

Tool Reference: Qrader

Accessing Qrader

Step 1. Open the Microsoft Edge browser on the desktop of your SOC workstation.

Step 2. Click the bookmark for Qrader and use the **credentials saved in your browser to login.**

Investigating Offenses

Step 1. Click on the tab labeled “**Offenses**” at the top of your screen and you will be brought to the “**All Offenses**” page.

Step 2. Double-click on an offense to see more detailed information about it.

Step 3. Clicking on the links within the offense will provide more information, such as a list of IPs that are relevant to the alerted offense.
