Join MAST Student Orgs

Our students have formed organizations to continue to explore their love of mathematics and statistics, and to also create a stronger sense of student community. These organizations are always excited to accept new members, and they look forward to hearing from you!

Women in Mathematics at MSU Denver (WiMaM): The purpose of WiMaM is to promote the interest of underrepresented and marginalized groups who wish to pursue mathematics by providing academic and career opportunities, as well as by providing an inclusive and supportive community through which members can grow as mathematicians.
