Senior Experience course. The course within the Chicano Studies department that may be used to fulfill this requirement is:

- CHS 4850 - Research Experience in Chicana/o Studies Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	25 credits
Selected Concentration	15 credits
Senior Experience	0-3 credits
Unrestricted Electives	44-62 credits
<b>Total for the Chicano Studies Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Chicano Studies Major, B.A. with Secondary Social Studies Teacher Licensure Concentration*

## About the Program

The Chicana/o Studies Major with a Concentration in Secondary Social Studies Licensure is designed for those students who plan to teach secondary Social Studies in Colorado. The program includes a Chicana/o Studies Major, a Social Studies focus, and Secondary Education courses required by the Colorado Department of Education for licensure.

Students interested in a Chicana/o Studies Major only should search the catalog separately for that program.

## Student Outcomes

- Analyze literary works including reference to genre, theme, and tone use of language;
- Identify and analyze cultural texts and artifacts as relevant sources of cultural production;
- Explain phenomena that shape gender roles and relations within Chicana/o & Latina/o communities; i.e. patriarchy, machismo, marianismo, virgin/whore dichotomy;
- Demonstrate intermediate competency in the principle domains of the Spanish language among Chicana/o & Latina/o populations in the U.S.
- Identify the sociolinguistic factors that reflect the evolution and utilization of the Spanish language among Chicana/o & Latina/o populations in the U.S.
- Demonstrate the ability to utilize praxis: theory + action + reflection, in multiple settings;
- Analyze public policy issues that impact Chicana/o & Latina/o communities: i.e. legal, health care, globalization, free trade, immigration, education and climate change;
- Outline/explain major historical moments and figures that have shaped Chicana/o Latina/o socio-cultural experiences;
- Compare and contrast diverse religious and spiritual experiences in Chicana/o Latina/o communities;
- Recognize the diverse indigenous peoples & communities throughout Meso-America and the contemporary Southwest, which have Chicana/o & Latina/o identities.
- Demonstrate mastery of pedagogical strategies in Social Studies for secondary school teaching.
- Connect Literacy and Math-Utilize literacy, including Culturally and Linguistically Diverse (CLD), strategies as well as mathematics when teaching Social Studies.
- Create Inclusive Teaching Environment-Create a safe, inclusive and respectful learning environment that facilitates Social Studies learning for diverse populations, including CLD students.

- Plan and deliver effective instruction in History, Civics, and Geography.
- Demonstrate professionalism as a teacher candidate through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 121 semester hours are required for graduation.
- All courses required for teacher licensure must be passed with a grade of C- or higher. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1610 - Integrated Mathematics I (required in the Foundations and Strategies section of the program)
- Arts and Humanities (6 credits)
  - **Recommended:** CHS 2010 - Survey of Chicana/o Literature
- Historical (3 credits)
  - **Recommended:** HIS 1040 - World History since 1500
- Natural and Physical Sciences (6 credits)
  - **Recommended:** GEG 1100 - Introduction to Physical Geography
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Two of the Following: PSC 1010 - American National Government; ANT 2330 - Cross-Cultural Communication; ECO 2010 - Principles of Macroeconomics; GEG 1000 - World Regional Geography
- Global Diversity (0 or 3 credits\*\*)

- CHS 3800 - Topics in Chicano Studies Credits: 3

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
- This requirement can be satisfied with any CHS course with ESSJ designation

## Chicano Studies Major: 24 credits

The Chicana/o Studies Department (CHS) adheres to the core values of social justice, human rights, empowerment, cultural responsiveness and service to community. Our teaching, scholarship and mentoring are informed by liberatory theories and pedagogical practices articulated in the work of scholars such as Paolo Freire, bell hooks, Angela Valenzuela, who assume that the teacher is not all-knowing or neutral; the teacher shares their knowledge within their philosophical framework and both teachers and students have a vested interest in the reciprocal process of learning.

Our mission is to prepare and empower culturally responsive students to engage in critical thinking about the sociohistorical, multicultural, intersectional, and global contexts in which they live, learn and work; understand the changing demographics in US society; and to articulate and analyze public policy issues and implications grounded in the diverse experiences, expressions, social conditions of Chicano/a/x and Latino/a/x and Indigenous communities.

- CHS 1000 - Introduction to Chicana/o Studies Credits: 3
- CHS 2000 - Living Culture and Language of the Mexican and Chicano Credits: 3
- CHS 2010 - Survey of Chicana/o Literature Credits: 3
- CHS 3020 - Chicana/o History, 1836 to the Present Credits: 3
- CHS 3300 - Education of Chicano Children Credits: 3
- CHS 3460 - Chicana Feminisms Credits: 3
- CHS 4850 - Research Experience in Chicana/o Studies Credits: 3

Take one of the following courses:

- CHS 2500 - Borderland Studies: Variable Topics Credits: 3
- CHS 2600 - Chicana/o and Latina/o Religious Cultures Credits: 3
- CHS 3660 - Poverty, Race and Gender Credits: 3

## Additional Social Science Courses for this Concentration: 33 credits

All students must complete thirty-three (33) credits of Social Science courses for this concentration. Note that twelve credits below can also satisfy General Studies requirements in these categories: Historical (3 credits), Natural and Physical Sciences (3 credits), Social and Behavioral Sciences (6 credits).

- HIS 1030 - World History to 1500 Credits: 3
- HIS 1040 - World History since 1500 Credits: 3
- HIS 1210 - American History to 1865 Credits: 3
- HIS 1220 - American History since 1865 Credits: 3
- ANT 2330 - Cross-Cultural Communication Credits: 3
- ECO 2010 - Principles of Macroeconomics Credits: 3
- ECO 2020 - Principles of Microeconomics Credits: 3
- GEG 1000 - World Regional Geography Credits: 3
- GEG 1100 - Introduction to Physical Geography Credits: 3
- PSC 1010 - American National Government Credits: 3
- PSC 2230 - Introduction to International Relations Credits: 3

## Foundations and Strategies for Secondary Teaching: 34 credits

Many of the courses in this section of the degree program require admission to the MSU Denver School of Education. Please see a School of Education advisor or the MSU Denver School of Education website for details.

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- CLD 3910 - Assessment of English Language Learners Credits: 3
- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4
- EDS 3140 - First Field Experience in Secondary Education Credits: 1
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- HIS 4010 - Methods of Teaching Social Science: Secondary School Credits: 3

- HIS 4020 - Field Experience in Teaching Social Studies in Secondary Schools Credits: 1
- MTH 1610 - Integrated Mathematics I Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3

## Senior Experience: 12 credits

Student Teaching offers an essential conclusion to this degree program. Typically, students should register for 12 credits of EDS 4290 in their final semester. Students who register for only 6 credits of EDS 4290 should also register for 6 credits of CLD 4590 Culturally and Linguistically Diverse: ESL Student Teaching Seminar.

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Chicano Studies Major	24 credits
Additional Social Science Courses for this Concentration	33 credits
Foundations and Strategies for Secondary Teaching	34 credits
Senior Experience	12 credits
<b>Total for the Chicano Studies Major, B.A. with Concentration in Secondary Social Studies Licensure</b>	<b>121 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## Chicano Studies Minor

A grade of "C" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## Required Courses:

- CHS 1000 - Introduction to Chicana/o Studies Credits: 3
- CHS 2010 - Survey of Chicana/o Literature Credits: 3
- CHS 3100 - Social Justice and Activism in the Chicana/o Community Credits: 3 (HON 3101, SWK 3110); (formerly The Chicano Community)
- CHS 3460 - Chicana Feminisms Credits: 3 (formerly "La Chicana")

## Electives\*: 9

Choose 9 credits from the other available courses housed in CHS in consultation with a Chicana/o Studies faculty advisor.

Total: 21

## Department of Communication Studies

Location: Central Classroom 120

Phone: 303-615-0400

E-Mail: [CommStudies@msudenver.edu](mailto:CommStudies@msudenver.edu)

Website: [Communication Studies Department Website](http://CommunicationStudiesDepartmentWebsite)

## Communication Studies Major, B.A.

[Department of Communication Studies](#)

Available Program Format(s): [In-Person](#)

[College of Letters, Arts and Sciences](#)

## About the Program

Communication Studies majors develop the skills and abilities necessary to succeed in a wide variety of contexts - from professional life to personal relationships, personal growth to community building, to promoting diversity and yourself. The major is designed to allow students to chart their own course of study across personal, professional, and public contexts. Students have the option of selecting a formal concentration in *Professional and Organizational Communication* or *Rhetoric and Public Culture*. To effectively tailor the degree to your personal and professional goals, elective courses should be selected in consultation with a Communication Studies advisor.

## Student Outcomes

1. Articulate and advocate for communication as an orientation for evaluating and addressing issues and problems in personal, professional, and public contexts.
2. Develop and apply communication strategies appropriate to purpose, context, technology, and audience.
3. Communicate with excellence in oral, written, and/or visual modes.
4. Collaborate effectively with others in groups and teams.
5. Cultivate a critical awareness of diverse experiences and viewpoints in order to practice ethical communication.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Communication Studies Core: 24 credits

*Select one of these courses:*

- COMM 1010 - Presentational Speaking **Credits: 3**  
or
- COMM 1100 - Fundamentals of Oral Communication **Credits: 3**

*Complete this course:*

- COMM 2200 - Introduction to Interpersonal Communication **Credits: 3**

*Select two of the following courses:*

- COMM 2030 - Intercultural Communication **Credits: 3**
- COMM 2040 - Group Communication **Credits: 3**
- COMM 2300 - Introduction to Organizational Communication **Credits: 3**
- COMM 2400 - Introduction to Rhetoric and Popular Culture **Credits: 3**

*Complete all of the following courses:*

- COMM 3000 - Diversity and Communication in the U.S. **Credits: 3**
- COMM 3100 - Communication Theory **Credits: 3**
- COMM 4100 - Communication Ethics **Credits: 3**

*Select one of the following research methods courses:*

- COMM 3110 - Applied Communication Research Methods **Credits: 3**  
or
- COMM 3400 - Rhetorical Criticism **Credits: 3**

## Option One: Communication Studies Major: 18 credits

Communication Studies students may select any five Elective Courses (15 credit hours) based on their own interests, goals, and aspirations. The majority of students' elective courses should be upper-division. Consult with a faculty advisor when selecting these courses.

Students also complete a Capstone/Senior Experience Course (3 credit hours).

## Elective Courses: 15 credits

Select any **five** courses of the following courses:

- COMM 2010 - Gender and Communication **Credits: 3**
- COMM 2020 - Introduction to Health Communication **Credits: 3**
- COMM 2030 - Intercultural Communication **Credits: 3**
- COMM 2040 - Group Communication **Credits: 3**
- Or any COMM course 3000-level and above

## Capstone/Senior Experience: 3 credits

Complete **one** of the following three courses:

- COMM 4910 - Applied Communication Research Project **Credits: 3**
- COMM 4920 - Senior Seminar **Credits: 3**
- COMM 4930 - Senior Communication Internship **Credits: 3-6**

## Option Two: Communication Studies Major with Concentration in Professional and Organizational Communication: 18 credits

The majority of students' concentration and/or elective courses should be upper-division. Consult with a faculty advisor when selecting these courses.

Students electing a Concentration in Professional and Organizational Communication must complete the Communication Studies Core and the following:

### Concentration Courses: 9 credits

Students must complete any **three** of the following courses:

- COMM 3010 - Business and Professional Speaking **Credits: 3**
- COMM 3030 - Teamwork and Collaboration **Credits: 3**
- COMM 3040 - Crisis Communication **Credits: 3**
- COMM 3310 - Communication Systems and Structures in Organizations **Credits: 3**
- COMM 3320 - Communication and Quality of Work/Life **Credits: 3**
- COMM 3330 - Organizational Culture and Identity **Credits: 3**
- COMM 3340 - Leadership Communication **Credits: 3**
- COMM 4320 - Organizational Communication Consulting **Credits: 3**
- COMM 4330 - Organizational Learning and Development **Credits: 3**

## Elective Courses: 6 credits

Students must complete any **two** courses from the following:

- COMM 2010 - Gender and Communication **Credits: 3**
- COMM 2020 - Introduction to Health Communication **Credits: 3**
- COMM 2030 - Intercultural Communication **Credits: 3**
- COMM 2040 - Group Communication **Credits: 3**
- Or any other COMM course at the 3000-level or above.

## Capstone/Senior Experience: 3 credits

Students must complete **one** of the following courses:

- COMM 4910 - Applied Communication Research Project **Credits: 3**
- COMM 4920 - Senior Seminar **Credits: 3**
- COMM 4930 - Senior Communication Internship **Credits: 3-6**

## Option Three: Communication Studies Major with Concentration in Rhetoric and Public Culture: 18 credits

The majority of students' concentration and/or elective courses should be upper-division. Consult with a faculty advisor when selecting these courses.

Students electing a Concentration in Rhetoric and Public Culture must complete the Communication Studies Core and the following:

### Concentration Courses: 9 Credit Hours

Students must complete any **three** of the following courses:

- COMM 3010 - Business and Professional Speaking **Credits: 3**
- COMM 3020 - Advanced Public Speaking **Credits: 3**
- COMM 3040 - Crisis Communication **Credits: 3**
- COMM 3410 - Rhetoric and Public Culture **Credits: 3**
- COMM 3420 - Arguing Constructively **Credits: 3**
- COMM 3430 - Communication in Politics **Credits: 3**
- COMM 4410 - Techniques of Persuasion **Credits: 3**
- COMM 4420 - Freedom of Speech **Credits: 3**
- COMM 4440 - Sports Discourse in Media and Culture **Credits: 3**
- COMM 4450 - Social Movement Rhetoric **Credits: 3**

## Elective Courses: 6 credits

Students must complete any **two** courses of the following courses:

- COMM 2010 - Gender and Communication **Credits:** 3
- COMM 2020 - Introduction to Health Communication **Credits:** 3
- COMM 2030 - Intercultural Communication **Credits:** 3
- COMM 2040 - Group Communication **Credits:** 3
- Or any other COMM course at the 3000-level or above.

### Capstone/Senior Experience: 3 credits

Students must complete **one** of the following courses:

- COMM 4910 - Applied Communication Research Project **Credits:** 3
- COMM 4920 - Senior Seminar **Credits:** 3
- COMM 4930 - Senior Communication Internship **Credits:** 3-6

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	24 credits
Concentration/Additional Courses	18 credits
Senior Experience	counted in above sections
Unrestricted Electives	42-57 credits
<b>Total for the Communication Studies Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Communication Studies Minor

Students seeking a Communication Studies Minor are required to take a minimum of 21 semester hours, 12 of which must be upper division. A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

Students must take COMM 1010 as their General Studies Oral Communication requirement. This course is required for all

Communication Studies majors and minors but is not counted in the total hours required for the major or minor.

## Communication Studies Core (9 Credit Hours)

*All students must take:*

- COMM 1100 - Fundamentals of Oral Communication **Credits:** 3

*And two of the following three courses:*

- COMM 2200 - Introduction to Interpersonal Communication **Credits:** 3
- COMM 2300 - Introduction to Organizational Communication **Credits:** 3
- COMM 2400 - Introduction to Rhetoric and Popular Culture **Credits:** 3

## Electives (12 Credit Hours)

- Choose any four COMM courses at the 3000-level or above.

## Department of Earth and Atmospheric Sciences

Location: Science Building, 2nd Floor - #2028

Phone: 303-615-1177

E-Mail: [cas@msudenver.edu](mailto:cas@msudenver.edu)

Website: [Earth and Atmospheric Sciences Department Website](#)

## Applied Geology Major, B.S.

[Department of Earth and Atmospheric Sciences](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s):  
[In-Person](#)

## About the Program

The Applied Geology program prepares students for exciting careers in the geosciences or fascinating graduate programs in an array of specialties that are critical in today's changing world, with a broad and versatile spectrum of opportunities in resource exploration, environmental mitigation and remediation, engineering geology, natural hazard science, geoscience education, museum science, crime

scene investigation, soil science, water science, paleontology, planetary geology, seismology, volcanology, scientific illustration and writing, and so much more. Not only does the Applied Geology program at MSU Denver provide students with a strong geology content knowledge, but it also links its course offerings with professional, workforce-ready, practical hands-on skills and application, some exclusive to this program, that will give graduates an edge and propel them forward in their careers or graduate studies. As a highly interdisciplinary STEM science, geology not only combines office, lab, and fieldwork to varying degrees, it is also an ideal home for uniting interests in multiple sciences, and for intersecting with other fields such as art, history, business, and computer applications.

## Student Outcomes

Upon completion of this program, students will be able to:

1. Identify and explain geoscientific concepts, principles, and processes.
2. Apply appropriate field and laboratory geoscientific technologies and techniques.
3. Demonstrate competency in scientific communication.
4. Evaluate and interpret geoscientific information and data.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)

- Students may fulfill this requirement with MTH 1210 - Introduction to Statistics which is required for the Applied Geology Major, B.S.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - Students may fulfill this requirement by taking courses required for the Applied Geology Major, B.S. such as: PHY 2010 - College Physics I, PHY 2030 - College Physics I Laboratory, CHE 1800 - General Chemistry I, CHE 1801 - General Chemistry I Laboratory, GEL 1010 - Physical Geology, and/or GEL 1030 - Historical Geology.
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Additional Required Courses: 20-22 credits

- MTH 1210 - Introduction to Statistics **Credits: 4**
- MTH 1120 - College Trigonometry **Credits: 3** Note: Students that do not place into MTH 1120 are required to take additional coursework to satisfy the math prerequisites.  
or
- MTH 1410 - Calculus I **Credits: 4**  
Math through Calculus I is recommended.
- PHY 2010 - College Physics I **Credits: 4**
- PHY 2030 - College Physics I Laboratory **Credits: 1**
- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**
- Technology Course (Choose one of the following courses)
  - CET 1215 - Civil Engineering Graphics **Credits: 3**  
or
  - EVE 1215 - Engineering Graphics: Solid Modeling **Credits: 3**  
or
  - GIS 2250 - Geographic Information Systems **Credits: 4**  
or
  - MTH 2540 - Scientific Computing with Python **Credits: 4**

## Required Courses: 29 credits

- GEL 1010 - Physical Geology Credits: 4
- GEL 1030 - Historical Geology Credits: 4
- GEL 2530 - Introduction to Geologic Fieldwork Credits: 2
- GEL 3050 - Introduction to Mineralogy and Optical Mineralogy Credits: 4
- GEL 4450 - Sedimentary Geology and Stratigraphy Credits: 4
- GEL 4460 - Structural Geology and Mapping Credits: 4
- GEL 3120 - Geomorphology Credits: 4
- GEL 3530 - Field Geology: Variable Topics Credits: 3

## Geology Field Course Electives: 4 credits

Choose from the following upper division field courses for a total of at least 4 Geology field course credits.

- GEL 3510 - Advanced Geology of Red Rocks Park and Vicinity **Credits: 1**
- GEL 3520 - Advanced Garden of the Gods-Front Range Geology **Credits: 2**
- GEL 3540 - Geologic Hazards: Denver and Vicinity **Credits: 2**
- GEL 3550 - Advanced Geology of the Great Sand Dunes National Monument **Credits: 2**  
Note: GEL 3530 is a required course, but the course may be repeated up to 3 times under different topics. The repeated credits may count towards this field course requirement.
- GEL 3530 - Field Geology: Variable Topics **Credits: 3**

## Geology Electives: 11 credits

Choose a minimum of 11 upper division GEL credits from this list, paying special attention to the course rotation and offerings.

- GEL 3440 - Energy and Mineral Resources Credits: 4
- GEL 4000 - Geologic Hazards Credits: 3
- GEL 4050 - Igneous and Metamorphic Petrology Credits: 4
- GEL 4250 - Hydrogeology (Groundwater) Credits: 4
- GEL 4950 - Internship in Geology Credits: 2-15  
Up to 3 credits of internship credit can apply to the major.

## Senior Experience Course: 3 credits

- GEL 4970 - Undergraduate Research in Geology Credits: 3

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Additional Requirements	20-22 credits
Major Requirements	29 credits
Geology Field Course Electives	4 credits
Geology Electives	11 credits
Senior Experience	3 credits
Unrestricted Electives	15-29 credits
<b>Total for the Applied Geology Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Climate Change Minor*

Climate Change is one of the most relevant and pressing issues of our time. The Climate Change Minor creates an opportunity for students with any background to understand the science of climate change as well as some ways to plan for or mitigate the problem. The focus is on an understanding of climate change from an earth systems science perspective, though societal implications are also addressed.

## Required Courses

- MTR 1400 - Weather and Climate **Credits: 3**  
or
- GEG 1100 - Introduction to Physical Geography **Credits: 3**
- MTR 1600 - Global Climate Change **Credits: 3**
- GEG 3410 - Biogeography **Credits: 3**
- MTR 3330 - Climatology **Credits: 3**
- MTR 3340 - Climate Change Science **Credits: 3**
- GEG 4700 - Sustainability in Resource Management **Credits: 3**  
or
- GEG 4720 - Planning for Climate Change **Credits: 3**

Total: 18 credits

## *Environmental Science Major, B.S.*

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

### About the Program

Environmental Science is a discipline that will prepare students to understand - and help solve - some of the most pressing challenges facing the world today. From sustainable growth and pollution control to learning about water problems and ecosystem degradation, students learn to analyze environmental challenges and find possible solutions. The Environmental Science degree explores ecological resiliency through a wide range of field, laboratory, and classroom courses on topics including, but not limited to, soil science, water resources and management, mountain environments, waste remediation, and geospatial sciences. Students tackle these environmental problems from the perspective of timely global challenges such as climate change and human population growth. This interdisciplinary major allows students to choose from a variety of courses to tailor a degree plan to their interests and keep them diversified in a constantly growing and changing field.

### Student Outcomes

- Students will be able to identify and explain environmental processes and human - environment interactions.
- Students will be able to apply interdisciplinary perspectives and approaches to environmental problems.
- Students will be able to critically assess and evaluate environmental problems at a local and global scale.
- Students will be able to acquire the ability to monitor and sample environmental conditions.
- Students will be able to design effective oral presentations and scientific papers.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** Students may use the required course MTH 1210 - Introduction to Statistics to fulfill this requirement.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Several General Studies courses are required for the Environmental Science major and those courses can also count here. Those courses include, ENV 1200 - Introduction to Environmental Science, BIO 1080 - General Biology I, BIO 1081 - General Biology II, BIO 1090 - General Biology Laboratory I, BIO 1091 - General Biology Laboratory II, CHE 1800 - General Chemistry I, CHE 1810 - General Chemistry II, CHE 1801 - General Chemistry I Laboratory, CHE 1801 - General Chemistry I Laboratory, CHE 1811 - General Chemistry II Laboratory
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Additional Requirements: 22 credits

All students must complete the following courses:

- BIO 1080 - General Biology I Credits: 3
- BIO 1081 - General Biology II Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1

- BIO 1091 - General Biology Laboratory II Credits: 1
- CHE 1800 - General Chemistry I Credits: 4
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1811 - General Chemistry II Laboratory Credits: 1
- MTH 1410 - Calculus I Credits: 4

## Environmental Science Core Requirements: 27 credits

This list of courses is designed to expose students to each of the various aspects of Environmental Science.

- ENV 1200 - Introduction to Environmental Science **Credits: 3**
- ENV 2100 - Environmental Sampling and Analysis **Credits: 3**
- ENV 3420 - Soil Resources **Credits: 3**
- ENV 3422 - Methods of Soil Analysis and Sampling **Credits: 1**
- ENV 4200 - Environmental Policy and Planning **Credits: 3**
- MTH 1210 - Introduction to Statistics **Credits: 4**
- GIS 2250 - Geographic Information Systems **Credits: 4**

Students are required to take one ecosystem/ecology course from the following list:

- ENV 3300 - Principles of Ecological Restoration **Credits: 3**  
-or-
- ENV 3700 - Mountain Environments **Credits: 3**  
-or-
- ENV 4420 - Wetlands **Credits: 3**  
-or-
- ENV 4440 - Limnology **Credits: 3**  
-or-
- ENV 4450 - Stream Ecology **Credits: 3**

Students are required to take one waste/remediation course from the following list:

- ENV 3010 - Applied Pollution Science **Credits: 3**  
-or-
- ENV 3710 - Environmental Remediation **Credits: 3**  
-or-
- ENV 3720 - Waste Management **Credits: 3**

## Environmental Science Electives: 15 credits

Students are required to take 15 credits of Environmental Science Electives and can choose any upper division ENV course to satisfy this requirement. Before choosing electives, students should see an advisor to discuss particular courses and associated career paths. All courses must be passed with at least a C- to count towards degree

completion. Directed Study and Internship credits may only be used towards 6 credits combined of elective credits.

- ENV 3000-4999 Any Upper Division ENV Course
- ENV 300X-499X Any Upper Division ENV Variable Topic or Omnibus Course

## Environmental Science Senior Experience: 3 credits

Students may choose one of the two following senior experience courses in Environmental Science.

- ENV 4960 - Global Environmental Challenges **Credits: 3**  
-or-
- ENV 4970 - Environmental Field Studies **Credits: 3**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Additional Requirements	22 credits
Environmental Science Core	27 credits
Environmental Science Electives	15 credits
Environmental Science Senior Experience	3 credits
Unrestricted Electives	17-29 credits
<b>Total for Environmental Science Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Environmental Science Major, B.S., with Secondary Science Teacher Licensure Concentration*

[Department of Earth and  
Atmospheric Sciences](#)

[College of Letters, Arts and  
Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

Degree seeking candidates who wish to obtain Colorado Secondary Science teacher licensure with a major in Environmental Science must earn a Bachelor of Science (BS) degree. The interdisciplinary requirements for the Environmental Science major with a concentration in Secondary Science is designed to ensure that the Environmental Science education program meets the Colorado Science Licensure Standards and addresses the objectives of the Science content area examination. The core curriculum provides a firm foundation in Biology, Physics, Chemistry, Earth and Space Science, and Mathematics. The Colorado Academic Standards in Science are also strongly emphasized within the curriculum. Science Licensure candidates must declare their major with the appropriate concentration in Secondary Science Licensure.

## Student Outcomes

### Secondary Education

- Students in Secondary/K-12 Education teacher licensure programs will demonstrate awareness of multiculturalism, diversity, equity, and inclusion.
- Students in Secondary/K-12 Education teacher licensure program will gain readiness and eligibility for student teaching
- Teacher candidates will successfully complete student teaching

### Environmental Science Major B.S.

- Students will be able to identify and explain environmental processes and human - environment interactions.
- Students will be able to apply interdisciplinary perspectives and approaches to environmental problems.
- Students will be able to critically assess and evaluate environmental problems at a local and global scale.
- Students will be able to acquire the ability to monitor and sample environmental conditions.
- Students will be able to design effective oral presentations and scientific papers.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 122 semester hours are required for graduation in this program.

- A grade of C- or better is required for each course in this program to count toward the bachelor's degree.
- A minimum GPA of 2.75 in the Environmental Science Major and Additional Content Courses for Secondary Science Licensure is needed to apply for student teaching.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion. Those recommended courses below can satisfy additional degree program requirements beyond General Studies.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** Students may fulfill this General Studies requirement with MTH 1210 or MTH 1410 under Mathematics Courses for Secondary Science Licensure. (Note: depending on the course selected, this may exceed 3 credits.)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Students may fulfill this General Studies requirement with Additional Content Courses or Environmental Science Core Courses for Secondary Science Licensure Concentration. (Note: depending on the courses selected, this total may exceed 6 credits.)
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement with EDS 3130 - Foundations of Educational Psychology and Philosophy and EDS 3150 - Critical Sociocultural Lenses for Teachers, which also meet requirements under Foundation and Methods Courses for Secondary Education. (Note: depending on the courses selected, this total may exceed 6 credits.)
- Global Diversity (0-3 credits\*)

*\*Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students can consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- Students can fulfill this requirement with EDS 3150 - Critical Sociocultural Lenses for Teachers.

## Environmental Science Major Core Courses: 46 credits

Below are major requirements for the Environmental Science Major with Teacher Licensure.

### Environmental Science Core

- BIO 1080 - General Biology I **Credits: 3**
- BIO 1081 - General Biology II **Credits: 3**
- BIO 1090 - General Biology Laboratory I **Credits: 1**
- BIO 1091 - General Biology Laboratory II **Credits: 1**
- CHE 1800 - General Chemistry I **Credits: 4**
- CHE 1801 - General Chemistry I Laboratory **Credits: 1**
- CHE 1810 - General Chemistry II **Credits: 4**
- CHE 1811 - General Chemistry II Laboratory **Credits: 1**
- ENV 1200 - Introduction to Environmental Science **Credits: 3**
- ENV 3400 - Water Resources **Credits: 3**
- ENV 4200 - Environmental Policy and Planning **Credits: 3**
- GEL 1010 - Physical Geology **Credits: 4**

Select one of the following courses:

- MTR 1400 - Weather and Climate **Credits: 3**
- or
- MTR 1600 - Global Climate Change **Credits: 3**

### Environmental Science Major Electives

Students must take 12 credits of additional Environmental Science (ENV) courses, 3 credits of which may be Geology (GEL) courses, selected in consultation with an Environmental Science advisor.

Select 9 credits of ENV courses:

- ENV 2000-4999 ENV Electives

Select 3 credits of ENV or GEL courses:

- ENV 2000-4999 ENV Electives
- or
- GEL 2000-4999 GEL Electives

## Additional Content Courses Required for Science Licensure: 18 credits

**Physics** (take all four of these courses):

- PHY 2010 - College Physics I **Credits: 4**
- PHY 2020 - College Physics II **Credits: 4**
- PHY 2030 - College Physics I Laboratory **Credits: 1**
- PHY 2040 - College Physics II Laboratory **Credits: 1**

**Math** (take both of the following courses):

- MTH 1210 - Introduction to Statistics **Credits: 4**
- MTH 1410 - Calculus I **Credits: 4**

## Foundation and Methods Courses for Secondary Education: 28 credits

All students must complete the following courses in Foundation and Methods Courses for Secondary Education. Before registering for these courses, students should obtain provisional admission to the School of Education. An application can be found [HERE](#). Six or more credits in this category can also satisfy General Studies requirements for Social and Behavioral Sciences. Three credits in this category can also satisfy ESSJ requirement.

- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4 \*
- EDS 3140 - First Field Experience in Secondary Education Credits: 1 \*
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3 \*
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3 \*\*
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1 \*\*
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3 \*\*
- SCI 3950 - Teaching Science in Secondary Schools Credits: 3 \*\*
- SCI 3960 - Field Experience in Teaching Science in Secondary Schools Credits: 1 \*\*

*\* Requires at least provisional admission to the School of Education*

*\*\* Requires formal admission to the School of Education*

## Senior Experience: 12 credits

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Environmental Science Major Core Courses	46 credits
Additional Content Courses Required for Science Licensure	18 credits
Foundation and Methods Courses for Secondary Education	28 credits
Senior Experience	12 credits
<b>Total for the Environmental Science Major, B.S. with Secondary Science Teacher Licensure Concentration</b>	<b>122 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## Environmental Science Minor

Environmental Science is a discipline that prepares you to understand - and help solve- some of the most pressing challenges facing the world today. From sustainable growth and pollution control to learning about water problems and ecosystem degradation, students learn to analyze environmental challenges and find possible solutions. The Environmental Science minor allows you to explore ecological resiliency through a wide range of field, laboratory, and classroom courses on topics including, but not limited to, soil science, water resources and management, mountain environments, waste remediation, and environmental policy. Students seeking an environmental science minor must complete a minimum of 22 semester hours.

### Required Courses

- ENV 1200 - Introduction to Environmental Science Credits: 3
- ENV 2100 - Environmental Sampling and Analysis Credits: 3
- ENV 3420 - Soil Resources Credits: 3
- ENV 3422 - Methods of Soil Analysis and Sampling Credits: 1
- ENV 4200 - Environmental Policy and Planning Credits: 3

**Subtotal: 13 credits**

## Environmental Science Electives

Select at least 9 semester hours from any Environmental Science course.

- ENV 2000:4999: Any Environmental Sciences Course
- ENV 200X:499X: Any ENV Variable Topics Course

**Subtotal: 9 Credits**

**Total for Environmental Science Minor: 22 credits**

*Note: All courses must be passed with a C- or better to count towards the minor.*

## Geographic Information Systems (GIS) Certificate

The GIS certificate option serves working professionals and students interested in developing proficiency in Geospatial Sciences. GIS education has become an integral part of many academic disciplines and professions, including natural resources, environmental science, geography, geology, planning, anthropology, civil engineering, criminal justice, business, biology, health sciences, social sciences, and others. In order to develop a high-level of proficiency, the GIS course requirements for the GIS Certificate are similar to those of the Geospatial Sciences Majors. Students must complete each course in a certificate program with a grade of "C" or better; students must also maintain a GPA of 3.0 or above in the GIS certificate program. Students should consult with a department advisor to prepare a program plan.

### Required Courses (4 credits)

- GIS 2250 - Geographic Information Systems Credits: 4

### GIS Required Block 1 (6 credits)

Select two (2) courses from the following list:

- GIS 3250 - Cartography Credits: 3
- GIS 3410 - Web Mapping Credits: 3
- GIS 4840 - Remote Sensing Credits: 3
- GIS 4870 - Spatial Databases Credits: 3

### GIS Required Block 2 (4 credits)

Select one (1) course from the following list:

- GIS 4850 - Spatial Modeling in Raster Credits: 4
- GIS 4860 - GIS Applications Credits: 4

## Elective Courses

Select 3 credit hours from any upper division GIS course

- GIS 3000-4999 Upper Division GIS Course

## GIS Certificate Total Credits

Required Course GIS 2250	4 credits
GIS Block 1	6 credits
GIS Block 2	4 credits
Additional Elective Courses*	3 credits
Total for GIS Certificate	17 credits

## *Geographical Information Systems (GIS) Minor*

The GIS Minor gives students an opportunity to develop skills in geospatial data development, analysis, and visualization that can be applied to myriad disciplines where location data is important to decision-making. Many disciplines dealing with people, resources, planning, and design benefit from an understanding of spatial data. Students must complete each course with a grade of "C-" or better.

## GIS Required Course (4 credits)

- GIS 2250 - Geographic Information Systems Credits: 4

Total Credits: 4

## GIS Required Block 1 (6 credits)

Select two (2) courses from the list:

- GIS 3250 - Cartography Credits: 3
- GIS 3410 - Web Mapping Credits: 3
- GIS 4840 - Remote Sensing Credits: 3
- GIS 4870 - Spatial Databases Credits: 3

Total Credits: 6

## GIS Required Block 2 (4 credits)

Select one (1) course from the following list:

- GIS 4850 - Spatial Modeling in Raster Credits: 4
- GIS 4860 - GIS Applications Credits: 4

Total Credits: 4

## Elective Courses (6 credits)

Select 6 credits from the following list:

- GIS 1220 - Digital Earth: Geospatial Technologies Credits: 4
- GIS 3000-4999 GIS Upper Division Courses
- GEG 3000-4999 Geography Upper Division Courses

Total Credits: 6

## Credit Totals for GIS Minor

Required Course GIS 2250	4 credits
GIS Block 1	6 credits
GIS Block 2	4 credits
Additional Elective Courses*	6 credits
Total for GIS Minor	20 credits

\* NOTE: Directed Study and Internship classes are limited towards the minor. GIS 3920 - Directed Study in Geospatial Sciences and GEG 3920 - Directed Study in Geography cannot count more than 3 credits towards the minor. GIS 4950 - Internship in GIS and GEG 4950 - Internship in Geography cannot count more than 3 credits towards the minor.

## *Geography Major, B.A.*

[Department of Earth and Atmospheric Sciences](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

Geographers are among the government officials, community leaders, activists, researchers, and business people who use data-driven research to develop solutions to complex environmental, social, economic, and political problems. Geography is unique in bridging the social sciences and the natural sciences, and in providing geospatial analyses of environmental and socio-economic problems. The program provides a foundation for understanding problems and

implementing equitable solutions to improve the quality of human-environment dynamics. Engagement in environmental, social justice and ethical issues is facilitated through applied research and learning in the Denver Metropolitan Area. The Geography curriculum combines fundamental courses in natural and social systems and geospatial science with specialized electives within four disciplinary sub-fields - Political Economy Approaches to Sustainability, Geographic Information Science, Physical Geography, and Planning. Students have flexibility in choosing courses and pursuing their areas of interest. The major prepares students for professional careers in both the private and public sectors as well as for graduate studies.

## Student Outcomes

1. Examine the relationships between human and physical systems.
2. Demonstrate competency in both writing and oral presentation of geographic information.
3. Evaluate geographical information for its appropriateness for practical uses, such as decision-making and problem solving.
4. Select and apply analytic tools to examine spatial issues, problems, and conflicts.
5. Design, plan, and evaluate solutions for complex multi-dimensional geographical problems.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)

- **Recommended:** For students interested in upper division coursework or graduate study in Geographic Information Science or Physical Geography: MTH 1110 - College Algebra for Calculus, or the equivalent ( MTH 1109 - College Algebra Stretch, Part II or MTH 1111 - College Algebra for Calculus with Laboratory), or a higher algebra course.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement by taking GEG 1100 - Introduction to Physical Geography and GEG 1910 - Global Water Concerns. While both courses will count for General Studies, only one is required (and will count) for the Geography major.
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement by taking GEG 1000 - World Regional Geography, GEG 1300 - Introduction to Human Geography, and/or GEG 1700 - Global Sustainability. While two courses will count for General Studies, only one is required (and will count) for the Geography major.
- Global Diversity (0 or 3 credits\*\*)
  - **Recommended:** Students may fulfill this requirement by taking GEG 1000 - World Regional Geography, GEG 1300 - Introduction to Human Geography, GEG 1910 - Global Water Concerns, or GEG 3230 - Latin American Geographies, which also may count for the major.

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
  - **Recommended:** Students may fulfill this requirement by taking GEG 2700 - Geographies of Environmental Justice (which does not count towards the major), or GEG 3300 - Indigenous

## Recommended Prerequisite Courses

For students interested in upper division coursework or graduate study in Geographic Information Science or Physical Geography: At least one algebra course ( MTH 1110 - College Algebra for Calculus or higher) and one statistics course ( MTH 1210 - Introduction to Statistics or higher) are recommended. Students are encouraged to meet with an advisor to discuss upper division course prerequisites, optional courses, minors, and electives which support their interests.

## Required Courses: 13 credits

Students should select one course from each area listed below. These courses provide an introduction to the main sub-fields of Geography, and methods of geographic inquiry. Four courses are required. All courses must be passed with at least a "C-" to count towards the major.

### Cultural/Human Geography: 3 credits

- GEG 1000 - World Regional Geography Credits: 3
- GEG 1300 - Introduction to Human Geography Credits: 3
- GEG 1700 - Global Sustainability Credits: 3

### Physical Geography: 3 credits

- GEG 1100 - Introduction to Physical Geography Credits: 3
- GEG 1910 - Global Water Concerns Credits: 3

### Geographic Information Science: 4 credits

- GIS 2250 - Geographic Information Systems Credits: 4

### Theory and Research Methods: 3 credits

- GEG 3100 - Geography Methods and Applications Credits: 3

## Geography Electives: 24 credits

Students are required to select a minimum of 24 credits of elective courses in Geography (GEG) or Geographic Information Science (GIS) from any of the core geographical knowledge areas listed below. Students may take courses from multiple areas towards the major. At least 22 credits must be from upper division courses (3000- and 4000-level). All courses must be passed with at least a "C-" to count towards the major.

## 1. Political Economy Approaches to Sustainability

Courses integrate physical and social sciences with planning and spatial analysis as a foundation for understanding problems and implementing solutions to improve the quality of the built environment, economies, and policies to promote sustainability and social justice.

- GEG 3300 - Indigenous Geographies of North America Credits: 3
- GEG 3360 - Economic Geography Credits: 3
- GEG 3700 - Urban Sustainability Credits: 3
- GEG 3720 - Global Sustainable Development Credits: 3
- GEG 4700 - Sustainability in Resource Management Credits: 3
- GEG 4720 - Planning for Climate Change Credits: 3

## 2. Geographic Information Science

Courses develop theoretical knowledge and technical training in Geographic Information Systems, remote sensing, cartography and database systems in order to define and solve problems in the management, conservation, and improvement of natural and human environments.

- GIS 1220 - Digital Earth: Geospatial Technologies Credits: 4
- GIS 3250 - Cartography Credits: 3
- GIS 3410 - Web Mapping Credits: 3
- GIS 4810 - GIS Programming Credits: 3
- GIS 4840 - Remote Sensing Credits: 3
- GIS 4850 - Spatial Modeling in Raster Credits: 4
- GIS 4860 - GIS Applications Credits: 4
- GIS 4870 - Spatial Databases Credits: 3
- GIS 3000-4999 Any UD Geographic Information Science course

## 3. Physical Geography

Courses examine natural processes and phenomena at the Earth surface, and their connections with human activities.

- GEG 3120 - Geomorphology Credits: 4
- GEG 3330 - Climatology Credits: 3
- GEG 3410 - Biogeography Credits: 3
- GEG 3420 - Soil Resources Credits: 3
- GEG 3422 - Methods of Soil Analysis and Sampling Credits: 1
- GEG 4150 - Hydrology (Surface Water) Credits: 4

## 4. Urban and Regional Processes and Planning

Courses provide students with the skills to address the social, economic, environmental, and spatial relationships that shape urban regions.

- GEG 3600 - Urban Geography Credits: 3
- GEG 3610 - Principles of Urban and Regional Planning Credits: 3
- GEG 3630 - Transportation Planning and Land Use Credits: 3
- GEG 4430 - Habitat Planning Credits: 3
- GEG 4610 - Advanced Urban and Regional Planning Credits: 3

## 5. Independent Research and Individualized Experience

This core area allows students to pursue individual interests via directed study or internship experiences, and to explore additional coursework in Geography, as opportunities arise.

- GEG 3920 - Directed Study in Geography Credits: 2-6  
\*Maximum of 3 credits can count towards the major.
- GEG 4950 - Internship in Geography Credits: 2-15  
\*Maximum of 3 credits can count towards the major.
- GEG 3000-4999 Any UD Geography Course

## Senior Experience: 3 credits

All Geography majors are required to take the Geography capstone course, which culminates the degree by providing an opportunity for hands-on geographic inquiry. This course must be passed with at least a "C-" to count towards the major.

- GEG 4975 - Geography Capstone Credits: 3

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	13 credits
Geography Electives	24 credits
Unrestricted Electives	43-47 credits
Senior Experience Course	3 credits
Total for Geography Major, B.A.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.**

**Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Geography Minor

Geographers are among the government officials, community leaders, activists, researchers, and business people who use data-driven research to develop solutions to complex environmental, social, economic, and political problems. Geography is unique in bridging the social sciences and the natural sciences, and in providing geospatial analyses of environmental and socio-economic problems. The program provides a foundation for understanding problems and implementing equitable solutions to improve the quality of human-environment dynamics. The Geography Minor combines fundamental courses in natural and social systems and geospatial science with specialized electives within four disciplinary sub-fields – Political Economy Approaches to Sustainability, Geographic Information Science, Physical Geography, and Planning. Students have flexibility in choosing courses and pursuing their areas of interest. Students must complete each course with a grade of "C-" or better.

## Required Courses

Students are required to complete two courses, each from a different course area listed below. These courses provide an introduction to the main sub-fields of Geography, and methods of geographic inquiry. Two courses are required. (6-7 credits minimum). All courses must be passed with at least a "C-" to count towards the minor.

### Cultural Human Geography

- GEG 1000 - World Regional Geography Credits: 3
- GEG 1300 - Introduction to Human Geography Credits: 3
- GEG 1700 - Global Sustainability Credits: 3

### Physical Geography

- GEG 1100 - Introduction to Physical Geography Credits: 3
- GEG 1910 - Global Water Concerns Credits: 3

### Geographic Information Science

- GIS 2250 - Geographic Information Systems Credits: 4

### Theory and Methods of Geography

- GEG 3100 - Geography Methods and Applications Credits: 3

## Elective Courses

Students are required to select a minimum of 14-15 credits of elective courses in Geography (GEG) or Geographic Information Science (GIS) from any of the core geographical knowledge areas listed below. Students may take courses from multiple areas towards the minor. All courses must be passed with at least a "C-" to count towards the minor.

## 1. Political Economy Approaches to Sustainability

Courses integrate physical and social sciences with planning and spatial analysis as a foundation for understanding problems and implementing solutions to improve the quality of the built environment, economies, and policies to promote sustainability and social justice.

- GEG 3300 - Indigenous Geographies of North America Credits: 3
- GEG 3360 - Economic Geography Credits: 3
- GEG 3700 - Urban Sustainability Credits: 3
- GEG 3720 - Global Sustainable Development Credits: 3
- GEG 4700 - Sustainability in Resource Management Credits: 3
- GEG 4720 - Planning for Climate Change Credits: 3

## 2. Geographic Information Science

Courses develop theoretical knowledge and technical training in Geographic Information Systems, remote sensing, cartography and database systems in order to define and solve problems in the management, conservation, and improvement of natural and human environments.

- GIS 1220 - Digital Earth: Geospatial Technologies Credits: 4
- GIS 3250 - Cartography Credits: 3
- GIS 3410 - Web Mapping Credits: 3
- GIS 4810 - GIS Programming Credits: 3
- GIS 4840 - Remote Sensing Credits: 3
- GIS 4850 - Spatial Modeling in Raster Credits: 4
- GIS 4860 - GIS Applications Credits: 4
- GIS 4870 - Spatial Databases Credits: 3
- GIS 300-4999 Any UD Geographic Information Science class

## 3. Physical Geography

Courses examine natural processes and phenomena at the Earth surface, and their connections with human activities.

- GEG 3410 - Biogeography Credits: 3
- GEL 3120 - Geomorphology Credits: 4
- GEG 3330 - Climatology Credits: 3

- GEG 3420 - Soil Resources Credits: 3
- GEG 3422 - Methods of Soil Analysis and Sampling Credits: 1
- GEG 4150 - Hydrology (Surface Water) Credits: 4

## 4. Urban and Regional Processes and Planning

Courses provide students with the skills to address the social, economic, and spatial relationships that shape urban regions.

- GEG 3600 - Urban Geography Credits: 3
- GEG 3610 - Principles of Urban and Regional Planning Credits: 3
- GEG 3630 - Transportation Planning and Land Use Credits: 3
- GEG 4430 - Habitat Planning Credits: 3
- GEG 4610 - Advanced Urban and Regional Planning Credits: 3

## 5. Independent Research and Individualized Experience

This core area allows students to pursue individual interests via directed study or internship experiences, and to explore additional coursework in Geography, as opportunities arise.

- GEG 3920 - Directed Study in Geography Credits: 2-6  
\*Maximum of 3 credits can count towards the minor.
- GEG 4950 - Internship in Geography Credits: 2-15  
\*Maximum of 3 credits can count towards the minor.
- GEG 4975 - Geography Capstone Credits: 3
- GEG 3000-4999 Any UD Geography Course

## Summary of Geography Minor Requirements

Required Courses	6-7 credits
Geography Electives	14-15 credits
<b>Total for Geography Minor</b>	<b>20-22 credits</b>

## *Geology - See Applied Geology Major, B.S.*

Please see the Applied Geology Major, B.S.

## *Geology Minor*

Geology is a particularly integrative field because in order to understand Earth's physical processes, the vast network of

interconnections within the Earth system must also be considered. As a consequence, geology incorporates ideas and perspectives from many different fields such as chemistry, physics, biology, astronomy, water science, environmental science, mathematics, art, and more. These many connections make geology an appropriate and fascinating minor for students with any major. The geology minor offers a strong foundation for understanding how Earth has developed and changed through time. Students should consult with a department advisor to assist with program planning. Students must complete each course with a grade of "C-" or better.

## Core Courses

- GEL 1010 - Physical Geology Credits: 4
- GEL 1030 - Historical Geology Credits: 4
- GEL 3050 - Introduction to Mineralogy and Optical Mineralogy Credits: 4 \*
- GEL 4450 - Sedimentary Geology and Stratigraphy Credits: 4 \*
- GEL 4460 - Structural Geology and Mapping Credits: 4 \*

**Subtotal: 20 credits**

## Elective Courses

Students are required to select at least 4 semester hours from the list below.

- GEL 1020 - Geology of Colorado Credits: 3
- GEL 2530 - Introduction to Geologic Fieldwork Credits: 2 \*
- GEL 3120 - Geomorphology Credits: 4 \*
- GEL 3420 - Soil Resources Credits: 3 \*
- GEL 3440 - Energy and Mineral Resources Credits: 4 \*
- GEL 3510 - Advanced Geology of Red Rocks Park and Vicinity Credits: 1 \*
- GEL 3520 - Advanced Garden of the Gods-Front Range Geology Credits: 2 \*
- GEL 3530 - Field Geology: Variable Topics Credits: 3 \*
- GEL 3550 - Advanced Geology of the Great Sand Dunes National Monument Credits: 2 \*
- GEL 3920 - Directed Study in Geology Credits: 2-6 \*
- GEL 4050 - Igneous and Metamorphic Petrology Credits: 4 \*
- GEL 4150 - Hydrology (Surface Water) Credits: 4 \*
- GEL 4250 - Hydrogeology (Groundwater) Credits: 4 \*
- GEL 3540 - Geologic Hazards: Denver and Vicinity Credits: 2 \*
- ENV 3700 - Mountain Environments Credits: 3 \*
- ENV 4000 - Geologic Hazards Credits: 3 \*
- ENV 4010 - Environmental Hazards and GIS Credits: 3 \*

**Subtotal: 4 credits**

**Total for Minor: 24 credits**

*\* Course requires additional prerequisites or corequisites*

## Meteorology Major, B.S.

[Department of Earth and Atmospheric Sciences](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The mission of the meteorology program is to provide students with an understanding of the chaotic atmosphere. Meteorology is an applied science that combines the fields of physics, chemistry, mathematics, and computer science into an application of understanding the atmosphere. The program exposes students to all these disciplines, while in parallel applying these concepts to mesoscale, synoptic, and global scale phenomena. Students will be prepared for careers in a wide range of atmospheric science vocations, as well as further studies in graduate school. Students may pick from two concentrations. The Professional Meteorology concentration prepares students for careers with the National Weather Service or other government jobs by fulfilling their requirements. The Applied Meteorology concentration prepares students for a variety of other less math-intensive careers in meteorology, including some private industry, broadcasting, or other science-related careers. An advisor can help students choose the best concentration to fit their goals.

## Student Outcomes

- Describe the general characteristics of the atmosphere, including physical processes and weather systems.
- Select and interpret appropriate weather and climate data, including in-situ and remotely sensed information, for different situations.
- Synthesize multiple types of weather and climate data to formulate short, medium, and long-range weather forecasts.
- Organize, analyze, and prepare written scientific reports.
- Create and deliver scientific presentations using multimedia techniques.
- Apply mathematical and statistical techniques to the analysis and interpretation of atmospheric dynamics, thermodynamics, and radiation processes.
- Apply scientific computing skills using appropriate software and structured programming.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of D or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** Students may fulfill this requirement with MTH 1410 - Calculus I, or by taking any of the prerequisite courses that lead to MTH 1410
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** Students may fulfill this requirement by taking courses required for the meteorology major such as MTR 1400 - Weather and Climate and the physics courses required for the major.
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*)

*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Meteorology Core Required Courses: 26 credits

Students in both concentrations must take the following courses.

- MTR 1400 - Weather and Climate Credits: 3
- MTR 2020 - Weather and Climate Lab for Scientists Credits: 1
- MTR 2410 - Weather Observing Systems Credits: 3
- MTR 3000 - Weather Discussion Credits: 1
- MTR 3040 - Computer Programming for Meteorologists Credits: 3
- MTR 3330 - Climatology Credits: 3
- MTR 3400 - Synoptic Meteorology Credits: 3
- MTR 3410 - Weather Analysis Techniques Credits: 3
- MTR 3420 - Radar and Satellite Meteorology Credits: 3
- MTR 3430 - Atmospheric Thermodynamics Credits: 3

Select one of the following two concentrations:

## Professional Meteorology Concentration: 43 credits

- MTR 3440 - Physical Meteorology Credits: 3
- MTR 3450 - Dynamic Meteorology Credits: 3
- MTR 4400 - Advanced Synoptic Meteorology Credits: 4
- MTR 4500 - Mesometeorology Credits: 3
- CHE 1800 - General Chemistry I Credits: 4
- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1
- PHY 2341 - General Physics II Laboratory Credits: 1
- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4
- MTH 2420 - Calculus III Credits: 4
- MTH 3210 - Probability and Statistics Credits: 4
- MTH 3420 - Differential Equations Credits: 4

Note: These math course requirements get students close to completion of a math minor. Should students choose to declare and complete an optional math minor, choosing one of the following courses relevant to meteorology should complete the requirements: CS 1050 - Computer Science 1, MTH 2520 - R Programming, MTH 2540 - Scientific Computing with Python, MTH 3130 - Applied Methods in Linear Algebra, MTH 3220 - Statistical Methods, MTH 3270 - Data Science.

## Professional Meteorology Concentration Electives: 3 credits

Students choose a minimum of 3 credits from the list below:

- MTR 2000-4999 (any MTR prefix course in the 2000-level or higher may count towards these elective credits)
- GIS 2250 - Geographic Information Systems Credits: 4
- CS 1050 - Computer Science 1 Credits: 4
- MTH 2520 - R Programming Credits: 4
- MTH 2540 - Scientific Computing with Python Credits: 4
- MTH 3130 - Applied Methods in Linear Algebra Credits: 4
- MTH 3220 - Statistical Methods Credits: 4
- MTH 3270 - Data Science Credits: 4

## Applied Meteorology Concentration: 16 credits

- MTH 1410 - Calculus I **Credits: 4**
- MTH 3210 - Probability and Statistics **Credits: 4**
- MTR 3500 - Hazardous Weather **Credits: 3**  
or
- MTR 4500 - Mesometeorology **Credits: 3**
- PHY 2010 - College Physics I **Credits: 4**  
or
- PHY 2311 - General Physics I **Credits: 4**
- PHY 2030 - College Physics I Laboratory **Credits: 1**  
or
- PHY 2321 - General Physics I Laboratory **Credits: 1**

## Applied Meteorology Concentration Electives: 6 credits

Students choose a minimum of 6 credits from the list below:

- MTR 2000-4999 (any MTR prefix course in the 2000-level or higher may count towards these elective credits)
- ENV 3700 - Mountain Environments Credits: 3
- ENV 4470 - Snow Hydrology Credits: 3
- GEG 3410 - Biogeography Credits: 3
- GEL 4150 - Hydrology (Surface Water) Credits: 4
- GIS 2250 - Geographic Information Systems Credits: 4
- CS 1050 - Computer Science 1 Credits: 4
- MTH 2520 - R Programming Credits: 4
- MTH 2540 - Scientific Computing with Python Credits: 4
- GIS 4840 - Remote Sensing Credits: 3

## Senior Experience: 3 credits

- MTR 4600 - Meteorology Research Seminar Credits: 3

## Summary of Requirements

<u>Professional Meteorology Concentration</u>	
General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Meteorology Required Core Courses	26 credits
Concentration Required Courses	43 credits
Concentration Electives	3 credits
Senior Experience	3 credits
Unrestricted Electives	9-21 credits
<b>Total for the Meteorology Major B.S. with Professional Meteorology Concentration</b>	<b>120 credits</b>
<u>Applied Meteorology Concentration</u>	
General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Meteorology Required Core Courses	26 credits
Concentration Required Courses	16 credits
Concentration Electives	6 credits
Senior Experience	3 credits
Unrestricted Electives	33-45 credits
<b>Total for the Meteorology Major B.S. with Applied Meteorology Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Meteorology Minor*

[College of Letters, Arts and Sciences](#)

[Department of Earth and Atmospheric Sciences](#)

Meteorology is the study of weather and climate. Meteorologists use their understanding of the science of the atmosphere to forecast the

weather. The meteorology program aims to help students understand the complex nature of the atmosphere and uses atmospheric science to explore various weather phenomena. Denver, with its diverse weather, is an interesting place to study meteorology. From severe weather like hail and tornadoes to predicting heavy snowfall and examining events like Chinook winds and fire weather, there is much to explore in a variety of courses. Several classes also focus on how a changing climate can impact weather patterns. Students in the minor complete three required courses, then choose from a variety of elective courses to reach 19 credits total.

A grade of "D" or better is required for courses in this program to count toward the minor.

## Required Courses: 7 credits

- MTR 1400 - Weather and Climate Credits: 3
- MTR 2020 - Weather and Climate Lab for Scientists Credits: 1
- MTR 3400 - Synoptic Meteorology Credits: 3

## Approved Meteorology Electives: 12 credits

Students may take any MTR prefix course as an approved meteorology minor elective. Suggested courses may include, but are not limited to, the following:

- MTR 1600 - Global Climate Change Credits: 3
- MTR 2050 - Community Climate Initiatives Credits: 2
- MTR 2410 - Weather Observing Systems Credits: 3
- MTR 3000 - Weather Discussion Credits: 1
- MTR 3040 - Computer Programming for Meteorologists Credits: 3
- MTR 3100 - Air Pollution Credits: 3
- ENV 3200 - Climate Change and Ecosystems Credits: 3
- MTR 3330 - Climatology Credits: 3
- MTR 3340 - Climate Change Science Credits: 3
- MTR 3410 - Weather Analysis Techniques Credits: 3
- MTR 3420 - Radar and Satellite Meteorology Credits: 3
- MTR 3430 - Atmospheric Thermodynamics Credits: 3
- MTR 3440 - Physical Meteorology Credits: 3
- MTR 3450 - Dynamic Meteorology Credits: 3
- MTR 3500 - Hazardous Weather Credits: 3
- MTR 3710 - Meteorology Internship Credits: 1-6
- MTR 3777 - Field Observations of Severe Weather Credits: 3
- MTR 3920 - Directed Study in Meteorology Credits: 1-5
- MTR 4210 - Forecasting Laboratory Credits: 1
- MTR 4400 - Advanced Synoptic Meteorology Credits: 4
- MTR 4500 - Mesometeorology Credits: 3
- MTR 4600 - Meteorology Research Seminar Credits: 3

**Total for Meteorology Minor: 19 credits**

## *Sustainability Studies Minor*

The Sustainability Studies Minor offers a comprehensive understanding of global sustainability challenges, providing students with the knowledge and skills to enhance career opportunities in both the private and public sectors. Students gain an analytical and conceptual framework for sustainability and practical tools for professional practice, exploring indicators for measuring development and identifying barriers to sustainability transformations. The curriculum covers resources, energy, and sustainable development, taught by faculty from the Department of Earth and Atmospheric Sciences. This interdisciplinary minor can complement fields such as business, economics, education, engineering, environmental science, management, political science, sociology, and tourism. It consists of 18 total credits, including 12 required credits covering ecological, economic, and social aspects, as well as 6 elective credits. A grade of "C-" or better is required for each course.

## Required Introductory Course

Students are required to take an introductory course that provides a foundation in sustainability studies (3 credits).

- GEG 1700 - Global Sustainability Credits: 3

## Ecological Dimension

Students choose one of the following courses on the ecological dimension of sustainability (3 credits)

- GEG 3410 - Biogeography Credits: 3
- GEG 4430 - Habitat Planning Credits: 3

## Economic Dimension

Students choose one of the following courses on the economic dimension of sustainability (3 credits)

- GEG 3360 - Economic Geography Credits: 3
- GEG 3720 - Global Sustainable Development Credits: 3
- GEG 4700 - Sustainability in Resource Management Credits: 3

## Social Dimension

Students choose one of the following courses on the social dimension of sustainability (3 credits)

- GEG 2300 - Geographic Analysis of Social Issues Credits: 3
- GEG 2700 - Geographies of Environmental Justice Credits: 3

- GEG 3700 - Urban Sustainability Credits: 3
- Required Courses Subtotal: 12 credits**

## Elective Courses

Students are required to select at least 6 semester hours from the list below.

Students are required to select at least 6 semester hours from the list below.

Students may take a maximum of one of the following introductory courses for the minor (3 credits).

- ENV 1200 - Introduction to Environmental Science **Credits: 3**
- GEG 1300 - Introduction to Human Geography **Credits: 3**
- GEG 1910 - Global Water Concerns **Credits: 3**
- MTR 1600 - Global Climate Change **Credits: 3**  
Students should take one or two of the following elective courses (3-6 credits)
- GEG 2300 - Geographic Analysis of Social Issues **Credits: 3**
- GEG 2700 - Geographies of Environmental Justice **Credits: 3**
- GEG 3300 - Indigenous Geographies of North America **Credits: 3**
- GEG 3360 - Economic Geography **Credits: 3**
- GEG 3410 - Biogeography **Credits: 3**
- GEG 3440 - Energy and Mineral Resources **Credits: 4**
- GEG 3600 - Urban Geography **Credits: 3**
- GEG 3610 - Principles of Urban and Regional Planning **Credits: 3**
- GEG 3630 - Transportation Planning and Land Use **Credits: 3**
- GEG 3700 - Urban Sustainability **Credits: 3**
- GEG 3720 - Global Sustainable Development **Credits: 3**
- GEG 3920 - Directed Study in Geography **Credits: 2-6**
- GEG 4430 - Habitat Planning **Credits: 3**
- GEG 4610 - Advanced Urban and Regional Planning **Credits: 3**
- GEG 4700 - Sustainability in Resource Management **Credits: 3**
- GEG 4720 - Planning for Climate Change **Credits: 3**
- GEG 4950 - Internship in Geography **Credits: 2-15**
- GEG 4970 - Sustainability Practice Seminar **Credits: 3**
- GEG 4975 - Geography Capstone **Credits: 3**
- GIS 2250 - Geographic Information Systems **Credits: 4**
- GIS 4860 - GIS Applications **Credits: 4**
- ENV 3400 - Water Resources **Credits: 3**
- ENV 3620 - Resource Use and the Environment **Credits: 3**
- ENV 4960 - Global Environmental Challenges **Credits: 3**
- HLDR 3010 - Sustainable Hospitality and Tourism **Credits: 3**

- RTM 4000 - Destination Development **Credits: 3**
- SWK 3070 - Environmental Justice in Social Work **Credits: 3**

**Elective Subtotal: 6 credits**

**Total for Minor: 18 credits**

### *Creative Writing Minor*

Students in the creative writing minor study and write poetry, fiction, drama, and/or nonfiction in workshops and studios. Our unique program is structured around choice; students work with faculty advisors to develop distinct pathways to graduation, taking specific writing and educational goals into account. Workshop is at the heart of the program. Creative Writing brings together individualized attention from professors and peer collaboration within our strong community. Students also may participate in the publication of *The MSU Roadrunner Review*, one of the few biannual undergraduate creative writing journals in the country. Required courses in the broader English department expose students to a variety of representative texts and approaches to critical reading. Coursework built around imaginative and purposeful thinking, writing, and reading leads students to deeper examinations of their lives and communities. Our program includes instruction on the marketing of finished manuscripts; students and alumni have an excellent publication record. Student accomplishments range from small press publications to recognition as a National Book Award finalist. Alumni have gone on to study in MFA programs, and many use their transferable skills in fields such as the arts, business, medicine, and law. *To receive credit for any ENG prefix courses, the student must receive a grade of "C-" or better.*

### Introduction to Creative Writing (3 credits)

- ENG 2500 - Introduction to Creative Writing Credits: 3

### Workshops, Bootcamps, Journal (8 credits)

Choose 2-3 courses:

- ENG 3521 - Poetry Writing Workshop Credits: 4
- ENG 3522 - Fiction Writing Workshop Credits: 4
- ENG 3523 - Drama Writing Workshop Credits: 4
- ENG 3524 - Creative Nonfiction Writing Workshop Credits: 4
- ENG 3800 - Creative Writing Bootcamp Credits: 1
- ENG 3810 - Creative Writing Journal Credits: 4

## Studio or Internship (8 credits)

Choose 2 courses:

- ENG 3821 - Poetry Studio Credits: 4
- ENG 3822 - Speculative Fiction Studio Credits: 4
- ENG 3823 - Screenwriting Studio Credits: 4
- ENG 3824 - Short Story Studio Credits: 4
- ENG 3825 - Adaptation Studio Credits: 4
- ENG 3826 - Novel Studio Credits: 4
- ENG 3827 - Micro Narrative Studio Credits: 4
- ENG 3828 - Video Game Writing Studio Credits: 4

Total Credits = 19

## *Disability Studies Minor*

Disability Studies (DS) is an interdisciplinary field that studies the political, social, and cultural aspects of disability.

MSU Denver has many well-established programs that treat disability from an interventionist perspective, such as Social Work, Human Services, and Nursing. In contrast to fields that focus on treating disability, DS focuses disability as an identity. It treats disability history and culture as rich and often different from the history and culture of non-disabled people.

A DS approach differs from an interventionist approach in several key ways. While an interventionist approach typically understands disability as a problem that impacts primarily the disabled person and relies on the expertise of non-disabled people to diagnose and treat disability, a DS approach sees disability as a social issue that affects everyone and understands disabled people themselves as authorities. Interventionist approaches aim to eliminate disability and accommodate it on a case-by-case basis while DS approaches see disability as a form of difference that is normal, and therefore the aim is to build a more accessible world.

Because of this difference in approach, DS can complement and enhance interventionist programs without duplicating or competing with them.

The minor we propose requires students to take 18 credits of courses, including one required course and five electives. The courses are from ENG, GWS, HIS, JMP, MDL, MUS, SED, SLHS, and SWK.

Minor Learning Objectives (to be included in the minor, a course needs to engage with 3+)

1. Students will explore disability identity, culture, and pride, including physical, intellectual, and emotional disabilities, and understand that disability is not a monolithic identity but a broad spectrum of identities.
2. Students will explore how various approaches/models of disability and ableism shape how disability is defined and experienced.
3. Students will explore disability and accessibility as critical components of diversity, equity, and inclusion frameworks.
4. Students will analyze and critique existing inclusive pedagogical practices and apply them to students with disabilities.
5. Students will describe intersections of disability with other forms of oppression, including racism, sexism, heterosexism, and classism.
6. Students will evaluate how historical and current policies, values, and biases have contributed to current issues for individuals with disabilities, including the ways in which disability has been stigmatized, segregated, and pathologized.
7. Discuss the ongoing challenges and opportunities in the struggle for Disability Justice, and imagine a vision for a more inclusive, equitable, and just world for disabled people.
8. Students will differentiate models of disability, including medical, social, and cultural, and provide examples of cultural institutions that further each.
9. Students will connect Disability Studies with Critical Study and Theory to discuss institutional power, individual positionality.

## Required Core: 3 Credits

Select one course. Course must be passed with a grade of "C" or better.

- ENG 2513 - Disability Rhetorics **Credits: 3**
- SLHS 3000 - Foundations of Disability Studies through Media **Credits: 3**

## Electives: 15 credits

Select 15 credits from the below courses. Courses must be passed with a grade of C or better. Some sections of ENG 3980 and ENG 4850 will be accepted, with faculty approval.

- ASL 1010 - American Sign Language I Credits: 3
- ASL 1020 - American Sign Language II Credits: 3
- ASL 1030 - American Sign Language III Credits: 3
- ENG 2513 - Disability Rhetorics Credits: 3
- ENG 3980 - Internship in English Credits: 1-15

- ENG 4850 - Undergraduate Research in English Credits: 1-3
- GWS 3230 - Bodies and Embodiment Credits: 3
- GWS 3270 - Beauty Cultures Credits: 3
- GWS 4240 - Gender and Violence Credits: 3
- HIS 3463 - Getting Schooled: A History of American Education Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 3630 - Producing Digital Documents Credits: 3
- MUS 3390 - The Inclusive Music Classroom Credits: 2
- SED 3100 - Communication Supports for Inclusive Classrooms Credits: 3
- SED 3300 - Introduction to Responsive Pedagogy Credits: 3
- SED 4100 - Including Students with Significant Support Needs Credits: 3
- SLHS 3000 - Foundations of Disability Studies through Media Credits: 3
- SWK 3120 - Unraveling Inequalities in Social Work Practice Credits: 3

**Program Total: 18 credits**

## ***English Major, B.A.***

[Department of English](#)

[College of Letters, Arts  
and Sciences](#)

Available Program Format(s): [Online](#),  
[In-Person](#), [Hybrid](#)

### **About the Program**

For students majoring in English, the program provides a foundation in literature, language, writing, visual literacy, and teaching. Thus students' command of written language, their ability to analyze concepts, and their broad understanding of human nature and social realities will enable them to be competitive in a variety of fields, including education, business, and civil service or, with appropriate graduate work, in professions such as law and higher education.

The English Major requires concentration in one of the following:

- creative writing
- literature, film and media studies
- professional writing and rhetoric
- secondary school teaching, leading to licensure

Students who are considering a major in the English Department are expected to consult with faculty for advising. Students in elementary or secondary licensure programs should consult with advisors in the School of Education as well.

### **Student Outcomes**

With completion of any of the concentrations in the English Major, students should be able to do the following:

- Produce polished writing in a variety of genres appropriate to audience and purpose
- Understand how language is used, and the factors accounting for variation in language use
- Identify and use appropriate methods in their research, assess their sources, and cite all sources professionally
- Analyze texts appropriate to the discipline, with an understanding of the ways in which texts can reflect or shape historical and cultural contexts.
- Apply appropriate disciplinary criticism or theory
- Examine diverse perspectives among the world-views, power structures, and experiences of individuals, groups, communities, and/or cultures, in historical and contemporary contexts, specifically through the lenses of race and ethnicity, global perspectives, and/or sexual and gender identities.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- To receive major or minor credit for any ENG or LING prefix course or courses in the teacher licensure program, the student must receive a grade of "C-" or better.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## English Major Core: 12-14 credits

Students in all concentrations, with the exception of the Secondary English Teacher Licensure Concentration, take the following courses. Note: The English Major, B.A. with Secondary English Teacher Licensure Concentration core is listed under that specific concentration.

Both of the following courses (2 credits):

- ENG 2001 - Introduction to English Careers **Credits: 1**
- ENG 3001 - English Careers **Credits: 1**

Select three of the following (10-12 credits total).

Note: Students choosing a concentration in Creative Writing must take ENG 2500; students with a concentration in Literature, Film and Media Studies must take ENG 2100 and ENG 2860; and students with a concentration in Professional Writing and Rhetoric must take ENG 3525.

- ENG 2100 - Introduction to Literary Studies **Credits: 4**
- ENG 2500 - Introduction to Creative Writing **Credits: 3**
- ENG 2860 - Introduction to Film and Media Studies **Credits: 4**
- ENG 3525 - Scholarly Writing **Credits: 3**
- LING 3011 - Analyzing English **Credits: 4**

## Creative Writing Concentration: 30-32 credits

The Creative Writing concentration is comprised of courses through which students develop advanced writing skills in genres such as fiction, poetry, creative nonfiction, drama, and screenwriting. Our unique program is structured around choice; students work with faculty advisors to develop distinct pathways to graduation, taking specific writing and educational goals into account. Workshop is at

the heart of the program; Creative Writing brings together individualized attention from professors and peer collaboration within our strong community. Students also may participate in the publication of The MSU Roadrunner Review, one of the few biannual undergraduate creative writing journals in the country. Required courses in the broader English department expose students to a variety of representative texts and approaches to critical reading. Coursework built around imaginative and purposeful thinking, writing, and reading leads students to deeper examinations of their lives and communities. Our program includes instruction on the marketing of finished manuscripts; students and alumni have an excellent publication record. Student accomplishments range from small press publications to recognition as a National Book Award finalist. A number of alumni have gone on to study in MFA and PhD programs. Many students use their transferable skills, including the ability to analyze and critique texts, communicate persuasively and effectively, understand other points of view, and build effective, often research based arguments, in a variety of fields beyond the arts, including education, business, medicine, and law.

With completion of the Creative Writing concentration in the English Major, students should be able to do the following:

- Produce effective, revised writing with consideration of audience and purpose.
- Analyze and critically respond to texts: creative, craft-based, or cultural.
- Demonstrate advanced writing skills in a specific genre, with attention to form, language, and devices.

## Required Courses

In satisfying the requirements of the concentration, students may not count courses taken to fulfill the English BA Core requirements. Additionally, a course may be used to satisfy only one requirement.

Students must complete a minimum of 30 credits total in the concentration.

### Literature or Film and Media Studies: 3-4 credits

Select one course at the 3000-level or above, from the following courses:

- ENG 3100 - Chaucer, Shakespeare, Milton Credits: 4
- ENG 3111 - Studies in Early Anglophone Literature Credits: 4
- ENG 3112 - Studies in Early World Literature Credits: 4
- ENG 3113 - Studies in Later Anglophone Literature Credits: 4
- ENG 3114 - Studies in Later World Literature Credits: 4
- ENG 3120 - Literature and Film: Variable Topics Credits: 4
- ENG 3130 - Literary Genre: Novel Credits: 4
- ENG 3140 - Literary Genre: Poetry Credits: 4
- ENG 3160 - Literary Genre: Drama Credits: 4

- ENG 3180 - Literary Genre: Narrative Credits: 4
- ENG 3240 - African American Literature Credits: 4
- ENG 3242 - Contemporary Native American Literature Credits: 4
- ENG 3250 - Black Women Writers Credits: 3
- ENG 3350 - Essential Shakespeare Credits: 4
- ENG 3360 - LGBTQ+ Literature Credits: 4
- ENG 3430 - Classical Mythology Credits: 4
- ENG 3440 - Myth and Literature Credits: 4
- ENG 3465 - Anti-Racist Children's Literature Credits: 3
- ENG 3470 - Young Adult Literature Credits: 4
- ENG 3475 - Literature of the Oppressed Credits: 4
- ENG 3480 - The Chicano Novel Credits: 3
- ENG 3615 - Theory! Credits: 4
- ENG 3621 - Gender Theory Credits: 4
- ENG 3710 - Film History Credits: 4
- ENG 3720 - Film and Media Studies Topics: Variable Topic Credits: 4
- ENG 3722 - Native American Cinema Credits: 4
- ENG 3725 - Studies in Cinema: Gender in Mainstream American Film Credits: 4
- ENG 3750 - Cinema Genre: Variable Topics Credits: 4
- ENG 4110 - Advanced Studies in Literature: Variable Topics Credits: 4
- ENG 4114 - Multi-Ethnic Women's Literature Credits: 4
- ENG 4115 - Hip-Hop and Literature Credits: 4
- ENG 4116 - Harlem Renaissance Credits: 4
- ENG 4130 - Writers and Their Worlds Credits: 4
- ENG 4630 - Cinema Director: Variable Topics Credits: 4

## Writing Workshops: 8 credits

Select two of the following courses:

- ENG 3521 - Poetry Writing Workshop Credits: 4
- ENG 3522 - Fiction Writing Workshop Credits: 4
- ENG 3523 - Drama Writing Workshop Credits: 4
- ENG 3524 - Creative Nonfiction Writing Workshop Credits: 4

## Writing Studios: 8 credits

Select two of the following courses:

- ENG 3821 - Poetry Studio Credits: 4
- ENG 3822 - Speculative Fiction Studio Credits: 4
- ENG 3823 - Screenwriting Studio Credits: 4
- ENG 3824 - Short Story Studio Credits: 4
- ENG 3825 - Adaptation Studio Credits: 4
- ENG 3826 - Novel Studio Credits: 4
- ENG 3827 - Micro Narrative Studio Credits: 4
- ENG 3828 - Video Game Writing Studio Credits: 4

## Workshop, Studio, Magazine, Bootcamp, or Internship: 4 credits

Select one or more of the following, for a total of 4 credits:

- ENG 3521 - Poetry Writing Workshop Credits: 4
- ENG 3522 - Fiction Writing Workshop Credits: 4
- ENG 3523 - Drama Writing Workshop Credits: 4
- ENG 3524 - Creative Nonfiction Writing Workshop Credits: 4
- ENG 3800 - Creative Writing Bootcamp Credits: 1
- ENG 3810 - Creative Writing Journal Credits: 4
- ENG 3821 - Poetry Studio Credits: 4
- ENG 3822 - Speculative Fiction Studio Credits: 4
- ENG 3823 - Screenwriting Studio Credits: 4
- ENG 3824 - Short Story Studio Credits: 4
- ENG 3825 - Adaptation Studio Credits: 4
- ENG 3826 - Novel Studio Credits: 4
- ENG 3827 - Micro Narrative Studio Credits: 4
- ENG 3828 - Video Game Writing Studio Credits: 4
- ENG 3980 - Internship in English Credits: 1-15

## Electives: 3-4 credits

- Select any 2000-level or above ENG course: ENG 2101-4999

## Senior Experience: 4 credits

- ENG 4520 - Creative Writing Capstone Credits: 4

## Literature, Film and Media Studies Concentration: 31-32 credits

The Literature, Film and Media Studies concentration (LFMS) encompasses a range of American, British, and World literatures and film media, through which students learn to critically engage with the artistic, narrative, and persuasive techniques of written and visual media and examine how such works record and influence the complex interactions between people and cultures in history. With grounding in a rich and diverse array of cultural production from different times and places, students develop both broader cultural knowledge and facility with understanding and navigating multiple points of view. Because of their command of written language and visual literacy, and their ability to deal with ideas and concepts as well as facts, English majors concentrating in LFMS are prepared to pursue graduate work in such areas as writing, advanced studies in the humanities, library sciences, or law, and are valued in many fields. Either alone or paired with other specialized minors, licensures or certificates, the LFMS degree can prepare students for careers in an array of professional fields, including teaching, academe, law, politics, business, health, non-profits, journalism, and entertainment.

With completion of the Literature, Film and Media Studies concentration in the English Major, students should be able to do the following:

- Interpret and analyze literary, filmic, and digital texts, with an understanding of contexts as well as formal and stylistic elements.
- Apply appropriate criticism, theory, concepts, and/or terminology to readings, interpretations, or analyses of literary, filmic, and/or digital texts.
- Create an original text or project that demonstrates understanding of disciplinary content and relevant skills.

## Required Courses

In satisfying the requirements of the concentration, students may not count courses taken to fulfill the English BA Core requirements. Additionally, a course may be used to satisfy only one requirement.

Students must complete a minimum of 30 credits total in the concentration.

### Theory of Literature and Film: 4 credits

- ENG 3615 - Theory! Credits: 4

### Literature, Film and Media Studies: 20 credits

Students take five or more courses for a total of 20 credit hours in Literature, Film and Media Studies, 3000-level or above.

- ENG 3100 - Chaucer, Shakespeare, Milton Credits: 4
- ENG 3111 - Studies in Early Anglophone Literature Credits: 4
- ENG 3112 - Studies in Early World Literature Credits: 4
- ENG 3113 - Studies in Later Anglophone Literature Credits: 4
- ENG 3114 - Studies in Later World Literature Credits: 4
- ENG 3120 - Literature and Film: Variable Topics Credits: 4
- ENG 3130 - Literary Genre: Novel Credits: 4
- ENG 3140 - Literary Genre: Poetry Credits: 4
- ENG 3160 - Literary Genre: Drama Credits: 4
- ENG 3180 - Literary Genre: Narrative Credits: 4
- ENG 3240 - African American Literature Credits: 4
- ENG 3242 - Contemporary Native American Literature Credits: 4
- ENG 3250 - Black Women Writers Credits: 3
- ENG 3350 - Essential Shakespeare Credits: 4
- ENG 3360 - LGBTQ+ Literature Credits: 4
- ENG 3430 - Classical Mythology Credits: 4
- ENG 3440 - Myth and Literature Credits: 4
- ENG 3465 - Anti-Racist Children's Literature Credits: 3
- ENG 3470 - Young Adult Literature Credits: 4

- ENG 3475 - Literature of the Oppressed Credits: 4
- ENG 3480 - The Chicano Novel Credits: 3
- ENG 3621 - Gender Theory Credits: 4
- ENG 3710 - Film History Credits: 4
- ENG 3720 - Film and Media Studies Topics: Variable Topic Credits: 4
- ENG 3722 - Native American Cinema Credits: 4
- ENG 3725 - Studies in Cinema: Gender in Mainstream American Film Credits: 4
- ENG 3750 - Cinema Genre: Variable Topics Credits: 4
- ENG 4110 - Advanced Studies in Literature: Variable Topics Credits: 4
- ENG 4114 - Multi-Ethnic Women's Literature Credits: 4
- ENG 4115 - Hip-Hop and Literature Credits: 4
- ENG 4116 - Harlem Renaissance Credits: 4
- ENG 4130 - Writers and Their Worlds Credits: 4
- ENG 4630 - Cinema Director: Variable Topics Credits: 4
- ENG 4633 - Spike Lee Credits: 4

## Electives: 3-4 credits

Take one or more courses for a minimum of 3 credits, any ENG 2000-level or above.

Note: students cannot count ENG 2810 or ENG 2850 toward this requirement.

## Senior Experience: 4 credits

- ENG 4500 - Senior Project Credits: 4

## Professional Writing and Rhetoric Concentration: 25-26 credits

The Professional Writing and Rhetoric (PWR) concentration of the English B. A. provides a program of study that focuses on how language and writing are connected to identity and shape actions and attitudes. Students learn to analyze and understand others' perspectives and acquire the skills to broaden and effectively articulate and defend their own perspectives. Students choose from classes that study professional writing; topics in current rhetoric, like disability rhetorics, environmental rhetorics or the language of race; contemporary and classical rhetorical and composition theory; and topics such as visual literacy, social media, or the history of authorship. This concentration provides students the opportunity to hone analysis and writing skills, as well as to conduct original, undergraduate research, to compose and interpret texts using multiple modes, to learn to tutor or teach writing, and to become effective, nuanced communicators.

With completion of the Professional Writing and Rhetoric concentration in the English Major, students should be able to do the following:

- Interpret and explain major theories of PWR as an intellectual field and the relationship of rhetoric to language and visual literacies.
- Analyze rhetorical situations, identify arguments, and read texts rhetorically.
- Generate persuasive written discourse with a proficiency in language and documentation style specific to the task with attention to audiences and genres.
- Conduct research with attention to ethical practices.
- Analyze the ways that identity - including but not limited to language, race, socio-economic class, religion, sex, and gender - both constructs and is constructed by rhetoric.

## Required Courses

In satisfying the requirements of the concentration, students may not count courses taken to fulfill the English BA Core requirements. Additionally, a course may be used to satisfy only one requirement.

Students must take at least 15 credits at 3000-level or above. Total credit hours completed, including English core and concentration, must be at least 40.

## Professional Writing and Rhetoric: 18 credits

Complete at least 18 credit hours total from the following courses:

- ENG 2505 - Rhetoric of War Credits: 3
- ENG 2510 - Introduction to Rhetoric and Composition Credits: 4
- ENG 2512 - Social Media and Power Credits: 3
- ENG 2513 - Disability Rhetorics Credits: 3
- ENG 2580 - Climate Change Advocacy Writing Credits: 3
- ENG 3501 - Studies in Rhetoric and Writing: Style Credits: 4
- ENG 3503 - Rhetoric and Visual Literacy Credits: 4
- ENG 3505 - Concepts of Authorship Credits: 4
- ENG 3506 - Introduction to Editing Credits: 4
- ENG 3507 - Writing Reviews and Criticism Credits: 4
- ENG 3508 - Rhetoric of Humor: Parody, Satire, and Comedy Credits: 4
- ENG 3510 - Composition Studies: Theories and Practice Credits: 4
- ENG 3513 - Race Talk Credits: 3
- ENG 3520 - Research Methods in Rhetoric and Composition Credits: 4
- ENG 3526 - Writing in the Sciences Credits: 3
- ENG 3527 - Professional Writing Credits: 3
- ENG 3535 - Essentials of Grant Writing Credits: 4
- ENG 3672 - Research in Writing Centers Credits: 1
- ENG 3673 - Future Applications of Writing Tutoring Skills Credits: 1

## Additional Electives: 3-4 credits

- Select at least one ENG or LING course, minimum 3 credits, 2000-level or above.

## Senior Experience: 4 credits

- ENG 4540 - Professional Writing and Rhetoric Capstone Credits: 4

## Secondary English Teacher Licensure Concentration:

Please visit the English Major, B.A. with Secondary English Teacher Licensure Concentration program page for the details of this concentration

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Core Requirements	12-14 credits
Selected Concentration	26-32 credits
Senior Experience	counted in concentration
Unrestricted Electives	38-62 credits
<b>Total for the English Major, B.A.</b>	<b>120 credits</b>
<i>Note: Secondary Education Licensure Totals on that program page</i>	

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## English Major, B.A. with Secondary English Teacher Licensure Concentration

[Department of English](#)  
[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#), [Hybrid](#)

## About the Program

Candidates seeking an undergraduate degree and licensure in English will major in English with a concentration in Secondary English Teacher Licensure. This concentration, offered in conjunction with the School of Education, prepares degree seeking, future secondary teachers of English to understand and teach the diverse subject matter required for licensure. This program equips students with a wide variety of language principles and skills; practical experience in developing and teaching the processes of writing; sound knowledge of approaches to literature and literary genres; periods and authors (including a special focus on young adult literature); and an understanding of communication and media as used in English studies. In addition to meeting specified state and departmental requirements, this program offers students the opportunity to develop further specialization in writing, language, or literature to complement the major. The major provides student with a background in the Colorado Academic Standards for English and prepares them to pass the required content exam for licensure.

## Student Outcomes

### Secondary Education

- Students in Secondary/K-12 Education teacher licensure programs will demonstrate awareness of multiculturalism, diversity, equity, and inclusion.
- Students in Secondary/K-12 Education teacher licensure program will gain readiness and eligibility for student teaching
- Teacher candidates will successfully complete student teaching

### English Major B.A.

- Students can produce polished writing in a variety of genres appropriate to audience and purpose
- Understand how language is used, and the factors accounting for variation in language use
- Students identify and use appropriate methods in their research, assess their sources, and cite all sources professionally
- A student can analyze texts appropriate to the discipline, with an understanding of the ways in which texts can reflect or shape historical and cultural contexts.
- Students can apply appropriate disciplinary criticism or theory
- Examine diverse perspectives among the world-views, power structures, and experiences of individuals, groups, communities, and/or cultures, in historical and contemporary contexts, specifically through the lenses of race and ethnicity, global perspectives, and/or sexual and gender identities.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## English Major: 44-45 credits

Students must complete a minimum of 44 credit hours toward the English Major. Students who meet course requirements (via transfer

course equivalents, for instance) without meeting the credit hour total should consult with an advisor on appropriate elective course options.

## Literature Core: 24 credits

- ENG 2100 - Introduction to Literary Studies **Credits: 4**
- ENG 2210 - American Literature: Beginnings through the Civil War **Credits: 4**  
or
- ENG 2220 - American Literature: Civil War to Present **Credits: 4**
- ENG 2330 - British Literature: Late 1700s to the Present **Credits: 4**
- ENG 3100 - Chaucer, Shakespeare, Milton **Credits: 4**  
or
- ENG 3350 - Essential Shakespeare **Credits: 4**
- ENG 3430 - Classical Mythology **Credits: 4**  
or
- ENG 3440 - Myth and Literature **Credits: 4**
- ENG 3475 - Literature of the Oppressed **Credits: 4**

## Language Core: 4 credits

- LING 3011 - Analyzing English Credits: 4

## Composition Core: 3-4 credits

Students will take one of the following:

- ENG 3510 - Composition Studies: Theories and Practice Credits: 4
- ENG 3525 - Scholarly Writing Credits: 3
- ENG 3527 - Professional Writing Credits: 3

## Linguistics Course: 4 credits

Students will take one of the following:

- LING 3020 - History of the English Language Credits: 4
- LING 3050 - Language and Society Credits: 4

## Teaching English Core: 9 credits

- ENG 4601 - Methods in Secondary English I: Literacies and Literature Credits: 4
- ENG 4602 - Methods in Secondary English II: Writing and Assessment Credits: 4 \*\*
- ENG 4641 - Field Experience in Teaching English in Secondary Schools Credits: 1 \*\*

## Foundation and Methods for Secondary Education: 24 credits

- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4 \*
- EDS 3140 - First Field Experience in Secondary Education Credits: 1 \*
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3 \*
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3 \*\*
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1 \*\*
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3 \*\*

## Senior Experience: 12 credits

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12 \*\*

Note:

\* Requires at least provisional admission to the School of Education

\*\*Requires formal admission to the School of Education

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
English Major Courses	44-45 credits
Foundation and Methods for Secondary Education	24 credits
Senior Experience	12 credits
Unrestricted Electives	3-16 credits
<b>Total for the English Major, B.A. with Secondary English Teacher Licensure Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## ***Film and Media Studies Minor***

Students learn to think and write critically about Film and Media Studies as a significant form of culture. A minor in Film and Media Studies consists of seven courses: an introduction to the study of Film and Media Studies, one history course, one theory course, and four courses on particular topics in context. To receive credit for any ENG prefix course, the student must receive a grade of "C-" or better.

### **Required Courses**

- ENG 2860 - Introduction to Film and Media Studies Credits: 4
- ENG 3710 - Film History Credits: 4
- ENG 3615 - Theory! Credits: 4

### **Elective Courses**

3 Film and Media Studies electives at the 3000-level or above, with at least 1 at the 4000-level (12 credits)

- ENG 3700-3799
- ENG 3120 - Literature and Film: Variable Topics Credits: 4
- ENG 3720 - Film and Media Studies Topics: Variable Topic Credits: 4
- ENG 3750 - Cinema Genre: Variable Topics Credits: 4
- ENG 3770 - Multicultural Cinema Credits: 3
- ENG 4630 - Cinema Director: Variable Topics Credits: 4

**Total for Minor: 24 credits**

## ***Linguistics Major, B.A.***

[Department of English](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

The Linguistics program is an interdisciplinary study of human language. The core of the Linguistics major is the study and analysis of language structure (phonetics, phonology, morphology, syntax, and semantics) focusing not only on the structure of English but also that of other languages.

The Linguistics major is designed to help students gain knowledge about language and its significance in society, to aid students in critical thinking, and to prepare them for a world of linguistic diversity. This major is excellent for students who are planning careers in business, law, education, or writing. The major also prepares students for graduate programs in linguistics or a particular linguistics subfield, such as anthropological linguistics, socio-linguistics, psycholinguistics, computational linguistics, modern or classical languages, or ESL.

### **Student Outcomes**

- A student demonstrates the ability to transcribe and analyze speech sounds.
- A student can identify and explain the principles of synchronic language variation and/or diachronic language change.
- A student demonstrates the ability to perform morphosyntactic and/or semantic analysis.
- A student can integrate the relevant information found in textbooks and research materials into one's own written work.
- A student can explain and reflect on disciplinary and professional competencies and high-impact practices developed in coursework.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 120 semester hours are required for graduation.
- No single course in the Linguistics program may be used to fulfill more than one requirement within the major (general studies and ESSJ courses not included).
- To receive credit for any ENG or LING prefix course, the student must receive a grade of "C-" or better. Students should note that programs differ in the minimum grade required.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)

- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*Course may be repeated for credit under different topics, up to a limit of 9 credits.*

## Interdisciplinary Electives: 9 credits

Any three of the following interdisciplinary courses, for a minimum of 9 credits, may be chosen in consultation with a linguistics faculty advisor (at least one must be 3000/4000-level):

- ANT 2330 - Cross-Cultural Communication Credits: 3
- ANT 2500 - Anthropology of Language Credits: 3
- COMM 2010 - Gender and Communication Credits: 3
- FRE 3150 - French Phonetics: Theory and Practice Credits: 3
- FRE 4540 - Literature, Culture, and Translation Credits: 3
- GER 3150 - German Phonetics: Theory and Practice Credits: 3
- GER 3300 - Advanced German Grammar Credits: 3
- LING 2011 - Origins of English Words Credits: 3
- LING 3055 - Language and Law Credits: 4
- LING 3900 - Linguistics Omnibus Courses Credits: 3\*
- LING 4010 - Studies in Linguistics: Variable Topics Credits: 3 \*
- LING 4011 - Anthropological Linguistics Credits: 4
- LING 4012 - Historical Linguistics Credits: 4
- LING 4013 - Psycholinguistics Credits: 4
- LING 4016 - Introduction to Translation Studies Credits: 4
- PHI 2440 - Symbolic Logic Credits: 3
- PHI 3120 - Philosophy of Language Credits: 3
- PHI 3330 - Epistemology Credits: 3
- PHI 3530 - Philosophy of Mind Credits: 3
- SLHS 2100 - Language Acquisition and Development Credits: 3
- SLHS 3200 - Clinical Phonetics Credits: 3
- SPA 3150 - Spanish Phonetics: Theory and Practice Credits: 3
- SPA 4015 - Introduction to Spanish Translation I Credits: 3
- SPA 4025 - Introduction to Spanish Translation II Credits: 3
- SPA 4310 - History of the Spanish Language Credits: 3

*\*Course may be repeated for credit under different topics, up to a limit of 9 credits.*

## Senior Experience: 4 credits

- LING 4060 - Modern Language Theory Credits: 4

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Core Courses: 16 credits

- LING 2010 - Introduction to Linguistics Credits: 4
- LING 3040 - Morphology and Syntax Credits: 4
- LING 3044 - Phonetics Credits: 4
- LING 3045 - Phonology Credits: 4

## Linguistics Electives: 16 credits

Any four of the following courses, for a minimum of 16 credit hours, may be chosen in consultation with a linguistics faculty advisor:

- LING 2011 - Origins of English Words Credits: 3
- LING 3011 - Analyzing English Credits: 4
- LING 3020 - History of the English Language Credits: 4
- LING 3030 - Semantics Credits: 4
- LING 3050 - Language and Society Credits: 4
- LING 3055 - Language and Law Credits: 4
- LING 3070 - Old English Credits: 4
- LING 3073 - Old Norse Credits: 3
- LING 3075 - Latin Credits: 4
- LING 4010 - Studies in Linguistics: Variable Topics Credits: 3 \*
- LING 4011 - Anthropological Linguistics Credits: 4
- LING 4012 - Historical Linguistics Credits: 4
- LING 4013 - Psycholinguistics Credits: 4
- LING 4016 - Introduction to Translation Studies Credits: 4

ESSJ Requirement	0-3 credits
Required Core Courses	16 credits
Linguistic Electives	16 credits
Interdisciplinary Electives	9 credits
Senior Experience	4 credits
Unrestricted Electives	39-51 credits
Total for the Linguistics Major, B.A.	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Linguistics Minor

The Linguistics program is an interdisciplinary study of human language. The Linguistics minor is designed to help students gain knowledge about language and its significance in society, to aid students in critical thinking, and to prepare them for a world of linguistic diversity.

To receive credit for any ENG or LING prefix course, the student must receive a grade of "C-" or better. Students should note that programs differ in the minimum grade required.

## Required Core Course: 4 credits

- LING 2010 - Introduction to Linguistics Credits: 4

## Linguistics Electives: 14 credits

14 credits of the following courses chosen in consultation with a linguistics faculty advisor:

- LING 2011 - Origins of English Words Credits: 3
- LING 3011 - Analyzing English Credits: 4
- LING 3020 - History of the English Language Credits: 4
- LING 3030 - Semantics Credits: 4
- LING 3040 - Morphology and Syntax Credits: 4
- LING 3044 - Phonetics Credits: 4
- LING 3045 - Phonology Credits: 4
- LING 3050 - Language and Society Credits: 4
- LING 3055 - Language and Law Credits: 4
- LING 3070 - Old English Credits: 4
- LING 3073 - Old Norse Credits: 3
- LING 3075 - Latin Credits: 4

- LING 4010 - Studies in Linguistics: Variable Topics Credits: 3 \*
- LING 4011 - Anthropological Linguistics Credits: 4
- LING 4012 - Historical Linguistics Credits: 4
- LING 4013 - Psycholinguistics Credits: 4
- LING 4016 - Introduction to Translation Studies Credits: 4
- LING 4060 - Modern Language Theory Credits: 4

*\*These courses may be repeated for credit under different topics up to a limit of 9 credits.*

## Interdisciplinary Electives: 3 credits

At least 3 credits of the following interdisciplinary courses chosen in consultation with a linguistics faculty advisor:

- ANT 2330 - Cross-Cultural Communication **Credits: 3**
- ANT 2500 - Anthropology of Language **Credits: 3**
- FRE 3150 - French Phonetics: Theory and Practice **Credits: 3**
- FRE 4540 - Literature, Culture, and Translation **Credits: 3**
- GER 3150 - German Phonetics: Theory and Practice **Credits: 3**
- GER 3300 - Advanced German Grammar **Credits: 3**
- LING 2011 - Origins of English Words **Credits: 3**
- LING 3055 - Language and Law **Credits: 4**
- LING 4010 - Studies in Linguistics: Variable Topics **Credits: 3 \***
- LING 4011 - Anthropological Linguistics **Credits: 4**
- LING 4012 - Historical Linguistics **Credits: 4**
- LING 4013 - Psycholinguistics **Credits: 4**
- LING 4016 - Introduction to Translation Studies **Credits: 4**
- PHI 2440 - Symbolic Logic **Credits: 3**
- PHI 3120 - Philosophy of Language **Credits: 3**
- PHI 3330 - Epistemology **Credits: 3**
- PHI 3530 - Philosophy of Mind **Credits: 3**
- SLHS 2100 - Language Acquisition and Development **Credits: 3**
- SLHS 3200 - Clinical Phonetics **Credits: 3**
- SPA 3150 - Spanish Phonetics: Theory and Practice **Credits: 3**
- SPA 4015 - Introduction to Spanish Translation I **Credits: 3**
- SPA 4025 - Introduction to Spanish Translation II **Credits: 3**
- SPA 4310 - History of the Spanish Language **Credits: 3**
- COMM 2010 - Gender and Communication **Credits: 3** or
- GWS 2770 - Gender and Communication **Credits: 3**

*\*This course may be repeated for credit under different topics up to a limit of 9 credits.*

from any ENG/LING prefix at the 2000-level or above. A minimum passing grade is a C-.

## Required Courses

Students must take at least 15 credits from Professional Writing and Rhetoric courses. At least six credits should be upper division.

- ENG 2505 - Rhetoric of War Credits: 3
- ENG 2510 - Introduction to Rhetoric and Composition Credits: 4
- ENG 2512 - Social Media and Power Credits: 3
- ENG 2513 - Disability Rhetorics Credits: 3
- ENG 2580 - Climate Change Advocacy Writing Credits: 3
- ENG 3501 - Studies in Rhetoric and Writing: Style Credits: 4
- ENG 3503 - Rhetoric and Visual Literacy Credits: 4
- ENG 3505 - Concepts of Authorship Credits: 4
- ENG 3506 - Introduction to Editing Credits: 4
- ENG 3507 - Writing Reviews and Criticism Credits: 4
- ENG 3508 - Rhetoric of Humor: Parody, Satire, and Comedy Credits: 4
- ENG 3510 - Composition Studies: Theories and Practice Credits: 4
- ENG 3513 - Race Talk Credits: 3
- ENG 3520 - Research Methods in Rhetoric and Composition Credits: 4
- ENG 3525 - Scholarly Writing Credits: 3
- ENG 3526 - Writing in the Sciences Credits: 3
- ENG 3527 - Professional Writing Credits: 3
- ENG 3535 - Essentials of Grant Writing Credits: 4
- ENG 3672 - Research in Writing Centers Credits: 1
- ENG 3673 - Future Applications of Writing Tutoring Skills Credits: 1
- ENG 4540 - Professional Writing and Rhetoric Capstone Credits: 4
- ENG 4850 - Undergraduate Research in English Credits: 1-3

## ENG/LING Elective

Students must take at least three credits from any ENG/LING prefix at the 2000, 3000, or 4000-level.

**Total Credit Hours Required for the Minor:**  
**18**

## Department of History

Location: Central Classroom Building, Room 211

**Total for Minor: 21 credits**

### *Literature Minor*

The Literature minor encompasses a range of American, British, and world texts. The program provides a strong foundation of courses in literature and fosters familiarity with major works and writers, critical theory, literary terminology, and research materials. Because of their command of written language, their ability to deal with ideas and concepts as well as facts, and their broader understanding of human nature and social realities, students who minor in Literature are valued in many fields, including teaching, academe, library and archive science, law, politics, business, health, non-profits, journalism, and entertainment.

To receive credit for any ENG prefix course, the student must receive a grade of "C-" or better.

**Required Course: 4 credits**

- ENG 2100 - Introduction to Literary Studies Credits: 4

**Literature Electives: 16 credits**

Take four or more Literature Electives, for a minimum of 16 credit hours total. **Only one course may be at the 2000-level.**

ENG 2100-2499, 3100-3449, 3451-3499, 3610-3629, 4100-4499

**Total Credits = 20**

### *Professional Writing and Rhetoric Minor*

The Professional Writing and Rhetoric minor provides a program of study that focuses on how language and writing are connected to identity and shape actions and attitudes. Students learn to analyze and understand others' perspectives and acquire the skills to broaden and effectively articulate and defend their own perspectives. Students choose from classes that study professional writing; topics in current rhetoric, like disability rhetorics, environmental rhetorics or the language of race; contemporary and classical rhetoric and composition theory, and topics such as visual literacy, social media, or the history of authorship. This minor provides students the opportunity to hone analysis and writing skills, as well as to conduct original undergraduate research, to compose and interpret texts using multiple modes, to learn to tutor or teach writing, and to become effective nuance communicators.

Students need to complete a total of 18 hours, including six upper-division credits. In addition, students will take at least three credits

Phone: 303-615-0500

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## ***History Major, B.A.***

[Department of History](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### **About the Program**

Everything has a history. From sugar to science, from the Colosseum in Rome to the ruins of Mesa Verde. MSU Denver History students study our complex past in small class settings with world-class historians and dedicated teachers. The major includes thirty-nine (39) credits of courses beyond the General Studies Historical requirement across different world regions, themes, and time periods. For maximum flexibility, many courses are available in both the on-campus and/or remote setting. Our students develop breadth while refining their critical thinking and research skills. The History Department believes in the power of a university education to liberate minds, and we are resolute in our service to students from traditionally marginalized communities. We hope you will join us as we explore the rich and complicated history of humans through time around the globe.

### **Student Outcomes**

- Locate sources-- Demonstrate the ability to locate sources when information is needed, and to evaluate the authenticity, validity, and reliability of resources applied to a specific purpose.
- Communicate in writing-- Communicate in writing with an awareness of audience, by using language conventions appropriate to the occasion and task.
- Employ historical knowledge-- Demonstrate historical knowledge of the United States, the world, and major regions of the world.
- Understand context-- Demonstrate, using historical sources, how context and contingency influence change over time.
- Interpret evidence-- Develop an effective historical interpretation and marshal primary and/or secondary source evidence to support it.

## **General Degree Requirements**

## **Program Requirements**

- A total of 120 credit hours are required for graduation at MSU Denver
- All students should check with a departmental advisor to make a proper selection of courses.
- Students majoring in History must have at least a 2.0 average in their History courses to graduate. Students should note that programs differ in the minimum grade required.
- Students interested in teaching History or other Social Studies subjects in secondary schools should instead consult the History Major, B.A. with Secondary Social Studies Teacher Licensure Concentration in this catalog.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## **Ethnic Studies & Social Justice Requirement: 0 or 3 credits**

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## History Major Core: 12 credits

Students should complete four (4) introductory courses in History from the list below, one of which will also count for the Historical General Studies requirement.

- HIS 1005 - Ancient Civilizations **Credits: 3**
- HIS 1030 - World History to 1500 **Credits: 3**
- HIS 1035 - The Medieval World **Credits: 3**
- HIS 1040 - World History since 1500 **Credits: 3**
- HIS 1045 - Europe, Renaissance to the Present **Credits: 3**
- HIS 1150 - Race and Social Justice in U.S. History **Credits: 3**
- HIS 1210 - American History to 1865 **Credits: 3**
- HIS 1220 - American History since 1865 **Credits: 3**
- HIS 1250 - China and East Asia **Credits: 3**
- HIS 1270 - India and South Asia **Credits: 3**
- HIS 1300 - Introduction to Latin American History **Credits: 3**
- HIS 1600 - Women in World History **Credits: 3**
- HIS 1700 - Nature and Society **Credits: 3**
- HIS 1940 - Survey of African History **Credits: 3**

## History Major Electives: 27 credits

Besides the required Core courses, students must take 27 credits of electives in History selected in consultation with an advisor. At least 18 of the 27 credits must be upper-division (3000 or 4000 level) courses. Included in those credits must be at least THREE credits in American History (HIS 3400-3699), at least THREE credits in European History (HIS 3100-3399), and at least THREE credits in World History (HIS 3700-3799). The department recommends that students take a Historical Writing and Thinking course (HIS 3000-3050).

## Senior Experience: 3 credits

- HIS 4820 - Senior Seminar **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
History Major Core	12 credits
History Major Electives	27 credits
Senior Experience	3 credits

Unrestricted Electives	42-57 credits
<b>Total for the History Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *History Major, B.A. with Secondary Social Studies Teacher Licensure Concentration*

[Department of History](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

This program combines a History Major with a concentration in Secondary Social Studies licensure. It prepares teacher candidates to teach Social Studies subjects in diverse secondary schools with some additional training in culturally and linguistically diverse teaching.

### Student Outcomes

- Locate sources-- Demonstrate the ability to locate sources when information is needed, and to evaluate the authenticity, validity, and reliability of resources applied to a specific purpose.
- Communicate in writing-- Communicate in writing with an awareness of audience, by using language conventions appropriate to the occasion and task.
- Employ historical knowledge-- Demonstrate historical knowledge of the United States, the world, and major regions of the world.
- Understand context-- Demonstrate, using historical sources, how context and contingency influence change over time.
- Interpret evidence-- Develop an effective historical interpretation and marshal primary and/or secondary source evidence to support it.
- Demonstrate mastery of pedagogical strategies in Social Studies for secondary school teaching.
- Connect Literacy and Math--Utilize literacy, including Culturally and Linguistically Diverse (CLD), strategies as well as mathematics when teaching Social Studies.
- Create Inclusive Teaching Environment--Create a safe, inclusive and respectful learning environment that facilitates Social Studies learning for diverse populations, including CLD students.
- Plan and deliver effective instruction in History, Civics, and Geography.

- Demonstrate professionalism as a teacher candidate through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion. Courses recommended below will satisfy both General Studies and Major or Concentration requirements.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1610 - Integrated Mathematics I
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** GEG 1100 - Introduction to Physical Geography
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** Two of the following: ANT 2330 - Cross-Cultural Communication, ECO 2010 - Principles of Macroeconomics, ECO 2020 - Principles of Microeconomics, PSC 1010 - American National Government, PSC 2230 - Introduction to International Relations or PSY 1001 - Introductory Psychology
- Global Diversity (0-3 credits).

*\*\* Students will fulfill the Global Diversity requirement by taking an approved course within one of the following categories: Arts and Humanities; Historical; Natural and Physical sciences; or Social and Behavioral Sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Note that several History courses in this degree program can fulfill the ESSJ requirement.

## History Major: 42 credits

The History Major requires thirty-nine (39) credits of History courses beyond the Historical General Studies requirement. A grade of "C-" or better is required for each course in this program to count toward licensure. Note that students can register strategically to apply their General Studies Global Diversity course requirement and the

ESSJ course requirement toward History Major requirements below. All students should check with a departmental adviser to plan their selection of courses in the Major.

## History Teaching Major Core: 12 credits

Students should complete four (4) introductory courses in History from the list below, one of which will also count for the Historical General Studies requirement. The department recommends that students choose at least TWO American History courses for the degree program to prepare for teaching at the secondary level.

- HIS 1030 - World History to 1500 **Credits:** 3
- HIS 1032 - Islam in History: From the Prophet to the Present **Credits:** 3
- HIS 1040 - World History since 1500 **Credits:** 3
- HIS 1150 - Race and Social Justice in U.S. History **Credits:** 3
- HIS 1210 - American History to 1865 **Credits:** 3
- HIS 1220 - American History since 1865 **Credits:** 3
- HIS 1250 - China and East Asia **Credits:** 3
- HIS 1300 - Introduction to Latin American History **Credits:** 3
- HIS 1940 - Survey of African History **Credits:** 3

## Diversity and Human Rights Electives: 12 credits

Students need at least twelve (12) upper-division Diversity and Human Rights Elective credits for the History Major with a Social Studies Concentration. These are 3000-level History courses that offer preparation for teaching Secondary History in accordance with the Colorado Academic Standards (CAS). These standards were revised in 2022 to stress both the historical experiences of marginalized groups in the United States as well as Holocaust, Genocide, and Human Rights in World History.

Choose three (3) courses from this list of Electives offering Diverse Perspectives on American History

- HIS 3440 - American Slavery **Credits:** 3
- HIS 3490 - Native American History **Credits:** 3
- HIS 3560 - Chicana/o History, 1836 to the Present **Credits:** 3
- HIS 3580 - African American History II **Credits:** 3
- HIS 3660 - American Protest: The History of Social Movements from the Cold War to the Twenty-First Century **Credits:** 3
- HIS 3855 - History of Sexuality **Credits:** 3  
Choose one (1) course from this list of Holocaust/Human Rights Elective Courses in history
- HIS 3290 - Nazi Germany **Credits:** 3

- HIS 3781 - Holocaust and Genocide: Memory and Method **Credits: 3**
- HIS 3782 - History of Human Rights **Credits: 3**

## Broad History Electives: 15 credits

Fifteen (15) additional elective credits are needed for the History Major. At least six (6) credits of these remaining Electives must be taken at the upper-division (3000-4000) level. As many as nine (9) credits can be lower-division (HIS 1000-1999) Electives.

One recommended Elective for Teaching World History:

- HIS 3720 - Themes in World History: Variable Topics **Credits: 3**  
Additionally, there are some one-credit courses that can fulfill this fifteen-credit Elective category. These are:
- HIS 3990 - History Pedagogy Laboratory **Credits: 1**
- HIS 3991 - Undergraduate Teaching Assistant **Credits: 1-3**
- HIS 4020 - Field Experience in Teaching Social Studies in Secondary Schools **Credits: 1**

Note: HIS 3990 must be taken as a co-requisite with another HIS 3000-level course offered by the same instructor. HIS 3991 can be repeated with multiple instructors. HIS 4020 is required as a Foundations and Teachings Strategies course below.

## Major Capstone Course: 3 credits

The three-credit Social Studies methods course is typically taken along with HIS 4020 Field Experience in Teaching Social Studies in Secondary Schools.

- HIS 4010 - Methods of Teaching Social Science: Secondary School **Credits: 3**

## Additional Requirements for the Concentration in Secondary Social Studies Licensure

### Social Science Courses: 24-25 credits

All students must complete twenty-four or twenty-five credits in the following Social Science disciplines to prepare to teach secondary Social Studies. Note that six credits below can also satisfy the General Studies Social and Behavioral Sciences requirement. Additionally, GEG 1100 or GIS 1220 can satisfy three or four credits of the General Studies Natural and Physical Science requirement. So the subtotal of credits required for this section could drop to twelve if students also complete the recommended General Studies courses.

- ANT 2330 - Cross-Cultural Communication **Credits: 3**
- ECO 2010 - Principles of Macroeconomics **Credits: 3**

- ECO 2020 - Principles of Microeconomics **Credits: 3**
- PSC 1010 - American National Government **Credits: 3**
- PSC 2230 - Introduction to International Relations **Credits: 3**
- PSY 1001 - Introductory Psychology **Credits: 3**  
Select ONE Human Geography Course. Either GEG 1000 or GEG 1300.
- GEG 1000 - World Regional Geography **Credits: 3**  
OR
- GEG 1300 - Introduction to Human Geography **Credits: 3**  
Select ONE Natural Science Geography Course. Either GEG 1100 or GEG 1220.
- GEG 1100 - Introduction to Physical Geography **Credits: 3**  
OR
- GIS 1220 - Digital Earth: Geospatial Technologies **Credits: 4**

## Foundations and Strategies for Secondary Teaching: 28 credits

This Secondary Education Licensure Program prepares candidates to teach Social Studies courses in grades 6-12. With the courses and field experiences below, candidates satisfy the Colorado Department of Education Teacher Quality Standards for licensure in Secondary Education.

- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1**
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3**
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- MTH 1610 - Integrated Mathematics I **Credits: 3**  
Note: students who take this course to meet the General Studies Quantitative Literacy requirement will not have three additional credits in this section of their degree program.
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3**
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1**
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3**
- HIS 4020 - Field Experience in Teaching Social Studies in Secondary Schools **Credits: 1**

## Senior Experience: 12 credits

Student Teaching offers an essential conclusion to this degree program. Typically, students should register for 12 credits of EDS 4290 in their final semester.

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits:** 6,12

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
History Major	42 credits
Social Science Courses	24-25 credits
Foundations and Strategies for Secondary Teaching	28 credits
Senior Experience	12 credits
<b>Total Credits for History Major, B.A. with Concentration in Secondary Social Studies Licensure</b>	<b>124-125 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## History Minor

Everything has a history. From sugar to science, from the Colosseum in Rome to the ruins of Mesa Verde. MSU Denver History students study our complex past in small class settings with world-class historians and dedicated teachers. For maximum flexibility, many courses are available in both the on-campus and/or remote setting. Our students develop breadth while refining their critical thinking and research skills. The History Department believes in the power of a university education to liberate minds, and we are resolute in our service to students from traditionally marginalized communities. We hope you will join us as we explore the rich and complicated history of humans through time around the globe.

Students minoring in History complete twenty-one (21) credits of History courses.

## Minor Requirements

Students minoring in History will complete 21 credits of History courses. Those courses that fulfill MSU Denver General Studies requirements can also count within the History Minor. A History course taken to satisfy the MSU Denver ESSJ Graduation requirement can apply in the History Minor as well. Please see a History Advisor for details.

A minimum of nine credits in History courses must be upper-division (3000 or 4000 level), and the department recommends that students maximize the number of upper-division history courses that they take for the Minor. Students are also encouraged to take a Historical Writing and Thinking course (HIS 3000-3050).

Students should note that programs differ in the minimum grade required. History minors must have a GPA of 2.0 in the minor and an overall GPA of 2.0 to graduate.

## Total Credits for the History Minor

Upper-division Course Minimum (HIS 3000 - HIS 4999)	9 credits
Elective History Courses (HIS 1000 - HIS 4999)	12 credits
Minor Total	21 credits

## Department of Journalism and Media Production

## Broadcast Journalism Major, B.A.

[Department of Journalism and Media Production](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

Students pursuing the B.A. degree in Broadcast Journalism focus on the methods and techniques for reporting, producing, and delivering news and news programs via radio, television, and video/film media, and social media. The program prepares individuals to be

professional broadcast journalists, editors, producers, directors, and managers.

Students in all JMP programs are expected to demonstrate common industry standards such as active participation, professional conduct, academic integrity, and adherence to deadlines.

## Student Outcomes

- Practice critical thinking and evaluation of sources.
- Apply Associated Press style guidelines to written projects.
- Create original works of reporting and news delivery.
- Analyze ethical and legal considerations in the broadcasting industry.
- Create an environment of professional, collaborative behavior.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## JMP Department Core: 12 credits

All Journalism and Media Production students begin with the following courses:

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3

## Broadcast Journalism Courses: 21 credits

All Broadcast Journalism majors take the following courses.

- JMP 2100 - Reporting Credits: 3
- JMP 3410 - Writing for Broadcast Media Credits: 3
- JMP 3430 - Performance for Broadcast Credits: 3
- JMP 3445 - Television Production Credits: 3
- JMP 3461 - Producing the TV Newscast Credits: 3
- JMP 3980 - Internship: Journalism and Media Production Credits: 3
- JMP 4443 - Advanced Television Production Credits: 3

## Major Electives: 9 credits

Students complete the major with nine credit hours of electives. Any JMP course is an acceptable elective, but the following list is particularly suited to the degree.

- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 2800 - Introduction to Audio Production Credits: 3
- JMP 3300 - Multimedia Journalism I Credits: 3
- JMP 3420 - Video Production II Credits: 3
- JMP 3451 - Sports Broadcasting: Techniques and Practices Credits: 3
- JMP 3485 - Motion Graphics I Credits: 3

- JMP 3540 - Mobile and Social Media Communication Credits: 3
- JMP 4100 - Investigative Reporting Credits: 3
- JMP 4300 - Multimedia Journalism II Credits: 3
- JMP 4403 - Electronic Media Management Credits: 3
- JMP 4420 - Video Production III Credits: 3
- JMP 4443 - Advanced Television Production Credits: 3
- JMP 4485 - Motion Graphics II Credits: 3
- JMP 4890 - Social Documentary Credits: 1-4

## Senior Experience: 3 credits

- JMP 4500 - Ethical and Legal Issues in Journalism Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Department Core	12 credits
Major Requirements	21 credits
Major Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	39-42 credits
<b>Total for the Broadcast Journalism Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Journalism and Media Production Minor*

The Journalism and Media Production minor is designed to provide skills which increase employability for the student where journalism and technical writing, public relations, as well as media production expertise are valuable. In addition to the required 12-credit hours of department core courses, the student selects 9-credit hours from a specialized concentration and an additional 3 credits outside the concentration to complete the 24-credit minor. Industry standard behaviors, including creativity, professionalism, ethics, and adherence to deadlines, are also emphasized.

A grade of "C-" or better is required for each course to count toward the minor and prerequisites apply.

## Department Core

Students pursuing the Journalism and Media Production minor must complete the 12-credit hour department core, plus Communication Law.

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3
- JMP 3780 - Communication Law Credits: 3

## Concentration Selection

Choose **three (3) courses from one concentration**. Choose **one (1) elective course** from any of the remaining concentrations. At least **two (2) courses must be upper division**. Prerequisites apply.

### Broadcast Journalism Concentration

Pick three (3) courses from this concentration.

- JMP 2100 - Reporting Credits: 3
- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 3430 - Performance for Broadcast Credits: 3
- JMP 3445 - Television Production Credits: 3
- JMP 3485 - Motion Graphics I Credits: 3
- JMP 4443 - Advanced Television Production Credits: 3

### Journalism Concentration

Pick three (3) courses from this concentration.

- JMP 2100 - Reporting Credits: 3
- JMP 2600 - Beginning Photojournalism Credits: 3
- JMP 3063 - Sports Photojournalism Credits: 3
- JMP 3300 - Multimedia Journalism I Credits: 3
- JMP 3530 - Drone Video Masterclass Credits: 3
- JMP 4100 - Investigative Reporting Credits: 3
- JMP 4400 - Long-form Nonfiction Writing Credits: 3
- JMP 4890 - Social Documentary Credits: 1-4

### Media Production Concentration

Pick three (3) courses from this concentration.

- JMP 2450 - Basic Media Production and Leadership Credits: 3
- JMP 2460 - Raster Graphics Credits: 3
- JMP 2465 - Vector Graphics Credits: 3
- JMP 2480 - Introduction to Animation Credits: 3

- JMP 3470 - Writing for Interactive Media Credits: 3
- JMP 3485 - Motion Graphics I Credits: 3
- JMP 3540 - Mobile and Social Media Communication Credits: 3
- JMP 3590 - Streaming Media Technologies Credits: 3
- JMP 3625 - UX and UI: The User Experience Credits: 3
- JMP 3630 - Producing Digital Documents Credits: 3
- JMP 4450 - Advanced Media Production and Leadership Credits: 3

## Public Relations Concentration

Pick three (3) courses from this concentration.

- JMP 2700 - Fundamentals of Public Relations Credits: 3
- JMP 3700 - Public Relations Writing Credits: 3
- JMP 3720 - Media and Influencer Relations Credits: 3
- JMP 3740 - Public Relations Research, Planning and Measurement Credits: 3
- JMP 4740 - Public Relations in Crises Credits: 3
- JMP 4750 - Public Relations Laboratory Credits: 3

## Technical Writing & Editing Concentration

Pick three (3) courses from this concentration.

- JMP 2610 - Introduction to Technical Writing Credits: 3
- JMP 3310 - International Technical Communications Credits: 3
- JMP 3330 - Technical Writing for Translation Credits: 3
- JMP 3550 - Data Visualization and Presentation Credits: 3
- JMP 3620 - Introduction to Technical Editing Credits: 3
- JMP 3645 - Writing Software and Hardware Documentation Credits: 3
- JMP 3670 - Writing for the Environmental Industry Credits: 3

## Video Production Concentration

Pick three (3) courses from this concentration.

- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 2800 - Introduction to Audio Production Credits: 3
- JMP 3440 - Scriptwriting for Video Credits: 3
- JMP 3445 - Television Production Credits: 3
- JMP 3485 - Motion Graphics I Credits: 3
- JMP 3590 - Streaming Media Technologies Credits: 3
- JMP 3800 - Audio Post-Production Credits: 3

## Credit Totals

Core: 12 Credits  
Concentration: 9 Credits  
Elective: 3 Credits

**Total Credits: 24**

## *Journalism Major, B.A.*

[Department of Journalism and Media Production](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

Students pursuing the B.A. degree in Journalism prepare for careers in news and information media. By gaining a sound education in the basics of gathering information and preparing it for an audience, students present their work across multiple platforms. This degree includes instruction in news writing and gathering; editing; reporting; photojournalism; journalism law and policy; and professional standards and ethics.

Students in all JMP programs are expected to demonstrate common industry standards such as active participation, professional conduct, academic integrity, and adherence to deadlines.

## Student Outcomes

- Think critically and evaluate sources.
- Apply Associated Press style guidelines to their writing.
- Create original works of reporting.
- Analyze ethical and legal considerations in the field.
- Promote an environment of professional, collaborative behavior.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students

should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## JMP Department Core: 12 credits

All Journalism and Media Production students begin with the following courses:

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3

## Journalism Courses: 19 credits

All Journalism majors take the following courses:

- JMP 2100 - Reporting **Credits: 3**
- JMP 2600 - Beginning Photojournalism **Credits: 3**
- JMP 2700 - Fundamentals of Public Relations **Credits: 3**
- JMP 3300 - Multimedia Journalism I **Credits: 3**

- JMP 3510 - Portfolio Presentation **Credits: 1**
- JMP 3980 - Internship: Journalism and Media Production **Credits: 3**
- JMP 4100 - Investigative Reporting **Credits: 3**  
or
- JMP 4400 - Long-form Nonfiction Writing **Credits: 3**

## Major Electives: 9 credits

Students complete the Journalism major with nine credit hours of additional JMP course work. At least three credit hours must be upper division. Any JMP course is an acceptable elective, but the following list is particularly suited to the degree.

- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 2800 - Introduction to Audio Production Credits: 3
- JMP 3130 - Sports Writing Credits: 3
- JMP 3400 - Short-form Nonfiction Writing Credits: 3
- JMP 3410 - Writing for Broadcast Media Credits: 3
- JMP 3445 - Television Production Credits: 3
- JMP 3461 - Producing the TV Newscast Credits: 3
- JMP 3530 - Drone Video Masterclass Credits: 3
- JMP 3550 - Data Visualization and Presentation Credits: 3
- JMP 3560 - Column Writing Credits: 3
- JMP 3570 - Covering the Environment Credits: 3
- JMP 3970 - Journalism Field Experience Credits: 3
- JMP 4000 - News Media Leadership Credits: 3
- JMP 4300 - Multimedia Journalism II Credits: 3
- JMP 4890 - Social Documentary Credits: 1-4

## Senior Experience: 3 credits

- JMP 4500 - Ethical and Legal Issues in Journalism Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Department Core	12 credits
Major Required Courses	19 credits
Major Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	41-44 credits

Total for the Journalism Major, B.A.	120 credits
--------------------------------------	-------------

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Media Production and Leadership Major, B.S.***

[Department of Journalism and Media Production](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

### **About the Program**

Students pursuing the B.S. degree in Media Production and Leadership are exposed to a variety of methods for leading others towards implementing media technology ethically, to better communicate with audiences. Today, professional communicators who want to change corporate culture and society using information and entertainment need to rely on a team of technical experts in writing; audio and video production; and web design to maximize the effectiveness and results of media related projects. The Media Production and Leadership degree teaches students to engage in this growing field and become effective leaders.

Students in all JMP programs are expected to demonstrate common industry standards such as active participation, professional conduct, academic integrity, and adherence to deadlines.

### **Student Outcomes**

- Apply industry standard pre-production, production and post-production processes
- Develop successful strategies for delivering content to an audience
- Analyze ethical and legal considerations in media production
- Define and articulate complex technical details of a media production to a broad audience
- Evaluate media productions for measures of success and areas to improve

### **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)

- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

### **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

### **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

### **Ethnic Studies & Social Justice Requirement: 0 or 3 credits**

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### **JMP Department Core: 12 credits**

All Journalism and Media Production students begin with the following courses:

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3

## Media Production and Leadership Courses: 24 credits

All Media Production and Leadership majors take the following courses:

- JMP 2450 - Basic Media Production and Leadership Credits: 3
- JMP 3470 - Writing for Interactive Media Credits: 3
- JMP 3540 - Mobile and Social Media Communication Credits: 3
- JMP 3550 - Data Visualization and Presentation Credits: 3
- JMP 3590 - Streaming Media Technologies Credits: 3
- JMP 3625 - UX and UI: The User Experience Credits: 3
- JMP 3780 - Communication Law Credits: 3
- JMP 4450 - Advanced Media Production and Leadership Credits: 3

## Major Electives: 3 credits

Students complete the major with three credit hours of electives. Any JMP course is an acceptable elective, but the following list is particularly suited to the degree.

- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 2460 - Raster Graphics Credits: 3
- JMP 2465 - Vector Graphics Credits: 3
- JMP 2480 - Introduction to Animation Credits: 3
- JMP 2800 - Introduction to Audio Production Credits: 3
- JMP 3485 - Motion Graphics I Credits: 3
- JMP 3630 - Producing Digital Documents Credits: 3

## Senior Experience: 3 credits

Students finish the degree with the approved Senior Experience course.

- JMP 4790 - Senior Seminar Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Department Core	12 credits
Major Requirements	24 credits
Major Electives	3 credits

Senior Experience	3 credits
Unrestricted Electives	42-45 credits
<b>Total for the Media Production and Leadership Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Public Relations Certificate

A Certificate in Public Relations is a 15-credit program that gives working professionals the skills they need to help their organizations communicate and engage with important stakeholders, internal and external. Students will learn to create compelling content for websites, social media and printed products. They will learn best practices in public relations and organizational communication and the process to develop strategy and execute a campaign. Strategies for handling potential crises also is covered.

## Required Courses

- JMP 2700 - Fundamentals of Public Relations Credits: 3
- JMP 3700 - Public Relations Writing Credits: 3
- JMP 3740 - Public Relations Research, Planning and Measurement Credits: 3
- JMP 4740 - Public Relations in Crises Credits: 3

## Elective Courses

Choose one of these electives.

- JMP 3540 - Mobile and Social Media Communication Credits: 3
- JMP 3720 - Media and Influencer Relations Credits: 3

**Total for Certificate: 15 credit hours**

## Public Relations Major, B.S.

[Department of Journalism and Media Production](#)

[College of Letters, Arts and Sciences](#)

Program Available  
Format(s): [In-Person](#)

## About the Program

Students pursuing the B.S. degree in Public Relations build on the fundamentals in a program that focuses on the theories and methods for helping organizations and individuals nurture their reputations so that they can achieve their goals; employing communication strategies and tactics that influence internal and external stakeholders and prospects in the general public; and that prepares individuals to function as public relations assistants, technicians, and managers. Students receive instruction in public relations theory; related principles of persuasion, marketing and journalism; message/image design; image management; media relations; community relations; public affairs; and internal and external communication.

Students in all JMP programs are expected to demonstrate common industry standards such as active participation, professional conduct, academic integrity, and adherence to deadlines.

### Student Outcomes

- Think critically and evaluate sources.
- Apply Associated Press style guidelines to their writing.
- Create original works of reporting.
- Analyze ethical and legal considerations in the field.
- Demonstrate professional, collaborative behavior.
- Create strategic PR plans and execute tactical activities.
- Work collaboratively within a team and professional environment.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)

- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## JMP Department Core: 12 credits

All Journalism and Media Production students begin with the following courses:

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3

## Public Relations Courses: 21 credits

All Public Relations majors take the following specialized courses, including a Portfolio Review and approved Senior Experience course. Public Relations Lab is a repeatable course and may be taken for up to six credit hours.

- JMP 2700 - Fundamentals of Public Relations Credits: 3
- JMP 3540 - Mobile and Social Media Communication Credits: 3
- JMP 3700 - Public Relations Writing Credits: 3
- JMP 3740 - Public Relations Research, Planning and Measurement Credits: 3
- JMP 3980 - Internship: Journalism and Media Production Credits: 3
- JMP 4740 - Public Relations in Crises Credits: 3
- JMP 4750 - Public Relations Laboratory Credits: 3

## Major Electives: 9 credits

Students complete the major with nine credit hours of electives, three of which need to be upper division. Any JMP course is an acceptable elective, but the following list is particularly suited to the degree.

- JMP 2450 - Basic Media Production and Leadership Credits: 3
- JMP 2460 - Raster Graphics Credits: 3
- JMP 2465 - Vector Graphics Credits: 3
- JMP 3300 - Multimedia Journalism I Credits: 3
- JMP 3470 - Writing for Interactive Media Credits: 3
- JMP 3510 - Portfolio Presentation Credits: 1
- JMP 3580 - Making Media Social Credits: 3
- JMP 3670 - Writing for the Environmental Industry Credits: 3
- JMP 3720 - Media and Influencer Relations Credits: 3
- JMP 3780 - Communication Law Credits: 3
- JMP 3970 - Journalism Field Experience Credits: 3

## Senior Experience: 3 credits

- JMP 4500 - Ethical and Legal Issues in Journalism Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Department Core	12 credits
Major Required Courses	21 credits
Major Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	39-42 credits
<b>Total for the Public Relations Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Sport Media Minor

The Sport Media Minor includes courses from the Departments of Human Performance and Sport, and Journalism and Media Production. This minor consists of 21 semester hours, six of which must be upper division. This minor is designed to provide skills that

will increase employment opportunities in the field of sport media. Students in this minor will take a common core in HPS courses related to Sport Management and in JMP related to news media. Students will then hone their skills in elective course work in SM and/or JMP to complete the degree. Students must earn at least a "C-" in a course for it to count in the minor.

## Required Courses

- JMP 1000 - Introduction to Journalism and Mass Media Credits: 3
- SM 2050 - Introduction to Sport Management Credits: 3
- SM 3100 - Sport Media Operations Credits: 3

**Subtotal: 9 credits**

## Elective Courses

Students must select 12 credits of elective coursework. Six credits must be upper division.

- HPS 399C Field Experience Credits: 3 (Offered under ESS 3990 - Field Experience Credits: 1, 2 or 3)
- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3 \*
- JMP 2600 - Beginning Photojournalism Credits: 3
- JMP 2700 - Fundamentals of Public Relations Credits: 3
- JMP 3063 - Sports Photojournalism Credits: 3
- JMP 3130 - Sports Writing Credits: 3
- JMP 3400 - Short-form Nonfiction Writing Credits: 3
- SM 2070 - Sport Venue Management Credits: 3
- SM 2730 - Sport in Society Credits: 3
- SM 3600 - Sport Promotion Credits: 3
- SM 3650 - Technology and Social Media in Sport Credits: 3

*\*Prerequisite Required (JMP 2400)*

**Subtotal: 12 credits**

**Total for Sport Media Minor: 21 credits**

## Strategic Communication Certificate

Many organizations employ an integrated communication model whereby Marketing, Communication, and Public Relations merge into one role or department that is referred to as Strategic Communication. To effectively operate in this environment, one must understand the roles and functions of all three areas. This program provides students and industry professionals the opportunity to expand their strategic communication knowledge and skills to bolster their preparedness for greater career opportunities.

This certificate program is available to current students, post-baccalaureate students, and members of the Marketing, Communication, and Public Relations industries seeking additional skills and training for career advancement.

Students may supplement their coursework by earning a Strategic Communication Certificate. Students must complete 18 credit hours. This includes four core courses and two electives. Students may apply courses they are required to complete for a major or minor in Communication Studies, Marketing, and Public Relations toward this certificate.

A grade of "C" or better is required in all courses to complete the certificate requirements. Students should note that programs may differ in the minimum grade required. Check each course description for specific prerequisites or corequisites.

## Required Courses

Below is the list of required courses. Each course is 3 credits for a total of 12 credits. Students will then select two elective courses. Each elective course option is 3 credits for a total of 6 elective credits. 12 required credits + 6 elective credits = 18 credits to complete the certification.

- COMM 3030 - Teamwork and Collaboration Credits: 3
- JMP 2700 - Fundamentals of Public Relations Credits: 3
- JMP 3700 - Public Relations Writing Credits: 3
- MKT 3200 - Digital Marketing Fundamentals Credits: 3

## Elective Public Relations Courses

- JMP 3720 - Media and Influencer Relations Credits: 3
- JMP 3740 - Public Relations Research, Planning and Measurement Credits: 3
- JMP 4740 - Public Relations in Crises Credits: 3

## Elective Marketing Courses

- MKT 3000 - Principles of Marketing Credits: 3
- MKT 3250 - Professional Selling Credits: 3
- MKT 4110 - Brand Management Credits: 3
- MKT 4300 - Social Media Marketing Credits: 3

## Elective Communication Studies Courses

- COMM 3000 - Diversity and Communication in the U.S. Credits: 3
- COMM 3010 - Business and Professional Speaking Credits: 3
- COMM 3340 - Leadership Communication Credits: 3
- COMM 4320 - Organizational Communication Consulting Credits: 3

Certificate Total: 18 credits

## *Technical Writing and Editing Major, B.S.*

[Department of Journalism and Media Production](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

Students pursuing the B.S. degree in Technical Writing and Editing are immersed in both the theory and production practices of delivering technical information to diverse audiences including industries, government, NGO's and general laypeople. Students hone their writing style to meet professional standards; develop editing skills in content and copy rules; further their digital design ability; and create reports, proposals, manuals, etc., all while learning the unique demands of multiple industries.

Students in all JMP programs are expected to demonstrate common industry standards such as active participation, professional conduct, academic integrity, and adherence to deadlines.

## Student Outcomes

- Evaluate the currency, authenticity, validity and reliability of resources and document those resources according to publication standards
- Demonstrate, in writing, industry-standard style, language conventions and processes for professional communication and technical writing
- Demonstrate effective use of technologies appropriate to the technical communication industry.
- Analyze, synthesize and incorporate numeric data, as well as visual materials including images, figures, charts and tables into technical documents; and
- Prepare persuasive documents with well-reasoned arguments, applying the conventions of technical and scientific writing.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## JMP Department Core: 12 credits

All Journalism and Media Production students begin with the following courses:

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3

## Technical Writing and Editing Courses: 15 credits

All Technical Writing and Editing majors take the following courses and select one of two specialties:

- JMP 2610 - Introduction to Technical Writing Credits: 3
- JMP 3310 - International Technical Communications Credits: 3
- JMP 3550 - Data Visualization and Presentation Credits: 3
- JMP 3620 - Introduction to Technical Editing Credits: 3
- JMP 3630 - Producing Digital Documents Credits: 3

## Select One of the Following:

### International Technical Communication: 6 credits

Choose 6 credit hours from the following:

- ANT 2330 - Cross-Cultural Communication Credits: 3
- BUS 1950 - Business Communication Credits: 3
- BUS 3040 - Global Corporate Social Responsibility and Sustainability Credits: 3
- JMP 3330 - Technical Writing for Translation Credits: 3
- JMP 3645 - Writing Software and Hardware Documentation Credits: 3

### Technical Writing: 6 credits

Choose 6 credit hours from the following:

- JMP 3330 - Technical Writing for Translation Credits: 3
- JMP 3470 - Writing for Interactive Media Credits: 3
- JMP 3625 - UX and UI: The User Experience Credits: 3
- JMP 3645 - Writing Software and Hardware Documentation Credits: 3
- JMP 3670 - Writing for the Environmental Industry Credits: 3

## Major Electives: 6 credits

Students complete the major with six credit hours of electives. Any JMP course is an acceptable elective, but the following list is particularly suited to the degree.

- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 2450 - Basic Media Production and Leadership Credits: 3
- JMP 2460 - Raster Graphics Credits: 3
- JMP 2465 - Vector Graphics Credits: 3
- JMP 3780 - Communication Law Credits: 3
- JMP 3980 - Internship: Journalism and Media Production Credits: 3

## Senior Experience: 3 credits

- JMP 4790 - Senior Seminar Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Department Core	12 credits
Major Required Courses	15 credits
International Technical Communications or Technical Writing	6 credits
Major Electives	6 credits
Senior Experience	3 credits
Unrestricted Electives	42-48 credits
<b>Total for the Technical Writing and Editing Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Video Production Major, B.S.*

[Department of Journalism and Media Production](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

Students pursuing the B.S. degree in Video Production are immersed in all aspects of working with video, be that a short film or documentary; television package or commercial; demonstration or educational video; music video or a public service announcement. Students cover theories, concepts, techniques, and practical applications employed in various areas of industry including entertainment, business, government, and the many applications within the media production field. Students also work through conception, pre-production, production and post-production stages, as they develop increasingly specialized skills throughout their studies.

They cap their work in the program with a video thesis or an internship in video production.

Students in all JMP programs are expected to demonstrate common industry standards such as active participation, professional conduct, academic integrity, and adherence to deadlines.

### Student Outcomes

- Demonstrating a working knowledge of the basic functionality of industry standard computer-based video editing programs.
- Executing specific video editing functions such as insert and overwrite edits, selective audio and video track edits, trim edits, split edits, and audio and video level control & mixing, as well as saving and exporting completed videos.
- Determining efficient digital media management techniques while building and executing video editing workflows.
- Assessing and selecting appropriate visual and auditory communication aesthetics when creating video programs.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## JMP Department Core: 12 credits

All Journalism and Media Production students begin with the following courses:

- JMP 1100 - Journalism Fundamentals Credits: 3
- JMP 1450 - Media Literacy Credits: 3
- JMP 2435 - Multimedia Writing and Production Credits: 3
- JMP 3425 - Creating Informational Media Credits: 3

## Video Production Courses: 24 credits

All Video Production majors take the following courses.

- JMP 2400 - Video Editing I Credits: 3
- JMP 2420 - Video Production I Credits: 3
- JMP 2800 - Introduction to Audio Production Credits: 3
- JMP 3440 - Scriptwriting for Video Credits: 3

## Music Education, B.M.E.

[Department of Music](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Bachelor of Music Education degree prepares students for careers teaching music in K-12 schools and satisfies the requirements for K-12 licensure in the State of Colorado. Students must apply for and be granted admission to the music education program prior to any enrollment in music education methods courses, supervised field experiences, and student teaching. Further information may be obtained in the *Department of Music Student Handbook*. Students seeking this degree must satisfy all applicable requirements of the Department of Music and the School of Education teacher education program. To become licensed, recipients of the Bachelor of Music Education degree must satisfy all applicable requirements of the teacher education and licensure programs in the School of Education. This degree program is approved by the Colorado State Department of Education and has full accreditation by the National Association of Schools of Music.

## Student Outcomes

- Describe knowledge of content, methodologies, philosophies, materials, technologies, and curriculum development in music education.
- Teach music at various levels to different age groups in a variety of classroom and ensemble settings.
- Demonstrate a functional knowledge of voice, wind, string, percussion, and modern instruments.
- Assess individuals and groups of students and plan educational programs to meet assessed needs.
- Evaluate techniques and apply them in assessing both the musical progress of students and the objectives and procedures of the curriculum.
- Accept, amend, or reject methods and materials based on personal assessment of specific teaching situations.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 123 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1610 - Integrated Mathematics I. Using mathematics, students take a concept-oriented approach to exploring critical problems, deriving and justifying multiple solutions, and analyzing and communicating these responses.
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
  - **Strongly Recommended:** EDS 3150 - Critical Sociocultural Lenses for Teachers. This is a required course for the Bachelor of Music Education Degree. Students are introduced to the roles teachers as decision makers play in meeting educational needs of learners from diverse backgrounds.
  - **Recommended:** PSY 1800 - Developmental Educational Psychology. Students are introduced to developmental psychology that supports learning.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Core Requirements: 32 credits

The following courses are required for all music majors:

- MUS 0020 - Recital Attendance Credits: 0 (two semesters)\*

- MUS 1110 - Music Theory I Credits: 3
- MUS 1120 - Music Theory Lab I Credits: 1
- MUS 1130 - Music Theory II Credits: 3
- MUS 1140 - Music Theory Lab II Credits: 1
- MUS 161B - Class Piano I Credits: 1 \*\*
- MUS 162B - Class Piano II Credits: 1 \*\*
- MUS 1710 - Private Instruction I Credits: 2 (primary performance area)
- MUS 1720 - Private Instruction II Credits: 2 (primary performance area)
- MUS 2110 - Music Theory III Credits: 3
- MUS 2120 - Music Theory Lab III Credits: 1
- MUS 2130 - Music Theory IV Credits: 3
- MUS 2140 - Music Theory Lab IV Credits: 1
- MUS 3050 - Musics of the World Credits: 3
- MUS 3210 - Western Music History I Credits: 3
- MUS 3220 - Western Music History II Credits: 3

Select one credit hour from the following options:

- MUS 3818 - Mariachi Ensemble Credits: 1
- MUS 3834 - Gamelan Ensemble Credits: 1
- MUS 3835 - African Drum and Dance Ensemble Credits: 1

*Students must enroll in MUS 3818: Mariachi Ensemble, MUS 3834: Gamelan Ensemble, or MUS 3835: African Drum and Dance Ensemble to meet this requirement.*

*\*Students must enroll during each semester of individual instruction and complete the requirement with a "Satisfactory" grade to be eligible to continue to enroll in individual instruction.*

*\*\*Students whose primary instrument is piano must substitute MUS 261B and 262B, Class Piano III and IV, for MUS 161B and 162B, Class Piano I and II, in the core requirements listed above. These students will not be required to take any additional piano courses.*

## Specific Degree Requirements: 40 credits

- MUS 0020 - Recital Attendance Credits: 0 (four additional semesters)\*
- MUS 2340 - Foundations of Music Education Credits: 2
- MUS 261B - Class Piano III Credits: 1
- MUS 262B - Class Piano IV Credits: 1
- MUS 2710 - Private Instruction III Credits: 2 (Primary Performance Area)
- MUS 2720 - Private Instruction IV Credits: 2 (Primary Performance Area)
- MUS 3250 - Basic Vocal Pedagogy and Diction Credits: 2
- MUS 3350 - Teaching General Music Credits: 2 \*\*
- MUS 3351 - Supervised Field Experience in General Music Credits: 1 \*\*
- MUS 3360 - Instruments in General Music Credits: 1

- MUS 3390 - The Inclusive Music Classroom Credits: 2
- MUS 3510 - Basic Conducting Credits: 2
- MUS 3540 - Advanced Conducting Credits: 2
- MUS 3710 - Private Instruction V Credits: 2 (Primary Performance Area)
- MUS 3720 - Private Instruction VI Credits: 2 (Primary Performance Area)
- MUS 4360 - Teaching Secondary Music I Credits: 2 \*\*\*
- MUS 4361 - Supervised Field Experience in Secondary Music I Credits: 1 \*\*\*
- MUS 4370 - Teaching Secondary Music II Credits: 2 \*\*\*\*
- MUS 4371 - Supervised Field Experience in Secondary Music II Credits: 1 \*\*\*\*
- MUS 4440 - Contemporary Music Education Practices Credits: 1
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3

## Notes:

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

*\*\*MUS 3350, MUS 3351, and CLD 3510 must be taken concurrently.*

*\*\*\*MUS 4360 and MUS 4361 must be taken concurrently.*

*\*\*\*\*MUS 4370 and MUS 4371 must be taken concurrently.*

## Take 4 of the following courses: 4 credits

- MUS 162A - Class Voice II Credits: 1
- MUS 2660 - Electronic Music Composition Credits: 1
- MUS 3410 - String Techniques and Pedagogy Credits: 1
- MUS 3420 - Guitar Techniques and Pedagogy Credits: 1
- MUS 3430 - Woodwind Techniques and Pedagogy Credits: 1
- MUS 3450 - Brass Techniques and Pedagogy Credits: 1
- MUS 3460 - Percussion Techniques and Pedagogy Credits: 1
- MUS 3640 - Improvisation Credits: 1

## Ensembles: 8 credits

*Students must enroll in the major ensemble according to their primary performance area during each semester of private instruction and must complete the requirement with a grade of "C-"*

or better to remain eligible to continue to enroll in private instruction.

## Ensembles: Primary Instrument in Jazz

Select six hours from the following options:

- MUS 3828 - Jazz Ensemble Credits: 1
  - MUS 3829 - Jazz Combo Credits: 1
- MUS 3828: Jazz Ensemble and MUS 3829: Jazz Chamber Music requires an audition.*

## Ensembles: Primary Instrument in Woodwinds, Brass, or Percussion

Select six hours from the following:

- MUS 3824 - Symphonic Band Credits: 1
  - MUS 3825 - Wind Ensemble Credits: 1
- MUS 3825: Wind Ensemble requires an audition.*

## Ensembles: Primary Instrument in Piano, Organ, or Classical Guitar

Select six hours from the following:

- MUS 3820 - Chorale Credits: 1
  - MUS 3821 - University Treble Choir Credits: 1
  - MUS 3822 - University Basso Choir Credits: 1
  - MUS 3823 - Auraria Choir Credits: 1
  - MUS 3830 - Guitar Ensemble Credits: 1
  - MUS 3832 - Collaborative Piano Credits: 1
- MUS 3820: Chorale, MUS 3830: Guitar Ensemble, and MUS 3832 Collaborative Piano require an audition. MUS 3821: University Treble Choir and MUS 3822: University Basso Choir require choral experience.*

Ensembles are assigned by the Coordinator of Music Education

## Ensembles: Primary Instrument in Strings

Choose six hours from the following:

- MUS 3817 - String Sinfonietta Credits: 1
  - MUS 3827 - Symphony Orchestra Credits: 1
- MUS 3827: Symphony Orchestra requires an audition.*

## Ensembles: Primary Instrument in Voice

Choose six hours from the following:

- MUS 3820 - Chorale Credits: 1
- MUS 3821 - University Treble Choir Credits: 1
- MUS 3822 - University Basso Choir Credits: 1

*MUS 3820: Choral requires an audition. MUS 3821: University Treble Choir and MUS 3822: University Basso Choir requires choral experience.*

## Take 2 of the following ensembles:

- MUS 3817 - String Sinfonietta Credits: 1
- MUS 3823 - Auraria Choir Credits: 1
- MUS 3826 - Secondary Instrument Band Credits: 1

## Senior Experience: 12 credits

- MUS 4971 - Student Teaching and Seminar: Elementary (K-6) Credits: 6
- MUS 4972 - Student Teaching and Seminar: Secondary (7-12) Credits: 6

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Requirements	32 credits
Specific Degree Requirements	40 credits
4 selected courses	4 credits
Ensembles	8 credits
Senior Experience	12 credits
Total for the Music Education Major, B.M.E.	123 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 6 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## Music Major, B.A.

[Department of Music](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Bachelor of Arts degree with concentrations in Music offers vigorous study of music alongside a strong liberal arts education, equipping students with versatile skills that are highly valued in the broad spectrum of music-related careers.

## Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.
- Have the technical and artistic ability to perform in areas appropriate to the student's needs and interests, and to work independently and creatively.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Core Requirements: 32 credits

The following courses are required for all music majors:

- MUS 0020 - Recital Attendance Credits: 0 \*
- MUS 1110 - Music Theory I Credits: 3
- MUS 1120 - Music Theory Lab I Credits: 1
- MUS 1130 - Music Theory II Credits: 3
- MUS 1140 - Music Theory Lab II Credits: 1
- MUS 161B - Class Piano I Credits: 1 \*\*
- MUS 162B - Class Piano II Credits: 1 \*\*
- MUS 1710 - Private Instruction I Credits: 2 (primary performance area)
- MUS 1720 - Private Instruction II Credits: 2 (primary performance area)
- MUS 2110 - Music Theory III Credits: 3
- MUS 2120 - Music Theory Lab III Credits: 1
- MUS 2130 - Music Theory IV Credits: 3
- MUS 2140 - Music Theory Lab IV Credits: 1
- MUS 3050 - Musics of the World Credits: 3
- MUS 3210 - Western Music History I Credits: 3
- MUS 3220 - Western Music History II Credits: 3

Select one credit hour from the following options:

- MUS 3818 - Mariachi Ensemble Credits: 1
- MUS 3834 - Gamelan Ensemble Credits: 1
- MUS 3835 - African Drum and Dance Ensemble Credits: 1

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

*\*\*Students whose primary instrument is piano must substitute MUS 261B and MUS 262B, Class Piano III and IV, for MUS 161B and MUS 162B, Class Piano I and II, in the core requirements listed above.*

## Specific Degree Requirements: 11 credits

- MUS 0020 - Recital Attendance Credits: 0 (two additional semesters)\*
- MUS 1210 - Introduction to Musical Styles and Research Credits: 2
- MUS 1650 - Basic Music Technology Credits: 1
- MUS 2710 - Private Instruction III Credits: 2 (Primary Performance Area)
- MUS 2720 - Private Instruction IV Credits: 2
- Upper-division elective in Music Theory, History, Literature or Pedagogy (3 hours)
- MUS 4020 - Senior Seminar in Music Credits: 1 (Primary Performance Area)

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

## Ensembles: 6 credits

*Students enrolled in private lessons must enroll in the appropriate major ensemble during each semester of individual instruction.*

Choose five hours from the following:

- MUS 3828 - Jazz Ensemble **Credits: 1**
- MUS 3829 - Jazz Combo **Credits: 1**  
*For students whose primary instrument is a jazz instrument, the major ensemble is MUS 3828: Jazz Ensemble or MUS 3829: Jazz Chamber Ensemble, as assigned by the Director of Jazz Studies.*
- MUS 3820 - Chorale **Credits: 1**
- MUS 3821 - University Treble Choir **Credits: 1**
- MUS 3822 - University Basso Choir **Credits: 1**  
*For students whose primary instrument is voice, the major ensemble is choir (MUS 3820: Chorale, MUS 3821: University Treble Choir, or MUS 3822: University Basso Choir) as assigned by the Director of Choral Activities.*
- MUS 3824 - Symphonic Band **Credits: 1**
- MUS 3825 - Wind Ensemble **Credits: 1**  
*For students whose primary instrument is woodwinds, brass, or percussion, the major ensemble is band (MUS 3825: Wind Ensemble or MUS 3824: Symphonic Band) as assigned by the Director of Band Activities.*
- MUS 3817 - String Sinfonietta **Credits: 1**
- MUS 3827 - Symphony Orchestra **Credits: 1**  
*For students whose primary instrument is strings, the major ensemble is orchestra (MUS 3817: String Sinfonietta*

*or MUS 3827: Symphony Orchestra), as assigned by the Director of Orchestral Activities.*

- MUS 3830 - Guitar Ensemble **Credits: 1**  
*For students whose primary instrument is guitar, the major ensemble is MUS 3830: Guitar Ensemble.*

One hour:

- MUS 3819 - Chamber Music **Credits: 1**

## Ensembles: Primary instrument in Piano and Organ: 6 credits

Choose five hours from the following:

- MUS 3817 - String Sinfonietta Credits: 1
- MUS 3820 - Chorale Credits: 1
- MUS 3821 - University Treble Choir Credits: 1
- MUS 3822 - University Basso Choir Credits: 1
- MUS 3824 - Symphonic Band Credits: 1
- MUS 3825 - Wind Ensemble Credits: 1
- MUS 3827 - Symphony Orchestra Credits: 1  
*For students whose primary instrument is piano or organ, the major ensemble is choir (MUS 3820: Chorale (audition), MUS 3821: University Treble Choir (choral experience) or MUS 3822: University Basso Choir (choral experience), band (MUS 3825: Wind Ensemble (audition) or MUS 3824: Symphonic Band) or orchestra (MUS 3817: String Sinfonietta or MUS 3827: Symphony Orchestra), as assigned by the Director of Choral Activities, the Director of Band Activities, or the Director of Orchestral Activities.*

One hour:

- MUS 3819 - Chamber Music Credits: 1

## Music Theory Concentration

The BA in Music Theory allows students to pursue the Bachelor of Arts with a concentration in music theory. This allows students to pursue a degree that focuses on the analysis and formal structure of music.

### Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces.
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.

- Have the technical and artistic ability to perform in areas appropriate to the student's needs and interests, and to work independently and creatively.

## Specific Concentration Requirements: 28 credits

- MUS 0020 - Recital Attendance Credits: 0
- MUS 1210 - Introduction to Musical Styles and Research Credits: 2
- MUS 1650 - Basic Music Technology Credits: 1
- MUS 2150 - Jazz Theory Credits: 3
- MUS 261B - Class Piano III Credits: 1
- MUS 262B - Class Piano IV Credits: 1
- MUS 2710 - Private Instruction III Credits: 2
- MUS 2720 - Private Instruction IV Credits: 2
- MUS 3100 - Counterpoint Credits: 3
- MUS 3510 - Basic Conducting Credits: 2
- MUS 3640 - Improvisation Credits: 1
- MUS 3650 - Basic Techniques of Composition Credits: 2
- MUS 4020 - Senior Seminar in Music Credits: 1
- MUS 4110 - Analysis of Music Credits: 2
- MUS 4800 - Seminar in Music Repertoire Credits: 2
- PHY 2620 - Sound and Music Credits: 3

## Additional Required Courses: 4 credits

Select four credits from the following classes:

- MUS 2660 - Electronic Music Composition Credits: 1
- MUS 3000 - Musics of America Credits: 3
- MUS 3020 - History of Jazz Credits: 3
- MUS 3150 - Arranging and Orchestration Credits: 2
- MUS 3160 - Jazz Composition and Arranging Credits: 1
- MUS 3410 - String Techniques and Pedagogy Credits: 1
- MUS 3430 - Woodwind Techniques and Pedagogy Credits: 1
- MUS 3450 - Brass Techniques and Pedagogy Credits: 1
- MUS 3460 - Percussion Techniques and Pedagogy Credits: 1
- MUS 3540 - Advanced Conducting Credits: 2

## Additional Ensemble Hours: 2 credits

Choose two credits from the following:

- MUS 3816 - Early Music Ensemble Credits: 1
- MUS 3817 - String Sinfonietta Credits: 1
- MUS 3818 - Mariachi Ensemble Credits: 1
- MUS 3819 - Chamber Music Credits: 1
- MUS 3820 - Chorale Credits: 1

- MUS 3821 - University Treble Choir Credits: 1
- MUS 3822 - University Basso Choir Credits: 1
- MUS 3824 - Symphonic Band Credits: 1
- MUS 3825 - Wind Ensemble Credits: 1
- MUS 3826 - Secondary Instrument Band Credits: 1
- MUS 3827 - Symphony Orchestra Credits: 1
- MUS 3828 - Jazz Ensemble Credits: 1
- MUS 3829 - Jazz Combo Credits: 1
- MUS 3830 - Guitar Ensemble Credits: 1
- MUS 3831 - Percussion Chamber Ensemble Credits: 1
- MUS 3832 - Collaborative Piano Credits: 1
- MUS 3833 - Opera Credits: 1
- MUS 3834 - Gamelan Ensemble Credits: 1
- MUS 3835 - African Drum and Dance Ensemble Credits: 1

## Songwriting and Music Production Concentration

The Music Major, B.A. with a concentration in Songwriting and Music Production allows students to enhance their Bachelor of Arts degree with additional courses in songwriting and music production. Students have numerous options to choose from a large range of courses in Music, Media Production, English, and related disciplines. This degree gives students a diverse and interdisciplinary experience that focuses on developing skills in writing songs and producing commercial music.

### Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces.
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.
- Have the technical and artistic ability to perform in areas appropriate to the student's needs and interests, and to work independently and creatively.
- Understand the interdisciplinary aspects of songwriting.
- Utilize various technological tools and concepts used in the production of commercial music.

## Specific Concentration Requirements: 33 credits

Required Courses: 6 credit hours

- MUS 1060 - Basic Music Production **Credits: 2**
- MUS 3070 - Songwriting **Credits: 2**
- MUS 3650 - Basic Techniques of Composition **Credits: 2**

Choose 9 credit hours from the following:

- MUS 2450 - Jazz Improvisation I **Credits: 1**
- MUS 2660 - Electronic Music Composition **Credits: 1**
- MUS 3100 - Counterpoint **Credits: 3**
- MUS 3150 - Arranging and Orchestration **Credits: 2**
- MUS 3160 - Jazz Composition and Arranging **Credits: 1**
- MUS 3660 - Scoring for Film and Television **Credits: 3**
- MUS 3711 - Private Instruction V (Composition) **Credits: 3**

- MUS 4110 - Analysis of Music **Credits: 2**

Choose 9 credit hours from the following:

- ENG 2000 - Introduction to Textual Studies **Credits: 3**
- ENG 2500 - Introduction to Creative Writing **Credits: 3**
- ENG 3140 - Literary Genre: Poetry **Credits: 4** *ENG 2000 prerequisite*
- ENG 3521 - Poetry Writing Workshop **Credits: 4** *ENG 2500 prerequisite or permission*
- ENG 3535 - Essentials of Grant Writing **Credits: 4**
- ENG 4115 - Hip-Hop and Literature **Credits: 4** *ENG 2000 prerequisite*
- MUS 1050 - History of Rock and Roll **Credits: 3**
- MUS 3015 - Global Pop **Credits: 3**
- MUS 3020 - History of Jazz **Credits: 3**
- MUS 3030 - Traditional American Improvised Styles **Credits: 3**
- MUS 3099 - The Beatles: Music and Culture **Credits: 3**
- MUS 4010 - From Blues to Hip Hop: African American Musical Heritage **Credits: 3**

Choose 9 credit hours from the following:

- JMP 1450 - Media Literacy **Credits: 3**
- JMP 2400 - Video Editing I **Credits: 3**
- JMP 2420 - Video Production I **Credits: 3**
- JMP 2430 - Introduction to Media Production **Credits: 3**
- JMP 2450 - Basic Media Production and Leadership **Credits: 3**
- JMP 2800 - Introduction to Audio Production **Credits: 3**
- JMP 3470 - Writing for Interactive Media **Credits: 3**
- JMP 3590 - Streaming Media Technologies **Credits: 3** *JMP 2430 prerequisite*
- MKT 3000 - Principles of Marketing **Credits: 3**
- BUS 1850 - Introduction to Business **Credits: 3**

## Additional Ensemble Hours: 2 credits

Choose 2 credit hours from the following:

- MUS 3816 - Early Music Ensemble Credits: 1
- MUS 3817 - String Sinfonietta Credits: 1
- MUS 3818 - Mariachi Ensemble Credits: 1
- MUS 3819 - Chamber Music Credits: 1
- MUS 3820 - Chorale Credits: 1
- MUS 3821 - University Treble Choir Credits: 1
- MUS 3822 - University Basso Choir Credits: 1

- MUS 3824 - Symphonic Band Credits: 1
- MUS 3825 - Wind Ensemble Credits: 1
- MUS 3826 - Secondary Instrument Band Credits: 1
- MUS 3827 - Symphony Orchestra Credits: 1
- MUS 3828 - Jazz Ensemble Credits: 1
- MUS 3829 - Jazz Combo Credits: 1
- MUS 3830 - Guitar Ensemble Credits: 1
- MUS 3831 - Percussion Chamber Ensemble Credits: 1
- MUS 3832 - Collaborative Piano Credits: 1
- MUS 3833 - Opera Credits: 1
- MUS 3834 - Gamelan Ensemble Credits: 1
- MUS 3835 - African Drum and Dance Ensemble Credits: 1

## Musicology and Ethnomusicology Concentration

The BA in Musicology and Ethnomusicology allows students to pursue the Bachelor of Arts concentration with courses focused on musicology and ethnomusicology. The interdisciplinary nature of this degree enables students to choose courses across a variety of departments including Music, Anthropology, African and African Studies, Chicano/Chicana Studies, English, Gender Studies, Sociology, History, Religion, and Theatre. This allows students to pursue a degree that focuses on academic study in exploring a variety of ways people and cultures express music.

### Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces.
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.
- Have the technical and artistic ability to perform in areas appropriate to the student's needs and interests, and to work independently and creatively.
- Explore music in relation to its historical, cultural, and social context.

## Specific Concentration Requirements: 30 credits

Required Courses: 6 credits

- MUS 1040 - Music, Race, and Power **Credits: 3**
- ANT 1310 - Introduction to Cultural Anthropology **Credits: 3**

Choose 12 credit hours from the following:

- MUS 1050 - History of Rock and Roll **Credits: 3**

- MUS 3000 - Musics of America **Credits: 3**
  - MUS 3015 - Global Pop **Credits: 3**
  - MUS 3020 - History of Jazz **Credits: 3**
  - MUS 3816 - Early Music Ensemble **Credits: 1**
  - MUS 3818 - Mariachi Ensemble **Credits: 1**
  - MUS 3834 - Gamelan Ensemble **Credits: 1**
  - MUS 3835 - African Drum and Dance Ensemble **Credits: 1**
  - MUS 3895 - Hip-Hop Culture and Rap Music **Credits: 3**
  - MUS 4000 - Musics of Latin America **Credits: 3**
  - MUS 4010 - From Blues to Hip Hop: African American Musical Heritage **Credits: 3**
- Choose 12 credit hours from the following:
- AAS 1010 - Introduction to Africana Studies **Credits: 3**
  - ANT 1300 - Asia in Global Perspective **Credits: 3**  
*Prerequisite of ENG 1009 or ENG 1010 or ENG 1020 or ENG 1021*
  - ANT 1400 - Introduction to Folklore **Credits: 3**  
*Prerequisite of ENG 1009 or ENG 1010 or ENG 1020 or ENG 1021*
  - ANT 2330 - Cross-Cultural Communication **Credits: 3**
  - ANT 2350 - African Peoples and Cultures **Credits: 3**
  - ANT 2360 - Living Culture and Language of the Mexican and Chicano **Credits: 3** *Prerequisite of CHS 1000 or CHS 1020*
  - ANT 3320 - Anthropology of Japan **Credits: 3**  
*Prerequisite of ANT 1310*
  - ANT 3379 - Middle Eastern Cultures **Credits: 3**  
*Prerequisite of ENG 1020 or ENG 1310 or PSC 1020*
  - ANT 3391 - Approaching Culture: Past and Present **Credits: 3** *Prerequisite of ANT 1310*

Senior Experience	3 credits

Unrestricted Electives	0-18 credits
<b>Total for the Music Major, B.A.: Musicology and Ethnomusicology Concentration</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Music Major, B.M.

[Department of Music](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

The Bachelor of Music degree prepares students for further graduate studies or for careers as performers, composers, or private studio teachers. Concentrations are available in performance and composition. To be admitted to this program, students must demonstrate the capability of developing a high level of musicianship. For admission to the performance concentration, students must pass the music performance audition upon completion of MUS 1720 - Private Instruction II. For admission to the composition concentration, students must pass a review of their composition portfolio upon completion of MUS 3650 - Basic Techniques of Composition.

### General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

### Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

### General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
  - **Strongly Recommended for the Voice Concentration:** FRE 1010 - Elementary French I, GER 1010 - Elementary German I, or ITA 1010 - Elementary Italian I. These courses serve as prerequisites to degree requirements.
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

### Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
  - **Recommended for the Jazz and American Improvised Music Performance Concentration:** MUS 3020 - History of Jazz which is a requirement for this concentration.

### Core Requirements: 32 credits

The following courses are required for all music majors:

- MUS 0020 - Recital Attendance Credits: 0 \*
- MUS 1110 - Music Theory I Credits: 3
- MUS 1120 - Music Theory Lab I Credits: 1
- MUS 1130 - Music Theory II Credits: 3
- MUS 1140 - Music Theory Lab II Credits: 1
- MUS 161B - Class Piano I Credits: 1 \*\*
- MUS 162B - Class Piano II Credits: 1 \*\*
- MUS 1710 - Private Instruction I Credits: 2 (primary performance area)
- MUS 1720 - Private Instruction II Credits: 2 (primary performance area)

- MUS 2110 - Music Theory III Credits: 3
- MUS 2120 - Music Theory Lab III Credits: 1
- MUS 2130 - Music Theory IV Credits: 3
- MUS 2140 - Music Theory Lab IV Credits: 1
- MUS 3050 - Musics of the World Credits: 3
- MUS 3210 - Western Music History I Credits: 3
- MUS 3220 - Western Music History II Credits: 3

Select one credit hour from the following options:

- MUS 3818 - Mariachi Ensemble Credits: 1
- MUS 3834 - Gamelan Ensemble Credits: 1
- MUS 3835 - African Drum and Dance Ensemble Credits: 1

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

*\*\*Students whose primary instrument is piano must substitute MUS 261B and MUS 262B, Class Piano III and IV, for MUS 161B and MUS 162B, Class Piano I and II, in the core requirements listed above.*

- MUS 0020 - Recital Attendance Credits: 0 (six additional semesters)\*
- MUS 1210 - Introduction to Musical Styles and Research Credits: 2
- MUS 1650 - Basic Music Technology Credits: 1
- MUS 2730 - Performance III Credits: 3 (Primary Performance Area)
- MUS 2740 - Performance IV Credits: 3 (Primary Performance Area)
- MUS 3150 - Arranging and Orchestration Credits: 2
- MUS 3510 - Basic Conducting Credits: 2
- MUS 3640 - Improvisation Credits: 1
- MUS 3730 - Performance V Credits: 3 (Primary Performance Area)
- MUS 3740 - Performance VI Credits: 3 (Primary Performance Area)
- MUS 4020 - Senior Seminar in Music Credits: 1
- MUS 4730 - Performance VII (Primary Performance Area) Credits: 3
- MUS 4800 - Seminar in Music Repertoire Credits: 2
- Upper-division elective in Music Theory, History, Literature or Pedagogy Credits: 3

## Woodwinds, Brass, Strings, and Percussion Performance Concentrations

For admission to the performance concentration, students must pass the music performance audition upon completion of MUS 1720 - Private Instruction II.

### Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.
- Have the technical and artistic ability to perform in areas appropriate to the student's needs and interests, and to work independently and creatively.
- The ability to perform a cross-section of musical styles from the complete repertory of the particular performance medium including music of their own time.

### Specific Concentration Requirements: 29 credits

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

### Select one of the following courses: 1 credit

- MUS 3410 - String Techniques and Pedagogy Credits: 1
- MUS 3430 - Woodwind Techniques and Pedagogy Credits: 1
- MUS 3450 - Brass Techniques and Pedagogy Credits: 1
- MUS 3460 - Percussion Techniques and Pedagogy Credits: 1

### Ensemble Requirements: 12 credits

*Students must complete 12 credits of ensembles.*

### Woodwind, Brass, and Percussion Concentration

Six hours:

- MUS 3824 - Symphonic Band Credits: 1
  - MUS 3825 - Wind Ensemble Credits: 1
- MUS 3825: Wind Ensemble requires an audition. Students must complete the requirement with a grade of "C-" or better in order to be eligible to continue to enroll in individual instruction.*

Two hours:

- MUS 3827 - Symphony Orchestra Credits: 1  
*Students must complete the requirement with a grade of "C- " or better in order to be eligible to continue to enroll in individual instruction.*  
Note: B.M in Music performance with saxophone as the principle instrument may take two semester of either MUS 3827 - Symphony Orchestra, or MUS 3828 - Jazz Ensemble.

Four hours:

- MUS 3819 - Chamber Music Credits: 1

## Strings Concentration

Eight hours:

- MUS 3817 - String Sinfonietta Credits: 1
- MUS 3827 - Symphony Orchestra Credits: 1  
*MUS 3827: Symphony Orchestra requires an audition. Students must complete the requirement with a grade of "C- " or better in order to be eligible to continue to enroll in individual instruction.*

Four hours:

- MUS 3819 - Chamber Music Credits: 1

## Collaborative Pianist Requirement: Woodwind, Brass, and String Concentration: 1 credit

- MUS 4100 - Recital Preparation with the Collaborative Pianist Credits: 1

## Senior Experience: 3 credits

- MUS 4740 - Senior Recital Performance Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Requirements	32 credits
Specific Concentration Requirements	29 credits
Selected Pedagogy Course	1 credit

Ensemble Requirements	12 credits
Collaborative Pianist Requirement: Woodwind, Brass, and Strings	1 credit
Senior Experience	3 credits
Unrestricted Electives	6-12 credits
<b>Total for the Music Major, B.M., Woodwinds, Brass, Strings, and Percussion Performance Concentrations</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Piano and Guitar Performance Concentration

For admission to the performance concentration, students must pass the music performance audition upon completion of MUS 1720 - Private Instruction II.

## Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.

- MUS 4731 - Private Instruction VII (Composition) Credits: 3
- MUS 4741 Performance VIII (Composition) Credits: 3
- MUS 4110 - Analysis of Music Credits: 2

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

Choose three credit hours from the following:

- MUS 161A - Class Voice I Credits: 1
- MUS 162A - Class Voice II Credits: 1
- MUS 161K - Class Guitar I Credits: 1
- MUS 162K - Class Guitar II Credits: 1
- MUS 261B - Class Piano III Credits: 1
- MUS 262B - Class Piano IV Credits: 1
- MUS 3410 - String Techniques and Pedagogy Credits: 1
- MUS 3430 - Woodwind Techniques and Pedagogy Credits: 1
- MUS 3450 - Brass Techniques and Pedagogy Credits: 1
- MUS 3460 - Percussion Techniques and Pedagogy Credits: 1

## Ensembles: 8 credits

Students choose a major ensemble that corresponds to their primary instrument.

Five hours:

- MUS 3817 - String Sinfonietta Credits: 1
  - MUS 3820 - Chorale Credits: 1
  - MUS 3821 - University Treble Choir Credits: 1
  - MUS 3822 - University Basso Choir Credits: 1
  - MUS 3824 - Symphonic Band Credits: 1
  - MUS 3825 - Wind Ensemble Credits: 1
  - MUS 3827 - Symphony Orchestra Credits: 1
  - MUS 3828 - Jazz Ensemble Credits: 1
  - MUS 3829 - Jazz Combo Credits: 1
- MUS: 3820 Chorale, MUS 3825: Wind Ensemble, MUS 3827: Symphony Orchestra, and MUS 3828: Jazz Ensemble require an audition. Students must complete the requirement with a grade of "C-" or better to be eligible to continue to enroll in individual instruction.*

## Three Hours:

- MUS 3817 - String Sinfonietta Credits: 1
- MUS 3818 - Mariachi Ensemble Credits: 1
- MUS 3819 - Chamber Music Credits: 1
- MUS 3820 - Chorale Credits: 1

*MUS: 3820 Chorale requires an audition.*

- MUS 3821 - University Treble Choir Credits: 1
- MUS 3822 - University Basso Choir Credits: 1
- MUS 3823 - Auraria Choir Credits: 1
- MUS 3824 - Symphonic Band Credits: 1
- MUS 3825 - Wind Ensemble Credits: 1  
MUS 3825: Wind Ensemble requires an audition
- MUS 3826 - Secondary Instrument Band Credits: 1
- MUS 3827 - Symphony Orchestra Credits: 1  
MUS 3827: Symphony Orchestra requires an audition.
- MUS 3828 - Jazz Ensemble Credits: 1  
MUS 3828: Jazz Ensemble requires an audition.
- MUS 3829 - Jazz Combo Credits: 1
- MUS 3834 - Gamelan Ensemble Credits: 1
- MUS 3835 - African Drum and Dance Ensemble Credits: 1

## Senior Experience: 3 credits

- MUS 4960 - Senior Composition Project Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Requirements	32 credits
Specific Concentration Requirements	36 credits
Ensemble Requirements	8 credits
Senior Experience	3 credits
Unrestricted Electives	6-11 credits
<b>Total for the Music Major, B.M., Composition Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Multiple Woodwinds Concentration

For admission to the multiple woodwinds performance concentration, students must pass the music performance audition upon completion of MUS 1710 - Private Instruction I on a total of three different instruments (flute, oboe, clarinet, bassoon, or saxophone).

## Student Outcomes

- Be able to hear, identify, and work conceptually with the elements of music: rhythm, melody, harmony, and structure, and to be able to sight read music with fluency.
- Understand compositional processes, aesthetic properties of style, and the ways these shape and are shaped by artistic and cultural forces.
- Have experienced a wide selection of musical styles, traditions, and compositions from a variety of sources through study, participation, and exposure through live performances.
- Have the technical and artistic ability to perform in areas appropriate to the student's needs and interests, and to work independently and creatively.
- The ability to perform a cross-section of musical styles from the complete repertory of the particular performance medium including music of their own time.
- The ability to perform a cross-section of musical styles on at least three instruments from the complete repertory of performance mediums including music of their own time.

## Specific Concentration Requirements: 37 credits

- MUS 1210 - Introduction to Musical Styles and Research Credits: 2
- MUS 1650 - Basic Music Technology Credits: 1
- MUS 2730 - Performance III Credits: 3  
*Students will take MUS 2730: Performance III on their primary instrument (flute, clarinet, saxophone, oboe, or bassoon) and two additional woodwind instruments (flute, clarinet, saxophone, oboe, or bassoon). (9 credit hours total.)*
- MUS 2740 - Performance IV Credits: 3  
*Students will take MUS 2740: Performance IV on their primary instrument (flute, clarinet, saxophone, oboe, or bassoon) and two additional woodwind instruments (flute, clarinet, saxophone, oboe, or bassoon). (9 credit hours total.)*
- MUS 3150 - Arranging and Orchestration Credits: 2
- MUS 3430 - Woodwind Techniques and Pedagogy Credits: 1
- MUS 3510 - Basic Conducting Credits: 2
- MUS 3730 - Performance V Credits: 3
- MUS 3740 - Performance VI Credits: 3
- MUS 4730 - Performance VII (Primary Performance Area) Credits: 3
- MUS 4800 - Seminar in Music Repertoire Credits: 2

## Ensembles: 12 credits

Students enrolled in private lessons must enroll in the appropriate major ensemble during each semester of private instruction.

Choose six credit hours from the following:

- MUS 3824 - Symphonic Band Credits: 1
- MUS 3825 - Wind Ensemble Credits: 1

Four credit hours:

- MUS 3819 - Chamber Music Credits: 1

Two credit hours:

- MUS 3827 - Symphony Orchestra Credits: 1

## Senior Experience: 3 credits

- MUS 4740 - Senior Recital Performance Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Requirements	32 credits
Specific Concentration Requirements	37 credits
Ensemble Requirements	12 credits
Senior Experience	3 credits
Unrestricted Electives	3 credits
<b>Total for the Music Major, B.M., Multiple Woodwinds Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Music Minor

Required Courses	21
Ensembles	2
<i>Total hours required</i>	<i>23</i>

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

- MUS 0020 - Recital Attendance Credits: 0 (two semesters)\*
- MUS 1110 - Music Theory I Credits: 3
- MUS 1120 - Music Theory Lab I Credits: 1
- MUS 1130 - Music Theory II Credits: 3
- MUS 1140 - Music Theory Lab II Credits: 1
- MUS 161B - Class Piano I Credits: 1 \*\*
- MUS 162B - Class Piano II Credits: 1 \*\*
- MUS 1710 - Private Instruction I Credits: 2 (Primary Performance Area)
- MUS 1720 - Private Instruction II Credits: 2 (Primary Performance Area)
- MUS 3050 - Musics of the World Credits: 3
- Upper-Division Electives in Music Theory, History, Literature, or Pedagogy Credits: 4

**Subtotal: 21 credits**

### Note:

*\*Students must enroll during each semester of individual instruction, and complete the requirement with a "Satisfactory" grade in order to be eligible to continue to enroll in individual instruction.*

*\*\*Students whose primary instrument is piano must substitute MUS 261B and MUS 262B, Class Piano III and IV, for MUS 161B and MUS 162B, Class Piano I and II, in the core requirements listed above.*

## Ensembles

Select two credit hours from the following\*:

- MUS 3828 - Jazz Ensemble **Credits: 1**
- MUS 3829 - Jazz Combo **Credits: 1**  
*For students whose primary instrument is jazz guitar, jazz bass, jazz drum set, or jazz piano, the major ensemble is MUS 3828: Jazz Ensemble or MUS 3829: Jazz Chamber Music, as assigned by the Director of Jazz Studies.*
- MUS 3820 - Chorale **Credits: 1**
- MUS 3821 - University Treble Choir **Credits: 1**
- MUS 3822 - University Basso Choir **Credits: 1**  
*For students whose primary instrument is voice, the major ensemble is choir (MUS 3820: Chorale, MUS 3822: Men's Choir, or MUS 3821: Women's Choir) as assigned by the Director of Choral Activities.*
- MUS 3824 - Symphonic Band **Credits: 1**
- MUS 3825 - Wind Ensemble **Credits: 1**  
*For students whose primary instrument is woodwinds, brass, or percussion, the major ensemble is band (MUS 3825: Wind Ensemble or MUS 3824: Symphonic Band) as assigned by the Director of Band Activities.*

- MUS 3817 - String Sinfonietta **Credits: 1**
- MUS 3827 - Symphony Orchestra **Credits: 1**  
*For students whose primary instrument is strings, the major ensemble is orchestra (MUS 3817: String Sinfonietta or MUS 3827: Symphony Orchestra), as assigned by the Director of Orchestral Activities.*
- MUS 3832 - Collaborative Piano **Credits: 1**  
*For students whose primary instrument is piano or organ, the major ensemble is MUS: 3828 Collaborative Piano.*
- MUS 3830 - Guitar Ensemble **Credits: 1**  
*For students whose primary instrument is guitar, the major ensemble is MUS 3830: Guitar Ensemble.*

**Subtotal: 2 credits**

### Notes:

*\*This course may be repeated for credit. Students are encouraged to enroll in a variety of ensembles outside of their major area of study. Students enrolled in private lessons must enroll in the appropriate major ensemble during each semester of individual instruction and must complete the requirement with a grade of "C-" or better in order to remain eligible to continue to enroll in individual instruction.*

## Department of Philosophy

Location: Central Classroom Building, Room 303

Phone: 303-615-0900

E-Mail:

Website: [Philosophy Department Website](#)

### Philosophy Major, B.A.

[Department of Philosophy](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

The major in Philosophy emphasizes and reinforces general skills, both critical and creative, that will serve as a basis for further studies, in a field such as law or public policy, or professional careers, including management and government. The departmental publication *Philosophy at MSU Denver* contains further particulars, including information about the course distribution areas referenced below. Undergraduates preparing for graduate study in philosophy

should plan their academic program in close consultation with a department advisor.

## Student Outcomes

Upon completion of this program, students will be able to:

*Thesis:* Demonstrate the ability to state a thesis and create (in writing or orally) an argument for a philosophical position.

*Interpretation:* Recognize and explain a philosophical issue or problem and identify possible solutions.

*Logic/Language:* Recognize the structures of linguistic units by which they can become parts of formal arguments; demonstrate their validity or invalidity; and recognize different theories about both the formal and informal features of language by which language can be "about" the world.

*History:* Name and relate major positions, issues and figures and inscribe them within the historical continuity of disciplinary conversation.

*Analysis:* Analyze philosophical texts in order to break the argument, idea, or problem into its basic parts.

*Critique:* Assess strengths and weaknesses of philosophical argument; and consider/compare objections and counterarguments.

*Research:* Demonstrate the ability to locate relevant philosophical sources (especially "secondary literature") when information is needed; evaluate the authenticity and reliability of resources applied to a specific purpose; apply this research in a sustained philosophical argument.

*Synthesis:* Synthesize relevant philosophical views; and formulate sustained and considered philosophical arguments, including evaluating objections and counterarguments.

*Diverse Perspectives:* Recognize the contributions to disciplinary conversations from either authors outside the standard "Western Philosophical Tradition" or from people of color, women, or other minorities in the field.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Core Courses: 9 credits

### Area One: Logic: 3 credits

- PHI 2440 - Symbolic Logic Credits: 3

### Area Two: History: 6 credits

- PHI 3000 - Ancient Greek and Roman Philosophy Credits: 3
- PHI 3020 - Early Modern Philosophy: Europe and the Americas Credits: 3

## Additional Distribution Requirements: 18 credits

### Area Three: Knowledge and Reality: 6 credits

Choose two of the following courses:

- PHI 3040 - Algorithms, Rationality, and Beliefs Credits: 3
- PHI 3120 - Philosophy of Language Credits: 3
- PHI 3320 - Metaphysics Credits: 3
- PHI 3330 - Epistemology Credits: 3
- PHI 3400 - Philosophy of Science Credits: 3
- PHI 3510 - Phenomenology Credits: 3
- PHI 3530 - Philosophy of Mind Credits: 3
- PHI 3550 - Existentialism Credits: 3

## Area Four: Value: 6 credits

Choose two of the following courses:

- PHI 3150 - Social and Political Philosophy Credits: 3
- PHI 3350 - Ethical Theories Credits: 3
- PHI 3360 - Business Ethics Credits: 3
- PHI 3370 - Computers, Ethics, and Society Credits: 3
- PHI 3380 - Science and Human Values: Variable Topics Credits: 3
- PHI 3390 - Aesthetics Credits: 3
- PHI 3430 - Philosophy of Law Credits: 3
- PHI 3450 - Human Nature and Conduct: Variable Topics Credits: 3
- PHI 3460 - Environmental Ethics Credits: 3
- PHI 3570 - Hermeneutics Credits: 3
- PHI 3700 - Philosophy and the Arts: Variable Topics Credits: 3

## Area Five: Diverse Perspectives: 3 credits

Choose one of the following courses:

- PHI 3010 - History of Medieval Philosophy: Islamic, Jewish, and Christian Voices Credits: 3
- PHI 3170 - Early Modern Women Philosophers Credits: 3
- PHI 3180 - Feminist Philosophy Credits: 3
- PHI 3340 - Philosophy of Race Credits: 3
- RLG 3410 - South and East Asian Philosophies and Religions: Variable Topics Credits: 3
- Other courses will satisfy this requirement depending on their content in a particular iteration.

## Area Six: Further Historical Movements, Figures, and Periods: 3 credits

Choose one of the following courses:

- PHI 3010 - History of Medieval Philosophy: Islamic, Jewish, and Christian Voices Credits: 3
- PHI 3050 - Special Topics in the History of Philosophy: Variable Topics Credits: 3
- PHI 3170 - Early Modern Women Philosophers Credits: 3

- PHI 3480 - Histories of Desire: Variable Topics Credits: 3
- PHI 3810 - Major Philosophers: Variable Topics Credits: 3
- RLG 3410 - South and East Asian Philosophies and Religions: Variable Topics Credits: 3
- RLG 3610 - Religious Studies: Variable Topics Credits: 3

## Philosophy Electives: 6 credits

Select two additional philosophy electives (of which one may be lower division).

## Senior Experience: 3 credits

- PHI 4100 - Senior Seminar Credits: 3

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Required Courses	9 credits
Additional Requirements	18 credits
Philosophy Electives	6 credits
Senior Experience	3 credits
Unrestricted Electives	48-60 credits
<b>Total for the Philosophy Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Philosophy Minor*

The minor in Philosophy gives students the skills to analyze complex issues, communicate clearly and accurately, and think logically. It helps prepare students for a variety of careers, especially in law, public policy, nonprofits, writing, etc.

This minor is a very flexible program designed to enhance a number of possible majors, including those that focus on writing, historical knowledge, and/or textual interpretation, including Anthropology, English, History, Political Science, Psychology, Sociology, or Gender Studies. Given that it hones critical thinking skills, also compliments majors that do not focus on writing and/or textual interpretation, such as majors in STEM or professional degrees.

With the minor in Philosophy, students will also meet General Studies requirements for Arts and Humanities and Oral Communication.

A letter grade of "C-" or better is necessary in each of the required core courses.

This program can be taken online, hybrid, or in person.

## Required Core Courses

- PHI 1010 - The Big Questions: An Introduction to Philosophy **Credits: 3**
- PHI 1030 - Thinking about Ethics: Morality and the Good Life **Credits: 3**
- or
- PHI 1060 - Ethics in Medicine and Science **Credits: 3**
- or
- PHI 1080 - Philosophy of Protest **Credits: 3**
- PHI 1110 - Language, Logic & Persuasion **Credits: 3**
- PHI 3000 - Ancient Greek and Roman Philosophy **Credits: 3**
- or
- PHI 3020 - Early Modern Philosophy: Europe and the Americas **Credits: 3**

**Subtotal: 12 credits**

## Additional Philosophy Upper-division Electives

Upper-division electives should be chosen in consultation with the department.

**Subtotal: 9 credits**

Total for Minor: 21 credits

## *Religious Studies Minor*

In the Religious Studies minor, students examine different religious ways of life, across historical periods and cultures, and explore the ethical, sociocultural, and philosophical questions that religious teachings and practices raise.

Students develop their understanding of the effects of religious traditions and religious thought on our world, promoting the goals of cultural diversity and global awareness. The cultural examination and openness that students develop is advantageous for careers in international business, teaching, diplomacy, religious institutions, law, medicine, public policy or social work, among others.

A letter grade of "C-" or better is necessary in each of the required core courses.

This program can be taken online, hybrid, or in person.

## Required Core Courses

- RLG 1040 - Asian Religions Credits: 3 \*
- RLG 1050 - Judaism, Christianity, Islam Credits: 3 \*
- RLG 1090 - Religion, Justice, and Liberation Movements Credits: 3 \*
- PHI 2040 - Philosophy of Religion Credits: 3 \*

**Subtotal: 12 credits**

## Additional Interdisciplinary Electives

Two of the following:

- ANT 3386 - Religious Narratives and Culture Credits: 3 \*
- ANT 3640 - Holy Land Archaeology Credits: 3 \*
- CHS 2600 - Chicana/o and Latina/o Religious Cultures Credits: 3 \*
- ENG 3430 - Classical Mythology Credits: 4 \*
- ENG 3440 - Myth and Literature Credits: 4 \*
- GWS 3910 - Women's Spirituality Credits: 3 \*
- HIS 1032 - Islam in History: From the Prophet to the Present Credits: 3 \*
- HIS 3120 - Medieval Europe and its Neighbors Credits: 3 \*
- HIS 3170 - Early Christianity to 500 C.E. Credits: 3 \*
- HIS 3683 - American Religious History Credits: 3 \*
- PHI 3010 - History of Medieval Philosophy: Islamic, Jewish, and Christian Voices Credits: 3 \*
- SOC 3910 - Sociology of Religion Credits: 3 \*

**Subtotal: 6 credits**

## Additional Religious Studies Upper-division Electives

Take one of the following for 3 credit hours:

- RLG 3410 - South and East Asian Philosophies and Religions: Variable Topics Credits: 3 \*
- RLG 3610 - Religious Studies: Variable Topics Credits: 3 \*

**Subtotal: 3 credits**

**Total for Minor: 21 credits**

## Note

\* Course has additional prerequisites.

## Department of Physics

Location: Plaza Building, Room 262

Phone: 303-615-1110

Website: [Physics Department Website](#)

### Physics Major, B.A.

[Department of Physics](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

The Department of Physics at the Metropolitan State University of Denver offers programs leading to a Bachelor of Science in Physics, a Bachelor of Arts in Physics, and a minor in physics. We also offer a Bachelor of Arts in Physics with Science Licensure. We offer introductory courses designed for both STEM majors as well as for the enrichment of non-science majors, including introductory physics, astronomy, and cosmology. We prepare our physics majors for graduate study in a wide range of disciplines including physics, astronomy, engineering, and science education, and for successful employment in technologically oriented industries. Our faculty are outstanding classroom teachers, bringing rigorous coursework, laboratory experience, advising and mentoring to our students. They maintain professional currency and engage in scholarly activities through involvement in undergraduate research, personalized professional development programs, and projects associated with teaching and learning. We seek to increase the science literacy of the Denver community through science outreach and an increasingly strong role in the education of future teachers.

### Student Outcomes

- develop mathematical skills that facilitate their understanding of the fundamental principles of physics and enable problem solving.
- apply advanced mathematical techniques (understanding vectors in multiple coordinate systems, solving differential equations, and basic computational skills).
- use standard laboratory equipment to collect data and perform quantitative evaluations of the experimental outcome.

- communicate the process and outcomes of scientific experiments using scientifically sound reports including posters, papers, and oral presentations.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Ancillary Courses: 12 credits

- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4
- MTH 2420 - Calculus III Credits: 4

## Required Courses: 25 credits

- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1
- PHY 2331 - General Physics II Credits: 4
- PHY 2341 - General Physics II Laboratory Credits: 1
- PHY 2821 - Sophomore Physics Laboratory Credits: 1
- PHY 3111 - Modern Physics I Credits: 4
- PHY 3121 - Modern Physics II Credits: 3
- PHY 3231 - Vibrations, Waves, and Mathematical Methods Credits: 4
- PHY 3711 - Junior Physics Laboratory Credits: 2
- PHY 4921 - Physics Senior Seminar Credits: 1

## Electives: 8 credits

A minimum of 8 additional semester hours of upper-division physics courses, two (2) hours of which must be from either PHY 4611 or PHY 4711.

- PHY 3082 - Energy and Environment Credits: 3
- PHY 3311 - Analytical Mechanics Credits: 4
- PHY 3341 - Electricity and Magnetism I Credits: 4
- PHY 3411 - Thermal Physics Credits: 3
- PHY 3811 - Quantum Physics I Credits: 4
- PHY 4040 - Planetary Physics Credits: 3
- PHY 4050 - Astrophysics Credits: 3
- PHY 4330 - Electricity and Magnetism II Credits: 3
- PHY 4510 - Optics Credits: 3
- PHY 4650 - Solid State Physics Credits: 3
- PHY 4810 - Quantum Physics II Credits: 3
- PHY 4820 - Subatomic Physics Credits: 3
- PHY 4950 - General Relativity Credits: 3

## Senior Experience: 3 credits

Students select a total of 3 credits for Senior Experience from the following:

- PHY 4611 - Computational Physics Credits: 3
- PHY 4711 - Senior Physics Laboratory Credits: 2
- PHY 4921 - Physics Senior Seminar Credits: 1

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Ancillary Courses	12 credits
Required Courses	25 credits
Major Electives	8 credits
Senior Experience	counted elsewhere in major
Unrestricted Electives	39-51 credits
<b>Total for the Physics Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Physics Major, B.A. with Secondary Science Teacher Licensure Concentration*

[Department of Physics](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

### About the Program

The Department of Physics at the Metropolitan State University of Denver offers programs leading to a Bachelor of Science in Physics, a Bachelor of Arts in Physics, and a minor in physics. We also offer a Bachelor of Arts in Physics with Secondary Science Teacher Licensure. We offer introductory courses designed for both STEM majors as well as for the enrichment of non-science majors, including introductory physics, astronomy, and cosmology. We prepare our physics majors for graduate study in a wide range of disciplines including physics, astronomy, engineering, and science education, and for successful employment in technologically oriented industries. Our faculty are outstanding classroom teachers, bringing rigorous coursework, laboratory experience, advising and mentoring to our students. They maintain professional currency and engage in scholarly activities through involvement in undergraduate research, personalized professional development programs, and projects associated with teaching and learning. We seek to increase the science literacy of the Denver community through science outreach and an increasingly strong role in the education of future teachers.

Degree seeking candidates who wish to obtain Colorado teacher licensure for Secondary Science Education with a major in Physics must earn a Bachelor of Arts (BA) degree. Included in the requirements for the Physics major with a concentration in Secondary

Science teaching is a core curriculum designed to ensure that the Physics education program meets the Colorado Science Licensure Standards and addresses the objectives of the General Science content area examination. The core curriculum adds a firm foundation in Biology, Chemistry, Earth and Space Science, and Mathematics. The Colorado Academic Standards are strongly emphasized within the curriculum. The core curriculum is supported by the depth of the major in Physics.

## Student Outcomes

### Secondary Education

- Students in Secondary/K-12 Education teacher licensure programs will demonstrate awareness of multiculturalism, diversity, equity, and inclusion.
- Students in Secondary/K-12 Education teacher licensure program will gain readiness and eligibility for student teaching
- Teacher candidates will successfully complete student teaching

### Physics Major B.A.

- Develop mathematical skills that facilitate their understanding of the fundamental principles of physics and enable problem solving.
- Apply advanced mathematical techniques (understanding vectors in multiple coordinate systems, solving differential equations, and basic computational skills).
- Use standard laboratory equipment to collect data and perform quantitative evaluations of the experimental outcome.
- Communicate the process and outcomes of scientific experiments using scientifically sound reports including posters, papers, and oral presentations.
- Demonstrate content and pedagogical expertise in teaching science.
- Plan and deliver effective instructions in science to the diverse body of students.
- Demonstrate knowledge of language acquisition and culturally linguistically diverse learners.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 123 semester hours are required for graduation.

- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- A minimum GPA of 2.75 in the Physics Major and Additional Content Courses for Secondary Science Licensure is needed to apply for student teaching.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
  - **Recommended:** MTH 1410 - Calculus I (Note: this course also meets the Mathematics requirements for Additional Content Courses for Secondary Science Licensure. Depending on the course selected, this category may exceed 3 credits.)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
  - **Recommended:** this category of General Studies can also be met by courses required in Additional Content Courses for Secondary Science Licensure. Depending on the course selected, this category may exceed 6 credits.
- Social and Behavioral Sciences (6 credits)
  - **Recommended:** EDS 3130 - Foundations of Educational Psychology and Philosophy
  - **Recommended:** EDS 3150 - Critical Sociocultural Lenses for Teachers

Note: these courses also meets the requirements in Foundation and Methods courses for Secondary Education. Depending on the course selected, this category may exceed 6 credits.
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

- Students can fulfill this requirement with EDS 3150 - Critical Sociocultural Lenses for Teachers.

## Physics Major Core Courses: 32 credits

- MTH 2420 - Calculus III Credits: 4
- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1
- PHY 2331 - General Physics II Credits: 4
- PHY 2341 - General Physics II Laboratory Credits: 1
- PHY 3231 - Vibrations, Waves, and Mathematical Methods Credits: 4
- PHY 3111 - Modern Physics I Credits: 4
- PHY 2821 - Sophomore Physics Laboratory Credits: 1
- PHY 3121 - Modern Physics II Credits: 3
- PHY 3711 - Junior Physics Laboratory Credits: 2
- PHY 4921 - Physics Senior Seminar Credits: 1
- SCI 3950 - Teaching Science in Secondary Schools Credits: 3

## Additional Courses for Secondary Science Licensure: 33 credits

All students must complete courses in the following disciplines to prepare to teach Secondary Science. Ten or more credits in this category can also satisfy General Studies requirements for Quantitative Literacy and Natural and Physical Sciences.

### Biology Requirements (8 credits):

- BIO 1080 - General Biology I Credits: 3
- BIO 1081 - General Biology II Credits: 3
- BIO 1090 - General Biology Laboratory I Credits: 1
- BIO 1091 - General Biology Laboratory II Credits: 1

### Chemistry Requirements (10 credits):

- CHE 1800 - General Chemistry I Credits: 4
- CHE 1801 - General Chemistry I Laboratory Credits: 1
- CHE 1810 - General Chemistry II Credits: 4
- CHE 1811 - General Chemistry II Laboratory Credits: 1

### Earth Space Science Requirements (7 credits):

- GEL 1010 - Physical Geology Credits: 4

Select one of the following courses:

- MTR 1400 - Weather and Climate Credits: 3
- OR
- GEG 1100 - Introduction to Physical Geography Credits: 3

### Mathematics Requirements (8 credits):

- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4

## Foundation and Methods Courses for Secondary Education: 28 credits

All the courses in the this area are required for Secondary Science Licensure. Some course pairs must be taken together; please see an advisor in the School of Education for more detail on recommended sequence.

- EDS 3130 - Foundations of Educational Psychology and Philosophy Credits: 4 \*
- EDS 3140 - First Field Experience in Secondary Education Credits: 1 \*  
[EDS 3130 and EDS 3140 must be taken concurrently.]
- EDS 3150 - Critical Sociocultural Lenses for Teachers Credits: 3 \*
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools Credits: 3 \*\*
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools Credits: 1 \*\*  
[EDS 3210 and EDS 3240 must be taken concurrently.]
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- CLD 3910 - Assessment of English Language Learners Credits: 3
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools Credits: 3 \*\*
- SCI 3960 - Field Experience in Teaching Science in Secondary Schools Credits: 1  
[SCI 3950 (listed in the major) and SCI 3960 must be taken concurrently]
- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12 \*\*

*\* Requires at least provisional admission to the School of Education*

*\*\*Requires formal admission to the School of Education*

## Senior Experience: 12 credits

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 Credits: 6,12

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Physics Major Core Courses	32 credits
Additional Courses for Secondary Science Licensure	33 credits
Foundation and Methods Courses for Secondary Education	28 credits
Senior Experience	12 credits
<b>Total for the Physics Major, B.A. with Secondary Science Teacher Licensure Concentration</b>	<b>123 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.

## Physics Major, B.S.

[Department of Physics](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Department of Physics at the Metropolitan State University of Denver offers programs leading to a Bachelor of Science in Physics, a Bachelor of Arts in Physics, and a minor in physics. We also offer a Bachelor of Arts in Physics with Science Licensure. We offer introductory courses designed for both STEM majors as well as for the enrichment of non-science majors, including introductory physics, astronomy, and cosmology. We prepare our physics majors for graduate study in a wide range of disciplines including physics, astronomy, engineering, and science education, and for successful employment in technologically oriented industries. Our faculty are outstanding classroom teachers, bringing rigorous coursework, laboratory experience, advising and mentoring to our students. They maintain professional currency and engage in scholarly activities through involvement in undergraduate research, personalized professional development programs, and projects associated with teaching and learning. We seek to increase the science literacy of the

Denver community through science outreach and an increasingly strong role in the education of future teachers.

## Student Outcomes

- develop mathematical skills that facilitate their understanding of the fundamental principles of physics and enable problem solving.
- apply advanced mathematical techniques (understanding vectors in multiple coordinate systems, solving differential equations, and basic computational skills).
- use standard laboratory equipment to collect data and perform quantitative evaluations of the experimental outcome.
- communicate the process and outcomes of scientific experiments using scientifically sound reports including posters, papers, and oral presentations.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Ancillary Courses: 16 credits

- MTH 1410 - Calculus I Credits: 4
- MTH 2410 - Calculus II Credits: 4
- MTH 2420 - Calculus III Credits: 4
- MTH 3420 - Differential Equations Credits: 4

## Required Courses: 42 credits

- PHY 2311 - General Physics I Credits: 4
- PHY 2321 - General Physics I Laboratory Credits: 1
- PHY 2331 - General Physics II Credits: 4
- PHY 2341 - General Physics II Laboratory Credits: 1
- PHY 2821 - Sophomore Physics Laboratory Credits: 1
- PHY 3111 - Modern Physics I Credits: 4
- PHY 3121 - Modern Physics II Credits: 3
- PHY 3231 - Vibrations, Waves, and Mathematical Methods Credits: 4
- PHY 3341 - Electricity and Magnetism I Credits: 4
- PHY 3311 - Analytical Mechanics Credits: 4
- PHY 3411 - Thermal Physics Credits: 3
- PHY 3711 - Junior Physics Laboratory Credits: 2
- PHY 3811 - Quantum Physics I Credits: 4
- PHY 4711 - Senior Physics Laboratory Credits: 2
- PHY 4921 - Physics Senior Seminar Credits: 1

Select one of the following tracks: 5-6 credits

### Applied Physics Track:

- PHY 4510 - Optics Credits: 3
- PHY 4650 - Solid State Physics Credits: 3

Astrophysics Track: Two of the following electives:

- AST 3141 - Astronomical Techniques I Credits: 3
- PHY 4040 - Planetary Physics Credits: 3
- PHY 4050 - Astrophysics Credits: 3
- PHY 4950 - General Relativity Credits: 3

### Fundamentals of Physics Track:

Any five credits of upper-division electives are allowed, with the exception of PHY 3620 and AST 3040. If all three of PHY 4650, PHY 4810, and PHY 4820 are taken (for 9 cr), then Modern Physics II (PHY 3011, 3 cr) is *not* required as these classes cover the same material but with a higher level of rigor.

- AST 3141 - Astronomical Techniques I Credits: 3
- PHY 4040 - Planetary Physics Credits: 3
- PHY 4050 - Astrophysics Credits: 3
- PHY 4330 - Electricity and Magnetism II Credits: 3
- PHY 4510 - Optics Credits: 3
- PHY 4650 - Solid State Physics Credits: 3
- PHY 4810 - Quantum Physics II Credits: 3
- PHY 4820 - Subatomic Physics Credits: 3
- PHY 4950 - General Relativity Credits: 3

### Senior Experience: 3 credits

- PHY 4611 - Computational Physics Credits: 3

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Ancillary Courses	16 credits
Required Courses	42 credits
Selected Track	5-6 credits
Senior Experience	3 credits
Unrestricted Electives	17-30 credits
<b>Total for the Physics Major, B.S.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.**

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

**Subtotal: 5 credits**

## Physics Minor

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required. Also note that per university policy at least three 3000 or 4000 level credits are required for a minor.

### Required Courses:

Physics utilizes practical math to make predictions about the natural world. A minor in physics cements the experimental expertise that scientists require and provides a strong basis for understanding how science is applied in society.

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

- PHY 2311 - General Physics I **Credits: 4**
- PHY 2321 - General Physics I Laboratory **Credits: 1**
- PHY 2331 - General Physics II **Credits: 4**
- PHY 2341 - General Physics II Laboratory **Credits: 1**
- PHY 3111 - Modern Physics I **Credits: 4**

**Subtotal: 14 credits**

### Electives

A minimum of 5 additional semester hours, including at least 3 upper division (3000+ level) credits, must be selected from the following list:

- AST 3141 - Astronomical Techniques I **Credits: 3**
- PHY 3231 - Vibrations, Waves, and Mathematical Methods **Credits: 4**
- PHY 3111 - Modern Physics I **Credits: 4**
- PHY 2821 - Sophomore Physics Laboratory **Credits: 1**
- PHY 3311 - Analytical Mechanics **Credits: 4**
- PHY 3411 - Thermal Physics **Credits: 3**
- PHY 3711 - Junior Physics Laboratory **Credits: 2**
- PHY 3811 - Quantum Physics I **Credits: 4**
- PHY 3341 - Electricity and Magnetism I **Credits: 4**
- PHY 4330 - Electricity and Magnetism II **Credits: 3**
- PHY 4510 - Optics **Credits: 3**
- PHY 4050 - Astrophysics **Credits: 3**
- PHY 4040 - Planetary Physics **Credits: 3**
- PHY 4611 - Computational Physics **Credits: 3**
- PHY 4650 - Solid State Physics **Credits: 3**
- PHY 4711 - Senior Physics Laboratory **Credits: 2**
- PHY 4810 - Quantum Physics II **Credits: 3**
- PHY 4820 - Subatomic Physics **Credits: 3**
- PHY 4950 - General Relativity **Credits: 3**

Total: 19

### Required Ancillary Courses for a Minor:

- MTH 1410 - Calculus I **Credits: 4**
- MTH 2410 - Calculus II **Credits: 4**

**Subtotal: 8 credits**

Total Ancillary Courses: 8

### Note:

*A one-year sequence of PHY 2010 - PHY 2020 - PHY 2030 - PHY 2040 may be substituted for the PHY 2311 - PHY 2331 - PHY 2321 - PHY 2341 requirements with the consent of the Physics Department.*

## Department of Political Science

Location: King Center, Room 498

Phone: 313-615-1123

E-Mail: [politicalscience@msudenver.edu](mailto:politicalscience@msudenver.edu)

Website: [Political Science Department Website](#)

### Prelaw

The Department of Political Science offers prelaw advising to all students at the University regardless of a student's major field of study. If you are thinking of applying to law school or would like more information on the LSAT or law school admission standards, please contact a Prelaw Advisor:

- [Dr. Jeremy Castle](#)

Please review the [Prelaw Webpage](#) for more information.

### Leadership Studies Minor

Leadership is a subject of vital importance. It is a topic that cuts across time and place, as well as traditional disciplinary boundaries. As such, leadership is extremely relevant in a broad range of contexts from local and global politics to business, ethics, and education. This minor offers students a conceptual understanding of leadership studies that, when combined with co-

curricula and experiential components, provides them with an increased awareness of their role in a world of multi-layered change.

## Required Courses:

- LDR 1010 - Leadership and Social Change **Credits:** 3
  - LDR 3010 - Perspectives on Leadership **Credits:** 3
- Subtotal: 6

## Electives: (12 credit hours)

### I. Leadership Process and Organization

(2 to 9 credit hours)

- HSP 2020 - Small Group Dynamics: Theory and Experience **Credits:** 4 \*
- MGT 3000 - Organizational Management **Credits:** 3
- COMM 3340 - Leadership Communication **Credits:** 3 \*
- HSP 3220 - Conflict Resolution and Decision Making **Credits:** 3
- PSY 3450 - Organizational Psychology **Credits:** 3 \*
- MGT 4530 - Organizational Behavior **Credits:** 3 \*

\* Courses marked with an asterisk have prerequisites beyond completing General Studies requirements and do not have the "or permission of instructor" option.

### II. Leaders in Context

(3 to 9 credit hours)

- PHI 1030 - Thinking about Ethics: Morality and the Good Life **Credits:** 3
  - PSC 3170 - Leadership Studies **Credits:** 3
  - GWS 3170 - Social Justice, Self, and Citizenship: A Service Learning Course **Credits:** 3 \*
- HIS 3675 - The American Presidency **Credits:** 3  
-or-  
• PSC 3130 - The American Presidency **Credits:** 3
- SOC 3750 - Social Change **Credits:** 3 \*
  - PSC 3800 - On Leaders and Leadership **Credits:** 3

\* Courses marked with an asterisk have prerequisites beyond completing General Studies requirements and do not have the "or permission of instructor" option.

### III. Leadership in Multicultural Perspective

(0 to 3 credits)

- AAS 2000 - Social Movements and the Black Experience **Credits:** 3
- ANT 2330 - Cross-Cultural Communication **Credits:** 3
- CHS 3100 - Social Justice and Activism in the Chicana/o Community **Credits:** 3
- NAS 3200 - Native American Politics **Credits:** 3

Subtotal: 12 credit hours

## Internship/Service Learning (3 credit hours)

This 3-credit requirement can be fulfilled by either an internship or a service-learning experience offered through any department of the student's choosing. The internship or service-learning activity must follow the guidelines established by the participating department and must be approved by the director of the Leadership Studies program, as well.

Students who are in an ROTC program may count up to six hours of leadership-oriented courses in Military Science toward the Leadership Studies minor with approval of program coordinator.

Total for Minor: 21 credit hours

This includes participation in leadership projects and workshops.

## *Legal Studies Minor*

The rule of law is a concept vital to any understanding of the world in which we live. The Legal Studies Minor is thus intended to meet the needs of all students who have an interest in the subject, regardless of their major, as well as serving the interests of students who have plans to attend law school after graduation. In that regard, the minor offers a variety of perspectives on the laws that help illuminate the principles, practices, and policies associated with the subject to the benefit of all students in general, as well as future practitioners.

## Core Courses

Students must complete the following courses:

- CJC 2050 - American Judicial System **Credits:** 3
- PSC 3150 - Law and Society **Credits:** 3

## Legal and Constitutional Thought

Students must take a minimum of 6 semester hours from the courses below:

- CJC 3110 - Constitutional Issues in Criminal Procedure and Evidence **Credits:** 3
- PHI 3430 - Philosophy of Law **Credits:** 3

- PSC 3120 - Constitutional Law I: Powers of Government **Credits:** 3
- PSC 3180 - Constitutional Law II: Civil Liberties and Civil Rights **Credits:** 3

## Elective Courses

Students must take a minimum of 3 semester hours from the elective courses below:

- CHS 3200 - Chicanos and the Law **Credits:** 3
- CJC 2100 - Criminal Law **Credits:** 3
- JMP 3780 - Communication Law **Credits:** 3
- MGT 2210 - Legal Environment of Business I **Credits:** 3
- MGT 3220 - Legal Environment of Business II **Credits:** 3
- MGT 3230 - International Business Law **Credits:** 3
- NAS 3110 - Federal Indian Law **Credits:** 3
- PSC 3190 - Trial Advocacy Lab **Credits:** 3
- PSC 3320 - International Law **Credits:** 3
- SOC 3550 - Sociology of Law **Credits:** 3
- GWS 3310 - Women and the Law **Credits:** 3

**Total for Minor: 18 credits**

*Note: A legal-oriented internship within any department with the approval of that department and minor can be used in the elective category.*

## Native American Studies Minor

Offered by the Political Science Department, this minor is intended for those students interested in studying Native Americans with specific focus in history, culture, politics and current issues of indigenous peoples within the United States. The minor provides an opportunity for students to bring a unique multidisciplinary perspective to their already chosen area of interest. A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

### Required Courses:

- NAS 1000 - Introduction to Native American Studies **Credits:** 3
- NAS 3200 - Native American Politics **Credits:** 3

**Subtotal: 6**

### Choose three of the following courses:

- ANT 3310 - Ethnography of North American Indians **Credits:** 3
- ANT 3610 - Colorado Archaeology **Credits:** 3
- ENG 2240 - Introduction to Native American Literature **Credits:** 4
- HIS 3490 - Native American History **Credits:** 3

- NAS 3300 - Indigenous Geographies of North America **Credits:** 3

**Subtotal: 9**

### Choose two of the following courses:

- ANT 3340 - Native Americans in Historical Perspective **Credits:** 3
- ANT 3660 - Archaeology of the Americas **Credits:** 3
- ARTH 3405 - Native American Art **Credits:** 3

**Subtotal: 6**

**Total for minor: 21**

### Note:

In addition to the courses listed, there may be other classes offered under the variable topic, omnibus or internship heading that are appropriate for this minor. Such classes may be substituted for courses listed above in any of the categories by the faculty member coordinating the minor within the Political Science Department. The same is true for classes transferred from other institutions.

## Political Science Major, B.A.

[Department of Political Science](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [Online](#), [In-Person](#), [Hybrid](#)

### About the Program

The Bachelor of Arts in Political Science degree program exposes students to the study of political science and provides opportunities for students to tailor their degree program with upper-division electives. The program curriculum focuses on policy and issues associated with state, national, and international politics.

Courses emphasize the development of critical thinking and research skills essential for a wide variety of career paths, including public service, public administration, public policy, campaigns and elections, international affairs, the Foreign Service, public advocacy at all levels, secondary social studies teacher licensure, and graduate and professional studies.

### Student Outcomes

Upon completion of a B.A. in Political Science, students should be equipped to:

- Apply political science knowledge and skills to actual problem solving and community service, deploying citizenship skills, ethical values, and an appreciation of human diversity to engage in community life as active citizens.
- Understand and critically analyze political institutions in both the U.S. and around the world, including leading political values and ideas, governing institutions, policymaking processes, and political behavior in both historical and contemporary contexts.
- Articulate knowledge of classical and modern political thought and use alternative moral and ethical frameworks for interpreting and evaluating contemporary political discourses.
- Use political science research and analysis to construct logical arguments and formulate reasoned conclusions.
- Produce effective and persuasive written communications appropriate for a range of professional contexts, including policy analysis, public service, graduate and law school.
- Conduct quantitative and qualitative social science research, including the ability to collect, analyze and interpret data as appropriate for a variety of professional and academic contexts.
- Present material orally as appropriate for academic, professional, and community audiences.
- Understand the career options available to political science graduates in the public and private sector as well as the value of the degree as entry into a range of graduate programs and legal education.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)

- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*)

*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
- PSC 1030 - Multicultural Politics for Non-Majors fulfills both a lower division elective as well as the ESSJ Graduation Requirement.

## Required Courses: 18 credits

- PSC 1010 - American National Government **Credits: 3**
  - PSC 1020 - Comparative Politics **Credits: 3**
  - PSC 2230 - Introduction to International Relations **Credits: 3**
  - PSC 2500 - The Search for Knowledge in Political Science **Credits: 3**
  - PSC 3050 - Political Theory **Credits: 3**
  - PSC 3500 - Conducting Quantitative Political Analysis **Credits: 3**
- Subtotal: 18

## Electives: 24 credits

A minimum of 24 additional semester hours of political science must be completed. At least 18 of these 24 hours must be upper-division courses (3000- and 4000-level).

Students are encouraged to develop a path within the political science major based on their professional and personal interests. These paths include, but are not limited to, American Politics, Comparative and International Politics, Public Affairs, and Legal Studies. Upon declaring a political science major, students should meet with an advisor to plan their coursework for timely graduation.

Any course designated with a PSC prefix and not required for the degree program may count toward the elective course requirement. Students are encouraged to meet with an advisor to plan their coursework.

Students are strongly encouraged to participate in internships as part of their coursework and may count up to six credit hours of internship in their elective courses for the degree.

## Senior Experience: 3 credits

This is the capstone course for Political Science majors. Students must have senior status to take this course.

- PSC 4020 - Democracy **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Courses	18 credits
Major Electives	24 credits
Senior Experience	3 credits
Unrestricted Electives	39-48 credits
<b>Total for the Political Science Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree.

Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *Political Science Major, B.A. with Secondary Social Studies Teacher Licensure Concentration*

[Department of Political  
Science](#)

[College of Letters, Arts and  
Sciences](#)

Available Program Format(s): [In-  
Person](#)

## About the Program

The Political Science Major with a Concentration in Secondary Social Studies Licensure is designed for those students who plan to teach Social Studies in Colorado. The program includes a Political Science Major, a Social Studies focus, and Secondary Education courses required by the Colorado Department of Education for licensure. Degree seeking students who wish to obtain Colorado Licensure for Secondary Social Studies with a major in Political Science must earn a Bachelor of Arts (B.A.) degree. In addition to course requirements in the major, all Social Studies licensure candidates must complete a core curriculum that provides a foundation in History, Geography, Economics, and Behavioral Science and addresses the objectives of the content area examination.

The core curriculum is supported by courses in the major. The Political Science major will take courses in political theory, political analysis, and coursework in American or international/comparative political systems.

## Student Outcomes

- Link theory and practice and apply political science knowledge and skills to actual problem-solving and community service; acquire citizenship skills, ethical values, and understand and appreciate human diversity; and engage in community life as active citizens.
- Demonstrate substantive knowledge of institutions, processes, behaviors and values that shape politics within or among States.
- Understand the history of classical and modern political thought, the fundamental values and ethical issues contested in politics over time, and alternative moral and ethical frameworks for interpreting contemporary political discourses.
- Understand political science research and analytical skills, including critical thinking, logical argumentation, and how to collect, analyze and interpret evidence and data to formulate reasoned conclusions.
- Effectively deliver professional written communications.
- Understand and interpret qualitative and quantitative evidence and data, and formulate and communicate reasoned conclusions from these methods.
- Effectively engage in oral communications and presentations in professional fields related to politics, public policy and the law.
- Understand career options available with an undergraduate degree in political science; its utility in the public and private sectors; and its value as entry into a range of graduate programs and law schools.
- Demonstrate mastery of pedagogical strategies in Social Studies for secondary school teaching.
- Connect Literacy and Math-Utilize literacy, including Culturally and Linguistically Diverse (CLD), strategies as well as mathematics when teaching Social Studies.
- Create Inclusive Teaching Environment-Create a safe, inclusive and respectful learning environment that facilitates Social Studies learning for diverse populations, including CLD students.
- Plan and deliver effective instruction in History, Civics, and Geography.
- Demonstrate professionalism as a teacher candidate through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 124 semester hours are required for graduation.
- All courses required for teacher licensure must be passed with a grade of C- or higher. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1610 - Integrated Mathematics I (required in the Foundations and Strategies section of the program)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- **Recommended:** HIS 1040 - World History since 1500
- Natural and Physical Sciences (6 credits)
- **Recommended:** GEG 1100 - Introduction to Physical Geography
- Social and Behavioral Sciences (6 credits)
- **Recommended:** Two of the following- ANT 2330 - Cross-Cultural Communication; ECO 2010 - Principles of Macroeconomics; ECO 2020 - Principles of Microeconomics; GEG 1000 - World Regional Geography
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Political Science Major Core: 18 credits

The Political Science Major Core includes eighteen credits.

- PSC 1010 - American National Government **Credits:** 3
- PSC 1020 - Comparative Politics **Credits:** 3
- PSC 2230 - Introduction to International Relations **Credits:** 3

- PSC 3500 - Conducting Quantitative Political Analysis **Credits:** 3  
or
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits:** 3
- PSC 3050 - Political Theory **Credits:** 3
- HIS 4010 - Methods of Teaching Social Science: Secondary School **Credits:** 3

## Political Science Major Electives: 18 credits

A minimum of 18 additional semester hours of political science must be completed for the Major. These 18 credit hours must be upper-division courses (3000- and 4000-level) and must be approved by the department. Generally, students may apply only 12 hours of credit in non-classroom courses toward the major as approved electives.

## Additional Content Courses for Secondary Social Studies Licensure: 27 credits

All students must complete nine Social Science courses for this concentration. Note that twelve course credits below can also satisfy General Studies requirements in these categories: Historical (3 credits); Natural and Physical Sciences (3 credits); Social and Behavioral Sciences (6 credits).

- HIS 1030 - World History to 1500 **Credits:** 3
- HIS 1040 - World History since 1500 **Credits:** 3
- HIS 1210 - American History to 1865 **Credits:** 3
- HIS 1220 - American History since 1865 **Credits:** 3
- ANT 2330 - Cross-Cultural Communication **Credits:** 3
- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3
- GEG 1000 - World Regional Geography **Credits:** 3
- GEG 1100 - Introduction to Physical Geography **Credits:** 3

## Foundation and Methods for Secondary Education: 31 credits

The Secondary Education Licensure Program prepares candidates to teach Social Studies in grades 6-12. With the courses and field experiences below, candidates satisfy the Colorado Department of Education Teacher Quality Standards for licensure in Secondary Education. Many of the courses in this section of the degree program require admission to the MSU Denver School of Education. Please see a School of Education advisor or the MSU Denver School of Education website for details.

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- CLD 3910 - Assessment of English Language Learners **Credits:** 3
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits:** 4
- EDS 3140 - First Field Experience in Secondary Education **Credits:** 1

- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits:** 3
- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits:** 3
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits:** 1
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits:** 3
- EDT 3010 - Integrating Educational Technology into Teaching **Credits:** 3
- HIS 4020 - Field Experience in Teaching Social Studies in Secondary Schools **Credits:** 1 (60-hour field experience, taken concurrently with HIS 4010 Methods of Teaching Social Science)
- MTH 1610 - Integrated Mathematics I **Credits:** 3 (Satisfies a General Studies requirement)
- SED 3600 - Exceptional Learners in the Classroom **Credits:** 3

## Senior Experience: 12 credits

Student Teaching offers an essential conclusion to this degree program. Typically, students should register for 12 credits of EDS 4290 in their final semester. Students who register for only 6 credits of EDS 4290 should also register for 6 credits of CLD 4590 Culturally and Linguistically Diverse: ESL Student Teaching and Seminar.

- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits:** 6,12

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Political Science Major Core	18 credits
Political Science Major Electives	18 credits
Additional Content Courses for Secondary Social Studies Licensure	27 credits
Foundation and Methods for Secondary Education	31 credits
Senior Experience	12 credits
<b>Total for the Political Science Major, B.A. with Secondary Social Studies Teacher Licensure Concentration</b>	<b>124 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 15 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## *Political Science Minor*

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

## Required Courses:

- PSC 1010 - American National Government **Credits:** 3
- PSC 1020 - Comparative Politics **Credits:** 3
- PSC 3050 - Political Theory **Credits:** 3

**Subtotal: 9**

## Electives:

A minimum of 12 additional semester hours are required in political science courses. At least 9 of these 12 hours must be in upper-division courses (3000- and 4000-level) and must be approved by the department. Generally, students may apply only 6 hours of credit in nonclassroom courses toward the major as approved electives.

**Subtotal: 12**

**Total: 21**

## *Public Affairs and Administration Minor*

The Public Affairs and Administration Minor offered by the Department of Political Science at MSU Denver is designed to meet the needs for an undergraduate curriculum which develops the skills necessary for a career in public affairs. By recognizing the intersection between public management and policy, the demand for analytic skill sets and a knowledge base that can meet the flexible and evolving nature of public service, the minor offers students a range of courses that link theory and practice in the development and implementation of public policy in a wide range of public affairs contexts.

The courses are intended for students who plan a career in public policy and service in local, state or federal governments, policy oriented non-governmental organizations, or those already employed in these sectors. This minor also provides a solid foundation for

graduate studies in public affairs, public administration and public policy.

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

Basic courses required for all public administration minors:

- PSC 1010 - American National Government **Credits:** 3
- PSC 3020 - Introduction to Public Administration **Credits:** 3
- PSC 3250 - Policy Analysis and Program Evaluation **Credits:** 3 \*

**Subtotal: 9 credits**

## Elective Courses

Select three of the following courses:

- PSC 3000 - American State and Local Government **Credits:** 3
- PSC 3090 - Current Topics in Political Science: Variable Topics **Credits:** 3
- PSC 3130 - The American Presidency **Credits:** 3
- PSC 3140 - The American Congress and Legislative Process **Credits:** 3
- ACC 3200 - Governmental Accounting **Credits:** 3 \*\*
- PSC 3220 - Public Policy **Credits:** 3
- PSC 3230 - Environmental Politics **Credits:** 3
- PSC 3330 - International Organizations **Credits:** 3
- MGT 3530 - Human Resources Management **Credits:** 3 \*\*
- PSC 3980 - Internship in Political Science **Credits:** 1-15

**Subtotal: 9 credits**

**Total: 18 credits**

## Notes

*\*This course prerequisite of MTH 1210 may be used for General Studies.*

*\*\*ACC 3510 is a prerequisite for this course.*

*\*\*MGT 3000 is a prerequisite for this course.*

## Department of Psychological Sciences

Location: Plaza Building, Suite 220

Phone: 303-615-0699

E-Mail: [psy@msudenver.edu](mailto:psy@msudenver.edu)

Website: [Psychological Sciences Department Website](#)

## Human Development and Family Studies Major, B.A.

[Department of  
Psychological Sciences](#)  
[College of Letters, Arts and  
Sciences](#)

Available Program Format(s): [Online](#),  
[In-Person](#), [Hybrid](#)

## About the Program

The major in Human Development and Family Studies provides students with in-depth knowledge about theory, research, and application in human development across the lifespan, with particular emphasis on the family as a developmental context. Through coursework and applied assignments, students make connections between theory, research, and practice. The major emphasizes developmentally appropriate and best practices in working with children, adolescents, adults, and their families to enhance positive developmental outcomes in a variety of career settings, including hospitals, counseling, child-care, schools and other social institutions.

## Student Outcomes

- Explain human development across the lifespan in contexts such as families, hospitals, counseling, child care, schools, and other social institutions.
- Examine and apply principles of cognitive development and learning in a variety of contexts.
- Examine and apply principles of social development in a variety of contexts to best support the development of individuals, couples and families.
- Explain and identify biological influences on development across the lifespan.
- Identify, critique, and apply developmental research methodologies to solve real world problems.
- Evaluate cultural and individual differences and their impact on development.
- Identify and apply transferable workforce readiness skills to a variety of careers.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)

- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "D-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- HDFS majors must have a GPA of 2.00 in their major and an overall GPA of 2.00 to graduate.
- All students must complete a minimum of 15 semester hours of upper-division in the HDFS major.
- In meeting the requirements for the HDFS major, transfer students must take a minimum of 15 semester hours of HDFS major coursework at MSU Denver, of which at least 9 must be upper-division credits.
- The Department of Psychological Sciences does not accept correspondence study courses toward the total number of semester hours required for a major or minor.
- Transfer students must have completed both semesters of a two-semester introductory psychology course for equivalence to exist. Three semester hours will count toward the major or minor; three semester hours will count as general electives (i.e., PSY8888) to graduate. If a student has taken only one semester of a two-semester introductory course and takes PSY 1001 at MSU Denver, the transfer introductory credits will not count toward the degree.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Two Psychology courses may be used to fulfill the ESSJ Requirement. These are:
  - PSY 3030 - Multicultural Psychology
  - PSY 3700 - Psychology of Group Prejudice

## Core Courses: 18 Credits

Students must take all of the following core classes:

- PSY 1001 - Introductory Psychology **Credits: 3**
- PSY 2210 - Psychology of Human Development **Credits: 3**
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits: 3**
- PSY 3010 - Research Methods in Psychological Science **Credits: 3**
- PSY 3340 - Cognitive Development and Learning **Credits: 3**
- PSY 3350 - Psychology of Social Development **Credits: 3**

## Developmental Specialization Courses (Choose two): 6 credits

- PSY 3240 - Infancy **Credits: 3**
- PSY 3250 - Child Psychology **Credits: 3**
- PSY 3260 - Psychology of Adolescence **Credits: 3**
- PSY 3270 - Adulthood and Aging **Credits: 3**

## Applied Developmental Courses (Choose three): 9 credits

- PSY 1800 - Developmental Educational Psychology **Credits: 3**
- PSY 2240 - Parenting Across the Lifespan **Credits: 3**
- PSY 2270 - Death, Dying, and Grieving **Credits: 3**
- PSY 3460 - Psychology of Play **Credits: 3**
- PSY 3580 - Development in the Family Context **Credits: 3**

## Interdisciplinary Applications (Choose two): 6 credits

- PSY 2001 - Careers and Professional Development in Psychology **Credits: 3**
- PSY 3030 - Multicultural Psychology **Credits: 3**
- PSY 3700 - Psychology of Group Prejudice **Credits: 3**
- \*PSY 3030 and PSY 3700 meet the ESSJ Requirement
- PSY 3050 - Psychology of Gender **Credits: 3**
- PSY 3370 - Undergraduate Research Assistant **Credits: 3**
- PSY 3390 - Undergraduate Teaching Assistant Training **Credits: 3**
- PSY 3400 - Child Psychopathology **Credits: 3**
- PSY 3490 - Child Life Theory and Practice **Credits: 3**

- PSY 3980 - Internship in Psychology **Credits:** 1-3
- PSY 4100 - Clinical/Counseling Psychology: Treatment, Practice, and Skills **Credits:** 3
- PSY 4450 - Advanced Psychological Data Science **Credits:** 3
- PSY 4970 - Psychology of the Scholarship of Teaching and Learning **Credits:** 3
- AAS 3550 - The Black Family **Credits:** 3
- COMM 3210 - Family Communication **Credits:** 3
- CHS 3210 - The Chicano Family **Credits:** 3
- HSP 2040 - Family Systems **Credits:** 4
- NUT 3050 - Concepts of Lifecycle Nutrition **Credits:** 3
- SOC 3410 - The Family and Society **Credits:** 3
- SWK 1010 - Introduction to Social Work **Credits:** 3
- SWK 3010 - Social Work Practice with Children and Youth **Credits:** 3
- SWK 3030 - Social Work with Older People **Credits:** 3
- SWK 4430 - Partnering with Families for Change **Credits:** 3
- SWK 3150 - Social Work and Child Maltreatment **Credits:** 3

### Senior Experience (Choose one): 3 credits

- PSY 4650 - Advanced Internship in Psychology **Credits:** 3
- PSY 4700 - Senior Experience in Human Development and Family Studies **Credits:** 3

### Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Courses	18 credits
Developmental Specialization Courses	6 credits
Applied Developmental Courses	9 credits
Interdisciplinary Applications	6 credits
Senior Experience	3 credits
Unrestricted Electives	42-51 credits
<b>Total for the Human Development and Family Studies Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Human Development and Family Studies Minor***

The minor in Human Development and Family Studies is designed for students who are interested in a career working with children, adolescents or adults, and emphasizes the family as an important developmental context. Students learn about developmentally appropriate practices in working with these populations which employers may value in a variety of career settings, including hospitals, counseling, child care, schools and other social institutions.

### Core Courses: 9 Credits

- PSY 1001 - Introductory Psychology **Credits:** 3
- PSY 2210 - Psychology of Human Development **Credits:** 3
- PSY 3340 - Cognitive Development and Learning **Credits:** 3
- OR
- PSY 3350 - Psychology of Social Development **Credits:** 3

Subtotal: 9

### Developmental Specialization (pick one)

- PSY 3240 - Infancy **Credits:** 3
- PSY 3250 - Child Psychology **Credits:** 3
- PSY 3260 - Psychology of Adolescence **Credits:** 3
- PSY 3270 - Adulthood and Aging **Credits:** 3

Subtotal: 3

### Applied Developmental Courses (pick one)

- PSY 1800 - Developmental Educational Psychology **Credits:** 3
- PSY 2240 - Parenting Across the Lifespan **Credits:** 3
- PSY 2270 - Death, Dying, and Grieving **Credits:** 3
- PSY 3460 - Psychology of Play **Credits:** 3
- PSY 3580 - Development in the Family Context **Credits:** 3

Subtotal: 3

### Interdisciplinary Applications (pick one)

- AAS 3550 - The Black Family **Credits:** 3
- COMM 3210 - Family Communication **Credits:** 3
- CHS 3210 - The Chicano Family **Credits:** 3
- HSP 2040 - Family Systems **Credits:** 4
- NUT 3050 - Concepts of Lifecycle Nutrition **Credits:** 3
- PSY 2001 - Careers and Professional Development in Psychology **Credits:** 3
- PSY 3030 - Multicultural Psychology **Credits:** 3

- PSY 3050 - Psychology of Gender **Credits:** 3
- PSY 3370 - Undergraduate Research Assistant **Credits:** 3
- PSY 3390 - Undergraduate Teaching Assistant Training **Credits:** 3
- PSY 3400 - Child Psychopathology **Credits:** 3
- PSY 3490 - Child Life Theory and Practice **Credits:** 3
- PSY 3700 - Psychology of Group Prejudice **Credits:** 3
- PSY 3980 - Internship in Psychology **Credits:** 1-3
- PSY 4100 - Clinical/Counseling Psychology: Treatment, Practice, and Skills **Credits:** 3
- PSY 4450 - Advanced Psychological Data Science **Credits:** 3
- PSY 4970 - Psychology of the Scholarship of Teaching and Learning **Credits:** 3
- SOC 3410 - The Family and Society **Credits:** 3
- SWK 1010 - Introduction to Social Work **Credits:** 3
- SWK 3010 - Social Work Practice with Children and Youth **Credits:** 3
- SWK 3030 - Social Work with Older People **Credits:** 3
- SWK 4430 - Partnering with Families for Change **Credits:** 3
- SWK 3150 - Social Work and Child Maltreatment **Credits:** 3

Subtotal: 3

## Advising Notes

- At least 3 courses (9 semester hours) in the minor must be upper division, and 6 of those hours must be taken at MSU Denver.
- A grade of "D-" or better does count toward the bachelor's degree. However, students in the HDFS minor program must have a GPA of 2.00 in their minor as well as an overall GPA of 2.00 to graduate. Students should note that programs differ in the minimum grade required.
- Transfer students must have completed both semesters of a two-semester introductory psychology course for equivalence to exist. Three semester hours will count toward the major or minor; three semester hours will count as general electives (i.e., PSY 8888) to graduate. If a student has taken only one semester of a two-semester introductory course and takes PSY 1001 at MSU Denver, the transfer introductory credits will not count toward the degree.

Total Hours Required for the Minor: 18

## *Psychology Major, B.S.*

[Department of Psychological Sciences](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [Online](#), [In-Person](#), [Hybrid](#)

## About the Program

The major in Psychology is designed to help prepare students who are pursuing a career that involves working with people and/or

understanding people's thoughts, feelings, and behavior. The major provides students with a foundation in the science of behavior and mental processes, and the application of psychological principles to real-world problems. The coursework in the major exposes students to the major methods and subspecialties within the field of psychology, offering a broad foundational base. Students are also offered opportunities for applied experiences in the completion of the major, to allow specialized and practical training in the discipline. The major prepares students for post-graduate study or entry into the workplace upon graduation.

## Student Outcomes

- Demonstrate knowledge of major historical trends, basic principles, current issues, and emerging developments in psychology, and demonstrate the ability to apply knowledge to address simple problems and effect behavior change.
- Demonstrate the ability to communicate knowledge of the field of psychology, both orally and in writing, using a scientific approach. Written work shall include a research study or other psychological project using APA guidelines; oral presentations shall demonstrate effective communication skills that optimize information exchange.
- Apply psychological knowledge, skills, and values to work effectively and ethically with others in personal and professional settings at local, national, and/or global levels.
- Apply critical and skeptical inquiry, critical and scientific reasoning, and creative and integrative thinking to solve problems related to behavior.
- Demonstrate information literacy in the field of psychology.
- Demonstrate an ability to apply the fundamentals of research methodology, research ethics, and statistical analysis to the interpretation and evaluation of research.
- Recognize, understand, and respect the complexity of human diversity, and embrace the richness of experience and knowledge that sociocultural differences contribute to the human experience.
- Apply skills gained during schooling-like self-reflection, work ethic, time management, project management, and teamwork-to develop meaningful goals for life after graduation.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "D-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

- Psychology majors must have a GPA of 2.00 in their major and an overall GPA of 2.00 to graduate.
- A total of 42 hours is required for the Psychology major.
- All students must complete a minimum of 15 semester hours of upper-division PSY coursework for the psychology major.
- In meeting the requirements for the psychology major, transfer students must take a minimum of 15 semester hours of psychology coursework at MSU Denver, of which at least 9 must be upper-division credits.
- Transfer students must have completed both semesters of a two-semester introductory psychology course for equivalence to exist. Three semester hours will count toward the major or minor; three semester hours will count as general electives (i.e., PSY8888) to graduate. If a student has taken only one semester of a two-semester introductory course and takes PSY 1001 at MSU Denver, the transfer introductory credits will not count toward the degree.
- Senior experience courses in the Department of Psychological Sciences require psychology majors to complete an exam used by the department for program assessment prior to receiving a grade in the course. Should a student elect to take multiple senior experience courses, or to repeat the same senior experience course, the assessment exam need only be completed in the 1st course.
- The Department of Psychological Sciences does not accept correspondence study courses toward the total number of semester hours required for a major or minor. However, correspondence study credit can count toward the degree.
- Students considering advanced degrees should be aware that, in addition to course work in the areas listed above, graduate programs often have specific undergraduate course prerequisites. Required or recommended courses, depending on the graduate program, include Theories of Personality, Abnormal Psychology, Psychology of Learning, Child Psychology, Behavioral Neuroscience, Organizational Psychology, Sensation and Perception, Internship in Psychology, Teaching of Psychology, and Advanced Statistics. Therefore, students should consult with a Department of Psychological Sciences advisor to choose appropriate psychology electives.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Recommended: A Biology course in partial fulfillment of the Natural and Physical Sciences requirement. Options to consider include:
  - BIO 1000 - Human Biology for Non-Majors
  - BIO 1030 - General Biology for Non-Majors

- BIO 1080 - General Biology I / BIO 1090 - General Biology Laboratory I
- BIO 1081 - General Biology II / BIO 1091 - General Biology Laboratory II
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Two Psychology courses may be used to fulfill the ESSJ Requirement. These are:
  - PSY 3030 - Multicultural Psychology
  - PSY 3700 - Psychology of Group Prejudice

## Psychology Core: 13 credits

- PSY 1001 - Introductory Psychology **Credits:** 3
- PSY 2001 - Careers and Professional Development in Psychology **Credits:** 3
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits:** 3
- PSY 3010 - Research Methods in Psychological Science **Credits:** 3
- PSY 3011 - Laboratory for Research Methods in Psychological Science **Credits:** 1

## Content Areas: 12 credits

In addition, students must take one course in each of the following areas.

### Social

- PSY 2410 - Social Psychology **Credits:** 3
- PSY 3030 - Multicultural Psychology **Credits:** 3
- PSY 3050 - Psychology of Gender **Credits:** 3
- PSY 3700 - Psychology of Group Prejudice **Credits:** 3

### Cognitive and Biological

- PSY 2120 - Brain and Behavior **Credits:** 3
- PSY 4520 - Sensation and Perception **Credits:** 3

- PSY 4540 - Behavioral Neuroscience **Credits:** 3
- PSY 4570 - Cognitive Psychology **Credits:** 3

## Clinical/Counseling

- PSY 2150 - Positive Psychology **Credits:** 3
- PSY 3000 - Theories of Personality **Credits:** 3
- PSY 3620 - Psychological Disorders: Perspectives, Symptoms, and Treatment **Credits:** 3
- PSY 4100 - Clinical/Counseling Psychology: Treatment, Practice, and Skills **Credits:** 3

## Developmental

- PSY 2210 - Psychology of Human Development **Credits:** 3
- PSY 3250 - Child Psychology **Credits:** 3
- PSY 3260 - Psychology of Adolescence **Credits:** 3
- PSY 3270 - Adulthood and Aging **Credits:** 3

## Psychology Electives: 15 credits

A minimum of 15 additional semester hours in psychology courses selected in consultation with and approved by a Department of Psychological Sciences advisor.

- No more than 9 of these hours may be PSY 2950 courses, and,
- no more than 6 of these hours may be PSY 4980 - Independent Study, and,
- no more than 6 hours may be in PSY 3970 - Practicum and,
- no more than 6 hours may be in PSY 3980 - Internship in Psychology and/or PSY 4650 - Advanced Internship in Psychology, combined.

## Senior Experience: 3 credits

- PSY 4320 - Advanced Psychological Research Methods **Credits:** 3  
or
- PSY 4330 - Psychology in the "Real World": Thinking Like a Psychologist **Credits:** 3  
or
- PSY 4510 - History and Systems of Psychology **Credits:** 3  
or
- PSY 4650 - Advanced Internship in Psychology **Credits:** 3

## Clinical and Counseling Concentration (optional)

The Clinical and Counseling Concentration in the Psychology Major is designed to better meet the needs of students who plan on a career and/or graduate school in the mental health field. The curriculum combines the foundational courses from the psychology major with the core courses from the clinical and counseling area.

Coursework examines the personal and interpersonal functioning of individuals, therapeutic skills, assessment/diagnosis, treatment and intervention. In addition to coursework, students are required to complete an internship at an approved facility as their senior experience.

The goals of the Clinical & Counseling Concentration in the Psychology Major are to:

- Prepare students for successful job placement and/or graduate admissions in clinical and counseling psychology
- Educate students on the basic principles, major theories, significant research findings, current issues, and emerging concepts in the field of mental health. This will include a focus on:
  - cognitive, behavioral, and emotional functioning of individuals
  - identification, assessment and understanding of personality, clinical disorders and other mental health problems
  - therapeutic skills
  - treatment and interventions
  - research methods
  - ethics
  - psychological well-being
  - working with diverse populations from a multicultural perspective
- Provide students with the opportunity to apply and build on their learning through an approved internship in the community
- Strengthen institutional linkages between MSU Denver and 1) local facilities that provide psychological services, and 2) clinical and counseling graduate schools.

## Psychology Core: 13 credits

- PSY 1001 - Introductory Psychology **Credits:** 3
- PSY 2001 - Careers and Professional Development in Psychology **Credits:** 3
- PSY 2310 - Statistics for the Social and Behavioral Sciences **Credits:** 3
- PSY 3010 - Research Methods in Psychological Science **Credits:** 3
- PSY 3011 - Laboratory for Research Methods in Psychological Science **Credits:** 1

## Clinical and Counseling Core: 12 credits

- PSY 2150 - Positive Psychology **Credits:** 3
- PSY 3000 - Theories of Personality **Credits:** 3
- PSY 3620 - Psychological Disorders: Perspectives, Symptoms, and Treatment **Credits:** 3
- PSY 4100 - Clinical/Counseling Psychology: Treatment, Practice, and Skills **Credits:** 3

## Content Areas: 9 credits

In addition, students must take one course in each of the following areas.

## Social

- PSY 2410 - Social Psychology **Credits:** 3
- PSY 3030 - Multicultural Psychology **Credits:** 3
- PSY 3050 - Psychology of Gender **Credits:** 3
- PSY 3700 - Psychology of Group Prejudice **Credits:** 3

## Cognitive and Biological

- PSY 2120 - Brain and Behavior **Credits:** 3
- PSY 4520 - Sensation and Perception **Credits:** 3
- PSY 4540 - Behavioral Neuroscience **Credits:** 3
- PSY 4570 - Cognitive Psychology **Credits:** 3

## Developmental

- PSY 2210 - Psychology of Human Development **Credits:** 3
- PSY 3250 - Child Psychology **Credits:** 3
- PSY 3260 - Psychology of Adolescence **Credits:** 3
- PSY 3270 - Adulthood and Aging **Credits:** 3

## Psychology Electives: 6 credits

Students must complete an additional 6 credits (i.e., 2 courses) of PSY-prefix courses, making a total of 43 hours in psychology.

- Any PSY course, with the exception of PSY8888, may be used toward meeting this requirement.
- No more than 3 hours in PSY 3980 Internship in Psychology may be used for the Clinical & Counseling Concentration.
- Psychology courses selected in consultation with and approved by a Department of Psychological Sciences advisor.

## Senior Experience: 3 credits

- PSY 4650 - Advanced Internship in Psychology **Credits:** 3

## Summary of Requirements

### Psychology Major, No Concentration

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Psychology Core	13 credits
Content Areas	12 credits
Psychology Electives	15 credits

Senior Experience	3 credits
Unrestricted Electives	41-50 credits
<b>Total for the Psychology Major, B.S.</b>	<b>120 credits</b>

### Psychology Major with Clinical and Counseling Concentration

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Psychology Core	13 credits
Clinical and Counseling Core	12 credits
Content Areas	9 credits
Psychology Electives	6 credits
Senior Experience	3 credits
Unrestricted Electives	41-50 credits
<b>Total for the Psychology Major, B.S., Clinical and Counseling Concentration</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Psychology Minor

The minor in Psychology is designed to help prepare students who are pursuing a career that involves working with people and/or understanding people's thoughts, feelings, and behavior. Students will gain a foundation in the science of behavior and mental processes and the application of psychological principles to real-world problems.

## Required Courses

- PSY 1001 - Introductory Psychology **Credits:** 3

## Subtotal: 3

In addition to this required course, students must take at least one course each from any two of the four Content Areas listed below.

## Content Areas

## Social

- PSY 2410 - Social Psychology **Credits:** 3
- PSY 3030 - Multicultural Psychology **Credits:** 3
- PSY 3050 - Psychology of Gender **Credits:** 3
- PSY 3700 - Psychology of Group Prejudice **Credits:** 3

## Cognitive and Biological

- PSY 2120 - Brain and Behavior **Credits:** 3
- PSY 4520 - Sensation and Perception **Credits:** 3
- PSY 4540 - Behavioral Neuroscience **Credits:** 3
- PSY 4570 - Cognitive Psychology **Credits:** 3

## Clinical/Counseling

- PSY 2150 - Positive Psychology **Credits:** 3
- PSY 3000 - Theories of Personality **Credits:** 3
- PSY 3620 - Psychological Disorders: Perspectives, Symptoms, and Treatment **Credits:** 3
- PSY 4100 - Clinical/Counseling Psychology: Treatment, Practice, and Skills **Credits:** 3

## Developmental

- PSY 2210 - Psychology of Human Development **Credits:** 3
- PSY 3250 - Child Psychology **Credits:** 3
- PSY 3260 - Psychology of Adolescence **Credits:** 3
- PSY 3270 - Adulthood and Aging **Credits:** 3

Subtotal: 6

## Elective Courses

A minimum of 15 additional semester hours in psychology courses selected in consultation with and approved by a Department of Psychological Sciences advisor. No more than 9 of these hours may be PSY 2950 courses, and no more than 6 of these hours may be PSY 4980 - Independent Study and no more than 6 hours may be in PSY 3970 - Practicum and no more than 6 hours may be in PSY 3980 - Internship in Psychology and/or PSY 4650 - Advanced Internship in Psychology, combined.

Subtotal: 15

Total Hours Required for the Minor: 23

## Note:

At least 3 courses (9 credit hours) in the minor must be upper division, and 6 of those hours must be taken at MSU Denver. A grade

of "D-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required. Psychology minors must have an overall GPA of 2.00 to graduate.

## Department of Sociology and Anthropology

Location: Central Classroom Building, Room 106

Phone: 303-615-1400

## *Anthropology Major, B.A.*

[Department of Sociology and Anthropology](#)

[College of Letters, Arts and Sciences](#)

Available Program

Format(s): [Online](#), [In-Person](#), [Hybrid](#)

## About the Program

Anthropology studies human biological and cultural diversity through time and space. It encompasses all of humanity as well as our closest primate relatives, from the earliest prehistoric ancestors to the varied societies inhabiting the world today. The Anthropology Program at MSU Denver is committed to enhancing student knowledge and appreciation of human beings as both a biological and a cultural species. Emphasizing a holistic approach, the Anthropology Program offers courses in each of the four traditional subfields of anthropology (cultural anthropology, biological anthropology, archaeology, and linguistic anthropology) and provides students with effective conceptual and methodological tools for observing and studying both ancient and modern humans.

## Student Outcomes

The MSU Denver Anthropology Program has the following student outcomes:

- **Understand fundamental concepts** - Describe fundamental concepts and approaches in anthropology.
- **Analyze human diversity** - Examine human diversity through time and space using anthropological theories, methods, and data.
- **Engage critically** - Implement anthropological skills, tools, and approaches toward professional, academic, and community engagement.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

The anthropology major requires a total of 36 semester hours, including the required core courses, practical courses, and electives listed below. The major also requires that students take an anthropology senior experience course. At least 12 upper-division semester hours in anthropology must be completed in residence at MSU Denver by students majoring in the field.

- A total of 120 semester hours are required for graduation.
- Anthropology majors must receive a grade of C- or better in every class for which the credits count toward the major. Students should note that programs differ in the minimum grade required.

**NOTE:** *All majors are required to see an anthropology advisor within two semesters of declaring anthropology as a major.*

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

**\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.**

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
- **Recommended:** ANT 2330 - Cross-Cultural Communication

## Required Core Courses: 12 credits

Students are required to take the following four courses:

- ANT 1010 - Introduction to Biological Anthropology **Credits:** 3
- ANT 1310 - Introduction to Cultural Anthropology **Credits:** 3
- ANT 1650 - Ancient Civilizations **Credits:** 3
- ANT 2500 - Anthropology of Language **Credits:** 3

## Practical Courses: 6 credits

Students are required to take 6 credits of lab- or field-based courses in anthropology. Examples of courses currently offered by the department at this level include the following courses:

- ANT 2710 - Archaeological Field Research **Credits:** 3
- ANT 3000 - Quantitative Methods in Anthropology **Credits:** 3
- ANT 3330 - Japan: Culture, Communication, and Identity **Credits:** 3-6 (Study Abroad)
- ANT 3420 - Applied Anthropology **Credits:** 3
- ANT 3520 - Analyzing Talk and Interaction **Credits:** 3
- ANT 3790 - Human Osteology **Credits:** 3
- ANT 3800 - Forensic Anthropology **Credits:** 3
- ANT 3820 - Forensic Archaeology **Credits:** 3
- ANT 3860 - Paleopathology **Credits:** 3
- ANT 4610 - Archaeological Laboratory Methods **Credits:** 3
- ANT 4100 - Biological Anthropology Research Design **Credits:** 3 (Senior Experience)
- ANT 4251 - Advanced Ethnographic Field Experience **Credits:** 3 (Senior Experience)
- ANT 4710 - Advanced Archaeological Research **Credits:** 3 (Senior Experience)

## Elective Courses: 15 credits

Students are required to take 15 semester hours of elective courses in anthropology. Examples of courses currently offered by the department include, but are not limited to, the following:

- ANT 2330 - Cross-Cultural Communication **Credits:** 3 (ESSJ)
- ANT 2350 - African Peoples and Cultures **Credits:** 3
- ANT 2360 - Living Culture and Language of the Mexican and Chicano **Credits:** 3
- ANT 2400 - Women's Folklore and Folklife **Credits:** 3
- ANT 2640 - Archaeology **Credits:** 3
- ANT 2700 - Museum Studies **Credits:** 3

- ANT 3100 - Human Evolution **Credits: 3**
- ANT 3110 - Race and Human Variation **Credits: 3**
- ANT 3122 - The Neanderthal Enigma **Credits: 3**
- ANT 3170 - Primate Adaptation and Evolution **Credits: 3**
- ANT 3190 - Mammalian Paleontology **Credits: 3**
- ANT 3300 - Exploring World Cultures: Variable Topics **Credits: 3**
- ANT 3310 - Ethnography of North American Indians **Credits: 3**
- ANT 3320 - Anthropology of Japan **Credits: 3**
- ANT 3340 - Native Americans in Historical Perspective **Credits: 3**
- ANT 3361 - Gender and Disaster **Credits: 3**
- ANT 3365 - Structural Violence, Poverty and Human Rights **Credits: 3**
- ANT 3375 - Food and Culture **Credits: 3**
- ANT 3379 - Middle Eastern Cultures **Credits: 3**
- ANT 3380 - Exploring Folklore **Credits: 3**
- ANT 3386 - Religious Narratives and Culture **Credits: 3**
- ANT 3391 - Approaching Culture: Past and Present **Credits: 3**
- ANT 3395 - Transnational Genders and Sexualities **Credits: 3**
- ANT 3397 - Culture and Economy **Credits: 3**
- ANT 3480 - Cultural Diversity in Health and Illness **Credits: 3**
- ANT 3490 - Globalization and Culture **Credits: 3**
- ANT 3530 - Writing Systems and Scribal Traditions **Credits: 3**
- ANT 3540 - Women in the Developing World **Credits: 3**
- ANT 3600 - Archaeology of Eurasia and Africa **Credits: 3**
- ANT 3610 - Colorado Archaeology **Credits: 3**
- ANT 3630 - Archaeology of Ancient Egypt **Credits: 3**
- ANT 3640 - Holy Land Archaeology **Credits: 3**
- ANT 3650 - 100,000 Years of War **Credits: 3**
- ANT 3660 - Archaeology of the Americas **Credits: 3**
- ANT 3840 - Introduction to Bioarchaeology **Credits: 3**

## Senior Experience: 3 credits

Students are required to take one of the following anthropology senior experience courses. These courses may also count toward the practical course requirement if a student takes more than one.

- ANT 4100 - Biological Anthropology Research Design **Credits: 3**
- ANT 4251 - Advanced Ethnographic Field Experience **Credits: 3**
- ANT 4710 - Advanced Archaeological Research **Credits: 3**

## Additional Course Offerings

In addition to the courses listed above, new classes may be developed as part of the permanent catalog offerings, and other courses that are appropriate for the major may be offered under the variable topics, omnibus, or internship headings. Please see an advisor for more information.

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Major Requirements	12 credits
Practical Courses	6 credits
Elective Courses	15 credits
Senior Experience	3 credits
Unrestricted Electives	48-69 credits
<b>Total for the Anthropology Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Anthropology Minor

### About the Program

Anthropology studies human biological and cultural diversity through time and space. It encompasses all of humanity as well as our closest primate relatives, from the earliest prehistoric ancestors to the varied societies inhabiting the world today. The Anthropology Program at MSU Denver is committed to enhancing student knowledge and appreciation of human beings as both a biological and a cultural species. Emphasizing a holistic approach, the Anthropology Program offers courses in each of the four traditional subfields of anthropology (cultural anthropology, biological anthropology, archaeology, and linguistic anthropology) and provides students with effective conceptual and methodological tools for observing and studying both ancient and modern humans. An anthropology minor provides an opportunity for students to bring a unique anthropological perspective to their major area of interest.

### Student Outcomes

The MSU Denver Anthropology Program has the following student outcomes:

- **Understand fundamental concepts** - Describe fundamental concepts and approaches in anthropology.
- **Analyze human diversity** - Examine human diversity through time and space using anthropological theories, methods, and data.
- **Engage critically** - Implement anthropological skills, tools, and approaches toward professional, academic, and community engagement.

## Anthropology Minor Requirements

The anthropology minor requires a total of 18 credits, as outlined below. Students must earn a grade of C- or better in all courses required for the minor. Students should note that programs differ in the minimum grade required.

## Required Courses: 6 credits

Students are required to take the following two courses.

- ANT 1010 - Introduction to Biological Anthropology **Credits: 3**
- ANT 1310 - Introduction to Cultural Anthropology **Credits: 3**

## Electives: 12 credits

Students are required to take 12 additional semester hours of elective courses in anthropology, numbered 1000-4999. At least 6 of these credits must consist of upper-division coursework. Examples of courses currently offered by the department include, but are not limited to, the following courses:

- ANT 1650 - Ancient Civilizations **Credits: 3**
- ANT 2330 - Cross-Cultural Communication **Credits: 3**
- ANT 2350 - African Peoples and Cultures **Credits: 3**
- ANT 2360 - Living Culture and Language of the Mexican and Chicano **Credits: 3**
- ANT 2400 - Women's Folklore and Folklife **Credits: 3**
- ANT 2500 - Anthropology of Language **Credits: 3**
- ANT 2640 - Archaeology **Credits: 3**
- ANT 2700 - Museum Studies **Credits: 3**
- ANT 2710 - Archaeological Field Research **Credits: 3**
- ANT 3000 - Quantitative Methods in Anthropology **Credits: 3**
- ANT 3100 - Human Evolution **Credits: 3**
- ANT 3110 - Race and Human Variation **Credits: 3**
- ANT 3122 - The Neanderthal Enigma **Credits: 3**
- ANT 3170 - Primate Adaptation and Evolution **Credits: 3**
- ANT 3190 - Mammalian Paleontology **Credits: 3**
- ANT 3300 - Exploring World Cultures: Variable Topics **Credits: 3**
- ANT 3310 - Ethnography of North American Indians **Credits: 3**
- ANT 3320 - Anthropology of Japan **Credits: 3**
- ANT 3330 - Japan: Culture, Communication, and Identity **Credits: 3-6**
- ANT 3340 - Native Americans in Historical Perspective **Credits: 3**
- ANT 3361 - Gender and Disaster **Credits: 3**
- ANT 3365 - Structural Violence, Poverty and Human Rights **Credits: 3**
- ANT 3375 - Food and Culture **Credits: 3**
- ANT 3379 - Middle Eastern Cultures **Credits: 3**
- ANT 3380 - Exploring Folklore **Credits: 3**
- ANT 3386 - Religious Narratives and Culture **Credits: 3**
- ANT 3391 - Approaching Culture: Past and Present **Credits: 3**
- ANT 3395 - Transnational Genders and Sexualities **Credits: 3**
- ANT 3397 - Culture and Economy **Credits: 3**
- ANT 3420 - Applied Anthropology **Credits: 3**
- ANT 3480 - Cultural Diversity in Health and Illness **Credits: 3**
- ANT 3490 - Globalization and Culture **Credits: 3**

- ANT 3520 - Analyzing Talk and Interaction **Credits: 3**
- ANT 3530 - Writing Systems and Scribal Traditions **Credits: 3**
- ANT 3540 - Women in the Developing World **Credits: 3**
- ANT 3600 - Archaeology of Eurasia and Africa **Credits: 3**
- ANT 3610 - Colorado Archaeology **Credits: 3**
- ANT 3630 - Archaeology of Ancient Egypt **Credits: 3**
- ANT 3640 - Holy Land Archaeology **Credits: 3**
- ANT 3650 - 100,000 Years of War **Credits: 3**
- ANT 3660 - Archaeology of the Americas **Credits: 3**
- ANT 3790 - Human Osteology **Credits: 3**
- ANT 3800 - Forensic Anthropology **Credits: 3**
- ANT 3820 - Forensic Archaeology **Credits: 3**
- ANT 3840 - Introduction to Bioarchaeology **Credits: 3**
- ANT 3860 - Paleopathology **Credits: 3**
- ANT 4100 - Biological Anthropology Research Design **Credits: 3**
- ANT 4251 - Advanced Ethnographic Field Experience **Credits: 3**
- ANT 4400 - Current Issues in Anthropology: Variable Topics **Credits: 1-6**
- ANT 4610 - Archaeological Laboratory Methods **Credits: 3**
- ANT 4710 - Advanced Archaeological Research **Credits: 3**

Total: 18 credit hours

## *Asian Studies Minor*

The Asian Studies minor offers students an opportunity to pursue interests in contemporary Asian societies, adding an important global focus to their major studies. Students are encouraged to apply a range of research methodologies with a focus on interdisciplinarity with course offerings from various disciplines in humanities and social sciences, including Anthropology, Sociology, History, Political science, Gender and Women's Studies, Linguistics, Literature, Music, Art, Geography, and Philosophy. During the process, students develop critical thinking abilities and problem-solving skills which prepare them to successfully join the workforce of Colorado and/or pursue an advanced degree.

A grade of "D-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required. Asian Studies minors must have an overall GPA of 2.00 to graduate.

## Core Requirements: 3 credits

- SOC 1300 - Asia in Global Perspective **Credits: 3**  
This course is crosslisted and may be taken as ANT 1300/GWS 1300/PSC 1300/HIS 1260/LANG 1260.

## Electives: 15 credits

Choose at least 15 credits from the following (at least 6 hours must be upper division).

- ANT 2330 - Cross-Cultural Communication **Credits: 3**

- ANT 3320 - Anthropology of Japan **Credits: 3**
- ANT 3330 - Japan: Culture, Communication, and Identity **Credits: 3-6**
- ARTH 3340 - Asian Art **Credits: 3**
- CHI 1010 - Elementary Chinese I **Credits: 5**
- CHI 1020 - Elementary Chinese II **Credits: 5**
- GEG 1000 - World Regional Geography **Credits: 3**
- GWS 3395 - Transnational Genders and Sexualities **Credits: 3**
- HIS 1250 - China and East Asia **Credits: 3**
- HIS 1270 - India and South Asia **Credits: 3**
- HIS 3700 - Modern China **Credits: 3**
- HIS 3740 - Modern Japan **Credits: 3**
- HIS 3750 - India and South Asia since 1500 **Credits: 3**
- ITP 3400 - Ayurveda **Credits: 3**
- ITP 3500 - Traditional Chinese Medicine **Credits: 3**
- ITP 3810 - Men Across Cultures **Credits: 3**
- JPS 1010 - Elementary Japanese I **Credits: 5**
- JPS 1020 - Elementary Japanese II **Credits: 5**
- JPS 2010 - Intermediate Japanese I **Credits: 5**
- JPS 2020 - Intermediate Japanese II **Credits: 5**
- JPS 2110 - Conversational Japanese I **Credits: 3**
- JPS 2120 - Kanji I **Credits: 3**
- JPS 3110 - Conversational Japanese II **Credits: 3**
- JPS 3120 - Kanji II **Credits: 3**
- JPS 3200 - Japanese through Media Culture **Credits: 3**
- JPS 3210 - Advanced Japanese: Major Topics **Credits: 3**
- MUS 3834 - Gamelan Ensemble **Credits: 1**
- PSC 1020 - Comparative Politics **Credits: 3**
- PSC 3640 - Regional Defense and Development: East Asia **Credits: 3**
- RLG 1040 - Asian Religions **Credits: 3**
- RLG 3410 - South and East Asian Philosophies and Religions: Variable Topics **Credits: 3**
- SOC 1080 - Love and Family in East Asia **Credits: 3**
- SOC 3200 - Asian American Experiences **Credits: 3**

Total for Minor: 18 credits

## ***Sociology Major, B.A.***

[Department of Sociology and Anthropology](#)

[College of Letters, Arts and Sciences](#)

Available Program  
Format(s): [In-Person](#)

### **About the Program**

Sociology studies all aspects of society, from individuals to large organizations. The Sociology major emphasizes understanding human behavior as situated in cultural values, norms, and social structures as well as various social, religious, political and economic institutions. Required courses provide practice in applying the

sociological theories and research methods sociologists use to analyze issues and address problems in the everyday social world. This focus enables sociology majors to apply these skills in a variety of work-related settings, or as a solid foundation for graduate school. Contact the Department of Sociology and Anthropology for additional information.

### **Student Outcomes**

- Demonstrate knowledge of sociological theories and concepts necessary to understand human social behavior.
- Understands the statistical skills necessary to analyze and understand complex statistical relationships.
- Demonstrate the skills necessary to define problems, conduct research and apply this knowledge to solve social and work place related issues.
- Demonstrate general knowledge of core sociological concepts and theories regarding diversity, the urban environment, and social change.

### **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

### **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- The student majoring in Sociology will take 15 required credits and 21 elective credits, for a total of 36 credits in the discipline. At least 12 upper-division semester hours in Sociology must be completed at MSU Denver by students majoring in Sociology.

### **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** It is recommended that students fulfill this requirement with MTH 1210 - Introduction to Statistics.
- Arts and Humanities (6 credits)
- Historical (3 credits)

- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

### Required Courses: 15 credits

- SOC 1010 - People, Power, and Progress **Credits: 3**
- SOC 3320 - Sociological Theory: Past and Present **Credits: 3**
- SOC 3590 - Social Statistics **Credits: 3**  
*Note: MTH 1210 is a prerequisite for SOC 3590. MTH 1210 can be taken to fill the Quantitative Literacy requirement for General Studies.*
- SOC 3600 - Research in the Social Sciences **Credits: 3**
- Social Stratification Elective (one course selected from list below)

### Social Stratification Elective

Choose one course from the list below.

- SOC 3090 - Urban Sociology **Credits: 3**
- SOC 3220 - Prejudice and Discrimination **Credits: 3**
- SOC 3240 - Poverty and Inequality **Credits: 3**
- SOC 3430 - Gender and Society **Credits: 3**
- SOC 3710 - Politics and Power **Credits: 3**
- SOC 3810 - Population Issues: Life, Death and Migration **Credits: 3**
- SOC 4200 - Social Stratification **Credits: 3**

### Additional Electives: 21 credits

A minimum of 21 additional semester hours in sociology are required to complete the major. Students may choose as electives any additional courses offered in sociology. The department recommends that the student's choice of electives be made in consultation with a department advisor.

### Senior Experience: 3 credits

- SOC 4600 - Advanced Survey Research **Credits: 3**  
or
- SOC 4710 - Advanced Qualitative Methods **Credits: 3**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirements	15 credits
Electives	21 credits
Senior Experience	3 credits
Unrestricted Electives	45-51 credits
<b>Total for the Sociology Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Sociology Minor

The Sociology minor requires a total of 18 hours, comprised of 6 hours of required courses and 12 hours of elective courses. The required courses are SOC 1010 and one course selected from the list of Social Stratification Electives. The minor requires a minimum grade of "C-" in all sociology courses, and at least 6 upper-division hours in sociology completed at MSU Denver. (Students should note that academic programs differ in the in the number of hours and minimum grade required.) The department recommends that students choose electives in consultation with a department advisor.

### Required Courses:

- SOC 1010 - People, Power, and Progress **Credits: 3**
- Social Stratification Elective (one course selected from list below)

### Social Stratification Elective

Choose one course from the list below

- SOC 3090 - Urban Sociology **Credits: 3**
- SOC 3220 - Prejudice and Discrimination **Credits: 3**
- SOC 3240 - Poverty and Inequality **Credits: 3**
- SOC 3430 - Gender and Society **Credits: 3**
- SOC 3710 - Politics and Power **Credits: 3**

- SOC 3810 - Population Issues: Life, Death and Migration **Credits:** 3
- SOC 4200 - Social Stratification **Credits:** 3

## Additional Electives: 12 credit hours

A minimum of 12 additional credit hours in sociology are required to complete the minor. Students may choose as electives any additional courses offered in sociology. The department recommends that the student's choice of electives be made in consultation with a department advisor.

Total Credit hours in Minor: 18

### About the Program

The MSU Denver Dance major is unique in its versatility and in its partnership with Cleo Parker Robinson Dance (CPRD). CPRD is recognized worldwide for their dynamic cross-cultural curriculum, community engagement, innovative choreography, and promotion of American dance heritage. In this exciting program, CPRD's mission of social transformation through dance and MSU Denver's academic rigor and focus on real-world experience converge.

The dance curriculum includes coursework in jazz, hip-hop, tap, African dance, belly dance, ballet, modern, Ballet Folklórico, dance history, community-based dance practices, somatics and anatomy, pedagogy, improvisation, choreography, contemporary dance and interdisciplinary performance, movement analysis, dance production, and arts entrepreneurship. The Dance Program allows students to combine their interest in dance with other fields, taking classes in non-profit management, teaching or arts administration, among others. The program utilizes service learning, field experience, and internship programs to enrich students' learning and to foster a

connection between MSU and its student body and the Denver community. We aim to prepare students for their future in dance and beyond, supporting their specific career and educational goals through concrete learning experiences and creative exploration.

### Student Outcomes

- Students will understand and communicate the ways in which diverse dance practices reflect and contribute to historical, religious, sociopolitical, economic, and cultural contexts, using scholarly research, criticism, and analysis.
- Students will evaluate various entrepreneurship opportunities in dance, develop an original sustainable dance-related business, and/or create an artistic dance production suitable for a variety of contexts.
- Students will attain an intermediate level of technical movement competency, or higher, in at least one dance form by performing movement patterns skillfully and by demonstrating a kinesthetic understanding of proper alignment and body mechanics.
- Students will develop versatile performance capabilities and exhibit artistic intent through mind-body awareness, and by using space, time and energy expressively.
- Students will integrate innovative creative ideas, collaborative approaches, compositional skills, and/or theatrical elements in the creation of choreography, including a fully realized choreographic performance work that expresses meaning according to artistic intent, and which is presented in a public context.
- Students will examine the potential of dance as a tool for social change as they design a community-based performance project that includes a thoughtful project model and narrative, effective facilitation strategies, and relevant creative activities.
- Students will comprehend and implement a variety of pedagogical skills and methodologies as they present purposeful creative and/or technical exercises, teach collaborative dance lessons, and design effective short and long-range instructional plans.

### General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

### Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Dance majors must participate in a dance production every semester, starting in their third semester. Past dance production experience will be considered for transfer students and for those declaring their dance major after their sophomore year.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Areas of Emphasis in Dance

Below are recommended areas of emphasis; however, we encourage all students to create a customized program that suits their specific career goals. Students will consult with a faculty advisor to create a degree plan that includes electives centered around the selected emphasis.

**Performance and/or Choreography:** Ideal for students seeking a career in performance and/or choreography, or artistic direction.

- Recommended courses in Dance, Theatre, and Music, among others

**Dance Pedagogy:** Ideal for students seeking to own, manage, or teach at a studio. Also ideal for students aiming to get a dance endorsement along with their teaching license. A secondary dance endorsement enables graduates to teach dance in the public school system if they attain primary licensure through another discipline.

- Recommended courses in Education, Dance, and Psychology, among others

**Dance Organization/Nonprofit:** Ideal for students seeking a career in dance administration, entrepreneurship, nonprofit management,

studio ownership, artist management, production/stagecraft, or grant writing/fundraising.

- Recommended courses in Human Services, Management, Entrepreneurship, Finance, Accounting, and Marketing, among others  
**Social Transformation through Dance:** Ideal for students seeking to integrate dance into the community and/or arts programs as well as those interested in being a dance historian, writer and/or critic.

- Recommended courses in Africana Studies, Chicana/o Studies, Psychology, Social Work, and Gender, Women, and Sexualities Studies, among others

## Core Dance Courses: 33 credits

- DANC 1210 - Improvisation and Choreography **Credits: 3**
- DANC 3420 - Skills and Methods of Teaching Improvisation and Choreography **Credits: 3**
- DANC 3440 - Dance Production **Credits: 3**
- DANC 3410 - Skills and Methods of Teaching Dance Technique **Credits: 3**
- DANC 3905 - Dance Repertory **Credits: 3**
- DANC 3910 - Dancing Histories in a Global Context **Credits: 3**
- DANC 3920 - Dance Entrepreneurship **Credits: 3**
- DANC 3930 - Choreography II **Credits: 3**
- DANC 3940 - Experiential Movement, Somatics and Injury Risk Reduction for Dance Artists **Credits: 3**
- DANC 4910 - Dance and Interdisciplinary Performance in the 20th Century and Beyond **Credits: 3**
- DANC 4920 - Community-Based Dance and Social Change **Credits: 3**

## Core Dance Technique Courses: 18 credits

Students choose from the below dance technique courses to attain 18 credits, according to level. At least 1 of these courses must be chosen from the following dance forms: African Dance, Ballet Folklórico, or Belly Dance.

- DANC 1020 - Ballet Folklórico **Credits: 2**
- DANC 1101 - Hip Hop I **Credits: 2**
- DANC 2201 - Hip Hop II **Credits: 2**
- DANC 1110 - Belly Dance I **Credits: 2**
- DANC 2210 - Belly Dance II **Credits: 2**
- DANC 1120 - African Dance and Drumming **Credits: 2**
- DANC 3835 - African Drum and Dance Ensemble **Credits: 1**
- DANC 1130 - Ballet Level I **Credits: 2**
- DANC 2230 - Ballet II **Credits: 2**
- DANC 3330 - Ballet III **Credits: 2**
- DANC 4430 - Ballet IV **Credits: 2**
- DANC 1160 - Jazz Level I **Credits: 2**
- DANC 2260 - Jazz II **Credits: 2**
- DANC 3360 - Jazz III **Credits: 2**
- DANC 4460 - Jazz IV **Credits: 2**
- DANC 1180 - Modern Dance I **Credits: 2**

- DANC 2280 - Modern Dance II **Credits: 2**
- DANC 3380 - Modern Dance III **Credits: 2**
- DANC 4480 - Modern Dance IV **Credits: 2**
- DANC 1240 - Tap Dance I **Credits: 2**
- DANC 2240 - Tap Dance II **Credits: 2**

## Dance Major Electives: 11 credits

In consultation with an advisor, the 11 dance major elective credits can be fulfilled through Field Experiences (up to 12 credits), Internships, additional technique courses, repetition of specific dance courses for credit, and/or through courses within other departments relevant to the student's area of emphasis.

- DANC 3040 - MSU Denver Dance Ensemble **Credits: 3**
- DANC 3391 - Cleo Parker Robinson International Summer Dance Institute I **Credits: 1**
- DANC 3392 - Cleo Parker Robinson International Summer Dance Institute II **Credits: 2**
- DANC 3750 - Study Abroad: Human Performance and Sport **Credits: 3**
- DANC 3980 - Internship for Dance **Credits: 3-9**
- DANC 3990 - Dance Field Experience **Credits: 1-3**
- DANC 4010 - Advanced/Professional Company Class **Credits: 2** (by audition)
- Courses through other departments relevant to area of emphasis
- Additional Technique courses
- Course Repetition (Technique courses, Dance Rep, and Dance Ensemble may be taken twice, Advanced/Professional Company may be taken by advanced dancers up to 5 times)

## Senior Experience

- DANC 4990 - Dance Senior Experience **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Dance Core Courses	33 credits
Dance Technique Courses	18 credits
Major Electives	11 credits
Senior Experience	3 credits
Unrestricted Electives	19-22 credits
<b>Total for the Dance Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Dance Minor

The Dance minor is to prepare students to be leaders in the dance profession and other realms through experiential learning, creative and scholarly research, community engagement, entrepreneurship, collaborative exchange, and diverse artistic experiences. The program aims to be inclusive and help all students develop the skills necessary to meet their individual career goals, to experience physical, mental, and emotional wellness, and to positively impact society through purposeful work and study in the dance field and beyond.

## Dance Minor Core Courses 9 credits

- DANC 1210 - Improvisation and Choreography **Credits: 3**
- DANC 3410 - Skills and Methods of Teaching Dance Technique **Credits: 3**  
or
- DANC 3420 - Skills and Methods of Teaching Improvisation and Choreography **Credits: 3**
- DANC 3440 - Dance Production **Credits: 3**

## Dance Minor Technique Courses 8 credits

Students choose from the dance technique courses listed below to attain 8 credits, according to level.

- DANC 3835 - African Drum and Dance Ensemble **Credits: 1**
- DANC 1120 - African Dance and Drumming **Credits: 2**
- DANC 1020 - Ballet Folklórico **Credits: 2**
- DANC 1130 - Ballet Level I **Credits: 2**
- DANC 2230 - Ballet II **Credits: 2**
- DANC 3330 - Ballet III **Credits: 2**
- DANC 4430 - Ballet IV **Credits: 2**
- DANC 1160 - Jazz Level I **Credits: 2**
- DANC 2260 - Jazz II **Credits: 2**
- DANC 3360 - Jazz III **Credits: 2**
- DANC 4460 - Jazz IV **Credits: 2**
- DANC 1180 - Modern Dance I **Credits: 2**
- DANC 2280 - Modern Dance II **Credits: 2**
- DANC 3380 - Modern Dance III **Credits: 2**
- DANC 4480 - Modern Dance IV **Credits: 2**
- DANC 1240 - Tap Dance I **Credits: 2**
- DANC 2240 - Tap Dance II **Credits: 2**
- DANC 1101 - Hip Hop I **Credits: 2**
- DANC 2201 - Hip Hop II **Credits: 2**
- DANC 1110 - Belly Dance I **Credits: 2**

- DANC 2210 - Belly Dance II **Credits: 2**

## Dance Minor Electives 6 credits

Students choose from the below courses to attain 6 credits of Dance Electives. No more than 3 of those credits can be completed by taking DANC 3980 or DANC 3990.

- DANC 3040 - MSU Denver Dance Ensemble **Credits: 3**
- DANC 3410 - Skills and Methods of Teaching Dance Technique **Credits: 3**
- DANC 3420 - Skills and Methods of Teaching Improvisation and Choreography **Credits: 3**
- DANC 3750 - Study Abroad: Human Performance and Sport **Credits: 3**
- DANC 3905 - Dance Repertory **Credits: 3**
- DANC 3910 - Dancing Histories in a Global Context **Credits: 3**
- DANC 3920 - Dance Entrepreneurship **Credits: 3**
- DANC 3930 - Choreography II **Credits: 3**
- DANC 3940 - Experiential Movement, Somatics and Injury Risk Reduction for Dance Artists **Credits: 3**
- DANC 3980 - Internship for Dance **Credits: 3-9**
- DANC 3990 - Dance Field Experience **Credits: 1-3**
- DANC 4910 - Dance and Interdisciplinary Performance in the 20th Century and Beyond **Credits: 3**
- DANC 4920 - Community-Based Dance and Social Change **Credits: 3**

## Total Dance Minor Credits 23

Through a combination of the above courses and requirements students must take a minimum of 23 credits towards their Dance Minor and meet the 6 credit upper division requirement.

## Additional Requirements

**Dance Minors are required to be involved in at least 2 MSU Denver Dance Program Performances.**

## Summary of Credits Required for Dance Minor

Dance Minor Core Courses	9 credits
Dance Minor Technique Courses	8 credits
Dance Minor Electives	6 credits
<b>Total for Dance Minor</b>	<b>23 credits</b>

Must have 6 credits of upper division classes	
Required to be involved in 2 MSU Denver Dance Program Performances	

## Theatre Major, B.A.

[Department of Theatre and Dance](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

Theatre is "Equipment for Living." That's the philosophy behind the MSU Denver Theatre program.

A Bachelor of Arts degree in Theatre not only prepares you to tell powerful, transformative stories, but it also imparts the ability to work in teams, communicate artfully, plan large projects and think analytically - skills employers crave.

As a Theatre major, you study the academic side of Theatre as well as receive opportunities to perform and work in campus productions, serve as a production dramaturge, become part of an MSU Denver touring company, intern at local theatres and participate in regional and national theatre competitions.

MSU Denver's Theatre program is accredited by the National Association of Schools of Theatre. The program not only prepares you for further graduate studies, but also provides the training necessary for careers in voice, film and theatre and other media. Many Theatre majors also translate their Theatre degrees into careers such as teaching, sales, law, business, communications and more.

## Student Outcomes

- Demonstrate a solid understanding of the business of theatre as it applies to one's chosen concentration, especially an understanding of how to secure and maintain employment.
- Demonstrate the ability to exercise the skills of one's chosen concentration with other theatre skill areas.
- Demonstrate the ability to think logically and critically.
- Demonstrate the ability to verbalize and/or write coherent and insightful criticism of dramatic literature and theatre production.
- Articulate the role of the arts, and theatre specifically, in diverse cultures represented in the city, state, and country.
- Work effectively and productively as a member of groups.
- Demonstrate the discipline, attitude, perseverance, and focus necessary for a career in the theatre.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Required Core Courses for all Theatre Majors: 37 credits

- THE 1240 - Stagecraft **Credits: 3**
- THE 2201 - Voice and Speech I **Credits: 3**
- THE 2215 - Self-Care in Theatre **Credits: 3**
- THE 2220 - Acting I **Credits: 3**
- THE 2248 - Wardrobe Technology for Everyone **Credits: 3**

- THE 2270 - Production Analysis **Credits: 3**
- THE 2280 - Theatre Career Development **Credits: 3**
- THE 3211 - World Theatre History I **Credits: 3**
- THE 3212 - World Theatre History II **Credits: 3**
- THE 3220 - Stage Movement **Credits: 3**
- THE 3222 - Devised Theatre **Credits: 3**
- THE 4230 - Stage Directing **Credits: 3**
- THE 4260 - Theatre: Practicum I **Credits: 1**

## Major Electives: 14 credits

All courses with a "THE" prefix, except those courses required for the major, including internships, may be selected in consultation with an approved Theatre advisor within the Department of Theatre and Dance.

## Senior Experience: 3 credits

- THE 4230 - Stage Directing **Credits: 3** (credits counted in major)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Major Required Courses	37 credits
Major Electives	14 credits
Senior Experience	(counted in major)
Unrestricted Electives	33-36 credits
<b>Total for the Theatre Major, B.A.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## Theatre Major, B.F.A.

[Department of Theatre and Dance](#)  
[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

Theatre is "Equipment for Living." That's the philosophy behind the MSU Denver Theatre program.

MSU Denver's B.F.A. in Theatre degree is an intensive pre-professional program that offers two concentrations:

- Music Theatre
- Applied Theatre Technology and Design

Music Theatre provides rich opportunities for performing; Applied Theatre Technology and Design provides hands-on technical theatre experience. These experiences are provided both in class and onstage as well as through on-campus productions, internships at local theatres and with the University's own professional Kaiser Permanente Touring Company, which delivers health-oriented performances in local schools.

Taught by veteran teachers who are also theatre and design professionals, you receive the kind of mentoring you need to make your way as an actor, theatre technician or designer, as well as discover ways to use your Theatre training in other fields. As a Theatre major, you study the academic side of Theatre as well as receive opportunities to perform and work in campus productions, serve as a production dramaturge, become part of an MSU Denver touring company, intern at local theatres and participate in regional and national theatre competitions.

MSU Denver's Theatre program is accredited by the National Association of Schools of Theatre. The program not only prepares you for further graduate studies, but also provides the training necessary for careers in voice, film and theatre and other media. Many Theatre majors also translate their Theatre degrees into careers such as teaching, sales, law, business, communications and more.

## Student Outcomes

- Demonstrate a solid understanding of the business of theatre as it applies to one's chosen concentration, especially an understanding of how to secure and maintain employment.
- Demonstrate the ability to exercise the skills of one's chosen concentration with other theatre skill areas.
- Demonstrate the ability to think logically and critically.
- Demonstrate the ability to verbalize and/or write coherent and insightful criticism of dramatic literature and theatre production.
- Articulate the role of the arts, and theatre specifically, in diverse cultures represented in the city, state, and country.
- Work effectively and productively as a member of groups.
- Demonstrate the discipline, attitude, perseverance, and focus necessary for a career in the theatre.
- Demonstrate problem-solving skills in the application of one's theatre skills to both laboratory experiences and public-performance opportunities.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)

- THE 3271 - Stage Lighting Technology **Credits: 3**
- THE 3272 - Stage Sound Technology **Credits: 3**
- THE 3980 - Professional Internship: Theatre **Credits: 1-15 \*\***
- THE 4270 - Theatre: Practicum II **Credits: 2**
- THE 4275 - Theatre: Practicum III **Credits: 3**
- THE 4271 - BFA Project: Applied Technology **Credits: 2**

*\*Must be taken each semester the student is enrolled in the Applied Theatre Technology and Design BFA and completed 4 times.*

*\*\*4 credits of Professional Internship are required for BFA concentrations. Additional internship credits beyond 4 may be applied to Theatre Electives as long as they are taken as a separate registration from the 4 required Professional Internship credits.*

## Concentration Elective Courses: 11 credits

All courses with a "THE" prefix, except those courses required for the major or concentration, may be selected in consultation with an approved theatre advisor within the Department of Theatre. This can include internship credits beyond the 4 credits required for the BFA Applied Theatre Technology and Design concentration.

## Senior Experience: 3 credits

All students must complete this course for their senior experience:

- THE 4230 - Stage Directing **Credits: 3** (credits counted in major)

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Core Courses	37 credits
Concentration Selection (Music Theatre or Applied Theatre Technology and Design)	40 credits
Senior Experience	(counted in major)
Unrestricted Electives	7-10 credits
<b>Total for the Theatre Major, B.F.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Theatre Minor

Degrees offered by the Theatre Department prepare students to pursue a wide range of career options in theatre, entertainment industries, and other related fields. Each degree offers the flexibility for students to pursue a major or minor that best meets their educational, professional, and artistic goals.

Theatre Department Academic Programs

- Theatre Major, B.A.
- Theatre Major, B.F.A
- Theatre Minor

All students considering a major or minor in Theatre should consult with theatre faculty for advising.

The BFA in Theatre (with concentrations in Applied Theatre Technology and Design or Music Theatre) is a professional course of study that provides specialized training in each chosen discipline.

The Theatre Minor can be tailored to suit the goals of each student whether in performance or technical theatre.

**Both BFA in Theatre concentrations have additional application requirements as follows:**

- The BFA in Theatre (Applied Theatre Technology and Design concentration) requires an application and interview process. All transfer students must complete a minimum of four semesters (not including summer) once accepted into the program.
- The BFA in Theatre (Music Theatre concentration) requires an application, music audition, theatre audition, and interview process. All transfer students must complete a minimum of four semesters (not including summer) once accepted into the program.

**Departmental grade requirements:**

- A grade of "C-" or better is required in every course (including any cross-discipline courses) for each degree.
- Students must maintain a 2.0 GPA within each degree.
- The University the completion of 120 credits and requires an overall 2.0 GPA to graduate.
- Other departments may have differing grade requirements. For further information, contact the Theatre Department.

## Required Courses

The following courses are required for the minor:

- THE 1210 - Theatre Appreciation **Credits: 3**
- THE 1240 - Stagecraft **Credits: 3**
- THE 2220 - Acting I **Credits: 3**
- THE 2270 - Production Analysis **Credits: 3**
- THE 4230 - Stage Directing **Credits: 3**
- THE 4260 - Theatre: Practicum I **Credits: 1**

**Subtotal: 16 credits**

## Electives

All courses with a "THE" prefix, except those courses required for the minor, may be selected to fulfill minor elective requirements in consultation with an approved theatre advisor within the Department of Theatre. Must have 9 credits of Electives, 6 of which must be upper division.

**Subtotal: 9 credits**

Total for Theatre Minor: 25 credits

## Department of World Languages

### Level Placement

Students are placed in courses at levels appropriate to their ability as indicated by the BYU placement exam and in consultation with department advisors. Students may earn up to 16 credits through the College Level Exam Program (CLEP), which equates to the full beginner level sequence and part of the intermediate sequence within our minors and majors in world languages.

### *Bilingual Education Specialist Certificate - Agency/Non-profit*

The Bilingual Education Specialist Certificate. - Agency/Non-Profit is designed for advanced and Heritage speakers of Spanish wanting to further develop their cultural and linguistic background in order to effectively communicate with bilingual Spanish-English/English Spanish audiences. It will meet the needs of bilingual students who are, either pursuing a selected major or still in the process of selecting a major through the opportunity to fulfill a broad range of graduation requirements by earning General Studies, upper-division, and applied learning credit.

Students seeking to complete this Certificate must apply through any of the participating departments: Culturally and Linguistically Diverse Education Program (CLD) at the Teacher Education Department; the Department of World Languages (LANG); and the Department of Chicana/a Studies (CHS). A minimum grade for courses completed as part of the certificate will be a "C" or better. No more than 40% of the credits used to satisfy certificate requirements may be transfer credits from other institutions.

### Required Courses

#### • Education and Language Electives (Choose One) Credits: 3

• EDS 1001 Advancing Social Justice and Educational Equity: Challenges and Strategies Credits: 3

• CHS 3300 Education of Chicano Children Credits: 3

• LING 3020 History of the English Language Credits: 4

#### • Language and Culture Credits: 9

• CHS 2000 Living Culture and Language of the Mexican and Chicano Credits: 3

• SPA 3110 Advanced Conversation Credits: 3

• SPA 3220 Folklore and Culture of the Mexican Southwest Credits: 3

#### • Multicultural Contexts Credits: 6

• CHS 3100 Social Justice and Activism in the Chicana/o Community Credits: 3

• CLD 3510 Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3

**Total Credits: 18**

### *French Minor*

A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

### Required Courses:

- FRE 2010 - Intermediate French I Credits: 3
- FRE 2020 - Intermediate French II Credits: 3
- FRE 2110 - French Reading and Conversation Credits: 3
- FRE 3010 - French as a Global Language Credits: 3

- FRE 3110 - Survey of French Literature I Credits: 3  
or
- FRE 3120 - Survey of French Literature II Credits: 3

- FRE 3550 - French Historical Perspectives Credits: 3  
or
- FRE 3560 - Contemporary Socio-Cultural Issues Credits: 3  
French Electives\*

Total: 21

Note:

\*Must be a course at the 3000- or 4000-level.

### *German Minor*

For students minoring in German, the program provides a foundation in language, culture, literature, and writing. The German minor prepares students with a professional level of oral communication, often sought by international companies and organizations, as well as a thorough understanding of the culture of German-speaking countries. The minor in German is a very flexible program designed to complement various majors. It provides a basis for graduate level reading in many related academic areas.

Students who are considering the German minor in the Department of Modern Languages are expected to consult with faculty for advising. A letter grade of "C-" or better is necessary in each of the required courses.

## Required Courses

- GER 2010 - Intermediate German I **Credits: 3**
- GER 2020 - Intermediate German II **Credits: 3**
- GER 2110 - German Reading and Conversation **Credits: 3**
- GER 2120 - German Civilization **Credits: 3**

Subtotal: 12 credits

**Select one of the following literature/culture courses:**

- GER 3200 - German Culture and Civilization **Credits: 3**
- GER 3210 - Survey of German Literature I **Credits: 3**
- GER 3220 - Survey of German Literature II **Credits: 3**

Subtotal: 3 credits

**Select one of the following skills courses:**

- GER 3010 - Third-Year German Conversation **Credits: 3**
- GER 3150 - German Phonetics: Theory and Practice **Credits: 3**
- GER 3300 - Advanced German Grammar **Credits: 3**

Subtotal: 3 credits

**Select one other course from either category.**

Subtotal: 3 credits

**Total for Minor: 21 credits**

## *Italian Minor*

Students pursuing a minor in Italian gain both linguistic proficiency and cultural awareness through the study of Italian language, civilization, literature, art and film. The program is suited to complement a wide array of academic concentrations, including but not limited to language and literature, cultural studies, business and international relations, hospitality and food, music and opera, art and design.

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

- ITA 2010 - Intermediate Italian I **Credits: 3**
- ITA 2020 - Intermediate Italian II **Credits: 3**
- ITA 2110 - Italian Reading and Conversation **Credits: 3**
- ITA 3140 - Advanced Italian Grammar **Credits: 3**
- ITA 3250 - Readings in Italian Literature **Credits: 3**

**Subtotal: 15 credits**

## Elective Courses

Select two of the following courses on Italian culture:

- ITA 3010 - Italian Culture Through Film **Credits: 3**
- ITA 3110 - Advanced Conversation **Credits: 3**
- ITA 3310 - Contemporary Italy: Culture and Society **Credits: 3**

**Subtotal: 6 credits**

**Total for Minor: 21 credits**

## *Japanese Minor*

Students pursuing a minor in Japanese gain both linguistic proficiency and cultural awareness through the study of Japanese language, civilization, literature, art and film. The program is suited to complement a wide array of academic concentrations, including but not limited to language and literature, cultural studies, business and international relations, hospitality and food, music, theatre, art and design.

A grade of C-or better is required for each course in this program to count towards the minor. Students should note that programs differ in the minimum grade required.

## Required Courses

- JPS 2010 - Intermediate Japanese I **Credits: 5**
- JPS 2020 - Intermediate Japanese II **Credits: 5**
- JPS 2110 - Conversational Japanese I **Credits: 3**
- JPS 2120 - Kanji I **Credits: 3**

**Subtotal: 16 credit hours**

## Elective Courses (choose two)

- JPS 3110 - Conversational Japanese II **Credits: 3**
- JPS 3120 - Kanji II **Credits: 3**

- JPS 3200 - Japanese through Media Culture **Credits: 3**
- JPS 3210 - Advanced Japanese: Major Topics **Credits: 3**

**Subtotal: 6 credit hours**

**Total for the minor: 22 credit hours**

## ***Latin American Studies Minor***

The Latin American Studies minor at MSU - Denver is an interdisciplinary program that offers students the opportunity to study one of the most dynamic regions of the world. Encompassing Latin America and its diaspora, this program provides students with a wide selection of courses on the region's culture and history. Whether you are pursuing a career to work in local communities (education, social work, psychology) or internationally (business, law, tourism), developing a multicultural perspective through our Latin American Studies Program will globalize your degree. MSU-Denver offers a minor degree (21 credits) in Latin American Studies, with credits drawn from over a dozen cross-listed courses and several different internships. Minimum passing grade: "C".

### **Required Courses: 6 credits**

- HIS 1300 - Introduction to Latin American History **Credits: 3**
- SPA 1009 - Culturas Vivas: Exploring the Vibrant Diversity of Spanish-Speaking Cultures **Credits: 3**

### **Elective Courses: 15 credits**

Elective Courses are 3-credit hours each, unless specified otherwise. Select five courses totaling at least 15 credits.

Recommended: selection must represent three different prefixes.

- ANT 3300 - Exploring World Cultures: Variable Topics **Credits: 3**
- CHS 1000 - Introduction to Chicana/o Studies **Credits: 3**
- CHS 2010 - Survey of Chicana/o Literature **Credits: 3**
- CHS 2500 - Borderland Studies: Variable Topics **Credits: 3**
- CHS 3100 - Social Justice and Activism in the Chicana/o Community **Credits: 3**
- CHS 3460 - Chicana Feminisms **Credits: 3**
- CHS 3980 - Internship in Chicana and Chicano Studies **Credits: 1-15**
- GEG 3230 - Latin American Geographies **Credits: 3**
- HIS 3746 - History of Modern Mexico **Credits: 3**
- HIS 3747 - Latin American Revolutions **Credits: 3**
- HIS 3980 - Internship in History **Credits: 1-15**
- MUS 4000 - Musics of Latin America **Credits: 3**
- PSC 3630 - Latin American Politics **Credits: 3**
- SPA 1004 - Conversational Spanish for Medical Professions I **Credits: 3**
- SPA 1010 - Elementary Spanish I **Credits: 5**
- SPA 2010 - Intermediate Spanish I **Credits: 3**

- SPA 3210 - Spanish-American Culture and Civilization **Credits: 3**
- SPA 3220 - Folklore and Culture of the Mexican Southwest **Credits: 3**

**Total for Minor: 21 credits**

## ***Spanish Minor***

A grade of "C-" or better is required for each course in this program to count toward the minor. Students should note that programs differ in the minimum grade required. Consult with an advisor to plan your studies.

### **Intermediate Studies: 12 credits**

Selective four of the following foundational courses.

- SPA 2010 - Intermediate Spanish I **Credits: 3**
- SPA 2020 - Intermediate Spanish II **Credits: 3**
- SPA 2110 - Spanish Reading and Communication I **Credits: 3**
- SPA 2120 - Spanish Reading and Communication II **Credits: 3**
- Recommended for heritage speakers:
- SPA 2750 - Intensive Intermediate Spanish Grammar Review **Credits: 3**

### **Advanced Studies: 9 credits**

Select a course in each category.

#### **Language in Context**

- SPA 3110 - Advanced Conversation **Credits: 3**  
or
- SPA 3150 - Spanish Phonetics: Theory and Practice **Credits: 3**

#### **Reading and Analysis**

- SPA 3250 - Introduction to Literary Studies in Spanish **Credits: 3**  
or
- SPA 3910 - Create in Spanish **Credits: 3**

#### **Cultural Competence**

- SPA 3200 - Culture and Civilization of Spain **Credits: 3**  
or
- SPA 3210 - Spanish-American Culture and Civilization **Credits: 3**  
or
- SPA 3220 - Folklore and Culture of the Mexican Southwest **Credits: 3**  
or
- SPA 3600 - Culture through Film: Variable Topics **Credits: 3**

**Total: 21 credits**

## ***Spanish Translation Program Certificate***

Students must complete each course in this certificate program with a grade of "B" or better. The courses cannot be taken pass/fail.

## Courses:

- SPA 3140 - Advanced Composition **Credits: 3**
- SPA 4010 - Advanced Spanish Writing and Grammar I **Credits: 3**
- SPA 4015 - Introduction to Spanish Translation I **Credits: 3**
- SPA 4020 - Advanced Spanish Writing and Grammar II **Credits: 3**
- SPA 4025 - Introduction to Spanish Translation II **Credits: 3**

## *Translation Studies Certificate*

The Certificate in Translation Studies is designed to equip students with the theoretical knowledge, practical skills, and cultural competence required to excel in the field of language services. This interdisciplinary program is for students interested in languages, communication, and connections across cultures and who seek to develop expertise in assessing translation projects across a variety of domains, including the literary, legal, medical, technical, and commercial fields. Upon completion of the certificate, graduates will be equipped to pursue careers in multilingual environments, or further their studies in translation, interpreting, and related fields. The program is also an excellent complement to majors in international studies, languages, literature, business, human services, hospitality, and law. Prerequisite: one year of college-level world language or equivalent. Minimum passing grade: "C".

## Required Courses: 16 credits

Students must have completed the equivalent of Elementary II (CHI 1020/FRE 1020/GER 1020/ITA 1020/JPS 1020/SPA 1020) of a two-semester college-level language sequence.

- LANG 2400 - Fundamentals of Translation and Interpreting **Credits: 3**
- LING 2010 - Introduction to Linguistics **Credits: 4**
- LING 4016 - Introduction to Translation Studies **Credits: 4**

## Language, Culture, Communication Electives (choose two): 6-7 credits

### Electives Group 1

- ANT 2330 - Cross-Cultural Communication **Credits: 3**
- COMM 2200 - Introduction to Interpersonal Communication **Credits: 3**
- LANG 3050 - Cultural Crossroads: Heritage Languages and Cultures **Credits: 3**
- LING 3050 - Language and Society **Credits: 4**

## Language and Linguistics Electives (choose one): 4 credits

### Electives Group 2

- LING 3030 - Semantics **Credits: 4**
- LING 3075 - Latin **Credits: 4**
- LING 4060 - Modern Language Theory **Credits: 4**

## Practicum Electives (choose two): 6 credits

### Electives Group 3

- FRE 3650 - Introduction to French Translation **Credits: 3**
- FRE 4540 - Literature, Culture, and Translation **Credits: 3**
- LANG 3980 - Internship in Modern Languages **Credits: 1-15**
- SPA 4015 - Introduction to Spanish Translation I **Credits: 3**
- SPA 4025 - Introduction to Spanish Translation II **Credits: 3**

## Program Totals

- Required Courses - 16 cr. hrs.
- Elective courses - 16-17 cr. hrs.
- Total for the Certificate - 32-33 cr. hrs.**

## *World Languages Major, B.A. Option I*

[Department of World Languages](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Bachelor of Arts in World Languages degree may be completed by selecting either Option I or Option II. Option I is a single-language option in either French or Spanish. Option II is a dual-language option with primary language either French or Spanish, and a choice of secondary language (French, German, Italian, Japanese or Spanish). Students are advised into intermediate and advanced classes in each language on the basis of individual background and need. A grade of "C-" or better is required for each course in this program to count toward the Bachelor of Arts degree in World Languages. Students should note that programs differ in the minimum grade required.

World Languages, B.A. Option I requires a minimum of 42 hours in one of two following languages: French or Spanish. Students pursuing this option for the degree in World Languages need a minor.

For the language emphasized, either French or Spanish, students must complete a minimum of 42 semester hours of coursework at the 2000-level and above, including a three (3) credit hour Senior Experience after the core curriculum of lower-division language classes. No more than 12 hours may be taken at the 2000 level.

## Student Outcomes

By the end of their studies, students earning a B.A. in World Languages will have at least working fluency in their primary language and will be able to:

- Handle both routine and unfamiliar situations in both formal and informal settings.
- Adjust responses in the target language to respond to a unique circumstance or question.
- Make specific recommendations or suggestions and give detailed explanations and precise descriptions.
- Resolve problems or justify an opinion, argument, policy or procedure.
- Communicate with high enough accuracy to be understood by any speaker of the language.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- **Recommended:** CHI 1010 - Elementary Chinese I / FRE 1010 - Elementary French I / GER 1010 - Elementary German I / ITA 1010 - Elementary Italian I / JPS 1010 - Elementary Japanese I / SPA 1010 - Elementary Spanish I or ASL 1020 - American Sign Language II
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)

- **Recommended:** CHI 1020 - Elementary Chinese II / FRE 1020 - Elementary French II / GER 1020 - Elementary German II / ITA 1020 - Elementary Italian II / JPS 1020 - Elementary Japanese II / SPA 1020 - Elementary Spanish II
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)
- **Recommended:** CHI 1020 / FRE 1020 / GER 1020 / ITA 1020 / JPS 1020 / SPA 1020

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Option I: French Concentration

### Required lower division courses: 12 credits

- FRE 2010 - Intermediate French I **Credits:** 3
- FRE 2020 - Intermediate French II **Credits:** 3
- FRE 2110 - French Reading and Conversation **Credits:** 3
- FRE 3010 - French as a Global Language **Credits:** 3

### Advanced Language courses: 12 credits

#### Advanced Language at the 3000 level: 9 credits

- FRE 3150 - French Phonetics: Theory and Practice **Credits:** 3
- FRE 3310 - Advanced French Composition and Grammar **Credits:** 3
- FRE 3320 - Cinema in French for Advanced Conversation **Credits:** 3

#### Advanced Language at the 4000 level: 3 credits

- FRE 4540 - Literature, Culture, and Translation **Credits:** 3

### Culture and Literature courses: 18 credits

Culture courses: 6 credits (choose 2 out of 3 classes)

Choose 2 out of 3 classes

- FRE 3550 - French Historical Perspectives **Credits: 3**
- FRE 3560 - Contemporary Socio-Cultural Issues **Credits: 3**
- FRE 3600 - Special Topics in French Cultures **Credits: 3**

Required Literature courses: 6 credits

- FRE 3110 - Survey of French Literature I **Credits: 3**
- FRE 3120 - Survey of French Literature II **Credits: 3**

Choose any two courses: 6 credits

- FRE 4520 - Modern French Theater **Credits: 3**
- FRE 4530 - The French Novel **Credits: 3**
- FRE 4750 - Senior Seminar in French Studies **Credits: 3**

Senior Experience: 3 credits

Select one of the two listed courses. Note that the credits for Senior Experience requirement are counted in the major.

- FRE 4520 - Modern French Theater **Credits: 3**
- FRE 4530 - The French Novel **Credits: 3**  
Student Teaching will satisfy this requirement.

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
French Concentration Courses	42 credits
Senior Experience	counted in major
Unrestricted Electives	42-45 credits
<b>Total for the World Languages Major, B.A. Option I: French</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

Option I: Spanish Concentration:

Required lower division courses: 12 credits

- SPA 2010 - Intermediate Spanish I **Credits: 3**
- SPA 2020 - Intermediate Spanish II **Credits: 3**
- SPA 2110 - Spanish Reading and Communication I **Credits: 3**
- SPA 2120 - Spanish Reading and Communication II **Credits: 3**

Advanced Language courses: 12 credits

Advanced Language at the 3000 level: 6 credits

- SPA 3110 - Advanced Conversation **Credits: 3**
- SPA 3140 - Advanced Composition **Credits: 3**

Advanced Language at the 4000 level: 6 credits

- SPA 4010 - Advanced Spanish Writing and Grammar I **Credits: 3**
- SPA 4020 - Advanced Spanish Writing and Grammar II **Credits: 3**

Culture and Literature courses: 15 credits

Culture courses: 6 credits

Choose one of the following two courses:

- SPA 3050 - Cultural Crossroads: Heritage Languages and Cultures **Credits: 3**
- SPA 3200 - Culture and Civilization of Spain **Credits: 3**

Choose one course

*Note: SPA 3150 may be used as a substitute for SPA - 3050 and SPA - 3200.*

- SPA 3150 - Spanish Phonetics: Theory and Practice **Credits: 3**
- SPA 3210 - Spanish-American Culture and Civilization **Credits: 3**
- SPA 3220 - Folklore and Culture of the Mexican Southwest **Credits: 3**
- SPA 3600 - Culture through Film: Variable Topics **Credits: 3**

Literature: 9 credits

- SPA 3250 - Introduction to Literary Studies in Spanish **Credits: 3**

Choose any two courses:

- SPA 3400 - Survey of Spanish Literature I **Credits: 3**
- SPA 3410 - Survey of Spanish Literature II **Credits: 3**
- SPA 3510 - Survey of Latin American Literature **Credits: 3**
- SPA 4110 - Contemporary Spanish Literature **Credits: 3**
- SPA 4120 - Contemporary Latin-American Literature **Credits: 3**

## Senior Experience: 3 credits

Choose one course:

- SPA 4200 - Spanish-American Essay: 19th and 20th Centuries  
**Credits: 3**
- SPA 4310 - History of the Spanish Language **Credits: 3**  
Student Teaching will satisfy this requirement.

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Spanish Concentration Courses	39 credits
Senior Experience	3 credits
Unrestricted Electives	42-45 credits
Total for the World Languages Major, B.A. Option I: Spanish	120 credits

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## World Languages Major with K-12 Licensure

Please review the K-12 Foreign Language Licensure section of the Catalog for details on this teacher preparation program.

World Languages Major, B.A. with K-12 World Languages Teacher Licensure Concentration

### *World Languages Major, B.A. Option II*

[Department of World Languages](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## About the Program

The Bachelor of Arts in World Languages degree may be completed by selecting either Option I or Option II. Option I is a single-

language option in either French or Spanish. Option II is a dual-language option with primary language either French or Spanish, and a choice of secondary language (French, German, Italian, Japanese or Spanish). Students are advised into intermediate and advanced classes in each language on the basis of individual background and need. A grade of "C-" or better is required for each course in this program to count toward the Bachelor of Arts degree in World Languages. Students should note that programs differ in the minimum grade required.

The World Languages Major Option II requires a minimum of 60 semester hours in a combination of two modern languages: a primary language (French or Spanish) and a secondary language (French, German, Italian, Japanese or Spanish).

For the primary language emphasized, either French or Spanish, students must complete a minimum of 42 semester hours of coursework at the 2000-level and above. No more than 12 semester hours may be taken at the 2000 level.

To complete the 60-semester-hour requirement, students must take at least 18 semester hours at the 2000-level or above in a second language.

## Student Outcomes

- **PRIMARY LANGUAGE.** By the end of their studies, students earning a B.A. in World Languages will have at least working fluency in their primary language and will be able to:
  - Handle both routine and unfamiliar situations in both formal and informal settings.
  - Adjust responses in the target language to respond to a unique circumstance or question.
  - Make specific recommendations or suggestions and give detailed explanations and precise descriptions.
  - Resolve problems or justify an opinion, argument, policy or procedure.
  - Communicate with high enough accuracy to be understood by any speaker of the language.
- **SECONDARY LANGUAGE.** By the end of their studies, students earning a B.A. in World Languages will have at least functional fluency in their secondary language and will be able to:
  - Function in the language when completing familiar routines and tasks in predictable situations.
  - Describe events, experiences, products, services or procedures.
  - Complete formulaic documents and transactions.
  - Provide scripted presentations and answer expected, frequently asked questions.
  - Communicate in a way that a sympathetic speaker of the language will have few difficulties understanding, despite occasional grammar errors or mispronunciation.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- **Recommended:** CHI 1010 - Elementary Chinese I / FRE 1010 - Elementary French I / GER 1010 - Elementary German I / ITA 1010 - Elementary Italian I / JPS 1010 - Elementary Japanese I / SPA 1010 - Elementary Spanish I or ASL 1020 - American Sign Language II
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- **Recommended:** CHI 1020 - Elementary Chinese II / FRE 1020 - Elementary French II / GER 1020 - Elementary German II / ITA 1020 - Elementary Italian II / JPS 1020 - Elementary Japanese II / SPA 1020 - Elementary Spanish II
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)
- **Recommended:** CHI 1020 / FRE 1020 / GER 1020 / ITA 1020 / JPS 1020 / SPA 1020

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Option II: French Concentration

- 42 cr. hours of French, including Senior Experience, as outlined in World Languages Major, B.A. Option I
- 18 cr. hours in a secondary language, as outlined below.

## Option II: Spanish Concentration

- 42 cr. hours of Spanish, including Senior Experience, as outlined in World Languages Major, B.A. Option I
- 18 cr. hours in a secondary language, as outlined below.

## French

- FRE 2010 - Intermediate French I **Credits: 3**
- FRE 2020 - Intermediate French II **Credits: 3**
- FRE 2110 - French Reading and Conversation **Credits: 3**
- FRE 3010 - French as a Global Language **Credits: 3**
- French electives (upper division) **Credits: 6**

**Subtotal: 18 credits**

## German

- GER 2010 - Intermediate German I **Credits: 3**
- GER 2020 - Intermediate German II **Credits: 3**
- GER 2110 - German Reading and Conversation **Credits: 3**
- GER 2120 - German Civilization **Credits: 3**
- German electives (upper division) **Credits: 6**

**Subtotal: 18 credits**

## Italian

- ITA 2010 - Intermediate Italian I **Credits: 3**
- ITA 2020 - Intermediate Italian II **Credits: 3**
- ITA 2110 - Italian Reading and Conversation **Credits: 3**
- ITA 3140 - Advanced Italian Grammar **Credits: 3**
- Italian Electives (upper division) **Credits: 6**

**Subtotal: 18 credits**

## Japanese

- JPS 2010 - Intermediate Japanese I **Credits: 5**
- JPS 2020 - Intermediate Japanese II **Credits: 5**
- JPS 2110 - Conversational Japanese I **Credits: 3**
- JPS 2120 - Kanji I **Credits: 3**
- Japanese electives (upper division) **Credits: 3**

**Subtotal: 19 credits**

## Spanish

- SPA 2010 - Intermediate Spanish I **Credits: 3**
- SPA 2020 - Intermediate Spanish II **Credits: 3**
- SPA 2110 - Spanish Reading and Communication I **Credits: 3**
- SPA 2120 - Spanish Reading and Communication II **Credits: 3**
- Spanish electives (upper division) **Credits: 6**

**Subtotal: 18 credits**

## Notes

The courses required to complete the remaining 60 semester hours must be taken with departmental approval.

Students preparing for teacher licensure may include the three (3) credits of MDL 4960 *Teaching Foreign Languages in K-12* in the 42 semester hours if they so desire.

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Option I French with Second Language or Option I Spanish with Second Language	60 credits
Senior Experience	counted elsewhere in major
Unrestricted Electives	24-27 credits
<b>Total for the World Languages Major, B.A. Option II</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## World Languages Major, Option II with K-12 Licensure

Please review the following program page for details on this teacher preparation program.

World Languages Major, B.A. with K-12 World Languages Teacher Licensure Concentration

## ***World Languages Major, B.A. with K-12 World Languages Teacher Licensure Concentration***

[Department of World Languages](#)

[College of Letters, Arts and Sciences](#)

Available Program Format(s): [In-Person](#)

## ***World Languages Major Option I and Option II with K-12 World Languages Teacher Licensure Concentration***

Degree-seeking candidates who wish to obtain Colorado licensure for K-12 World Languages must earn a Bachelor of Arts (B.A.) degree in World Languages. Candidates must complete either Option I or Option II of this major with a primary language of French or Spanish. The curriculum focuses on the current Colorado content standards for teachers of World Languages and prepares licensure candidates to pass the required content test.

## Student Outcomes

- Demonstrate appropriate level of language proficiency in all areas of communication, with a strong emphasis on oral communication.
- Demonstrate understanding of the numerous areas of language studies, including cultures, linguistics, and literatures.
- Apply skills and knowledge from language studies to other disciplines, such as literacy and mathematics, particularly in field experiences and during student teaching.
- Demonstrate understanding of language acquisition and implement this knowledge during student teaching through the development of learning environments that are linguistically and culturally rich.
- Demonstrate an understanding of child and adolescent development, context of instruction, learners' social and emotional needs, and individual differences. Apply this knowledge during student teaching to create inclusive, supportive learning environments that enhance diversity, equity, and inclusion.
- Demonstrate an understanding of the standards for language learning issued by national organization, state of Colorado, and school district. Standards are used during student teaching to inform proficiency targets for learners, pedagogical choices, and materials development.
- Develop assessments of learners' communication skills and understanding of cultural and literary products, practices, and perspectives. Analyze results of assessments to modify instructional practice to meet learners' needs, and report assessment results to stakeholders.
- Engage in professional development activities to reflect on practice of language teaching as well as to continuously improve their own linguistic, cultural, and pedagogical competence.
- Advocate for the role and value of language learning as a means to prepare students to interact in a global community and become lifelong learners.
- Use reflection and inquiry to ensure the responsibilities of student teaching are executed with ethical conduct, professionalism, and

leadership for the benefit of students, colleagues, and all stakeholders.

Outcomes based on: American Council on the Teaching of Foreign Languages. (2015). ACTFL/CAEP program standards for the preparation of foreign language teachers.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree and teacher licensure. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1610 - Integrated Mathematics I
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- **Recommended:** EDS 3130 - Foundations of Educational Psychology and Philosophy and EDS 3150 - Critical Sociocultural Lenses for Teachers
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement (see below for recommended courses which are also part of the degree program). Students should consult with their advisor to determine what program courses may fulfill this requirement.

## World Language Sequence Options

### Option I - French Concentration with K-12

Licensure: 43 credits

#### French Concentration Courses

- FRE 2010 - Intermediate French I **Credits:** 3
- FRE 2020 - Intermediate French II **Credits:** 3
- FRE 2110 - French Reading and Conversation **Credits:** 3
- FRE 3010 - French as a Global Language **Credits:** 3
- FRE 3110 - Survey of French Literature I **Credits:** 3
- FRE 3120 - Survey of French Literature II **Credits:** 3
- FRE 3150 - French Phonetics: Theory and Practice **Credits:** 3
- FRE 3310 - Advanced French Composition and Grammar **Credits:** 3
- FRE 3320 - Cinema in French for Advanced Conversation **Credits:** 3
- FRE 3550 - French Historical Perspectives **Credits:** 3
- FRE 3560 - Contemporary Socio-Cultural Issues **Credits:** 3
- LANG 4960 - Teaching World Languages in K-12 **Credits:** 3
- LANG 4961 - Field Experience in Teaching World Languages in K-12 **Credits:** 1

#### Select any two of the following:

- FRE 4520 - Modern French Theater **Credits:** 3
- FRE 4530 - The French Novel **Credits:** 3
- FRE 4750 - Senior Seminar in French Studies **Credits:** 3

### Option II - French Concentration with K-12

Licensure and a Second Language: 58-59 credits

Students must take the French core courses and select German, Italian, Japanese, or Spanish for a second language.

### Option II - French Core: 40 credits

- FRE 2010 - Intermediate French I **Credits:** 3
- FRE 2020 - Intermediate French II **Credits:** 3
- FRE 2110 - French Reading and Conversation **Credits:** 3
- FRE 3010 - French as a Global Language **Credits:** 3
- FRE 3110 - Survey of French Literature I **Credits:** 3
- FRE 3120 - Survey of French Literature II **Credits:** 3
- FRE 3150 - French Phonetics: Theory and Practice **Credits:** 3

- FRE 3310 - Advanced French Composition and Grammar **Credits:** 3
- FRE 3320 - Cinema in French for Advanced Conversation **Credits:** 3
- FRE 3550 - French Historical Perspectives **Credits:** 3
- FRE 3560 - Contemporary Socio-Cultural Issues **Credits:** 3
- LANG 4960 - Teaching World Languages in K-12 **Credits:** 3
- LANG 4961 - Field Experience in Teaching World Languages in K-12 **Credits:** 1

**Take one of the following courses:**

- FRE 4520 - Modern French Theater **Credits:** 3
- FRE 4530 - The French Novel **Credits:** 3
- FRE 4750 - Senior Seminar in French Studies **Credits:** 3

## Option II - Second Language: 18-19 credits

Select a second language below.

### Second Language - German

- GER 2010 - Intermediate German I **Credits:** 3
- GER 2020 - Intermediate German II **Credits:** 3
- GER 2110 - German Reading and Conversation **Credits:** 3
- GER 2120 - German Civilization **Credits:** 3
- German Electives (Upper Division) 6 credits

**German Second Language total credits: 18**

### Second Language - Italian

- ITA 2010 - Intermediate Italian I **Credits:** 3
- ITA 2020 - Intermediate Italian II **Credits:** 3
- ITA 2110 - Italian Reading and Conversation **Credits:** 3
- ITA 3140 - Advanced Italian Grammar **Credits:** 3
- Italian Electives (Upper Division) 6 credits

**Italian Second Language total credits: 18**

### Second Language - Japanese

- JPS 2010 - Intermediate Japanese I **Credits:** 5
- JPS 2020 - Intermediate Japanese II **Credits:** 5
- JPS 2110 - Conversational Japanese I **Credits:** 3
- JPS 2120 - Kanji I **Credits:** 3
- Japanese Electives (Upper Division) 3 credits

**Japanese Second Language total credits: 19**

### Second Language - Spanish

- SPA 2010 - Intermediate Spanish I **Credits:** 3
- SPA 2020 - Intermediate Spanish II **Credits:** 3
- SPA 2110 - Spanish Reading and Communication I **Credits:** 3
- SPA 2120 - Spanish Reading and Communication II **Credits:** 3
- Spanish Electives (Upper Division) 6 credits

**Spanish Second Language total credits: 18**

## Option I - Spanish Concentration with K-12

Licensure: 43 credits

**Spanish Concentration Courses**

- SPA 2010 - Intermediate Spanish I **Credits:** 3
- SPA 2020 - Intermediate Spanish II **Credits:** 3
- SPA 2110 - Spanish Reading and Communication I **Credits:** 3
- SPA 2120 - Spanish Reading and Communication II **Credits:** 3
- SPA 3110 - Advanced Conversation **Credits:** 3
- SPA 3140 - Advanced Composition **Credits:** 3
- SPA 3150 - Spanish Phonetics: Theory and Practice **Credits:** 3
- SPA 3200 - Culture and Civilization of Spain **Credits:** 3
- or
- SPA 3210 - Spanish-American Culture and Civilization **Credits:** 3
- or
- SPA 3220 - Folklore and Culture of the Mexican Southwest **Credits:** 3
- SPA 3250 - Introduction to Literary Studies in Spanish **Credits:** 3
- SPA 3400 - Survey of Spanish Literature I **Credits:** 3
- or
- SPA 3410 - Survey of Spanish Literature II **Credits:** 3
- SPA 4010 - Advanced Spanish Writing and Grammar I **Credits:** 3
- SPA 4020 - Advanced Spanish Writing and Grammar II **Credits:** 3
- SPA 4110 - Contemporary Spanish Literature **Credits:** 3
- or
- SPA 4120 - Contemporary Latin-American Literature **Credits:** 3
- or
- SPA 4310 - History of the Spanish Language **Credits:** 3
- LANG 4960 - Teaching World Languages in K-12 **Credits:** 3
- LANG 4961 - Field Experience in Teaching World Languages in K-12 **Credits:** 1

## Option II - Spanish Concentration with K-12 Licensure and Second Language: 58-59 credits

Students must take the Spanish Core courses and select French, German, Italian, or Japanese for a second language.

## Option II - Spanish Core: 40 credits

**Take each of the following courses:**

- LANG 4960 - Teaching World Languages in K-12 **Credits:** 3
- LANG 4961 - Field Experience in Teaching World Languages in K-12 **Credits:** 1
- SPA 2010 - Intermediate Spanish I **Credits:** 3
- SPA 2020 - Intermediate Spanish II **Credits:** 3
- SPA 2110 - Spanish Reading and Communication I **Credits:** 3
- SPA 2120 - Spanish Reading and Communication II **Credits:** 3
- SPA 3110 - Advanced Conversation **Credits:** 3
- SPA 3140 - Advanced Composition **Credits:** 3
- SPA 3250 - Introduction to Literary Studies in Spanish **Credits:** 3
- SPA 4010 - Advanced Spanish Writing and Grammar I **Credits:** 3
- SPA 4020 - Advanced Spanish Writing and Grammar II **Credits:** 3

**Take one of the following courses:**

- **Recommended:** SPA 3150 - Spanish Phonetics: Theory and Practice **Credits:** 3
- SPA 3200 - Culture and Civilization of Spain **Credits:** 3
- SPA 3210 - Spanish-American Culture and Civilization **Credits:** 3

- SPA 3220 - Folklore and Culture of the Mexican Southwest **Credits: 3**

**Take one of the following courses:**

- SPA 3400 - Survey of Spanish Literature I **Credits: 3**
- SPA 3410 - Survey of Spanish Literature II **Credits: 3**

**Take one of the following courses:**

- SPA 4110 - Contemporary Spanish Literature **Credits: 3**
- SPA 4120 - Contemporary Latin-American Literature **Credits: 3**
- SPA 4310 - History of the Spanish Language **Credits: 3**

## Option II - Second Language: 18-19 credits

Select a second language below.

### Second Language - French

- FRE 2010 - Intermediate French I **Credits: 3**
- FRE 2020 - Intermediate French II **Credits: 3**
- FRE 2110 - French Reading and Conversation **Credits: 3**
- FRE 3010 - French as a Global Language **Credits: 3**
- French Electives (Upper Division) 6 credits

**French Second Language total credits: 18**

### Second Language - German

- GER 2010 - Intermediate German I **Credits: 3**
- GER 2020 - Intermediate German II **Credits: 3**
- GER 2110 - German Reading and Conversation **Credits: 3**
- GER 2120 - German Civilization **Credits: 3**
- German Electives (Upper Division) 6 credits

**German Second Language total credits: 18**

### Second Language - Italian

- ITA 2010 - Intermediate Italian I **Credits: 3**
- ITA 2020 - Intermediate Italian II **Credits: 3**
- ITA 2110 - Italian Reading and Conversation **Credits: 3**
- ITA 3140 - Advanced Italian Grammar **Credits: 3**
- Italian Electives (Upper Division) 6 credits

**Italian Second Language total credits: 18**

### Second Language - Japanese

- JPS 2010 - Intermediate Japanese I **Credits: 5**
- JPS 2020 - Intermediate Japanese II **Credits: 5**
- JPS 2110 - Conversational Japanese I **Credits: 3**
- JPS 2120 - Kanji I **Credits: 3**
- Japanese Electives (Upper Division) 3 credits

**Japanese Second Language total credits: 19**

## Foundation and Methods for K-12 Education: 28 credits

### Foundation Course

- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4 \***
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1 \***

- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3 \***

- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**

- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**

### Methods Courses

- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3 \*\***

- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1 \*\***

- EDU 3444 - Instructional and Assessment Practices in Differentiated Classrooms **Credits: 3 \*\***

- EDU 3445 - Field Experience: Assessment Practices in Differentiated Classrooms **Credits: 1 \*\***

- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3 \*\***

*\* Requires at least provisional admission to the School of Education*

*\*\*Requires formal admission to the School of Education*

## Senior Experience: 12 credits

Student Teaching offers an essential conclusion to this degree program. Typically, students should register for 12 credits of EDS 4290 in their final semester. Students who register for only 6 credits of EDS 4290 should also register for 6 credits of CLD 4590 Culturally and Linguistically Diverse: ESL Student Teaching and Seminar.

## Summary of Requirements

Option I Summary	
General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
French or Spanish Option I Major	43 credits
Foundation and Methods for K-12 Education	28 credits
Senior Experience	12 credits
Unrestricted Electives	1-10 credits
<b>World Languages Option I Major, B.A. with K-12 World Languages Licensure</b>	<b>120 credits</b>

Option II Summary	
General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
French or Spanish Option II Major Core	40 credits
Option II Second Language	18-19 credits
Foundation and Methods for K-12 Education	28 credits
Senior Experience	12 credits
<b>World Languages Option II Major, B.A. with K-12 World Languages Licensure</b>	<b>Minimum of 125 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

- GWS 3510 - Feminist Theories and Practices **Credits:** 3
- GWS 4750 - Feminist Research and Activism **Credits:** 3

## Electives

A minimum of 6 additional semester hours is required in Gender, Women, and Sexualities courses. Please refer to the online schedule and see a GWS advisor for more information.

Total Credits: 21

## About the Program

The Bachelor of Arts in Gender, Women and Sexualities Studies identifies and critically examines systems of power utilizing intersectional and transnational frameworks that allow for self-reflection and active engagement in social change. It prepares students for professional and graduate education, as well as employment in many different fields, such as victim advocacy, health care, LGBTQI+ services, prevention education, public policy, family services, counseling and therapy, and media.

## Student Outcomes

Upon graduation, students in this program will be able to:

### KNOWLEDGE

- Describe the main social, economic, political, technological, psychological, and cultural issues facing sexed and gendered individuals in a transnational context.
- Describe and identify major actors and events within feminist and LGBTQ activism and movements in the United States.
- Critique and apply feminist and LGBTQ thoughts and theories and research methods to the social realities of lived intersectional experiences.

### WRITTEN AND ORAL SKILLS

- Demonstrate college level written and oral skills that show information literacy and grammatical, organizational, and stylistic sophistication appropriate to their audience.

## *Gender Studies Minor*

The Gender Studies minor offers courses on gender and women's studies. The minor prepares students to examine contemporary social justice issues using gender as a category of analysis, while embracing an intersectional, transnational, and feminist perspective.

The Gender Studies minor must be planned in consultation with a faculty member in GWS. A grade of "C-" or better is required for each course in this program to count toward the minor.

## Core Required Courses

- GWS 1001 - Introduction to Gender, Women, and Sexualities Studies **Credits:** 3
- GWS 2100 - Women of Color **Credits:** 3
- GWS 2200 - Feminist and Queer Research Methods **Credits:** 3

- Create and support a focused and coherent analytical essay that demonstrates effective use of library collections and other scholarly resources.

### CRITICAL THINKING SKILLS

- Utilize self-reflexivity to appraise one's sociopolitical location in relation to scholarship and activism.
- Design and implement an applied feminist experience through an internship, service learning, research or teaching assistantship.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Students must take GWS 3510 or GWS 3280 and GWS 4750 in sequence.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Core Required Courses: 18 credits

The recommended sequence for courses are as follows: 1000-level introductory courses, 2000-level courses, 3000-level theory course followed by GWS 4750 Feminist Research and Activism.

### **Choose Two 1000-Level Courses:**

- GWS 1001 - Introduction to Gender, Women, and Sexualities Studies **Credits: 3**
- GWS 1200 - Sexuality, Race, and Power **Credits: 3**
- GWS 1550 - Introduction to Transgender Studies **Credits: 3**

### **Complete Two Required 2000-Level Courses:**

- GWS 2100 - Women of Color **Credits: 3**
- GWS 2200 - Feminist and Queer Research Methods **Credits: 3**

### **Choose One 3000-Level Theory Course:**

- GWS 3510 - Feminist Theories and Practices **Credits: 3**  
or
- GWS 3280 - Queer Theory **Credits: 3**

### **Choose One 4000-Level Experiential Course:**

- GWS 4920 - Gender, Women, and Sexualities Studies Internship **Credits: 1-12**  
or
- GWS 4970 - Undergraduate Teaching Assistant Training **Credits: 3**

## Core Elective Requirements: 15 credits

A minimum of 15 additional semester hours in GWS courses selected in consultation with and approved by a Department of Gender, Women and Sexualities Studies advisor. Among those courses for students to choose are:

- GWS 1001 - Introduction to Gender, Women, and Sexualities Studies **Credits: 3**
- GWS 1030 - Introduction to Social Justice and Decoloniality **Credits: 3**
- GWS 1200 - Sexuality, Race, and Power **Credits: 3**
- GWS 1550 - Introduction to Transgender Studies **Credits: 3**
- GWS 2400 - Women's Folklore and Folklife **Credits: 3**
- GWS 2600 - Meditation and Activism **Credits: 2**
- GWS 3130 - Independent Study in Gender, Women, and Sexualities Studies **Credits: 1-6**
- GWS 3170 - Social Justice, Self, and Citizenship: A Service Learning Course **Credits: 3**
- GWS 3230 - Bodies and Embodiment **Credits: 3**
- GWS 3270 - Beauty Cultures **Credits: 3**

- GWS 3280 - Queer Theory **Credits: 3**
- GWS 3300 - Women's Leadership **Credits: 2**
- GWS 3310 - Women and the Law **Credits: 3**
- GWS 3365 - Structural Violence, Poverty and Human Rights **Credits: 3**
- GWS 3395 - Transnational Genders and Sexualities **Credits: 3**
- GWS 3530 - Gender and Global Politics **Credits: 3**
- GWS 3540 - Women in the Developing World **Credits: 3**
- GWS 3780 - Gender and Disaster **Credits: 3**
- GWS 3910 - Women's Spirituality **Credits: 3**
- GWS 3920 - Gender Politics of Health **Credits: 3**
- GWS 3930 - Theories of Love and Sex **Credits: 3**
- GWS 3940 - Victim Advocacy for Survivors of Interpersonal Violence **Credits: 3**
- GWS 4240 - Gender and Violence **Credits: 3**
- In addition to the courses listed above, new classes may be developed as part of the permanent catalog offerings, and other courses that are appropriate for the major may be offered as a cross-listed course, or under a variable topic, omnibus, or internship heading. Please refer to the online schedule and see a GWS advisor for more information.

## Interdisciplinary Electives: 6 credits

An additional six credit hours is required in any GWS prefix course.

## Senior Experience: 3 credits

- GWS 4750 - Feminist Research and Activism **Credits: 3**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Core Required Courses	18 credits
Core Electives	15 credits
Interdisciplinary Electives	6 credits
Senior Experience Requirement	3 credits

Unrestricted Electives	42-60 credits
<b>Total for the Gender, Women, and Sexualities Studies Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Sexualities Studies Minor*

The Sexualities Studies minor complements any major, but is particularly important for students who hope to work with LGBTQIA and other sexual and gender minority populations. This minor prepares students to examine content and historical issues through critical queer and trans lenses, in local and global contexts.

The Sexualities Studies minor must be planned in consultation with a faculty member in GWS. A grade of "C-" or better is required for each course in this program to count toward the Bachelor's degree. Students should note that programs differ in the minimum grade required.

## Required Courses

- GWS 1200 - Sexuality, Race, and Power **Credits: 3**
- GWS 1550 - Introduction to Transgender Studies **Credits: 3**
- GWS 2200 - Feminist and Queer Research Methods **Credits: 3**
- GWS 3280 - Queer Theory **Credits: 3**
- GWS 4750 - Feminist Research and Activism **Credits: 3**

**Subtotal: 15 credits**

## Electives

A minimum of 6 additional credit hours is required in Gender, Women, and Sexualities courses. Please refer to the online schedule and see a GWS advisor for more information.

## Total Credits: 21

# School of Education

## Mission

"The School of Education at Metropolitan State University of Denver prepares people who will **Teach, Lead, and Transform.**"

Metropolitan State University of Denver's School of Education develops excellent teachers and educational leaders who engage in reflective practice and scholarly activity, and who are ethical decision makers and agents of social change.

We do this by:

- Providing intellectually rigorous, culturally relevant curriculum that fosters pedagogical expertise, cultivates critical thinking, and promotes imagination;
- Facilitating clinical placements that incorporate a diversity of perspectives and experiences;
- Creating and sustaining mutually beneficial school and community partnerships;
- Collaborating across disciplines to advance the scholarship of teaching and learning; and
- Attracting and retaining innovative faculty who model expertise within their professional communities.

## Departments

- [Department of Elementary Education and Literacy](#)
- [Department of Special Education, Early Childhood and Culturally and Linguistically Diverse Education](#)
- [Department of Secondary, K-12 and Educational Technology](#)

## Alternative Licensure Programs

- [One Year General Education - ALP](#)
- [Two Year General Education - ALP](#)
- [Special Education - ALP](#)

## School of Education Transfer policy

Students transferring coursework from another teacher education program must complete a minimum of 9 credit hours of teacher education coursework at MSU Denver, including at least one course which includes field experience, to become eligible to student teach or begin residency. Coursework to fulfill these 9 credit hours will be determined by an appropriate MSU Denver School of Education (SOE) representative. Transfer credit or credit from a previous institution cannot be used to satisfy the SOE student teaching or residency course requirements. All additional program requirements and student teaching/residency eligibility requirements must also be satisfied.

In addition to the 9 credit hours of teacher education coursework completed at MSU Denver, the student must provide a letter of recommendation from a faculty member at the previous institution, attesting to the student's professional dispositions, performance in the field, and good academic standing.

## K-12 Education Licensure Programs

The K-12 Education Licensure Programs prepare candidates to teach content-area courses in grades K-12. Through the sequence of courses and field experiences, the candidate satisfies all of Colorado's performance-based standards for licensure in K-12 Education. Degree seeking K-12 Education Licensure candidates must choose from one of the following programs to complete earn recommendation for licensure in K-12 Education.

Candidates seeking teacher licensure must gain admission to the Secondary Education Teacher Licensure Program. You can learn about the application process by visiting the Student Services Office within the School of Education. Each Major program might have a different minimum grade.

- K-12 Art Licensure
- K-12 World Languages Licensure
- K-12 Music Licensure
- K-12 Physical Education Licensure

## Post-Baccalaureate K-12 Education Licensure Programs

Post-baccalaureate licensure candidates may need to fulfill some general studies requirements and complete additional content area courses that are required for licensure. Students interested in the Post-Baccalaureate programs should meet with a professional advisor located in the Student Services Office within the School of Education as well as a professional advisor in their licensure content area\*. This advisor will review prior transcripts to ensure required content coursework for licensure is complete.

*\* Candidates interested in Art Education should meet directly with an Art Education advisor in the Art Department, and candidates interested in Music Education should meet directly with a Music Education advisor in the Music Department.*

Visit the following pages for details on each post-baccalaureate K-12 teacher licensure program:

- [K-12 Art Licensure: Post-Baccalaureate Program](#)
- [K-12 World Languages Teacher Licensure: Post-Baccalaureate Program](#)
- [K-12 Physical Education Licensure: Post-Baccalaureate Program](#)

# Post-Baccalaureate Secondary Education Teacher Licensure Programs

Admission requirements for post-baccalaureate candidates seeking licensure include evidence of having a conferred Bachelor's degree, as well as having met the University's and School of Education's admission criteria. Post-baccalaureate students should see an advisor in both their content area and in the School of Education at their earliest opportunity for advising.

It may be necessary for a post-baccalaureate candidate to complete additional courses in their chosen content area. These courses are in addition to the licensure sequence course work required to complete their approved teacher licensure program. All courses required for Post-Baccalaureate Secondary Education Teacher Licensure Programs need to be passed with a grade of C- and above.

Post-baccalaureate Secondary Education Licensure is available in the following content areas, please visit each page for program details:

- [Secondary Education Post-Baccalaureate Licensure - English](#)
- [Secondary Education Post-Baccalaureate Licensure - Mathematics](#)
- [Secondary Education Post-Baccalaureate Licensure - Science](#)
- [Secondary Education Post-Baccalaureate Licensure - Social Studies](#)

## Secondary Education Teacher Licensure Programs

The Secondary Education Licensure Program prepares candidates to teach content-area courses in grades 7-12. Through the sequence of courses and field experiences, the candidate satisfies all of Colorado's performance-based standards for licensure in Secondary Education. Degree seeking Secondary Education Licensure candidates must choose from one of the following approved majors in order to complete a licensure program in Secondary Education.

### Majors with Secondary Education Licensure

- English
- Mathematics
- Science (Biology, Chemistry, Environmental Science, or Physics)
- Social Studies (Africana Studies, Chicana/o Studies, Economics, History, or Political Science)

The requirements of each major are designed to ensure licensure programs meet Colorado Licensure Standards to prepare candidates to pass required licensure content examinations and teach the Colorado Academic Standards within their discipline.

**\*All secondary licensure candidates must consult two advisors, one in the Secondary Education/K-12 Department in the School of Education and one in their major department (licensure content area).**

Candidates seeking teacher licensure must gain admission to the Secondary Education Teacher Licensure Program. You can learn about the application process by visiting the Student Services Office within the School of Education. Each Major program might have a different minimum grade requirement. However, all courses required for Secondary Education Teacher Licensure Program need to be passed with a grade of C- and above.

Visit the following pages for details on each undergraduate degree-seeking secondary teacher licensure program:

- [English Major, B.A. with Secondary English Teacher Licensure Concentration](#)
- [Mathematics Major with Secondary Mathematics Licensure](#)
- [Secondary Science Teacher Licensure Program](#)
- [Secondary Social Studies Teacher Licensure Program](#)

## Secondary Science Teacher Licensure Program

Undergraduate degree-seeking students interested in earning teacher licensure in Secondary Science Education must select from the following science major programs with teacher licensure. Please visit each individual page for program details.

- [Biology Major, B.A. with Secondary Science Teacher Licensure Concentration](#)
- [Chemistry Major, B.A. with Secondary Science Teacher Licensure Concentration](#)
- [Environmental Science Major, B.S., with Secondary Science Teacher Licensure Concentration](#)
- [Physics Major, B.A. with Secondary Science Teacher Licensure Concentration](#)

## Secondary Social Studies Teacher Licensure Program

Candidates who wish to obtain Colorado Licensure for Secondary Social Studies must earn a Bachelor of Arts (B.A.) degree in one of the following disciplines: History, Political Science, Economics, Chicano Studies, or African American Studies. In addition to course requirements in the major, all Social Studies licensure candidates must complete a core curriculum that provides a foundation in History, Geography, Political Science, Economics, and Behavioral Science and prepares them to pass the appropriate Social Studies Content examination. The core curriculum is supported by courses in the major. Social Studies Licensure candidates must declare their

major with the appropriate concentration in Secondary Social Studies Licensure.

Undergraduate degree-seeking students interested in earning teacher licensure in Secondary Social Studies Education must select from the following Social Studies major programs with teacher licensure. Please visit each individual page for program details.

- [Africana Studies Major, B.A. with Secondary Social Studies Teacher Licensure Concentration](#)
- [Chicano Studies Major, B.A. with Secondary Social Studies Teacher Licensure Concentration](#)
- [Economics Major, B.A. with Secondary Social Studies Teacher Licensure Concentration](#)
- [History Major, B.A. with Secondary Social Studies Teacher Licensure Concentration](#)
- [Political Science Major, B.A. with Secondary Social Studies Teacher Licensure Concentration](#)

### *Elementary Education Major, B.A.*

[Department of Elementary Education and Literacy](#)

[School of Education](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

The Bachelor of Arts (BA) degree in Elementary Education features best practices denoted in current literature on teacher education as facilitating development of highly effective elementary teachers. The program's clinical foundation provides teacher candidates authentic opportunities to learn and apply best practices while collaborating with some of the most effective teachers and schools in the Denver Metropolitan area. Students completing the Elementary Education Major complete coursework and participate in supervised clinical experiences. For those seeking a state teaching licensure in Elementary Education, this includes a culminating two-semester residency that supports development of the knowledge, understandings, and competencies required of successful elementary teachers in widely diverse classrooms.

### Student Outcomes

The Bachelor of Arts degree in Elementary Education is an extended major with increasingly rigorous courses that build upon foundational introductory coursework for all Elementary Education majors. In addition, each student selects a concentration to specialize their professional knowledge. The culminating clinical experience is a two-semester teacher residency program completed in cohort-based schools within our partner districts in the Denver metropolitan area. Teacher candidates pursuing licensure graduate with appropriate preparation for initial licensure in Elementary Education in Colorado. Students within the Elementary Education Major have an option to select a non-licensure pathway with alternative coursework in place of the final residency coursework. Please visit the School of Education (SOE) website for information on admission to this program.

### General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

### Program Requirements

- A total of at least 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- All candidates for a BA in Elementary Education must satisfy General Studies, ESSJ, Global Diversity, and all Elementary Education program requirements.
- Please note: The majority of field experience hours and all clinical experience hours occur during the elementary school day in university-designated classrooms supervised by licensed teachers.
- This program is defined as an extended major.

### General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)

- We recommend the following courses for this category: MTH 1610 - Integrated Mathematics I Note: MTH 1610 also satisfies a requirement in the major.
- Arts and Humanities (6 credits)
  - We recommend the following courses for this category: ARTE 2060 - The Arts and Creative Thinking and ENG 2460 - Introduction to Children's Literature
- Historical (3 credits)
  - We recommend one of the following courses for this category: HIS 1210 - American History to 1865 or HIS 1220 - American History since 1865
- Natural and Physical Sciences (6 credits)
  - We recommend the following courses for this category: SCI 2600 - Integrated Biology and Earth Science and SCI 2610 - Integrated Physical and Chemical Sciences Note: SCI 2600 and SCI 2610 also satisfy requirements in the major.
- Social and Behavioral Sciences (6 credits)
  - We recommend the following courses for this category: GEG 1000 - World Regional Geography and PSY 1800 - Developmental Educational Psychology Note: GEG 1000 also satisfies University Global Diversity course requirement
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
  - We recommend the following course: EDU 1111 - Education within Diverse Communities Note: EDU 1111 also satisfies a requirement in the major.

## Core Courses Required for the Major: 62 credits

All Elementary Education Majors, whether licensure or non-licensure, complete the following core coursework. Registering for

3000-level methods courses and clinical fields requires application to the School of Education. Up to 9 credits indicated below can also be used to fulfill General Studies requirements.

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners Credits: 3
- CLD 3910 - Assessment of English Language Learners Credits: 3
- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- EDU 1111 - Education within Diverse Communities Credits: 3 (Note: EDU 1111 also satisfies the University ESSJ requirement.)
- EDU 2111 - Becoming an Elementary Teacher Credits: 3
- EDU 3222 - Developing Differentiated Learning Environments Credits: 3
- EDU 3444 - Instructional and Assessment Practices in Differentiated Classrooms Credits: 3
- EDU 3445 - Field Experience: Assessment Practices in Differentiated Classrooms Credits: 1
- EDU 3550 - Teaching Elementary School Science and Health Credits: 3
- EDU 3665 - Field Experience: Teaching Science, Health and Mathematics Credits: 1
- EDU 3666 - Teaching Elementary School Mathematics Credits: 3
- EDU 4011 - Teaching Elementary School Social Studies Credits: 3
- MTH 1610 - Integrated Mathematics I Credits: 3 (Note: MTH 1610 also satisfies a University General Studies requirement.)
- MTH 2620 - Integrated Mathematics II Credits: 3
- MTL 3600 - Mathematics of the Elementary Curriculum Credits: 3
- PETE 2130 - Health and Physical Education for Elementary Teachers Credits: 2
- RDG 3111 - Emergent Literacy K-3 Credits: 3
- RDG 3222 - Teaching Elementary School Writing Credits: 3
- RDG 3333 - Intermediate Literacy 4-6 Credits: 3
- RDG 3335 - Field Experience: K-6 Literacy Credits: 1
- SCI 2600 - Integrated Biology and Earth Science Credits: 3 (Note: SCI 2600 also satisfies a University General Studies requirement.)
- SCI 2610 - Integrated Physical and Chemical Sciences Credits: 3 (Note: SCI 2610 also satisfies a University General Studies requirement.)
- SED 3600 - Exceptional Learners in the Classroom Credits: 3

Students in the Elementary Education Major may differentiate their studies by choosing one of two pathways: Licensure (22 credits leading to a state teaching license) or Non-Licensure (18 credits).

## Licensure Pathway: 22 credits

Teacher candidates in the Elementary Education Major, who seek a state teaching license, complete a two-semester, culminating clinical experience: Residency I (3 days per week) and Residency II (4 days per week). One co-requisite course is paired with each residency semester (RDG 4444 and EDU 4222).

- EDU 4222 - Designing Instruction For All Learners Credits: 3
- RDG 4444 - Accountability in Whole Class Literacy Assessment Credits: 3

All teacher candidates (2018 catalog year or later) within the licensure pathway complete 7 credits of Residency I. For most teacher candidates, this is EDU 4115.

However, teacher candidates earning an endorsement in Culturally and Linguistically Diverse (CLD) Education or as a CLD Bilingual Education Specialist, complete EDU 4116 CLD Residency I instead of EDU 4115 Residency I. All state initial licensure requirements must be met in order to qualify for the additional CLD or CLD BES endorsement.

- EDU 4115 - Residency I Credits: 3-7  
or
- EDU 4116 - CLD Residency I Credits: 3-7

All teacher candidates seeking initial teacher licensure complete 9 credits of Residency II. Teacher candidates, who are completing the requirements for an additional endorsement in CLD or CLD BES, complete EDU 4226 CLD Residency II instead of EDU 4225 Residency II. All state licensure requirements must be met in order to qualify for the additional state CLD or CLD BES endorsement.

- EDU 4225 - Residency II Credits: 9 \*
- or
- EDU 4226 - CLD Residency II Credits: 9 \*

\*Either EDU 4225 or EDU 4226 can fulfill the Senior Experience requirement.

## Non-Licensure Pathway: 18 credits

Students majoring in Elementary Education may differentiate their plan of study by choosing 18 credits of coursework that supports a professional pathway related to educational studies. Non-licensure pathway students are encouraged to complete EDS 4010 Action Research within Communities of Practice, as a means to bridge their differentiated studies to their future professional communities through the high leverage practice of engaging in undergraduate research.

- EDS 4010 - Action Research within Communities of Practice Credits: 3 (fulfills the Senior Experience requirement)

- PSY 1001 - Introductory Psychology Credits: 3
- PSY 2850 - Psychology of Sexuality Credits: 3
- PSY 3000 - Theories of Personality Credits: 3
- PSY 3030 - Multicultural Psychology Credits: 3
- PSY 3050 - Psychology of Gender Credits: 3
- PSY 3070 - Psychology of Sexual Orientation Credits: 3
- PSY 3170 - Social Justice: Self and Citizenship: A Service Learning Course Credits: 3
- PSY 3370 - Undergraduate Research Assistant Credits: 3
- PSY 3390 - Undergraduate Teaching Assistant Training Credits: 3
- PSY 3410 - Health Psychology Credits: 3
- PSY 3450 - Organizational Psychology Credits: 3
- PSY 3460 - Psychology of Play Credits: 3
- PSY 3700 - Psychology of Group Prejudice Credits: 3
- PSY 3920 - Gender Politics of Health Credits: 3
- PSY 4100 - Clinical/Counseling Psychology: Treatment, Practice, and Skills Credits: 3

## Concentration Choices: 15 credits

Students further differentiate their plan of study through selecting one of the following 15-credit concentrations. While students are only required to complete one concentration, they may choose to declare an additional concentration.

### Applied Developmental Psychology Concentration

- PSY 1001 - Introductory Psychology Credits: 3
- PSY 3250 - Child Psychology Credits: 3
- PSY 3340 - Cognitive Development and Learning Credits: 3
- PSY 3350 - Psychology of Social Development Credits: 3

#### **Choose one elective from the following:**

- PSY 2210 - Psychology of Human Development Credits: 3
- PSY 3240 - Infancy Credits: 3
- PSY 3260 - Psychology of Adolescence Credits: 3
- PSY 3400 - Child Psychopathology Credits: 3

### Ethnic Studies Concentration

#### **Required Course (choose one of the following):**

- AAS 1030 - Introduction to Social Justice and Decoloniality Credits: 3
- CHS 1030 - Introduction to Social Justice and Decoloniality Credits: 3
- GWS 1030 - Introduction to Social Justice and Decoloniality Credits: 3
- NAS 1030 - Introduction to Social Justice and Decoloniality Credits: 3

**Choose one AAS course from the following:**

- AAS 1010 - Introduction to Africana Studies Credits: 3
- AAS 1130 - Survey of African History Credits: 3
- AAS 2200 - Politics and Black People Credits: 3

**Choose one CHS course from the following:**

- CHS 1000 - Introduction to Chicana/o Studies Credits: 3
- CHS 3020 - Chicana/o History, 1836 to the Present Credits: 3
- CHS 3300 - Education of Chicano Children Credits: 3
- CHS 3460 - Chicana Feminisms Credits: 3

**Choose one GWS course from the following:**

- GWS 1001 - Introduction to Gender, Women, and Sexualities Studies Credits: 3
- GWS 1200 - Sexuality, Race, and Power Credits: 3
- GWS 1550 - Introduction to Transgender Studies Credits: 3

**Choose one elective from the following:**

- AAS 2010 - Interdisciplinary Research Methods in Social Issues Credits: 3
- AAS 2100 - Women of Color Credits: 3
- CHS 2030 - Interdisciplinary Research Methods in Social Issues Credits: 3
- CHS 2100 - Women of Color Credits: 3
- GWS 2010 - Interdisciplinary Research Methods in Social Issues Credits: 3
- GWS 2100 - Women of Color Credits: 3
- NAS 1000 - Introduction to Native American Studies Credits: 3

## Culturally and Linguistically Diverse Concentration

Students completing the CLD concentration as part of the licensure pathway can apply for an additional state CLD teaching endorsement upon completing all state initial licensure requirements. Students completing the CLD concentration as part of the non-licensure pathway would not qualify for a state endorsement.

- ANT 2330 - Cross-Cultural Communication Credits: 3  
or
- COMM 3000 - Diversity and Communication in the U.S. Credits: 3
- CLD 2890 - Second Language Acquisition: K-12 Educational Implications Credits: 3
- CLD 3290 - Literacy Development for Culturally and Linguistically Diverse Students K-12 Credits: 3
- CLD 3310 - Integrated Methods of Teaching English as a Second Language Credits: 3

**Choose one elective from the following:**

- CHS 3300 - Education of Chicano Children Credits: 3
- CLD 3940 - Spanish Bilingual Language and Literacy Development Credits: 3  
Note: CLD 3940 Bilingual Language and Literacy is taught mainly in Spanish. This course is one of the courses required for the endorsement in Culturally and Linguistically Diverse (CLD) Bilingual Education Specialist K-12 in Spanish and English.
- LING 3011 - Analyzing English Credits: 4
- Any level language classes whether transfer, prior learning, or those taken at MSU Denver will be accepted as fulfilling this requirement. MSU Denver course prefixes include ASL, CHI, FRE, GER, ITA, JPS, LANG, SPA. Prior learning includes Advanced Placement (AP), College Level Examination Program (CLEP), or International Baccalaureate (IB) credit. General Studies status is not required.

## Disciplinary Knowledge Concentration

**Choose at least one elective of the following courses:**

- ECO 2010 - Principles of Macroeconomics Credits: 3  
or
- ECO 2020 - Principles of Microeconomics Credits: 3
- HIS 1030 - World History to 1500 Credits: 3
- HIS 1040 - World History since 1500 Credits: 3
- HIS 3425 - Colorado and the Nation Credits: 3
- HIS 3430 - American Revolution and Early National Period, 1763-1848 Credits: 3
- PSC 1010 - American National Government Credits: 3
- Choose at least one 3-credit elective in the Natural and Physical Sciences (prefixes: BIO, PHY, GEL, ENV, MTR, GEG, CHE).
- Choose a remaining combination of courses among those listed above in order to total 15 credits in the concentration.
- Note: In addition to at least one of the Social Science courses listed above and at least one of the Natural and Physical Science courses, students select additional electives from the options listed above for either Social Sciences or Natural and Physical Sciences so that their overall total for the concentration is at least 15 credits. These courses do not need General Studies designation.

## Mathematics Concentration

- MTL 3750 - Number and Algebra in the K-8 Curriculum Credits: 3
- MTL 3760 - Geometry and Statistics in the K-8 Curriculum Credits: 3

**Choose one of the following three options in order to meet the Algebra requirement:**

- MTH 1108 - College Algebra Stretch, Part I Credits: 4 and
- MTH 1109 - College Algebra Stretch, Part II Credits: 4  
Note: MTH 1108 and MTH 1109 counts as two of the five courses for the concentration.  
or
- MTH 1110 - College Algebra for Calculus Credits: 4  
or
- MTH 1112 - College Algebra Through Modeling Credits: 4

**Choose among the following mathematics or mathematics education elective courses for a total of 5 credits.**

- MTH 1210 - Introduction to Statistics Credits: 4
- MTL 4630 - Teaching Secondary Mathematics Credits: 4
- MTL 3850 - STEM Teaching and Learning Credits: 2
- MTL 3858 - STEM Teaching and Learning Practicum Credits: 1
- Or any mathematics course that has MTH 1110 as a prerequisite.  
Notes:
- MTL 3630 is recommended for teacher candidates who intend to add a middle school mathematics endorsement to their elementary license. For teacher candidates in the Elementary Education Mathematics concentration, the course instructor will waive the co-requisite field.
- In order to count MTL 3850 towards the concentration, students must also participate in the STEM Learning Assistant program.

## Senior Experience: 3-7 credits

For students completing the Licensure Pathway, the following will fulfill the Senior Experience requirement:

- EDU 4115 - Residency I Credits: 3-7  
or
- EDU 4116 - CLD Residency I Credits: 3-7

For students completing the Non-Licensure Pathway, the following course will fulfill the Senior Experience requirement:

- EDS 4010 - Action Research within Communities of Practice Credits: 3

Please note: Senior Experience course credit is counted elsewhere in the major

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits

Required Courses	62 credits
Licensure Pathway	22 credits
Non-Licensure Pathway	18 credits
Selected Concentration	15 credits
Senior Experience	counted elsewhere in major
Unrestricted Electives	0-10 credits
<b>Total for the Elementary Education Major, B.A.</b>	<b>Minimum of 120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## *Elementary Education Minor (Non-Licensure)*

The Elementary Education Minor (Non-Licensure) serves individuals who are interested in working with elementary aged children (ages 5-12) outside the K-6 classroom (for example, recreation fields, summer camps, travel programs, after-school enrichment programs, day care). The Elementary Education Minor does not meet licensure requirements. A grade of C- or better is required in these courses.

## Required Courses:

- EDT 3010 - Integrating Educational Technology into Teaching Credits: 3
- EDU 1111 - Education within Diverse Communities Credits: 3
- EDU 2111 - Becoming an Elementary Teacher Credits: 3
- EDU 3222 - Developing Differentiated Learning Environments Credits: 3
- PETE 2130 - Health and Physical Education for Elementary Teachers Credits: 2
- RDG 3111 - Emergent Literacy K-3 Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3

Total Required Hours: 20 credits

## *Elementary Education Post-Baccalaureate Licensure Program*

Post-baccalaureate elementary licensure candidates should consult with an advisor in the Department of Elementary Education & Literacy prior to registering for any courses. A grade of C- or better is required of all courses with letter grades. Please visit the School of Education (SOE) website for information on admission to this program.

## Required Content Courses

These are required content knowledge although not prerequisite to the other coursework.

- MTH 1610 - Integrated Mathematics I Credits: 3
- MTH 2620 - Integrated Mathematics II Credits: 3
- MTL 3600 - Mathematics of the Elementary Curriculum Credits: 3

Required Content Classes Total: 9 credits

These courses are required but can be taken simultaneously with the required licensure courses.

## Recommended Content Courses

The following courses are highly recommended if the earned bachelor's degree does not include comparable coursework.

- EDU 2111 - Becoming an Elementary Teacher Credits: 3
- SED 3600 - Exceptional Learners in the Classroom Credits: 3
- PSY 1800 - Developmental Educational Psychology Credits: 3

## Required Licensure Courses

- RDG 3111 - Emergent Literacy K-3 **Credits: 3**
- EDU 3444 - Instructional and Assessment Practices in Differentiated Classrooms **Credits: 3**
- EDU 3445 - Field Experience: Assessment Practices in Differentiated Classrooms **Credits: 1**
- RDG 3222 - Teaching Elementary School Writing **Credits: 3**
- RDG 3333 - Intermediate Literacy 4-6 **Credits: 3**
- RDG 3335 - Field Experience: K-6 Literacy **Credits: 1**
- EDU 3550 - Teaching Elementary School Science and Health **Credits: 3**
- EDU 3666 - Teaching Elementary School Mathematics **Credits: 3**
- EDU 3665 - Field Experience: Teaching Science, Health and Mathematics **Credits: 1**
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- CLD 3910 - Assessment of English Language Learners **Credits: 3**

- EDU 4011 - Teaching Elementary School Social Studies **Credits: 3**
- EDU 4115 - Residency I **Credits: 3-7**  
OR
- EDU 4116 - CLD Residency I **Credits: 3-7**
- EDU 4222 - Designing Instruction For All Learners **Credits: 3**
- EDU 4225 - Residency II **Credits: 9**  
OR
- EDU 4226 - CLD Residency II **Credits: 9**
- RDG 4444 - Accountability in Whole Class Literacy Assessment **Credits: 3**

**Total for Licensure Program: 61 credits**

**The total required licensure courses combined with required content courses equals 70 credits.**

Students who are simultaneously completing coursework towards an endorsement in Culturally and Linguistically Diverse (CLD) education must enroll in the CLD versions of Residency: EDU 4116 CLD Residency I and EDU 4226 CLD Residency II. Overall credit requirements do not change although additional learning outcomes are expected of students relative to serving CLD children. All licensure students are required to complete 7 credits of Residency I (EDU 4115 or EDU 4116) and 9 credits of Residency II (EDU 4225 or EDU 4226).

### Secondary Education Teacher Licensure Programs

### *Instructional Design and Technology Certificate*

The Instructional Technology Undergraduate Certificate Program focuses on the design, creation, utilization, and evaluation of dynamic learning objects within the context of a variety of real world learning experiences. The field of instructional design and technology relies on highly-trained professionals with credentials in design, implementation, and evaluation of multimedia learning materials and instructional design theories. Providing a comprehensive, interdisciplinary experience, this certificate program combines the

fields of education, cognitive science, instructional design, information technology, and social media management. Completers of this certificate program are versatile designers who are able to:

- Incorporate highly-effective design practices and theories in the development of curriculum, training and instruction
  - Apply instructional design practices and technologies in real world environments to solve social, cultural, and economic challenges
  - Facilitate organizational change and strategically recommend technology adoption
  - Utilize instructional tools and practices to increase learner-related performance through the employment of emerging instructional technologies
  - Develop and assess effective and accessible technology-supported learning assets and environments
  - Perform as a liaison and expert to empower others in the effective use of instructional design tools and practices
  - Evaluate, critique, and recommend appropriate technologies to enhance teaching and learning
- Working collaboratively with discipline and subject matter experts, certificate holders in this field provide instructional design expertise in a number of exciting environments including:

- PK-12 and postsecondary classroom and online instruction
- Instructional media production
- Corporate training
- Health institutions and training
- Public and cultural institutions
- Publishing companies
- Non-profit organizations
- Military organizations

This certificate program is open to all undergraduate students who have not already completed a bachelor's degree. To complete the certificate program, a minimum grade of "C" in all certificate courses is required.

## Required Courses

- EDT 2050 - Instructional Design Thinking **Credits:** 3
- EDT 2060 - Digital Life and Learning **Credits:** 3
- EDT 3050 - Games, Applications, and Instructional Interaction **Credits:** 3
- EDT 3060 - Instructional Multimedia **Credits:** 3
- EDT 4050 - Emerging Issues and Innovation **Credits:** 3

**Program Total: 15 Credits**

## *Instructional Design and Technology Major, B. A*

## About the Program

The Instructional Design and Technology Major focuses on the design, creation, utilization, and evaluation of dynamic learning objects within the context of a variety of real-world learning experiences. The field of instructional design and technology relies on highly trained professionals with credentials in design, implementation, and evaluation of multimedia learning materials and instructional design theories. Providing a comprehensive, interdisciplinary experience, this major program combines the fields of education, cognitive science, instructional design, information technology, multimedia and social media management.

Working collaboratively with discipline and subject matter experts, graduates with this major may continue to obtain an advanced degree in the field and/or provide instructional design expertise in a number of exciting environments including:

- PK-12 and postsecondary classroom and online instruction
- Instructional media production
- Corporate training
- Health institutions and training
- Public and cultural institutions
- Publishing companies
- Non-profit organizations
- Military organizations

Completion of this major program will lead to becoming versatile designers who are able to:

## Student Outcomes

- Incorporate highly-effective design practices and theories in the development of curriculum, training and instruction.
- Apply instructional design practices, and technologies in real-world environments to solve social, cultural, and economic challenges.
- Facilitate organizational change and strategically recommend technology adoption.
- Utilize instructional tools and practices to increase learner-related performance through the employment of emerging instructional technologies.
- Develop and assess effective and accessible technology-supported learning assets and environments.
- Perform as a liaison and expert to empower others in the effective use of instructional design tools and practices.
- Evaluate, critique, and recommend appropriate technologies to enhance teaching and learning.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)

- [Senior Experience Graduation Requirements](#)

## Program Requirements

- This Instructional Design and Technology major is a completely online program. All Major classes take place in online asynchronous or online synchronous learning environments. A computer and access to the internet are required to participate in classes. A minimum GPA of 2.0 for the program is required to graduate.
- A minimum of 120 semester hours are required for graduation.
- A minimum of 39 upper division semester hours are required for graduation.
- While a minor is not required, credits toward a minor will count toward the minimum credit requirement to graduate in place of general elective credit. Please consult with an advisor for meeting graduation requirements.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- **Recommended:** PSY 1800 - Developmental Educational Psychology

- Global Diversity (0 or 3 credits\*\*)

**\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.**

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.

## Required Courses: 45 Credits

- PSY 1800 - Developmental Educational Psychology **Credits: 3**
- EDT 2050 - Instructional Design Thinking **Credits: 3**
- EDT 2060 - Digital Life and Learning **Credits: 3**
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**

- EDT 3040 - Interpreting and Developing Instructional Visuals **Credits: 3**
- EDT 3050 - Games, Applications, and Instructional Interaction **Credits: 3**
- EDT 3060 - Instructional Multimedia **Credits: 3**
- EDT 4010 - Practical Instructional Design **Credits: 3**
- EDT 4020 - Project Management and Human Performance Technology in Instructional Design **Credits: 3**
- EDT 4050 - Emerging Issues and Innovation **Credits: 3**

Take one of the following:

- EDT 4060 - Capstone for Instructional Design and Technology **Credits: 3**
- or
- EDT 4090 - Instructional Prototyping **Credits: 3 \***

- JMP 2610 - Introduction to Technical Writing **Credits: 3**
- JMP 3470 - Writing for Interactive Media **Credits: 3**
- JMP 3540 - Mobile and Social Media Communication **Credits: 3**
- JMP 3625 - UX and UI: The User Experience **Credits: 3**

*\* This course requires special permission to register. Please consult with an advisor.*

## Additional Credits for Graduation: minimum 36 credits

In addition to the courses required for this major, a minimum of 36 credits are required to meet the minimum graduation requirement of 120 credits. Among these 36 credits, at least 3 credits must be upper division. Please consult with an advisor for more information.

## Senior Experience: 3 credits

- EDS 4010 - Action Research within Communities of Practice **Credits: 3**

## Summary of Requirements

General Studies Requirement	33 credits
ESSJ Requirement	0-3 credits
Major Requirement	45 credits
Additional Credits for Graduation	36-42 credits
Senior Experience	3 credits
<b>Total for the Instructional Design and Technology Major, B.A.</b>	<b>120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## ***Instructional Design and Technology Minor***

The Instructional Design and Technology Minor focuses on the design, creation, utilization, and evaluation of dynamic learning objects within the context of a variety of real world learning experiences. The field of instructional design and technology relies on highly-trained professionals with credentials in design, implementation, and evaluation of multimedia learning materials and instructional design theories. Providing a comprehensive, interdisciplinary experience, this minor program combines the fields of education, cognitive science, instructional design, information technology, and social media management. Completion of this minor program will lead students to becoming versatile designers who are able to:

- Incorporate highly-effective design practices and theories in the development of curriculum, training and instruction
  - Apply instructional design practices and technologies in real world environments to solve social, cultural, and economic challenges
  - Facilitate organizational change and strategically recommend technology adoption
  - Utilize instructional tools and practices to increase learner-related performance through the employment of emerging instructional technologies
  - Develop and assess effective and accessible technology-supported learning assets and environments
  - Perform as a liaison and expert to empower others in the effective use of instructional design tools and practices
  - Evaluate, critique, and recommend appropriate technologies to enhance teaching and learning
- Working collaboratively with discipline and subject matter experts, graduates with this minor may continue to obtain an advanced degree in the field and/or provide instructional design expertise in a number of exciting environments including:

- PK-12 and postsecondary classroom and online instruction
- Instructional media production
- Corporate training
- Health institutions and training
- Public and cultural institutions
- Publishing companies
- Non-profit organizations
- Military organizations

This minor program is open to all MSU Denver undergraduate students. To successfully complete the minor program, a minimum grade of "C-" in all Minor courses is required.

## **Required Courses**

This Minor program requires the following six courses, including one capstone course:

- EDT 2050 - Instructional Design Thinking **Credits: 3**
- EDT 2060 - Digital Life and Learning **Credits: 3**
- EDT 3050 - Games, Applications, and Instructional Interaction **Credits: 3**
- EDT 3060 - Instructional Multimedia **Credits: 3**
- EDT 4050 - Emerging Issues and Innovation **Credits: 3**
- EDT 4060 - Capstone for Instructional Design and Technology **Credits: 3**

**Program Total: 18 credits**

## ***Instructional Design and Technology Post-Baccalaureate Certificate***

The Instructional Technology post-baccalaureate certificate program focuses on the design, creation, utilization, and evaluation of dynamic learning objects within the context of a variety of real world learning experiences. The field of instructional design and technology relies on highly-trained professionals with credentials in design, implementation, and evaluation of multimedia learning materials and instructional design theories. Providing a comprehensive, interdisciplinary experience, this certificate program combines the fields of education, cognitive science, instructional design, information technology, and social media management. Students are required to complete an experiential capstone course at the end of the program. Completers of this certificate program are versatile designers who are able to:

- Incorporate highly-effective design practices and theories in the development of curriculum, training and instruction
  - Apply instructional design practices and technologies in real world environments to solve social, cultural, and economic challenges
  - Facilitate organizational change and strategically recommend technology adoption
  - Utilize instructional tools and practices to increase learner-related performance through the employment of emerging instructional technologies
  - Develop and assess effective and accessible technology-supported learning assets and environments
  - Perform as a liaison and expert to empower others in the effective use of instructional design tools and practices
  - Evaluate, critique, and recommend appropriate technologies to enhance teaching and learning
- Working collaboratively with discipline and subject matter experts, certificate holders in this field provide instructional design expertise in a number of exciting environments including:

- PK-12 and postsecondary classroom and online instruction
- Instructional media production
- Corporate training
- Health institutions and training
- Public and cultural institutions

- Publishing companies
- Non-profit organizations
- Military organizations

Only students with a conferred bachelor's degree from an accredited institution are eligible to earn the certificate. To complete the certificate program, a minimum grade of "C" in all certificate courses is required.

## Required Courses

- EDT 2050 - Instructional Design Thinking **Credits: 3**
- EDT 2060 - Digital Life and Learning **Credits: 3**
- EDT 3050 - Games, Applications, and Instructional Interaction **Credits: 3**
- EDT 3060 - Instructional Multimedia **Credits: 3**
- EDT 4050 - Emerging Issues and Innovation **Credits: 3**

### Capstone/Internship

- EDT 4090 - Instructional Prototyping **Credits: 3**

**Program Total: 18 Credits**

## *K-12 Art Licensure*

Students pursuing recommendation for K-12 art licensure should complete the Bachelor of Fine Arts in Art Education. Please refer to the Art Education Major, B.F.A. for program requirements.

## *K-12 Art Licensure: Post-Baccalaureate Program*

Admission requirements for post-baccalaureate candidates seeking K-12 licensure include evidence of having a conferred bachelor's degree in the licensure subject area, and meeting the criteria for formal admission. Upon application to the Teacher Education Program, an official transcript from the accredited colleges where the candidate attended, including the one granting the baccalaureate degree must be brought to the Teacher Application Center. The appropriate content area advisors will review the transcript for completed course work appropriate for the endorsement being sought. It may be necessary for a Post-Baccalaureate candidate to complete specified courses in the content area, in addition to the professional licensure sequence course work, as part of their approved teacher preparation program. Post-baccalaureate students should begin the licensure program by taking the first education courses in their licensure sequence and should take the licensure content examination as soon as possible.

Coursework in teacher licensure is available through the Art Department. An existing BF A in a studio area is required. Students interested in the post-bac program that have a BA in a studio area will be required to submit a portfolio for review for entrance into the program. Students that are not accepted to the licensure program after the portfolio review can reapply for review the following semester. Students provisionally accepted may need to complete additional content area coursework to meet licensure requirements. Students

must also achieve satisfactory scores on the state licensure examination. See your advisor for more information.

## Required Courses

- ARTE 3601 - Introduction to Art Education: History and Philosophy **Credits: 3**
- ARTE 3605 - Creating an Inclusive Art Classroom: Curriculum and Instruction **Credits: 3**
- ARTE 4130 - Elementary Art Education: Curriculum and Instruction **Credits: 3**
- ARTE 4140 - Field Experience: Art Education Elementary **Credits: 1**
- ARTE 4230 - Secondary Art Education: Curriculum and Instruction **Credits: 3**
- ARTE 4240 - Field Experience: Art Education Secondary **Credits: 1**
- ARTE 4701 - Student Teaching and Seminar: Art Education K-12 **Credits: 12**
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1**
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3**
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3**

**Total: 40 credits**

## Technology Based Studio Course

Students must complete one technology based studio course if not taken as part of previous degree. Technology based studio course work includes photography, printmaking or communication design.

## Possible Additional Coursework

If any of the following courses can not be identified on transcripts, they will need to be taken as part of the licensure requirements.

- ART 1101 - Art Studio: 2D **Credits: 3**
- ART 1141 - Art Studio: Drawing **Credits: 3**
- ART 1501 - Art Studio: 3D **Credits: 3**
- ARTH 1600 - Art of the Ancient World **Credits: 3**
- ARTH 1700 - Art of the Medieval and Early Modern World **Credits: 3**
- ARTH 1800 - Art of the Modern and Contemporary World **Credits: 3**

## *K-12 Music Licensure*

The K-12 Licensure Program prepares candidates to teach content-area courses in grades K-12. Through the sequence of courses and field experiences, the candidate satisfies all of Colorado's performance-based standards for licensure in K-12 Education.

Candidates seeking teacher licensure must also gain admission to the Teacher Education Program. The application form for the program must be completed by attending an Application Meeting during the semester prior to the first semester of education course work. Application Meetings are scheduled by the Teacher Application Center (WC 136). Formal admission must be obtained BEFORE Methods coursework can be taken and provisional admission must be obtained before any field experience placement will be made.

Music Education licensure candidates must consult an advisor in their selected major and one in education.

For more information on this program, see the Bachelor of Music Education section of the catalog.

## ***K-12 Physical Education Licensure***

The core curriculum is designed to prepare candidates to pass the K-12 Physical Education Content Exam and to teach to the Colorado Model Content Standards for K-12 Physical Education. **Licensure candidates need to meet with a K-12 Physical Education advisor.**

Candidates seeking teacher licensure must also gain admission to the Teacher Education Program. Formal admission must be obtained BEFORE Methods coursework can be taken and provisional admission must be obtained before any field experience placement will be made.

For more information on this program, see the [K-12 Physical Education Major, B.S.](#) section of the catalog.

## ***K-12 Physical Education Licensure: Post-Baccalaureate Program***

Admission requirements for post-baccalaureate students seeking K-12 Physical Education licensure include evidence of having a conferred Bachelor's degree and meeting the criteria for formal admission to the K-12 Physical Education Post-Baccalaureate Licensure Program.

The K-12 Physical Education advisors will review the transcript for completed coursework appropriate for the licensure being sought. Coursework meeting standards for K-12 Physical Education is available through the Secondary, K-12, and Educational Technology Department website. The coursework prepares the candidate to pass the state required licensure exam for K-12 Physical Education and to utilize the current state approved standards for teaching.

The following courses are required and must be completed with a grade of "C-" or better.

Candidates for the K-12 Physical Education Licensure: Post-Baccalaureate Program can complete a minimal number of additional courses to earn a second bachelor's degree in Physical Education. Please see the K-12 Physical Education Major, B.S. listing and speak with a K-12 Physical Education advisor for details.

## **Physical Education and Health Courses**

- PETE 3000 - School Health Education **Credits: 3**
- ESS 4500 - Motor Learning and Development **Credits: 3**
- PETE 1601 - Introduction to Teaching Physical Education **Credits: 3**
- PETE 1665 - Methods of Teaching Outdoor Education **Credits: 3**
- PETE 1670 - Curricular Aspects of Elementary Physical Education **Credits: 3**
- PETE 1680 - Curricular Aspects of Secondary Physical Education **Credits: 3**
- PETE 2010 - Methods of Teaching Team Activities **Credits: 3**
- PETE 2030 - Teaching Weight Training and Fitness Education **Credits: 3**
- PETE 2040 - Methods of Teaching Individual/Dual Activities, Level I **Credits: 3**  
or
- PETE 2090 - Methods of Teaching Individual/Dual Activities, Level II **Credits: 3**
- PETE 3010 - Clinical Experience in School Health Education **Credits: 2**
- PETE 3200 - Movement Science for Teacher Education **Credits: 4**
- PETE 3400 - Methods of Teaching Secondary Physical Education **Credits: 3**
- PETE 3410 - Clinical Experience in Secondary Physical Education **Credits: 2**
- PETE 3460 - Health and Physical Education Assessment **Credits: 3**
- PETE 3500 - Methods of Teaching Elementary Physical Education **Credits: 3**
- PETE 3510 - Clinical Experience in Elementary Physical Education **Credits: 2**
- PETE 3800 - Risk Prevention, Assessment, and Intervention for Teacher Education **Credits: 3**
- PETE 4620 - Methods of Teaching Adapted Physical Education **Credits: 3**

*Pre-requisites and Co-requisites: Please see individual courses for pre- and co-requisites*

**Subtotal: Minimum of 52 credit hours**

## **Licensure Sequence**

- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**

- EDS 3140 - First Field Experience in Secondary Education  
**Credits:** 1
  - EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits:** 3
  - EDT 3010 - Integrating Educational Technology into Teaching  
**Credits:** 3
  - CLD 3310 - Integrated Methods of Teaching English as a Second Language **Credits:** 3
- or
- CLD 3910 - Assessment of English Language Learners **Credits:** 3
  - CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
  - EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits:** 3
  - EDU 4190 - Elementary Student Teaching and Seminar: K-6  
**Credits:** 6,12
  - EDS 4290 - Student Teaching and Seminar: Secondary 7-12  
**Credits:** 6,12

*Pre-requisites and Co-requisites: Please see individual courses for pre- and co-requisites*

**Subtotal: 32 credit hours**

**Total for K-12 Physical Education Licensure: 84 credit hours**

## ***K-12 Physical Education Major, B.S.***

[Department of Secondary, K-12 and Educational Technology](#)  
[School of Education](#)

Available Program  
Format(s): [In-Person](#)

### **About the Program**

The Bachelor of Science in K-12 Physical Education prepares students to teach in public or private schools. Course work leads to elementary, secondary and K-12 physical education/ health education licensure in Colorado. In addition to the bachelor's degree program, we offer a licensure-only option for students who already hold a bachelor's degree in another discipline. Many of the classes are experience-based, meaning students are either physically active in our gyms, outdoor athletic facility or are in K-12 schools implementing teaching assignments. Additional opportunities are also provided by helping with field days and special events in schools and volunteer coaching opportunities. We prepare our students to teach diverse populations by giving them the opportunity to work and learn in urban, suburban, and rural environments. The core curriculum is designed to prepare candidates to pass the K-12 Physical Education PRAXIS exam and to utilize the Colorado Teacher Quality Standards. Licensure candidates need to meet with a K-12 Physical Education advisor. Candidates seeking teacher licensure must also gain admission to the Teacher Education Program. A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. In addition to preparing students for entry into teaching and coaching positions in grades K-12, this degree provides

students the prerequisites for advanced degrees in education, sports administration, and other related disciplines. Health and Physical Educators are making a lasting impact on the future health of America. We take pride in helping students understand the importance of a healthy and active lifestyle.

### **Student Outcomes**

- Demonstrate physical education content and scientific and theoretical foundations when delivering an effective K-12 physical education program aligned with local, state and/or national standards.
- Exhibit skills of a physically literate individual who can demonstrate skillful performance in physical education content areas and health-enhancing levels of fitness.
- Validate an effective use of resources, accommodations and/or modifications, technology to address the diverse needs of all students.
- Engage students in meaningful learning experiences using communication, feedback, technology, and instructional and managerial skills to enhance student learning.
- Display knowledge to select and implement appropriate assessments to monitor students' progress and guide decision making related to instruction and learning.
- Connect Literacy and Math-Connect literacy, including Culturally and Linguistically Diverse (CLD), teaching strategies as well as mathematics to Physical Education teaching.
- Create Inclusive Teaching Environment-Create a safe, inclusive and respectful learning environment that facilitates learning for diverse populations, including CLD students.
- Demonstrate professionalism through ethical conduct, reflection, and leadership.
- Demonstrate knowledge of first and second language acquisition and teaching strategies for CLD students.

### **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

### **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- This program is defined as an extended major.

### **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1610 - Integrated Mathematics I (Note: This course is required for the major/teacher licensure and can also meet general studies requirements in this category. However the credits for this course can only count toward the total credits for the degree once.)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
- **Recommended:** EDS 3150 - Critical Sociocultural Lenses for Teachers (Note: This course is required for teacher licensure and can also meet the ESSJ requirement. However the credits for these courses can only count toward the total credits for the degree once.)

## Required K-12 Physical Education Major Courses: 56 credits

Please note:

Field experience courses require establishing a COOL account to obtain a fingerprint and background check. Please see major advisor for assistance with mentor teachers/schools for field experiences.

- PETE 1601 - Introduction to Teaching Physical Education **Credits:** 3
- PETE 1665 - Methods of Teaching Outdoor Education **Credits:** 3
- PETE 1670 - Curricular Aspects of Elementary Physical Education **Credits:** 3
- PETE 1680 - Curricular Aspects of Secondary Physical Education **Credits:** 3
- PETE 2010 - Methods of Teaching Team Activities **Credits:** 3

- PETE 2030 - Teaching Weight Training and Fitness Education **Credits:** 3
- PETE 2040 - Methods of Teaching Individual/Dual Activities, Level I **Credits:** 3
- PETE 2090 - Methods of Teaching Individual/Dual Activities, Level II **Credits:** 3
- PETE 3000 - School Health Education **Credits:** 3
- PETE 3010 - Clinical Experience in School Health Education **Credits:** 2
- PETE 3130 - Foundation of Educational Psychology and Philosophy **Credits:** 4
- PETE 3200 - Movement Science for Teacher Education **Credits:** 4
- PETE 3400 - Methods of Teaching Secondary Physical Education **Credits:** 3
- PETE 3410 - Clinical Experience in Secondary Physical Education **Credits:** 2
- PETE 3460 - Health and Physical Education Assessment **Credits:** 3
- PETE 3500 - Methods of Teaching Elementary Physical Education **Credits:** 3
- PETE 3510 - Clinical Experience in Elementary Physical Education **Credits:** 2
- PETE 3800 - Risk Prevention, Assessment, and Intervention for Teacher Education **Credits:** 3
- PETE 4620 - Methods of Teaching Adapted Physical Education **Credits:** 3

## K-12 Physical Education Major Electives: 6 credits

Select two courses from the following list.

- CLD 3310 - Integrated Methods of Teaching English as a Second Language **Credits:** 3
- CLD 3910 - Assessment of English Language Learners **Credits:** 3
- ESS 4500 - Motor Learning and Development **Credits:** 3
- SPA 1006 - Conversational Spanish for School Personnel I **Credits:** 3
- SPA 1007 - Conversational Spanish for School Personnel II **Credits:** 3
- SWK 3010 - Social Work Practice with Children and Youth **Credits:** 3
- SWK 3040 - Creative Approaches to Change **Credits:** 3
- CHS 3300 - Education of Chicano Children **Credits:** 3

## Additional Requirements for K-12 Physical Education Teacher Licensure: 18 credits

All students must complete the following courses in teaching foundations and strategies. Before registering for these courses, students should obtain admission to the School of Education. Please consult with an academic advisor.

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits:** 3 (satisfies Ethnic Studies and Social Justice (ESSJ) requirement)
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits:** 3
- EDT 3010 - Integrating Educational Technology into Teaching **Credits:** 3
- MTH 1610 - Integrated Mathematics I **Credits:** 3
- SED 3600 - Exceptional Learners in the Classroom **Credits:** 3

## Senior Experience: 12 credits

Students may take 6 credits of EDU 4190 in an elementary education setting or 6 credits of EDS 4290 in a secondary setting or 12 credits of either student teaching and seminar course. Please consult with a major advisor.

- EDU 4190 - Elementary Student Teaching and Seminar: K-6 **Credits:** 6,12
- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits:** 6,12

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Major Courses	56 credits
Required Major Electives	6 credits
Additional Requirements	18 credits
Senior Experience	12 credits
Unrestricted Electives	0-1 credits
<b>Total for the K-12 Physical Education Major, B.S.</b>	<b>Minimum 120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## *K-12 World Languages Teacher Licensure: Post-Baccalaureate Program*

Admission requirements for post-baccalaureate students seeking licensure include evidence of having at least a conferred bachelor's degree from a regionally accredited university, as well as the stated

admission criteria. Students should see an advisor in the World Languages department and the secondary/K-12 education department for detailed information on post-baccalaureate licensure in World Languages. Faculty will review the transcript for completed coursework appropriate for the endorsement being sought. It may be necessary for a post-baccalaureate candidate to complete specified courses in the content area in addition to the teacher licensure coursework.

## K-12 World Languages Teacher Licensure: Post-Baccalaureate

Please meet with a faculty advisor in the World Languages department for the detailed content coursework. The coursework basically includes the following categories:

- Language/Grammar/Composition/Linguistics/Conversation
- Phonetics
- Culture/Civilization
- Literature

## Licensure Core for K-12 World Languages

### Foundations

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits:** 4
- EDS 3140 - First Field Experience in Secondary Education **Credits:** 1
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits:** 3
- EDT 3010 - Integrating Educational Technology into Teaching **Credits:** 3
- MTH 1610 - Integrated Mathematics I **Credits:** 3
- SED 3600 - Exceptional Learners in the Classroom **Credits:** 3

### Methods

- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits:** 3
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits:** 1
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits:** 3
- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits:** 6,12
- EDU 3444 - Instructional and Assessment Practices in Differentiated Classrooms **Credits:** 3
- EDU 3445 - Field Experience: Assessment Practices in Differentiated Classrooms **Credits:** 1
- LANG 4960 - Teaching World Languages in K-12 **Credits:** 3
- LANG 4961 - Field Experience in Teaching World Languages in K-12 **Credits:** 1

## ***Secondary Education Minor (Non-Licensure)***

The Secondary Education Minor will be of interest to candidates who wish to work with secondary aged children outside the classroom (for example, recreation programs, travel, summer camps, enrichment programs) or work with learners of all ages in corporate or other training/education programs. It provides necessary knowledge, skills and applications in real school settings to develop candidates' understanding of the principles of teaching and learning in middle and high schools. The minor provides an option that assists degree-seeking candidates pursuing licensure to complete their baccalaureate and teacher licensure requirements in four years. To emphasize the application of knowledge in the field as required in new performance standards for teachers, the minor features 120 field experience hours. The third field experience (which is normally connected to the content methods courses), is not required in the minor, but may be a required co-requisite for the methods course. Candidates seeking licensure need to complete additional requirements including formal admission to the Teacher Licensure Program and student teaching. The minor does not include all courses required for teacher licensure. A minimum grade of C- is required for each course to count toward the Secondary Education Minor.

### **Required Courses:**

#### **Foundations: (14 credits)**

- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1**
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3**
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**

#### **Methods: (10-16 credits)**

- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3**
  - EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1**
  - EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3**
- or
- RDG 3280 - Teaching Content Literacy Skills **Credits: 3**
  - XXX XXX Content Methods in Major\*

**Total: 24-30**

### **Note:**

*\*Content and Methods coursework may be waived if required as part of major. See department.*

## ***Secondary Education Post-Baccalaureate Licensure - English***

Admission requirements for post-baccalaureate students seeking licensure include evidence of having at least a conferred bachelor's degree, as well as the stated admission criteria. Students should see an advisor in the English department and the secondary/K-12 education department for detailed information on post-baccalaureate licensure in English. Faculty will review the transcript for completed coursework appropriate for the endorsement being sought. It may be necessary for a post-baccalaureate candidate to complete specified courses in the content area in addition to the teacher licensure coursework.

### **Approved courses (or the approved equivalent) in the following content areas are required:**

- Literary Criticism or Literary Studies
- American Literature Survey
- British Literature Survey or Shakespeare
- Mythology or World Literature
- Language and Linguistics (History of English and the Structure of English)
- Composition (beyond freshman level)

### **Licensure Core for Secondary Education - Post-Baccalaureate:**

#### **Foundations:**

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1**
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3**
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- MTH 1610 - Integrated Mathematics I **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**

#### **Methods:**

- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3**
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1**
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3**
- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits: 6,12**

- ENG 4601 - Methods in Secondary English I: Literacies and Literature **Credits: 4**
- ENG 4602 - Methods in Secondary English II: Writing and Assessment **Credits: 4**
- ENG 4641 - Field Experience in Teaching English in Secondary Schools **Credits: 1**

## ***Secondary Education Post-Baccalaureate Licensure - Mathematics***

### **Secondary Education Post-Baccalaureate Licensure - Mathematics**

Admission requirements for post-baccalaureate students seeking licensure include evidence of having at least a conferred bachelor's degree, as well as the stated admission criteria. Students should see an advisor in the Math department and the secondary/K-12 education department for detailed information on post-baccalaureate licensure in Math. Faculty will review the transcript for completed coursework appropriate for the endorsement being sought. It may be necessary for a post-baccalaureate candidate to complete specified courses in the content area in addition to the teacher licensure coursework.

### **Licensure Core for Secondary Education - Post-Baccalaureate:**

#### **Foundations:**

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1**
- EDS 3150 - Critical Sociocultural Lenses for Teachers **Credits: 3**
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**

#### **Methods:**

- MTL 3620 - Mathematics of the Secondary Curriculum **Credits: 4**
- MTL 4630 - Teaching Secondary Mathematics **Credits: 4**
- MTL 3638 - Secondary Mathematics Field Experience **Credits: 2**
- MTL 4690 - Student Teaching and Seminar: Secondary **Credits: 12**

## ***Secondary Education Post-Baccalaureate Licensure - Science***

### **Secondary Education Post-Baccalaureate Licensure - Science**

Admission requirements for post-baccalaureate students seeking licensure include evidence of having at least a conferred bachelor's degree, as well as the stated admission criteria. Students should see an advisor in the appropriate content department (Biology, Chemistry, Physics, and Environmental Science) and the secondary/K-12 education department for detailed information on post-baccalaureate licensure in Science. Faculty will review the transcript for completed coursework appropriate for the endorsement being sought. It may be necessary for a post-baccalaureate candidate to complete specified courses in the content area in addition to the teacher licensure coursework.

### **Licensure Core for Secondary Education - Post-Baccalaureate:**

#### **Foundations:**

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits: 4**
- EDS 3140 - First Field Experience in Secondary Education **Credits: 1**

- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**

#### **Methods:**

- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3**
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1**
- EDS 3280 - Disciplinary Literacy in Culturally and Linguistically Diverse Schools **Credits: 3**
- EDS 4290 - Student Teaching and Seminar: Secondary 7-12 **Credits: 6,12**
- SCI 3950 - Teaching Science in Secondary Schools **Credits: 3**
- SCI 3960 - Field Experience in Teaching Science in Secondary Schools **Credits: 1**

## ***Secondary Education Post-Baccalaureate Licensure - Social Studies***

## Secondary Education Post-Baccalaureate Licensure - Social Studies

Admission requirements for post-baccalaureate students seeking licensure include evidence of having at least a conferred bachelor's degree, as well as the stated admission criteria. Students should see an advisor in the content/History department and the secondary/K-12 education department for detailed information on post-baccalaureate licensure in Social Studies. Faculty will review the transcript for completed coursework appropriate for the endorsement being sought. It may be necessary for a post-baccalaureate candidate to complete specified courses in the content area in addition to the teacher licensure coursework.

### Content Knowledge Requirements:

*The National Council for Social Studies Teachers requires the following Programmatic Standards - course(s) in:*

- U.S. History, World History (both Western and Non-Western)
- Political Science
- Economics
- American History
- History of Western World
- History of Nonwestern World
- Behavioral Science (Anthropology course is recommended)
- Political Science (includes U.S. Government)
- Geography (includes Cultural and Physical)
- Social Studies Content Exam

### Social Studies Concentration Requirement:

Student must complete at least 18 credit hours in social studies concentration area. The concentration area must include a minimum of 9 upper division credits. See an advisor.

## Licensure Core for Secondary Education - Post-Baccalaureate:

### Foundations:

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- EDS 3130 - Foundations of Educational Psychology and Philosophy **Credits:** 4
- EDS 3140 - First Field Experience in Secondary Education **Credits:** 1

## *Culturally and Linguistically Diverse Education Endorsement Program*

The Culturally and Linguistically Diverse (CLD) Education Endorsement is an additional credential that all licensed educators in the state of Colorado can add to their teaching license. The CLD Endorsement provides educators the skills and knowledge to support second language learners in both their English language development and their overall academic achievement. The CLD Endorsement is a K-12 credential that is officially awarded by the Colorado Department of Education, upon Institutional recommendation from MSU Denver, School of Education. A minimum of C- is required for all courses in order to successfully complete the CLD endorsement.

### Required Core Courses

- CLD 2890 - Second Language Acquisition: K-12 Educational Implications **Credits:** 3
- CLD 3290 - Literacy Development for Culturally and Linguistically Diverse Students K-12 **Credits:** 3
- CLD 3310 - Integrated Methods of Teaching English as a Second Language **Credits:** 3

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- CLD 3910 - Assessment of English Language Learners **Credits:** 3
- ANT 2330 - Cross-Cultural Communication **Credits:** 3  
OR
- COMM 3000 - Diversity and Communication in the U.S. **Credits:** 3

Subtotal: 18 credits

## One of the following depending on licensure status:

### **Additional Course for Option 1: (Pre-service Teachers)**

- CLD 4590 - Culturally and Linguistically Diverse: ESL Student Teaching and Seminar **Credits:** 6

Total for Option 1: 24 credits

### **Additional Course for Option 2: (Licensed Educators)**

- CLD 4520 - Field Experience in Culturally and Linguistically Diverse Education **Credits:** 3

Total for Option 2: 21 credits

## ***Early Childhood Education Major, B.A.***

[Department of Special Education, Early Childhood and Culturally and Linguistically Diverse Education](#)

[School of Education](#)

Available Program  
Format(s): [In-Person](#)

## **About the Program**

The Early Childhood Education (ECE) Major is designed to prepare students to become highly effective and culturally responsive teachers, coaches, advocates, and policy makers who promote quality care and education for young children, birth through age eight. ECE students take classes and participate in field experiences that support the knowledge, understandings, and competencies established by the National Association for the Education of Young Children (NAEYC), the Colorado Department of Education (CDE), and the Colorado Department of Human Services (CDHS) to ensure successful work with children in inclusive classrooms and diverse settings.

The Early Childhood Education Major offers a Bachelor of Arts (BA) degree with two concentration options leading to licensure or early learning specialization. Students graduating from MSU Denver with a BA degree in Early Childhood Education will meet current Director Qualifications for a Large Childcare Center.

[Early Childhood Education Concentrations](#)

- **Licensure: Early Childhood Educator:** This option is specifically designed for those students who seek to become Colorado Department of Education (CDE) licensed teachers of children, birth through age eight. Licensure path culminates in either a 12 credit one semester student teaching experience (ECE 4390) or a 16 credit two semester residency consisting of both ECE 4415 in fall and ECE 4425 in spring.
- **Early Learning Specialization:** This option is specifically for those students who seek to become 1) early childhood teachers, directors, and coaches in centers, districts, and non-profit agencies that require Colorado Department of Human Services (CDHS) credentials but do not require CDE teacher licensure; OR 2) licensing specialists, family advocates, quality improvement raters, and policy experts for young children and families; OR 3) candidates who choose to pursue advanced studies in early childhood education, special education, social work, educational policy, child development, or other related fields.

## **Student Outcomes**

The Metropolitan State University of Denver (MSU Denver) ECE degree provides a strong foundation in:

- young children's development and learning;
- observation, documentation and assessment;
- effective teacher research;
- preparation to teach literacy, math, science, social studies;
- meaningful curriculum design;
- differentiation for all learners, including children with special needs, cultural and linguistic differences, and socio-economic inequality;
- trauma-informed and social justice pedagogy;
- developmentally effective approaches;
- building family and community relationships; and
- becoming an early childhood professional.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of C- or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.
- Please note: The majority of preschool and primary clinical experience hours occur in the mornings and afternoons in designated classrooms supervised by licensed teachers. Some courses require

ECE students to work with children in unsupervised situations that may take place in the evenings or weekends.

- This program is defined as an extended major.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1610 - Integrated Mathematics I as a prerequisite to MTL 3600 - Mathematics of the Elementary Curriculum
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.
- ECE 3860 - Cultural Socialization of Children is required for the Early Childhood major and meets this requirement.

## Courses Required for the Major: 63 credits

- ECE 2100 - Introduction to Early Childhood Education **Credits:** 3
- ECE 2310 - Families and Communities: Advocacy and the Law **Credits:** 3
- ECE 2330 - Creativity and Expressive Arts for the Young Child **Credits:** 3
- ECE 2345 - Administration of Early Childhood Programs **Credits:** 4
- ECE 2360 - Infants and Toddlers I **Credits:** 3
- ECE 2370 - Curriculum for the Young Learner **Credits:** 3
- ECE 2400 - Development and Characteristics of Early Learners **Credits:** 3
- ECE 2500 - Health, Safety and Nutrition **Credits:** 3

- ECE 2600 - The Exceptional Child **Credits:** 3
- ECE 2950 - Developmentally Effective Practice (DEP) I: The Intentional Preschool Teacher **Credits:** 3
- ECE 2970 - Supporting Social Emotional Competence **Credits:** 3
- ECE 3120 - Early Literacy Development: Birth to Age 5 **Credits:** 3
- ECE 3140 - Math and Science: Birth to Age 5 **Credits:** 3
- ECE 3150 - Developmentally Effective Practice II: Planning for Beginning Readers **Credits:** 4
- ECE 3350 - Documentation and Assessment in Early Childhood Education **Credits:** 3
- ECE 3500 - Teaching with Children's Literature **Credits:** 3
- ECE 3610 - Teaching for Social Justice **Credits:** 4
- ECE 3750 - The Young Culturally and Linguistically Diverse Learner **Credits:** 3
- ECE 3860 - Cultural Socialization of Children **Credits:** 3
- EDT 3010 - Integrating Educational Technology into Teaching **Credits:** 3

## Additional Courses for the Teacher

### Licensure Concentration: 16 credits

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits:** 3
- ECE 4000 - Differentiation of Literacy Instruction **Credits:** 3  
or
- RDG 3111 - Emergent Literacy K-3 **Credits:** 3
- ECE 4340 - Math and Science: Ages 5-8 **Credits:** 3
- ECE 4370 - Developmentally Effective Practice III: Teaching in the Content Areas **Credits:** 4
- MTL 3600 - Mathematics of the Elementary Curriculum **Credits:** 3

## Additional Courses for the Early Learning Specialization: 15 credits

- ECE 3250 - Advocacy in Early Childhood Education **Credits:** 3  
Electives: 12 credits
- Early Learning Specialization concentration students should consult with an Early Childhood Education advisor on specific coursework for the 12 elective hours.

## Senior Experience: 6-16 credits

- Teacher Licensure Concentration:
- ECE 4390 - Student Teaching and Seminar: Early Childhood (Preschool through Third Grade) Credits: 6,12\*
- Early Learning Specialization:
- ECE 4350 - Senior Experience in Early Childhood Education Credits: 6

\*The following two courses can be taken as a combined alternative to ECE 4390. Please speak with an advisor about this option.

- ECE 4415 - Early Childhood Residency I Credits: 7
- ECE 4425 - Early Childhood Residency II Credits: 9

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Required Major Courses	63 credits
Additional Teacher Licensure Requirements (choose this or Early Learning Specialization)	16 credits
Additional Requirements for the Early Learning Specialization (choose this or Teacher Licensure)	15 credits
Senior Experience	6-16 credits
Unrestricted Electives	0-3 credits
<b>Total for the Early Childhood Education Major, B.A.</b>	<b>Minimum of 120 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

## Early Childhood Education Minor (Non-Licensure)

The Early Childhood Education Minor is designed for individuals interested in developing a foundational knowledge of the care and education of young children. Candidates should understand that this 18-semester-hour program of study fulfills MSU Denver's requirements for a minor, but it does not lead to licensure in early childhood education. A grade of "C-" or better is required for each course in this program to count toward the minor.

## ECE Required Courses

The following courses are required for the Early Childhood Education Minor:

- ECE 2100 - Introduction to Early Childhood Education **Credits: 3**
- ECE 2970 - Supporting Social Emotional Competence **Credits: 3**

**Subtotal: 6 credits**

## ECE Elective Courses

Twelve additional credits are required for the Early Childhood Education minor, 3 of which must be upper-division. Students should consult with an ECE advisor to ensure coursework is aligned with individual educational goals.

**Subtotal: 12 credits**

**Early Childhood Education Minor Total: 18 credits**

## Early Childhood Education Post-Baccalaureate Licensure Program

The Early Childhood Education (ECE) Post-baccalaureate program is designed to prepare degreed individuals to become highly effective and culturally responsive teachers and related professionals who promote quality care and education for young children. This program includes a 12-credit, one semester student teaching experience. All program courses must be passed with a C- or better.

Candidates who successfully complete the program will earn recommendation to the Colorado Department of Education for teacher licensure in Early Childhood Education (ages 0-8).

Candidates must earn admission to this program through the School of Education to complete required coursework. Visit the School of Education website for details.

## Required Courses

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- ECE 2100 - Introduction to Early Childhood Education **Credits: 3**
- ECE 2600 - The Exceptional Child **Credits: 3**
- ECE 2950 - Developmentally Effective Practice (DEP) I: The Intentional Preschool Teacher **Credits: 3**
- ECE 2970 - Supporting Social Emotional Competence **Credits: 3**
- ECE 3150 - Developmentally Effective Practice II: Planning for Beginning Readers **Credits: 4**
- ECE 3350 - Documentation and Assessment in Early Childhood Education **Credits: 3**
- ECE 3750 - The Young Culturally and Linguistically Diverse Learner **Credits: 3**
- ECE 4000 - Differentiation of Literacy Instruction **Credits: 3**
- ECE 4340 - Math and Science: Ages 5-8 **Credits: 3**
- ECE 4370 - Developmentally Effective Practice III: Teaching in the Content Areas **Credits: 4**
- ECE 4390 - Student Teaching and Seminar: Early Childhood (Preschool through Third Grade) **Credits: 6,12**
- MTH 1610 - Integrated Mathematics I **Credits: 3**
- MTL 3600 - Mathematics of the Elementary Curriculum **Credits: 3**

Grand Total For Program: 53 credit hours

## ***Spanish Culturally and Linguistically Diverse (CLD) Bilingual Education Specialist K-12 Added Endorsement Program***

The Culturally & Linguistically Diverse (CLD) Bilingual Education Specialist K-12 Endorsement is an additional credential that all licensed educators in the state of Colorado can add to their teaching license. This endorsement has been approved by the state to be recognized as an official program and is a non-degree and non-certificate program. Completion of this program will lead to a recommendation for an added endorsement through the Colorado Department of Education (CDE). This recommendation will come from the School of Education and not the University's Office of the Registrar.

A minimum grade of a C- is required in all courses to successfully complete the program and earn a recommendation for this endorsement.

This endorsement is intended for those pre-service and in-service teachers who want to work in bilingual Spanish classrooms. Coursework will provide educators the pedagogy, skills, and knowledge to support second language learners in both their primary language (Spanish) as well as English language development.

The Oral Proficiency Interview is a requirement for specific courses in the program, please see individual course descriptions for details. In addition, a capstone project which measures reading and writing proficiency in Spanish is also required. A score of "advanced low" (grading criteria put forth by the American Council of Teachers of Foreign Language) (ACTFL) must be achieved in order to acquire this endorsement. These exams must be scheduled with the Modern Languages Department.

## **Elementary, Special Education and Early Childhood Majors and Licensed Teacher Option**

In addition to coursework, students must also demonstrate Spanish oral, reading, and writing proficiency. Oral proficiency will be measured by the Oral Proficiency Interview and reading and writing proficiency will be measured by the Capstone Project. Students must pass these exams with a score of "advanced low."

- CLD 2890 - Second Language Acquisition: K-12 Educational Implications **Credits: 3**
- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- CLD 3910 - Assessment of English Language Learners **Credits: 3**
- CLD 3930 - Spanish Bilingual Education Theory and Research **Credits: 3**

- CLD 3940 - Spanish Bilingual Language and Literacy Development **Credits: 3**
  - CLD 3950 - Spanish Bilingual Methods and Materials **Credits: 3**
  - CLD 3951 - Spanish Culturally and Linguistically Diverse (CLD) Bilingual Education Specialist K-12 Added Endorsement Field Experience **Credits: 1**
- Total: 19

## **Modern Language Spanish Major Option**

In addition to coursework, students must also demonstrate Spanish oral, reading, and writing proficiency. Oral proficiency will be measured by the Oral Proficiency Interview and reading and writing proficiency will be measured by the Capstone Project. Students must pass these exams with a score of "advanced low."

Because field experiences are structured differently in the School of Education (SoE) and the Modern Languages Department, there was a need to require different field experiences courses for this endorsement.

- CLD 2890 - Second Language Acquisition: K-12 Educational Implications **Credits: 3**
  - CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
  - CLD 3910 - Assessment of English Language Learners **Credits: 3**
  - CLD 3930 - Spanish Bilingual Education Theory and Research **Credits: 3**
  - CLD 3940 - Spanish Bilingual Language and Literacy Development **Credits: 3**
  - CLD 3950 - Spanish Bilingual Methods and Materials **Credits: 3**
  - LANG 4961 - Field Experience in Teaching World Languages in K-12 **Credits: 1**
- Total: 19

## ***Special Education Major, B.A.***

[Department of Special Education, Early Childhood and Culturally and Linguistically Diverse Education](#)

Available Program  
Format(s): [In-Person](#)

[School of Education](#)

## **About the Program**

The Special Education Major is a course of study that will prepare candidates to meet the educational needs of children and adolescents with mild to severe disabilities. The curriculum incorporates the current approved statewide standards for teachers in Colorado/Special Education Generalist, the Teacher Quality Standards, and the current Council for Exceptional Children (CEC) International Standards for the Preparation and Certification of Special Education Teachers. In addition to the special education core, all special education majors must complete a General Studies program as well as courses in elementary

and secondary education. The program's clinical foundation provides teacher candidates authentic opportunities to learn and apply best practices in a variety of classrooms for students with disabilities from kindergarten through high school.

Teacher candidates graduate with appropriate preparation for special education generalist licensure K-12.

The Generalist licensure exam must be passed prior to state licensure.

## Student Outcomes

The special education curriculum is organized into sequences of course work that provide candidates with guidance in program planning. They are comprised of course clusters that candidates may take in any order; however, it is suggested that students completed all courses in a sequence before moving on to the next sequence when possible. Students are highly encouraged to meet with a faculty advisor to discuss their class schedule.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 125 semester hours are required for graduation.
- A grade of "C-" or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1610 - Integrated Mathematics I
- Arts and Humanities (6 credits)
- **Recommended:** ARTE 2060 - The Arts and Creative Thinking
- **Recommended:** ENG 2460 - Introduction to Children's Literature
- Historical (3 credits)
- **Recommended:** HIS 1210 - American History to 1865 or HIS 1220 - American History since 1865
- Natural and Physical Sciences (6 credits)

- **Recommended:** SCI 2600 - Integrated Biology and Earth Science and SCI 2610 - Integrated Physical and Chemical Sciences
- Social and Behavioral Sciences (6 credits)
- **Recommended:** GEG 1000 - World Regional Geography
- **Recommended:** PSY 1800 - Developmental Educational Psychology
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Special Education Major Content Course

### Requirements: 15 credits

All special education majors must complete the following Content Course Requirements. These courses prepare candidates to pass the elementary content exam required of all special education candidates prior to recommendation for licensure. Most of these courses will also satisfy the general studies requirements noted in the General Studies section above.

Note: Up to 12 credits from this section may be counted toward the credit total for General Studies.

- MTH 1610 - Integrated Mathematics I **Credits:** 3
- MTH 2620 - Integrated Mathematics II **Credits:** 3
- PSY 1800 - Developmental Educational Psychology **Credits:** 3
- SCI 2600 - Integrated Biology and Earth Science **Credits:** 3
- SCI 2610 - Integrated Physical and Chemical Sciences **Credits:** 3

## Special Education Major Core:

The special education curriculum is organized into sequences of course work that provide candidates with guidance in program planning. They are comprised of course clusters that candidates may take in any order; however, it is suggested that students completed all courses in a sequence before moving on to the next sequence when possible. Students are highly encouraged to meet with a faculty advisor to discuss their class schedule.

## Sequence I Courses: 18 credits

- SED 2200 - Social Justice and Disability Issues for Educators **Credits: 3**
- SED 2700 - Social/Emotional Development and Disorders **Credits: 3**
- SED 3100 - Communication Supports for Inclusive Classrooms **Credits: 3**
- SED 3300 - Introduction to Responsive Pedagogy **Credits: 3**
- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**  
Take one of the following two courses:
- CLD 2890 - Second Language Acquisition: K-12 Educational Implications **Credits: 3**  
Or
- SLHS 2100 - Language Acquisition and Development **Credits: 3**

## Sequence II Courses: 16 credits

- SED 3050 - Assessment and Instructional Planning **Credits: 3**
- SED 3250 - Effective Behavioral Support Systems **Credits: 3**
- SED 3625 - Instructional Methods for Supporting Students with Disabilities **Credits: 3**
- SED 3650 - Understanding Special Education Law and the IEP **Credits: 3**
- SED 3820 - Elementary Literacy: Intervention and Instruction for Students with Diverse Learning Needs **Credits: 3**
- SED 3821 - Special Education Field Experience: Teaching Students with Mild/Moderate Disabilities **Credits: 1**

## Sequence III Courses: 17 credits

- EDU 3550 - Teaching Elementary School Science and Health **Credits: 3**
- EDU 3665 - Field Experience: Teaching Science, Health and Mathematics **Credits: 1**
- EDU 3666 - Teaching Elementary School Mathematics **Credits: 3**
- SED 3550 - Introduction to Inclusive Supports and Services for Students with Significant Needs **Credits: 3**
- SED 3950 - Mathematics Instruction for Students with Disabilities **Credits: 3**
- SED 4100 - Including Students with Significant Support Needs **Credits: 3**
- SED 4101 - Teaching Students with Significant Support Needs **Credits: 1**

## Sequence IV Course: 14 credits

- EDS 3210 - Classroom Management, Planning, and Assessment in Secondary Schools **Credits: 3**
- EDS 3240 - Field Experience: Classroom Management, Planning and Assessment in Secondary Schools **Credits: 1**
- SED 3675 - Transition Planning for Inclusive Adulthoods **Credits: 3**

- SED 4200 - Reading Disabilities and Content Instruction **Credits: 3**
- SED 4300 - Assessment and Methods for Emotional and Behavioral Disorders **Credits: 3**
- SED 4301 - Special Education Field Experience: Teaching Students with Emotional/Behavioral Disabilities **Credits: 1**

## Sequence V Courses: 12 credits

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- EDT 3010 - Integrating Educational Technology into Teaching **Credits: 3**
- SED 4440 - K-12 Practicum in Special Education **Credits: 3 or 6** (Special Education Majors are required to take SED 4440 for 6 credits.)

## Senior Experience: 12 credits

### Sequence VI Courses (Student Teaching)

Candidates must take 12 credits of student teaching, which may include either 12 credit hours of Special Education student teaching or 6 hours of Special Education and 6 hours of Elementary. Students who simultaneously complete the Culturally and Linguistically Diverse (CLD) Education endorsement will take 6 hours of special education and 6 hours of CLD student teaching. Students must consult with their advisor to identify the appropriate courses.

- CLD 4590 - Culturally and Linguistically Diverse: ESL Student Teaching and Seminar **Credits: 6**
- EDU 4190 - Elementary Student Teaching and Seminar: K-6 **Credits: 6,12**
- SED 4490 - Special Education Student Teaching and Seminar **Credits: 6 or 12**

## Summary of Requirements

General Studies Requirements	33 credits
ESSJ Requirement	0-3 credits
Content Course Requirements	15 credits
Major Course Requirements (Sequence I-V)	77 credits
Senior Experience	12 credits
<b>Total for the Special Education Major, B.A.</b>	<b>125 credits</b>

**Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.**

**Up to 12 of the 33 General Studies credits in this program may be fulfilled through requirements for the degree.**

## ***Special Education Minor (Non-Licensure)***

The minor in Special Education is designed to prepare teachers, physical educators, counselors, and professionals to work with individuals with exceptional needs in educational, therapeutic, and recreational settings. Candidates should understand that this 18 hour course of study fulfills MSU Denver's requirements for a minor, but it does not lead to licensure. A grade of C- or better is required for each course in this program to count toward the minor. Admission to the School of Education will be required to complete this minor. Visit the School of Education website for more information.

### **Special Education Minor Courses:**

- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**

**PLUS a minimum of 15 hours selected in consultation with a Special Education advisor, from the following courses:**

- SED 2200 - Social Justice and Disability Issues for Educators **Credits: 3**
- SED 2700 - Social/Emotional Development and Disorders **Credits: 3**
- SED 3050 - Assessment and Instructional Planning **Credits: 3**
- SED 3250 - Effective Behavioral Support Systems **Credits: 3**
- SED 3550 - Introduction to Inclusive Supports and Services for Students with Significant Needs **Credits: 3**
- SED 3625 - Instructional Methods for Supporting Students with Disabilities **Credits: 3**
- SED 3650 - Understanding Special Education Law and the IEP **Credits: 3**
- SED 3675 - Transition Planning for Inclusive Adulthoods **Credits: 3**
- SED 3820 - Elementary Literacy: Intervention and Instruction for Students with Diverse Learning Needs **Credits: 3**
- SED 3950 - Mathematics Instruction for Students with Disabilities **Credits: 3**
- SED 4200 - Reading Disabilities and Content Instruction **Credits: 3**
- SED 4300 - Assessment and Methods for Emotional and Behavioral Disorders **Credits: 3**

**Total for Minor: 18**

## ***Special Education Post-Baccalaureate Licensure Program***

MSU Denver's post-baccalaureate licensure program in Special Education provides candidates with a case-based curriculum designed to prepare candidates to meet the needs of children and adolescents with mild to severe disabilities. This professional education sequence provides content that emphasizes developing effective decision-making in diverse contexts and leads to a Special Education Generalist license. Candidates who do not have a baccalaureate degree should pursue the Special Education undergraduate major. All candidates who enroll in the post-baccalaureate licensure program for Special Education Generalist must have an education psychology and math content prerequisite course. Candidates must see their special education advisors at least twice a year for information regarding program planning. The Generalist licensure exam must be passed prior to state licensure. All courses must have a grade of C- or better in order to count toward the Special Education Post-Bac program.

### **General Course Requirements: 6 credits**

- PSY 1800 - Developmental Educational Psychology **Credits: 3**
- MTH 1610 - Integrated Mathematics I **Credits: 3**

### **Sequence I Courses: 6 credits**

- SED 3600 - Exceptional Learners in the Classroom **Credits: 3**
- SED 3650 - Understanding Special Education Law and the IEP **Credits: 3**

### **Sequence II Courses: 19 credits**

- CLD 3510 - Perspectives in Education for Culturally and Linguistically Diverse Learners **Credits: 3**
- SED 3550 - Introduction to Inclusive Supports and Services for Students with Significant Needs **Credits: 3**
- SED 3625 - Instructional Methods for Supporting Students with Disabilities **Credits: 3**
- SED 3675 - Transition Planning for Inclusive Adulthoods **Credits: 3**
- SED 3820 - Elementary Literacy: Intervention and Instruction for Students with Diverse Learning Needs **Credits: 3**
- SED 3821 - Special Education Field Experience: Teaching Students with Mild/Moderate Disabilities **Credits: 1**
- SED 3950 - Mathematics Instruction for Students with Disabilities **Credits: 3**

### **Sequence III Courses: 17 credits**

- SED 3050 - Assessment and Instructional Planning **Credits: 3**
- SED 4200 - Reading Disabilities and Content Instruction **Credits: 3**
- SED 3250 - Effective Behavioral Support Systems **Credits: 3**
- SED 4100 - Including Students with Significant Support Needs **Credits: 3**
- SED 4101 - Teaching Students with Significant Support Needs **Credits: 1**

- SED 4300 - Assessment and Methods for Emotional and Behavioral Disorders **Credits:** 3
- SED 4301 - Special Education Field Experience: Teaching Students with Emotional/Behavioral Disabilities **Credits:** 1

## Sequence IV Course: 3 credits

- SED 4440 - K-12 Practicum in Special Education **Credits:** 3 or 6

## Sequence V Courses: 12 credits

- SED 4490 - Special Education Student Teaching and Seminar **Credits:** 6 or 12

## Totals

General Course Requirements: 6 credits  
 Licensure Total: 57 credits  
 Grand Total: 63 credits

## *Special Education Undergraduate Added Endorsement Program*

The Special Education Added Endorsement program prepares students to become highly effective and culturally responsive teachers of students with disabilities in K-12 settings. This Special Education Generalist (K-12) added endorsement program is for licensed or pre-service teachers interested in taking undergraduate coursework leading to an added endorsement in special education on their Colorado teaching license. Students seeking an endorsement in special education must either be accepted to a School of Education teacher licensure program OR hold a valid teaching license in Colorado. Upon successful completion of this added endorsement program, candidates will be recommended for added endorsement in Special Education through the Colorado Department of Education.

## Required Courses

These are the courses we require for recommendation to the state for added endorsement in Special Education (Generalist K-12).

- SED 3050 - Assessment and Instructional Planning **Credits:** 3
- SED 3100 - Communication Supports for Inclusive Classrooms **Credits:** 3
- SED 3250 - Effective Behavioral Support Systems **Credits:** 3
- SED 3600 - Exceptional Learners in the Classroom **Credits:** 3
- SED 3625 - Instructional Methods for Supporting Students with Disabilities **Credits:** 3
- SED 3650 - Understanding Special Education Law and the IEP **Credits:** 3
- SED 3675 - Transition Planning for Inclusive Adulthoods **Credits:** 3

- SED 3820 - Elementary Literacy: Intervention and Instruction for Students with Diverse Learning Needs **Credits:** 3
- SED 3950 - Mathematics Instruction for Students with Disabilities **Credits:** 3

## Recommended Courses

These are additional courses that are recommended to provide students with a deeper understanding of special education content and instruction and to give students opportunities to take field experience working with individuals who have disabilities. These courses do not fulfill the Colorado Department of Education added special education endorsement requirements.

- SED 3300 - Introduction to Responsive Pedagogy **Credits:** 3
- SED 3821 - Special Education Field Experience: Teaching Students with Mild/Moderate Disabilities **Credits:** 1
- SED 4200 - Reading Disabilities and Content Instruction **Credits:** 3
- SED 4300 - Assessment and Methods for Emotional and Behavioral Disorders **Credits:** 3

## Alternative Licensure Teacher Preparation Programs

### *One Year General Education - ALP*

MSU Denver offers a third alternative pathway to regular education elementary and secondary licensure. This Colorado Department of Education-approved, One-year Alternative Licensure Program (ALP 1) has been created to assist candidates with at least two years of contractual instructional experience. This program is based on the Colorado Teacher Quality Standards for teachers. All ALP 1 candidates must attend a summer training module and create a teaching portfolio documenting proficiency on approximately half of the Colorado Teacher Quality Standards for teachers based upon their previous contracted teaching experiences. Each candidate's portfolio is then reviewed by the ALP portfolio committee, and an Individual Training Plan (ITP) is created, which identifies which standards were addressed successfully in the ALP 1 candidate's portfolio and which standards must be addressed via ALP-1 assignments and classroom observations during the coming academic year.

After being hired by a Front Range-school district, charter school, or accredited private school, ALP candidates must enroll in the Alternative Licensure Program at MSU Denver. The Alternative Licensure Program is designed to be completed in one school year, during which each candidate will work as both a full-time teacher and full-time student.

The candidate earns 25 credit hours by attending MSU Denver seminar courses. Additionally, each candidate is responsible for completing the individualized training plan (ITP) in one year. By the end of the year, having completed all program requirements, the candidate will be recommended for an initial license by MSU

Denver. College credit received for participating in the ALP is not interchangeable with the existing traditional licensure program curriculum and credit. Candidates must successfully complete the entire year to receive any college credit for the program and MSU Denver's recommendation for licensure.

To participate in ALP 1, all candidates must:

- Have an Alternative License pending employment/program status from the Colorado Department of Education (CDE).

AND

- Have a full time teaching job in the same content as the Alternative License in a front range school district or charter school

To get an Alternative License, the candidate must:

- Submit the alternative license application to the CDE and include transcripts from a regionally-accredited college or university, showing a Baccalaureate degree.
- Pass a Colorado Bureau of Investigation fingerprint check.

AND

- Elementary teachers must pass the Praxis II (5001) Elementary Education content exam.
- ECE teachers must pass the PRAXIS II (5024) Early Childhood exam (ages birth through 8 years old) OR the PRAXIS II (5001) Elementary Education content exam OR have the 24 semester hours of required content specific coursework shown on the transcript(s).
- Secondary teachers must either pass the Praxis II content test OR have the 24 semester hours of required content specific coursework shown on the transcript(s).

In addition, all ALP 1 candidates will be required to:

- Verify two years of contractual instructional teaching experience in their content area.
- Demonstrate proficiency on approximately half of the Teacher Quality Standards for Teachers by means of a portfolio.

Please call 303-615-0013 for further information about the program or visit the Alternative Licensure Program website: [msudenver.edu/alp](http://msudenver.edu/alp).

## Required Courses: 25 credits

- ALP 4491 - Alternative Licensure Program I **Credits:** 10
- ALP 4492 - Alternative Licensure Program II **Credits:** 15

## *Two Year General Education - ALP*

One alternative pathway to regular education elementary and secondary licensure at MSU Denver is the Colorado Department of Education-approved, Two-year Alternative Licensure Program. After being hired by a metro Denver public school district, charter school, or accredited private school, ALP candidates must enroll in the AL program. The program requires an intensive orientation before school starts, weekly classes for two semesters, submission of a portfolio/teacher work sample and extensive ongoing coaching and mentoring throughout the first two years of teaching.

ALP candidates earn 30 semester credit hours by participating in intensive coursework through weekly instruction designed to build the skills and knowledge necessary to effectively teach and successfully manage a classroom along with classroom mentoring and coaching by master teachers and ALP faculty. At the end of the second year, the ALP staff will consult to determine if the candidate has successfully completed all program requirements and should be recommended for a Colorado teacher's license. College credit received for participation in ALP is not interchangeable with the existing traditional licensure program curriculum and credit.

To participate in ALP 2, all candidates must:

- Have an Alternative License pending employment/program status from the Colorado Department of Education (CDE).

AND

- Have a full time teaching job in the same content as the Alternative License in a front range school district or charter school.

To get an Alternative License, the candidate must:

- Submit the alternative pathway application to the CDE, and include transcripts from a regionally-accredited college or university showing a baccalaureate degree.
- Pass a Colorado Bureau of Investigation fingerprint check.

AND

- Elementary teachers must pass the Praxis II (5004) Elementary Education content exam.
- ECE teachers must pass the PRAXIS II (5024) Early Childhood exam (ages birth through 8 years old) OR the PRAXIS II (5001) Elementary Education content exam OR have the 24 semester hours of required content specific coursework shown on the transcript(s).
- Secondary teachers must pass the Praxis II content exam OR have the 24 semester hours of required content specific coursework shown on the transcript(s).

## Year 1

### Required Courses: 30 credits

- ALP 4493 - Educational Theory and Methods **Credits:** 10
- ALP 4494 - Advanced Field Experience **Credits:** 20

## Year 2

During the second year of the ALP 2 program, candidates will work with their MSU Denver coach to complete and document all the standards and elements found in the Colorado Teacher Quality Standards for Teachers via artifacts, observations, and a portfolio which includes a teacher work sample. After successfully demonstrating proficiency on all Colorado Teacher Quality Standards during year two of the program, the employing school/district and the ALP staff will consult to determine if the candidate has successfully completed all program requirements and should be recommended for a Colorado teacher's license.

Call 303-615-0013 for more information about the program or visit the website, [msudenver.edu/alp](http://msudenver.edu/alp).

## ***Special Education - ALP***

The Alternative Licensure Program Special Education is an Alternative Licensure Program that provides an alternative pathway to K-12 licensure as a Special Education Generalist. Courses required for this program are the same as those required for the post-baccalaureate licensure program for Special Education Generalist.

To enroll in ALP SED, candidates must:

- Have an Alternative License pending employment/program status from the Colorado Department of Education (CDE).

AND

- Have a full-time special education teaching job in a Front Range school district or charter school.

To get an Alternative License, the candidate must:

- Submit the alternative pathway application to the CDE and include transcripts from a regionally-accredited college or university, showing a baccalaureate degree.
- Pass a Colorado Bureau of Investigation fingerprint check.

AND

- Pass the Praxis II (5001) Elementary Education Content Exam.

The program requires an intensive orientation before school begins, weekly classes for four semesters, and a four-week practicum during the summer between years one and two.

At the end of the second year, the ALP SED staff will consult to determine if the candidate has successfully completed all program

requirements and should be recommended for a Colorado teacher's license.

Please call 303-615-0013 for further information about the program, or visit the Alternative Licensure Program website: [msudenver.edu/alp](http://msudenver.edu/alp).

## **Required Courses: 48 credits**

- ALP 2200 - Diversity and Multicultural Education **Credits: 3**
- ALP 3600 - Exceptional Learners in the Classroom **Credits: 3**
- ALP 4050 - Assessment and Instructional Planning **Credits: 3**
- ALP 4250 - Effective Behavioral Support Systems **Credits: 3**
  
- ALP 3650 - Individualized Education and Curriculum **Credits: 3**
- ALP 3675 - Transition Planning and Instruction **Credits: 3**
- ALP 3820 - Elements of Literacy Instruction for Students with Disabilities **Credits: 3**
- ALP 3950 - Mathematics Instruction for Students with Disabilities **Credits: 3**
- ALP 4200 - Reading Disabilities and Content Instruction **Credits: 3**
  
- ALP 4440 - K-12 Practicum in Special Education **Credits: 3**
  
- ALP 3750 - Assessment, Methods, and Assistive Technology for Severe Disabilities **Credits: 3**
- ALP 4300 - Assessment and Methods for Emotional and Behavioral Disorders **Credits: 3**
  
- ALP 4490 - Special Education Student Teaching and Seminar **Credits: 12**

# School of Hospitality

The School of Hospitality is uniquely situated in the center of downtown Denver's hospitality industry.

Our programs are specifically designed to give you innovative leadership skills, arm you with the latest technology, and effectively educate you. When you graduate from our program, you can be confident you will be well prepared to start your career in the hospitality industry.

Our program is ever-changing to meet the student's needs. We are continuing to add online courses, as well as weekend and night courses. Our faculty have years of actual experience and they continue to be an active part of the hospitality industry.

Our mission is to cultivate a community of learning that prepares students for leadership roles, addressing local and global opportunities in the Hospitality Industry.

Our shared values reflect a foundation of respect for the leadership skills necessary for our graduates to provide a quality hospitality experience for customers, balanced with respect for ourselves, our resources, and the effect of our decisions on the environment, our diverse teams, and the community to which we serve.

Our vision is to provide Relevant, Open-minded, Global, Unconventional Education. Go ROGUE with us.

## Rita and Navin Dimond Department of Hotel Management

Location: Hospitality Learning Center, Room 209

Phone: 303-615-1616

E-Mail: [schoolofhospitality@msudenver.edu](mailto:schoolofhospitality@msudenver.edu)

Website: [Rita and Navin Dimond Department of Hotel Management Department Website](#)

**The Rita and Navin Dimond Department of Hotel Management prepares** students for operations and management positions in various segments of the hospitality industry. Named for the founders and owners of Stonebridge Companies, one of the nation's leading development and hospitality management companies, the Rita and Navin Dimond Department of Hotel Management reflects the weight of the Dimonds' esteemed reputation through a shared commitment to excellence and a passion for fostering future hospitality leaders.

## *Airport Hospitality Management Certificate*

The Airport Hospitality Management Certificate at MSU Denver focuses upon the management of Airport facilities that include hospitality outlets. To be awarded the Airport Hospitality Management Certificate, students must complete the Airport Hospitality Operations Certificate. The combination of both the operational and management levels of Airport Operations address the industry's need for professionals who can manage the complexities of food, beverage, lodging, and event services within an airport setting.

A grade of "C" or above is required in all courses to be awarded the Airport Hospitality Management Certificate.

## Required Courses: 22 credits

Core content courses in hospitality management for the Airport Hospitality Management Certificate program. The core is supplemented by an applied field experience, and advanced airport planning or internship course.

- EVT 2020 - Event Project Planning **Credits: 3**
- HLDR 2200 - Quality Service Leadership **Credits: 3**
- HLDR 3200 - Talent Leadership **Credits: 3**
- HLDR 3600 - Organizational Leadership for Hospitality **Credits: 3**
- HLDR 4000 - Cost Control for Hospitality and Tourism **Credits: 3**
- RST 4100 - Applied Foodservice Operations **Credits: 4**

Choose one of the following three credit courses:

- AES 3980 - Internship in Aviation and Aerospace Science **Credits: 1-15**
- AES 4210 - Airport Planning and Management II **Credits: 3**
- HLDR 3980 - Internship in Hospitality **Credits: 3**

## Total for Certificate: 22 credits

Notes:

- The Airport Hospitality Operations Certificate is a required prerequisite for the Airport Hospitality Management Certificate.
- The minimum passing grade of C is required in all courses to receive the Airport Hospitality Management Certificate.

## *Airport Hospitality Operations Certificate*

The Airport Hospitality Operations Certificate at MSU Denver integrates the expertise of Airport Management with the dynamic field of Hospitality Operations. The coursework within the certificate, focuses upon the skill set of Food, Beverage, Lodging, and Event Operations within an airport setting. The certificate program addresses the industry's need for professionals who can coordinate the complexities of hospitality operations to provide an innovative and unique airport experience.

A grade of "C" or above in all courses is required to award the Airport Hospitality Operations Certificate.

## Required Courses: 22 credits

The following courses are required to receive the Airport Hospitality Operations Certificate (22 credits). A minimum grade of C or above is required in all courses to be awarded the Airport Hospitality Operations Certificate.

Select either AES 1010 or AES 1100:

- AES 1010 - Introduction to Aviation and Aerospace Operations **Credits: 4**
- AES 1100 - Private Pilot Ground **Credits: 4**
- AES 4200 - Airport Planning and Management I **Credits: 3**
- BVG 2015 - Beverage Management Principles **Credits: 3**
- EVT 2010 - Introduction to The Event Industry **Credits: 3**
- HLDR 1000 - Introduction to Hospitality **Credits: 3**
- HLDR 3400 - Facilities Operations **Credits: 3**
- RST 1200 - Basic Cooking Skills **Credits: 3**

**Total Credits: 22**

## *Bar, Tap, and Tasting Room Manager Certificate*

The Bar, Tap, and Tasting Room Manager Certificate program provides an industry-relevant certificate of completion that demonstrates student completion of a broad range of financial and operational management courses. Students engage in the marketing, talent management, financial analysis, leadership, and legal requirements for a successful bar and beverage manager. The bar, tap, and tasting room industry remains one of the largest revenue generating sectors in the hospitality industry within Colorado, as well as in our national and global beverage production, sales, and service businesses.

The world-class facilities at MSU Denver, and the School of Hospitality include the Degree Restaurant and Bar, Tivoli Brewery and Tap House, Beverage Analytic Laboratory, Powered by Siebel, the Springhill Suites Downtown, Sensory Analysis Lab, Culinary Demonstration Theater, Food Laboratories, Wine Cellar Laboratory, Pilot Brewery, Fermentation Laboratory, and state of the art multi-media classrooms. The Bar, Tap, and Tasting Room Manager Certificate program assists non-degree and degree-seeking students in creating a pathway to a managerial career in the field. The Beverage Scholar Certificate is a required pre-requisite to the Bar, Tap, and Tasting Room Manager Certificate. A minimum passing grade of "C" or higher is required for all courses within the Bar, Tap, and Tasting Room Manager Certificate program.

## Bar, Tap and Tasting Room Manager Certificate Required Core

Core Courses within the Bar and Beverage Manager Certificate

- BVG 2015 - Beverage Management Principles **Credits: 3**
- HLDR 2200 - Quality Service Leadership **Credits: 3**
- HLDR 3950 - Product and Service Promotion for Hospitality **Credits: 3**
- HLDR 4000 - Cost Control for Hospitality and Tourism **Credits: 3**
- ACC 3120 - Financial Leadership for Hospitality **Credits: 3**
- or
- HLDR 3250 - Managerial Accounting for Hospitality **Credits: 3**

## Bar, Tap, and Tasting Room Manager Certificate Electives

Choose six credits from the following elective courses:

- BVG 1910 - Introduction to Homebrewing and Fermentation **Credits: 3**
- BVG 3220 - Beer and Food **Credits: 3**
- BVG 3683 - Beer and Spirits **Credits: 3**
- BVG 4633 - Wine and Food **Credits: 3**
- BVG 4950 - Enology: The Making of Wine **Credits: 3**

**Total Credits: 21**

## *Beverage Management Minor*

The courses in the core are required of all students, with a passing grade of a "C" or above.

## Required Courses

- BVG 2015 - Beverage Management Principles **Credits: 3**
- BVG 3010 - Beers of the World **Credits: 3**
- BVG 3613 - Wine Fundamentals **Credits: 3**
- BVG 3685 - Spirits and Mixology **Credits: 3**
- HLDR 3950 - Product and Service Promotion for Hospitality **Credits: 3**

Total Required Courses: 15

Select a total of 6 credits from the following courses (prerequisites may be required):

- BVG 3220 - Beer and Food **Credits: 3**
- BVG 3610 - Wines of the World: Variable Topics **Credits: 1 \***
- BVG 3683 - Beer and Spirits **Credits: 3**
- BVG 3750 - Alcohol Beverage Law **Credits: 3**
- BVG 4010 - Beer Styles and Service **Credits: 3**
- BVG 4633 - Wine and Food **Credits: 3**
- BVG 4950 - Enology: The Making of Wine **Credits: 3**

\*Note: BVG 3610, Wines of the World is a repeatable course, wherein students repeat the parent course (BVG

3610) as topical courses listed as, BVG 361A, BVG 361B, etc., for the desired amount of credits, maximum six credits.

**Total for Minor: 21 credits**

## *Beverage Scholar Certificate*

The Beverage Scholar Certificate program provides an industry-relevant certificate of completion that demonstrates student completion of a broad range of appreciation, production, and service of beverage courses in both alcoholic and non-alcoholic beverages, including, but not limited to, coffee, tea, beer, wine, spirits, kombucha, water, soju, sake, vermouths, bitters, and more. Students engage in their awareness of beverage styles and service through the process of sensory analysis, evaluation of beverage taste components, and measures of quality. The common industries that value beverage certifications include bars, restaurants, liquor stores, markets, tasting rooms, beverage producers, distributors, and education programs. The Beverage Scholar Certificate provides a strong foundation of beverage styles and service. It is the prerequisite program to the Bar, Tap, and Tasting Room Manager Certificate program, where students broaden their managerial skillset in the beverage industry. A minimum passing grade of "C" is required for all courses within the certificate. All courses in the Beverage Scholar Certificate are required, with no additional electives.

The School of Hospitality has existing partnerships with beverage organizations that provide credentials available to students, including, The Society of Wine Educators, National Restaurant Association, Cicerone, Master Brewers Association, and more. The world-class facilities at MSU Denver, and the School of Hospitality include the Degree Restaurant and Bar, Tivoli Brewery and Tap House, Beverage Analytics Laboratory, Powered by Siebel, the Springhill Suites Downtown, Sensory Analysis Lab, Culinary Demonstration Theater, Food Laboratories, Wine Cellar Laboratory, Pilot Brewery, Fermentation Laboratory, and state of the art multi-media classrooms.

## Beverage Scholar Certificate Core

Required courses in the Beverage Scholar Certificate

- BVG 3010 - Beers of the World **Credits:** 3
- BVG 3613 - Wine Fundamentals **Credits:** 3
- BVG 4010 - Beer Styles and Service **Credits:** 3
- BVG 3610 - Wines of the World: Variable Topics **Credits:** 1  
Note: BVG 3610, Wines of the World is a repeatable course, wherein students repeat the parent course (BVG 3610) as topical courses listed as, BVG 361A, BVG 361B, etc. until the six required credits are completed for the certificate.
- BVG 3685 - Spirits and Mixology **Credits:** 3  
or
- BVG 3683 - Beer and Spirits **Credits:** 3

**Total Credits: 18**

## *Brewery Operations Major, B.S.*

[School of Hospitality](#)

[Rita and Navin Dimond Department  
of Hotel Management](#)

Available Program  
Format(s): [In-Person](#)

### About the Program

Program Slogan: "Crafting Leaders in the Beer Industry!"

The Bachelor of Science in Brewery Operations is designed for students and professionals looking to break into or further their career within the competitive beer and brewing industry. Created for those wishing to have baccalaureate level training and for those looking to gain vital credentials and certifications, this degree will prepare them for the challenges they will face once they are employed in the beer world. Brewery professionals are involved in the operations, management, creation and analysis of beer in a brewery setting. The Bachelor of Science degree program in Brewery Operations provides a broad foundation in: 1) practical understanding and implementation of the brewing process, equipment, maintenance, and safety within the physical plant as well as through understanding and the ingredients of beer, 2) chemical and biological analysis and improvement of beer, 3) brewery management and operations, 4) serving and hospitality in the beer world, 5) packaging techniques, 6) draft quality and system design, 7) professional applications of theoretical knowledge. The program is one of the only bachelor degrees related specifically to beer and the brewing industry in the world.

It is particularly unique because it is an expansive course of study based out of the School of Hospitality, Events, and Tourism and is not exclusively a food science degree.

### Student Outcomes

- Develop a range of leadership skills and abilities to succeed in the beer industry, including resourceful and ethical decision making, team interaction skills, and critical & reflective thinking skills within the larger hospitality industry.
- Implement beer production and distribution principles within the increasingly diverse beer industry environment.
- Formulate and apply strategies and techniques to enhance abilities within the scientific and technical realm of the brewing industry.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- **Recommended:** MTH 1109 - College Algebra Stretch, Part II or MTH 1110 - College Algebra for Calculus or MTH 1111 - College Algebra for Calculus with Laboratory or MTH 1112 - College Algebra Through Modeling or MTH 1210 - Introduction to Statistics
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- **Recommended:** Many courses in the Science requirement for the degree can fulfill this requirement.
- Social and Behavioral Sciences (6 credits)
- **Recommended:** ECO 2010 - Principles of Macroeconomics and ECO 2020 - Principles of Microeconomics (required in the major)
- Global Diversity (0 or 3 credits\*\*)
- **Recommended:** GEG 1910 - Global Water Concerns

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and humanities; historical; natural and physical sciences; or social and behavioral sciences.*

## Ethnic Studies & Social Justice Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## Science Courses: 23 credits

- BIO 1080 - General Biology I **Credits:** 3
- BIO 1081 - General Biology II **Credits:** 3
- BIO 1090 - General Biology Laboratory I **Credits:** 1

- BIO 1091 - General Biology Laboratory II **Credits:** 1
- BIO 2400 - General Microbiology **Credits:** 5
- CHE 1100 - Principles of Chemistry **Credits:** 4
- CHE 1150 - Principles of Chemistry Laboratory **Credits:** 1
- CHE 2100 - Introduction to Organic and Biological Chemistry **Credits:** 4
- CHE 2150 - Introduction to Organic and Biological Chemistry Laboratory **Credits:** 1

## Major Core Courses: 42 credits

- ACC 3120 - Financial Leadership for Hospitality **Credits:** 3
- BVG 2350 - Brewery Mechanics **Credits:** 3
- BVG 3010 - Beers of the World **Credits:** 3
- BVG 3350 - Brewery Operations **Credits:** 3
- BVG 3750 - Alcohol Beverage Law **Credits:** 3
- BVG 3810 - Sensory Quality Analysis of Beer **Credits:** 3
- BVG 4010 - Beer Styles and Service **Credits:** 3
- BVG 4220 - Brewing Fermentation **Credits:** 3
- BVG 4350 - Brewing Science and Technology **Credits:** 3
- BVG 4810 - Brewing Quality Analysis **Credits:** 3
- ECO 2010 - Principles of Macroeconomics **Credits:** 3
- ECO 2020 - Principles of Microeconomics **Credits:** 3
- HLDR 4000 - Cost Control for Hospitality and Tourism **Credits:** 3
- PHI 3360 - Business Ethics **Credits:** 3

## Major Electives: 9 credits

Select 3 courses

- BVG 3220 - Beer and Food **Credits:** 3

- HLDR 3600 - Organizational Leadership for Hospitality **Credits:** 3
- HLDR 3980 - Internship in Hospitality **Credits:** 3
- HLDR 4400 - Strategic Management for Hospitality **Credits:** 3

## Senior Experience: 3 credits

- BVG 4850 - Applied Brewing Operations **Credits:** 3

## Summary of Requirements

General Studies Requirements	33 credits
------------------------------	------------

ESSJ Requirement	0-3 credits
Science Courses	23 credits
Major Requirements	42 credits
Major Electives	9 credits
Senior Experience	3 credits
Unrestricted Electives	7-25 credits
<b>Total Credits for the Brewery Operations Major, B.S.</b>	<b>120 credits</b>

Required courses for the major may also count for General Studies and ESSJ requirements, so the total credits listed may be greater than the number required to complete the degree. Therefore, it is important that you work with your advisor to make sure you are meeting requirements for your degree.

## ***Cannabis Hospitality Manager Certificate***

The Cannabis Hospitality Manager Certificate program is an industry-focused program designed to equip aspiring professionals with the knowledge, skills, and expertise needed to excel in the rapidly growing field of cannabis operations and hospitality. This program covers a wide range of topics, from regulatory compliance and safety to customer service responsible vending, global economic impact, food preparation, and hospitality events, all tailored to the unique needs and challenges of the cannabis industry. Graduates of the program are better prepared to manage cannabis-friendly hotels, restaurants, events, and other hospitality-related businesses.

The Cannabis Hospitality Specialist Certificate is a prerequisite and required prior to the award of the Cannabis Hospitality Manager Certificate. A minimum passing grade of "C" is required for all courses within the certificate. There are no elective courses required for the Cannabis Hospitality Manager Certificate.

### **Certificate Core**

All courses within the Cannabis Hospitality Manager Certificate Core are required. There are no electives and a minimum passing grade of C is required in each course.

- HLDR 2140 - Cannabis in the Global Economy **Credits: 3**
- HLDR 3200 - Talent Leadership **Credits: 3**
- HLDR 3250 - Managerial Accounting for Hospitality **Credits: 3**
- HLDR 3300 - Hospitality Marketing and Sales **Credits: 3**
- HLDR 3420 - Laws and Regulation in the Cannabis Industry **Credits: 3**

**Total for Certificate: 15 credits**

## ***Cannabis Hospitality Specialist Certificate***

The Cannabis Hospitality Specialist Certificate is a comprehensive training program for entry-level professionals seeking to excel in the rapidly growing cannabis hospitality industry. The program focuses on developing the knowledge and skills necessary to provide exceptional service in cannabis-related businesses, including dispensaries, cannabis-infused product manufacturers, event spaces, and other hospitality-focused enterprises. Students will gain a thorough understanding of the various aspects of cannabis, legal requirements, and customer service best practices to ensure a safe and enjoyable experience for consumers. The Cannabis Hospitality Specialist Certificate provides a strong foundation for cannabis hospitality operations. It is the prerequisite for the Cannabis Hospitality Manager Certificate program, where students broaden their managerial skillset in the cannabis industry. The minimum passing grade is a "C" for all courses within the certificate.

### **Certificate Core**

All courses within the Cannabis Hospitality Specialist Certificate Core are required. There are no electives and a minimum passing grade of C is required in each course.

- HLDR 1200 - Cannabis 101 for Hospitality **Credits: 3**
- HLDR 2200 - Quality Service Leadership **Credits: 3**
- HLDR 2201 - Intoxication and Responsible Vending in Hospitality **Credits: 3**
- HLDR 3950 - Product and Service Promotion for Hospitality **Credits: 3**
- RST 2420 - Cannabis in the Kitchen **Credits: 3**

**Total for Certificate: 15 credits**

## ***Culinary Arts Certificate***

The Culinary Arts Certificate at Metropolitan State University of Denver provides advanced knowledge and skills needed to succeed personally and professionally in the kitchen. This certificate gives the student a career advantage in all aspects of food service, including, healthcare, restaurants and school nutrition. Students complete 18 credit hours in classes related to food production and culinary arts.

Students must be accepted to the University and take courses for credit. The cost of the program is the same as undergraduate tuition for degree-seeking students. Students with similar courses in their prior experience may request that courses be transferred to meet part of the certificate requirements.

### **Admission and Graduation Requirements**

This certificate program is open to all undergraduate, degree-seeking students and to non-degree seeking students. To be awarded the

program certificate, the student must meet the following requirements:

- Review the certificate program plan with an advisor prior to or after enrollment.
- Earn at least a "C" or better in each of the certificate courses.
- No more than 40% of required courses can be fulfilled through transfer credits. At least 60% of required courses in the certificate must be completed at MSU Denver.

#### **Advising and Contact Information**

Individuals interested in this certificate program should contact the Academic Advisor at the School of Hospitality at 303-615-1616 or [schoolofhospitality@msudenver.edu](mailto:schoolofhospitality@msudenver.edu) to schedule an appointment for an advising session.

## Required Courses

A total of 18 credit hours is required for this certificate. All courses must be completed with a grade of "C" or better.

- RST 1200 - Basic Cooking Skills **Credits: 3**
- RST 2500 - Basic Baking Skills **Credits: 3**

## Electives

In addition to the two required courses, students must complete 12 hours of electives, chosen from the list below.

- BVG 3220 - Beer and Food **Credits: 3**
- BVG 4633 - Wine and Food **Credits: 3**
- RST 2200 - Foodservice Management Fundamentals **Credits: 4**
- RST 2550 - Food Preparation and Science **Credits: 3**
- NUT 3110 - Food Science **Credits: 3**
- RST 3110 - Food Science Laboratory **Credits: 1**
- RST 3530 - Healthy International Cooking **Credits: 3**
- RST 3350 - International Cooking: Variable Topics **Credits: 1-3**
- RST 3540 - Baking and Pastry **Credits: 3**
- RST 3875 - Food Preservation Techniques **Credits: 3**
- RST 3920 - Plant-Based Cooking **Credits: 3**
- RST 3950 - Healthy Lifestyle Cooking: Variable Topics **Credits: 1-3**
- UA 2735 - Urban Vegetable Farming **Credits: 3**
- RST 3905 - Farm to Table Sustainability **Credits: 3**

**Total Credits: 18**

## *Culinary Nutrition Certificate*

The Culinary Nutrition Certificate at the Metropolitan State University of Denver provides the opportunity for students to explore and master skills and knowledge related to the intersection of food, cooking, and nutrition. Students that complete the Culinary Nutrition Certificate may work in a variety of settings that focus on wellness

and nutrition while emphasizing the importance of culinary and food skills in a healthy lifestyle. Students complete classes in nutrition, food science, and a variety of healthy cooking techniques.

Students must be accepted to the university and take courses for credit. Students with similar courses in their prior experience may request that courses be transferred to meet part of the certificate requirements.

#### **Admission and Graduation Requirements**

This certificate program is open to all undergraduate, degree-seeking students and non-degree seeking students. To be awarded the program certificate, the student must meet the following requirements:

- Review the certificate program plan with an advisor prior to or after enrollment.
- Earn at least a "C" or better in each of the certificate courses.
- No more than 40% of required courses can be fulfilled through transfer credits. At least 60% of required courses in the certificate must be completed at MSU Denver.

#### **Advising and Contact Information**

Individuals interested in this certificate program should contact the Academic Advisor at the School of Hospitality at 303-615-1616 or [schoolofhospitality@msudenver.edu](mailto:schoolofhospitality@msudenver.edu) to schedule an appointment for an advising session.

## Required Courses

A total of 20 credit hours is required for this certificate, 17 hours of required courses and 3 hours of elective courses. All courses must be completed with a grade of "C" or better.

- NUT 2040 - Introduction to Nutrition **Credits: 3**
- NUT 3110 - Food Science **Credits: 3**
- NUT 3820 - Plant Based Nutrition **Credits: 1**
- RST 1200 - Basic Cooking Skills **Credits: 3**
- RST 3110 - Food Science Laboratory **Credits: 1**
- RST 3920 - Plant-Based Cooking **Credits: 3**
- RST 3950 - Healthy Lifestyle Cooking: Variable Topics **Credits: 1-3** (students must complete a total of 3 credits)

## Elective Courses

Students must complete 3 hours of elective courses, chosen from the list below.

- BVG 1910 - Introduction to Homebrewing and Fermentation **Credits: 3**
- NUT 3200 - Nutrition and Sports Performance **Credits: 3**
- NUT 3400 - Nutrition and Weight Management **Credits: 3**
- NUT 3850 - Nutrition and Chronic Disease **Credits: 3**
- RST 2500 - Basic Baking Skills **Credits: 3**
- RST 3350 - International Cooking: Variable Topics **Credits: 1-3** (students must complete a total of 3 credits)

- RST 3905 - Farm to Table Sustainability **Credits:** 3

**Total for Program: 20 credits**

## ***Event and Meeting Design Certificate***

The Event and Meeting Design Certificate at Metropolitan State University of Denver provides the opportunity for students to explore and master skills and knowledge related to the meeting and event industries including knowledge related to event design, site selection, stakeholder development, and risk management. Students who complete the Event and Meeting Design Certificate may work in a variety of roles in corporate events, expos, conventions, social events, governmental events, sports events, and association events. A grade of "C" or above is required in all courses within the program to be awarded the Event and Meeting Design Certificate.

Students must be accepted to the university and take courses for credit. Students with similar courses in their prior experience may request that courses be transferred to meet part of the certificate requirements.

**Required Courses: 15 credits**

- EVT 2010 - Introduction to The Event Industry **Credits:** 3
- EVT 2020 - Event Project Planning **Credits:** 3
- EVT 4020 - Event and Meeting Contracting **Credits:** 3
- EVT 4200 - Global Meetings and Events **Credits:** 3
- EVT 4300 - Event Design Experience and Strategy **Credits:** 3

**Total Credits: 15**

## ***Event and Meeting Management Major, B.S.***

[Rita and Navin Dimond Department  
of Hotel Management](#)

[School of Hospitality](#)

Available Program  
Format(s): [In-Person](#)

### **About the Program**

The Bachelor of Science in Event and Meeting Management is designed for students seeking careers as event and meeting professionals. MSU Denver is one of only four programs in the country to offer a standalone baccalaureate degree in event and meeting management. The curriculum is based on the Meeting and Business Event Competency Standards (MBECS) by Meeting Professionals International. Meeting and Event Management is recognized by the U.S. Department of Labor as a specific business sector, distinct from Lodging and Tourism. This degree prepares students for a variety of career paths within this fast-growing

industry. The in-depth course of study examines the interrelated industry components of corporate events, conventions, trade shows, special events, and other specialty areas not routinely taught in other programs. Our highly experienced faculty are certified in teaching various areas of event and meeting management and maintain active participation in industry associations, advisory board, and committees.

### **Student Outcomes**

- Evaluate quality project management specific to diverse hospitality and event industries
- Apply business concepts relevant to hospitality and event management
- Employ skills relevant to the operational areas of hospitality and event management
- Demonstrate effective communication with global hospitality and event industries.

## **General Degree Requirements**

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## **Program Requirements**

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

## **General Studies Requirements: 33 credits**

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)
- Global Diversity (0 or 3 credits\*\*)

*\*\* Students will fulfill the global diversity requirement by taking an approved course within one of the following categories: arts and*

humanities; historical; natural and physical sciences; or social and behavioral sciences.

## Ethnic Studies & Social Justice

### Requirement: 0 or 3 credits

- Students should consult the Ethnic Studies & Social Justice Graduation Requirement for a list of courses that fulfill the ESSJ Requirement for degree completion.
- Many programs include courses that meet this requirement. Students should consult with their advisor to determine what program courses may fulfill this requirement.

## School of Hospitality Core Courses: 46 credits

Students will take 15 courses (46 credits) in the School of Hospitality curriculum.

- BVG 2015 - Beverage Management Principles **Credits: 3**
- EVT 2010 - Introduction to The Event Industry **Credits: 3**
- HLDR 1000 - Introduction to Hospitality **Credits: 3**
- HLDR 1040 - Hospitality and Tourism Technology **Credits: 3**
- HLDR 2200 - Quality Service Leadership **Credits: 3**
- HLDR 3200 - Talent Leadership **Credits: 3**
- HLDR 3250 - Managerial Accounting for Hospitality **Credits: 3**
- HLDR 3300 - Hospitality Marketing and Sales **Credits: 3**
- HLDR 3400 - Facilities Operations **Credits: 3**
- HLDR 3600 - Organizational Leadership for Hospitality **Credits: 3**
- HLDR 3980 - Internship in Hospitality **Credits: 3**
- HLDR 4100 - Hospitality Law and Risk Management **Credits: 3**
- HLDR 4340 - Hospitality Industry Analytics **Credits: 3**
- HTL 1010 - Hotel Industry Fundamentals **Credits: 3**
- RST 2200 - Foodservice Management Fundamentals **Credits: 4**

## Event and Meeting Management Major Courses: 18 credits

Students will take 6 courses (18 credits) in the School of Hospitality curriculum.

- EVT 3000 - Event Catering Strategies **Credits: 3**
- EVT 4020 - Event and Meeting Contracting **Credits: 3**
- EVT 4030 - Advanced Planning and Risk Management **Credits: 3**

## *Hotel Management Major, B.S.*

[Rita and Navin Dimond Department  
of Hotel Management](#)

[School of Hospitality](#)

Available Program  
Format(s): [In-Person](#)

## About the Program

The Bachelor of Science Degree in Hotel Management offers a diverse approach to meeting the educational needs of the lodging industry professional. Students are immersed in a rigorous academic environment that not only encourages both critical thinking at the management theory level, as well as applying such theory to formulate solutions to complex management problems. This diverse approach allows students to develop skill sets in human resources, property management, legal issues, marketing, accounting, revenue management, and strategic management, among others.

As part of this application-based approach to learning, the Marriott Springhill Suites Hotel provides a 'real-world' environment in which students delve into experiential learning modules. Here, students are given a unique opportunity to directly observe a major hotel's daily operation in several key departments.

Students are also given the opportunity to apply their accumulated learned knowledge in a senior-level capstone course that allows them to manage a lodging property in a real-time simulated environment. This educational approach ensures that our graduates enter the workforce with the specialized, well-rounded educational experience desired by the industry.

## Student Outcomes

- Possess a broad range of competencies in general lodging operations,
- Be able to confidently enter the lodging industry ready to make an impact
- Demonstrate sound management practices built upon a foundation of ethical standards and values.

## General Degree Requirements

To earn a degree, students must satisfy all requirements in each of the four areas below, in addition to their individual major requirements.

- [Degree and Certificate Requirements](#)
- [General Studies Requirements](#)
- [Ethnic Studies & Social Justice Graduation Requirement](#)
- [Senior Experience Graduation Requirements](#)

## Program Requirements

- A total of 120 semester hours are required for graduation.
- A grade of C or better is required for each course in this program to count toward the bachelor's degree. Students should note that programs differ in the minimum grade required.

- Maintain a grade point average of 2.5.

## General Studies Requirements: 33 credits

Students should consult the General Studies Requirements for a list of courses that fulfill the General Studies Requirements for degree completion.

- Written Communication (6 credits)
- Oral Communication (3 credits)
- Quantitative Literacy (3 credits)
- Arts and Humanities (6 credits)
- Historical (3 credits)
- Natural and Physical Sciences (6 credits)
- Social and Behavioral Sciences (6 credits)

## Sociology of Tourism Certificate

The Sociology of Tourism certificate program provides a solid foundation in the development of core skills in tourism, as well as a focus on applied knowledge in the field of sociology as it relates to tourism. The curriculum builds on providing students with higher-level skills to assume first-line, supervisory and management positions, in the evolving, fast-paced, and rewarding world of the hospitality and tourism industry. Sociology of tourism studies the development of community-based tourism that carries with it a high

level of bottom-up community support and participation. Students should consult with an advisor for assistance with certificate planning for specific careers after graduation. This is a certificate program, available to current students, post-baccalaureate students, or anyone in related industries seeking additional skills and training for career advancement. A grade of "C" or better is required for each course in this program to count toward the awarded certificate.

## Required Courses

- SOC 1010 - People, Power, and Progress **Credits:** 3
- SOC 1600 - Tourism and Society **Credits:** 3  
or
- TTM 1600 - Tourism and Society **Credits:** 3
- HLDR 3010 - Sustainable Hospitality and Tourism **Credits:** 3
- TTM 3200 - Itinerary Design **Credits:** 3

## Elective Courses

Select two of the courses below:

# Course Descriptions

This section of the *Catalog* includes course descriptions, listed alphabetically by discipline. The descriptions provide information on course numbers, titles, the level of instruction, credit, course sequence, content, and prerequisites as shown in the following example:

*CHE 2100 Introduction to Organic and Biological Chemistry*

*Credits: 5*

*Prerequisite: CHE 1100*

*Description: A study of the elements of organic and biological chemistry. This course satisfies requirements for nursing programs and other fields requiring a survey of organic and biological chemistry.*

The first two to four letters, called the course subject code, represent the area of study or discipline, e.g., CHE represents chemistry. The course number follows the course subject code, e.g., 2100. The first digit in a four-digit course number designates the level of instruction. Only courses numbered 1000 or above will be included in credits toward a degree. Courses with numbers up to and including 1999 are primarily for freshmen, 2000 through 2999 primarily for sophomores, 3000 through 3999 primarily for juniors, and 4000 through 4999 primarily for seniors. In general, students should not take courses above the level of their class (based upon semester hours earned), but they may do so at one level above if they have the specified prerequisites. In special cases, students may be permitted to take courses more than one level above that designated for their class if they obtain the permission of their advisor and of the faculty member teaching the course and if they meet the prerequisite requirements. Course descriptions provide a summary of the content of the course. If a prerequisite must be met before a student can register for a course, this information is listed above the course description. Attributes, such as Ethnic Studies & Social Justice, General Studies, or Guaranteed Transfer, are listed after the course description. A list of courses being offered in a given semester, instructors, class meeting times, and locations is described in the Class Schedule.

## Types of Courses

- **Regular courses** appear in this section of the University Catalog and are offered on a regular basis.
- **Independent study courses** provide students the opportunity to pursue in-depth study of a topic of special interest. Independent study courses are specified as 498\_ and include an alpha character in the course number. Independent study courses are published in the Class Schedule.
- **Special topics or omnibus courses** are temporary courses that are not listed in the Catalog. They may be used to pilot-test a course, present a special topic, or provide a unique, experiential-learning opportunity. Omnibus courses use a specified range of course numbers: 190\_, 290\_, 390\_, 490\_ and include an alpha character in the course number. Omnibus courses are published in the Class Schedule.

- **Variable topics courses** allow courses of varying titles under an overall theme or “umbrella” course. Variable topic courses include an alpha character in the course number and are published in the Class Schedule.

## Accounting

### ACC 1010 - Fundamentals of Accounting

**Credits:** 3

**Prerequisite(s):** ENG 1010 or ENG 1009 and General Studies Requirements for Quantitative Literacy

**Description:** This course introduces the basic concepts of financial, managerial and tax accounting needed to promote entrepreneurial efforts. The content focuses on accepted accounting methods and specific organizational skills required for business owners to record, analyze and present their financial information.

*Note:* Students who have previously taken ACC 1010 - Accounting for Non Business Majors may not also receive credit for ACC 1010 - Fundamentals of Accounting.

### ACC 1985 - Introduction to Business Careers Internship

**Credits:** 3

**Description:** Approved internships introduce the specific field of business as well as provide an opportunity to gain practical, hands-on professional work experience. Students will learn about the profession, explore related career paths, and increase professionalism.

*Note:* Internship must be approved by the department using the C2 Hub process.

**Cross Listed Course(s):** CIS 1985, ECO 1985, FIN 1985, MGT 1985, MKT 1985

### ACC 2010 - Principles of Accounting I

**Credits:** 3

**Prerequisite(s):** ENG 1020 or ENG 1021; and Completion of General Studies Quantitative Literacy Requirement

**Description:** This course introduces students to the role of accounting in society. The course focuses on financial accounting and reporting as tools to aid external decision making, financial analysis, and interpretation.

### ACC 2020 - Principles of Accounting II

**Credits:** 3

**Prerequisite(s):** ACC 2010; ENG 1020; Completion of General Studies requirements in Oral Communication and Quantitative Literacy

**Description:** This course introduces students to the role of managerial accounting information in business. The course focuses on cost controls, budgeting and preparing relevant financial information for decision making.

## ACC 3090 - Income Tax I

**Credits:** 3

**Prerequisite(s):** MTH 1110 or 1310 or 1400 with C- or better; ACC 2010 with a grade of D- or better; and junior standing or higher

**Description:** This course is a study of federal income tax laws with an emphasis on personal income taxation, including such topics as gross income, gains and losses and deductions.

## ACC 3100 - Income Tax II

**Credits:** 3

**Prerequisite(s):** ACC 2020 and ACC 3090 with a grade of C or better

**Description:** This course is a continuation of ACC 3090 with a comparative focus on the taxation of organizational tax entities, including partnerships, corporations and S-corporations.

## ACC 3110 - Volunteer Income Tax Assistance (VITA)

**Credits:** 3

**Prerequisite(s):** ACC 3090 with a C or better

**Description:** Students will have primary responsibility for operating a VITA site as a tax service. Students will prepare both federal and State of Colorado income tax returns. The focus will be on preparing returns for the elderly, disabled, foreign students and low income individuals. This course contains a service learning component.

*Note:* Some sections of this course may be taught as Service Learning.

## ACC 3120 - Financial Leadership for Hospitality

**Credits:** 3

**Description:** This course introduces students to basic accounting and financial principles related to the hospitality and tourism industry, with an emphasis on examining relevant data for informed leadership decisions. Students will improve their oral and written communication skills using financial terminology, data analysis, and ethical decision making.

## ACC 3130 - Accounting for Entrepreneurs

**Credits:** 3

**Description:** This course is designed for the serious entrepreneur looking to effectively and successfully manage their accounting, cash flow, bookkeeping, and tax obligations. The content focuses on the fundamentals of business accounting, financial statement preparation and analysis, understanding of business taxes, tax planning strategies, payroll management, budgeting and forecasting, cash flow management, reporting compliance, and accounting software utilization.

## ACC 3200 - Governmental Accounting

**Credits:** 3

**Prerequisite(s):** ACC 3510 with a grade of C or better

**Description:** This course is a study of generally accepted accounting principles and financial reporting used by state and local governmental units. This includes achieving an understanding of fund accounting and inclusion of budgets within the accounting systems. A study of accounting and financial reporting of colleges, hospitals, voluntary health and welfare organizations, and other not-for-profit institutions is included.

## ACC 3300 - Accounting Information Systems

**Credits:** 3

**Prerequisite(s):** ACC 2010 and CIS 2010 with grades of C or better; at least junior standing

**Description:** This course is a study of principles and current issues relating to the design, implementation, control and regulation of accounting information systems. Tools and technologies related to accounting systems and the place of accounting systems within the modern enterprise provide a focus for the course, which includes an introduction to accounting-related information technology (IT) audit issues.

## ACC 3400 - Cost Accounting

**Credits:** 3

**Prerequisite(s):** MTH 1110 or MTH 1310 or MTH 1400; ACC 2020 with a grade of C or better

**Description:** This course includes coverage of cost behavior relationships, job order and process costing systems, overhead allocation methods, budgeting and budget variance analysis, cost-volume profit relationships, and cost prediction for supporting management decision-making in service, sales, and manufacturing organizations. Computer applications are an integral part of this course.

## ACC 3510 - Intermediate Accounting I

**Credits:** 3

**Prerequisite(s):** MTH 1110 or MTH 1310 or MTH 1400; ACC 2010 with a grade of C or better; and junior standing

**Description:** This is the first course in Intermediate Accounting. The Intermediate Accounting courses are designed to teach the concepts and procedures underlying the measurement and reporting of financial information.

## ACC 3520 - Intermediate Accounting II

**Credits:** 3

**Prerequisite(s):** A grade of "C" or better in ACC 3510

**Description:** This course is a continuation of ACC 3510 and covers an in-depth study of basic accounting principles with an emphasis on stockholders' equity and special problems.

## ACC 3700 - Risk Assurance and Advisory I

**Credits:** 3

**Prerequisite(s):** ACC 1010 or ACC 2010 with a grade of "C" or better; at least junior standing

**Description:** Risk assurance and advisory professionals serve as internal consultants to organizations and their governing bodies by performing assurance and advisory engagements across all business processes and functions. This course introduces students to the risk assurance and advisory profession and the internal audit process. Topics include the corporate governance, risk management, internal control, the Institute of Internal Auditor's International Professional Practices Framework (IPPF), risk management, risk assurance tools and techniques, and conducting risk assurance and advisory engagements.

## ACC 3750 - International Accounting

**Credits:** 3

**Prerequisite(s):** ACC 3510 or FIN 3100 with a grade of C or better

**Description:** This course is a study of the impact on financial reporting and managerial decision-making due to the similarities and differences in accounting standards throughout the world. This course examines the history and development of accounting standards and reviews current topics which affect the comparison of global financial reporting.

## ACC 3980 - Internship in Accounting

**Credits:** 1-15

**Prerequisite(s):** Major in accounting; junior or senior status; permission of instructor

**Description:** Supervised by a faculty member within the major department, internships provide practical, hands-on experience in a professional field related to the major. Internship placements must be established prior to enrollment in this course in consultation with the Classroom to Career (C2) Hub.

*Internship requirements vary by department. For information and instructions on finding and enrolling in an internship, contact the Classroom to Career (C2) Hub at [c2hub@msudenver.edu](mailto:c2hub@msudenver.edu).*

*Note:* Variable Credit

## ACC 4200 - Auditing and Attestation

**Credits:** 3

**Prerequisite(s):** ACC 3510 with a grade of C or better

**Prerequisite(s) or Corequisite(s):** ACC 3520

**Description:** This course is an introduction to contemporary theory and practice of auditing and attestation. The course will acquaint the students with Generally Accepted Auditing and Attestation Standards (GAAS), professional ethics, internal control, objectives and procedures for audits and attestation, risk assessment, audit and attestation reports, legal liability, research methodology, and corporate governance. Concepts included are professionalism, independence, evidence, risk, control, and enhancement of reliability and relevance properties of attester's services.

## ACC 4440 - Accounting Ethics and Professionalism

**Credits:** 3

**Prerequisite(s):** ACC 3510 and ACC 3090 with grades of "C" or better

**Description:** This course examines professional ethics for accountants from both a philosophical and business perspective. Moral development, ethical reasoning, and ethical decision-making provide a framework for examining the importance of ethics in the accounting profession. Professional guidance on ethics in accounting will also be examined, including the AICPA Code of Professional Conduct, the Colorado Board of Accountancy Statutes, Rules, and Regulations, the Sarbanes-Oxley Act, and the codes of conduct for other professional accounting organizations.

## ACC 4510 - Advanced Accounting

**Credits:** 3

**Prerequisite(s):** ACC 3520 with a C or better

**Description:** This course includes coverage of reporting requirements for partnerships, SEC-regulated companies, not-for-profit organizations, and financially distressed entities, as well as information disclosure requirements for state and local governments, international harmonization of accounting standards, and the possible conversion to International Accounting Standards in the U.S.

## ACC 4520 - Mergers and Acquisitions

**Credits:** 3

**Prerequisite(s):** ACC 3520 or FIN 4500

**Description:** This course is a comprehensive study of mergers and acquisitions focusing on the preparation of consolidated financial statements. Complexities inherent in consolidating investments in foreign subsidiaries are addressed in depth. Additional topics include: variable interest entities; accounting for foreign currency transactions, hedging transactions, and equity method investments; reporting disaggregated information; and interim reporting requirements.

## Advanced Manufacturing Sciences

### AMS 1010 - Survey of Advanced Manufacturing and Workplace Preparation

**Credits:** 3

**Description:** The student will learn the "soft skills" required by industry, such as leadership, interactive communication, and collaboration/teamwork skills, utilizing team exercises and team activities. The course also provides an introduction to Advanced Manufacturing and an overview of the Advanced Manufacturing Sciences (AMS) degree concentration's fit and associated employment potential with Advanced Manufacturing Industries.

### AMS 3010 - Additive Manufacturing Strategies Certification Preparation

**Credits:** 3

**Prerequisite(s):** IND 1450 or CET 1215 or MET 1200 with a grade of "C" or better, or permission of instructor

**Description:** Students receive industry-endorsed proof of workforce ready Additive Manufacturing skills and knowledge through a program of study in preparation for the certification exam: Proof of skills through assessment. The hands-on, project-based learning (PBL) course will let students design and fabricate 3D objects using computer-aided design (CAD) software and 3D printers. Students will experience the design process and become familiar with the advantages and limitations of each 3D printing technology in terms of precision, resolution, and material capabilities.

## AMS 3980 - Industry Internship

**Credits:** 1-15

**Prerequisite(s):** Major in AMS; Junior or Senior status; permission of instructor

**Description:** Students will have an opportunity to gain work experience under the guidance of an industry professional. Students must complete a minimum of 45 clock hours per credit hour during the semester in a placement relevant to their selected AMS concentration. All internship students will also be required to prepare weekly internship reports, complete a self-evaluation survey and a reflective paper at the completion of the placement.

*Internship requirements vary by department. For information and instructions on finding and enrolling in an internship, contact the Classroom to Career (C2) Hub at [c2hub@msudenver.edu](mailto:c2hub@msudenver.edu).*

*Note:* This course is variable credit and may be repeated for up to 15 credit hours.

## AMS 4700 - Team Project Experience

**Credits:** 3

**Prerequisite(s):** All CPM core courses completed with at least a "C-."

**Description:** Students will have an opportunity to gain team project work experience during collaborative projects with industry professionals.

**University Requirement(s):** Senior Experience

## AMS 4940 - Capstone: Advanced Manufacturing Project Planning and Process Development

**Credits:** 3

**Prerequisite(s):** Senior Standing

**Description:** Students in this course will plan and design an advanced manufacturing process comprised of top-level diagrams, process maps, schedules, outlines, and written instructions. Projects may be developed by the student or assigned by departmental faculty/staff. The project will reflect and identify the disciplines within the field of advanced manufacturing including process setup, planning, material and equipment acquisition, production planning, quality assurance, and packaging - and understand how they work together to achieve a final goal. The final project will demonstrate the

general understanding of concepts associated with advanced manufacturing processes to ensure efficient operations, intelligent production, and improve the overall effectiveness of the organization.  
**University Requirement(s):** Senior Experience

## AMS 4950 - Professional Internship

**Credits:** 1-15

**Prerequisite(s):** Junior or Senior standing and completion of the following AMS Core courses with a grade of "C" or better: AMS 1010, AMS 3010, JMP 2610, CSS 1751, EET 1001, IND 1450 or CET 1215 or MET 1200, MET 1310, MET 2010, MET 3000 and MTH 1120; Or, Junior or Senior standing and the permission of the AMSI Director

**Description:** Students will have an opportunity to gain work experience under the guidance of an industry professional. Students must complete a minimum of 3 credits (45 clock hours per credit hour) cumulatively during their degree program in a placement relevant to their selected CPM concentration. All internship students will also be required to prepare weekly internship reports, complete a self-evaluation survey and a reflective paper at the completion of the placement.

*Internship requirements vary by department. For information and instructions on finding and enrolling in an internship, contact the Classroom to Career (C2) Hub at [c2hub@msudenver.edu](mailto:c2hub@msudenver.edu).*

*Note:* This course is variable credit and may be repeated for up to 15 credit hours.

**University Requirement(s):** Senior Experience

**Cross Listed Course(s):** CPM 4950

## Africana Studies

### AAS 1010 - Introduction to Africana Studies

**Credits:** 3

**Description:** This interdisciplinary course in Africana Studies provides an overview of the evolution, scope and objectives of the field, and examines the history, literature, arts, material culture, as well as sociological, political, economic, and philosophical perspectives of the experiences of Blacks, particularly in the United States. The course places the experiences of African Americans within the broader context of the African Diaspora as it explores issues of identity and liberation movement. The course sheds light on the relationship between the past, present and future in shaping Black worldviews and their contributions to the human experience.

**General Studies:** Social and Behavioral Sciences

**Guaranteed Transfer:** GT-SS3

**University Requirement(s):** Ethnic Studies & Social Justice

### AAS 1030 - Introduction to Social Justice and Decoloniality

**Credits:** 3

**Description:** This course introduces students to the interdisciplinary

fields of Social Justice and Decolonial Studies through interdisciplinary perspectives, methods, and approaches. Students learn about privilege, power, and oppression and their relationships to race, class, gender, sexuality, and other identities. This course asks complex and difficult questions regarding colonialism, decoloniality, sovereignty, and agency. It offers students opportunities to study social movements, and engage in social justice and decolonial praxis. *Note:* Credit will be granted for only one prefix.

**General Studies:** Social and Behavioral Sciences, Global Diversity  
**Cross Listed Course(s):** CHS 1030, GWS 1030, NAS 1030

### AAS 1080 - Readings in Africana Studies

**Credits:** 3

**Description:** This self-paced course is based upon selected readings in books, magazines and newspapers on Africana Studies.

### AAS 1090 - Social Justice and Advocacy

**Credits:** 3

**Description:** Students in this course survey theories and methods of social justice work. Students examine intersecting methods of oppression, modes of resistance, and strategies towards social transformation. Students also develop the analytical and practical skills necessary to address multiple and intersecting forms of oppressions and injustice.

*Note:* Credit will be granted for only one prefix.

**Cross Listed Course(s):** CHS 1090, GWS 1090

### AAS 1130 - Survey of African History

**Credits:** 3

**Prerequisite(s):** Minimum performance standard scores on reading and writing pre-assessment placement tests

**Description:** This course surveys the major developments on the African continent from ancient times to the modern period. It focuses on political, social, economic, legal, historical, and cultural developments in African civilizations from ancient Egypt to the present.

*Note:* Credit will be granted for only one prefix: AAS or HIS.

**General Studies:** Historical, Global Diversity

**Guaranteed Transfer:** GT-HI1

**Cross Listed Course(s):** HIS 1940

### AAS 1150 - Race and Social Justice in U.S. History

**Credits:** 3

**Description:** Students explore the broad history of the United States with a particular focus on race, inequality, and social justice. From Spanish and British settler colonialism through recent social movement protest, students examine how ideas about race and ethnicity were embedded in economic, legal, social, cultural, and political contexts. We compare the historically-rooted identities, agency, and resistance of marginalized groups. Students develop a foundational understanding of enduring inequalities and movement protests to realize democratic promises in America's past. We also

ask how history can shape national identity.

**General Studies:** Historical

**Guaranteed Transfer:** GT-HI1

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** CHS 1150, HIS 1150

### AAS 2000 - Social Movements and the Black Experience

**Credits:** 3

**Prerequisite(s):** AAS 1010, SOC 1010, or Permission of instructor

**Description:** This course analyzes and interprets the nature, cause, and consequence of Black social movements in the United States, ranging from the slave period to the present. Particular attention is given to the civil rights movement of the 1950s and 1960s.

*Note:* Credit will be granted for only one prefix: AAS or SOC.

**Cross Listed Course(s):** SOC 2000

### AAS 2010 - Interdisciplinary Research Methods in Social Issues

**Credits:** 3

**Prerequisite(s):** GWS 1001 or AAS 1010 or CHS 1000 or Permission of instructor

**Description:** This course focuses on the interdisciplinary study of methods, analyses and critiques used by scholars to study social issues within and across a range of disciplines (e.g., history, arts, humanities, sciences, education, health, economics, law and social/behavioral sciences). Research designs and general statistical interpretation will be reviewed for each methodology. Techniques for laboratory and field research, conducting qualitative and quantitative studies, and writing research reports will also be included.

*Note:* Credit will be granted for only one prefix: GWS or AAS or CHS.

**Cross Listed Course(s):** CHS 2030, GWS 2010

### AAS 2090 - The Black Lives Matter Movement and the Origins of Modern Black Protest

**Credits:** 3

**Description:** This course applies sociological concepts and historical themes to an analysis of the origins and nature of the Black Lives Matter (BLM) movement. The course begins with brief coverage of black resistance in the colonial period to the Abolitionist Movement but provides an in-depth exploration of modern black protest in the post-World War II civil rights decades and continues into the late 20th century with high-profile instances of police brutality. The remainder of the course follows a chronology, beginning in 2013 with the creation of #BlackLivesMatter and the growth of a new era of black protest. In addition to high-profile incidences of police brutality, attention is given to movement dynamics as shaped by Internet social media platforms and cable news. The course also addresses the #SayHerName movement, which has highlighted police violence against black women. Issues concerning misogynoir are also covered, including black radical feminist critiques of black male patriarchy, and debates within the black community about the

movement's focus. Finally, students will come away with a broad understanding of what systemic institutionalized racism is, as distinguished from incidences of racial violence by individual acts of terrorism or white supremacist terrorist organizations.

*Note:* The course is crosslisted. Credit will be granted for only one prefix.

**Cross Listed Course(s):** HIS 2090, PSC 2090, SOC 2090

## AAS 2100 - Women of Color

**Credits:** 3

**Description:** In this course students focus on the narratives, practices and everyday life experiences of women of color in the U.S. The similarities and differences among diverse groups of women, and other gender expansive minorities of color, are also examined to better understand the complexity of our gendered and racialized lives. Through an intersectional perspective, students address issues of work, health, interpersonal violence, media representations, globalization, as well as activism, social change and theoretical innovation. Students complete the course with a better understanding of the systems of privilege and oppression that have historically shaped the experiences of women of color and will acquire new tools to analyze social and cultural experiences.

*Note:* Credit will be granted for only one prefix: AAS, CHS, or GWS.

**General Studies:** Social and Behavioral Sciences

**Guaranteed Transfer:** GT-SS3

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** CHS 2100, GWS 2100

## AAS 2200 - Politics and Black People

**Credits:** 3

**Prerequisite(s):** Completion of General Studies requirements in Quantitative Literacy, and either ENG 1009 or ENG 1010 or the General Studies requirement in Oral Communication

**Description:** Black politics is examined as a vehicle and potential in decision making for positive change for Black people in this country. The realities and the challenges, both historical and current, are emphasized.

*Note:* Credit will be granted for only one prefix: PSC or AAS.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** PSC 2200

## AAS 2300 - African Peoples and Cultures

**Credits:** 3

**Description:** This course examines traditional cultures of African peoples and gives added understanding of culture and people in relation to human problems and experiences.

*Note:* Credit will be granted for only one prefix: AAS or ANT.

**Cross Listed Course(s):** ANT 2350

## AAS 3130 - Readings in African History

**Credits:** 3

**Prerequisite(s):** AAS 1130 or Permission of instructor

**Description:** This course provides the opportunity for students to explore important writings in a selected subject area of African history. Students advance their knowledge of the materials and information related to the field of African history.

## AAS 3220 - Prejudice and Discrimination

**Credits:** 3

**Prerequisite(s):** SOC 1010, GWS 1001, AAS 1010 or permission of instructor, and completion of General Studies requirements in Written Communication, Oral Communication, and Quantitative Literacy

**Description:** Explore the origins and characteristics of bias, prejudice and discrimination in society; social constructions of race, ethnicity, and gender; and the impact of social forces on social structure, institutions, and access to life opportunities.

*Note:* Credit will be granted for only one prefix: AAS or SOC

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** SOC 3220

## AAS 3240 - African American Literature

**Credits:** 4

**Prerequisite(s):** ENG 2000 or ENG 2100 or AAS 1010 or permission of instructor

**Description:** Students read, analyze, and write about various forms of literature produced by African Americans with consideration of historical and social contexts. Students explore and analyze texts from various literary eras beginning with oral traditions through contemporary literature and from various literary genres including fiction, drama, poetry, life writing, and hip-hop.

*Note:* Credit will be granted for only one prefix: AAS or ENG.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** ENG 3240

## AAS 3250 - Black Women Writers

**Credits:** 3

**Prerequisite(s):** AAS 1010 or ENG 1020

**Description:** The course studies selected works chosen as representative of the issues and concerns of Black women worldwide as voiced by Black women writers from Africa and the Diaspora.

*Note:* Credit will be granted for only one prefix: AAS, ENG, GWS

**Cross Listed Course(s):** ENG 3250, GWS 3250

## AAS 3300 - The Black Community

**Credits:** 3

**Prerequisite(s):** AAS 1010 or AAS/SOC 2000, or Permission of instructor, and Completion of General Studies requirements in Written Communication, Oral Communication, and Quantitative Literacy.

**Description:** This course relates fundamental concepts and theories of sociology and African American studies to the study of the Black

community through an analysis of educational, political, religious, economic, and family dimensions. It emphasizes local, national, and international Black communities. Classic and contemporary black community studies are examined.

*Note:* Credit will be granted for only one prefix: AAS, SOC or SWK.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** SOC 3140, SWK 3140

## AAS 3310 - Arts of Africa

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010 and ENG 1020 or ENG 1021

**Description:** In this course, students examine the art of the continent of Africa - from the pyramids of Giza to the rich masking traditions of West Africa to contemporary artistic expression - and evaluate the ways it has been studied and displayed. Students trace historical relationships among regions and the impact of trade networks, empires, and colonialism on art and culture. Art historical methodologies are used to analyze and interpret works of art within their cultural contexts. Students also examine how art reflects and informs the human experience, paying particular attention to themes such as power, identity, religion, and the passage from life into death.

*Note:* Credit will be granted for only one prefix: ARTH or AAS.

**General Studies:** Arts and Humanities, Global Diversity

**Cross Listed Course(s):** ARTH 3310

## AAS 3330 - Egyptian Art

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010 and ENG 1020 or ENG 1021

**Description:** This course examines Egyptian art from the beginnings of civilization in Kemet (the Black Land), through Greek, Roman, and Byzantine colonial periods and continuing into the Islamic period.

*Note:* Credit will be granted for only one prefix: AAS or ARTH.

**Cross Listed Course(s):** ARTH 3330

## AAS 3400 - Contemporary Africa

**Credits:** 3

**Description:** This course focuses on the political, social, and economic highlights of post-independence Africa. Africa's relations with the outside world and the question of South Africa are also examined in this course.

*Note:* Credit will be granted for only one prefix: AAS or PSC.

**Cross Listed Course(s):** PSC 3400

## AAS 3405 - Human Trafficking: Public Health Response

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010 or ENG 1020 or ENG 1021

**Description:** Students explore human trafficking utilizing global public health frameworks to examine the interprofessional nature of community response in Colorado. A review of multidisciplinary perspectives on labor and sex trafficking provides a comprehensive understanding of this human rights issue. Further, students examine the tactics used by traffickers to recruit and control victims and the effects of abuse on survivors. Students will be presented with an overview of the United Nations, U.S. federal and Colorado state laws to curb trafficking. Finally, students evaluate global and local efforts of the current anti-trafficking movement, including ways to be involved.

*Note:* Credit may be granted for only one prefix.

**Cross Listed Course(s):** CJC 3650, GWS 3400, HSP 3405, SWK 3405, PUB 3400

## AAS 3440 - American Slavery

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010 or equivalent with a grade of D or better, and any course with HIS prefix or that is crosslisted with HIS prefix, or permission of instructor.

**Description:** Students in this class explore the origins of slavery in the early modern Atlantic world and trace its history until the age of emancipation. Although the primary focus is on African slavery in British North America and the United States, the course integrates the Atlantic and imperial contexts and includes comparative units on slavery in other empires, as well as enslavement of Native Americans. Students analyze the political and economic consequences of slavery, and they examine the slave cultures themselves, including religion, resistance, and family life.

*Note:* Credit will be granted for only one prefix: AAS or HIS.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** HIS 3440

## AAS 3550 - The Black Family

**Credits:** 3

**Prerequisite(s):** AAS 1010 or SOC 1010, and completion of General Studies requirements in Written Communication, Oral Communication, and Quantitative Literacy.

**Description:** This course provides an in-depth exploration of the Black family as a social institution, emphasizing the historical roots of the Black family and how the African influence is enmeshed in the functioning of the family in modern society. It examines the factors responsible for the ability of the Black family to meet the challenge of a changing society.

*Note:* Credit will be granted for only one prefix: AAS or SOC.

**Cross Listed Course(s):** SOC 3440

## AAS 3570 - African American History I

**Credits:** 3

**Prerequisite(s):** ENG 1010 or ENG 1009 or equivalent with a grade of D or better, or permission of instructor

**Description:** Students in this course learn about the early history of African Americans in the United States, beginning with their ancestry in West and West-Central Africa and culminating with the Civil

War. Students analyze the cultural, social, economic, and political transformation of African Americans in the colonial and national history of the United States. Topics include the Atlantic Slave Trade, colonial identity, plantation slavery, slave communities, resistance, the Constitution and race, demographics of freedom, abolitionism, the Civil War and its aftermath.

*Note:* Credit will be granted for only one prefix: AAS or HIS.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** HIS 3570

## AAS 3580 - African American History II

**Credits:** 3

**Prerequisite(s):** ENG 1010 or ENG 1009 or equivalent with a grade of D or better, or permission of instructor

**Description:** Students in this course focus on the collective experience of African Americans in American history, thought, and culture from Reconstruction to the present. Students learn about the process of freedom and citizenship for African Americans through an examination of the major political, economic, and social themes of the 19th and 20th centuries. Particular attention is paid to the agency of African Americans in community-building, migration, protest, and patriotism.

*Note:* Credit will be granted for only one prefix: AAS or HIS.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** HIS 3580

## AAS 3610 - Caribbean History and Culture

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010 or equivalent with a grade of D or better, and any course with HIS prefix or that is crosslisted with HIS prefix, or permission of instructor

**Description:** This course examines the evolution of Caribbean societies from the consolidation of slavery in the seventeenth century to the emergence of independent multi-ethnic nations in the twentieth century, and emphasizes the central role of the Caribbean in the Atlantic world.

*Note:* Credit will be granted for only one prefix: AAS or HIS.

**Cross Listed Course(s):** HIS 3711

## AAS 3630 - The African Diaspora

**Credits:** 3

**Prerequisite(s):** AAS 1010

**Description:** The course examines the aftermath of the Transatlantic Slave Trade's dispersal of Africans in the Americas, by exploring battles waged against enslavement, distinct cultural identities, and manifestations of returning to Africa.

## AAS 3700 - Psychology of Group Prejudice

**Credits:** 3

**Prerequisite(s):** PSY 1001 or AAS 1010 or GWS 1001

**Description:** This course covers psychological theory and research that examines causes, effects, expressions, and reduction of group

prejudice. Various types of group prejudice are addressed, most notably prejudice against cultural and ethnic minorities in the United States (i.e., Native Americans, African Americans, Hispanic Americans, and Asian Americans). Sexism and heterosexism also are discussed.

*Note:* Credit will be granted for only one prefix: AAS, GWS, or PSY.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** GWS 3700, PSY 3700

## AAS 3910 - African Politics and Government

**Credits:** 3

**Prerequisite(s):** AAS 1130, AAS 2300, or Permission of instructor

**Description:** This course surveys present-day political systems in Africa and examines internal and external factors that have contributed to their emergence.

*Note:* Credit will be granted for only one prefix: AAS or PSC.

**Cross Listed Course(s):** PSC 3910

## AAS 3920 - Hip-Hop Culture and Rap Music

**Credits:** 3

**Prerequisite(s):** AAS 1010 or ENG 1020

**Description:** This course seeks to examine the long-standing cultural warfare that exists among core elements of Hip-Hop culture and the impact such challenges have on gender and social identities. Students will think critically about Hip-Hop music beyond the scope of entertainment through the examination of literature, films, and music that provide interdisciplinary discourse on Hip-Hop in our society.

**Cross Listed Course(s):** HIS 3920, MUS 3895, SOC 3250

## AAS 3930 - African Authors

**Credits:** 3

**Prerequisite(s):** AAS 1010 or ENG 1020

**Description:** African Authors examines the lives and classic works of writers born on the African continent. The literature of the authors selected for close study speaks to life in countries that traverse the continent, representing multiple perspectives that reflect pre-colonial to post-colonial realities. English language texts are utilized, as well as works translated from French, Arabic, and Kikuyu. The overall content of the course emphasizes the impact of colonialism on African nations and the continuation of the African oral tradition in literary works. Supplemental aspects of the course engage critical thought on the place of Egypt in the African world and the politics of language choice on an African text.

**General Studies:** Arts and Humanities, Global Diversity

## AAS 3980 - Internship in Africana Studies

**Credits:** 1-15

**Prerequisite(s):** AAS 1010

**Description:** This internship places students in corporate, private non-profit, and/or community-based agencies that serve Black and African Diaspora communities. A written contract between the student, site supervisor, the Classroom to Career (C2) Hub, and

department chair is required. Internship activities may include developing skills in problem solving, program development, grant writing and group leadership.

*Internship requirements vary by department. For information and instructions on finding and enrolling in an internship, contact the Classroom to Career (C2) Hub at [c2hub@msudenver.edu](mailto:c2hub@msudenver.edu).*

*Note:* Variable Credit

## **AAS 4010 - Education of African American Children**

**Credits:** 3

**Prerequisite(s):** AAS 1010

**Description:** This course analyzes the historical and contemporary factors that influence the education of African American children in the United States. Focus is on the knowledge, skills, and dispositions required by educational institutions, educators, and parents to provide an effective and equitable education for African American children. Practical application is integrated with theoretical research and conceptual information. Students who successfully complete this course will receive introductory skills and experiences as effective practitioners, reflective decision makers, and resources for the community.

*Note:* Credit will be granted for only one prefix: AAS or EDU.

**Cross Listed Course(s):** EDU 4010

## **AAS 4160 - Human Trafficking**

**Credits:** 3

**Prerequisite(s):** GWS 1001, or AAS 1010, or CJC 1010, or HSP 1010, or SWK 1010; upper-division standing; or permission of instructor

**Description:** This course explores human trafficking on international and local levels. A review of multidisciplinary perspectives on labor and sex trafficking provides comprehensive understanding of this human rights issue. Students examine the tactics used by traffickers to recruit and control victims and the effects of abuse on victims. This course provides an overview of U.S. federal and local laws to curb trafficking, including federal Trafficking Victims Protection Act. Finally, students evaluate global and local efforts of the current anti-trafficking movement, including ways to be involved.

*Note:* Credit will be granted for only one prefix.

**Cross Listed Course(s):** CJC 4160, GWS 4160, HSP 4160, SWK 4160

## **AAS 4490 - Contemporary Issues in Africana Studies**

**Credits:** 3

**Prerequisite(s):** AAS 1010

**Description:** This course provides an in-depth study of selected issues that significantly impact Black people throughout the global African world.

*Note:* Topics vary, and the course may be repeated for credit with the permission of the department chair.

## **AAS 4850 - Research Seminar in Africana Studies**

**Credits:** 3

**Prerequisite(s):** Six credits of upper-division courses in AAS

**Description:** This course provides a capstone opportunity for refining research skills and engaging in graduate school-style seminar sessions. The course is required to complete the AAS major.

**University Requirement(s):** Senior Experience

## **Aging Services Leadership**

### **AGE 1010 - Introduction to Aging and Long-Term Care Services**

**Credits:** 3

**Prerequisite(s):** ENG1010 or (ENG 1008 and ENG 1009)

**Description:** In this course, students explore support systems, services, and policy considerations designed to meet the diverse social, behavioral, and healthcare needs of older adults. Emphasis is placed on understanding the social determinants of health, cultural influences, and behavioral patterns that affect aging populations. Students will recognize the various interactions among individuals and groups that cause inequalities, stereotypes, biases, and myths surrounding aging and ageism. This course encourages critical thinking about the intersection of aging and public policy, healthcare systems, and community services. Students will explore strategies for creating inclusive environments that respect the dignity and autonomy of older adults while addressing the systemic challenges they face. By investigating common health disparities, evaluating programs and services, and exploring workforce development and career options in gerontology and elder care fields, students will discover innovative practices and actions to understand how society can better support aging populations. By the end of the course, students will be equipped to advocate for improved care models, contribute to policy reform, and engage in careers that promote the well-being and quality of life for aging individuals across diverse communities.

**General Studies:** Social and Behavioral Sciences

### **AGE 2020 - Ageism and Ableism in Society**

**Credits:** 3

**Prerequisite(s):** ENG 1010 or (ENG 1008 and ENG 1009)

**Description:** Ageism is learned and developed during early childhood and continued throughout adulthood. Ableism is seen every day in the way society treats those with disabilities. This class provides an exploration of ageism and ableism pertaining to older adults. Students learn about the intersection of age and ability through investigations of the root causes of inequities perpetuating stereotypes and biases pertaining to a person's ability to age well. This class prepares students to recognize the importance of both concepts and advocate for positive systemic, environmental, and policy change. Embedded in the student learning objectives, students earn a certificate in Ageism First Aid offered through the Gerontological Society of America.

## **AGE 3030 - Aging Services: Current Topics, Trends, and Future Considerations**

**Credits:** 3

**Prerequisite(s):** ENG 1020 or ENG 1021 and Sophomore or higher standing

**Description:** This course is designed to introduce students to topics, trends and future considerations connected to the emerging and rapidly growing aging services and long-term care profession. By evaluating evidence and investigating current cultural, environmental, societal and political issues, students gain a heightened understanding of the needs of the older adult population and those who provide care.

## **AGE 3800 - Long-Term Care: Managing Across the Continuum**

**Credits:** 3

**Prerequisite(s):** ENG 1020 or ENG 1021 and Sophomore or higher standing

**Description:** This course defines the critical issues and adaptive strategies facing post-acute and long-term care management. This course addresses the continuum of long-term care and the variety of providers of care. The impact of regulatory, legal, ethical, payment sources, quality, information technology, operations, and market forces are covered. This course acquaints students with future issues and likely changes in the continuum of care.

## **Air Force ROTC**

### **AFR 1010 - Heritage and Values I**

**Credits:** 1

**Description:** This course provides an introduction to the Air Force, encourages students to pursue an AF career or seek additional information to be better informed about the role of the USAF. The course allows students to examine general aspects of the Department of the Air Force, AF Leadership, Air Force benefits, and opportunities for AF officers. The course also lays the foundation for becoming an Airman by outlining our heritage and values.

### **AFR 1020 - Heritage and Values II**

**Credits:** 1

**Prerequisite(s):** AFR 1010

**Description:** A continuation of AFR 1010. This course provides a historical perspective including lessons on war and the US military, AF operations, principles of war, and airpower. This course also provides students with an understanding for the employment of air and space power, from an institutional, doctrinal, and historical perspective. The students are introduced to the Air Force way of life and gain knowledge on what it means to be an Airman.

### **AFR 2010 - Team and Leadership Fundamentals I**

**Credits:** 1

**Prerequisite(s):** AFR 1020

**Description:** This course is designed to provide a fundamental understanding of both leadership and team building. This course teaches students that there are many layers to leadership, including aspects that are not always obvious. Such things include listening, understanding themselves, being a good follower, and problem solving efficiently.

### **AFR 2020 - Team and Leadership Fundamentals II**

**Credits:** 1

**Prerequisite(s):** AFR 2010

**Description:** A continuation of AFR 2010. This course is designed to discuss different leadership perspectives when completing team building activities and discussing things like conflict management. This course also provides students with the ability of demonstrating their basic verbal and written communication skills. Active cadets will apply these lessons at Field Training, which follows the AS200 level.

### **AFR 3010 - Leading People and Effective Communication I**

**Credits:** 3

**Prerequisite(s):** AFR 2020

**Description:** This course is designed to build on the leadership fundamentals taught in the AS200 level. The cadets will have the opportunity to utilize their skills as they begin a broader leadership role in the detachment. The goal is for cadets and students to have a more in-depth understanding of how to effectively lead people and provide them with the tools to use throughout their detachment leadership roles.

### **AFR 3020 - Leading People and Effective Communication II**

**Credits:** 3

**Prerequisite(s):** AFR 3010

**Description:** This course is designed to help cadets hone their writing and briefing skills. The course continues into advanced skills and ethics training that will prepare them for becoming an officer and a supervisor.

### **AFR 4010 - National Security, Leadership Responsibilities/Commissioning Preparation I**

**Credits:** 3

**Prerequisite(s):** AFR 3020

**Description:** This course is designed to address the basic elements of national security policy and process. The cadet will comprehend the air and space power operations as well as understand selected roles of the military in society and current domestic and international issues affecting the military profession.

## **AFR 4020 - National Security, Leadership Responsibilities/Commissioning Preparation II**

**Credits:** 3

**Prerequisite(s):** AFR 4010

**Description:** In two 1 1/2-hour seminars and one 1 1/2 hour lab per week, this course is a continuation of AFR 4010. Special themes include defense strategy and conflict management, formulation/implementation of U.S. defense policy, and organizational factors and case studies in policy making, military law, uniform code of military justice, and communicative skills.

## **Alternative Licensure Program**

### **ALP 2200 - Diversity and Multicultural Education**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is designed to increase student awareness of the values and beliefs, traditions, identifiers, and contributions of African Americans, Asian Americans, Hispanic Americans, and Native Americans. Historical, cultural, and individual variations, including socio-economic status, gender, sexual orientation, language background and disabilities will be investigated to help develop respect for all students, parents, and educators in school settings. Students will discover how personal attitudes may affect expectations and decisions in the elementary, secondary, and special education school settings.

### **ALP 3600 - Exceptional Learners in the Classroom**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** ALP 3600 was designed to introduce students to exceptionality in the classroom from an educational decision-making perspective. Information regarding disabilities and giftedness is presented in a manner to familiarize students with the many instructional decisions they must be prepared to make on the basis of the diversity of the classroom population. The case study method is the approach that will be used in this course. Students will be expected to apply course content to solve various problems that are presented within the context of case studies. These case studies will be specific to the student's level of teacher licensure and will provide exposure to relevant issues pertaining to early childhood, elementary, or secondary education.

## **ALP 3650 - Individualized Education and Curriculum**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course focuses on Individualized Education Plans (IEP) and transition plans for purposes of preparing special educators for teaching curricula within the context of special and general education classrooms. An overview of the philosophical, historical, and sociological foundations of education will be addressed.

### **ALP 3675 - Transition Planning and Instruction**

**Credits:** 3

**Prerequisite(s):** ALP 3650

**Description:** This course provides an in-depth understanding of transition services for students with exceptionalities from childhood to adulthood. Course content focuses on an in-depth investigation of the provision of transition services in the context of comprehensive, secondary education services. Topics in this course include transition-focused IEP development, self-determination and self-advocacy, inter-agency collaboration, transition assessment, and career, vocational, and post-secondary education strategies. Teacher candidates gain the knowledge base and skills necessary to successfully manage the transition services of their future students.

### **ALP 3700 - Educational and Medical Aspects of Disabilities**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course provides an overview of the multidisciplinary needs of students with physical, communicative, cognitive, and sensory disabilities. Emphasis is placed on explaining the impact of medical needs on educational experiences. Principles of Universal Design for Learning (UDL) will be addressed. Teacher candidates must complete a 15-hour field experience in an assigned public school that provides services for students with severe disabilities.

### **ALP 3750 - Assessment, Methods, and Assistive Technology for Severe Disabilities**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure

requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is designed to introduce pre-service teachers to assessment, curriculum and instruction for students with severe disabilities. Focus will be given to including students in their neighborhood schools, homework, and community. The course also emphasizes the selection and efficacy of assistive device technologies. A minimum 45-hour, field-based experience is required.

### **ALP 3820 - Elements of Literacy Instruction for Students with Disabilities**

**Credits:** 3

**Prerequisite(s):** Must hold a Baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Corequisite(s):** SED 3821

**Prerequisite(s) or Corequisite(s):** ALP 3600, ALP 3650

**Description:** Within this course, students will learn about the components of literacy with a focus on phonemic awareness, phonics, fluency, vocabulary, and comprehension as taught in elementary classrooms. Assessment data is used to design lesson plans and apply scientifically-based interventions to address the needs of students with literacy challenges, including dyslexia. A direct-instruction teaching approach based on best practices is a focus. The course has a co-requisite of a field-based class which will include a 45-hour field-based experience with elementary level students.

**Cross Listed Course(s):** SED 3820

### **ALP 3950 - Mathematics Instruction for Students with Disabilities**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is designed to introduce effective classroom methods and strategies for teaching, assessing, and monitoring the mathematical performance of students with disabilities within diverse classroom settings. An emphasis is placed on practical classroom techniques to facilitate, maintain, retain, and generalize skill acquisition. Computation and problem-solving techniques are covered. This class requires a 15-hour, project-based field experience.

### **ALP 4050 - Assessment and Instructional Planning**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure

requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is designed to increase student awareness of the values and beliefs, traditions, identifiers, and contributions of African Americans, Asian Americans, Hispanic Americans, and Native Americans. Historical, cultural, and individual variations, including socio-economic status, gender, sexual orientation, language background and disabilities will be investigated to help develop respect for all students, parents, and educators in school settings. Students will discover how personal attitudes may affect expectations and decisions in the elementary, secondary, and special education school settings.

### **ALP 4200 - Reading Disabilities and Content Instruction**

**Credits:** 3

**Prerequisite(s):** Must hold a Baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Prerequisite(s) or Corequisite(s):** ALP 3600, ALP 3650, ALP 3820

**Description:** This course explores the nature of dyslexia including etiological, sociological, and psychological perspectives, as well as treatment methods. Special emphasis is devoted to reading disabilities in reference to the demands of content instruction at the secondary school level. Critical thinking, study skills, cooperative learning, and Universal Design for Learning (UDL) will be addressed within the context of improving reading and writing achievement of students with disabilities.

### **ALP 4250 - Effective Behavioral Support Systems**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** Students in this course are introduced to the principles of applied behavior analysis and behavior modification. The use of systematic behavioral assessments, functional behavior assessment plans, behavior intervention plans, and classroom intervention strategies are emphasized. Teacher candidates are prepared to apply Universal Design for Learning (UDL) principles in diverse contexts that include both general and special education classes. This course includes a 15-hour field experience.

**Cross Listed Course(s):** SED 3250

### **ALP 4300 - Assessment and Methods for Emotional and Behavioral Disorders**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which

the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is designed for teacher candidates to learn how to select, adapt, and use instructional interventions and strategies with students with emotional and behavioral disorders in a variety of settings. Theoretical approaches, identification, educational placement, and evaluation issues will be addressed. In addition, specific categories of disordered behavior, such as bipolar, depression, anxiety, oppositional defiant disorders, schizophrenia, and childhood psychosis, will be discussed. Students are required to apply knowledge and skills in a 30-hour field-based experience.

### **ALP 4400 - Special Education Student Teaching and Seminar: Elementary**

**Credits:** 12

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is a full-time special education student teaching experience in an accredited elementary public or private school that provides teacher candidates responsibility for teaching an identified group of learners with exceptionalities. A minimum of 16 weeks is required for 12 credits. College supervisors provide regularly scheduled observations and seminars and guidance on the development of the teacher work sample.

### **ALP 4430 - Instruction and Collaboration Practicum: Elementary**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This practicum is a culminating experience that provides teacher candidates with a structured, supervised secondary level practicum in a special education setting for adolescents. A strong emphasis is placed on transition planning and process for the middle and/or high school student in special education. The seminars are designed to address assigned topics and activities that are linked to the teaching responsibilities of the practicum.

### **ALP 4440 - K-12 Practicum in Special Education**

**Credits:** 3

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160. ALP 2200, ALP 3600, ALP 3650, ALP 3820, ALP 3950, ALP 4050, or permission of instructor.

**Description:** This practicum is a culminating experience that provides teacher candidates with a structured, supervised elementary and/or secondary level practicum in a special education setting for children with disabilities. A strong emphasis is placed on the importance of decision making in diverse contexts including numerous assessment and instructional situations using a case-based approach that will encourage integration of theory and application. The seminars are designed to address assigned topics and activities that are linked to the teaching responsibilities of the practicum.

### **ALP 4490 - Special Education Student Teaching and Seminar**

**Credits:** 12

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** This course is a full-time special education student teaching experience in an accredited elementary public or private school that provides teacher candidates responsibility for teaching an identified group of learners with exceptionalities. College supervisors provide regularly scheduled observations and seminars and guidance on the development of the teacher work sample.

### **ALP 4491 - Alternative Licensure Program I**

**Credits:** 10

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Description:** The Alternative Licensing Program 1 course (ALP 1) is a course in which candidates learn appropriate educational practices in discipline, management of the learning environment, short/long range planning, assessment and pedagogy to meet the Colorado Teacher Quality Standards. Candidates will apply content knowledge assigned classrooms to facilitate learning and improve student achievement. ALP candidates will address the needs of diverse learners (gender, ethnicity, second language learners, handicapping conditions) in different contexts as reflected in daily decision-making and as evidenced by direct observation and selected artifacts. Seminar includes required readings, articles, field-based examples, student-centered instructional tasks, classroom interaction and analysis to meet proficient level of performance in the Colorado Teacher Quality Standards. Candidates will learn about and practice selected theories and programs in discipline, management, and pedagogy. Coaching and feedback as strategies are used to support the development of ALP candidates in the classroom.

### **ALP 4492 - Alternative Licensure Program II**

**Credits:** 15

**Description:** The Alternative Licensing Program 2 course (ALP 2) is a course in which candidates put educational theory into practice as a classroom teacher and in the field to meet the Colorado Teacher Quality Standards. Candidates will apply content knowledge and pedagogical strategies with appropriate discipline and management practices in assigned classrooms to facilitate learning and improve student achievement. ALP candidates will address the needs of diverse learners (gender, ethnicity, second language learners, handicapping conditions) in different contexts as reflected in daily decision-making and as evidenced by direct observation and selected artifacts. Field experiences include application of methodology introduced at weekly seminars to meet proficient level of performance in the Colorado Teacher Quality Standards. Candidates will model and practice selected theories and programs in discipline, management, and pedagogy. Coaching and feedback as strategies are used to support the development of ALP candidates in the classroom.

### ALP 4493 - Educational Theory and Methods

**Credits:** 10

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Corequisite(s):** ALP 4494

**Description:** Alternative Licensure Program candidates learn appropriate educational practices in management of the learning environment, short/long range planning, assessment and pedagogy to meet the Colorado Teacher Quality Standards and licensure requirements. Candidates will apply content knowledge and pedagogical strategies with appropriate discipline and management practices in assigned classrooms to facilitate learning and improve student achievement in the advanced field experience ALP 4494. ALP candidates will address the needs of diverse learners (gender, ethnicity, English language learners, exceptional learners, socioeconomic differences, etc.) in different contexts as reflected in daily decision-making and documented by direct observation and selected artifacts. Instruction includes required readings, articles, field-based examples, student-centered instructional tasks, classroom interaction and analysis to meet proficient level of performance in the Colorado Teacher Quality Standards. Candidates will learn about and practice selected theories and programs in discipline, management, and pedagogy. Coaching and feedback as strategies are used to support the development of ALP candidates in the classroom.

### ALP 4494 - Advanced Field Experience

**Credits:** 20

**Prerequisite(s):** Course participants must hold a baccalaureate degree from a regionally accredited institution and have been hired by a Metro-area school or school district to teach in an area for which the candidate can meet grade level and content licensure requirements under the Alternative Licensure legislation, SB 09-160.

**Corequisite(s):** ALP 4493

**Description:** Alternative Licensure Program candidates put

educational theory into practice as a classroom teacher in the field to meet the Colorado Teacher Quality Standards and licensure requirements. This course is the advanced field experience for ALP 4493. Candidates will apply content knowledge and pedagogical strategies with appropriate discipline and management practices in assigned classrooms to facilitate learning and increase student achievement. ALP candidates will address the needs of diverse learners (gender, ethnicity, English language learners, exceptional learners, socioeconomic differences, etc.) in different contexts, as reflected in daily decision-making, and will be assessed by direct observation and selected artifacts. Field experiences include application of methodology introduced in ALP 4493 to meet proficient level of performance in the Colorado Teacher Quality Standards. Candidates will model and practice selected theories and programs in discipline, management, and pedagogy.

## American Sign Language

### ASL 1010 - American Sign Language I

**Credits:** 3

**Description:** This course provides students with a basic understanding of American Sign Language including conversational skills and linguistic structures. Students are also introduced to Deaf culture.

*Note:* Credit will only be granted for one prefix: ASL or SLHS

**Cross Listed Course(s):** SLHS 1610

### ASL 1020 - American Sign Language II

**Credits:** 3

**Prerequisite(s):** ASL 1010 or SLHS 1610 or permission of instructor

**Description:** This course is a continuation of ASL 1010 emphasizing expressive language as well as increasing competence with receptive language skills. The course continues to build vocabulary and familiarity with the complex grammar (morphology and syntax) of this visual language. The deaf experience and culture is integrated throughout.

*Note:* Credit will be granted for only one prefix: ASL or SLHS.

**General Studies:** Oral Communication

**Cross Listed Course(s):** SLHS 1620

### ASL 1021 - Bridging Cultures on the Job

**Credits:** 1

**Prerequisite(s) or Corequisite(s):** ASL1010, ASL 1020, or instructor's permission

**Description:** This one-credit course complements the existing ASL 1020 - American Sign Language II or its equivalent. It adds a professional dimension to the study of American Sign Language, with two main objectives: enhancing students' ability to communicate in specific, career-relevant situations in ASL, and developing intercultural expertise for effective communication with individuals from diverse cultural backgrounds.

**General Studies:** Arts and Humanities

## ASL 1030 - American Sign Language III

**Credits:** 3

**Prerequisite(s):** ASL 1020 or permission from the instructor

**Description:** In this course, students continue to build their foundation of signing skills and knowledge acquired in American Sign Language (ASL) I and II. Students learn more vocabulary signs and more complex grammatical features using classifiers through narratives and dialogues. In addition to improving their signing skills, students learn more about Deaf culture in class and from reading assignments. Learning about Deaf culture helps students understand the particular cultural norms, behaviors, and formative shared experiences distinct to those who approach the world from a visual perspective and use ASL.

## ASL 2100 - Introduction to Deaf Culture

**Credits:** 3

**Description:** Through this course students will acquire comprehensive understanding of the vibrant culture of the Deaf community. Through exploring the history, social dynamics, values, and traditions of Deaf culture, students gain insights into the unique experiences and perspectives of Deaf individuals. The course also covers the significance of American Sign Language (ASL) and its role within the community, as well as the impact of societal attitudes and technological advancements on Deaf people's lives. Students engage in discussions, readings, and activities that promote cultural competence and respect for Deaf culture. No prior knowledge of ASL is required for this course.

## Anthropology

### ANT 1010 - Introduction to Biological Anthropology

**Credits:** 3

**Description:** This course is an introduction to the science of biological anthropology, the study of biological evolution and variation among humans and our closest living relatives, the primates. Students learn about evolutionary theory, human genetics, human and primate skeletal anatomy, bioarchaeology and forensic anthropology, primate taxonomy and geographic distribution, primate and human evolution, and human variation and adaptation. The laboratory sections embedded within the course provide practical experience in the following areas: DNA analysis, population genetics and evolutionary forces, human and primate skeletal anatomy, bioarchaeology, fossil hominin anatomy, and modern human variation.

**General Studies:** Natural and Physical Sciences, Global Diversity

**Guaranteed Transfer:** GT-SC1

### ANT 1300 - Asia in Global Perspective

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010 or ENG 1020 or ENG 1021

**Description:** This course is an overview of Asia's diverse

geographies, peoples, histories, and contemporary developments from an interdisciplinary perspective. Throughout the course, students investigate the intersection between domestic and global factors in shaping contemporary Asian experiences. Topics include Asia's dynamic cultures, rich philosophical, religious, and linguistic traditions, vibrant economies, and various types of political systems. Students also reflect on how issues such as colonization, nation-building, gender, and migration shape contemporary Asia and its many representations.

*Note:* Credit will be granted for only one prefix (SOC, ANT, GWS, HIS, LANG, or PSC).

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Guaranteed Transfer:** GT-SS3

**Cross Listed Course(s):** GWS 1300, HIS 1260, LANG 1260, PSC 1300, SOC 1300

### ANT 1310 - Introduction to Cultural Anthropology

**Credits:** 3

**Description:** This course is an exploration of the diversity that defines human experience. Students learn about the field of anthropology and its approach to examining other cultures with a focus on holism and cultural relativism. Students are introduced to fieldwork methods in anthropology and the importance of participant-observation in cultural anthropology. Course content introduces students to various aspects of cultures across the globe, such as subsistence strategies, political organization, social identities and hierarchies, marriage, family and kinship systems, religious behavior, health, language, creative and artistic expressions, and issues of power in relation to colonialism, socio-economic discrimination, and global inequalities.

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Guaranteed Transfer:** GT-SS3

### ANT 1400 - Introduction to Folklore

**Credits:** 3

**Prerequisite(s) or Corequisite(s):** ENG 1009 or ENG 1010 or ENG 1020 or ENG 1021

**Description:** In this textual studies course, students explore how people use informal and traditional culture, called folklore, to sustain their cultural identities and resist or reinforce social norms. Since folklore has existed throughout history and across cultures around the world, students may study a wide-range of folklore, including but not limited to: storytelling, folk poetry, jokes, memes, conspiracy theories, slang, proverbs, folk song, prayers and blessings, customary behaviors, performances, and folk art.

*Note:* Credit will be granted for only one prefix.

**General Studies:** Arts and Humanities, Global Diversity

**Guaranteed Transfer:** GT-AH2

**Cross Listed Course(s):** ENG 1150

### ANT 1650 - Ancient Civilizations

**Credits:** 3

**Description:** This course introduces students to the development of ancient civilizations from a broad, comparative framework. These

civilizations are studied from religious, economic, intellectual, political, cultural, and social perspectives.

**General Studies:** Historical, Global Diversity

**Guaranteed Transfer:** GT-HI1

**Cross Listed Course(s):** HIS 1005

### ANT 2330 - Cross-Cultural Communication

**Credits:** 3

**Description:** In this course, students explore anthropological approaches to cross-cultural communication. Emphasizing an applied approach, students focus on how language and language use vary from culture to culture, and how knowledge of these differences can lead to understanding of difference and dominance relations between groups within the United States, specifically African-American, Asian, Hispanic American, and Native American, and internationally. Topics include the relationship between language and culture, sociolinguistic variation, politeness, multilingualism, and language politics.

**General Studies:** Social and Behavioral Sciences

**Guaranteed Transfer:** GT-SS3

**University Requirement(s):** Ethnic Studies & Social Justice

### ANT 2350 - African Peoples and Cultures

**Credits:** 3

**Description:** This course examines traditional cultures of African peoples and gives added understanding of culture and people in relation to human problems and experiences.

*Note:* Credit will be granted for only one prefix: ANT or AAS.

**Cross Listed Course(s):** AAS 2300

### ANT 2360 - Living Culture and Language of the Mexican and Chicano

**Credits:** 3

**Prerequisite(s):** CHS 1000 or CHS 1020

**Description:** This course traces the fusion of cultures and dialects of the Spanish-speaking Southwest into elements that characterize Chicano intracultural and intercultural diversity.

*Note:* Credit will be granted for only one prefix: ANT or CHS.

**Cross Listed Course(s):** CHS 2000

### ANT 2400 - Women's Folklore and Folklife

**Credits:** 3

**Prerequisite(s):** ENG 1020

**Description:** This course provides an exploration of folklore in everyday life, folk narrative, and other verbal genres, cultural forms, and manifestations of traditional expressive behaviors as they pertain to reinforcing and resisting gender norms and practices within diverse cultures. It offers a critical examination of how women creatively use folklore to affirm and subvert their roles within sexist, racist, classist, and heterosexist cultural systems.

*Note:* Credit will be granted for one prefix only: ANT or GWS.

**General Studies:** Arts and Humanities

**Guaranteed Transfer:** GT-AH1

**Cross Listed Course(s):** GWS 2400

### ANT 2500 - Anthropology of Language

**Credits:** 3

**Prerequisite(s):** Preassessment Placement Tests: Reading and Writing (minimum performance standard scores)

**Description:** This course provides an introduction to the concepts and methods of linguistic anthropology. Topics include language and culture, language structure, the origins of language, linguistic diversity, and language ideologies. The course also provides opportunities to observe and record speech and other communicative behaviors; identify the sequential organization of talk; and determine how language reflects and creates social identities, relationships, and realities.

### ANT 2640 - Archaeology

**Credits:** 3

**Description:** This course will be an examination of how archaeologists discover and interpret the material remains of human behavior from the past.

### ANT 2700 - Museum Studies

**Credits:** 3

**Description:** Students examine the basic elements, missions, and the characteristics of museums. They will examine important key professional activities such as: curation, exhibit design, conservation, management, and community engagement. They will also compare these practices across a variety of museum types and contexts in order to gain an appreciation of the range of skills and knowledge required for succeeding in the museum profession.

*Note:* Credit will only be granted for one prefix, and the ARTH version of this course cannot fulfill the Upper Division Art History Elective requirement of the Art Major, B.F.A. program.

**General Studies:** Social and Behavioral Sciences

**Guaranteed Transfer:** GT-SS3

**Cross Listed Course(s):** ARTH 2700

### ANT 2710 - Archaeological Field Research

**Credits:** 3

**Description:** This course is an introduction to the methods used to collect and analyze archaeological data in a hands-on field setting. Students are introduced to surface survey, excavations, and data recording to discover and describe archaeological features and artifacts. This course may be repeated for up to a maximum of six hours. No more than three credit hours may be applied toward a major or minor in anthropology.

### ANT 3000 - Quantitative Methods in Anthropology

**Credits:** 3

**Prerequisite(s):** ANT 1010, or ANT 1310, or ANT 2500, or ANT

2640, or MTH 1210, or permission of instructor

**Description:** This course is an introduction to quantitative data analysis for all four subfields of anthropology. A variety of statistical methods are covered with an emphasis on anthropological datasets. Students learn descriptive statistics, univariate methods, and select multivariate methods that are commonly used in the anthropological literature. Presentation of data and results is also highlighted. No previous statistical knowledge is required for the class, but a prior introductory statistics course is preferred.

## ANT 3100 - Human Evolution

**Credits:** 3

**Prerequisite(s):** ANT 1010 or permission of instructor

**Description:** This course is an overview of the evolutionary history of our species, *Homo sapiens*, and our extinct ancestors, the hominins. Taking a largely chronological approach, students learn the anatomical features of each hominin species through lectures, readings, and hands-on analysis of hominin fossil casts. Students also learn aspects of hominin ecology and behavior, as inferred from their morphology and associated archaeological and faunal remains. Additional topics include an introduction to evolutionary theory, taxonomy and systematics, primate evolution, and human skeletal biology.

## ANT 3110 - Race and Human Variation

**Credits:** 3

**Description:** This course explores the history of the race concept in biological anthropology and evaluates human biological variation from a biocultural perspective. The first half of the course includes a critical history of the race concept in biological context, focusing on the development of this concept and the social consequences of its adoption. The second half of the course addresses human biological variation from a biocultural perspective. This perspective evaluates biological variation within the context of environment and culture, and views the interaction of these contexts as essential in understanding human phenotypic variation.

## ANT 3122 - The Neanderthal Enigma

**Credits:** 3

**Prerequisite(s):** ANT 1010 or Permission of instructor

**Description:** This course is an in-depth look at our closest evolutionary cousins, the Neanderthals. Neanderthals have been studied for over 150 years, and many early incorrect interpretations of them still persist in society today. As such, the class begins with a thorough look at the history of the study of Neanderthals before moving on to modern perspectives on Neanderthal biology, culture, and why they are no longer around.

## ANT 3170 - Primate Adaptation and Evolution

**Credits:** 3

**Prerequisite(s):** ANT 1010 or permission of instructor

**Description:** This course addresses adaptation in the Order Primates.

It includes a discussion of the primary forces of evolution and a detailed examination of how one of these forces, natural selection, has shaped the anatomy of living and fossil primate species. Students assess the diagnostic anatomical features of living and fossil primate groups and learn how to use these features to predict diet, locomotion, and social structure. Students also examine the evolutionary relationships of living primates and assess how fossil primates contribute to our understanding of these relationships.

## ANT 3190 - Mammalian Paleontology

**Credits:** 3

**Prerequisite(s):** ANT 1010 or (BIO 1081 and BIO 1091)

**Description:** This course is an overview of the mammalian fossil record. The course begins with an overview of major components of paleontology, including evolutionary biology, taxonomy and systematics, taphonomy, and geologic time. Students then learn about modern mammalian groups and mammalian anatomy before taking a detailed look into current fossil evidence for the evolution of major mammalian groups.

*Note:* Credit will be granted for only one prefix.

**Cross Listed Course(s):** BIO 3190

## ANT 3300 - Exploring World Cultures: Variable Topics

**Credits:** 3

**Prerequisite(s):** ANT 1310 or Permission of instructor

**Description:** The focus of study will be an exploration of selected non-Western cultures. Using films and various ethnographic procedures, the student learns how culture-and by extension, human culture-is a living thing shaped by the people who carry it.

*Note:* The course may be repeated under different topics.

## ANT 3310 - Ethnography of North American Indians

**Credits:** 3

**Prerequisite(s):** ANT 1310 or Permission of instructor

**Description:** This course studies the nature and consequences of distinctive Indian cultures that occupied North America at the time of European contact. Includes a close analysis of the many different aspects of social organization and environment that contribute to the unique cultures we call American Indian.

## ANT 3320 - Anthropology of Japan

**Credits:** 3

**Prerequisite(s):** ANT 1310 or permission of instructor

**Description:** This course provides a comprehensive introduction to the anthropological study of contemporary Japanese culture and society, with attention to historical, ethnographic and media interpretations. Major themes include historical background of contemporary Japanese society, language and communication, changing social patterns and institutions, demographic transition, popular culture, citizens' movements, and globalization.

## **ANT 3330 - Japan: Culture, Communication, and Identity**

**Credits:** 3-6

**Prerequisite(s):** Permission of instructor

**Description:** This study abroad course explores Japanese culture, communication, and identity through lecture, experiential learning, and ethnographic fieldwork in Japan. Pre-departure instruction focuses on geography, history, social organization, political-economy, patterns of social interaction, and ethnographic field methods. Week-long stays in distinct regions of Japan enable students to observe and experience how social-political, regional, and linguistic differences shape majority and minority identities, despite the belief that Japan is culturally homogenous.

## **ANT 3335 - Asian American Experiences**

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010

**Description:** This course critically reviews Asian American history and examines its relevance to contemporary issues in the U.S. It employs an interdisciplinary approach to examine the intersectionality of power, race, class, gender, and internal marginalization in shaping Asian American experiences. Topics include: racial formation of Asian American ethnic identities; historical roots of discrimination and anti-Asian violence (with special topics on Asian American women and Asian Americans in Colorado); negotiation of Asian American identities and culturally distinctive coping strategies; the myth and consequences of "Model Minority"; the relevance of the "Sojourner Hypothesis" in the 21st century; and generations of Asian American social movements aiming at achieving equality and justice for all.

**University Requirement(s):** Ethnic Studies & Social Justice

**Cross Listed Course(s):** SOC 3200

## **ANT 3340 - Native Americans in Historical Perspective**

**Credits:** 3

**Prerequisite(s):** ANT 1310 or Permission of instructor

**Description:** This course is a survey of the response of Native American societies to the overrunning social, economic, and political structures of Euro-America. Broad areas of cultural change are covered, and the fundamental issues of land, economic development, and cultural integrity are looked at.

## **ANT 3361 - Gender and Disaster**

**Credits:** 3

**Description:** This course analyzes gender's shaping global development and disaster vulnerability by focusing on the experiences of girls and women before, during, and after disastrous events. It examines intersecting patterns of vulnerability and response based on gender, class, race/ethnicity, age, nationality and other factors. Students examine gender-focused case studies from developed and developing societies and investigate the practical

implications of gender-sensitive sociology of disaster.

*Note:* Credit will be granted for only one prefix: ANT, GWS, or SOC

**Cross Listed Course(s):** GWS 3780, SOC 3780

## **ANT 3365 - Structural Violence, Poverty and Human Rights**

**Credits:** 3

**Prerequisite(s):** ENG 1009 or ENG 1010

**Description:** In this course, students apply a structural violence framework to make visible the power inequalities that result in producing and reproducing injustices and violations of socioeconomic rights. The use of ethnographic case studies allows students to explore a human rights-based approach to collective actions for justice. Through group discussion, analysis, and workshops, students learn to take political responsibility for injustices beyond those we individually witness or experience.

*Note:* Credit will be granted for only one prefix.

**Cross Listed Course(s):** GWS 3365, PSC 3365

## **ANT 3375 - Food and Culture**

**Credits:** 3

**Description:** This course is an exploration of how food procurement, dietary practices, ideologies of consumption, and food celebrations across cultures are related to varying environments, subsistence strategies, moral sensibilities, socioeconomic and political conditions, social identities, and social hierarchies. Using an anthropological approach, students examine how the ideological, emotional, symbolic, aesthetic, and social value of food and its marketing varies across cultures. In addition, course materials introduce students to the politics and social movements revolving around ethical food procurement and food as a human right.

*Note:* Credit will be granted for only one prefix: ANT or NUT.

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Cross Listed Course(s):** NUT 3375

## **ANT 3379 - Middle Eastern Cultures**

**Credits:** 3

**Prerequisite(s):** ENG 1020 or ANT 1310 or PSC 1020

**Description:** This course introduces students to various aspects of Middle Eastern cultures, including family life, marriage, kinship, religious practices, communal, ethnic, class, and gender identities. Using anthropological approaches of holism and cultural relativism to studying cultures, the course highlights the region's diverse ethnic, religious, linguistic and economic groups, its visual, popular, national, gender, and social cultures, and how colonial history and foreign powers have influenced it using ethnographic case studies and cultural histories from Afghanistan, Bahrain, Egypt, Iran, Israel, Israel, Jordan, Kuwait, Lebanon, Oman, Pakistan, Palestine, Qatar, Saudi Arabia, Syria, Turkey, United Arab Emirates, and Yemen.

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Cross Listed Course(s):** PSC 3379

## **ANT 3380 - Exploring Folklore**

**Credits:** 3

**Prerequisite(s):** ANT 1310 or CHS 1000; or Permission of the instructor

**Description:** This course will help the student to analyze the various elements of folklore from verbal to non-verbal classifications, survivals, revivals, and the implications for modern society. Folklore will be studied in a historical and contemporary context. The student will gain an understanding of both the universality and variability of folklore through many global examples compared and contrasted with a regional focus on the folklore of the American Southwest.

**Cross Listed Course(s):** CHS 3880

### **ANT 3386 - Religious Narratives and Culture**

**Credits:** 3

**Prerequisite(s):** ANT 1310 or PHI 1010 or PHI 1040 or PHI 1050 or at least 6 General Education credits or instructor permission

**Description:** This course is an anthropological examination of how the supernatural cosmos and entities are conceptualized in religious texts and narratives diversely across cultures and how they relate to socio-economic, political and artistic aspects of life. Topics include creation narratives, myths, legends and folklore, rituals and rites of passage, magic and witchcraft, ritual mediation, taboos, religious symbols, and religious movements.

**General Studies:** Arts and Humanities

### **ANT 3391 - Approaching Culture: Past and Present**

**Credits:** 3

**Prerequisite(s):** ANT 1310 or permission of instructor

**Description:** The study of human behavior and cultures has always fascinated and puzzled social scientists. In this course, we will examine the historical and social dimensions of the study of cultures from the 19th century to the present and related conceptual paradigms. In addition, we will examine how increased awareness of issues of differential power, observer/observed subjectivities, culturally constructed identities and fieldwork ethics have influenced how we understand the human condition.

*Note:* Students cannot earn credit for both ANT 3390 and ANT 3391.

### **ANT 3395 - Transnational Genders and Sexualities**

**Credits:** 3

**Prerequisite(s):** GWS 1001 or GWS 1200 or ANT 1310 or ANT 2500 or ENG 1020 or ENG 1021

**Description:** This course explores the transnational production of gender and sexualities. It examines how people, ideas and capital moving across borders play a role in the development of gender and sexual identities, practices, and communities. Through this focus, the course engages transnational phenomena such as tourism, migration, global LGBT communities, colonization and human rights.

*Note:* Credit will be granted for only one prefix: ANT or GWS

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Cross Listed Course(s):** GWS 3395

### **ANT 3397 - Culture and Economy**

**Credits:** 3

**Prerequisite(s) or Corequisite(s):** ANT 1310 or ANT 2330 or ECO 2010 or ECO 2020

**Description:** In this course, students are introduced to the relationship between culture and economic behavior. Using production, consumerism, and social exchange as a point of departure, students examine the dynamics of community perceptions, cultural trends and social identities built around economic enterprise. The topics students review include public choice, non-market decisions, economics of globalization, colonial and local systems of economy and challenges, cultural norms of economic relations, sharing, exchange and consumerism, informal economy, economy of tourism, and economic movements, among others.

*Note:* The course is crosslisted. Credit will be granted for only one prefix, ANT or ECO.

**Cross Listed Course(s):** ECO 3397

### **ANT 3420 - Applied Anthropology**

**Credits:** 3

**Prerequisite(s):** ANT 1310 and 3 credit hours of upper-division anthropology coursework

**Description:** Often regarded as the fifth field of anthropology, applied anthropology is an aspiration, necessity and reality for contemporary anthropologists. This course explores how anthropological knowledge can be applied to solve problems and meet the needs of communities and organizations in pursuit of human rights, peace and social egalitarianism. Different facets of applied anthropology, from public anthropology to community-based anthropology to activist anthropology and others will be examined using examples from the field to highlight ways in which anthropologists apply anthropological theory, ethics, fieldwork methodology and data to initiate solutions to real-life problems of the communities and organizations which they study. Furthermore, students will learn about the career trajectories that involve applying anthropological insights to community betterment.

### **ANT 3480 - Cultural Diversity in Health and Illness**

**Credits:** 3

**Prerequisite(s):** Completion of General Studies requirements in Written Communication, Oral Communication, and Quantitative Literacy, and permission of instructor.

**Description:** This course prepares students to understand the many different viewpoints and concepts related to health and illness in other cultures and emphasizes the need and means to provide culturally appropriate health care.

### **ANT 3490 - Globalization and Culture**

**Credits:** 3

**Prerequisite(s):** ANT 1310 or permission of instructor

**Description:** This course explores anthropological approaches to globalization, with an emphasis on understanding transnational movements of capital, commodities, persons and ideas through the analysis of ethnographic case studies. Students examine the impact of

globalization on how anthropologists theorize culture and conduct ethnographic fieldwork.

### ANT 3520 - Analyzing Talk and Interaction

**Credits:** 3

**Description:** Face-to-face interaction is a defining feature of human behavior. It is where language, bodily movement, and other modalities of expression become socially enacted as talk. Through this course, students collect and prepare data to examine this special site of human existence, focusing on how people coordinate and situate their language and bodies within a richly structured social, cultural, and material world.

**Cross Listed Course(s):** COMM 3120, SOC 3360

### ANT 3530 - Writing Systems and Scribal Traditions

**Credits:** 3

**Description:** From columns of Classic Mayan glyphs and Chinese characters to strings of Greek letters and Viking runes, the world's writing systems and scribal traditions are vast and diverse. In exploring this topic, the course examines how sounds, words, social meanings, and other properties of human languages are graphically adapted and culturally transformed into writing systems. Specific areas of focus include the historical development of writing systems, epigraphy and the decipherment of ancient languages, scribal artistry and craft, and the relationship between writing and sociopolitical power. Although surveying several writing systems and associated phenomena, the course also features an in-depth exploration of Classic Mayan writing (or another visually complex system).

**General Studies:** Arts and Humanities, Global Diversity

**Cross Listed Course(s):** LING 3090

### ANT 3540 - Women in the Developing World

**Credits:** 3

**Prerequisite(s):** GWS 1001 or PSC 1020 or ANT 1310

**Description:** This course presents a cross-cultural study of women's lives in the developing world by examining two main issues: the influence of culture on women's issues and politics' impact on women. By the end of this course students will not only learn about the lives of women in the developing world but also become familiar with how women across the globe articulate the desire for equality.

*Note:* Credit will be granted for only one prefix.

**Cross Listed Course(s):** GWS 3540, PSC 3540

### ANT 3600 - Archaeology of Eurasia and Africa

**Credits:** 3

**Prerequisite(s):** ANT 1650 or equivalent, or permission of the instructor

**Description:** This course examines important archaeological discoveries relevant to the archaeology of Eurasia and Africa. Students critically analyze archaeological evidence to understand early human migrations, the domestication of plants and animals, the

rise of civilizations, and intercultural or interregional contacts from the Paleolithic to the Iron Age.

### ANT 3610 - Colorado Archaeology

**Credits:** 3

**Prerequisite(s):** ANT 1650 or equivalent, or permission of the instructor

**Description:** This course examines important discoveries relevant to the archaeology of Colorado. Students critically analyze archaeological evidence, as well as historic and contemporary scholarship, to understand human adaptation to environmental diversity, Native American lifeways, and later intercultural and interregional contacts.

### ANT 3630 - Archaeology of Ancient Egypt

**Credits:** 3

**Description:** This course examines a set of timeless historical and anthropological issues as experienced by ancient Egyptians. Students critically analyze the classic Egyptian discoveries and review the latest archaeological research.

**Cross Listed Course(s):** HIS 3707

### ANT 3640 - Holy Land Archaeology

**Credits:** 3

**Description:** This course examines important archaeological discoveries relevant to Holy Land historical contexts and interpretation. Students critically analyze both material and literary evidence, as well as historic and contemporary scholarship, to understand the benefits and challenges of correlating ancient literary sources, biblical narratives, and the archaeological record.

*Note:* Credit will be granted for only one prefix.

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Cross Listed Course(s):** HIS 3706

### ANT 3650 - 100,000 Years of War

**Credits:** 3

**Description:** This course uses a broad comparative framework to introduce students to the economic, intellectual, political, and cultural impact that warfare has had from prehistory to modern times. One of every 150 people die violently in the world today. One of every 100 people died in this fashion a century ago, and one of every fifty people approximately 1,000 years ago. An astonishing one out of ten people died violently 10,000 years ago. Students will explore this contingent shift away from violence over time.

*Note:* Credit will be granted for only one prefix: ANT or HIS.

**General Studies:** Social and Behavioral Sciences, Global Diversity

**Cross Listed Course(s):** HIS 3705

### ANT 3660 - Archaeology of the Americas

**Credits:** 3

**Prerequisite(s):** ANT 1650 or equivalent, or permission of the

instructor

**Description:** This course examines important archaeological discoveries relevant to the archaeology of the Americas. Students critically analyze archaeological evidence, as well as historic and contemporary scholarship, to understand the populating of the Americas, domestication of plants and animals, the rise of civilizations, and intercultural and interregional contacts.

### ANT 3790 - Human Osteology

**Credits:** 3

**Prerequisite(s):** ANT 1010 or permission of instructor

**Description:** This course instructs students in human osteology from an anthropological perspective. Instruction covers bone as a living tissue and how it grows and develops, as well as the manner in which it responds to stress. Students receive instruction in the identifying features of each bone, including major muscle attachment sites, and they learn how to create a biological profile by analyzing human skeletal remains, including estimating biological sex, age at death, stature, and population affinity. They are also instructed in the identification of specific bones, the side from which they came, and the sex and age where appropriate for fragmented remains. Students have the opportunity to work with human bone casts and human bones, including bone fragments, which form part of the MSU Denver Anthropology program collection. This course counts toward the Anthropology major's practical requirement.

### ANT 3800 - Forensic Anthropology

**Credits:** 3

**Prerequisite(s):** ANT 1010 or permission of instructor

**Description:** This course offers instruction in the foundational concepts, theories, and methodologies used in the field of forensic anthropology. Students receive instruction in human osteology; human skeletal analysis; statistical analysis; scene location, recovery and analysis; chain of evidence preservation; medicolegal aspects of trial testimony; and professional avenues for forensic anthropologists within the broader forensic sciences. Students engage critically with theory and current methods via hands-on lab activities, discussion, and written assignments. This course counts towards the Anthropology major's practical requirement.

### ANT 3820 - Forensic Archaeology

**Credits:** 3

**Prerequisite(s):** ANT 2640 or permission of instructor

**Description:** This course examines the role of forensic archaeology within the specialty field of forensic anthropology. It includes a discussion of the role of the forensic anthropologist in the United States. The importance of traditional archaeological techniques and how they may be adapted within a medico-legal context are addressed. Methods for the search and location of forensic sites, and the excavation and recovery of human remains and associated evidence are discussed in detail.

### ANT 3840 - Introduction to Bioarchaeology

**Credits:** 3

**Prerequisite(s):** ANT 1010

**Description:** This course is an introduction to bioarchaeology; the study of human skeletal remains contextualized in the larger archaeological and historic record. Bioarchaeology, as a specialization in anthropology, is the integration of theory and methods from biological anthropology and archaeology. In this course the human body is understood from a biocultural perspective. A wide range of topics including mortuary archaeology, paleopathology, trauma and violence, paleodemography, population genetics, and use of the body as material culture is covered. This course also emphasizes ethical and legal considerations for bioarchaeological research and its impacts on living cultures, as well as the practitioner.

### ANT 3860 - Paleopathology

**Credits:** 3

**Prerequisite(s):** ANT 1010 or permission of instructor

**Description:** This course is an examination of how anthropologists utilize current techniques and information in the analysis and discovery of disease, diet and injury on fossil and human skeletal material. Analysis of archaeological techniques and impact of mortuary practices are reviewed. Students practice various methods for analysis of skeletal pathology and demography.

### ANT 4100 - Biological Anthropology Research Design

**Credits:** 3

**Prerequisite(s):** ANT 1010 and a minimum of six hours of upper-division anthropology coursework or permission of instructor

**Description:** This course addresses research design and methods used in biological anthropology. The majority of these methods involve measurement and analysis of human anatomical variation. Students practice anthropometric and osteometric measurement techniques. Students study human osteology with a specific focus on estimation of age, sex, stature, and ancestry. Additional research methods including microscopy, photography, and computer-based imaging modalities are also addressed. Students review basic univariate and multivariate statistics and their role in biological anthropology research. Literature reviews, data collection protocols, and dissemination of results are also covered. Students use knowledge gained in this course to design and conduct a research project.

**University Requirement(s):** Senior Experience

### ANT 4251 - Advanced Ethnographic Field Experience

**Credits:** 3

**Prerequisite(s):** Senior Standing

**Description:** This course covers key issues in ethnographic field design, including ethics, participant and observer identities and voices, data collection methods and analysis, and the value of the holistic perspective in anthropology. Course content, class

discussions, and research experience prepare students in conducting their own ethnographic projects.

**University Requirement(s):** Senior Experience

### **ANT 4400 - Current Issues in Anthropology: Variable Topics**

**Credits:** 1-6

**Prerequisite(s):** Permission of instructor

**Description:** This course is an examination of current issues in one or more sub-fields of anthropology. Each section covers a different area of anthropology. The course may be repeated under different topics for up to 6 credit hours.

**Note:** Variable Credit This course is repeatable for a maximum of six semester hours.

### **ANT 4610 - Archaeological Laboratory Methods**

**Credits:** 3

**Prerequisite(s):** ANT 1650 or ANT 2640, or permission of the instructor

**Description:** Students in this course receive advanced training in common laboratory methods used by archaeologists in artifact processing, artifact handling, and archaeological interpretation following fieldwork. Through hands-on activities, students gain practical experience in classifying and analyzing a variety of archaeological materials. [This course can be counted toward the practical requirement for the Anthropology Major.]

### **ANT 4710 - Advanced Archaeological Research**

**Credits:** 3

**Prerequisite(s):** Senior Standing and ANT 1650 or ANT 2710 or permission of instructor

**Description:** This course addresses research design and methods used in archaeology. Students practice hands-on methods such as surface survey, excavation, and/or lab methods including bone, ceramic, lithic, and archival analysis. This course may be repeated for up to a maximum of six hours. No more than three credit hours may be applied toward a major or minor in anthropology.

**Field Trips:** Potential trips include archaeological sites and museums. Personal field equipment may be required (tape measures, gloves, etc.).

**University Requirement(s):** Senior Experience

## **Architecture**

### **ARCH 2001 - Introduction to Architecture**

**Credits:** 3

**Prerequisite(s):** CET 1215 with a grade of "C" or better

**Description:** In this course, students will recognize the complexity and beauty of architecture, and develop a specialized area of interest within the field of architecture. The course provides a foundation in

the culture of architecture, which students will pursue through affiliated courses on the subject.

### **ARCH 2002 - Architectural Design-Studio 1**

**Credits:** 3

**Prerequisite(s):** CET 1215 with a grade of "C" or better

**Description:** In this course, students will focus on a practical, residential building design. The small-scale dwelling design will include the overall planning process from creating a basic building concept to its finished plan and documentation.

### **ARCH 2003 - Building Structures**

**Credits:** 3

**Prerequisite(s):** CET 1215 or IND 1450 or MET 1200 or permission of instructor

**Description:** In this course students learn building structural components and details and architectural modeling through integrated class projects. The students are also introduced to Building Information Modeling (BIM) and to the importance of collaboration between related fields in the building industry.

**Cross Listed Course(s):** CET 2003

### **ARCH 3001 - Architectural Interior Design**

**Credits:** 3

**Prerequisite(s):** ARCH 2002 with a grade of "C" or better

**Description:** In this course, students will focus on the dual nature of interior design and architecture. One part will reveal how interior design is an integral part of complex architecture; the other part will show how interior design is independent. The main goal is for students to gain experience in interior design and the exciting world of object design.

### **ARCH 3002 - Architectural Design-Studio 2**

**Credits:** 3

**Prerequisite(s):** ARCH 2002 with a grade of "C" or better

**Description:** This course provides a knowledge base in the theory and practice of architecture and urban design, focusing on complex architectural issues. Students will explore the relationship of public building design and urbanism. Students will gain insight into the connections between architectural projects and urban design, and overview urban planning history from its beginnings to the present. Students learn to create large-scale, urban-development projects through case studies that demonstrate design precedents, to procedure, to implementation.

### **ARCH 3003 - Digital Presentations in Architecture**

**Credits:** 3

**Prerequisite(s):** CET 1215 with a grade of "C" or better or permission of instructor

**Description:** The course introduces students to traditional and contemporary presentation techniques that could be applied to the

architecture profession. The goal of the course is to enable students to self-manage their professional life and creatively use different media platforms.

## Art

### ART 1101 - Art Studio: 2D

**Credits:** 3

**Description:** Students in this course are introduced to a broad range of two-dimensional art and design techniques, material practices, and concepts. Students work hands on with these fundamentals in a supportive environment of experimentation and discovery. Emphasis is placed on critical thinking and creative problem solving through investigations of form and content in two-dimensional space. Students move from divergent modes of thinking and working to convergent culminating activities, resulting in a series or body of work appropriate for the Foundations level.

### ART 1141 - Art Studio: Drawing

**Credits:** 3

**Description:** Students in this course are introduced to drawing as the common denominator for all art-making media. Students practice fundamental drawing skills, employing a variety of drawing media and techniques through art elements and design principles. Coursework emphasizes critical thinking and creative problem solving through technical and conceptual exploration, visual or thematic research, and visual or perceptual invention. No previous art skills are needed for this course.

**General Studies:** Arts and Humanities

### ART 1212 - Non-Majors Ceramics: Handbuilding

**Credits:** 3

**Description:** This course introduces students to the basic hand-building techniques and technical knowledge required to work and fire ceramics. Students develop both a conceptual understanding and practical knowledge of the ways in which three-dimensional ceramic form functions. Lectures and visual presentations explore historical and contemporary approaches to ceramics. This course is restricted to non-Art majors.

### ART 1213 - Non-Majors Ceramics: Wheelthrowing

**Credits:** 3

**Description:** This ceramics course focuses on wheel throwing as an expressive tool with which students develop their ceramic techniques of thrown and altered forms. Students investigate traditional vessel making, as well as thrown and altered sculptural and functional objects. Topics of study include contemporary and historical wheel-thrown objects and an introduction to high-fire, atmospheric firing. This course is restricted to non-Art majors.

### ART 1251 - Jewelry and Metals for Non-Art Majors

**Credits:** 3

**Description:** Restriction: Course restricted to non-Art majors  
This course explores traditional and contemporary approaches to the creation of handcrafted jewelry and precious or semiprecious metal objects. The course will introduce basic casting and fabricating techniques such as hollow construction and surface embellishment. **This course is restricted to non-Art majors.**

### ART 1261 - Painting for Non-Art Majors

**Credits:** 3

**Description:** Restriction: Course restricted to non-Art majors  
This course explores acrylic painting techniques and materials. Students study composition, the use of color, and design elements and principles. **This course is restricted to non-Art majors.**

### ART 1271 - Film Photography for Non-Majors

**Credits:** 3

**Description:** This course introduces basic photographic problem-solving focused on technical and aesthetic concerns while addressing the history of photography. Students learn black and white film exposure, development and printing. This course is restricted to non-art majors.

### ART 1273 - Digital Photography for Non-Art Majors

**Credits:** 3

**Description:** This course introduces basic digital photographic strategies for image making focused on technical and aesthetic concerns while addressing how photographic images function in visual culture. Students learn image capture, fundamentals of basic camera functions, processing, manipulation and printing of digital image files, and maintenance and archiving of a digital archive. Contemporary photography topics are integrated into the curriculum through assignments and related independent research. This course is restricted to non-art majors.

### ART 1291 - Sculpture for Non-Art Majors

**Credits:** 3

**Description:** Students in this course examine fundamental principles, procedures, and techniques in producing art using a variety of sculptural tools and materials. Emphasis is placed on critical and creative thinking and multi-modal expression through investigations of physical form, process, context, and studio practices. This course is restricted to non-art majors.

### ART 1300 - Woods: Materials and Fabrication

**Credits:** 3

**Description:** An introductory course designed to give the student basic information about wood material properties, species selection criteria, practical design applications, and ordering and specifying protocol. The design process is presented and applied in the development of a furniture design and fabrication plan, which is

utilized to construct design.. The course also provides instruction for basic skill development in the use of wood working tools, machines, and processes. Wood finishing materials and processes are also studied and utilized in student projects.

*Note:* Credit will be granted for only one prefix: ART or IND.

**Cross Listed Course(s):** IND 1010

### **ART 1501 - Art Studio: 3D**

**Credits:** 3

**Description:** Students in this course are introduced to a broad range of three-dimensional art and design techniques, material practices, and concepts. Students work hands on with these fundamentals in a supportive environment of experimentation and discovery. Emphasis is placed on critical thinking and creative problem solving through investigations of form and content in three-dimensional space. Students move from divergent modes of thinking and working to convergent culminating activities, resulting in a series or body of work appropriate for the Foundations level.

### **ART 1505 - The Visual Journal**

**Credits:** 3

**Prerequisite(s) or Corequisite(s):** None

**Description:** Students in this course focus on developing a series of thematic concepts within the visual journal. These thematic assignments function as points of departure for students to research and develop their subject matter. Students generate journals that serve as vehicles for growth as well as experimentation with non-traditional media.

### **ART 1531 - Art Studio: 4D**

**Credits:** 3

**Description:** This course introduces the fundamental principles of four-dimensional art and design through a survey of concepts, techniques, and technological practices. Emphasis is placed on critical thinking and creative problem solving through investigations particularly relevant to four-dimensional art and design; that is, form and innovation in technological environments, time and motion, ephemerality, and four-dimensional studio practices.

### **ART 2221 - Doing Theory**

**Credits:** 3

**Prerequisite(s):** ART 1101 and ART 1501 and ART 1531 and (ENG 1020 or ENG 1021) with "C-" or better, or permission of the department

**Description:** This course introduces concepts and tools for analyzing theoretical frameworks in visual art, conducting creative research through art making, and investigating contemporary artworks with such theoretical and research orientations. Students examine images, read primary and secondary source texts, discuss concepts, translate their understanding through artistic forms of research, and exchange their research and ideas with fellow students. The concepts and tools introduced in this course will then be

developed further in the students' upper-level coursework and utilized in their professional practices as artists.

### **ART 2611 - Beginning Ceramics: Handbuilding**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800) and (ART 1531 or ART 1101) and ART 1501 with C- or better in each; or permission of the department.

**Description:** Students in this course are introduced to the basic hand-building techniques and technical knowledge required to work and fire ceramics. Students develop both a conceptual understanding and practical knowledge of the ways in which three-dimensional ceramic form functions.

### **ART 2613 - Beginning Ceramics: Wheelthrowing**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800) and (ART 1531 or ART 1101) and ART 1501 with C- or better in each; or permission of the department.

**Description:** Students in this course focus on the potter's wheel to investigate conceptual and utilitarian ideas associated with vessel and sculpture making. Students investigate both traditional and contemporary approaches to working with ceramics. In addition to building skill on the potter's wheel, topics of study include contemporary and historical uses of the potter's wheel and an introduction to high fire atmospheric firing. Assigned projects are given in sequence with the underlying goal of building toward fluid proficiency with use of the potter's wheel and of ceramic materials.

### **ART 2631 - Beginning Digital and Emerging Art Practices**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ART 1800) and (ART 1101 or ART 1501) and ART 1531 with a C- or better, or permission of the department

**Description:** Students in this course explore digital tools and emergent technology in art and incorporate them into their creative practices. This course covers various techniques, including projection mapping, immersive media, interactive design, and AI tools in media art. Throughout the course, students bring their unique visions into personal projects through diverse storytelling methods with digital technology. This course provides students with technical aspects, underlying theories, and creative processes that shape emerging art.

### **ART 2641 - Color Drawing: Wet and Dry**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800), ART 1101 and ART 1531 with "C-" or better in each; or permission of the department.

**Prerequisite(s) or Corequisite(s):** ART 1501 or permission of instructor

**Description:** Students in this course are introduced to color theory

and various techniques employing colored pencil, water-media, and pastel while expanding upon graphite skills. Coursework emphasizes conceptual and technical abilities, as well as visual perception and problem solving.

### **ART 2643 - Figure Drawing: Wet and Dry**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800), ART 1101 and ART 1531 with "C-" or better in each; or permission of the department.

**Prerequisite(s) or Corequisite(s):** ART 1501 or permission of the department

**Description:** Students in this course focus on the human form through observational rendering from live models. Students examine human anatomy, both structural and muscular systems, through both in-class exercises and assigned homework. Both wet and dry applications are investigated; as are black and white media, color media, and conceptual development. Historic and contemporary artists and themes are reviewed and inspected through lectures, critiques and outside assignments.

### **ART 2651 - Beginning Jewelry and Metalsmithing**

**Credits:** 3

**Prerequisite(s):** ARTH 1600 or ARTH 1700 or ARTH 1800 and ART 1101 or ART 1531 and ART 1501 with a C- or better, or permission of the department

**Description:** Students in this course are introduced to jewelry and metalsmithing materials and processes. Basic fabrication and casting techniques including surface embellishment, forming, soldering, stone setting and wax carving are introduced. Through the creation of thematic projects, students explore traditional and contemporary approaches to metalsmithing and designing artworks for the body.

### **ART 2661 - Beginning Painting**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800) and (ART 1101 or ART 1141) and (ART 1501 or ART 1531) with a C- or better, or permission of the department

**Description:** This course introduces basic water- and oil-based painting techniques and processes. Through the creation of thematic projects, students explore traditional and contemporary approaches to painting. Students develop both a conceptual understanding and practical knowledge through material investigation and experimentation.

### **ART 2671 - Beginning Photography**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800) and ART 1101 with C- or better in each, or permission of the department.

**Prerequisite(s) or Corequisite(s):** ART 1501 and ART 1531 or permission of the department

**Description:** Students in this course are introduced to analog and digital photography. Processes and techniques include basic camera functions, processing of black and white film, processing digital files, and printing techniques. Through the creation of thematic projects, students explore historical and contemporary approaches to photography.

### **ART 2682 - Beginning Printmaking**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800) and ART 1101 with C- or better in each, or permission of the department.

**Prerequisite(s) or Corequisite(s):** ART 1501 and ART 1531 or permission of the department

**Description:** Students in this course develop knowledge and skills of traditional and contemporary fine art processes of screen printing, also known as silkscreen, and relief printmaking, such as linoleum print and woodcut. Students gain skill in using various methods of layering and image generation in order to explore artistic challenges. Emphasis is placed on technical, aesthetic, and conceptual development through readings, lectures, demonstrations, critique, and material experimentation.

### **ART 2691 - Beginning Sculpture**

**Credits:** 3

**Prerequisite(s):** (ARTH 1600 or ARTH 1700 or ARTH 1800) and (ART 1101 or ART 1531) and ART 1501 with a C- or better, or permission of the department

**Description:** Students in this course explore a variety of historical and contemporary sculptural processes and apply them towards the production of different thematic projects. Fabrications utilize techniques in woodworking, cold metalworking, welding, mold making, casting, computer modeling, plaster sculpting and plastic-manipulating. The inextricable link between materials and ideas is critically examined.

### **ART 2781 - Lithography**

**Credits:** 3

**Prerequisite(s):** ARTH 1600, ART 1101, and ART 1141 with C- or better in each; or permission of department

**Prerequisite(s) or Corequisite(s):** ART 1501, ART 1531, and ARTH 1700; or permission of department

**Description:** Students develop knowledge and skills of traditional and contemporary fine art lithography printmaking processes through a series of thematic projects that address invention, problem solving, medium experimentation, technical skills, research, and criticism. Through projects, students are provided a working understanding of the principles of stone, plate, and the photo lithography process, including multi-matrix color printing. Students gain knowledge through readings, lectures, and demonstrations, including the examination of historical and contemporary lithographic prints and the commercial and fine art application of the media.

### **ART 3101 - Professional Practices I**

**Credits:** 1

**Prerequisite(s):** ART 1101 or ART 1531 or ART 1501 with C- or better; or permission of department

**Prerequisite(s) or Corequisite(s):** ARTH 1600 or ARTH 1700 or ARTH 1800 with C- or better, or permission of department

**Description:** Students in this course are introduced to options, expectations, and preparations for an art career. This course combines guest speakers, site visits, and studio reflection. Students learn to explore, write, and think about their artwork in a career-building context.

## ART 3235 - Video Art

**Credits:** 3

**Prerequisite(s):** JMP 2430 and JMP 1000; or ART 1101, ART 1501, (ARTH 1500 or ARTH 1600 or ARTH 1700 or ARTH 1800) and (ART 1531 or IND 2100) and (ART 2691 or ART 2693 or ART 2651 or ART 2611 or ART 2613 or ART 2631 or ART 2682 or ART 2671 or ART 2661 or ART 2641 or ART 2643) with C- or better in each; or permission of the department

**Description:** Students in this course combine video production with a critical examination of experimental video and time-based media as an art form, cultural tool, and social practice. Through studio practice, screenings, readings, and critiques, students examine the diverse languages and practices of video and time-based media within a contemporary context. Students experiment with monitors, projectors, and other media while addressing concerns of site and scale, and issues of narrative, identity, reception, audience, and private/public space. Students learn the technical and conceptual aspects of production and develop individual aesthetic, analytic, and critical skills. This is an integrated media course.

## ART 3236 - Experimental Animation

**Credits:** 3

**Prerequisite(s):** ART 1531 with C- or better; or permission of the department

**Description:** Students in this course learn experimental concepts and techniques to create 2D and 3D digital animations. They focus on the intellectual investigation of animation themes and forms, emphasizing innovative concepts and processes to expand the scope of animation possibilities within the discipline of studio art. This is an integrated media course.

*Note:* Credit will be granted for only one prefix.

**Cross Listed Course(s):** CDES 3236

## ART 3237 - Art of the International Film Poster

**Credits:** 3

**Prerequisite(s) or Corequisite(s):** ENG 1020 or ENG 1021 with D- or better

**Description:** Students in this course examine international film posters and cinematic movements from diverse cultures around the world. By utilizing art-making concepts and techniques, students create a series of film posters that visually and conceptually connect to significant movements within art and global cinema. In addition to analyzing the convergence of art and film, this course emphasizes the

relationship of the art film poster to broader cultural, social, and theoretical contexts. No previous art skills are needed for this course.

**General Studies:** Arts and Humanities, Global Diversity

## ART 3244 - Advanced Figure Drawing

**Credits:** 3

**Prerequisite(s):** ART 2643 with a "C-" or better or permission of the department

**Description:** This course requires the student to apply knowledge of human anatomy to drawing the human figure. Students extend conceptualization skills and expand use of varied media and techniques.

*Note:* This course may be repeated once for a maximum of six semester hours.

## ART 3266 - Community Painting: The Mural

**Credits:** 3

**Prerequisite(s):** ART 1101, ART 1501, ART 1531, (ARTH 1600 or ARTH 1700), ARTH 1800; and ART 2661 with C- or better in each; or permission of department.

**Description:** Students in this course briefly survey the history of murals and the mural movement. A site is located at an agency or business in the Denver metro community where a mural is to be painted. A series of designs and concepts are then researched and proposed by the students for approval by the site agency or business. Students work as a team and collaborate to complete the approved mural concept.

*Note:* This course is repeatable once for a maximum of six semester hours.

## ART 3301 - The Artist's Book

**Credits:** 3

**Prerequisite(s):** ART 1101, ART 1501, (ARTH 1500 or ARTH 1600 or ARTH 1700 or ARTH 1800), and (ART 1531 or IND 2100) and (ART 2691 or ART 2693 or ART 2651 or ART 2611 or ART 2613 or ART 2631 or ART 2682 or ART 2671 or ART 2661 or ART 2641 or ART 2643 or CDES 2222) with C- or better in each; or permission of the department
