Institution: Metropolitan State University of Denver (127565)

User ID: P1275651

Overview

Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes in reporting:

The following changes were made for the 2024-25 collection:

- This is a new survey component that will open in the Fall to allow Cost of Attendance (COA) data to be updated on College Navigator. The component will reopen in the Winter to collect selected information on financial aid awards to calculate an institutional Average Net Price (ANP), at which time COA data elements can be updated or corrected.
- Added questions to determine and make publicly available the information on whether postsecondary institutions ask for other financial information not on the FAFSA form and whether they collect asset data even when students qualify for having their assets exempted from the federal need analysis as this information required by the FAFSA Simplification Act.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Edit Report

Cost II

Source	Description	Severity	Resolved	Options
Screen: Section 1 - Student Charges: Part B - Cost of attendance for full-time, first-time undergraduate students				
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	Off-campus housing costs are defined annually by the Colorado Department of Higher Education (CDHE) and based on 50% of the average rent and utility costs for a two-bedroom apartment in guidance with the Fair Market and Rent Documentation System. Off-campus food costs are determined by CDHE based on the average annual expenditure for food in guidance with the Bureau of Labor Statistics' Consumer Expenditure Survey and adjusted for inflation costs			
Screen: Section 2 - Financial Aid Data: Part D - full-time, first-time degree/certificate-seeking undergraduate students Awarded Title IV Aid				
Screen Entry	The calculated average amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.	Explanation	Yes	
Reason	Due to the implementation of our new Promise Programs (INPG - Indigenous & Native Peoples' Grant/RRP – Roadrunner Promise) that are funded by a mix of federal, state and institutional need-based funds covering an increased percentage of our ffft student population and their direct costs.			
Screen Entry	The total amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 4,213,099 and 7,021,831 based on the prior year value. Please correct your data or explain. (Error #7332) This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.
