MARCH 2026

RELEASE 30

International Women's Day - 8th

On this day, the world celebrates International Women's Day — a day dedicated to honoring women's achievements and recognizing the ongoing fight for equality. It highlights important issues like gender equality, reproductive rights, and ending violence against women. It's both a celebration of progress and a reminder that there's still work to do.

St. Patrick's Day - 17th

Saint Patrick's Day, celebrated every March 17, honors Saint Patrick, the patron saint of Ireland. Born in the late 4th century, Patrick was kidnapped as a teenager and brought to Ireland as a slave. After escaping, he later returned as a missionary and is credited with spreading Christianity throughout the country. The day marks the traditional date of his death and began as a religious feast day before growing into a worldwide celebration of Irish culture, complete with parades, music, and lots of green!

Farm Worker's Day - 31st

This day recognizes the hard work and contributions of agricultural workers. It honors the important role they play in providing food and supporting the economy through the physically demanding labor they do. It also raises awareness about the challenges farmworkers face, such as fighting for their right for safer working conditions and better wages.
