

JOIN CASE STUDENT ADVISORY BOARD SAB

MISSION

The Student Advisory Board (SAB) serves as a valuable link between STEM students and the Center for Advanced STEM Education (CASE) to advance student programming and support through professional development workshops, tutoring, and mentoring resources that are key to academic success.

WHY JOIN THE SAB?

- Be the voice for student perspectives
- Advocate for inclusive STEM practices
- Co-design STEM engagement events
- Support peer-to-peer initiatives
- Be a part of outreach and community building

PILLARS

REPRESENTATION & ADVOCACY

1. Voice Student Perspectives

Ensure the needs, concerns, and ideas of diverse STEM and non-STEM students are heard in center decisions.

2. Advocate for Inclusive STEM Practices

Promote equity, inclusion, and accessibility in STEM education, especially for underrepresented groups.

PROGRAM & EVENT DEVELOPMENT

1. Co-Design STEM Engagement Events

Collaborate with staff to plan workshops, speaker series, research fairs, hackathons, or STEM career panels that reflect student interests.

2. Support Peer-to-Peer Learning Initiatives

Help develop and sustain tutoring programs, near-peer mentoring, or student-led study groups.

Outreach & Community Building

1. Connect STEM & Non-STEM communities

Encourage interdisciplinary engagement by helping the center reach students across different academic backgrounds.

2. Promote the Center's Resources

Increase awareness of the center's opportunities (grants, programs, advising) through social media, class visits, or student org partnerships.

FEEDBACK & ASSESSMENT

1. Evaluate Programs from a Student Lens

Provide feedback on current initiatives and help assess their impact on students.

2. Conduct Peer Input Sessions

Gather broad student input through surveys, listening sessions, or informal focus groups.
