III. POLICY STATEMENT

- A. Colorado State law requires any student enrolled for one or more credit hours in higher education to comply with the State's immunization policy. This policy also applies to active military students, graduate students, students taking online only classes and those studying abroad.
- B. The immunization requirement is in place to ensure the health and safety of all constituents on the Auraria campus, and the University is required by State law to enforce this requirement in the interest of public health.
- C. Students must comply with the State of Colorado's Immunization Policy requirements for higher education by submitting documentation of their previous immunizations, specifically providing proof of 2 doses of combined MMR vaccine (measles/mumps/rubella) or proof of having received two doses of measles vaccine, two doses of mumps vaccine and two doses of rubella vaccine. This documentation must be submitted during the first semester of attendance by the immunization deadline to the Auraria Immunizations Office. The summer/fall deadline is October 1st, and the Spring deadline is March 1st.
- D. Students who do not comply with this requirement will not be eligible to register for future semesters. Non-compliant students will have an immunization "hold" put on their account if they have not submitted their immunization documentation by the published deadline during their first semester of attendance.
